Hourly Wage Increase In New Contract

Anderson Coach Company employees signed a new two-year contract last week, after a 97-19 vote on the results of a week's contract deliberation by union and management representatives. The new contract, effective July 1, provides for two weeks' vacation instead of one; an increase of 10 cents per hour in the base rate for hourly rated employees; an adjustment in the incentive bonus plan; six paid holidays instead of five. It also provides for the reopening of the contract by either the union or management on economic issues after one year. Huron Sales Company employees are covered under the same contract, with the exception that this firm's employees received a 15-cent hourly increase.

Whittemore-Prescott Area Districts Talk Reorganization

In what might be the biggest thing educationally in the county since the organization of the Tawas Area School District, representatives and laymen from 11 school districts in western Iosco, northern Arenac and eastern Ogemaw Counties met July 3 at Prescott to discuss educational problems. Wayne Soper of Prescott acted as general chairman of the meeting. Participating in the program were Dr. Roland Strolle, county superintendent; Roy James Mielock and John Halbert, Whittemore Area School superintendent. Delia Richardson, Ogemaw County superintendent; James Mielock and John Halbert, Whittemore Area School superintendent. After remarks by Dr. Strolle concerning the educational and tax advantages of larger districts, it was decided to appoint a steering committee to continue the study.

Membership on this committee does not obligate any of the districts to take any action either now or in the future, but means that all districts will be informed of the nature of the committee's work at all times.

If this committee makes recommendations of any kind, it would be up to the board of education and the people in each district to decide whether such a recommendation is in their interest.

Appointed to the steering committee were: Mills Township: Robert Moore, Everett Smith, Richard: Emil Stzano, Lloyd Osborne; Whittemore: Arden Charters, Martin Siegrist, Sherman, Walter Smith, Warren Britt; Cottage, Reno No. 2: William Sugden, William Waters; Clayton No. 4: Dorothy Berry, William Southworth; Clayton No. 5: Celia Perrin, Ithamer Poole; Town Hall: Jess Federspiel, Elizabeth Janish; Nester: To be appointed; Palmer: Clayton Clemens, Mable Street; Atherton: Edward Houck, Edwin Miller.

It was noted that the above districts had a valuation in excess of \$8,000,000 and a student population of approximately 950 students.

ONLY MISHAP DURING THE ANNUAL REGATTA on Tawas Bay last week-end occurred in the third heat late Sunday after noon when the National Class sailboat skippered by Arthur Dillon of East Tawas overturned. Men of the United States Coast Guard in a surf boat are shown above attempting to upright the boat. Also pictured is Russell Meyers, who was on one of the official's boats which patrolled the races. Both Mr. Dillon and his daughter, Rita, were returned to shore by other sail boats.—Tawas Herald Photo.

Regatta Dampened by Foul Weather

In spite of unfavorable sailing weather over the week-end, the Tawas Bay Yacht Club was host to a large crowd of visiting skippers and their families at the club's annual regatta Saturday and Sunday. Visiting sailors were entertained at the club house on Coast Guard Road.

Local sailors won top honors in all classes of competition, with firsts taken by William and Edward McKinley in Lightning Class; Arden Richardson, first in Class A, and Richard Haglund topped the National Class.

Behind the McKinley brothers, who had a second and two firsts to win the Lightning trophy, was Herman Nichols of Lake Fenton, who took first Saturday and had 33 points. Ardy Rouslet of Pontiac was third with 31 points; Charles Schreck of Tawas Bay

and Clarence Holman of Lake Fenton were tied for fourth with 20 points.

Sailing his Raven to victory in three straight heats in Class A was Richardson. He was followed by Maynard Smith of Bay City in second place.

Following Haglund in the National Class was Richard Moss in second with two second places and a third, and Arthur Dillon in third with a third, a second and a fifth.

Saturday's races were run in good wind, while the race Sunday morning had to be postponed

for more than an hour due to lack of wind. After finally getting underway, it started to rain and the race was halted after one trip around the three-mile course.

More favorable weather greeted the sailors for the final race Sunday afternoon. However, one mishap marred the regatta when Arthur Dillon turned his National Class "Babe" over in the third heat.

Heading the club's race committee was Dan Cater, vice commodore. Chester C. Busch is commodore of the local fleet.

Released After Being Trapped An Hour--

A young Grant Township farmer was resting comfortably today after spending a nightmarish hour with his head wedged in a hay baler late Tuesday afternoon.

Eugene Coates, 33, who owns and operates a farm on M-55 near the Sand Lake Corners was rushed to Tawas Hospital by Jacques Ambulance Service after his long ordeal of being trapped in the machine.

Coates was discovered by Kenneth Alstrom, Iosco County Road Commission truck driver, who saw him waving a white handkerchief and stopped to investigate. Upon discovering that Coates' head was wedged in the machine he immediately notified police.

Trooper Nalbert Gerber of the East Tawas post, Michigan State Police, sheriff's officers, Dr. Lawrence LaPorte and E. D. Jacques immediately went to the farm.

Coates was standing on a bale of rolled hay when they arrived. His head was clamped between the spring trip arm and lower shaft of the release part of the roller.

Not knowing how to release Coates, who remained conscious throughout the time, Howard Brindley of Hale, a dealer in this particular type of equipment, was called.

Police said that Coates was trapped in the machinery for about one hour. Mr. Jacques said that if the machine had been turned in the wrong direction by someone not familiar with the equipment it could have proven fatal to Coates.

After being released by Ronald Green and James Quigby of the Hale firm, the victim was treated at the scene by Dr. LaPorte and later at the hospital. He was suffering from deep shock and possible concussion. X-rays had not been taken as yet Wednesday morning due to his condition.

Coates was unable to explain to officers what happened or how he got wedged in the machine.

Berton Prescott Receives Amateur Radio License

Berton Prescott, 12-year-old son of Mr. and Mrs. G. A. Prescott, last Saturday was licensed by the Federal Communications Commission as an amateur radio operator, novice class. His station call letters are KN6BXE. Berton received the amateur radio operator examination May 4.

Charles Groff Honored at Retirement Party

Charles H. Groff was the guest of honor at a retirement party on June 28 held at the National Gypsum Company's hunting lodge. Mr. Groff retired on June 30 after nearly 24 years as maintenance supervisor for the gypsum company.

After dinner he was presented a gift of fishing equipment and other presents from the company and fellow workers. He plans on taking it easy for a while at his home on US-23, where they have lived for the past five years. Previously Mr. Groff and family lived at 301 Sixth Avenue, Tawas City.

Bodies of Two Detroit Youths Found in Car

The bodies of two Detroit area youths were found Sunday in their wrecked automobile on the Mikado-Glennie road in Alcona County. The corner who was called to the scene of the accident said that they had apparently been dead since Friday. The victims, Theodore Lilliey, 23, 35115 Florence, Wayne, and Kenneth R. Rickert, 16, 16745 Inkster, Livonia, were discovered Sunday afternoon by Jerry Covey, nine-year-old son of Lyle Covey of AuSable, who was riding in a car with his father. Heading west on the Mikado-Glennie Road, young Covey spotted the wreckage in some trees about 325 feet from the blacktop. Michigan State Police and Alcona County Sheriff's officers who investigated, said that the car missed a sharp curve in the road, rolling over into a thicket, obscuring the wreckage from persons traveling along the road. The boys were enroute to Mikado to visit their grandmother. It was learned by the officers. Identification was made through personal effects on their bodies.

Increased Harness Racing Purse, Improved Track for Iosco County Fair at Hale

Annual Event to be Held July 25 - 28

Increased purse money and an improved track will increase interest in the harness racing program, the feature attraction of the Iosco County Fair at Hale which will be held Wednesday, Thursday, Friday and Saturday, July 25, 26, 27 and 28. An excellent racing program every year has attracted large crowds of harness race fans to this popular Iosco County event.

Liberal cash awards this year should be an incentive for a large number of exhibits in the various departments making the exhibition representative of Iosco County agricultural and livestock industry.

Special emphasis is being placed on the 4-H Club show and the department devoted to the Future Farmers of America. The 4-H Club department is under the direction of Miss Dorothy Scott and Marvin Davenport. Lucien Hatfield is director of the Future Farmers of America department.

Wayne Soper of the Prescott Milling Company will be host this year to the 4-H Club boy and girl winning the Prescott-Soper Award. The winners of award receive a trip to East Lansing where they will see a football game at Michigan State University and visit points of interest on the college campus.

Established a number of years ago by County Clerk George A. Prescott, the award has been sponsored alternately each year by Mr. Prescott and Mr. Soper. Year after year the fair has demonstrated that there are many prize winning pastry and bread cooks in Iosco County. The baked goods and domestic arts departments have been popular division with both exhibitors and patrons of the fair.

Hilda Barnes, Dorothy Mielock and Florence Dooley head the home economics and domestic arts departments. George Lake is superintendent of the livestock department, and the farm produce department is under the direction of John Dooley. Delbert Hewitt is superintendent of harness racing.

In addition to exhibits and harness racing, the four-day fair program will include midway, band concerts, parades and other traditional fair entertainment.

Bay City Youth Again Jailed for Reckless Driving

Gerald Schultz, 20, of Bay City was sentenced in justice court this week to serve 60 days in the Iosco County Jail for reckless driving. Schultz was apprehended by sheriff's officers last Thursday after a wild chase in the Sand Lake area. Schultz had just received his license a week earlier after it was suspended in April for reckless driving. He had served 60 days in jail for the previous arrest.

George Brussel Struck By Car Tuesday Night

A 39-year-old Baldwin Township man was treated at Tawas Hospital late Tuesday night for injuries suffered when he was struck by a car near the Wilber Road corner.

George Brussel was treated by Dr. L. A. Lambert for lacerations to the head, possible fracture of the right wrist and many bruises.

The victim was struck by a car driven by Roland E. Emerson at 10:50 o'clock Tuesday night. Emerson, who lives temporarily at the Iosco Hotel, is construction superintendent at the new Tawas Area School.

Police said that Brussel was walking on the wrong side of the road in dark clothing. He carried a flashlight which, witnesses told officers, could not have been seen by the driver.

Would Observe Centennial County-Wide

"History records that the act creating Iosco County was passed February 16, 1857," states Miss Edna Otis, Iosco County historian and chairman of the county centennial committee. "This means that Iosco County will be 100 years old next year. And I hope it means, also, that a fitting centennial celebration will be held," said Miss Otis.

"If the response given by those descendants of pioneers who have been asked to serve on committees in any criterion, then our 100th birthday will be properly observed."

"When the cornerstone for the new courthouse was laid, I was asked to write a brief outline of county history to place in the box that was imbedded in the cement. It was comparatively easy to arrange this in decades. This is the pattern I hope we can follow in the parade that should highlight the celebration.

"I feel that the gala event should be a county-wide—that Whittemore and Hale, although not developed until years after 'the shore' was settled; and that AuSable-Oscoda, despite its disastrous fire that depleted that section of the county of many pioneer families—should be represented by features of a celebration that could be carried out in their own surroundings.

"As of now, and until the pioneer committee meets this week, all plans for the celebration are simply my dreams. The interest shown by the members of the board of supervisors is very encouraging, and because of the faith they express in me, I do hope that many of these dreams will come true.

"And, if at the close of the birthday party, folks will feel that they have been turning the pages of a pictorial history of Iosco County—then I shall feel that all efforts have been worth while."

Aulerich Gets FHA Committee Appointment

Arthur J. Aulerich of Whittemore is the new member of the Farmers Home Administration county committee. Lowell F. Schaeffer, county supervisor, announced this week. Mr. Aulerich's appointment became effective July 1. The committee on which he will serve determines the eligibility of local farmers who apply for Farmers Home Administration loans.

The new committeeman operates a livestock farm and a farm machinery sales and service business in Reno Township. Mr. Aulerich succeeds Arden Charters, Whittemore businessman, whose term expired this year.

The other two members of the committee are Lester Robinson, a farmer on Route 2, Whittemore, and Truman Scofield, Plainfield Township farmer, Route 1, Hale. Each agricultural county in the country has a similar committee of three members who are responsible for determining loan applicants' eligibility, certifying the value of farms, being purchased or improved through Farmers Home Administration loans, and making recommendations on loan approvals and loan servicing actions.

Each member is named for a three-year term and one appointment expires each year. A member completing his three-year term cannot succeed himself. At least two of the members must be farmers.

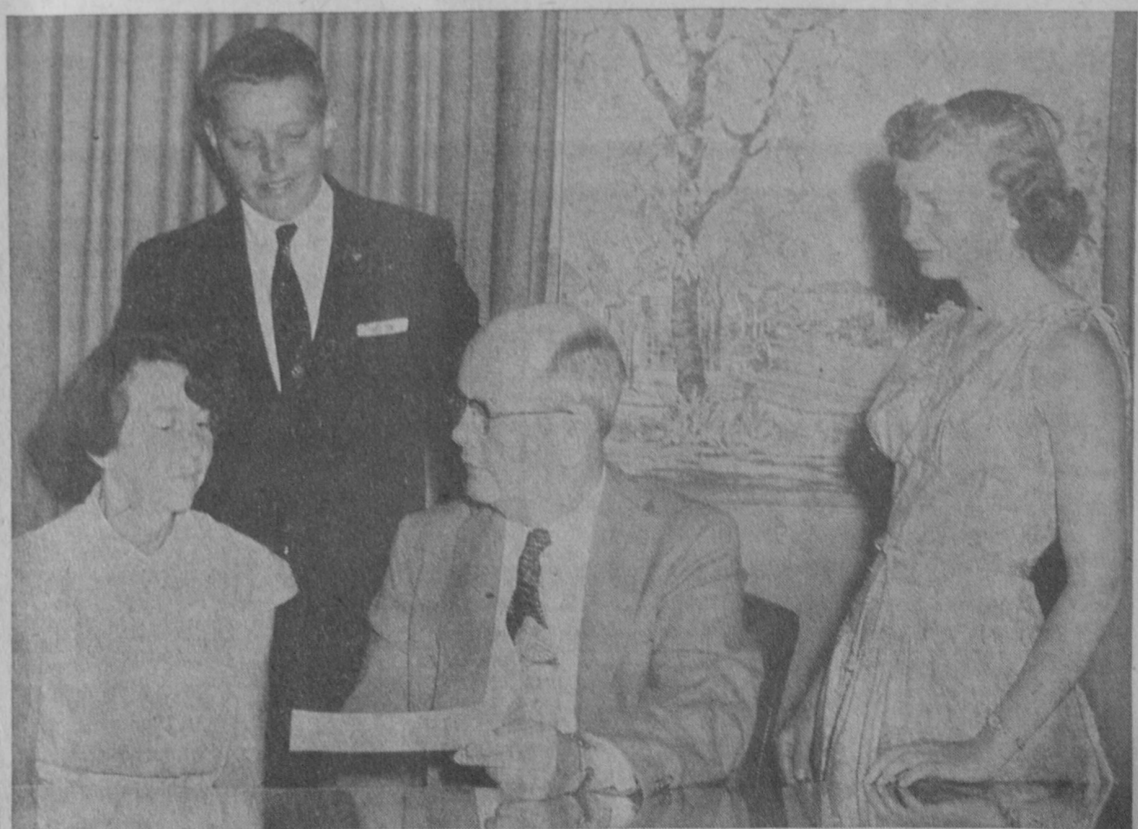

The committee works with the county super-vior in connection with all types of loans. These include farm operating loans and loans to buy, improve, or enlarge efficient family-type farms in this area. They also include loans to farmers or their non-profit associations to establish and carry on approved soil and water conservation practices including improvement of permanent pastures, terracing, soil erosion measures, farmstead water systems, irrigation, drainage and many other conservation practices.

Most of the soil and water conservation loans and loans to buy or improve farms are made from funds advanced by private lenders and insured by the agency. Some of these loans, however, are from annually appropriated funds. No loan of any type can be approved for an applicant whose credit needs can be handled by other credit sources.

The regular office staff of the Farmers Home Administration serving Iosco County consists of County Supervisor Schaeffer and county office clerk, Elsie E. Nigl. The office is located at 216 North Main Street, Standish, and serves Arenac, Bay and Iosco Counties.

Mr. and Mrs. Merrill Houghton and three children of Detroit have been vacationing at Avalon Beach this week.

4-H DELEGATES RECEIVE CHECK FROM LOCAL BANK

A CHECK TO COVER EXPENSES of Iosco County delegates attending the annual 4-H Club Week at Lansing, July 10-13, is presented to Mrs. Earl Daugharty by Grant N. Shattuck, vice president and cashier of Peoples State Bank, East Tawas. Mrs. Daugharty is an adult leader of the club and will chaperone the three Iosco County delegates. Two of the delegates, Ronald McCormick and Neva Daugharty, watch the presentation. The other delegate, not in the picture, is William Laidlaw. This is the sixth consecutive year that the local bank has made the trip possible. The trip to Club Week at Michigan State University is awarded on the basis of project work and outstanding record.—Tawas Herald Photo.

Iosco Schools See Increased Enrollment

According to statistics prepared by County School Superintendent Russell A. Rollin, this county is due for another jump in the number of school-age youngsters next fall. School census figures taken in 1955 showed a total of 3,686 youngsters between the ages of five to 19, while in 1956 the total is 3,790, an increase of 122. This increase is fifth highest in the past 10 years. The largest increase was in 1946 when 564

youngsters were added to census rolls, making a total of 2,921. Since 1946 there has been an increase of 869.

Another notable increase is in the number of pre-school children, 1956 being second highest in the past 10 years. This year, county school district will gain 145 children up to five years of age, reaching a total of 1,656. The 10-year record was set in 1955 with an increase of 196 youngsters in this age bracket.

BAKE 'EM WHEN YOU'RE IN THE MOOD...

FREEZE 'EM 'TIL YOU'RE READY TO EAT

Yes, when you have a modern electric Refrigerator-Freezer you can bake at your leisure, when the weather is agreeably cool, or anytime you happen to be in the mood. The cakes, pies, cookies and other baked goods you have prepared can be stored in the freezer until ready to serve.

You can prepare for guests before they arrive, even be ready for unexpected guests, by freezing meals ahead. Those hectic last minute problems of what to have when friends drop in are solved. Your freezer section will hold several week's food supply. An old-fashioned refrigerator just wasn't designed for such convenience.

Combination Refrigerator-Freezers are available in several sizes and styles. There's one that will fit your particular requirements.

And here's an important fact to remember... the food you buy for your freezer costs less because you can buy it in large quantities and in season, when the price is right.

BUY BETTER EAT BETTER LIVE BETTER For Less!

YOUR GROCER IS READY WITH FROZEN FOOD VALUES!

Farm Events

By MARVIN DAVENPORT
County Agent
Calendar:

Wednesday through Saturday, July 25-28—Josco County Fair at Hale.

Our sheep men are now coming into a critical time. With all the rain we have had, lush pastures, warm weather, etc., parasites will be a bumper crop.

Mr. and Mrs. Martin Mroczk, Henry Fahselt, James Greve and Mr. and Mrs. George Lake heard more about this parasite warning at our recent visit in Isabella County. Graydon Blank, Michigan State University specialist, again warned our sheep raisers that the best way for a sheep raiser to lose money is to put up with parasites.

Let's do something about it. Drench all sheep, with phenothiazine-lead arsenate mixture within the next five days. This will control tapeworms especially. Keep that phenothiazine-salt mixture in front of your flock at all times.

Sweet corn growers attention. There is no advantage in removing suckers from sweet corn plants.

In fact, under certain growing conditions, it would be harmful to do this, according to John Carew, extension horticulture specialist, Michigan State University.

The leaves on these suckers are actually food producing parts of the plant. To remove them would cut the plant's ability to produce food for growth and development of the ear, in the case of sweet corn.

Pruning is not recommended for most truck crops. An exception would be staked tomatoes where it is necessary to train the plant to go up the stalk. Even then, a minimum amount of pruning should be done to accomplish the training.

Another possible exception to the "no pruning" recommendation is when unusually large fruits are desired on pumpkins and squash. In that case, removal

of some of the smaller fruits could be done.

Josco County farmers are converting rapidly to bulk handling of milk.

There are 25 in use on farms now and several are going in each week.

The trend is state-wide. About 1,000 bulk tanks have been installed on Michigan farms thus far, estimates Donald L. Murray, extension dairyman at Michigan State University. Murray predicts that more tanks will be installed this year than the present total.

The Michigan Milk Producers' Association estimates that its membership is installing one a day on the average.

Here are some advantages farmers should consider when they plan bulk milk handling.

The initial cost for a bulk tank is much larger than new can facilities would be in order to handle the same volume. The investment cost per gallon of capacity is high for a small bulk tank, but decreases rapidly for the larger sizes.

Lifting milk cans will be eliminated and time for washing cans takes more time than cleaning a bulk tank.

Although the time saving may be important on many farms, it is not likely to permit a reduction of the labor force. The result of converting to bulk milk handling may be a shorter working day, however. The facilities could make it easier to attract and hold skilled workers.

A farmer with a bulk tank will not have as much loss of butterfat and milk because of stiekage. The saving over the loss on cans may be as much as one percent in milk and more in butterfat.

Some farmers get as much as 15 cents hundredweight premium for bulk milk. But this probably will not last indefinitely.

Off-flavor milk could be a problem unless there is careful management. An entire tank of milk might be off-flavor because of the milk from only one cow. The problem is not serious, and any good milking practices will solve it.

More information on bulk tank handling of milk is available at my office. Ask for a free copy of F-178, "Bulk Tank Cooling of Milk on the Dairy Farm."

Looking for a dwarf fruit tree for your yard? Well, it will not

do you much good to plant the seed from a dwarf tree. You will get a regular, standard-sized tree.

Dwarf trees result from grafting procedures.

The shoot of a normal sized tree is grafted onto a dwarf root stock. The result is a small tree that bears its fruit at an early age, is easier to pick from and easier to tend. The tree won't take up so much of your back yard or garden as normal sized trees. It is better suited to your needs as a backyard fruit grower.

George Kessler, horticulturist at Michigan State University, says that dwarfs are available for apples, pears, peaches, cherries and plums. At the present time, however, the Michigan State University horticulture department is recommending only dwarf apples and pears.

Specify which dwarfing you prefer when you order dwarf apple trees. Malling Nine will give you a tree that will reach a height of six to eight feet. Malling Seven grows slightly larger, getting up to 12 feet. Those are the two recommended for the home. For commercial use, Malling One or Two grown to 15 feet.

The smaller dwarfs, Malling Nine and Seven, tend to be rather weakly anchored. They should be supported at planting with a heavy stake. Make sure that the joint of stock is about three inches above the ground. If this joint is covered with soil, it will develop roots and the dwarf, in effect, will be lost. When the tree begins to bear, you should trim the fruit to make sure its weight does not break down the branches.

Right now is a good time to get soil samples tested. And it could mean lots of money saved on fertilizer.

A soil test now is especially valuable for a field that is in sod and will go into row crops next year, according to James A. Porter, extension soils specialist, Michigan State University.

Many farmers may be able to cut down on the amount of potash or phosphorous they customarily apply because there is enough left over in the soil.

These test will show how much lime and fertilizer will be needed. There will be plenty of time to order the lime and fertilizer and to apply it.

July, August and September are the best times for getting soil samples to the test laboratory.

The county soil test laboratory can give quicker service than when it is swamped with samples to test.

Office callers this week were: Earl Daugharty, Edward Robinson, Jr., Mr. and Mrs. Phillip Stanley Peterson, Mrs. C. Craft, Charles Kobs, August Lange, Harold Hammond, Theodore Anschultz, Kenneth Sherman, Ernest Bellen, Ronald McCormick.

President Eisenhower recently signed into law a bill providing for a stamp cancellation postmark with the slogan, "Pray for Peace." Postmaster General Summerfield has ordered the post office department to move promptly in supplying about 10,000 first and second class post offices with special dies to permit use of such stamp cancellation.

Here is the poster you'll see in every elevator office in Michigan this summer. Prepared by a state committee, it's part of an educational campaign to encourage farmers to protect their wheat from animals and insects and to keep treated seed out of the bin. U. S. officials are seizing unclean grain at markets now and such wheat is subject to severe price discount. The clean grain campaign is nationwide to help farmers know the causes of grain contamination and to show how they may avoid price discounts.

It's a Great Time to Buy a Buick

(And at the Best Buy Yet!)

WHAT'S IN IT FOR YOU—if you step out and buy yourself a 1956 Buick right now? Well, first of all—the time is right.

Right now, your present car is at its peak worth. And, with the whole summer and almost half of '56 still ahead of you, you'll get more enjoyment out of a spirited new Buick this year—if you buy now.

Second, there's the matter of how much more automobile your money buys in the best Buick yet.

We tell you flatly that nowhere but in a '56 Buick can you get so much bounty for so little booty.

For example, take the beautiful big '56 Buick SPECIAL pictured here.

It's one big reason why Buick now ranks in the top three of America's best-selling cars. Yet, you'll find it priced right close to the well-known smaller cars.

That sure makes Buick a whale of a lot of car for the money. And look:

Nowhere but in a '56 Buick can you get the absolute smoothness and the electrifying performance of Buick's terrific new Variable Pitch Dynaflo.*

Nowhere else can you get the obedient responsiveness of Buick's big and mighty new 322-cubic-inch V8 engine. Or Buick's matchless new handling ease and ever-level ride buoyancy—or Buick's bold new sweep-aside styling, and solidity of structure, and stretch-out roominess.

Add it all up and the answer comes out the same, any way you figure it: Now's the time to buy your 1956 Buick.

Will you come in—before another sun sets—and get set with your best buy yet?

*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

IHM Church Sponsor Dinner

The Altar Society of Immaculate Heart of Mary Parish in Tawas City is sponsoring a dinner Sunday, July 15, at the Andrew Klingler residence located on Tawas Bay at 1149 Bay Drive. The menu will consist of a ham or roast beef dinner which will be served from 12:00 to 5:00. The public is invited. Proceeds from the dinner will be used for furthering the building of a new church which is now under construction.

Announce Engagements

Miss Evelyn A. Smith became the bride of Stephan J. Lewicki Jr. Saturday morning in a 9 o'clock double ring ceremony at St. James Catholic Church, Whittemore. Vases of white gladioli and chrysanthemums decorated the altar. The bride's father gave her in marriage.

Mr. and Mrs. Frank Smith of National City are parents of the bride and the bridegroom is the son of Stephan Lewicki Sr. of Bay City.

The bride wore a white embroidered nylon tulle gown, featuring a molded bodice, portrait neckline and shirred brief sleeves. The skirt was graced by embroidered tiers ending in a sweep train. Her plateau-shaped headpiece held a silk illusion fingertip veil and she carried a prayer book with orchids and stephanotis.

Maid of honor, Miss Margaret Bruzewski, wore a white, over Nile green, frosted nylon gown with brief sleeves, scooped neckline, molded bodice and full skirt caught at the waistline with a velvet sash. Her matching headband completed her ensemble and she carried a fan of white carnations and pink stock.

Miss Sandra Smith, niece of the bride, as flower girl was dressed identically to the maid of honor and she carried a miniature fan of white carnations and pink stock.

Michael Smith, nephew of the bride, acted as ring bearer.

Floyd Zelinski was best man and ushers were Harvey Smith, brother of the bride, and Al Lewicki, the bridegroom's brother.

Following the ceremony, breakfast was served to members of the immediate families and an evening reception was held for 300 guests at the Union Hall, McVior.

The new Mrs. Lewicki changed to a beige ensemble with yellow accessories for a two-week trip to South Dakota. The couple will reside at 905 South Monroe, Bay City.

Out of town guests were from Alpena, Oscoda, Flint, Detroit, Ohio, Wisconsin, Bay City, National City and Whittemore.

Mr. and Mrs. Ira Bessey of Alabaster attended the Lewicki-Smith wedding reception Saturday evening.

Mr. and Mrs. Clyde Blackburn are spending a couple of weeks at their home here.

Mr. and Mrs. Ray Balchitis and daughter spent the week-end across the Straits.

Tawas City WSCS Makes Plans for District Seminar

The WSCS of the Tawas City Methodist Church met in the memorial hall Thursday evening, July 5. Mrs. Charles VanHorn presided. Twenty-four ladies attended.

Plans were made for entertaining the district seminar to be held Wednesday, July 24. It will be an all day session beginning at 10 o'clock.

Mrs. John Roback had charge of the program. The topic was "Scatter the Seed in Brazil." Mrs. Matthew Hoag, Mrs. Albert Conklin and Mrs. Reynold Mick assisted the program chairman.

Miss Jean Marie Schaaf gave a talk on her trip to United Nations in New York and Washington, D. C. She was one of a group of 50 MYF members from Michigan.

Refreshments were served by the hostesses, Mrs. Harry Goodale, Mrs. Carl Schaaf and Mrs. Arthur Giddings.

Jean Margetis, 18, Sunnyside, California, rests in her hospital bed after the ordeal of exposure and grief while trapped for nine days without food or water in the wreckage of her fiance's car. She was to be married to James B. Hixon, 22, Salt Lake City, next September.

Two Officers Honored at Monday's VFW Meeting

The regular meeting of VFW Auxiliary No. 5873 was held Monday, July 9.

One new member was voted on favorably and two officers received honor awards. Past President Florence McCormick received a pin for 100 percent paid up membership in her year of office and Opal Kyser received the Cross of Malta pin for bringing in five members for 1956.

Delegates were elected for national encampment to be held in Texas in August. Plans were made for a bazaar to be held in December and plans completed for a beef dinner July 14. Naomi Bennett is chairman for both events.

33 Guests Help Shelley Smith Celebrate Birthday

Shelley, daughter of Mr. and Mrs. James Smith Sr., was host to 33 guests who gathered to help her celebrate her fourth birthday on June 22, on the lawn of her home. Shelley's birthday is June 24. A picnic table was decorated with a three-tier birthday cake, ice cream, potato chips, candy and soft drinks. The cake was baked and decorated by Shelley's grandmother, Mrs. L. H. Bischoff. After lunch and games Shelley opened her many beautiful gifts which she received from Leonard and Mikie Sarki, James Smith Jr., Karen, Sharon, Edward Anschuetz, Barbara Johnson, Terri and Geri Sass; Jackie Glasson; Gail, Bruce and Michael Bischoff; Barbara Harris; Sharon and Diania Schriber; Sally J. Simmons; Dawn, Charles, Michael Dittenbur; Butch, Dane and Terry Smith; Becky Jo Cox; Rickey Smith; Donna, Joyce, Joseph, James, Ginger, Kathy, Margie and Mike Fisher. LA BEAN WINS FEATURE RACE BY BUMPER

Stock car racing at Whittemore Speedway Saturday proved to be exciting for fans when Dorcey LaBean and Ray Daniels of Flint exchanged leads several times in the final laps of the feature race and LaBean finally won by a bumper. Winners of heat races were LaBean, Daniels, Rex Zettle of West Branch and Joseph Jacobs of Standish. Other winners were Cliff Abbott of Omer, Margaret Williams of Flint in the women's powder puff derby. LaBean also won the Australian pursuit. Priscilla Club Met Tuesday at Huron Shores Home Mrs. Robert Smith of Huron Shore Hills, Ottawas Beach, entertained members of the Priscilla Club at her home last Thursday. A dessert luncheon was served. A lovely birthday cake with candles was the centerpiece for the dining table. The members sang "Happy Birthday" to the hostess. An afternoon of cards was enjoyed with prizes going to Mrs. Henry Slykhouse and Mrs. William Kurzig. Hale Area Schools Has Light Vote Monday

Hale Area Schools had a light vote at its annual election on Monday. With only 39 votes cast out of a possible 450, incumbents Delbert Hewitt and Ira Scofield were elected for three-year terms by votes of 36 and 31 respectively. The voters approved the establishment of a building and site fund by a vote of 22 to 15, approved the transfer of the balance of debt retirement fund No. 2 to the building and site fund 23 to 14, and authorized the board to sell the North Lake school building and site by a vote of 32 to 3. Later the board organized for the 1956-57 school year with Dennis Chrvia, president; Ira Scofield, secretary; John Mortenson, treasurer; Clarence Brindley and Delbert Hewitt, trustees. Incumbents Re-Elected in WAS Election Monday Whittemore Area school electors voted to return Martin Siegrist and Helen Curtis for three-year terms on the board of education at Monday's election. In a very light show of voters, Siegrist totaled 41 ballots cast in his favor and Mrs. Curtis had 31. Edward Graham Jr., a write-in candidate, received six votes.

Mrs. Augusta Hermann Mrs. Augusta Hermann, 88 years of age, died last Friday, July 6, at the Huron Rest Home. She had lived in Isoco County all her life. The body was taken to Moffatt Funeral Home and funeral services were held at the Emanuel Lutheran Church, Tawas City, Sunday afternoon. The Rev. Leonard Newman officiated. Burial was in the church cemetery. Mrs. Hermann was a member of the Emanuel Lutheran Church and the last of her confirmation class of March 25, 1883. She was the former Augusta Schroeder, born in Alabaster on March 23, 1868. She moved to McVoor with her parents when she was a child. On July 2, 1890, she was married to Emil Hermann in East Tawas. Her husband died in 1940. Surviving are one son, William of Wapakoneta, Ohio, and one grandchild.

4-H Clubs

By Marvin Davenport
County Agricultural Agent

CALENDAR—
July 25-28—Iosco County Fair.
August 1-4—District 4-Club Camp.
August 14—District 4-H Club Round-Up.

About June 1, a premium list for the county fair was published in the newspaper. Did you save it? There was information about 4-H Club exhibits that can be of help to you.

Especially for livestock mem-

bers. Do we know of these things about your animals? What breed is it? When was it born? Will it be classed as a junior or senior calf, yearling or a cow?

Most important of all, does it need a blood test? The health rules are these: Show an animal under one year old without testing. If vaccinated at age seven or eight months, need only to show the vaccination slip up to seven months of age. Required of all others is a paper showing a clean blood test within 30 days of the fair.

Those who need blood testing should contact a veterinarian immediately or there will not be time for the test results to come back from the laboratory.

Reno Topnotchers had a good 4-H Club tour on Monday, July 2. The meeting place was also the eating place at Reno Township Hall.

Fifteen dairy animals, vegetable and flower gardens were seen at the home of James, Martha and Shirley Smith; William Redmond; Jean and John Sugden; Neva Daugharty; Eugene VanAllen; Robert, Mary Alice and Lynn Waters; David, James, Janice Sturtevant; Lorna and Roger Mott; Edward and Percy Mervin.

Arrangements were made for demonstration classes on Monday, July 9. Iosco 4-H members having worthy demonstrations will compete for district honors at a contest on August 14.

All Reno Topnotchers 4-Hers are planning toward exhibits at the county fair July 25-28.

Despite a 12 percent drop in private housing starts, construction outlays this year will exceed those of 1955 by four percent, according to the labor and commerce departments. Their estimates for all types of building were raised to \$44.5 billion, compared with a forecast of \$35 billion issued last November and with actual spending of \$43 billion in 1955.

Calendar:
July 17 - 20—Homemakers' Conference, Michigan State University, East Lansing.
July 25-28—Iosco County Fair.

"A convention for homemakers, I have heard of conventions for teachers, librarians, county officials, service clubs, federated women's clubs, but never a convention for homemakers."

Might this be you speaking? Then please read on.

Especially for women is this 29th annual convention of Michigan Homemakers. About 1,400 homemakers are expected to attend this event sponsored by the home economic staff of the Michigan Cooperative Extension Service and the Continuing Education Service on campus.

These women will lodge at the Shaw Hall Dormitory on the banks of the Red Cedar River, while they attend the four-day session for learning new things in homemaking.

"Extending our Horizons" is the theme of the conference. To pinpoint just one program . . . "The Homemaker as a Business Woman" will be discussed by Mrs. Edythe C. Peck of the Birmingham National Bank in Birmingham. Other speakers include Doris Piper of the Avco Manufacturing Corporation, who will tell of her experiences in "Interpreting American Family Life at the World Trade Fair"; Carol Lane of the Shell Oil Company, who will describe how to travel successfully with children by car and also a suitable wardrobe for car travel, all in a talk entitled, "Rediscovery of America by Car."

Not all is strictly subject matter learning. One of the most look-forward-to events is the traditional tea which is held on the third day in Shaw Hall terrace. It is the time when homemakers meet and enjoy a punch and cookies, while exchanging ideas with one-another. The management of this tea is something special. Under the guidance of Gladys Knight of the tourist and resort program at Michigan State University, over 1,000 women are served in 20 minutes.

If you are a homemaker and you are coming, you can enroll in any one of 20 different classes, which will meet for three sessions during the conference.

The dates are July 17-20. Registration forms and copies of the complete program are available at your Cooperative Extension Service office, now. Call for one today and plan to go to this convention for homemakers at the Michigan State University campus next week.

Crisp, cool, crunch, colorful certainly describes salad vegetables, and many are your choices when shopping for these foods. Head lettuce, the backbone of many a salad, will be featured in many markets this week-end. Do look for heads that are firm with good color. Add variety to salads with other greens. Home grown Bib lettuce is making an appearance. Noted for its delicate flavor, it is the favorite green of many of those who have tried it. Seemingly more expensive than head or leaf lettuce, Bib lettuce is a green where "a little goes a long way." You may find that your family enjoys it enough to make worthy of your shopping attention.

New cabbage is arriving from Ohio, very reasonably priced and of good quality. Carrots and locally grown green onions and radishes add to the list of budget priced vegetables. Cucumbers and green peppers are both more reasonable than they have been.

Prices on potatoes remain high and shoppers will usually find

Cadillac

His Last Switch in Motor Cars!

We have no way of knowing, of course, how many different makes of motor cars this gentleman has owned through the years.

But we're willing to bet that he has now made his last switch in motor cars!

For this time it's a Cadillac! And it is historically true that once a motorist makes the move to the "car of cars", he is usually a Cadillac owner for life.

What are the reasons for this great devotion and loyalty? Well, let us count them off.

First of all, there are the things which everyone recognizes in Cadillac. There is its great beauty . . . its matchless luxury . . . and the unquestioned respect which the car commands the world over.

Then there are those qualities which anyone who has ever driven a Cadillac is familiar.

There is its marvelous comfort and ease of handling . . . its magnificent power and performance . . . and its wonderful balance and agility.

And, finally, there are those things which only Cadillac owners themselves can fully appreciate. There is the car's remarkable economy of operation and upkeep—its incredible longevity—and its marvelous resale value.

Incidentally, you will find that we have recently made two additions to this list of things you get when you make your decision for Cadillac.

We're talking about prompt delivery and a generous trade-in allowance!

Better come in while the circumstances are so favorable—and make your last switch in motor cars!

ORDER

Iosco County 'Operation Alert' Set for July 23

"Operation Alert," Iosco County's part in a nation-wide civilian defense exercise, has been set for July 23, it was announced this week by Sheriff Ivan L. O'Farrell, county civilian defense director.

According to plans revealed Tuesday by the sheriff, the exercise, as set up on a national level, will be held from July 20 through 26. However, on the local level it will start at 3:00 p. m. Monday, July 23.

First signal of the alert will be known as "Lemon Juice." One hour and forty-five minutes later the all red signal, "Apple Jack," will be sounded. The all clear signal, called "Snow Man," will sound at 8:15 p. m.

"During the time from the first signal until the all-clear, it will be our duty as a civilian defense unit to follow out our end of the program," Sheriff O'Farrell stated.

"As our own community will not be under 'direct attack,' the nearest point of attack will be Grand Rapids and Detroit. Theoretically, we will bear the brunt of providing housing and food for 'victims' and to keep highways open.

"We have tried, as near as possible, to break our county into equal sectors so as to be able to assign trained personnel to each area, who, in turn, theoretically, will call on the civilian populace to assist them in the discharge of their numerous assignments.

"In order to have trained personnel at the proper place when required, the county map will be divided into sectors and the officers of the sheriff's auxiliary group will be assigned to a sector closest to their homes so that they may get out in the area in the shortest time possible after the first alert has been sounded.

"One of the first things the officer should do in his sector," states Sheriff O'Farrell, "is to advise the people what has occurred and explain the purpose of the exercise or program.

Training is essential for the development of a proper civil defense for community and nation. The standard of Operation Alert provides the details and exercise that should give every level of civilian defense and every defense-concerned agency of government a broad variety of problems to solve individually and by group action.

The exercises are based on an assumed nuclear attack on the continental United States, its territories and possessions as developed jointly by the department of defense, the office of defense mobilization and the federal civilian defense administration. It is not represented as an indication of aggressor capabilities or a likely pattern of attack.

"I appeal to all our citizens and leaders at all levels of government to join in this exercise for the kind of training that may insure the survival of this nation," said Sheriff O'Farrell. "There is work here for everyone, for surely no one could escape the severe consequences of a massive nuclear attack."

WHITTEMORE GOC POST NEEDS VOLUNTEER LABOR
Early last spring air force officials met with the city council of Whittemore to discuss the need for a ground observer corps tower for that area. Immediate action was taken by the council for plans to build the tower.

The matter was coordinated with the National Gypsum Company which has offered to donate all the material necessary for the construction of the tower which will be elevated about 20 feet from the ground. The location selected is on city property behind the fire hall. The tower will not only serve as a reporting point for the direction of aircraft movements but also for tornado warnings for that community.

Robert Bero, who is in charge of the GOC for Whittemore, says they would like to get volunteer labor for the construction of the tower if possible. John Higgins, a well known retired carpenter, has agreed to donate his time and take charge of the construction, but they do need plenty of help.
