NUMBER 24

TAWAS CITY

Mrs. Julius Musolf and daughters of Saginaw are visiting her parents, Mr. and Mrs. C. L. parents, McLean.

Mrs. Harry Goodale and Mrs. Frank Meyer went to Lansing Wednesday.

Mrs. Chester Parker spent a couple of days in Flint last

week. George Myles and Gordon Clute will represent the Tawas Kiwanis Club on a trip to San Francisco and Los Angeles, California. They left Sunday and will be gone about three weeks. Mrs. Myles and daughter, Marlene, and Mrs. Clute and daughter, Virginia, accompanied them on the trip which was made by train.

them on the trip which was made by train. Miss Viola Groff Is spending a few days in Detroit this week. Mr. and Mrs. Alonzo Amboy returned home Saturday from St. Petersburg, Florida, to spend the summer at their home here on South US-23. William Irish Darwin and

William Irish, Darwin and Melvin Groff, all of Flint, spent Saturday and Sunday here. Mrs. Joseph Stepanski left Tuesday for a visit in Saginaw with her son, Gerald, and family. Mr. and Mrs. Byron Mark and family of Detroit spent the week-end at the Mark home here

Mr. and Mrs. Sherwin Smith of Cleveland have moved to their new home on Bay Drive. They have been summer residents here for many years. Mrs. Smith is the former Helen

Prescott. Mr. and Mrs. Hugo Hendrick-son and daughter, Miss Carol Hendrickson, left Sunday for their home in Los Angeles, Cali-fornia, after a week's visit with Mr. and Mrs. Russell Rollin and other relatives. They took the northern route home by way of the Upper Peningula and the the Upper Peninsula and the Dakotas. Mr. Hendrickson and Mrs. Rollin are brother and sis-

A. P. Klinger is still a patient at the Veterans Hospital, Dear-born. Friends are pleased to learn that the treatment on his eye is thought to be successful. Mr. and Mrs. Victor Zaharias and daughter, Vicky, spent the week-end in Farmington with relatives.

Miss Nancy Rollin graduated from Michigan State University Sunday and will teach in Lansunday and will teach in Lan-sing this next school year. Her parents, Mr. and Mrs. Russell Rollin, attended the graduation ceremonies and Nancy accom-panied them home for the sum-mer.

Miss Nancy DeLosh is spend ing the week in Detroit as a guest of Miss Kay Monarch, also visiting her aunt and uncle, Mr. and Mrs. Leo Jordan, and fam-

THE NEEDLE-NOSED, delta winged Convair F-102 will be assigned to Wurtsmith's newly activated 31st FIS sometime be-fore the end of the year. It is the first aircraft designed specif-ically to carry guided missiles.—Air Force Photo.

The big event which will be eagerly awaited by base per-sonnel and local civilians is the expected arrival of the super-sonle Convair F-102. Although the exact arrival date is not known, the first F-102 is expected to touch down on a Wurtsmith runway before the end of the year. **6** Admitted to **Citizenship Here Tuesday**

in Tawas City will go into effect immediately. Bublitz said that the measure was being taken to conserve the city's municipal water supply which is in a crit-ical condition. During the past few days of hot weather an increased strain During the past few days of hot weather an increased strain has been placed on the water supply by excessive lawn sprink-ling. Present pumping facilities cannot keep up with the demand. Bublitz warned that any viola-sulf in the automatic shut-off of sulf in the automatic shut-off of the offender's lot line ladies of the adult fellowship.

owed on Wednesday, Friday, Saturday or Sunday. At present the city council is

Both the council and the water

board requests that city water consumers cooperate with the lepartment of public works in conserving water this summer by obeying the water restriction schedule.

inald Bublitz, superintendent of public works, water restrictions Flags were flying along Whit-temore's main street last Thurs-day as Mayor E. J. Williams proclaimed June 7 as "Peter Cameron Day," in honor of the birthday of Iosco County's oldest resident and the nation's oldest

water at the offender's lot line connection. He said that water will be turned on only after pay-ment of a \$5 fine and \$2 turn-on charge.

charge. Water restriction hours for the summer months, effective immediately, are as follows: First Ward—Monday evenings from 6 to 9 o'clock. Second Ward—Thursday eve-nings from 6 to 9 o'clock. Third Ward—Thursday eve-nings from 6 to 9 o'clock. There will be no sprinkling al-lowed on Wednesday Friday

Charles T. Prescott, State Rep-resentative James P. Mielock and Mayor Williams. In his message of congratula-tions to Mr. Cameron, Senator Prescott recalled many interest-ing happenings of past years. Mr. Mielock also said a few words of congratulations to Mr. Cameron. Many birthday messages were Many birthday messages were received by Mr. Cameron, in-cluding telegrams from Guy Jenkins, manager of the Detroit

municipal water system. Plans for the project are being pre-pared by the Spicer Engineering Company and the council re-tained the law firm of Miller, Paddock, Canfield and Stone last week as legal advisors on a revenue bond issue to finance the project. parties over commercial pro-grams. Neff expressed his regret that he could not extend his greetings and that he would like to be in Whittemore to take pic-

tures and visit with Cameron before the deer season. Mr. Cameron cut the first piece from a huge birthday cake dec-orated with 104 candles.

Cameron, believed to be the nation's oldest deer hunter, received national attention in Feb-ruary 1954 when he flew to New York to open the New York Sports Show and appeared on a nationally televised program.

The title of Michigan's "deer hunter of the century" was be-stowed on him by accident. In the fall of 1953, Cameron came

PETER CAMERON, 104 years old, is shown cutting the first slice from a huge birthday cake at a banquet in his honor last Thursday night at the Methodist parish house in Whittemore About 100 persons attended .- Tawas Herald Photo.

Serving in the armed services s often highly rewarding, in ways which are not necessarily connected with finances.

The Iosco-Arenac Regional Library wishes to announce that its Summer Reading Club program is an imaginary cruise on the Great Lakes with each meeting a stop at one of the important ports of Michigan. Each child starts as a deck-hand on our summer cruise, and for each five books read, ad-tvances until he reaches the posi-tion of captain. An individual record of advancement will be kept and a pin given as the award at the close of the cruise. Large maps of the State of Michigan have been made show-ing all the ports of Michigan, and each reading club is dis-tinguished by a movable freight-er with its own colored stack, the same as the Great Lakes fleet. ion routes of birds, their winter residence, how long they live, whether they return to the same nesting site, or keep the same nate year after year.

A band return example, showng the longest time or life a bird has been known to live in the wild in North America, is that of a Caspian tern banded as a nesting on Little Hat Island near St. James, Michigan, on July 19, 1925, and shot near North Bass Island, Ottawa Couny, Ohio, August 19, 1951, 26 years after banding.

The most difficult and time consuming factor in conducting such a dove banding program is he locating of bird nests. Conservationists ask the as-

sistance of local organizations, including Girl and Boy Scouts, 4-H Clubs, FAA groups, school classes, farmers and others, in locating dove nests. This could be interesting and worthwhile ctivity in any bird study program or conservation group. Care should be used in not dis-

turbing the nest or adult birds off any nests found. Doves start nesting early in the spring and continue until late summer or early fall. Nests are usually located in low trees, large bushes, or stumps and oc-casionally on the ground. They are best found by watching a

A REFRIGERATOR-FREEZER IS LIKE HAVING YOUR OWN FOOD STORE

Think of it! A supermarket that's never closed, right in your home . . . as near as the Refrigerator-Freezer in your kitchen. 4 4 4 4 6

A Refrigerator-Freezer combination lightens your work and heightens your pleasure. You can bake or cook when you feel like it and keep what you make in the freezer until you want it. When company comes there's no need to spend all your time in the kitchen because dinner is ready in your freezer. Just a few minutes to thaw and a few minutes to warm, while you chat with guests, and it's ready to serve. Your old-fashioned refrigerator just wasn't designed for such convenience.

And here's an important fact to remember ... the food you buy for your freezer costs less because you can buy in large quantities and in season.

Refrigerator-Freezers come in many popular sizes and styles. There's one designed to fit your specific needs.

A TWO-ZONE REFRIGERATOR-FREEZER

Means Easier Meals, Less Shopping, More Leisure, Food Savings and Garden Fresh Food

Again and again surveys show:

Blue Sunoco used by more auto engineers than all other premiums combined

The only gasoline that meets new higher premium octane standards and sells at regular gas price

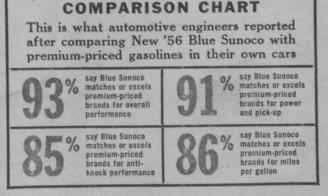

We recently invited a large group of auto engineers to try New Blue Sunoco, boosted in octane, in their own cars and give their reactions. The survey results, compiled by an independent firm of certified public accountants, make Blue Sunoco the favorite.

43% already are users of Blue Sunoco

Of the 1,166 engineers who reported on '56 Blue Sunoco, 43% told us they were aready users of our gasoline. This was a far greater number than reported using allother premium gasolines combined-perhaps the greatest testimonial any gasoline ever had!

Blue Sunoco is recommended for the newest highcompression cars when owners' manuals specify a premium gasoline.

Premium octane at regular gas price Blue Sunoco is premium in every way, sells at regular gas price, gives many more miles per dollar. Follow the lead of auto engineers. Make your own 10-gallon test today.

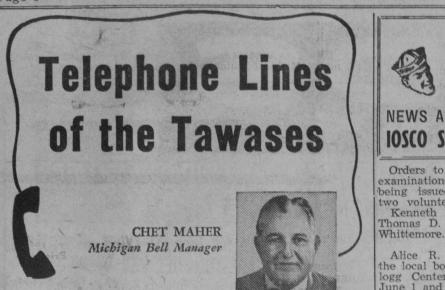

Hi-Test... Premium Octane... Regular Gas Price... More Miles per Dollar

A POT NEVER BOILS over when the housewife is nearby. That's one of the best reasons for having a kitchen telephone. When the phone rings you can keep an eye on what's cooking in the kitchen, and you can keep the children in sight, too. A phone within reach saves count-

less steps and precious time. The housewife needn't run when the phone rings; she can just reach. An extension telephone in your kitchen will cost you about \$1 a month. Call our business office to order yours.

EVER SINCE "barn raising" days, one of the best things about rural life is that you can always count on the neighbors to pitch in and help in an emergency. In the same spirit, your Michigan Bell"neighbors" showed up when tornadoes hit Michigan

HAVE YOU been watching the new Bell System TV show, "Telephone Time"? John Nesbitt, the famous storyteller, who won so many awards for his well-known "Passing Parade" films, is the host. His stories on "Telephone Time" are all true. They're

fascinating accounts of everyday people, past and present, who for a brief moment rise to great heights. Your whole family will enjoy watching "Telephone Time." It's on CBS-TV every Sunday at 5 P.M.

NEWS ABOUT

The Green School, District No. 5 of Hill Township, Oge-maw County, voted on Monday, June 4, better than two to one to annex to District No. 3, of

to annex to District No. 3, of losco and Ogemaw Counties (formerly Plainfield Township Rural Agricultural School at Hale.) With the polls open from 5:00 p. m. to 9:00 p. m., 23 of the 27 school electors of the Green dis-trict voted on the annexation proposition. Of the 23 votes cast, 16 were in favor of annex-**IOSCO SERVICEMEN** Orders to report for physical examination on June 26 are being issued to the following two volunteers: Kenneth D. Siegrist and Thomas D. St. James, both of

proposition. Of the 23 votes cast, 16 were in favor of annex-ation; seven were opposed. The election climaxes the ef-forts of the Hale Board of Edu-cation and the school board and interested electors of the Green School to bring about this re-organization Alice R. Dimmick, clerk of the local board, was at the Kel-logg Center, East Lansing, on rganization.

June 1 and 2 where she attend-ed a conference of Selective Service clerks in Michigan. Re-Action was started by the Hale board at its regular meet-ing on March 10, when a reso-lution to annex Hill District No. 5 was adopted, and the board Service clerks in Michigan. Re-cent changes in regulations and approved procedures were thor-oughly discussed. Particular at-tention was paid to provisions of the Armed Forces Reserve Act of 1955. Gov. G. Mennen Williams was the principal speaker at the opening session of the conference. secretary, Ira Scofield, was in-structed to request the state superintendent of public in-struction's approval of the proposed annexation. The request was supported by a letter and the conference. map showing the past and pres ent close educational relations Because of the new order of election for induction, by which ocial and business association fathers in Class I-A are not be and community center and the shorter distance of the district ing inducted at the present time, and will not be until the supply of non-fathers has been to Hale than to any other high school center. School electors of the Green district signed a petiexhausted, it is now necessary to request that all those reion to the department of public porting the birth of children furnish birth certificates within 60 days after the birth. Reports of expected birth should be instruction requesting permis-sion to hold the annexation election. on lush young pasture this time of year. The soft, young legumes will not tickle the rumen to nination in order of importance: Animals, meaning mice, rats, birds, cats and others. Insects, the kind that damage make its digestive process work

right. That means the feed or a thick froth blocks off the rumen passages and gases can not es-cape. The result: A severe tored grain. Mixing treated seed wheat with other grain in the bin.

with other grain in the bin. The latter cause was brought to the spotlight recently when three cars of contaminated wheat were seized by the Mich-igan Department of Agriculture. Wheat in the cars had treated seed mixed with clean grain, making the whole lot poisonous. A total of 48 cars of wheat have been placed under seal tomach ache. Donald Hillman at Michigan Donald Hillman at Michigan State University says that Ladino clover and alfalfa pas-tures cause the most trouble. But brome-grass with the mixture helps prevent bloat because it tickles the rumen.

To prevent cows from getting bloat, feed them all the hay they will eat each day before they are have been placed under seal thus far from that cause. Authorities call such grain "pink urned out to pasture

Give them about two hours on pasture in the morning and How to comply with sanita-tion requirements in handling tion requirements in handling and storing grain can be seen in a revised Michigan State Uni-versity extension folder just off the press. It is called "Prevent Damage to Stored Grain." Single copies are free at my office in East Tawas. Ask for extension folder F-134. All those who requested to be on our mailing list have received a copy. about the same in the afternoon for the first few days. Keep an eye out for cows with abnormally extended stomachs. You can stop bloat easily if you treat it early. For mild cases, tie a rope around the cow's head and

around the cow's head and through the mouth. When she chews on the rope, saliva helps the gas escape. For serious cases, use a cupful copy

Iosco County farmers would be wise to start getting their grain bins ready soon for the of kerosene, turpentine, in a pint of water, or milk, as a drench. Pour it into the mouth slowly because a bloated cow has trouble swallowing. For emergency cases, a rumen puncoming harvest. grain That is because new grain should not be placed in bins unture may be necessary to let out after the gas.

should not be placed in bins an-til at least two weeks after spraying with an insecticide. Even after the grain bin is cleaned thoroughly, weevils hide in the cracks and crevices or in the waste grain left be-What is wrong with those sickly looking evergreens these spring days?

ind. If the floors, walls and ceiling are sprayed with five percent wettable powder of methoxy-chlor, the insects walk into a The brown color and soon-todie look may have been caused by winter injury in January and

February. Harold Schick, a Michigan chlor, the insects walk into a death trap when they come out s of hiding. More pests join their comrades nightly. They keep dying for days as the newly born insects replace those killed. At the end of a couple of the weeks, or more, the dead pests can be swept out from the walls and floors along with all traces of the insecticide. State University specialist, ex-plains it this way: Warm, windy winter days took moisture away from the trees. The roots cried for water, but the frozen ground kept them from getting it. Now, trees, show the effects of this

drought.

It is too late to help the trees now. But, give them time and they will grow new leaves. of the insecticide. Old wheat taken from the cleaned bin should not be re-Next winter you can protect your evergreens by shading them from the sun, and by spraying them with wax and covering them with burlap or placed or stored near the new
