Speaking of baked potatoes—the kind that bake best are those that fall apart when boiled. Northern Michigan potatoes are showing top quality this year, are an economical vegetable, pack good food value under their jackets and are not fattening. Try some.

Store them in a cool, cold place. Remember, pota-toes freeze at about 29 degrees Fahrenheit. About 55 degrees is ideal potato storage temperature and they keep better loosely packd so air circulates.

Postal patrons this coming Christmas season can speed the processing and assure quicker de-livery of their Christmas parcels and cards by availing themselves of various postal services and free postal information pamphlets, Postmaster General Arthur E. Summerfield announced today.

1. This year, for the first time, sealed parcels may be mailed at the third or fourth-class postage rates without labels, notations, endorsements, or hieroglyphics of any kind authorizing the opening of the parcels for postal inspec-tion. Packages sealed with modern

APPORTIONMENT OF BENEFITS

BE IT KNOWN, That I, Richard Elliott, County Drain Commission-South to the point of beginning. Elliott, County Drain Commission-er of the County of Iosco, State of Michigan, have this day apportioned to the Townships of Alabaster, and Tawas, the City of Tawas City, highways under the control of the County and District Road and that I, the said County Drain Commissioner as aforesaid, have also apportioned to the several pieces or parcels of land liable to be assessed for benefits, by rea-son of the construction of the said Drain, the percent of such bene-fits to accrue to each of said par-attached is a description cels on account thereof, and which the property reassessed under the

cordance with such assessment of benefits as aforesaid. Hearing for review of assessments called for November 26, 1956, at Iosco County Court Room at 10 o'clock in the forenoon.

Such apportionments of percent to the said Townships, Cities and Highways, and to the several pieces of land so benefited, has been determined by me to be as follows, to-wit:

WHEAT SOIL BANK

Up to September 28, winter wheat farmers had signed 106, 485 agreements putting 4,335,555 aeres in the soil bank program. This was considerably less than the goal of 15,000,000 acres of which the department hoped would be placed in the soil bank, including coverage on both winter and spring wheat.
