THE TAWAS HERALD ESTABLISHED 1884

408 Lake Street Tawas City, Michigan Entered at the Tawas City Postoffice July 12, 1884, as Second Class Matter, under Act of March 1, 1879

P. N. THORNTON and SONS, PUBLISHERS

Planning a Club Project?

Each year, with the changing of leaves to glorious autumn colors, the organizations of the community resume their activities. In many instances, plans for projects have been completed; but for those groups which are still formulating project plans, here is a suggestion rich in community pride and lasting beauty-The Tawas City Park Development Program.

In a recent issue of the Herald the accomplishments of the two-year-old park board were noted. If you were among the many individuals who enjoyed the recently improved facilities at the local park this summer, you are aware of the changes which have been made. These improvements are costly and the one-half mill tax allocated to the park fund provides only a small portion of revenue for this improvement program. Past improvements, paid in full, have been accomplished through revenue from penal fines and lease rental of the SS Western States, park concession stand and donations from local residents. The Tawas City American Legion purchased playground equipment.

Also noted in this article were plans for future improvements, partitioning the bathhouse, adding more tables and playground equipment, grills, landscaping, installation of drinking fountains.

The smiling faces of youngsters at play against a green grass background overlooking beautiful Tawas Bay creates a rewarding picture. Plan now to provide recreational facilities which are important and necessary to the welfare of the community.

alute

What is a pharmacist?

He is a member of the "health team." His teammates are the family doctors, specialists, nurses and hospital administrators who work for better community health.

He is the "scientist on the corner." He is that unique storekeeper who must have a college degree in pharmacy and pass the rigid examination of the State Board of Pharmacy in order to win the honored title of "Registered Pharmacist." But he does not stop there. Through professional journals and meetings he is up to date on the latest research and developments in pharmacy and medicine.

He is the physician's colleague and trusted aide. In direct contact with drug manufacturers, he helps keep the busy physician informed on the hundreds of new prescription drugs developed each year.

He is the physician's "warehouse." He must stock every drug that may be prescribed by the doctors he serves . . . medicines for hay fever, arthritis, the common cold ... thousands of them. Many resemble one another, but there are no substitutes. The pharmacist fills every prescription exactly as ordered.

He is a good neighbor. He knows and likes his customers.

Two Teams Remain Tied for NEM Conference Lead

NORTHEASTERN MICHIGAN CONFERENCE STANDINGS

	W
Houghton Lake	4
Pinconning	4
Standish	3
Arenac Eastern	3
Gladwin	3
West Branch	2
Roscommon	1
Beaverton	0
Tawas Area	0
Sterling	0

By Earl Haight

In all probability, the winner of the Northeastern Michigan Conference football race will not fin-ish its schedule of games undefeated. With four games gone by the boards, two teams remain tied for the league lead with no losses

-

Lake, in a game where the Flying G's, unless they suffer a letdown, could put a blemish on the Laker's off tackle for 50 yards and the perfect season. Pinny, the other top team in the league, should hold its position, playing winless Beav-erton at home. In other games, Eastern tangles with a revived Heath kicked the extra point and

Roscommon at Roscommon; Standish will be on the rebound at Tadish will be on the rebound at Taing victory.
Was, and West Branch hopes to
have little trouble at Sterling.
In last week's contests, PinconIn last week's contests, Pincondiaguage dromade from the In last week's contests, Pincon-ning dropped Arenad from the ranks of the unbeaten by taking to the air to defeat them, 13-0;
Gladwin, also using an effective air attack, handed Standish its first loss of the season, 19-6;
Houghton Lake had little trouble stopping Sterling for its fourth win of the year, 38-6; West Branch snowed under Beaverton, 33-0, and Roscommon took its first win of the year, knocking off
Houghton Lake scored in every period to easily defeat Sterling. The Lakers scored twice in the first period, the first two times they took the ball in scrimmage, with Harold Mosanko going over from two yards out to tally TD number one, and Phil Kemp going four yards around end to get the second counter. Dave Lee's pass to End John Hasty was good for the extra point on the second score.

Tuesday, October 16-Lamb around the tree to keep the water pool at West Branch, 9:00 a. m. until 2:00 p. m.

The soil should be left loose.

4. Drive an iron pipe or a stake about two feet into the ground and to a height just above the first branches. Tie the tree to the stake with a ground and to a height just above the stake with a garden hose to prevent whipping and loosening of the

evaporation.

Many farmers in Iosco County yould have better luck on yields f they work the soil deep in the stake. roots. A wire threaded through the hose makes it easier to the to the all before planting the following

Wrap the tree with burlap of special tree paper up to the first branches to protect against borers, drying of the bark and sun scald. That was shown in tests by Michigan State University's soil Leave it on the tree for two year The tests showed that on many soils deep tillage—from 12 to 16 nches—with a field cultivator in or two seasons, when it will begin to come off through weathering.

5. Trees and shrubs lose some of their roots during transplant he fall bring the best yields. A ight tillage implement attached to a moldboard plow is all the ing. This means that they cannot feed the same size top, so it is necessary to reduce this top by pruning. Trees or shrubs you receive from a nursery normally need more pruning before transplanting. Cut away one-third of the ide branches, but do not cut the

subsoil taken out. Do not use fer tilizer, as the roots may be burned. Put a mulch of leaves or grass around the trunk of the tree or shrub to hold water and decrease

3. Keep the roots wet before and

during transplanting and soak the soil around the roots. Build a small mound like a saucepan

It's been most gratifying to have folks drop in the office asking about trees for reforestation as Branches should be cut at an inwell as Christmas trees. Our re-tersecting limb to allow the wound to heal. Stubs will not heal and Carlson, Huron National Forest may allow diseases to come into

Carison, Huron National Forest ranger; Gordon Hatch, work unit conservationist, and James Mie-lock, representing our soil con-servation board of directors, con-ducted has stirred up real interest in losco County's future industry— with word and Christene tree to shrub will be planted, watered, fed, braced and pruned for the winter. In the spring, water the tree again and continue pulpwood and Christmas trees. With the federal government, through its ASC program, encourwatering to soak the ground at

Farmers who have a supply of grain and forage to be marketed aging land owners to reforest marginal acres it seems that even the possibilities of tree planting— both farmer and non-farmer. Might I add that under certain conditions most land owners can nual feeder cattle sale at the Al reforest their land at a cost less pena Livestock Yards, 12 miles than \$5 an acre. Ask us about it west of Alpena on M-32, Wednes and we will help you determine whether you can qualify. day, October 10. The local breed-ers will market some 450 steer and

heifer calves and 150 yearling cat trees and shrubs, Harold Schick Michigan State University exten-sion specialist in park manage-ment, will tell our bark manage-tion group of the state of the tle. The following day, Thursday Now is the time to transplant ion group at Gaylord when it nent, will tell our home owners will market a crop of 1,000 calves will market a crop of 1,000 calves and 450 yearlings. A week later, October 18, the Northeastern and gardeners. the trees are in a dormant stage and will not suffer much of a Michigan Hereford Calf Associa-tion, with headquarters at West Branch, will assemble 1,500 shock if they are moved. Here are the five steps for fall transplanting that Schick sug-Hereford steer and heifer calves. The cattle in these three sales

gests: 1. Dig the new hole larger and about two inches deeper than the root system and dig it before you bring the tree to the hole. The shorter time the tree is out of the shorter time the tree is out of the cound the less of a shock there ground, the less of a shock there will be. You can tell how deep the breeding, finish and market qual-ity. The feed lot operators may see the cattle in the pens from oots are by the stem of the tree, r shrub. There will be a distinct hange in the coloring of the stem hange in the coloring of the stem t ground level. 2. Put good top soil in the hole which they will sell the day before the sale. Upon each pen a card will show the consignors name,

the cattle weight as they arrived at the yard, the number of cattle

and their average weight. They will sell at auction starting at 12:00

LIGHTS FLICKER ...

or go out entirely when someone turns on the TV, vacuum or other appliance? If so, it may mean that your home has poor Housepower. HOUSE-POWER supplies the right amount of electrical power for your home and distributes the power where you want it, when you want it. Many homeowners depend on an old-fashioned wiring system to handle their home's ever-increasing needs, therefore, cannot buy or use all the convenient electrical appliances they want. To insure modern electrical living in your home, for the present and the future, have your wiring checked today and brought up-to-date.

River Banks Being Cleared North of First Street Bridge

The Tawas City Council noted with approval the work of beautifying the Tawas River north of the First Street bridge by several property owners of that area. These private citizens have hired a dragline to clean the river botom of trash which has accumulat ed over the years, at the same time cleaning and clearing the river bank. The council urges others who own land adjacent to Ford the river to spend some time on their property. It is a worthwhile project Two losco Students

Phone 20069 701 Third St. Bay City, Michigan

WHEREAS Dwight D. Eisenhower has dedicated himself to serve our Nation in whatever capacity the United States government and the people of the land ask of him in war and peace;

WHEREAS this great soldier and statesman, now serving as President of these United States will celebrate his birthday on Sunday, October 14;

WHEREAS the men, women and children of our state may want to convey birthday greetings to the President and express their appreciation of his dedication to our Nation and for the example he has set of devotion to God, family and his fellow man;

Now, therefore, we, George Myles and Elmer Werth, Mayors of the cities of Tawas City and East Tawas, do hereby proclaim Saturday, October 13, as Ike Day so that birthday celebrations may be observed throughout the cities.

We also invite our fellow citizens to display the flag of the United States on Ike Day and to join together in paying a warm birthday tribute to a great and beloved American, by cooperating in local observances of the day.

In witness thereof, I have hereunto set my hand and caused the seal of the cities of Tawas City and East Tawas to be affixed.

(SEAL)

Done at the cities of Tawas City and East Tawas this 10th day of October in the year of our Lord nineteen hundred and fifty-six, and of the Independence of the United States of America the one hundred and eightieth.

GEORGE W. MYLES ELMER WERTH Mayors.
