## 14-Year-Old Boy Wins in Art Contest

A charcoal portrait of a classmate has won for Herbert Bamberger, age 14, a top gold key award in an art competition, reported The Royal Oak Daily Tribune, recently.

Herbert's parents are Mr. and Mrs. Neuman N. Bamberger of the son of the late Mr. and Mrs. George D. Bamberger, who lived on the Hemlock Road.

The newspaper article stated that the judges awarded the prize without knowing that Herbert is a victim of cerebral palsy. He is a student in the orthopedic room at Washington School, Royal Oak. His former art teacher entered the portrait in the annual Southeastern Michigan Art Exhibition.

The gold key award is presented to top winners in the regional exhibitions. The award winning works are sent on to Carnegie Institute in Pittsburgh for national judging.

"He was so excited about winning," said his mother. "We are very pleased for him. He is always drawing something, but he is kept busy with his school work, so he does not have much time to draw at home."

## Women's League Sponsor Korean Children's Education

During the business session, the group voted to sponsor the education of two Korean children for one year.

Mrs. Robert Richter directed several enjoyable games during the social hour. Prizes were won by Mrs. May Barkman and Mrs. Olive Barnett.

1. BECAUSE it is prepared to report and photograph news of your community as it happens.
2. BECAUSE it is a legal medium through which your city, township and county notices, regarding things which affect your pocket-book, are published.
3. BECAUSE it keeps you posted on all official actions by your board of education, school administration; it reports plans of official bodies which have the authority to levy taxes against your home, business or industry.
4. BECAUSE The Herald is your Shopping Guide, carrying the merchandising messages of bargains offered by your local stores, which saves you time and money by providing you an opportunity to prepare your shopping list in advance.
5. BECAUSE it provides a common meeting place for every reader in your shopping area where community affairs can be discussed and ideas exchanged to benefit all.
6. BECAUSE it sponsors, supports and boosts every worthwhile community project, including those of charitable nature, giving to community leaders the aid and support which they must have in order to keep the community abreast of the times in carrying out the responsibilities of a collective or social nature.

ANY member of a community who does not read the local newspaper is sadly uninformed on: CHURCH AFFAIRS, SOCIAL EVENTS, SCHOOLS, TAXES, GOVERNMENT, POLITICS, and ALL Co-operative Community Projects.

Legislative News Letter

From the Desk of James P. Mielock, House of Representatives, Lansing, Michigan.

Daily calendars of bedsheet proportions are making their appearance now as the committee, with their sights set on the March 29 deadline for reporting bills in the house of origin to the floor, are working feverishly to get their bills out.

Among the many bills considered and acted upon by the house in the past few days are three bills of particular interest to all of the people regardless of where they live in the state. These bills are House Bills 10, 11 and 12, which the house approved with only three dissenting votes. They provide for a new and much more satisfactory approach to the handling of the sex deviate.

HB 10 gives the judge, after conviction, discretion to sentence the defendant to an indeterminate term, the minimum of which shall be one day and the maximum, life. This will enable a dangerous sex deviate to be incarcerated on the first offense until his release will be safe to society, rather than waiting for him to commit one or two more offenses which may be more heinous in nature. This approach has been used successfully in New York for five years after a recommendation by a study committee in that state set up by Governor Dewey.

HB 11 and HB 12 insure that the prisoner's rights in reference to his eventual release, if it be safe to release him, will be adequately protected.

HB 11 requires the judge, before imposing sentence, to obtain expert testimony from psychiatrists from the mental health department.

HB 12 sets up a psychiatric clinic at Jackson Prison (already operating) whose job it will be to rehabilitate the prisoner, give him periodic examinations to determine whether or not he may be released and to give the prisoner the right to petition to the original sentencing court for release. This package of three bills will classify the sex offender as a criminal and will give proper treatment rather than classifying him as a mental case whereby he can avoid all responsibility for his acts.

Under HB 65 which passed the house with a vote of 74 to 27, railroads would be subject to a fine of \$100 for each offense of blocking city streets for more than five minutes at a time.

HB 103 providing that any grain, corn, peas, or beans treated with any poisonous substance, must also be dyed to provide identifications, passed 98 to 0.

SB 1056 permitting use of certified mail in sending probate notices, passed 94 to 0, and was given immediate effect.

HB 113 permitting townships wider leeway in financing road construction, would permit the townships to earmark up to 50 percent of its sales tax and inheritance tax as collateral to build "farm-to-market-roads," won house approval after an amendment was adopted requiring voter approval for the bond issues.

HB 148 providing for the posting by collection agencies of a performance bond in each county where they maintain a location, passed with a 77 to 11 vote.

In HB 198, the court, upon ap-

plication of either party in a bastardy case, may make order concerning the care and custody of child and waive jurisdiction over same to probate court to be handled under dependent and neglected children's act, passed with but four dissenting votes.

Any hope of having reflectorized auto license plates next year, died when the house after having considered HB 23 on general orders and advancing it to its final passage, returned the bill to committee where it is dead for this session. It was

explained this type of plate requires a special metal and steel had been received that the steel has already been ordered for the 1957 plates.

HB 153, expanding the Michigan State Safety Commission membership to include the attorney general and the chairman of the Michigan Public Service Commission, headed into serious trouble and following failure to muster sufficient support to refer the bill to ways and means committee, the bill was overwhelmingly defeated by 47 votes

Calendar—  
Monday, March 5—Home Demonstration Council meeting.

Has your family begun to grumble a little about meals that are monotonous? Homemakers often say this happens during the Lenten season. It should not, though, with the endless variety of cheese, egg and fish dishes which can be made. Yes, they probably require more preparation time than much of our meat cookery, but the results in greater menu variety and eating satisfaction are worth it.

About cheese. There are cheese for main dishes, salads, canapes, desserts, soups, breads, muffins—perhaps you have discovered others already.

Main dishes are legion. Cook books and magazines are full of special recipes to help solve your problems. How about a tuna-cheese casserole, cheese rabbit or pizza cheese pie? Eggs and cheese are a natural base for many casseroles. Broiled fish can be glazed with cheese and no extra sauce is needed. Salad combinations or tomatoes and cheese, grapefruit and tossed cheddar or green salad glazed with blue cheese dressing. Vegetable salads include tomatoes stuffed with cheese and cracker crumbs, then baked. Cheese sauce makes a super-vegetable of broccoli, cauliflower or asparagus. Cheese cake, a cheese tray with apples and pears or cheese and crackers guarantee a different dessert treat.

A big choice of morning, afternoon or evenings for the 14-hour nursing classes in Hale community is giving every homemaker an opportunity to attend sessions at a time most convenient to her.

In visiting with Mrs. Orville Lyke and Mrs. Charles Attwell, two of the five instructors now having classes on Monday, Tuesday, Friday and Saturday, we learn that the interest is keen among the women and the instructors are most enthused about the information they can share with their neighbors. I intend to go to some of the classes myself.

As soon as this series of classes is finished, the instructors will be willing to start others for women who wish to enroll. Ladiesville Home Demonstration Group has already requested a class for its members. That's a beginning for more of these very practical and helpful classes. Who else wants to enroll?

A new type pillow-protector is made of waterproof, oiled silk or rubberized fabric. Closure is made with a slide fastener across the open end. This protector prevents dust from sifting through the ticking. It will be a special boon to persons allergic to dust or bothered with asthma or hay fever.

If I just knew what to expect! How often have you thought or said those words when a new experience or situation arises. For children there are many new experiences that to expect? Can you spare your youngster some of that strain by giving him understanding ahead of time?

You can explain and describe what may happen. Suppose it is to be a train ride. Let the child see a train beforehand. Tell him about what the engine does, how a conductor collects a ticket and so on. Picture books and simple stories help to acquaint a child with new experiences to which he may be looking forward.

Remember, though, the child's sense of time is not adult-like. It is so hard to wait for something to happen. Do not begin explanation and descriptions too far ahead of time.

Pie of the month may well be cherry in March as well as in February. Lots of cherries are to be found on the grocery shelves. There is plenty of lard for luscious pie crust, too.

Salt and fatty foods cause tiny pits in silverware if left on it any length of time. Mayonnaise causes discoloration. You are wise not to leave silverware unwashed for any reason. Rotate the pieces used so all get the same use and care.

# Iosco Farm Bureau Campaign Workers Honored With Banquet

Farm Bureau members of Iosco County celebrated their successful membership drive with a final meeting and banquet for campaign workers held Monday evening at the Grant Township Hall.

Thomas Nelkie, roll call chairman, was the toastmaster. He spoke briefly saying, "Farmers realize that the Farm Bureau program is a great help. They join the organization because of its good record of past performance and a sound program for the future. He stated, the 1956 quota was 256 members and the organization now has 264 with three new groups organized in the county. They are the Townline group, the Alabaster group and the McVior group.

Mr. Nelkie gave special recognition at the dinner to the following members for exceptional work in the membership campaign: Adolph Seigrist, Mrs. Donald MacDonald, Michael Blust, William Sherman, Warren Britt, E. W. Leckie, John Newberry, Waldo Curry, Mrs. K. Pringle, Glenn Long, Mr. and Mrs. Lloyd Newvine, Edward Krumm, Orville Strauser, Ray Cross, Grant Bessey, Lyle Robinson, William White, George Waters, George Lake, Joseph

Barnes, Ernest Dunnill, Richard Blust and Lawrence Ball.

Mr. Nelkie then introduced Fred Reimer, former regional director for Michigan Farm Bureau. He commended the membership workers for doing their part towards the state goal of 70,000 members for 1956, stressing the fact that they know their Farm Bureau, believing in it and accepting it for its value to the farmer, or they could not have sold the memberships they did. He also pointed out the responsibility the county board now has making decisions and working with this new membership.

Lyle Long, county chairman, thanked the workers in behalf of the county board.

Allen and Sarah Prescott sang several numbers, accompanied by Judy Miller at the piano.

A delicious dinner was served by the Iosco County Farm Bureau women's committee. Mrs. William Sherman, vice chairman, was in charge of all arrangements.

## Eastern Star Observes Washington's Birthday

As a traditional custom, Baldwin Lodge F and AM and Iosco Chapter, Order of Eastern Star, and their families and members of Tawas City Masonic and Eastern Star chapter held a 6:30 dinner with a program following at the Masonic Hall on Wednesday evening, February 22, in commemoration of Washington's birthday. About 100 people were in attendance.

After the dinner a program was presented with John Smith, worshipful master, in charge. A slight of hand performance was given by Edward Seifert Jr. much to the enjoyment of both old and young.

Past worshipful master aprons were presented to Earl Hester and Clifford Guyette of Baldwin Lodge.

The speaker of the evening was J. Russell Hughes of Harrisville, Alcona County prosecutor. He depicted the life of Washington as a good mason, an understanding, wise and tactful leader, pointing out his Christian character in all his undertakings through the influence of his mother, Mary, and his wife, Martha.

WITH THE IOSCO—

# 4-H Clubs

By Dorothy Scott  
County Agent

March 3-11—National 4-H Club Week.  
Friday, March 3—Reno Topnotchers 4-H Club openhouse.  
Wednesday, March 7—Laidlawville 4-H Club openhouse.

We are looking forward to the series of get-togethers with 4-H Club members, leaders and parents at the openhouse meetings which begin in March.

It is an opportunity to visit about the 4-H Club program in their community, to help them with the project work being done, to present recognitions for accomplishment.

One hundred thirty-four 4-H Club members are playing a part in establishing a new membership record in Michigan this

year. 4-H Clubs, the largest youth organization in the world, boasts a total enrollment in Michigan of 16,000 boys and girls.

Members of the 4-H Club Girl project met at Mrs. Carl Schaaf's home for their second meeting. The study topic was, "Let's Line Things Up." A demonstration is planned on the care of fingernails. It will be given at the next meeting.

4-H Club members began learning to plan and prepare meals when they are as young as 10 years of age. They begin by learning to prepare breakfasts. That is logical, isn't it? Breakfast is the first meal of the day, and so the first foods project.

Luncheons and dinners are the subject of a second-year project. The third one combines the three meals of the day, and the fourth foods projects teach making bread, cake and pie. Party foods and outdoor meals are still other kinds of food preparation projects.

Dairy projects are one of the most popular in Michigan. In eight to 10 years many young people now caring for their first calf could be well on their way to ownership of a profitable herd.

The project member learns to do while doing. He or she feeds and cares for the calf while it grows up. Records on feed and other costs are kept and when the calf becomes a cow, milk production records are also kept. Many young people use their earnings from these projects in building their own dairy herds, others put it in the bank to help pay for a college education.

Some changes are announced in the Alabaster-Whitney 4-H Club.

The February community meeting was held in the home of Ernest Nash from 7:30 until 9:30 p. m.

Andrea Duquette is moving to Tawas Point and Peter Bolen was selected as vice president in her place. Gary VanOrnum replaced Louise Anderson as reporter. Present were Ronnie McCormick, Judy Brown, Andrea Duquette, Louise Anderson, Ronnie Deering, Robert Erickson, Peter Bolen and Gary VanOrnum.

We hope Andrea will be able to complete the 4-H Club project work she has planned for this year. How about promoting a new 4-H Club in the Tawas Point area?

Are you, or would you like to be, a flower gardener? Joining a 4-H Club and selecting flower gardening as a project, along with several other girls and boys also wanting to raise their own flowers, is the way to learn.

During the first summer, members grow seven or more different annual flowers and three or more different perennials and learn to identify five shrubs.

Each year project requirements increase until each member can plan, plant and care for an entire garden. Working with flowers helps boys and girls learn to appreciate flowers and use them to beautify their homes.

Do you want to join a 4-H Club? National 4-H Club Week, March 3 to 11, is a good time for doing it. Iosco County 4-H Clubs are growing. They need your help and can, in turn help you. Let us hear about your interest in being a 4-H Club member. Write or call the Extension Service Office, Federal Forest 2-3751.

A smiling closeup of President Eisenhower was taken after he received an optimistic report from his physician. Dr. Paul Dudley White, famed Boston heart specialist, reported that the president's recovery was most satisfactory and "no medical reason exists" to prevent him from making his second term decision.

Many thanks to the 37 beef men who returned my questionnaire regarding their interest in artificial breeding for their Hereford cattle. Thirty-four beef men said "no" to the question whether or not this service should be made available. Thanks again for your cooperation.

I see that William Herriman is doing a top job of producing the best quality milk for consumers. He recently received his blue ribbon certificate for the fifth straight year. Our compliments to him for an excellent job.

Even with last week's "Jey Friday," I must turn a thought to our vegetable gardeners. Hope these new vegetable varieties do not confuse some of our folks. It may seem as though they no more than get used to the variety names when a new one turns up better. That is progress. "Vegetables are like cars because new models appear every year" so says John Carew, horticulturist at Michigan State University. Growers ought to "test drive" these new varieties with small plantings. Here is a run down on some of the latest vegetable releases.

In cabbages, the big new feature is resistance to yellows. New varieties that feature this are Greenback, a mid-season cabbage with a small round head, Badger Market and Resistant Red Acre. C-C Cross Hybrid is not as yellow-resistant, but is extra early, with heads slightly smaller than Golden Acre.

Stono and Ashley are downy-mildew resistant cucumbers, and Wisconsin SMR 12 is resistant to scab and mosaic.

The only vegetable to achieve All-American rating for 1956 is the Gold Pak carrot. It is very long, slender and adapted for pre-packaging. However, it is not recommended for heavy soils.

New snap beans worth trying are the round-nodded Topmost and Seminoe. Chevert stringless is the de-stringed American version of the green-seeded French variety Chevert Vert.

In tomatoes, Fireball made a hit with many early tomato growers. Others found it overly fruitful due to the warm spring in 1955. Its large, mild fruit on a small bush often ripens in early July. Wiltmaster and Alamo are new fusarium-wilt resistant varieties that ripen late in the Rutgers season. The pear type Red Top has a new fusarium-resistant relative in Roma.

In accord, there are wilt-resistant varieties, and onion hybrids have been developed that can be stored for long periods.

Tender green lettuce developed by S. H. Wittes of Michigan State University, looks promising for winter greenhouse production and very early spring planting.

Many farmers, when looking for alfalfa seed, tend to be wary of buying a bag of seed with a high percentage of hard seed. Hard alfalfa seed is insurance. If the label shows that the bag contains a lot of the hard seed, they look for another one. Well, is this the smart thing to do?

Stephen Dexter of the farm crops department at Michigan State University answers this question with a ringing "No."

Last year, Dexter gathered samples of seed from all the major seed-producing areas and tested the percentage of each kind of seed in the laboratory. Then, all through the growing season he planted test plots of alfalfa to see how various seed performed under actual field conditions.

In the first test, the plots with a high percentage of quick-germinating seed came up more quickly than the other type. Then came a frost, and killed off most of the seedlings. The number of seedlings left among those already up was about the same for both types of seed. But three times as many new seedlings came up after the frost in the hard-seed plots as came up in the quick germinating plots, so that the hard seed came up with a substantial lead for that planting.

Right after the second planting, a heavy rain caused crust to form on the soil, and that was followed by a three-week drought. Neither type of seed could break through the crust. But when rain finally came, it was the hard seed that germinated.

Under favorable circumstances, the yield is about the same, but if bad weather hits your alfalfa seedlings, hard seed can be a pretty good insurance policy.

State Trooper Harry D. Boyd holds the scarf in his right hand and a shoe which were instrumental in finding the body of Thomas L. Clark of Harvey, Illinois, Massachusetts Institute of Technology student. Young Clark, missing since last week, after participating in a fraternity initiation stunt, apparently wandered onto thin ice covering a reservoir near Cambridge, Massachusetts. Frogmen located the body about 150 yards offshore in below freezing water.

The human race is mysterious, partly because of the number of people who say one thing and mean another.

### Tawas Area Braves End Season Friday

The Tawas Area Braves dropped two basketball games during the past week, losing to Beaverton, 52-60, last Tuesday night, and Bay City Visitation, 79-69, last Friday night. The Braves will wind up the regular season schedule this Friday night when they play at Bay City St. Stanislaus.

Tawas started off slow in the Beaverton game, trailing the Beavers by a 36-12 score at half-time. In the second half the Braves were sparked by Bublit, who replaced Lepard at center, with 17 points. Good passing and pressing by the locals narrowed the score at the final whistle. Gorvitz topped Beaverton with 21 points.

The Tawas JV squad lost to Beaverton by a 36-29 score. Bill Mick led his Tawas mates with 10 points. Slow in getting started, the Tawas JV's scored only 11 points in the first half against the Little Beaver JV. High for the winners was Smith with 12.

In the Visitation tilt, Tawas was again paced by two sophomores, Guyette with 22 points and Bublit with 20, in a losing cause. The Braves held their own in the first half, the score at the 15-minute quarter reading 34-31 in favor of Bay City. But in the second half Visitation scored 48 points to win easily.

The Tawas JV's salvaged one game out of the four contests when they dropped Visitation 64-49. Bublit, Durand, and Jud Austin, who each garnered 21 points, Tawas cut loose with a heavy scoring barrage in the second half to walk away with the win. The halftime score had read 32-31 in favor of the Braves.

### WHITTEMORE JUNIORS TIE FOR LEAGUE LEAD

Whittemore Cardinals Junior High basketball squad tied the Augres Wolverines for the first place in the Huron Shore League last Wednesday night at Augres with a thrilling 26-25 win.

With the lead changing hands several times, the little Cards won on the short end of a 25-24 score with but seconds to go when Jerome Drewicki of Augres awarded two free throws. He calmly sank the first one to tie the score and then after a time out made good the second charity toss for the winning point.

Pommerville led the scoring for Augres with 12 points, Auricher led the Cards with nine. The Cardinals girls also won a close 35-33 decision to finish their season. All of the Whittemore scoring was done by Wilson and Pavlik with 18 and 17 points. Five girls shared the scoring for Augres. Doreen Drowicki had 15 points, followed by L. Proulx with eight, Christie six, Cameron two and V. Proulx two.

Whittemore Cardinals basketball game with Harrisville-Alcona scheduled for Friday night was postponed because of icy roads and was played at Lincoln Wednesday night, February 29.

### Grange Members Hear of Farm Income Reduction

Farmers income is greatly reduced according to 1955 tax reports announced Dornace Bellville in his agricultural report at Monday evening meeting of the Whittemore Grange. About 90 percent of the farmers in Isoco County who were assisted by County Agent Marvin Davenport in making their reports had a net income of less than \$500 last year.

Health chairman, Mrs. Marguerite Aulerich, suggested that members start saving materials now to be used in making bed pads.

The lecturer, Mrs. Anna Thompson, conducted a quiz on Washington Artists. Mrs. Aulerich, Mrs. Louise Sylvester, Mr. and Mrs. John Cobb and Henry Ott, were awarded prizes for their good drawings. Ardith Bellen read "A Letter from Korea" and Ila St. James read "Unwelcome Guest." Poems by Longfellow completed the program. Lunch was served.
