Harness Races Feature 4-Day Hale Program

Next Wednesday, Thursday, Friday and Saturday will be "fair week" in Iosco County. The four-day event will be held at the fair grounds at Hale on M-65.

Old attendance records are again expected to fall, as they have for the past three years. Last year attendance was 40 percent greater than the year previous.

Interest in harness racing is expected to increase this year with a total purse of \$4,500 to be awarded during the three days of racing, Thursday, Friday and Saturday.

AROUND THE FAR TURN and down the "home" stretch come these three trotters in an exciting harness race at the Iosco County Fair at Hale last year. Increased prize money for the races will no doubt attract more racing fans this year.—Tawas Herald Photo.

The fair, a member of the Northern Michigan Fair and Racing Association, has established an excellent reputation for its harness racing program. Last year horses were entered from Northville, Detroit, Jackson, Alpena and other sections of the state.

Special emphasis is being placed on the 4-H Club show and the department devoted to the Future Farmers of America. Prizes in these two divisions were also increased this year.

Other departments include judging of livestock, poultry, farm produce, home economics and domestic arts. Premiums have been increased in each.

All-Star Game Scheduled Saturday Night at Oscoda

Baseball will be one of Iosco County's principal attractions this Saturday night when the Huron Shore Baseball League will stage its first all star game under the lights at the Oscoda athletic field.

Scheduled as opponents in the game are two teams composed of top players in the eight-team league, one team representing the northern clubs and the other team representing the southern half of the loop. Game time will be 8:30 o'clock.

Each team in the league will be represented by five players. The northern team will consist of players from Black River, Lincoln, Harrisville and Mikado while the southern nine will be represented by Hale, Wurtsmith Air Force Base, Oscoda and Tawas City.

Managing the two teams will be Dennis Chrvia of Hale for the "South," and William Potvin of Alpena for the "North."

Extending an invitation to all fans in the area to attend the game, league president, William Hopcroft of Oscoda, said proceeds from ticket sales would be used to send the Hale club to the National Baseball Congress tournament at Frankfort on August 3, 4 and 5, 10, 11 and 12.

Hale is the current leader of the Huron Shore League and will represent that loop in the state tournament.

Players representing the eight teams will be announced later. (See All-Stars, page 8.)

CAMPING PLOTS TOO LARGE IN STATE PARK, REPORTS TAWAS C OF C

A letter requesting the Michigan State Conservation Department to reduce the size of camping plots at the East Tawas State Park was sent to Lansing last week by the Tawas Chamber of Commerce. The situation was discussed at a meeting of the board of directors last Wednesday night.

Members of the board said that many complaints were being received at the chamber office about the wasted space in the park. They suggested that the plots be cut to 30 foot rather than the present 40-foot size.

Many campers have complained that much of the wasted space is due to the increased number of pup tents being pitched in the park this year.

In other business taken up at last week's meeting, it was suggested that the fireworks display on July 4 be increased rather than so much effort expended on trying to put on a parade. Reason for this was that it was during a time of year when chamber members are busy and traffic is at its peak.

Orin L. Patterson, River Street, 20 by 24 cottage. Estimated cost, \$500.

Hugo J. and Ruth Keiser, 34 by 72 residence, Bay Drive. Estimated cost, \$10,000.

'Diz' Pitches 2-Hitter; Tawas Beats Oscoda

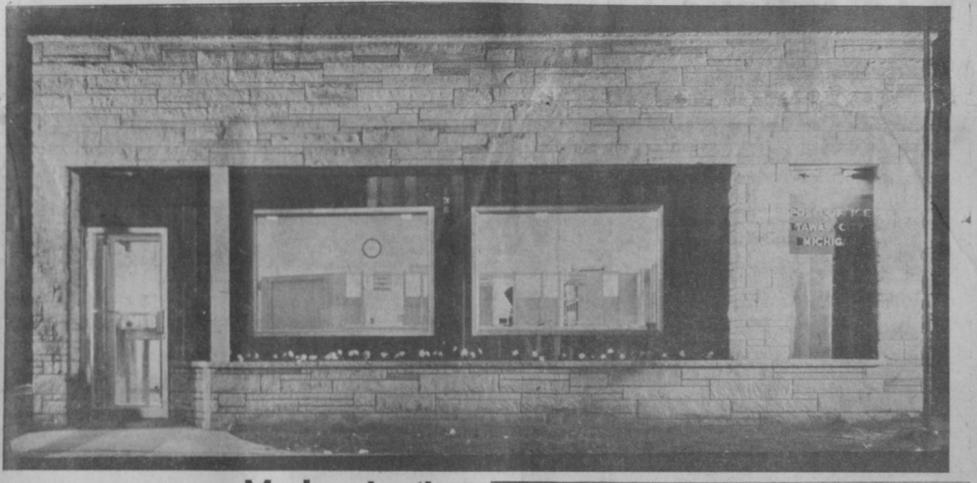

By combining a near-perfect pitching performance with a good hitting attack and snappy fielding, Tawas City evened up its won-loss record in the Huron Shore Baseball League with a 3-1 win over Oscoda Sunday. The local team's record now stands at an even .500 percentage mark with three wins and three losses.

Starring for the Tawas City team was big Don Westcott, who turned in a two-hit pitching performance against the Lakers. In his first starting assignment of the year, Westcott held the losers hitless until the sixth inning when Milliron became the first Laker to reach first with a base hit.

The entire Tawas City team seemed to be "up" for the second meeting of the year with Oscoda. Others who played particularly outstanding baseball were Bernie Lorenz, "Casey" Cavell and Jerry Grack.

Lorenz, the local's hustling shortstop, turned in several fine fielding plays along with a perfect push-bunt single along the right side of the diamond to score a run in the eighth inning.

Cavell and Grack led in the hitting department, the former getting two singles and the latter had two singles and a double. Although both teams played well afield during most of the (See Tawas Wins, page 8.)

Modernization Completed at TC Post Office

A 10-month modernization program at the Tawas City post office was completed this month with the final installation of new screen-lining, lock boxes and office equipment.

The program, which began last October 31 with the pouring of footings for a modern new building, gives this city one of the finest post office buildings in Northeastern Michigan.

First steps to secure new quarters were taken July 28, 1954, when the then acting postmaster, Martin Kasischke, requested that the department investigate measures to expand facilities here.

At the time Kasischke pointed out the growth of the area during recent years and that the former location was rapidly becoming too small for the amount of mail handled.

On September 27, 1955, the department's regional office in Chicago announced that the successful bidder for construction of the new building was the Northern Construction Company of East Tawas. Shortly after that work was started and the building was ready for occupancy by March 1 of this year.

The 30 by 60 building housing the post office is of cement block construction with a brick, stone and redwood front. It is leased on a 10-year basis from Northern Construction Company.

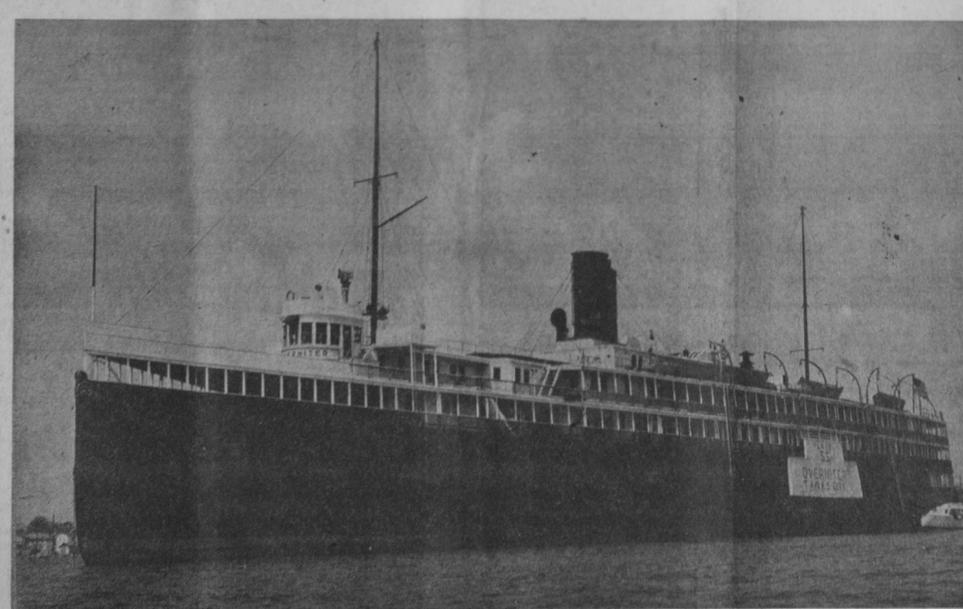

Containing 1,800 square feet of floor space, the lobby is separated from the work space by a very attractive bank-type screen-lining of lined oak. Postage and parcel post windows in the screen-lining are of stainless steel.

Along with the recent installation of equipment and fixtures, a new section of lock boxes and a private office for the postmaster were installed.

D. and C. Announces Sale of 'SS Overniter'

According to Detroit and Cleveland Navigation Company officials, negotiations are being completed this week in the sale of the SS Overniter (Western States) berthed at the Tawas City Park dock.

A company spokesman said Tuesday that the three-decked, 360-foot long ship was being sold to a Detroit corporation which earlier this month purchased three other D. and C. ships.

A representative of the new owners met unofficially with Tawas City Park Board members and city officials two weeks ago and discussed plans for the ship.

It was revealed this week that \$25,000 would be spent on renovating the ship this year with an expected 100 rooms ready for occupancy before the end of the season. Also included is the modernization of the dining room and dance floor.

The ship will be connected with municipal sewer and water facilities which the City of Tawas City completed earlier this summer in the park.

The Overniter reverted back to the Detroit and Cleveland Navigation Company this spring when Charles Bieber and associates failed to comply with a contract between them. The new owners are in no way connected with the other group.

Termed as Michigan's first flotel when it was towed to Tawas Bay in June of 1955, the Overniter has proved to be quite a tourist attraction since that time, although it was closed to the public shortly before Labor Day of last year.

Space for berthing the ship was leased from the City of Tawas City by the former owners in January 1955 and the park dock was lengthened and improved last summer.

Three Iosco Graduates Receive Central Scholarships

Gerald Dennis Slosser and Mary J. Douglass, recent graduates of Plainfield Township Rural Agricultural High School at Hale, and Carol L. Kyser, a Tawas Area High School graduate, have been awarded State Board of Education scholarships at Central Michigan College. It was announced recently by George N. Lauer, dean of admissions and records.

The State Board of Education scholarships include a tuition award for students in the upper third of their graduating class who plan to pursue the teaching curriculum.

Postmaster Kasischke said Wednesday that plans for a formal dedication of the building are now in progress. The date, as yet, has not been set.

"Tawas City's post office will also observe its 100th year of operation as part of the program," Kasischke stated. The post office here was the first one between Bay City and Mackinaw, established March 11, 1856.

Mr. Kasischke was commissioned postmaster on July 28, 1954.

Mrs. Alice Hill has been a guest of Mr. and Mrs. Nestor Niemi at their summer home in East Tawas.

Telephone Lines of the Tawas

CHET MAHER
Michigan Bell Manager

ONE OF THE PLEASANT excitements that never seems to wear out is speaking Long Distance with someone you miss. And once you decide to make a call (if you're like most people) you can hardly wait to be connected. If you call by number you'll be connected much faster. That way information won't have to take your time getting the number. So keep handy those numbers you call often. We'd be glad to send you a free alphabetized personal directory for the purpose. Just call the telephone Business Office.

NATURALLY we think telephone women are among the nicest people there are. That's why we're so glad when one gets singled out for an honor. Mrs. Herman Gibson, one of our customer representatives at Flint, was one of two Flint women recently selected to represent Genessee County as "ambassadors" to European countries this summer. The visits are part of the Experiment in International Living Program sponsored by the Flint Junior Chamber of Commerce. Mrs. Gibson will live with a family in Sweden for a month and spend another month touring that country. All of us wish her a happy voyage.

IT'S TELEPHONES three to one! Back in 1946 there was one telephone for every five persons in the U. S. Today there is one phone for every three. Why the boost in phones? Because the public wants more and more telephone service.

Telephone growth also reflects the general prosperity and an increasing dependence on fast communications. Incidentally, in ratio of telephones to people, the U. S. ranks first. Sweden, Canada, New Zealand, Switzerland and Denmark follow in that order.

port of the adult leaders. Dr. Hanawalt in reply told the Scouts and their leaders that he thought he had a job, but now he knew it. He congratulated the boys on their early start in the fine work of scouting and discussed some of the benefits of the activity.

While the mess hall was being cleared, the executive board was shown a demonstration of Scout water lifesaving techniques. Scouts Norman Lake, James Loughray, George Wootton, Daniel Caldwell, James MacRae, Harry Tweedie, Robert Lalk and George Mullison of the life saving class, joined forces with Scouts Lee Pratt, Carl Springer, James Plueddemann, Robert Leppien, Harold Partello and Dan Friedrich, under the leadership of Waterfront Director Louis "Bud" Mangels, Assistant Director Richard Shelby and Instructor Steve Wildes, to demonstrate ways in which non-swimmers may save persons from drowning, by the "reach-throw-row-go" system. Swimming rescue was shown only as a last resort. The demonstration of real ability and the development of good judgment in the work.

A brief business meeting followed during which next year's budget was considered and approved. The growth of scouting in the Paul Bunyan Council was noted. Plans were discussed for

the annual dawn to dusk one day fund drive for areas of the council not served by Community Chest Funds.

Accepting the challenge given to the new council president by the Scouts who welcomed him, the board discussed plans for extending scouting to all interested boys in the council who are not now members.

Iosco and Arenac Counties were represented by Board Members Herbert Luecke of Standish and William D. Lyon of East Tawas.

Wednesday, July 25 through Saturday, July 28—Iosco County Fair, Hale. Monday, August 13—Agricultural Agency Council picnic at 4:00 p. m. at Corsair Park.

Most all of you have heard about Gene Coates' very close shave with death just last week. All of us realize, too, that farm accidents and near farm accidents are not intentional.

The way the weather has been acting we hope that we will be able to get into our grain before Labor Day. Many Iosco County farmers are completing their haying and will likely be doing so for the next 10 days to two weeks.

A wheat protectant can be purchased at a chemical supply house or can be obtained through some of our elevators. The chemical can be mixed with the grain at the most convenient time during harvest, but the amount applied has to be measured very carefully.

Mr. and Mrs. Allen Hockersmith and son of Flint spent the week-end visiting their parents, Mr. and Mrs. John Jordan, and Mr. and Mrs. Ora Hockersmith.

treatment can be eliminated before harvest. It is easy to install screens on openings to keep out birds and cats.

The local elevators or our office has tips available on the control of insects, birds and rodents for protection of the grain.

To make sure that the wheat has less than 14 percent of moisture content, I would suggest you do this: Thrash by hand about half a pint of grain. Put it in an air tight container and take it to the elevator for a moisture test.

By now any major repairs should be complete. You should give the combine a pre-harvest check for free movement of parts, and the proper chain and belt adjustment.

The level and size of the sieves is the third important adjustment to give top harvesting efficiency.

You can check the efficiency of your combine by counting the number of kernels in an area of ground that has been harvested.

Office callers this week were: Matthew Jordan, Elmer Anschuetz, Earl Daugharty, Clayton Johnson, Emerson Frank, Charles Monroe, Phillip Galvage, Mr. and Mrs. A. Powlish, Mrs. L. R. Ashton, Ronald McCormick, Mrs. Walter Laidlaw, Reuben

4-H Clubs

By Dorothy Scott
Home Demonstration Agent

CALENDAR—
July 25-28—Iosco County Fair.
August 1-4—4-H Club Camp at Hardwood Lake.
August 14—District 4-H Club Round-Up.

In just one more week the fair will be in full swing. Are your exhibits prepared, are you eligible to make them, by having exhibits seen at an open house or tour event, and by having your report on file at the county extension office. These two things are necessary in order that you exhibit your project at the county fair.

Have the dairy project members taken note of the news flash which came to you very recently about exhibiting your livestock at the fair? Have you done whatever is necessary according to the requirements which were listed in that news flash?

If all of these things are in order we shall see you and your exhibits at the fair next week.

It looks as if we shall have a full house at 4-H camp this year. Is your reservation in? Be sure to send it so that we have it by July 23.

All 4-H Club members planning to take part in a demonstration, a judging contest or a talent act should register their intent to do so with us at the county extension office. Those working on demonstrations may have further help from the extension agents, if they will ask for it.

Have you read our Michigan laws on bicycle safety?

This we learned in reading the news report that came from the Oscoda 4-H Club, which is currently enrolled in a bicycle safety project. The members met at the Frank Heinz garage on July 6. Frank Heinz is the project leader. Those present were: John LaFear, John Gilbert, Ronald Heinz, Leroy Heinz, Hamilton McNichol and Tony Richardson.

Jack LaFear, local conservation officer, assisted Mr. Heinz with the news report.

The report of this meeting was sent by John LaFear, reporter.

In spite of the rain Monday morning, July 9, all the Hale Happy Hustlers were hustling about in preparation for their 4-H Club tour. It began at 9:30 a. m. at the home of Charlotte Webb, one of the members. Visited were the homes of the following club members: William Wilson, Rose Nardizzi, Sherrill Scofield, Nathaniel, David and John LaFare, William Lake and Karen and Janet Helmbold.

Projects seen at various stops were vegetable garden, flower garden, food preservation, entomology, handicraft, knitting, photography, food preparation.

John LaFare, Webb and William Wilson had their vegetable and flower garden marked for easy identification by everyone. They did this by placing labels at each different kind of vegetable or flower.

Donna Coates, reporter for Friendship 4-H Club, has told us that their club meeting on July 4 was held at the Alton Durant home. All except one member were present, and plans were made for the members going to 4-H Club Camp. A good many of our members plan to go and the club is going to pay one-half of the camp fee for each member who does go.

"We also thought we would have a bake sale this month and maybe next month. Everybody is excited about the fair."

Donna.

Friendship 4-H Club members had a livestock project round-up on Wednesday evening. Starting at the Durant home they inspected the livestock projects of Wayne, Dewayne and Irvin. From there they went to see the animal belonging to Verna Kay Wehrman, from there to the Coates home where Donna, June Joyce showed their animals. James and Kenneth Herriman brought theirs out for everyone to see and from there the group went to the Watts home, seeing the animals belonging to Phyllis, Lloyd and Willard. All of these young people have nice looking animals and everyone is planning to bring his to the fair. It looks as though this will be the best ever livestock exhibit at this year's fair.

Following the tour everyone gathered around the table at the Watts home to complete their project reports. Miss Scott and Mr. Davenport were present for the tour.

She wishes more people could share the 4-H Club leadership experience that was hers last week. That's the comment from Mrs. Earl Daugherty who accompanied the Iosco County 4-H Club delegation to 4-H Club Week at Michigan State University July 10-13.

Read her impressions of this annual event: "Our trip to East Lansing for club week gave us an experience we shall never forget. During the week we really began to see what 4-H does for the boys and girls who participate. It is one example of the saying, 'the more you put into something the more you get out of it.' If every leader and parent could attend, 4-H would grow, faster than it already is growing.

"The things the boys and girls learned while taking part in these events will remain with them during their life time and help build a better and well rounded future. Each one there was made to feel important and urged to do better.

"To see boys and girls before an audience of about a thousand people introducing college professors and taking part so ef-

ficiently gives one an idea of what 4-H helps them to do. It is good, also, to know every boy and girl has the same opportunity to go ahead and 'Learn to do by doing.'

"The dress revue was beautiful. The girls were a rainbow of colors and were perfect examples of good grooming and good taste. They have learned to choose wisely and well. Their clothing could have been worn on Fifth Avenue; besides each girl was taught to model expertly.

"Of course, with about 100 girls, all could not be winners. However, I heard more than one girl leaving the contest comment, 'Next year I shall try harder.' "The more I learn about the results of 4-H the more enthusiastic I become. It does so much for our boys and girls. The state has such wonderful leaders to train them.

"It helps them build a better life for themselves and they will become leaders in their church, their community and their country. Let us have more 4-H'ers for next year and have more determination to help them 'Make the Best Better.'"

Anyone (boy, girl, parents) interested in having a 4-H Club in his community can learn more about how to do it by talking with Mrs. Daugherty. She lives on the corner at junction M-55-65.

CALENDAR— July 25-July 28— Iosco County Fair. August 8-9 — Homemakers' Camp. I have heard from a few of our home demonstration members about display material for the Iosco County Fair. Will others get in touch with us this week so we can tell how much space is necessary and whether we need table space or wall space to show to an advantage the things you will bring.

The committee working on this year's second Homemakers' Camp, August 8 and 9, at Hardwood Lake, has pretty well completed its plans for this event. The program sounds very interesting. It includes crafts, opportunities for swimming, and other recreational activities. There will be an evening program and games.

Craft plans are to make articles out of leather; such as belts and coin purses; sunburst pad; aluminum etching and carving; potato printing. If every group can send one or more representatives to learn these crafts, they will have workshop material for several meetings in the fall. Many of these ideas would make ideal Christmas gift material. Get your reservations in by August 1.

"Planned-Over" can make summer preparation easy. Here is one idea that may be very handy for the summer. Next time you plan to have macaroni and cheese make up a double recipe. Let that which is left over chill in an oblong pan. Cut it into squares, roll these squares in seasoned beaten eggs, then in bread crumbs, and brown lightly on the top burner of your range in a frying pan. Serve with a sauce made with condensed tomato soup. Then file your recipe under the heading of QENT—quick, easy, nutritious and tasty.

Consumers who are shopping for curtains in the near future are going to find a new label. It is one which has been designed to serve as a guide of quality in the buying of curtains made from "Dacron" polyester fiber. This label has been developed to help make the finest "Dacron" curtains possible available to the consumer. Look for the label on marquisette curtains which indicates that they have a tread count at least 52 by 34 and are woven of 70-dash denier "Dacron" yarn.

The DuPont Company is going to furnish labels for the manufacturers who take part in this program of making the finest marquisette "Dacron" curtains on the market. So look for the label when you shop for marquisette curtains.

Some information came along about fruit beverages as being so very refreshing in warm summer weather. I have been wanting to pass along to you some of these tips. So far, we have not had much warm, summer weather. However, when it breaks we will probably need the idea quick so file these away.

One of the first tricks of assuring a good fruit beverage which will quench thirst is to add only enough sugar to enhance the natural flavor. If you are going to make large quantities of a fresh drink, it is always better if you have prepared a sugar syrup. You just dissolve the sugar in heated water or fruit juice and cool it before adding to mixture.

You can use your imagination as a guide in blending juices because the combinations of fruit juices are almost unlimited. When you combine two or more

Mrs. Grossmeyer Guest of Honor Last Wednesday evening, July 11, at a meeting of Irene Rebekah Lodge Mrs. Beatrice Grossmeyer, past noble grand, was the guest of honor. A farewell gift of a past noble grand pin was presented to her by the lodge and the Past Noble Grand Club. Mrs. Grossmeyer and her husband, Roy, are leaving this month for California to make their home.

After the lodge session the members enjoyed games with prizes. Hostesses for refreshments of strawberry short cake and coffee were: Mrs. Vergil Butler, Mrs. Laura McKenzie, Mrs. Lyda Nelke and Mrs. Marjorie Davidson. Mrs. Grossmeyer wore a beautiful corsage during the evening, a gift of Irene Rebekah Lodge. She has been an active member for many years and has always been an officer in the lodge.

Tolerance sometimes gets mixed up with the art of persuading the majority not to assert its rights. There are so many "experts" analyzing the Russians, the average American reader is becoming thoroughly confused.

Juices, it is best to have a predominant flavor. All ingredients should be well blended and you will probably find that a little bit of salt improves the flavor. For "body," color and flavor ice tea is frequently substituted for all or part of the water in a fruit drink. Serve your drink thoroughly chilled for greatest enjoyment.

Silent light switches that work without snapping click are on the market. These switches are beautiful in the normal manner and may be used either with incandescent or fluorescent lights. They are somewhat more expensive than the conventional switch.

June was dairy month but dairy products are still wonderful in July. Try this addition to a colorful fruit salad. Chill five ounces of soft cheddar cheese. Take it up in teaspoons, full and roll it into small balls. Then roll these small balls into a half cup of finely-chopped, roasted nuts.

Here are some favorite combinations of fruits for summer: Sliced peaches and blueberries; fresh pineapple and strawberries; fresh cantaloupe filled with green grapes or a combination of melon balls, sliced bananas and oranges; sliced oranges topped with shredded coconut.

SOCIAL SECURITY AGENT TO BE HERE JULY 26 Representatives from the Bay City Social Security Office will be at the Federal Building, East Tawas, on Thursday, July 26, 1956, from 10:30 a. m. to 4:00 p. m. Anyone interested in applying for benefits or desiring information about the social security program should contact them.

A large number of farmers are applying for payments now and more are expected. However, many have the impression they must file during July but this is not necessarily so. They may file at any time during 1956. It would be advisable for individual operators on a cash basis to wait until farm produce has been sold in an amount of at least \$300 during the year.

Also farmers should understand that no benefits will be paid to those between age 65 and 72 if their earnings for 1956 exceed \$2,080 and it will be to their advantage to have their earnings as high as possible as it will increase the amount of their benefits. Farmers whose incomes for 1956 will be higher than in 1955 should wait until the 1956 return has been filed before filing an application.

Many farmers think that they can operate only through June 30, 1956, and have the benefit computed on the basis of 1 1/2 years but this is not true. They must qualify as farm operators for the entire year and their tax returns must be filed on the basis of a full taxable year.

We are equipped to handle all arrangements with efficiency and understanding. And in our chapel, conduct a memorial service of lasting beauty.

Tawas Wins

game, three errors by the Lakers' infield proved to be their undoing. Tawas City did not have an earned run to its credit during the game.

The winners scored the first run of the game in the opening inning. After Lorenz lined to third and Cavell lined out to deep centerfield, Grackic and Clare Herriman both singled.

Although the winners threatened to score in the third inning when the first two men at bat singled, and again in the seventh inning when they collected two more hits, LaVack proved to be very tough with men on base and his cause was helped along by several fine fielding plays by his mates.

Tawas City scored what eventually was to be the deciding runs in the bottom half of the eighth inning. O. Herriman led off the inning when he was safe at first on Stalker's error. Mel Forney, speedy utility player, went in to run for him.

In the Oscoda half of the ninth inning, Stalker walked after M. Skillman flied out. LaVack was unable to make a play on a high bounding ground ball.

Stalker then stole third base. When LaVack attempted to steal second, Don Youngs, who replaced O. Herriman behind the plate, cut him down in a run down between second and first.

Stalker, still living dangerously on the base paths with two outs and three runs behind, stole home when Westcott took his regular wind-up. Napiorski hit a ground ball to deep shortstop which Lorenz backhanded and made the long throw to first base to nip the runner in a close play.

This Sunday afternoon Tawas City will play at Black River where they will take on the second place team in the league.
