PERLITE EXPANDER SET FOR NATIONAL CITY PLANT

At the August directors meeting of National Gypsum Company in Buffalo, New York, the board appropriated funds for a new perlite expander for the National City plant.

In making the announcement this week, Charles Hill, plant manager, said this new equipment will enable the company to meet increased demands for perlite plaster in the mid-west.

NEW DIRT TRACK STARTED AT WHITEMORE

A new one-half mile dirt track, the Ranger Speedway, was opened last month 1 1/2 miles north of Whitemore. Races are held Sunday afternoon at 2 o'clock.

With stock, modified and junkers competing, two more Sundays are scheduled before the end of the season. A trophy race will be held September 30.

The new track was organized by Norman Dorsey, Harry Flanagan and Art Ellico. The land was donated by "Red" Ranger.

Tawas Area Braves Open Season at Houghton Lake Tomorrow Night

Football on Upswing at Tawas Area

With only one more day of practice to polish up his football squad, Coach Howard Adams will pull out all stops as he puts his Tawas Area Braves through another strenuous workout today in preparation for the season opener at Houghton Lake Friday night.

Friday's season opener will not only mark the first time that a Tawas Area team will have participated in the Northeastern Michigan Conference, but will usher in the first game with Coach Adams at the helm. The head coach is a newcomer here this year along with his assistant, William McIntyre. Coach Thomas Pinkowski is in his second year as assistant.

The football picture at Tawas Area High School has appeared to be on the upswing during the past three weeks. Since opening pre-season practice drills August 27, when more than 90 football candidates turned out, the Braves have responded fairly well to instruction by the coaching staff and have shown a lot of interest and good spirit.

The varsity squad was pared down since that time. Tawas Area players not on the first string are now gaining experience on the junior varsity and freshmen squads.

Included among the 25 on the varsity roster are a number of starters from Offensives. By the Braves have Fred Reiser, promising senior half back converted from the line who has shown plenty of drive this season, Guards Bill Butten and Bill DeLosh, Tackle Tyler Braddock and Halfback Jud Austin. The latter is probably the fastest man in the backfield and the five players are the veterans of the unit.

The players mentioned above, along with varsity newcomers who rose from the ranks of last year's JV squads, are Quarterback Ray Guyette, End Ken Bublitz, both juniors; Tackle Don Heenan, Center Jim Saur, both sophomores; Fullback Harry Herriman and End Dave Featheringill, are expected to start as the offensive unit Friday night. Featheringill, one of the starters two years ago, did not go out for football last year.

During a pre-season scrimmage Saturday afternoon with an experienced Alpena Catholic Central eleven, the Braves' defensive squad looked most promising to the coaching staff.

Defensively, the team measures up very well, with a line averaging about 200 pounds. The forward wall is beefed up by Middle Guard John Cybula, a newcomer to Tawas Area, who tips the scales at 260 pounds and towers six feet, five inches.

The rest of the defensive aggregation is blessed with other big boys. Allen Prescott at right tackle, a starter on the varsity last year, weighs about 185 pounds and is a much improved player. Dick Lanski and Tyler Braddock, both hard drivers, will alternate at left tackle. Braddock was a varsity starter last year and Lanski also saw action.

A defensive ends the Braves will have Jim Curry, another big player in his first year on the team. (See BRAVES, page 8.)

Cederberg to Participate in PO Dedication

Word was received this week by Postmaster Martin Kasischek that Congressman Elford A. Cederberg has consented to participate in the formal dedication and open house for the new Tawas City post office set for Saturday, October 6.

Kasischek said that Ralph Wells, special assistant to the assistant postmaster general, N. R. Abrams of Washington, D. C., would also be here to participate in the event, accompanied by Bruce Baughman, district operations manager of Detroit.

The program for the ceremony, scheduled to start at 3:00 p. m. on October 6, is not completed as yet. Mr. Kasischek said Monday. The Tawas Area High School Band will participate in the festivities and there will be a flag raising ceremony.

The attractive new post office building was completed early this spring by Northern Construction Company. New fixtures and equipment were installed this summer. Congressman Cederberg and the two postal department officials will also take part in dedication ceremonies for new post office buildings at Gladwin and AuGres the same day.

LOUIS PFEIFFER RETIRES AFTER 37 YEARS WITH DETROIT AND MACKINAC

RETIRING AFTER 37 YEARS with the Detroit and Mackinac Railway Company is Louis Pfeiffer (center, front row) looking at a certificate presented to him by the company. He was honored at a party given by fellow employees last Saturday night. Shown in the picture are, standing, left to right: N. W. Salsbery, secretary of the company; E. S. Harris, Edward Bortzloff and Emil Lewitzke. Front row, left to right: Theodore Anderson, superintendent of Alpena shop; Mr. Pfeiffer, and Charles Pinkerton, president of the railroad. Mr. Pfeiffer worked in nearly every department at the shops during his 37 years of service and was car foreman at retirement.—Tawas Herald Photo.

Three Motorists Hit Bridge Since New Blacktop Opened

Fast becoming one of the most dangerous bridges in Isosco County for motorists is the one located about two miles east of Whitemore on the National City Road. Since the road was blacktopped in late spring, three cars have smashed into the guard rails.

Although drivers of these cars escaped serious injury, all three of the vehicles were completely demolished. All of the drivers were hospitalized.

Latest person to hit the bridge was Emil Matthies of Sand Lake, who was involved in a crash there Monday afternoon of this week. He is still at Tawas Hospital.

Others who crashed into the bridge this summer were Betty Cates of California on June 24 and Edward Jones of East Tawas on July 8.

Large "slow" signs were posted by the county road commission warning drivers of this dangerous bridge. There is room enough for two cars to pass on the structure, but motorists must travel at a safe rate of speed.

Present at the session were Council President L. G. McKay of Tawas; Roy Trudgen, of Grayling, council vice president; Ted Benton of Houghton Lake, treasurer; Finance Committee Chairman Elwood Bronson of Tawas, and Al Pelouquin, advertising committee chairman, and Frank Davis and James Hall of the EMTA staff, all of Bay City.

East Michigan Tourist Association President James V. Murphy of Detroit and Hugh Giesel, EMTA treasurer, of Bay City were also present. The winter sports council, organized in 1941 to promote winter sports in this section of the state, is a special committee of the EMTA.

Indies Lose Sunday to Black River

Missing a golden opportunity to move closer to the top in Huron Shore Baseball League standings, Tawas City lost to Black River Sunday and erased all chances of being in a possible three-way tie for first place. The two teams had identical 8-3 records going into the game.

In the other important league game, Lincoln defeated Hale for the second straight week, this time by a 3-0 score. The win moves Lincoln into first place with a 11-2 record, as against Hale with a 10-3 record.

However, the league directors still have not decided on the outcome of the protest registered by Lincoln against Tawas City. This game was won by the latter team 2-0, but the losers protested a home run in which a Tawas City runner failed to touch first base. The game is not included in either team's win or loss column.

Hale has one game left in the season schedule, against Oscoda, and should the former league leaders win and the directors rule against Lincoln in the protest, the league would be sent into a two-way tie for first place. Black River is still in the running, too, with two games remaining.

With the possibility of being involved in the race for first place, Tawas City played good baseball Sunday, but not quite good enough, and fell along the wayside among the also-rans. The loss ended a seven-game winning streak for the locals.

Tawas City out-hit the winners nine to seven, but the difference in scoring came in Black River's half of the seventh inning when they combined two hits, a sacrifice and a two-run single to score the winning runs.

The losers had several opportunities to break up the ball game, notably in the ninth inning when they filled the bases with two outs, but the rally ended right there.

Tawas City missed a good scoring opportunity in the second inning, when after two men were out, Westcott and Lorenz both singled. Cavell then singled to right field, but the ball hit Lorenz in the leg and the inning was over. In the fifth inning Westcott and Lorenz led off with two consecutive singles, but the next three batters were retired without a run scoring.

Due credit must be given to the effectiveness of "Lefty" Bromund, winning pitcher for Black River. (See INDIES LOSE, page 8.)

Funeral Services Saturday For Pastor Ernest Ross

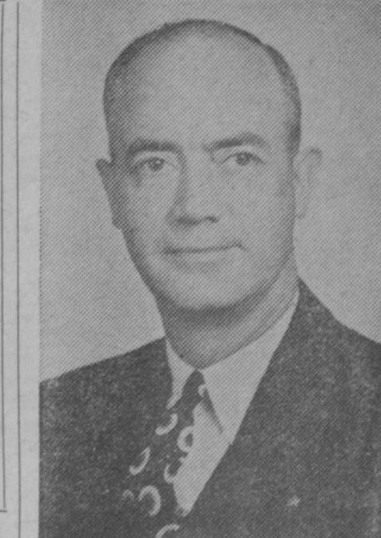

Word was received early Wednesday of the death of the Rev. Ernest Ross at St. Luke's Hospital, Saginaw. Funeral services will be held Saturday at 2:00 p. m. at the Zion Lutheran Church.

The family requests that flowers be omitted but memorial wreaths will be appreciated for the renovating of the Zion school building for the children, or for the Lutheran Home.

Jacques Funeral Home is in charge of arrangements.

Many Accomplishments Made at Tawas City Park

Accomplishments of the Tawas City Park Board during the past two years deserve to be noted by local residents. At present, the financial report of the board shows that it is again operating in the black, which is quite a feat for any governmental agency, large or small, after making many notable improvements during the two-year period.

"It gives me a great deal of satisfaction to see what we have accomplished in the past two years at the city park," stated C. S. Everett, chairman of the board. "Many other improvements are scheduled to be completed this fall," he said.

Projects at the park already completed include: 20 new picnic tables donated by Clute Sheet Metal; raised park level two feet; installation of playground equipment donated by Tawas City American Legion post; completed 450-foot, 42-foot wide pier; completed 100 by 350-foot gravel parking lot with guard rails; installed flood lights; constructed concrete block bathhouse, equipped with sanitary facilities.

During this two-year period, the park board has expended \$25,313 on improvements. At Tuesday night's meeting, the board authorized payment of \$702.64 in local bills and \$2,950, plus interest, for payment of notes.

A check for \$1,500 was received from owners of the SS. Western States as this year's dockage costs to berth the ship at the park dock.

This fall and next year, plans call for brushing out and landscaping of Crocker Park in the Third Ward. This property was turned over to the city by N. J. Crocker when he established the Elms Subdivision.

Other plans this fall include the addition of picnic tables, grills and playground equipment and work on other city-owned parks, plus partitioning the bathhouse, more

National Scout Director to be Hale Visitor

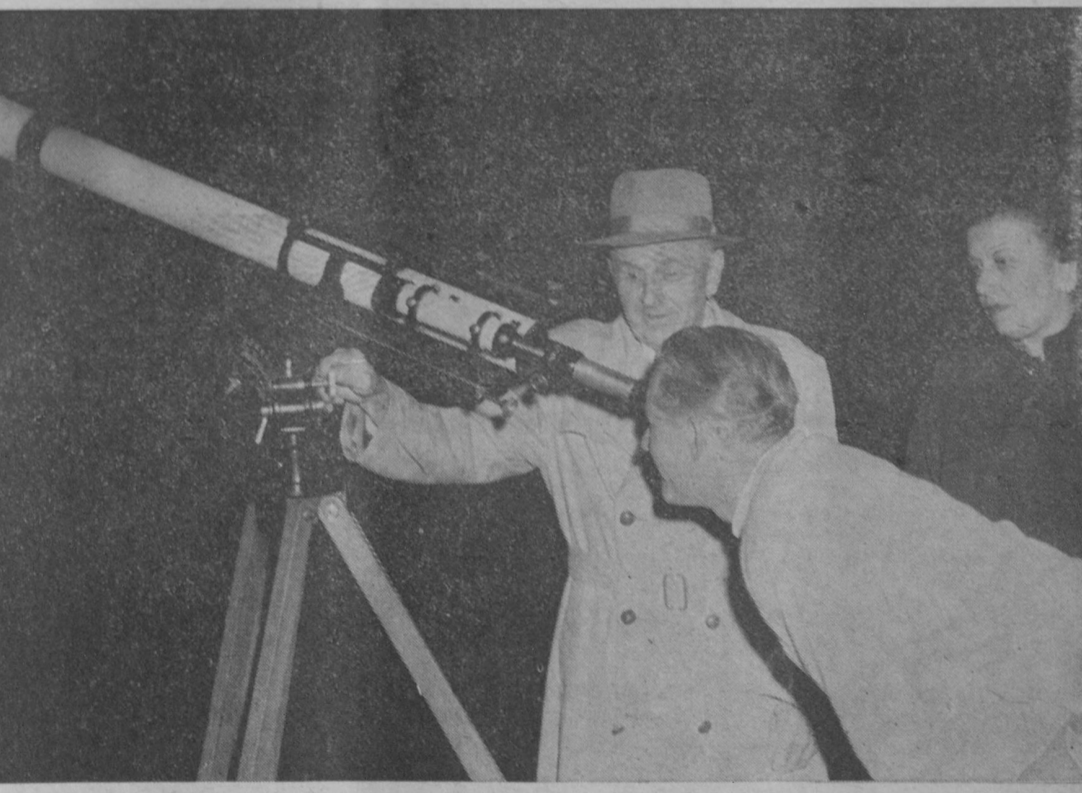

Hale is being honored September 19 by a visit from the assistant national director of rural scouting, Charles S. Griffin. People interested in rural boys from all over the five counties of the Northern District, Paul Bunyan Council, Boy Scouts of America, are being invited to discuss with Mr. Griffin the extension of the Boy Scout program, especially to the boys who live in the open country.

Eugene B. Kelly, chairman of organization and extension for the Paul Bunyan Council, states that Mr. Griffin plans to encourage the use of the Lone Scout plan and the Neighborhood Patrol idea where there are not enough boys for a Boy Scout Troop or Cub Scout Pack.

Mr. Kelly is particularly interested in having present at the meeting key rural people; such as, township supervisors, school teachers, rural ministers and letter carriers, leaders in Farm Bureau, Grange, 4-H Clubs, veterans organizations, service club and women's groups.

The meeting will be held at Hale Area High School, 6:30 p. m., Wednesday, September 19, with a pot-luck dinner. Those wishing to dine should bring table service, sandwiches and one dish to pass. Coffee will be furnished by the Hale Boy Scout Troop Committee.

Gordon Helmbold, superintendent of schools, is in charge of arrangements. The program will start at 7:45 o'clock for those who do not wish to come to the dinner. Presiding at the meeting will be William D. Lyon, Standish, chairman of the Northland District. Mr. Griffin will be introduced. (See SCOUTS, page 8.)

William H. Dickman focuses telescope on Mars—35 million miles from earth.

Observe Mars Through Midland Man's Telescope

Astronomers throughout the world are focusing their telescopes on the planet Mars, now at a point in space just over 35 million miles away, or about as close as it can come to earth. A number of people of the Tawas area had a good opportunity to view this planet last week-end when an amateur astronomer from Midland visited East Tawas.

William H. Dickman, whose regular work is in connection with the physical research laboratory of the Dow Chemical Company, has been staying at the Tawas Inn as guest of Mr. and Mrs. Elwood Bronson, observing the planet during its close approach to earth and making observations of other starry objects.

Mr. Dickman said that the air is clearer here than down in the Saginaw Valley, where so much smoke and haze from industrial plants saturate the atmosphere. Local people were invited to look through Dickman's telescope, which is a refractor with a three-inch objective lens. Some of the dark, hazy markings and the white "polar cap" were more or less visible on Mars through the instrument, depending on the condition of the earth's atmosphere which can, at times, interfere with high power telescopes.

After centuries of study, man's knowledge of Mars is still quite meager. The planet can be seen clearly enough to distinguish definite surface features and astronomers believe that the reddish continents are vast sandy areas. Mars will make its next close conjunction with earth in 1971. Astronomers are getting their best chance to view the planet since 1924 and it will be a very bright stellar attraction during September and into October of this year. Mr. Dickman is a Fellow of the Royal Astronomical Society, London, England; a Fellow of the Royal Canadian Astronomical Society; a member of the British Astronomical Association, and also a member of the Detroit Astronomical Society. He has been interested in the science since a young man and during certain semesters teaches astronomy at Bay City Junior College. He is a member of the Freeland Lions Club. His work at Dow Chemical Company is in industrial art and design.

Two Personal Injury Accidents Reported

Two personal injury traffic accidents on Isosco County highways were reported by Michigan State Police this week.

A 29-year-old Pigeon man, Allison D. Rapson, received minor cuts and bruises about the head and face last Tuesday when his car struck the south approach of Five Channels Dam and rolled over, knocking down four guard rails. The driver was issued a summons for reckless driving.

Two men were hospitalized early Sunday morning when the car in which they were riding rolled over on the Sand Lake Road, south of M-55. Treated for minor injuries at Tawas Hospital were Waldo L. Curry, 72, Route 1, Tawas City, and Matthias Jordan, 78, National City.

Investigating officers said that the two men were pinned in the car after the mishap and could not move. A wrecker lifted the car so the doors could be opened and the occupants removed. Mr. Curry was the driver.

Carter Gospel Team to Appear at Youth for Christ Group Meet

Evangelist and Mrs. Carter and Miss Thumith

Tawas Area Youth for Christ will meet this Saturday, September 15, at the Tawas City Baptist Church. This meeting will start at 8:00 p. m. The program for this month will feature the "Carter Gospel Team." This unusual group is America's only full time interracial and interdenominational musical gospel team. The musical trio consists of Evangelist and Mrs. Edward Carter and Miss Thumith.

Both the Rev. and Mrs. Carter hold A. B. degrees in theology and Mrs. Carter is an outstanding organist and pianist who served several years as an instructor in music in a New England Bible College. Her vocal range, spanning over 2 1/2 octaves, has been an inspiration and blessing to all who have heard her sing.

Mr. Carter, better known as "Eddie" in evangelical circles, is an inspiring song leader as well as a strong evangelical, Bible-centered preacher.

Miss Thumith accompanies the Carters as they sing solos and duets.

The Carter Gospel Team will also be at the Tawas City and Hemlock Road Baptist Churches on Sunday, September 16. The services will be Tawas City Baptist Church 10:00 a. m., Hemlock Road Baptist Church 11:30 a. m.; Sunday evening at the Tawas City church at 8 o'clock.

Christian Science—

Divine Mind's triumph over the forces of materialism will be set forth at Christian Science services Sunday in the lesson-sermon entitled "Matter."

Accounts of divine power and healing—including Joshua's victory at Jericho and Christ Jesus' walking on the sea—will be among passages read from the Holy Bible.

From "Science and Health with Key to the Scriptures" by Mary Baker Eddy the following passage will be read (139:4): "From beginning to end, the Scriptures are full of accounts of the triumph of spirit, mind, over matter. Moses proved the power of mind by what men called miracles; so did Joshua, Elijah and Elisha."

The Golden Text will include the following (Psalms 81:10): "I am the Lord thy God, which brought thee out of the land of Egypt."

GAS REFUNDS—

The Internal Revenue Service reports that only 400,000 of an estimated 3,000,000 eligible farmers have applied for refunds on taxes paid on gasoline used on farms during the first six months of 1956. The deadline for filing is September 30. Congress approved a bill last spring authorizing refund of the two-cents-a-gallon federal tax on farm gas and Diesel fuel. On July 1, the federal tax on gasoline and Diesel fuels went up from two cents to three cents a gallon. Therefore in the fiscal year ending next June 30, farmers will be able to claim three cents a gallon for fuel used on farms and for farming purposes.

NEWS ABOUT JOSCO SERVICEMEN

LT. EDWARD S. DAVISON

Edward S. Davison, son of Mr. and Mrs. Edward S. Davison, 514 West Bay Street, East Tawas, recently was commissioned a second lieutenant in the infantry after being graduated from the Officer Candidate School at Fort Benning, Georgia. Lieutenant Davison entered the army in November 1954 and received basic training at Fort Leonard Wood, Missouri. He was last stationed at Fort Hood, Texas. The 19-year-old soldier was graduated from Tawas Area High School in 1954.

The regular army recruiting commander, SFC John C. Smith, 216 Federal Building, East Tawas, announced today that Miss Geraldine Nellie Worden, Route 2, Whittemore, enlisted in the Women's Army Corps for training in the medical field.
Miss Worden graduated this year from the Whittemore High School where she played on the girls' basketball team for three years and had also found time to participate in three school plays including the senior play.
She is planning to continue studying towards a college degree by enrolling in the army correspondence courses and participating in the off-duty studies at colleges located near her army stations, both overseas and stateside.

Geraldine is particularly happy over the prospect of overseas travel and will attempt to get an overseas assignment as soon as possible after her training and the completion of the required one year stateside service.
Miss Worden's parents are pleased that their daughter successfully passed the high mental, physical and moral standards required of the Women's Army Corps applicants because Geraldine has been planning toward this attractive career ever since

Care of Books To be Explained To School Students

To open its program of service to the schools of Iosco and Arenac Counties, staff members of the Iosco-Arenac Regional Library will talk to the children on the care and handling of books.

They will explain and demonstrate to the students the correct way to handle, open and place a book, and also show them the results of improper handling and care.

The importance of books being friends will be emphasized, and that as friends they should receive the finest of treatment for bringing us so many hours of pleasure to their readers.

Approximately 8,000 books were repaired during the summer and are now ready for fall distribution.

Because grade pupils are familiar with Munro Leaf's famous "Watchbird," it has been chosen as guardian of the books, and a "Watchbird" poster will be hung in each schoolroom to remind the boys and girls that their help is needed.

The children thus become good friends of the library and it is felt that damage will be lessened by their cooperation.

Collections in branch libraries have been supplemented to bring new and interesting reading materials to all patrons and Miss Leonora Hass, director of the regional library, announces that plans are now underway for the annual book fair to be held in November.

Watch for book fair news at a later date.

Bischoff-Burkett

In an evening ceremony officiated by the Rev. E. E. Bickel at the Zion Lutheran Church on Saturday, September 8, Miss Florence Jean Burkett became the bride of Waldemar W. Bischoff Jr. of Tawas City.

Bouquets of white chrysanthemums and white gladioli adorned the altar for the 7:30 rite. Miss Betty Wendt was organist.

All parents of the bride are Mr. and Mrs. Walter Burkett of West Branch. The bridegroom's parents are Mr. and Mrs. Waldemar Bischoff Sr. of Tawas City.

Given in marriage by her father, the bride chose a floor length gown of net and lace. Lace applique banded the full hooped skirt and highlighted the scalloped decollete neckline and cap sleeves. She carried a bouquet of white roses.

The maid of honor was Miss Florence Sess of Turner. Miss Arlene Bischoff, the groom's sister, Misses Betty and Rosemary Burkett, sister of the bride of West Branch, Miss Nancy Pointer of West Branch and Miss Nancy Hager of Gladwin were the bride's attendants.

They wore identical floor length gowns of embossed white nylon over ice blue taffeta. Blue grosgrain ribbon bands defined the shirred tiers of full crinolined skirts and trimmed the sleeveless bodices. They wore picture hats of horse hair encircled with sequin bands. They carried yellow and bronze chrysanthemums and yellow roses.

Best man was Earl Bischoff, brother of the groom. Donald and Wayne Bischoff, Herbert Kobs, all of Tawas City, Gerald Spencer and Kenneth Miller of East Tawas were the bridegroom's attendants and ushers.

A reception was held at the Tawas Country Club for 300 guests. Later the couple left on a wedding trip through Upper Michigan.

Weaver-Lambert

The Methodist Church in East Tawas was the scene of a beautiful wedding on Saturday, September 8, at 2 o'clock when Marylynn Ann Lambert and Earl J. Weaver were united in marriage by the Rev. Ralph Edwards. Marylynn is the daughter of Dr. and Mrs. L. A. Lambert of Crescent Beach, and Earl is the son of E. J. Weaver of Ottawas Beach and Mrs. Harory Major of Royal Oak.

The bride was dressed in beige lace over taffeta, ballerina length, with matching accessories. Her corsage was of golden orchids.

Her maid of honor, Miss Jean Hertzler, wore light blue faille, ballerina length, with matching accessories. Her corsage was of yellow roses.

Darvis Ostrander acted as best man. Ushering were Richard Langtry of Flint and Richard Hertzler. Mrs. William Mooney was organist.

Following the ceremony, a reception for 60 guests was held at Ostrander's Lakeview Grill.

Out of town guests included: Mr. and Mrs. Harory Major and Mr. and Mrs. Robert Memmer of Royal Oak; Mr. and Mrs. Harvey Lambert of Holly; Mr. and Mrs. Charles VanKirk; Mr. and Mrs. Floyd VanKirk; Mr. and Mrs. Kirk Richard and Mr. and Mrs. Jack Richard of Goodrich; Mr. and Mrs. William Loney of Youngstown, Ohio, and Mr. and Mrs. Fred Niles of Detroit.

After a trip through Northern Michigan, the couple will reside in Flint.

ABOUT TOWN

Parents Asked to Help With Physical Training Program

Physical preparedness is being stressed to Tawas Area football players by Coach Howard Adams.

He said this week that he hoped parents of football players would heed the fact that their youngsters should give full effort in this training program. "Parents," he said, "can help to insure the health and welfare of their youngsters by enforcing a 'curfew' at home."

This means in bed for the boys by 11 o'clock during week-days, except two days prior to a game, when they should be in by 10 o'clock. Adams said that he is carrying out strict training rules while the boys are on the field and at school, but parents will have to shoulder the responsibility for enforcing "training rules" at home.

He believes that a good share of his charges are observing these rules, but some are going to have to learn the hard way, possibly at the expense of their own health, unless parents cooperate.

Cribbage Club to Organize September 14 at Fox Hotel

There will be a meeting of Iosco County Cribbage Club at 8:00 p. m., Friday, September 14, at Fox Hotel, East Tawas. All those wishing to join are invited to attend.

Lower Hemlock News Received Too Late

Mrs. John Katterman Sr., Tawas Herald reporter for Lower Hemlock, said in her weekly newsletter this week that she never realized how important her news items were to Herald readers of that vicinity.

A mix-up in mail delivery after Labor Day delayed her letter last week until after the papers were in the mail. She said she received many calls asking about the omission of her news. It was the first time in many years that news of that area failed to appear in the Herald.

Linotype News Editor Notes Herald Modernization

Edmund C. Arnold, editor of the Linotype News, Brooklyn, New York, and contributing editor of The Publishers Auxiliary, said in a recent letter that he had hoped to visit the publishers of the Herald this year during his annual vacation at Tawas, but his youngest daughter had a rather serious accident which resulted in a change of plans. "I do see the Herald, from time to time, and I have noticed a marked and pleasant modernization of it," stated Mr. Arnold. His wife is the former Viola Burtzloff, daughter of Mr. and Mrs. Edward Burtzloff of Tawas City. Arnold is also copublisher of the Frankennuth News.

Pipesh-Draeger

In a candlelight ceremony at 7 o'clock in the evening at the Emanuel Lutheran Church, August 4, Miss Colleen Draeger, daughter of Mr. and Mrs. W. Draeger of Melvor, became the bride of Ronald E. Pipesh, son of Mr. and Mrs. Clayton Pipesh of Whittemore.

The Rev. Leonard Newman solemnized the double ring ceremony before an altar backed with vases of white gladioli.

Wilbert Mueller was organist for the ceremony. Wedding vows were exchanged in the presence of 150 guests.

Given in marriage by her father, the bride chose a gown with long wrist-pointed lace sleeves. The fitted lace bodice had a set-in nylon tulle yoke which was complemented by a Peter Pan collar with iridescent sequins. The bouffant lace skirt floor length was styled with a pleated nylon tulle sunburst on the sides. The lace train was completely lined with nylon net and satin. A bridal veil of imported silk illusion of finger length with imported lace trim was secured to a queen's crown of matching Chantilly lace and adorned with imported seed pearls and iridescents. She carried a garland bouquet of white gladioli.

Mrs. Walter Warringer, sister of the bride, was maid of honor and Mrs. George Blust, sister of the bridegroom, was bridesmaid. Junior bridesmaid, cousin of the bride, was Pamela Rusterholtz of Hamilton, Ohio. Both maid of honor and bridesmaid wore identical gowns of light blue nylon net over taffeta featuring nylon net stole and a halo for her headpiece.

George Blust, brother-in-law of the bridegroom, was best man, and Graham Freel was groomsman. Carl Ulman and Dale Blust were ushers.

For her daughter's wedding, Mrs. Draeger chose a turquoise dress and Mrs. Pipesh chose a pink dress. Both mothers wore white accessories and corsages of pink roses.

A reception followed at Whittemore for 350 guests. Out of town guests were present from Toledo and Hamilton, Ohio; Detroit, Port Huron, Pontiac, Flint, Saginaw, Bay City, Linwood, Sterling, Hale, East Tawas, Whittemore and National City.

The couple will reside at their home in Whittemore.

Past Noble Grands, Attend Thursday Afternoon Meeting

The Past Noble Grands of Irene Rebekah Lodge met at the IOOF Temple last Thursday afternoon. A pot-luck luncheon was served.

Mrs. Pearl Wickert had charge of the business session. Plans were made to purchase curtains, rods and drapes for the dining room and reception hall. To help on expenses a gypsy basket will be sent to East Tawas members, another to Tawas City members and a "Round Robin" letter to members out of the city.

22 Identify Mystery Farm as Herriman Farm Last Week

Twenty-two persons identified the Mystery Farm in last week's Tawas Herald as that owned by Earl Herriman on the Sand Lake Road. Since the picture was taken last fall, the barns were torn down. Winners in the weekly subscription contest were Leonard Bouchard and Howard Autterson, both of Route 1, Tawas City. Others who identified the farm were as follows: L. H. Braddock, Tawas City; Mabel Searlett, Route 1, Tawas City; Victor Herriman, Route 1, Tawas City; Leonard Bouchard, Route 1, Tawas City; Mrs. William DeLosh, Tawas City; Mrs. Harold Goelcke, Tawas City; Mrs. John Searlett, Tawas City; Mrs. Earl Herriman, Route 1, Tawas City; Mrs. Olen Herriman, Route 1, Tawas City; Delbert Albertson, Tawas City. Clare Herriman, Route 1, Tawas City; Mrs. Reno Krumm, Route 2, Tawas City; Stanley Vansickle, East Tawas; Phillip Watts, Route 1, Tawas City; John Smith, East Tawas; Howard Autterson, Route 1, Tawas City; Mrs. Harold Parent, National City; Mrs. Clarence Curry, Route 1, Tawas City; Charles Brown, Route 1, Tawas City; Mrs. John Harding, 501 East Lincoln, East Tawas; Mrs. Elmer Newberry, Bay City; George W. Kohn, National City.

Hosts were Prudenville Commander Thomas McGrath and President Lillian Keiser. Mrs. Ersa Sullivan was chairman of arrangements. A joint installation of officers was held. Mrs. Agnes Thompson of Midland acting as installing officer and Mrs. Nettie Hester of East Tawas, sergeant-at-arms. The new auxiliary officers of the district are: President, Dorothy Harmon, East Tawas; vice presidents, Beatrice Wintroud, Midland, and Shirley Chapman, Blanchard; secretary, Helen Appin, East Tawas; treasurer, Doris Vuhke, West Branch; historian, Doris Hess, Midland; chaplain, Guido Freund, Osoda; sergeant-at-arms, Joseph Sunderland, Big Rapids. In the evening officers of St. Helen and Prudenville Auxiliaries were installed by Mrs. Harmon and the officers of Roscommon, Prudenville and St. Helen Posts by Mr. Marx. Others attending from East Tawas were Mrs. Evelyn Price, Mrs. Grace Misner, Mrs. Nettie Hester, Mrs. Ann Porter and Mrs. Mildred Janowicz.

WITH THE IOSCO—4-H Clubs

4-H Club fair premium checks were mailed September 1. Be sure, 4-H Club members, to cash your check before the end of September. More than \$750 was awarded the 100 4-H Club members who arranged 242 exhibits at the fair in July. This would amount to an average of \$7.50 for each boy and girl. Some received less, others more. Janice Sturtevant, Reno Topnotchers 4-H Club member, was champion prize winner, besides well as owner of the grand champion livestock animal shown in the 4-H Club department. Janice made displays in dairy, 4-H Club Girl, food preparation, clothing, vegetable garden and flower garden projects winning a little more than \$40 in premium awards and completing six projects. Another champion completer of project work is Neva Daugherty with seven projects displayed: 4-H Club Girl, food preparation, dairy clothing, vegetable garden, flower garden and knitting. Her awards totaled more than \$30. And what will become of the premium award money? Janice Sturtevant was telling us that she and her brothers plan to purchase registered dairy calves to help them continue making their best 4-H Club work better. Similar uses will be found by other boys and girls interested in more and better 4-H Club activities. This 4-H Club year is fast becoming history and it is time to look ahead to 1957. Are members, parents and leaders in your community thinking and planning for community club programs, for election of officers, for selection of projects and leaders to help make them possible? Be sure to request bulletins and other information from the county extension service office and provide a list of boys and girls who will be members of the community 4-H Club in 1956-57.

This is the time of year our poultry raisers watch for blue comb or pullets disease. A recent visit with Mrs. Will Waters showed me she is ready with control measures. Mrs. Waters has a beautiful flock of leghorn pullets and blue comb has reared its ugly head. She is using one teaspoon of potassium dichromate in four gallons of water and four percent of dry molasses in the mash for 10 days. The use of an anti-biotic in the mash to ward off losses from blue comb is another control measure. Might I suggest all poultry raisers take steps to avoid costly poultry losses from pullets disease or blue comb.

Iosco County farmers who are bent on subsiding should rent or borrow a subsoiler and make a few passes in the field to see if it does any good before they go all out.

That is advice from Lynn S. Robertson, a Michigan State University soil scientist. He said that research is too limited to have definite recommendations.

Corn yields in Michigan have been boosted by subsiding. Other deep rooted crops like alfalfa or sweet clover should respond to subsiding if there is a hard, compact, dense or impervious subsoil.

Main reason a farmer should make sure about the effectiveness of subsiding before going all out is the cost. The implement costs \$50 and up and takes more power than most farmers have available.

If a farmer is going to subsoil, he should do it in the driest part of the year—normally the latter part of August or the forepart of September. Subsiding is ineffective in wet soil, according to Robertson.

Subsoiling should be deep enough to penetrate the compacted layers—sometimes it is 20 to 30 inches deep. Some can be effective at 15 to 20 inches.

Although subsiding increases the water holding capacity of soil and sometimes improves drainage, it is not a substitution for tile or open ditch drains.

Some companies are making subsoilers with fertilizer attachments which can distribute fertilizer or lime from plow to chisel depth. But the limited research on subsoil fertilization in Michigan has not shown any greater benefit from placing fertilizer in the subsoil than from using the same fertilizer on the surface soil.

More information on subsiding is available in my office.

The conservation reserve program, the long-term phrase of the soil ban act passed by congress last May, offers opportunities for some Michigan farmers, according to Arthur Mauch, Michigan State University agricultural economist. Through the program, land now considered as cropland may be rented for from three to 15 years to the government in return for annual payments. Additional cost-sharing payments will be available if the farmer establishes the land to grass, trees or water storage facilities.

Nothing can be harvested from the land during the period of contract and it cannot be grazed.

Payments are considerably lower than under the acreage reserve program, which takes better acreage with a wheat or corn growing history of production. Under the conservation reserve program the average rental payment in Michigan is \$11 per acre annually for cropland taken out of small grains and row crops. Woodlands cannot come into the program.

The long-range conservation reserve program may have special application to Northern Michigan and Upper Peninsula areas. Mr. Mauch suggests all farmers study the opportunities. Complete information as to how it affects individual farms is available from the County Agricultural Stabilization and Conservation Committee office in the Federal Building, East Tawas.

The deadline for farmers to sign contracts for 1956 payments is October 15. Michigan's goal is to get between 100,000 and 150,000 acres into the program this year.

Cattle may soon have a built-in buffer against the damaging cattle grub which now costs the Michigan livestock industry up to two million dollars a year.

The United States Department of Agriculture has reported tests with feeding and injecting a new chemical that prevents the common cattle grub from developing.

The chemical is called ET-57. It moves through the animal's body to kill the grubs wherever they occur in the flesh.

Ray Rutson, head of Michigan State University's entomology department, called the USDA results "highly promising and a milestone toward the developing a systematic control chemical that can be used for livestock."

Catch at the moment, however, is that the chemical is not approved for use by the Federal Food and Drug Administration. Researchers now are measuring the chemical's toxic effect on animals and residues in meat and milk.

The pest is controlled at present by dusting rotenone on the backs of cattle as the grub emerges from the skin. Although it helps protect against future infestation, the rotenone control begins only after the grub has spent about seven months developing as a parasite within the body of the animal. The systemic chemical prevents the grub from developing.

The plat books our advisory board has worked so diligently on have been shipped. "Due to an error not enough were ordered," according to Lloyd Little, advisory board chairman. All books ordered ahead of time will be received as ordered. I would suggest anyone interested in one, contact one of the fice, Lloyd Little, a 4-H Club leader or home demonstration member in his community. They cannot get them through council delegates.

Office callers this week were: Noe St. James, Ernest Ortlieb, William Laidlaw and Everett Elwood.

 Thursday, September 20—Washer-dryer school in Midland.

The date for the area meeting to help homemakers better understand and use automatic electric washers and dryers is fast creeping up. If you expect to purchase one or both of these pieces of equipment, there can be money in your pocket and satisfaction in your operation of it because this information school is attended on September 20 in Midland.

Three homemakers have expressed a desire to go. Can we make it at least one carload by the end of this week? Call or write me.

Wise shoppers keep an alert eye on getting their money's worth, whether they are buying a house, a dress, a car or food. A careful shopper will not pay full price for food that is wilted or is otherwise less than first class. Many "shoppers" settle for much less than their calorie's worth when they choose foods to eat.

"Getting Your Calorie's Worth" is subject for discussion among home demonstration group members in September meetings. Taking cue from the nutritionist, Sherman, these homemakers are learning what he means and why in saying, "never a calorie without protein, mineral or vitamin." They are learning about differences in armored and naked calories and how weight control is affected by choices made in food eaten.

Here is supplemental information from a workshop on helping older people to maintain their health. There it was emphasized that diet and exercise are two most important factors in a person's health. Diet keeps one healthy and avoids overweight (which causes 50 percent of the illnesses). Persons who eat properly have alert minds, hearts that function properly, have fewer falls and accidents. Exercise keeps the circulation going and aids in avoiding stiffness and the degeneration of body functions. Recreation, too, plays an important role.

Overweight persons should try to reduce. Consider this: If you are only 10 pounds overweight and walking, every step means 10 pounds extra on your knees and ankles. Take 50 steps a minutes and you have moved 500 extra pounds. Walk an hour and you have moved 3,000 extra pounds. That is a good portion of a ton

and places an extra burden on your heart. Climb steps and you multiply further the weight for it is estimated that every step climbed is equal to 31 steps on the level. Figure that one out. Better start doing something about the extra pounds you carry (if you do) right away. Begin by getting good, reliable information about how to get your full calorie's worth—attend a group home demonstration meeting this month, or talk with someone who does. Pick up folders to use as a guide by calling at the Cooperative Extension Service office in the Federal Building, East Tawas.

Good news for all of you who have been waiting. The new Iosco County plat books have been printed and shipped. Not so good news for those who hesitate or longer wait, there will be a shortage in the number planned and you may be the person disappointed unless an order is placed right away.

Orders can be placed with a member of the Cooperative Extension Service Advisory Board (this group has sponsored making the plat book available) or by contacting the Cooperative Extension Service office, phone FOREST 2-3751.

This new plat book is a real bargain because it contains valuable extra features not found in any other county plat book we have seen yet. It will sell at the same price being charged by other counties. Furthermore, it could not be duplicated at this price with another order tomorrow because printing costs have increased considerably since our Iosco order was placed in the spring.

The book contains, first of all, the plat maps and the advertising. In addition there is a complete ownership index (makes the value of the book at least one-half more).

For your convenience, members of the Cooperative Extension Service Advisory Board who may be contacted to purchase a book are: Lloyd Little, chairman; Harold Black, vice chairman; Clarice Davenport, secretary; Sophie MacDonald, Helen Siegrist, Charlotte Black, Florence Goedecke, La Laidlaw, Eleanor Durant, Blanche Douglass, Glenn Long, Harry Cater, Elmer Werth, Henry Oates.

Two photographers, Harold Speedy Jr. of the Radford, Virginia, News-Journal, and Press Rowe of The Fredericksburg Free Lane Star, were assigned to make pictures of the winners of safe-driving contests. Both entered the contests and both won.

"Monthly Pains" stopped or amazingly relieved
 in 3 out of 4 cases in doctors' tests!

Chances are you're putting up—unnecessarily—with the functionally caused pains, cramps and weak, "no good" feelings of menstruation!

For, in actual tests by doctors, Lydia Pinkham's Compound brought complete or striking relief from such distress in 3 out of 4 of the cases!

Lydia Pinkham's is modern in its action!

So get Lydia E. Pinkham's Vegetable Compound—or new, Improved Tablets with added iron. See if—taken through the month—it doesn't give relief from those backaches, jitters—help you feel better before and during your period!

Or—if you suffer from functional "hot flashes" of "change of life," find out how wonderful Pinkham's is for that, too!

It has a quieting effect on uterine contractions that often cause "period" pain!

SUPERVISORS' PROCEEDINGS SPECIAL SESSION

Pursuant to a call for a special session issued by Chairman C. S. Everett, the Iosco County Board of Supervisors was called to order Thursday, August 16, 1956 A. D., at 9:00 p. m. for the purpose of considering an offer by Consumers Power Company in regard to Old Orchard Park.

The following supervisors were present: Bellville, Brabant, Burgeson, Cater, Everett, Little, Long, Monroe, Rodman, Smith, Stephan, White, Werth. Absent: Jordan, Kochenderfer, Oates, Christeson, Webb, Williams.

Gordon Huck introduced Marvin Persons, who addressed the board stating that Consumers Power Company would like to learn if Iosco County would be interested in leasing its Orchard Park Camp for a fee of \$1.00 per year on a 10-year basis. Mr. Persons stated that a state rule precluded private persons and public utilities from operating such a place without installing all the necessary sanitary facilities. State and county parks are excluded from this rule. Consumers Power originally opened the camp as a public convenience and is not interested in going ahead with the considerable investment required to install the necessary sanitary facilities. The camp includes a store and boats which are rented to the public. The present caretaker receives a salary of \$75 per month from Consumers Power from October to May 1. The remainder of the year the caretaker received no compensation but is permitted to retain the profit from the store operation and boat rentals.

The matter was referred to the conservation committee at which time a complete report will be made to the board at the October session.

Mr. Rodman read the following report of the mileage and per diem committee:

	Mileage	Per Diem	Total
T. Bellville	\$2.66	\$5.00	\$7.66
F. Brabant	5.00	5.00	10.00
E. Burgeson	.56	5.00	5.56
C. Cater	.28	5.00	5.28
C. S. Everett	.28	10.00	10.28
L. S. Little	1.82	5.00	6.82
G. Long	.84	5.00	5.84
C. Monroe	2.24	5.00	7.24
L. Rodman	1.12	5.00	6.12
M. Stephan	2.24	5.00	7.24
C. Stephan	2.24	5.00	7.24
W. White	2.52	5.00	7.52
Elmer Werth	.28	5.00	5.28

Chairman Everett stated that if the clerk would mail the per diem checks to those in attendance he would ask that the board approve the report at the October session.

It was then moved by Little and supported by Smith that the board adjourn. Carried unanimously.

NOTICE OF SALE MORTGAGED REAL PREMISES

Default having been made in the condition of a certain mortgage made the 1st day of September, 1951, by Herman H. Moehring and Bernice M. Moehring, husband and wife, of the City of East Tawas, County of Iosco, State of Michigan, as mortgagors, to Elsie Bell and Mabel Kirk Smith, of East Tawas, Ohio, as mortgagees, and recorded on September 10, 1951, in the office of the Register of Deeds for Iosco County, Michigan, in Liber 12 of mortgages on Page 520; on which mortgage there is claimed to be due and unpaid at the date of this notice \$7,243.25 principal and \$754.50 interest; no suit or proceeding at law or in equity having been instituted to recover the debt, or any part of the debt secured by said mortgage; and the power of sale in said mortgage contained having become operative by reason of such default.

Notice is hereby given that on November 13, 1956, at 10 o'clock in the forenoon, at the front door of the county courthouse in the City of Tawas, Michigan, that being the place for holding the circuit court for the County of Iosco, there will be offered for sale and sold to the highest bidder, at public auction or vendue, for the purpose of satisfying the amount due and unpaid upon said mortgage, together with the legal costs and charges of sale, including an attorney fee provided by law and in said mortgage, the lands and premises in said mortgage mentioned and described, as follows, to-wit:

National's New Ore Carrier Makes Trip to New York

The Melvin H. Baker, a 16,500-deadweight-ton ore carrier, especially designed to carry gypsum, made her first call in New York September 4. She docked at the Bronx pier of the National Gypsum Company, which has taken the vessel under long-term charter.
The ship will transport gypsum rock from the company's Nova Scotia mining development to Quebec, Baltimore, New York City and Burlington, New Jersey.
Completed last May at the A. G. Weser shipyard in Bremen, Germany, she is the third carrier of similar tonnage to operate on the same route for National Gypsum. The other two are Lewis R. Sanderson and the William M. Currie, completed at the Bremen yard in January and April, respectively.
She is the second National Gypsum ship by that name. The first was sunk by a Japanese submarine in the Pacific in World War II.

varsity, and Heraman, who alternates in the back field. Line backers will include a pair of scrappers, Roger Gordon and Don Ledworth, both letter winners last year. Other line backers are Saur, Button, Reiger and DeLosh. Adams also counts on Gordon to see action as a quarterback and singles him out as the player to watch in the future.
Other players who will see action Friday night are Keith Gordon, Dennis Webber, both varsity letter winners last year, and newcomers, Dale Phillips, Bob Richardson, Roney Roach, David Roach, Paul Simons and Bill Laidlaw.
In his first year as mentor of the Braves, Coach Adams does not expect to see his football eleven perform any miracles, even though the squad numbers a good share of last year's varsity as a nucleus around which to build. This is the fourth year that the school has fielded a team and the Braves coaching staff is building toward the future, hoping that the lack of experience might be offset this year by enthusiasm and a desire to play by his charges.
Adams said that the team learned a great deal during the scrimmage Saturday with Alpena. He expects the squad to improve as the season progresses.
The Junior Varsity, under Coach Pinkowski, will tangle with the Houghton Lake JV's here this Saturday afternoon at 2 o'clock.

ed by Arthur E. Henry, scout executive of the Paul Bunyan Council.
Mr. Griffin grew up in rural Iowa, obtained a bachelor's degree from Iowa State College, and did graduate work at Western Michigan College at Kalamazoo. He taught high school at Muskegon Heights, where he was a scoutmaster for several years before entering professional scouting in 1938 at Kalamazoo.
He served as scout executive of the Wabash Valley Council, Terre Haute, Indiana, from 1941 to 1953, when he went to the National Staff of the Boy Scouts of America as assistant national director of rural scouting service.

Tawas City

(Continued from page 1.)
Miss Nan Carol Kling left Sunday for her home in Tucson, Arizona, after a two-month visit here with Mr. and Mrs. John N. Brugger and her -grandparents, Mr. and J. A. Brugger. Mr. and Mrs. John Brugger and family accompanied her to Detroit where she took the bus to Tucson.
John A. LeClair left on Sunday for Ann Arbor where he will attend Camp Rondevous for three days and upon returning will move into the Taylor House in South Quad. He will begin his classes on Monday at the university.
Mrs. Herbert Harding of Oshawa, Ontario, arrived Wednesday to visit her sister-in-law, Mrs. Fred Boudler, for a couple of weeks.

Enrollment in Tawas Schools Up 61 Pupils As Fall Term Starts

Total enrollment in schools of the Tawas area at the start of the fall term has increased by 61 pupils, it was reported this week by Superintendent Reynold Mick.
Enrollment in the three area schools, which includes Tawas Area, St. Joseph's and Tawas Lutheran, now is 1,544 students. At the same time last year, the total was 1,483.
In comparing records for the two years, Mr. Mick said that Tawas Area had a total increase of 33 pupils from kindergarten through the 12th grade, although 25 pupils were "lost" to the district due to various reasons. These included families who either moved to other localities or students, over 16 years of age, who dropped out of school.
Enrollment in the eight-grade St. Joseph's School increased by 23 pupils over last year's total, giving an enrollment of 145 students this fall. Total enrollment at the Tawas Lutheran school, another eight-grade school, is now 111 students, a jump of six.
Tawas Area High School, grades nine through 12, now has an enrollment of 205 students, as compared to 406 in 1955.
Largest jump in enrollment was in the three eighth grade classes of last year, who are now freshmen in high school. Total number of students in this class is now 119, as compared to 105 last year. Part of this increase was made up by Sherman Township pupils who entered school here this year.
Last year's ninth grade class did not fare as well, however, when it moved ahead one grade. Now sophomores, this class dropped 12 students. Other losses were seen in the 11th and 12th grades and grade six in elementary. Although the 12th grade has an enrollment of 93 students this year, as compared to 89 last year, showing a gain, this is five students less than last year's 11th grade class.
Enrollment figures for the three schools in the Tawas area, showing totals for last year and this year, are as follows (1956 figures listed first):
Kindergarten, 144-133; first grade, 133-139; second grade, 140-116; third grade, 119-135; fourth grade, 137-131; fifth grade, 134-105; sixth grade, 104-105; seventh grade, 109-108; eighth grade, 111-105.
Ninth grade, 118-124; 10th grade, 124-99; 11th grade, 92-98; 12th grade, 93-85.

Annual Mission Festival at Emanuel Lutheran

Emanuel Lutheran Church of this city will celebrate its annual Mission Festival this Sunday, September 16, with three divine services. In the 9:30 and 10:30 a. m. services the Rev. Leonard W. Newman will preach the sermon. In the special 7:30 p. m. service, the Rev. Raymond Frey of Vassar will preach the sermon.
At the 10 o'clock service the children of the congregation's Christian Day School will sing a song extolling mission work and in the special evening service the church choir, under the direction of Wilbert Mueller, will sing a mission song.
The purpose of the annual Mission Festival is to generate enthusiasm among the members of the congregation for the mission work being done in this country and in foreign countries.

Indies Lose

who rose to his greatest heights with men on bases.
He was opposed by Don Westcott, who suffered his first loss of the season after picking up five straight wins, one of them still to be decided in the protested game.
Tawas City jumped off to an early one-run lead in the first inning when Lorenz singled and advanced to second base on a sacrifice by Cavell. After Grack struck out, Lorenz went to third on an error by the pitcher and scored on a fielder's choice on Clare Herriman's ground ball.
Black River tied the game in the bottom of the first inning. The score remained a 1-1 tie until the seventh inning when two runs were scored by Black River.
In the seventh, Malulak and Bromund both singled. Potvin advanced them along the base paths with a perfect sacrifice bunt. The right-handed batter LaFave then rapped a single into right field to score both runners.
Topping City batters were Lorenz and Westcott with three hits apiece. Adrian and Jury led the winners with two hits each.
Tawas City is scheduled to go against Wurtsmith Air Force Base at the local diamond Sunday afternoon.

Church League Softball Results

Wednesday, September 5: St. Joseph's 7, Lutherans 6.
In the first game of the play-off series Chum Lorenz pitched St. Joseph's to victory, leading 6 to 1 in the fourth. St. Joseph's yielded five runs and were tied when Tom Pinkowski hit a bases empty home run which provided the winning margin. Losing pitcher was Gary Humphrey.
Thursday, September 6: Lutherans 4, St. Joseph's 2.
With Chum Lorenz again on the mound for St. Joseph's, and Art Anschuetz pitching for Lutherans, a hard fought game went to the Lutheran team which ended up the series at one game each.
Friday, September 7: No contest.
Attempting to play the final game of the series, the two teams got a late start and were forced to call the game because of darkness. After six innings of play, St. Joseph's were leading 10-6. With increasing darkness, the seventh inning was started. The Lutherans scored six runs and had two men on base with only one out when the game was called. Because it was seen that St. Joseph's with their bats still to come, could not see the ball to four throws to Whittemore's fielders. It was agreed that the game was to be played Tuesday night.
Saturday, September 8: Whittemore 3, St. Joseph's 2.
Whittemore, after losing 18-3 two weeks ago, came back to beat St. Joseph's in a close game. Pitcher Bill LaCourse gave up four walks and a single in the third inning for two runs and a home run in the fifth to account for Whittemore's three runs. St. Joseph's was unable to solve Whittemore's pitcher as they dropped their first non-league contest.
Playoff Results—
St. Joseph's: Won 1, lost 1.
Lutherans: Won 1, lost 1.

Lutherans Win Final Playoff Tuesday Night

In a hard fought game, which saw both teams start the first inning with eight players, the Lutheran team pounded out a well deserved win over St. Joseph's, 6-2. This victory gave the Lutherans the championship in the Tawas Church Softball League.
Scoring twice in the first inning and four time in the fourth, the Lutherans gave Art Anschuetz, pitcher, a lead which he never lost.
St. Joseph's scored one run in the first inning and one run in the third to tie the score at 2-2, but could not put a rally in motion after that.
This victory gave the Lutherans a hard fought championship considering that they dropped their first three games of an eight game schedule.
