WHITTEMORE CARDINALS WIN HURON SHORE LEAGUE CHAMPIONSHIP WITH PERFECT RECORD

LEAGUE WINNER—Pictured above is the Whittemore Cardinal squad, winner of the Huron Shore League championship. The Cards won the first round in the Class D district tournament at AuGres Tuesday night. Left to right: Orval Fuerst, John Pavlik, Graham Freel, Francis Pagel, Bill Dunham, Harvey Schneider, Basil O'Dell and Harold Provoast. Coach Ed Dudo is in front.

Win 1st Game in District Tournament

The Whittemore Cardinals won the opener in the Class D district basketball tournament at AuGres Tuesday night. The Cards outpointed the home team, AuGres, 49-29.

The win puts Whittemore, favored to win the tourney, in a position to play the winners of the Hale-Arenac Eastern game in the play-offs for the championship Saturday night. Game time for that tilt is scheduled for 8 o'clock.

Rattling the backboards to the tune of 20 points in the first quarter Tuesday night, the Cardinals jumped off to an early lead and were never headed by the losers during the rest of the game.

Coach Edward Dudo alternated his entire reserve squad with his regulars during the remaining quarters.

By halftime, Whittemore held a commanding 28-6 lead. In the third quarter AuGres came up with 15 points to the Cards' nine and in the final stanza Whittemore meshed 12 points to the loser's eight.

Big guns in the Whittemore offensive attack were Pagel, who scored 13 points; Dunham with 12, and Pavlik with 11. Knoll bagged 10 points to be high scorer for the losers.

Prospects are good for an Iosco County Class D high school play-off in the AuGres tournament. Hale, scheduled to meet Arenac Eastern Friday night, has hopes to see its scoring ace, Sheellenbarger "on" during the tilt. If Hale should be successful in that game they would meet their traditional foes, the Cards, in the finals Saturday night.

Republicans and Democrats Hold Caucuses

Tawas City Republicans and Democrats will hold caucuses for the purpose of nominating candidates for ward offices and naming delegates to the city convention next Monday night, March 12.

Immediately following both caucuses, both parties will hold conventions to nominate candidates for mayor, clerk, treasurer and justice of the peace.

According to the legal notices printed this week, Republicans will hold their meeting at the city hall, while the Democrats will meet at the Iosco County Building. Starting time for both is 8:00 p. m.

DEMOLISHED CAR IN WHICH ALABASTER MAN WAS KILLED

DEATH CAR—The car in which Richard D. Deering met death early Saturday morning is pictured above. The completely demolished auto is shown upside down after it plunged down a steep embankment south of Tawas City.—Tawas Herald Photo.

## Automobile Accident Fatal to Richard D. Deering

Funeral services were held Tuesday afternoon for Richard D. Deering, 25, of Alabaster, who was killed instantly early Saturday morning in an auto accident south of Tawas City on US-23.

Deering, son of Mr. and Mrs. Walter Deering of Alabaster, was killed when his car left the pavement about a mile south of the city limits, struck and broke off a highway guardrail, then crashed into a tree and careened down a steep embankment.

Investigating police officers said that Deering's body was thrown out of the car on impact. He was riding alone at the time of the accident.

The accident was discovered by Glenn Bliss of East Tawas about 5:00 a. m. Saturday. Bliss was on his way home after picking up his wife, a waitress at a nearby restaurant.

Bliss told Undersheriff Leon Putnam that on his return to Tawas City he saw a guardrail in the road and stopped to investigate. He saw the overturned car with its lights on at the bottom of the embankment. Not seeing anyone moving about he returned here and notified the sheriff's department.

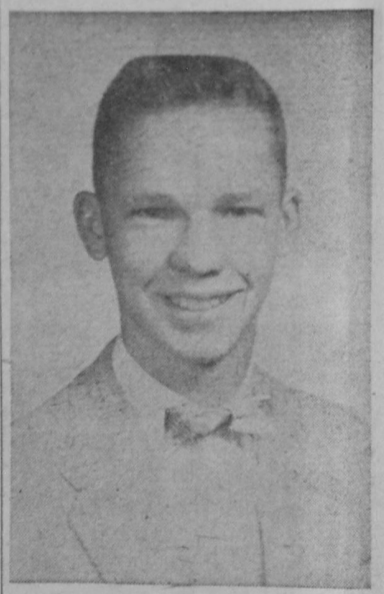

Undersheriff Putnam and Bliss returned to the scene of the accident where they found the body. Coroner E. D. Jacques was called to the scene and pronounced death due to a broken neck, crushed chest and other injuries. He said that death occurred about 2:30 a. m.

Investigating officers, Trooper Jack Brouard of the state police and Undersheriff Putnam, said that indications were that Deering's car apparently skidded on some ice and went out of control before leaving the highway.

Deering's death occurred four years to the day after that of his brother, Robert, who was drowned in an auto accident when his car ran into Tawas River at the Monument Road bridge in East Tawas.

Services were held for Richard at the Jacques Funeral Home in Tawas City followed by rites at the East Tawas Methodist Church. The Rev. Ralph Ed- (See Fatal Accident, page 8.)

TAWAS AREA CLASS OF 1956 HONOR STUDENTS NAMED

DAVID BUTTERFIELD

MARILYN SMITH

Honor students of the 1956 graduating class of Tawas Area High School were announced this week by R. W. Butterfield, principal. Named were David Butterfield, valedictorian, and Marilyn Smith, salutatorian.

David, son of Mr. and Mrs. R. W. Butterfield, maintained an average of 4.0 during his high school career. His college plans are uncertain at this time, but he will study in the field of engineering when a college has been selected.

He has been a member of the high school band, basketball and tennis teams for four years, class president for two years, in debate and forensics for three years and on the student council for his senior year. In addition, he was selected to make the United Nations Pilgrimage sponsored by the Odd Fellows last summer.

Earning a 3.93 average to be selected as the salutatorian, Miss Smith is the daughter of Mr. and

Mrs. Berkeley Smith. She is enrolled for the fall term at the University of Michigan where she will study journalism.

She has been a member of the high school band for four years, in junior and senior plays, on the student council for two years, a member of the debate team for one year and was vice president of her freshman class.

James Pomerantz, son of Mr. and Mrs. Arnold Pomerantz, was a close third in his class with a 3.91 average. These three students have earned the highest average of any graduate since the school consolidated three years ago.

Other honor students in the class are Carol Kyser, Mildred Krumm, Carol Bolen, Terry Beadle, Marlene Sedgeman, Elsie Ulrich, and tied for 10th place are Donald Bolen and Warren Tanner.

Harold Pfeiffer, Donald Hester and Jack Bronson have returned from a trip to Cuba and Florida.

## Wilber Farm Hand Faces Charge of Manslaughter

Michigan State Police and Iosco County sheriff's officers Wednesday afternoon continued questioning Calvin Rardin, 56, about the Monday night death of Jacob E. Miller, 75-year-old retired Wilber Township farmer. Rardin was a farm employee of the deceased and lived at the farm home, located about seven miles northeast of East Tawas.

Manslaughter charges against Rardin were lodged Wednesday afternoon, after an autopsy revealed that Miller had died of a crushed chest. He is being held under a \$5,000 bond and justice court examination was set for March 21 at 10:00 a. m.

Sgt. Frank Roti, Commander of the East Tawas state police post, said that Miller had died from a severe beating and the death was ruled a homicide.

At one point during the questioning Tuesday, Rardin told officers he "must have killed him because there was no one else around." Rardin is being held at the Iosco County Jail.

Coroner E. John Moffatt was summoned to the Miller home shortly before midnight Monday by Miller's son, Harvey, 36, who said his father had passed away. After returning to his funeral home, Moffatt noticed bruises on the body and notified state police.

Investigating officers learned from Harvey that after he had returned from bowling, around 10:00 p. m., Rardin met him at the door of the farm home and told him he believed his father was dead. He found the body on the floor in the bedroom.

Miller said that earlier in the afternoon, when he returned home from work, both his father and Rardin had been drinking. He told officers he had left to go bowling at 7:45.

Questioned Tuesday by Detective Sgt. Elmer Walling of the Michigan State Police, Bay City, Sergeant Roti and Sheriff Ivan L. O'Farrell, Rardin said that he and Miller had an argument and that Miller had been "jawin'" him several times.

Rardin said that what happened was still hazy, but he remembered walking up to Miller and "brushed a bottle out of his hand." He said that the other man held it up in front of him as if to strike. What happened after that point he said he could not remember.

Tuesday afternoon Rardin was taken to Miller's farm where he re-enacted the incident for officers. He showed officers how he brushed Miller's arm away, how he walked out of the bedroom and how he returned about 25 minutes later and put a pillow under the victim's head.

Officers said he would not admit or say anything about being the victim in any way, other than he was pretty drunk. According to officers, Rardin's story varied considerably as to the time and his actions.

The position of the body and location before the victim was removed to the funeral home was explained to officers by Coroner Moffatt.

A check at the county jail revealed that Rardin was arrested in October of 1955 for assault and battery and served 30 days in jail.

The deceased was born December 2, 1881, at Zilwaukee. He had been a Wilber Township farmer since 1913. His wife, Minnie, died in 1946.

Survivors include two sons, Harvey at home and Henry of Bay City; a daughter, Mrs. Arnold Hosbach of Tawas City; two sisters, and four grandchildren.

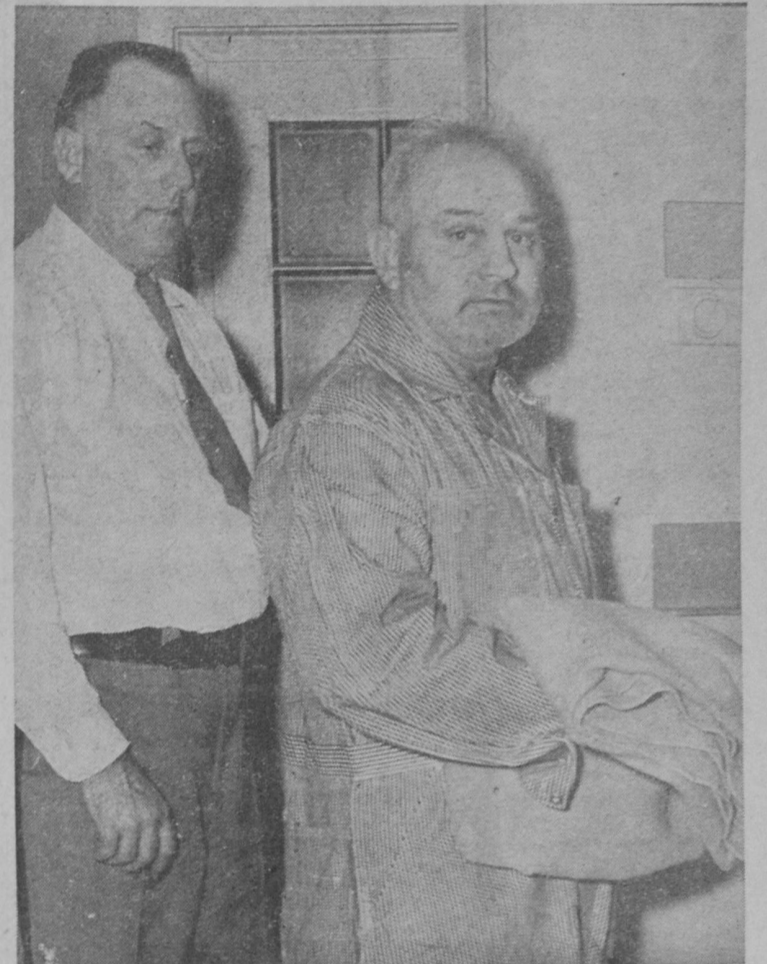

Funeral services will be held for Mr. Miller Friday afternoon at 2 o'clock from Zion Lutheran Church in Tawas City. Burial will be in the Zion Lutheran Cemetery on the Plank Road.

## Braves Play at Mt. Pleasant Friday Night

The Tawas Area Braves, hoping to see a few breaks fall their way this week, have their sights set on Gladwin in the district Class B tournament at Mt. Pleasant this Friday night.

The Braves drew the Gladwin team in parings last week. Opening night of the meet got underway Wednesday night when Mt. Pleasant met Pinconning. Big Budzinski with 22 points, Lepard and Featheringill topped the Braves with 12 points each.

The end of the season found Tawas Area with a record of three wins and 10 losses.

## SPRING IS JUST AROUND CORNER

Spring is just around the corner, and soon the beauty of the great outdoors will produce that grand feeling, it's a wonderful world! When nature begins to take on its spring-like appearance, people's fancy turns to gay, up-to-date clothing and decor for their homes.

Local merchants have stocked their stores with clothing and other merchandise to aid you in your transformation to spring beauty.

To add fun to your attack of "spring fever," eight Tawas City merchants are sponsoring an Easter egg hunt, a contest in which you discover misplaced merchandise in the store windows. Each participating merchant will have an item not sold in his store placed in one of his windows. You are to identify it.

An entry blank will appear in next week's issue of the Herald and also may be secured from any of the contest sponsors. They are: Fox Hardware, Keiser's Drug Store, Raymond's Department Store, Dillon's 5c to \$1.00 Store, Whitfield's, Fuegas Company of the Tawasess, Tuttle Hardware and Sally's.

The contest starts Thursday, March 15, and ends Tuesday, March 20, at 5:00 p. m. Entry blanks are to be returned to The Tawas Herald office. The date and time each entry blank is filed will be completed at the Herald office when the contestant places it in the contest entry blank box. First and second prizes, merchandise gifts from the sponsors of the contest, will be awarded to the first two persons who correctly identify the eight misplaced items. Entry blanks which are mailed to the

Herald office will be judged according to the postmark.

Merchandise prizes to be awarded include: Brownie Hawkeye Flash Outfit, Keiser's Drug Store; necklace and earring set, Sally's; DeLuxe Minute Mop, Tuttle Hardware; television lamp, Fuegas Company of the Tawasess.

Second prize: 16-piece dinnerware set, new Rosemont pattern, Dillon's 5c to \$1.00 Store; two pair muslin pillow cases, Whitfield's; china tea pot and Mouli grater, Fox Hardware and Supply; 27 by 50 inch loop rug, Raymond's Department Store.

Join the fun! Plan to shop early next Thursday, identify the misplaced items and win these valuable merchandise prizes.

## Dogs Running Deer Will Be Shot, Warns Leitz

Conservation Officer Arthur Leitz warned dog owners this week that they are liable for prosecution if they allow their dogs to run at large. "Owners will be prosecuted under Section 19, Act 286, Public Acts of 1920, if found running deer in this area," Leitz stated.

Leitz said Wednesday that six deer had been found in the woods, killed by dogs, four in Sherman Township and two in the Picket Creek area west of Sand Lake.

Conservation Officer Leitz and Sheriff Ivan L. O'Farrell have waged a campaign to keep dogs tied up in Iosco County during the past year. Dogs found running deer will be shot, they say.

### Christian Science

How faith advanced to spiritual understanding of God provides the answer to sin, lack, and other discords will be brought out in the lesson-sermon entitled "Substance" at Christian Science services Sunday.

From the King James Version of the Bible will be read the following (Romans 14:22): "Hast thou faith? have it to thyself before God."

Among the passages to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy is the following (23:16): "Faith, if it be mere belief, is as a pendulum swinging between nothing and something, having no fixity. Faith, advanced to spiritual understanding, is the evidence gained from Spirit, which rebukes sin of every kind and establishes the claims of God."

The Golden Text is from Hebrews (11:1): "Now faith is the substance of things hoped for, the evidence of things not seen."

### How Christian Science Heals—

**Legislative News Letter . . .**

**From the Desk of James P. Mielock, House of Representatives, Lansing, Michigan.**

The March 29 deadline on reporting bills to the floor in the house of origin was met, only by dint of hard work and long hours of committee sessions beginning early in the forenoon and extending into the late evening. As was to be expected, daily sessions on the 28th and 29th saw but little activity as we met at the regular time and recessed so the committees could work, the result of which was a flood of 84 bills and some resolutions coming to the floor for serious discussion by the body as a whole.

The largest calendar of the session faced us as we met in all day session Thursday morning, March 1, with 18 bills on their final passage and 104 bills on preliminary passage under order of general orders. Of this 122 bills, the house is faced with the gigantic task of disposing of 111 of them to the senate by Wednesday, March 7, or they too, like the house bills which failed to clear the house committees by the close of the session on the 29th, will automatically die.

With nine dissenting votes, the house passed HB 265 extending the period of one week between the time of the August primaries and the time for holding of the county conventions at which are elected the state convention delegates. Present law requires the county conventions to be held not less than eight nor more than 12 days after the primaries. HB 265 would make it possible to hold county conventions as

late as 19 days following the August primaries.

An election bill to receive unanimous approval was HB 215, which permits township registration records to become records of a new city when townships join with cities having adjacent boundaries.

By an 89 to 12 vote, the house complied with the request of the funeral directors' profession and increased the fees across the board, as well as authorizing the mortuary examiners board to charge an additional \$35 fee for inspection of establishments for determining qualifications for license. The increased revenue from these increased fees will permit a budget more in keeping with the needs of the profession.

HB 180, increasing barber registration fees, managed to squeak through with two votes to spare, having passed 58 to 35. With a house membership of 110, 56 votes are necessary for passage. Here, too, was a case of where the profession, itself, requested the increase in order to insure a more adequate budget to do the job required of the barber board.

HB 345 receiving the unanimous approval of the house, provides for the construction of two custodial buildings of 224 beds each at Coldwater for retarded children. In the special session of the legislature this program was speeded up and authorization was given for securing bids with the understanding that as soon as the bids were received, they would be brought to the legislature for approval. This has been done and the amount of the bids was under the estimated total as set up by the legislature. HB 345 gives permission to award the contracts and appropriate \$500,000 to take care of the contract until July 1, at which time the balance of the money will be available in the next year's budget.

An amendment to the firemen and policemen's civil service act,

in HB 74, setting 70 percent as the minimum passing grade, for city police and firemen civil service tests, won house approval by a 95 to three vote.

HB 298 amending the vehicle code, to permit the use of certified mail instead of registered mail, passed without a dissenting vote.

SB 1074 amending the Michigan sportsmen fishing law, permitting licensed bait dealers to ship bottled and preserved bait from the state, was passed by the house 93 to one, and has now gone back to the senate for concurrence in minor house amendments.

HB 224 providing for the return of arrest records to an accused when released without charge made or when found not guilty of charge, won house approval.

SB 1083 permitting employees of banks to borrow from the institution where employed, after having once been defeated by the non passage reconsidered, and considered again, received house approval and has been returned to the senate for enrollment and presentation to the governor.

HB 6 providing for an eight-hour day, 40-hour week for policemen in municipalities of over 10,000 population, after having been amended to provide for a referendum upon petition of not less than 51 percent of the employees, won house approval.

The bill also provides for time and a half pay for overtime. Its fate is uncertain in the senate, where it has now gone for consideration by that body.

HB 220 providing a penalty for operating without a license any institution, home or other facility subject to a license by the social welfare commission, also won house approval. This bill provides for revocation of license of any licensee for failure to comply with the law or regulations

under administrative hearing procedures.

HB 141 requiring the courts to send suspended licenses to the secretary of state's office, passed 96 to one.

House acceptance of a senate amendment removing the minimum penalty provision in HB 34, moves the bill a step closer to becoming a public act. The bill has now been ordered enrolled and goes to the governor for his approval or veto. This bill provides a stiffer punishment for the handling of obscene literature.

While filling out an automobile accident report at police headquarters recently, a woman driver got to the question, "how could you have avoided the accident?" She answered, "by staying home."

**State Police List January Arrests**

Michigan State Police made 11,546 arrests during January. This figure includes 10,657 for traffic violations, but is exclusive of 400 arrests of juvenile offenders. Juvenile arrests included 202 for traffic offenses.

Officers made 27,680 property and 3,382 liquor inspections and department vehicles traveled 1,106,483 miles in all activities.

The identification bureau received 9,270 sets of fingerprints, 4,091 of them non-criminal. There were 897 sets of fingerprints of applicants to carry concealed weapons, 81 of which were identified with a criminal record. Wanted persons identified numbered 29.

**Sale of Savings Bonds Increase in Iosco County**

Purchases of Series E and H United States savings bonds by residents of Iosco County totaled \$39,908 in January, it was announced today by John E. Hoshbach, county savings bond committee chairman. This compared with purchases of \$25,012 in January 1955.

According to Delmar V. Cote, state sales manager for the treasury's United States Savings Bonds Division, bond purchases for Michigan as a whole were larger than in any peacetime month, totaling \$34,068,000.

**Space Competition City Problem, Says Prof. Whittemore**

The movement of population away from the central cities into the suburbs has exploded into an apparently insatiable demand for more space, according to Harlow O. Whittemore, professor of landscape architecture at the University of Michigan.

A nationally renowned city planning expert, Professor Whittemore points out that the competition for space requires careful planning for an organic whole so that every part of the city fits together without waste or precious space.

Taking a long look into the future, Professor Whittemore predicts that residential sections will be organized in neighborhoods or towns of 30,000 to 60,000, each with a central business district, industrial area, railway yards and large parks and parkways.

"Central business and industrial areas," the professor continues, "will be separated from each other and from residence districts by green belts or tree-planted park areas. The major parks will be located in hills or 'in valleys' along streams or lake fronts," he says.

He predicts that "the civic center of the future will attractively accommodate public buildings including libraries and auditoriums, indoors and out, along with underground parking garages."

"A radiating system of major thoroughfares and expressways, railways joined by circumferential thoroughfares, boulevards, parkways and railway belt lines will provide efficient and safe transportation," Professor Whittemore asserts.

Discussing the new demand for space, he points out that a 10 percent increase in population once meant a demand for 10 percent more structures and 10 percent more space.

"This is no longer so," he says. "People used to be satisfied with small homes in one-eighth to one-quarter acre lots. Now they want three-eighths to one-half or one-acre lots in the suburbs to accommodate the spreading ranch-type home. Shopping districts must supply off-street parking lots starting with a minimum of twice the floor space and going up to seven times the floor space.

"Factory owners once satisfied with two acres of ground for each acre of floor space now want eight acres of ground space," the city planner continues. "Highways once 66 feet wide now must be 120 to 200 feet wide. School grounds, once five acres now are 15 acres for the same number (600) pupils."

"Most of our Michigan cities are attractive and pleasant in whole or in part. With reasonable rate of growth, guided by sound planning, they will continue to be sources of pride and enjoyment for their citizens."

Maj. Gen. Lewis B. Hershey, selective service director, has estimated that a total of 195,000 men would be drafted during the current fiscal year, that ends on June 30, compared with 213,728 the previous year.

**Two Editorials on Michigan Blue Cross**

Featured below are the full texts of two editorials which appeared in The DETROIT TIMES on February 26, 1956 and in The DETROIT FREE PRESS on February 27, 1956. Because they present the considered editorial judgment of two of Michigan's great newspapers, we are reprinting them in full as a public service for the information of our 3,600,000 Blue Cross members and all the people of Michigan.

**From The Detroit Times, February 26**

**BLUE CROSS FUSS**

We didn't suspect a week ago today, when we started a series of articles on Blue Cross, that the fuss over hospital prepayment would attain the intensity it has now reached.

The amount of hullabaloo, frankly, is getting out of hand.

Rep. Allison Green has a bill for the Legislature, which he fondly hopes will solve everything. It won't. Insurance Commissioner Joseph A. Navarre has been quoted with some remarks which we suspect he will regret when he begins to realize what he has said.

A group of unions in Detroit and Flint is proposing to set up a rival "Blue Cross plan," which is entirely within their rights, even though we doubt it will look as simple to them once they have gotten into what is a very complicated problem.

Of the three—Rep. Allison, Commissioner Navarre, and the unions—we think the unions are behaving most reasonably. We differ with them only in our opinion as to whether they CAN produce what they think they can.

But of the whole lot, we think Blue Cross and its present managers are the most capable of providing what we want. We think Blue Cross is getting a vicious and needless pushing around.

In our news stories we have tried to tell what was happening without letting our opinions sway us.

But this is the editorial page, and this is our opinion, and we are saying what we think.

First of all, a series of articles which began concurrently in another Detroit paper is, for all we know at this moment, still running. We don't have any quarrel with the facts in it.

We do believe it has placed too much emphasis on "over-utilization"—that is, the complaint that some people either stay too long in the hospital, or get in under Blue Cross when they shouldn't—when they aren't really sick.

The Times reported that. We can take you back in the files a couple of years and show we were the first newspaper to report there was some of this chiseling going on. It should be halted. We think it is being halted.

Is it hospitals for operating inefficiently? Is it physicians who find it convenient to group patients in hospitals for quick and lucrative rounds of call that require only an hour or so each morning? Is it patients who unnecessarily demand and get from their doctors a hospital bed and costly care? Is it Blue Cross for permitting such known abuses to continue?

Frankly, we suspect the answer to all such questions may be "Yes!"

At least one offered solution appears to be pre-emptive and short-sighted. A bill introduced in the Michigan Legislature suggests a deductible plan similar to auto insurance. The proposal to make subscribers pay for the first day of hospitalization and 15 per cent after seven days no doubt would cut rates. It also would greatly reduce the value of the service. It would not, we believe, strike hard enough at the abuses.

It would, however, seem logical to offer optional plans. Blue Cross has such a plan, in which the patient pays the cost of the first two days and \$2 a day for

But it makes a rather sensational subject to write about—and some people talk too much about it. This "over-utilization" while it does happen, is not occurring to the extent that it makes any vast difference in premium payments.

And that is the most important issue in this whole problem.

Why do we think "over-utilization" is not as great as some people try to suggest?

First, because a Blue Cross study group itself was the first to dig into the matter. No attempt to hide anything. Just an effort to correct the situation, since chiseling by one subscriber is paid for by all the honest ones.

Second, Blue Cross, by subsequent and continuous inquiry, thinks that this evil is under good control, even though there is still an occasional violation.

Third, because Michigan isn't the only Blue Cross plan. The same general plan exists in all the states, each under its own laws and its own management.

If the plan here happened to be at fault, in some way, it is hardly possible that all the states would be at fault in the same way.

Somewhere in the country we would find that Blue Cross rates were markedly lower—we would find it, that is, if Michigan's Blue Cross were letting the customers get away with murder.

Somebody would have found a solution, and would be bragging about it. But no, rates are pretty comparable anywhere you go.

Therefore, we suspect this "over-utilization" has been publicized into a bigger fault than it really is. We don't think very many people get much fun out of going to, or staying in, a hospital.

Now Rep. Green thinks he could bring about lower rates, and thwart all the chiselers (such as there are—most people are honest) by a law making Blue Cross change its policy.

He would make everyone who uses Blue Cross pay the whole cost of the first day in the hospital (the most expensive day, because then you have all the tests, and usually the operation if you need one) and also pay 15 per cent of the cost after the seventh day.

Of course that would reduce the premium you pay for Blue Cross—but you'd soon find it didn't save any money. Furthermore, it would put the biggest burden

on the people who are most seriously ill. Who wants that?

Rep. Green, with the best of intentions, has oversimplified the situation. Besides, he wants to make this compulsory for everybody—doesn't even want to give subscribers a choice of which way they'd rather do it.

Commissioner Navarre, for reasons which escape us, has endorsed Rep. Green's notion. We suspect some politics somewhere, because we think Navarre ought to know better.

We wonder, too, why Navarre has questioned the sincerity of the Blue Cross in offering a so-called "deductible" policy.

People have been able, if they chose, to buy such a policy from Blue Cross for upwards of the last year. Blue Cross made no secret of the fact that such a policy was being offered. People could have it, at a lower price, if they wanted it. They didn't want it.

To get back to the unions, now. They'd like a policy which gives more benefits at lower cost. Who doesn't like the idea? Who doesn't want the good five-cent cigar back, or the \$700 automobile, or the three-cent newspaper, for that matter? We'd like them all back.

But you can't slap economics in the face. You can't legislate Utopia.

And so far as we are concerned, you can't say that Blue Cross hasn't been doing a good job.

Its prices haven't gone up any faster than factory wages. It has been so good that it now has 3,600,000 people, or half of the whole state, using Blue Cross and liking it.

Trying to make out, all of a sudden, that something is "wrong," or that some simple little bill in the Legislature can turn time backward and make things cost less—that's nonsense.

We don't think this union group can do it, either, but we'll concede their right to try. At least they aren't trying to tell everybody else how to do it. They're undertaking to show how to do it.

We think, flatly, that Blue Cross is a fine thing, and we hope all the noise won't fool the people and unduly alarm them.

Blue Cross is merely a victim of our rising economy just as everybody else is.

**From The Detroit Free Press, February 27**

**Hospital Insurance Costs**

**TRYING TO SPOT THE REAL VILLAIN**

Old melodramas had their advantages. It was easy to identify the villain. This is not so in the current uproar about hospitalization insurance. Rates have skyrocketed. Many think Blue Cross has thrust its hand too deeply into the pockets of its 3,600,000 Michigan subscribers. Investigations are being made bills are being submitted to the legislature, and the air is blue with charges.

Much is still being learned, but we think some observations can be made now.

The public's demand in the last decade for better medical and hospital care has been great. Therefore on top of inflation must be added the cost of this improved care. An increase in Blue Cross rates might then, be considered automatic.

The question is: Do the allegedly excessive rates reflect only inflation and improved care?

Ample proof to the contrary appears in surveys of hospital cases covered by hospitalization insurance. The studies indicate clearly that alarming abuses have cropped up. These take the form of unnecessary hospitalization, prolonged stays for convenience or comfort and excessive use of drugs and laboratory facilities.

The problem remains the same. Whom do we hiss and boo?

Is it hospitals for operating inefficiently? Is it physicians who find it convenient to group patients in hospitals for quick and lucrative rounds of call that require only an hour or so each morning? Is it patients who unnecessarily demand and get from their doctors a hospital bed and costly care? Is it Blue Cross for permitting such known abuses to continue?

Frankly, we suspect the answer to all such questions may be "Yes!"

At least one offered solution appears to be pre-emptive and short-sighted. A bill introduced in the Michigan Legislature suggests a deductible plan similar to auto insurance. The proposal to make subscribers pay for the first day of hospitalization and 15 per cent after seven days no doubt would cut rates. It also would greatly reduce the value of the service. It would not, we believe, strike hard enough at the abuses.

It would, however, seem logical to offer optional plans. Blue Cross has such a plan, in which the patient pays the cost of the first two days and \$2 a day for

the remainder of the hospital stay. The saving of but 16 per cent in premiums does not seem adequate, considering that the average stay is seven days. Blue Cross also is readying a "catastrophe" policy, but if the saving is no greater than offered under the year-old deductible plan it too probably will not be widely popular.

One additional thought stands out prominently. Physicians, through their dealings with patients and because they control both the hospitals and the Blue Cross organization, have failed, in our estimation, to take an active public stand on the abuses under the voluntary hospitalization insurance plans.

Because they are so closely involved in the abuses and because voluntary plans were their answer in a period when socialized medicine appeared around the corner, they should be available to counsel the public. The public wholeheartedly accepted the voluntary plans and should have the wise advice of doctors.

Since Blue Cross is a \$100,000,000-a-year business, the entire problem should be thoroughly examined, calmly, circumspectly and publicly.

## Celebrate Golden Wedding With Open House Saturday

Mr. and Mrs. Frank Peters celebrated their 50th wedding anniversary last Saturday, February 26, with over 117 friends and relatives calling on them during open house to extend their best wishes.

Out of town relatives who attended were their daughters, Mrs. Frank Ryan, Mrs. Maynard Larson and Mrs. Katherine McLeod, all of Flint, and Mrs. Roy Harvey of Beaverton; Mr. and Mrs. Hugh Peters of Detroit.

Mr. and Mrs. Hillier and family of Saginaw, Mrs. Leota Leonard and Chandler of Flint and several from Sand Lake besides a number from this community.

A lovely buffet lunch and punch were served during open house. A beautiful three-tiered cake centered the table.

The honored guests received many lovely gifts.

## Mr. and Mrs. Killewald Observe 50th Anniversary

Mr. and Mrs. Matthew J. Killewald, former Mt. Clemens residents who now make their home at Sand Lake, recently celebrated their golden wedding anniversary at a party arranged by their children.

Sunday morning they attended services at St. Peter's Roman Catholic Church, Mt. Clemens, where they had been married on February 27, 1906, by the Rev. Fr. C. J. Kennedy.

After the service, they were honored at a breakfast at the Moravian Drive home of their son-in-law and daughter, Mr. and Mrs. Reuben Wolf. Twenty-five members of the family were present for the dinner held later at the La Verne dining room in Washington, Michigan. The day's activities were climaxed by a reception at the home of their son, Kenneth Killewald of Roseville.

The Killewalds have six children, Mrs. Wolf and Mrs. Jackson Penning, both of Mt. Clemens, Matthew J. Killewald Jr. of Bay City and Mrs. Walter Kimmerly, Mrs. Arthur Baxter and Kenneth of Roseville. There are six grandchildren.

This year will be a real anniversary time in the Killewald family as three of their daughters and their husbands will be marking silver anniversaries. The honorees will include Mr. and Mrs. Wolf, Mr. and Mrs. Kimmerly and Mr. and Mrs. Penning.

## DWARF FRUIT TREES FOR HOME ORCHARDS

Dwarf fruit trees are the wonder trees for the home orchard. They are practical for the home garden because they take up little space and several varieties of dwarf trees can provide tree ripened apples, peaches and pears over a long season. Stark Earliest, a delicious red apple, is ripe for eating and cooking at cherry picking time. The Earl Golden Lodi ripens about the time of the Yellow Transparent but is superior in keeping qualities.

Other seasonal varieties are: Early fall—Summer Champion, Wealthy, Stark, Jon-Grimes, early winter—McIntosh, Stark Red Gold, Jon-A-Red, Northern Spy, and late winter keeping—Starking Delicious, Stark Golden Delicious and Scarlet Starnard.

The dwarf pears available are: Starking Delicious, Bartlett, Lincoln, Duchess, Fame, Seckel and Anjou. Dwarf peach trees can be obtained in the following varieties: Early White Giant, Starking Delicious, Burbank July Elberta, Stark Early Elberta, Hal-Berta Giant and Stark Late Gold.

Dwarf fruit is exactly as delicious as large as that of the standard stock. They often begin bearing the first or second year after transplanting. The planting distance is 10 feet compared to 20 feet for the standard trees. Six dwarf trees can be planted on a 10 by 20 foot lot. The mature height is 8 by 10 feet, a feature that makes it easy for spraying and harvesting.

Six or eight trees of various varieties will provide the family with tree ripened fruit from cherry picking time until late fall and an abundant supply for winter storage.

The Clark Farm Store of East Tawas can give assistance in selecting and ordering the most satisfactory varieties. —adv.

## Iosco Chapter Met Last Friday Night

Iosco Chapter, Order of Eastern Star, East Tawas, met at the Masonic Temple last Friday evening with Worthy Matron Vergil Butler presiding.

The following officers passed proficiency tests given by the worthy patron, Glenn Hughes: Betty Smith, LeAra Carlson, Marian Rose, Helen Hertzler, Ruth Stump and John Smith.

Donations were given to the United Nations Pilgrimage sponsored by Baldwin Lodge, IOOF, The American Red Cross, The American Cancer Society and to the Masonic Temple Fund.

The officers of the chapter in a ceremony presented the worthy matron with a shower of cards and gifts in celebration of her recent birthday anniversary. The presentation was made by Associate Matron Marie Hennigar and presentation of the birthday cake by Associate Patron Robert Harmon.

The next meeting of the chapter held April 6 will be a 6:30 pot-luck dinner and an Easter parade of homemade hats by members after the meeting.

Refreshments were served by the following committee: Vergil Butler, Edna Hughes, Minnie Chandler and Cassie Parker. Tables were decorated with green candles and a large green shamrock centerpiece in styrofoam.

## Gordon Hatch Speaks at Garden Club Meeting

The Tawas City Garden Club met at the Iosco County Building on Tuesday, March 6. Roll call this season.

Gordon Hatch, Michigan Soil Conservation Service, gave a very interesting and educational talk on bees. Each member will have more respect for bees from now on.

A drawing was held for two African violets donated by Mrs. Florence Moeller and were won by Mrs. Anna Kasischke and Mrs. Molly Krumm.

Ceylon will receive \$5,000,000 in United States economic aid this year despite her sales of rubber to Red China.

March—Slip cover workshop in Wilber community.

Tuesday, March 13—Laidlawville Home Demonstration Group meeting.

Requests for plat books and information about plat books are continuing. Have you decided to place an order for one or more?

You can both individually by contacting the Extension Service office or Harold Black, Remember, too, there are attractive discounts on orders for quantities of books. Organizations can use this to a real advantage by pooling requests of members for plat books and putting the discount amount in their treasury.

Home Demonstration Groups, 4-H clubs, Farm Bureau, Grange, Kiwanis, Quota, to name a few, are among organized groups that can profit from planned purchase of books. Do it before April 15.

## Members of E-Z-Do-It home demonstration group in Wilber Township will soon begin their slip cover workshop.

Those interested are busy collecting supplies and selecting material. It will be a workshop, but a fun shop, too, for it is interesting to see the "blocks" of material develop into a complete cover.

Always something new is being added to the opportunities for training at Michigan State University. This month a new two-week short course is being offered. It is called a meat retailer short course and planned to give both new and experienced personnel the important phases of modern meat merchandising.

Students will learn about meat pricing, new merchandising and cutting methods; packaging of meat for self-service; display of both service and self-service meats; proper meat buying, storage, and handling techniques. A

new field of pre-packaged frozen meats will be explored.

Dates for the course are March 19 through 30. Anyone desiring further information is asked to contact the Extension Service office, phone F0rest 2-3751.

An entertaining as well as helpful experience was the adult recreation training school at Standish last week. Iosco folk representing Home Demonstration, 4-H Club, Farm Bureau and Grange organizations were: Mrs. Howard Mott, Mrs. James Mielock, Mrs. Harold Siegrist, Mrs. Pat Nardizzi, Mrs. Gordon Helmbold, Mrs. Ira Scofield, Mrs. Steve Kolonich and Mrs. Arnold Pomerantz.

These women, as a county recreation committee, want to help representatives of more Iosco County organizations have an opportunity to share the ideas they learned at the school.

Mrs. Glen Schlaack, dietitian

at the Tawas Hospital, will be among the 20 selected trainees enrolled in the first 10-week course for food service supervisors of Michigan hospitals.

After almost two years of planning, the Michigan Hospital Association and the Michigan Dietetic Association, working with Michigan State University, have designed this course.

Beginning March 5, nine weeks will be ended on May 4. After completion of the course the dietitians will return to their hospitals to apply the training. During six months following May 4 the director of the course will visit and assist the trainees in their own work situation.

Then follows a final week of training at the university after which certificates are presented.

The course is a practical one, including subjects; such as, purchasing, nutrition and menu planning, sanitation, safety, communication skills, food preparation, personnel management and supervisor and job training techniques.

Russell-McGee

Pvt. Donald Russell, son of Mr. and Mrs. E. R. Harmon last Tuesday, February 28, to Miss Doris McGee of Detroit, daughter of Mr. and Mrs. Thomas McGee of Mark Twain Avenue, Detroit.

The ceremony took place at the Highland Park Baptist Church and was a candlelight double ring service. The bride wore a gown of white silk net with white brocade flowers styled in ballerina length. Her fingertip veil of illusion was secured with a crown of pearls and rhinestones. She carried a bridal bouquet of white orchids surrounded with white rosebuds.

Miss Joyce Harmon of East Tawas, sister of the groom, was bridesmaid. Her gown was of light beige lace and net with a bouffant skirt in a darker shade of beige. She wore a headdress of white lace and net and carried a bouquet of yellow roses.

The best man was Jack Vandenberg of Detroit. Orville McDonald Jr. of Tawas City, uncle of the groom, seated guests.

A reception followed the ceremony at the German Lutheran Church on Chicago Boulevard.

For her daughter's wedding, Mrs. McGee was dressed in a navy blue suit with white accessories. Her corsage was fashioned of pink roses.

Mrs. Harmon, mother of the groom, chose a light blue suit with accessories to match and she wore a corsage of pink roses.

The couple left on a short honeymoon at St. Clair Shores and other points in Michigan.

The groom graduated from Tawas Area High School last June and is in the United States Army. He left New York City for Munich, Germany, last Monday where he will be stationed.

His wife will join him in June. Out of town guests at the wedding were from Dearborn, Tawas City and East Tawas.

Ford Wins at Stock Car Racing "Olympics" HERE'S FORD'S RECORD AT NASCAR'S DAYTONA BEACH NATIONAL SPEED WEEKS FIRST in Sports Car Acceleration A Ford Thunderbird set a new record for American production sports cars. FIRST in top speed—class 4 A Ford "Six" took top honors in the Flying Mile for Class 4 American production passenger cars! FIRST in 160-mile Convertible race Ford V-8's took 1st and 2nd place in the National Convertible Championship Race. FIRST in over-all performance Ford won the Pure Oil Manufacturer's Award for the most consistent performance. The Ford V-8 again showed its tailight to all competitors in the "Olympics" of stock car racing at Daytona Beach, Florida. In blazing across the finish line Ford demonstrated once more the sizzling performance that keeps it the largest-selling V-8 in the world. No other car in the field could match Ford for getaway "git"... for straight-away acceleration... for all-around roadability. To see exactly how the other cars trailed behind Ford, see the chart at the top of this page. One of the secrets of Ford's performance is the tremendous torque (wheel turning power) developed by Ford engines. For example, Ford's new 225-h.p. Thunderbird engine develops more torque than any other engine in the low-price field. This means quicker response, smoother running in the kind of driving you do! Just nudge Ford's accelerator and whoosh! You pass in instants when instants count! Ford now offers this mighty 225-h.p. engine with any Ford Fairlane or Station Wagon model with Fordomatic. What's more, these engines are coming off the assembly lines right now! So why wait? Come in today for a Test Drive. Find out for yourself about Ford performance. Find out why Ford is the V-8 with the biggest following! Orville Leslie & Sons Tawas City GREAT TV, FORD THEATRE, Thursday, 9:30 p. m., Channel Five

Friday, March 9—Michigan State University, East Lansing, how to sell our surplus milk, Edward Nelkie, William Heriman, Glen McLeod and Harold Hammond invited to attend.

Monday, March 12—8:00 p. m., soil conservation district board of directors meeting, Harry Krueger, Gerald Bellen, Lyle Long, Lyle Bielby, James Mielock and Max Stouffer, secretary.

Tuesday, March 13—Farm account help clinic, Tawas Township Hall, 9:00-11:30 a. m.; Reno Township Hall, 1:30-4:00 p. m.

Friday, March 23—Michigan Artificial Breeders Cooperative annual meeting at Michigan State University, East Lansing.

Monday, March 26—Advisory Board meeting.

Wednesday, Thursday and Friday, April 4-6—Tourist and Resort workshop at Michigan State University, East Lansing.

I would like to have every livestock raiser hear what Donald Daniels has to say about high quality hay. Donald started his haying about June 16 when there was just a smattering of alfalfa blossoms in the field. He did not have quite enough of his own to put him through the winter. He bought some hay that was the same as his own but put up two weeks later. The result? A loss of one can of milk per day! Excellent roughage is the best feed we can get for our livestock. Incidentally, if you stop over to Donald Daniels' to ask him

how he did his job of haying, take a look at his newly remodeled barn. He saw Joseph Barnes' version of one of our plans and he did a nice job.

Producing beef calves for sale as feeders in Iosco County can be profitable. The margin between income and costs may be rather narrow.

Karl T. Wright of Michigan State University has made a six-year study of beef breeding herds in Iosco County and North-eastern Michigan.

Dr. Wright studies records on 20 herds each year and found that costs averaged \$75 per cow. The average yearly income was about \$82. These figures are based on 1955 prices.

The costs and incomes varied greatly among the herds in the study. The average annual cost, for instance, ranged from \$65 to \$120 per cow. Calf production per cow varied from 200 pounds to 450 pounds by mid-October. Also, net return above costs on the most profitable herd was generally at least \$75 per cow more than on the low profit herd.

After comparing the most profitable herds to the least profitable ones, Wright came up with these suggestions for boosting profits:

Keep as large herd as possible, at least 40 cows.

Feed cows inexpensive roughages and little or no grain in winter.

Study markets carefully and sell where and when prices are best. Ask James Mielock about membership in the Northeastern Michigan Hereford Calf Association.

Get as high quality cows and bull as possible.

Try to have calves born early, March is a good time.

Do everything possible to save a 100 percent calf crop.

Good pasture and proper in-

March 3-11—National 4-H Club Week

Friday, March 9—First clothing training class for 4-H Club leaders.

Saturday, March 10—Demonstration workshops, 10:00 a. m. at Reno Township Hall and 1:00 p. m. at Plainfield Township School.

Yes, that is right, 4-H Club clothing leaders have been happy to hear about the opportunity to learn more and better ways to make the most of their sewing machines in teaching young people how to sew. Mr. and Mrs. Leon Hock at the Singer Sewing Machine Shop are joining the state-wide program offered by Singer Shops for 4-H Club clothing project leaders.

First of four classes is planned for Friday, March 9, at 2:00 p. m. in the shop. There, Iosco leaders will be joined by leaders from Ogemaw County for the two-hour class.

Latest count shows 134 boys and girls in 83 families enrolled in 4-H Clubs this year.

Is there such a club for young people in your community? If not, why not? Here are a few of the accomplishments your boy and girl can share in 4-H Club membership:

Hundreds of girls from 10 to 20 years of age participate in 4-H Club clothing projects every year. During 4-H Club Week, displays of finished clothing projects will be made all over the country. National 4-H Club Week is a special occasion for telling about past accomplishments and planning for future ones.

These clothing project members begin by hemming a towel and making one garment; such as, an apron or skirt. In more advanced projects they make a complete outfit for lounging, sportswear, rainwear, formal wear and most any occasion that can be mentioned.

Food preservation goes hand in hand with food production. Members of this project learn to freeze and can foods. They freeze fruits and vegetables and can fruits and tomatoes as beginners. Later on they learn to preserve more foods in more ways; such as, meat, poultry, jelly, jam, pickles and relishes.

Vegetable gardening, a summer 4-H Club project, yields more than \$3,000,000 worth of produce. Members learn to cultivate garden vegetables, grow new varieties and to identify insects and control diseases.

More experienced 4-H Club members learn to judge and identify vegetables.

4-H Club members all over the state and country take part in demonstration and judging contests in addition to doing the projects themselves. Iosco County 4-H members interested in working out a demonstration have an opportunity to help at the workshops March 10 and another to be in April. They will bring their ideas for a demonstration topic, perhaps have it partly completed so they can present a demonstration for suggestions on ways to improve it for the county contest in the summer.

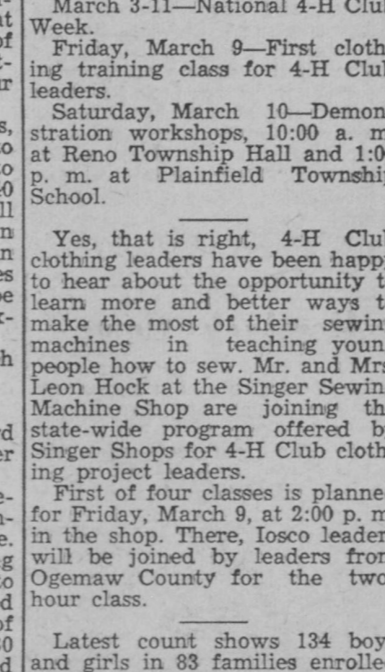

Beverly Cadorette and Geraldine Redfield report meetings of the 4-H Club Girl project on February 27 with the leaders, Mrs. Carl Schauf and Mrs. Claude Wilson. It was the third meeting and demonstrations on proper methods for brushing teeth were given by the members.

"Now we know how to register a gun and laws about how to carry revolvers," Sgt. Frank Roti, guest of the Ottawas Gun Safety project at its regular meeting on February 28, explained all this to members. Three types of guns were passed around so the members could ask questions about them.

Gauge and caliber of rifles and shotguns as well as ammunition were other topics of discussion. The 10 commandments were reviewed to help them "stick in our minds," says Robert Cabbie,

"If this call is for you, too, you're fired!"

### Her hopes are pinned on You!

This woman, marooned by the angry flood waters, has her hopes pinned on you! For it's through you that Red Cross help comes. It is through you that your Red Cross thrives—to help when disaster strikes, when a serviceman needs assistance and when blood or first aid can save a life. Remember—the hopes of millions are pinned on you. You can help by pinning the Red Cross button to your lapel.

More than 2,000,000 employees received a pay increase on March 1, when a minimum wage of \$1 an hour went into effect. Since 1950 the statutory minimum wage has been 75 cents an hour. Approximately 24,000,000 workers are subject to the law, but the vast majority are already receiving more than the \$1 minimum. Snappy remarks are often senseless utterances.

FRANK SMITH FARM PICTURED LAST WEEK

The Frank Smith farm in Reno Township was identified as the "Mystery Farm" in last week's aerial photo contest in The Tawas Herald. Winners in the weekly contest were Arthur Anschuetz, Route 1, Tawas City, and Mrs. Vernon Anderson, Whittemore. Some 17 persons called the Herald office to identify the farm. Each week two free subscriptions are awarded to contestants, along with a five by seven inch print to the owner of the farm. Those who called the Herald office this week are as follows: Harry Goodale, Tawas City; Mrs. Tony Lorenz, Tawas City; Route 1, Thomas White, East Tawas; Helen Klinsner, Tawas City; Arthur Anschuetz, Tawas City; Route 1; Mrs. Olen Herriman, Star Route, National City; Fred Latter, Whittemore; Eva Lee Freil, Whittemore; John Dickey, Whittemore; Mrs. Arthur Povish, Tawas City; Route 1; Mrs. Robert Bischoff, Tawas City; Route 1; Harry Keif, Whittemore; Phillip Watts, Tawas City; Route 1; Florence Dooley, Hale; Mrs. Vernon Anderson, Whittemore; Lester Robinson, Whittemore; Mrs. John Rapp, Tawas City, Route 1.

Osco Red Cross Fund Campaign Starts; Volunteer Workers in All Sections

The 1956 Red Cross drive in Osco County is now underway. A quota of \$3,475 has been set, the highest in the history of Red Cross campaigns in this county. "The response to the call for volunteer workers was most gratifying and we hope to have a most successful campaign," stated Mrs. Charles H. Hill, drive chairman. More than 50 percent of all contributions will remain in the county to carry on various activities. The following ladies are making house to house canvass to help in this important drive:

Tawas City—Mrs. Cecil Cagle, Mrs. Howard Hutton, Mrs. Harold Moeller, Mrs. Hugo Kelsler Jr., Mrs. Clarence Everett, Mrs. Gordon Penman, Mrs. Jack Dodson, Mrs. Albert Ulman, Mrs. Delbert Albertson, Mrs. Joseph Stepanski, Mrs. John N. Brugger, Mrs. Gordon Brigham, Mrs. Steven Ezo, Mrs. Walter Schuhmacher.

Outlying Districts—Mrs. Charles Attwell Sr., Mrs. Harriet Fortune, Mrs. Harold Black, Mrs. Norman Howarth, Mrs. John Reiter, Mrs. Leona Chippis, Mrs. Estelle Smith, Mrs. Jack Prough, Mrs. Richard Colbath, Mrs. Cecil Levi, Mrs. Verne Kindell, Mrs. Edwin Anderson, Mrs. William Sherman.

The nation has 17 banks which have deposits of more than a billion dollars, or more. This is one less than the number of billion-dollar banks in 1955, although the total of deposits is almost \$2,000,000,000 greater than the 18 held at the start of 1955. There were around 250 bank mergers in 1955, both large and small.

Council Authorizes One Additional Police Officer

Action taken by the Tawas City Council Monday night authorized the hiring of one additional full-time police officer for the city police department. Council members also discussed the proposed addition to the municipal water system.

Police Chief George Ruth was authorized to hire a full-time assistant starting February 1. The new officer will be employed on trial basis for one year. In his report to the council, Chief Ruth said that police enforcement should be on a 24-hour, around the clock basis and that there was more to be done than just traffic enforcement. He emphasized the fact that prevention was the most important phase of police work.

Chief Ruth's month-end report for January and February indicated a rise in the number of offenses handled by his department over the same period last year. One of the most important jobs performed by the department is the enforcement of city ordinances.

During the past few months the city police department has trained two men on a part-time basis. The new officer will be named by Ruth at a later date. In other matters taken up by the council, members heard a report from last week's water board meeting which recommended several changes in the proposed addition to the water system. One change suggested was the elimination of a new 150,000 gallon water storage tank, substituting it with a water softening system and meters.

The report was discussed by the council and objections to the plan studied. Further action will be taken on the proposal at a joint meeting sometime in the near future with the water board. City Engineer Clifford Spicer will be present at the meeting with plans for the proposal.

Gordon Hatch and Marvin Davoport appeared before the council and requested information as to the possibility of construction of water or sewer facilities on Eighth Avenue. The two men contemplate construction of homes in that area. The council authorized the city engineer to prepare plans for such facilities in that area. Last fall several streets in the northwestern section of Tawas City, including Eighth Avenue, were bulldozed to allow for the expansion of residential improvements. Plans are now being made to further improve the streets this spring. A building permit requested by John N. Brugger was approved by the council. The permit was for the construction of an addition to Brugger's Market at the corner of First and Lake Streets. Of block construction, the building addition will be 32 by 50 feet and 18 by 20 feet.

CHARLES B. McMULLEN DIED LAST TUESDAY

Charles B. McMullen died Tuesday at his home on the Monument Road near East Tawas following several years of illness. He had suffered a paralytic stroke two weeks before his death. The body was taken to the Evans Funeral Home in East Tawas and funeral services were held last Saturday afternoon at Christ Episcopal Church. The Rev. Richard Jennings officiated. Burial was in the Greenwood Cemetery. Last rites were given by the Tawas City Masonic Lodge.

Charles McMullen was born September 8, 1889, in Wilber Township, the son of the late Mr. and Mrs. John McMullen. He was married to the former Miss Katherine Alford. He was employed by the Reo Motor Car Company at Lansing from 1914 until 1946 when he returned to East Tawas. Mr. McMullen was a member of Lansing Lodge No. 68, P. and A.M.

Surviving are the widow; five brothers, William of East Tawas, Roy of Battle Creek, John, Faye and Walter, all of Flint, and six sisters, Mrs. Margaret Miller of Mt. Clemens, Mrs. Mabel La Fayette of Trenton, Mrs. Millie Smith of Mio, Mrs. Evelyn Anderson of Ferndale, Mrs. Charlotte Schaff and Mrs. Hazel Tait of East Tawas.

SERVICES SATURDAY FOR MRS. GORDON EVERETT

Funeral services will be held at Christ Episcopal Church, East Tawas, Saturday afternoon at 2 o'clock for Mrs. Gordon Everett, who passed away Wednesday morning at her Tawas Beach Road home. Mrs. Everett had been a patient at Mercy Hospital, Bay City, for six weeks, returning home two weeks ago. Vera Bailey was born July 30, 1909, in Pennsylvania, coming here in 1947 where she and her husband operated a resort business until 1952. Prior to that time she had been an employee of the Detroit Times for 10 years. She is survived by her husband, Gordon Everett, vice president and manager of Ottawa Equipment Company; a daughter, Mrs. Patricia Haglund; son, Gary Everett; mother, Mrs. Robert MacFarland of Detroit; a brother, Charles Bailey of California, and two grandchildren, Richard and Robert Haglund.

She was a member of Christ Episcopal Church, St. Ann's Guild, St. Luke's Fellowship and Tawas Hospital Auxiliary. The Rev. Richard P. Jennings will officiate at the funeral services and burial will be in the Greenwood Cemetery in East Tawas.

The family requests that flowers be omitted but donations can be sent to the Christ Episcopal Church Memorial Fund.

Salary Increase for Tawas Area Teachers

Salary schedules adopted by the Tawas Area Board of Education revealed Tuesday that \$3,750 was the starting salary for beginning teachers with a bachelor degree and ranged to \$4,900, the salary for teachers with 10 years experience. This increase is in contrast to the \$3,800 base salary of 1955-56 and a maximum of \$3,100 which a teacher could earn last year with eight years experience. Teachers without degrees will receive the \$3,750 base less \$10 per hour for hours they lack to earn a degree. For experience they will receive a percentage of what a teacher with a degree would receive according to the number of hours they have earned toward a degree. The maximum salary for a non-degree teacher is \$4,000.

The teacher with a master's degree will receive \$400 additional salary and \$10 per semester hour is given for graduate work applicable on a master's degree for up to 20 hours.

Heads of families with children in school or younger are given \$200 in addition to the salary schedule.

"This increase in salary brings Tawas Area Schools in line with other schools of comparable size in the state," stated Supt. Reznick Mick. "The schedule should help Tawas Area attract and keep good teachers." Contracts are now being distributed and teachers are asked by Mr. Mick to return them by April 1.

Judge Smith Addresses American Legion Auxiliary

A meeting of the Audie Johnson Unit was held at the American Legion Hall, East Tawas, Monday evening. The program was on child welfare and Pan-American study. H. Read Smith, probate judge, spoke on child welfare handled by the courts. He discussed child service of the probate court and how cases are handled in reference to delinquents, child health, crippled children, both mental and physical and foster care for neglected children. His remarks were interesting and enlightening. Mrs. Grace Misener, chairman of child welfare, introduced Mr. Smith.

Mrs. Ruth Stump, chairman of Pan-American study, discussed the country of Haiti, its history, customs, government, etc., and illustrated her remarks with interesting pictures of the country and its people. At the business session presided over by Mrs. Evelyn Price plans were made to celebrate the American Legion post's birthday with a dinner and program on March 18.

The following donations were made: \$50 to the United Nations Pilgrimage for youth, \$20 to the American Red Cross and \$5 to the education of Korean children which will take care of the education of one child for one year. After the meeting the following hostesses served refreshments: Ada Freeland, Cassie Parker and Ann Porter. Tables were beautifully decorated in St. Patrick motif with green candles in crystal holders, shamrock decorated green nut cups and a shamrock plant centerpiece. The St. Patrick theme was carried out in the refreshments.

Isn't it funny how little value other people put on your time? Experience is rarely valued by those who need it most.

MORE PUBLICITY FOR PERCHVILLE

Although ice fishing in this area is nearly finished for the season, Perchville, the popular ice fishing village on Tawas Bay, received another publicity boost this week. An article in Greyhound News, published by Great Lakes Greyhound Lines, described fishing activities here and at other Michigan fishing spots in a feature story entitled, "You Can't Beat Ice Fishing in Michigan."

The Tawas Chamber of Commerce reported this week that fishing shanties were being taken off the ice at Perchville. The annual spring break-up will probably come within a few days.

The cover of the monthly magazine featured a picture of a local angler, Raymond Ristow, fishing through the ice. The photograph was by Neil Thornton, Tawas Herald photographer. Two other pictures snapped at Perchville were used.

The magazine is distributed to employees of Great Lakes Greyhound Lines and Eastern Canadian Greyhound Lines.

Without a doubt the most publicized attraction at the Tawas, Perchville has received a great deal of publicity during the past few months. It was featured New Year's Day over a nationwide television network.

It contains instructions for many delicious dishes. Ask for your copy of "Selected Southern Recipes".

FUEL GAS COMPANY OF THE TAWASES. Phone FO 2-3091. On US-23---Tawas City. Gen. Maxwell D. Taylor, army chief of staff, shown before the military operations subcommittee of the house of representatives, testified that he has directed that all active army officers take a course in martial law. The purpose, he said, was to prepare the army to handle any martial law proclamation in the event of an atomic attack on this country.
