How Christian Science Heals-"ADVANCING ON A RIGHT BASIS"

CKLW 800 kc., 9:15 AM Sept. 23 WBCM 1440 kc., 9:00 PM Sept. 23 Christian Science

How spiritual understanding of the real nature of man and the universe brings harmony in human experience will be brought out at Christian Science services

The lesson-sermon entitled "Reality" will include the following selection from "Science and Health with Key to the Scriptures' by Mary Baker Eddy (335:27-29): "Reality is spiritual, harmonious, immutable, immortal, divine, eternal. Nothing unspiritual can be real, harmonious, or eternal."

Among the passages to be read from the King James Version of the Bible are the following (Psalms 33:1, 4, 5): "Rejoice in the Lord, O ye righteous: for praise is comely for the upright . . For the word of the Lord is right; and all his works are done in truth. He loveth righteousness and judgment; the earth is full of the goodness of the Lord."

When He Calls...He Has News!

The gentleman you see in the picture above is a Cadillac salesman.

He is placing a telephone call to a citizen in his community-to pass along some news of a very He is calling to tell of the wonderful opportunity

that exists today to become the proud and happy owner of a new Cadillac car. First of all, he will tell of the unusually generous trade-in allowance that he can give at this

particular season. Then he will reveal some wonderful and surprising information about how quickly delivery can be obtained on a new Cadillac.

And then, time permitting, he will recite some of the other practical aspects of Cadillac ownership. He will talk about the car's relatively modest cost . . . about its amazing dependability and endurance . . . about its remarkable economy of upkeep and operation . . . and about its marvelous resale value. And we feel almost certain that, with so much

logic on his side, he will have little difficulty

explaining why this is the "time of times" to make the move to Cadillac.

Within the next several weeks, this gentleman -or one of his colleagues-might well be calling you. And when he does, we hope you'll remember that he has news!

We think you will enjoy talking with him. And we think you'll be grateful that you took the time to hear what he has to say. For he will be calling with the most inviting automotive story of the year!

BLUE SUNOCO AVERAGES 7.67 MORE MILES PER DOLLAR THAN 12 OTHER PREMIUMS

They never got home with any of the other premiums!

These tests were conducted by the American Automobile Association in 6 cities under normal city-country driving conditions-using typical drivers in late model high-compression cars whose manufacturers recommend a premium gasoline.

POINT ON MAP Cars were fueled with \$3 worth of Blue Sunoco. Motorists, accompanied by AAA officials, drove out of town till...

POINT 2 ON MAP... they ran out of gas. Cars were then refueled with \$3

worth of another premium. They

turned around and retraced exactly the same route.

POINT 3 ON MAPUsing competitive premiums, test cars fell short of the starting point an average of 23.0 miles. Not one car made it back! AAA proved that Blue Sunoco averages 7.67 more miles per dollar than 12 other permiums.

Results of test confirm, once again, the fact that Blue Sunoco is America's greatest gasoline value.

It's the gasoline that meets today's higher premium octane standards and sells at regular gas price.

At the District 4-H Club Leaders' Council meeting in Standish on Tuesday, September 11, was Mrs. Harold Goedecke. She is vice president of the Iosco 4H Club Leaders' Council and a leader in Laidlawville Community 4H Club.

We are sure she picked up many fine ideas that can be shared with Iosco 4-H Club leaders. Six other counties also had leaders at the meeting and an exchange of experiences and ideas always turns up something new and different that can be helpful to another county. Let's all be on hand to hear Mrs. Goedecke's report at the October 4-H Club Leaders' Council meeting.

Yes, indeed, there was a 4-H Club picnic at the AuGres Park on the afternoon of September 9. It was a wee bit chilly but the fellowship and food was plentiful.

William Laidlaw has been selected as one of Michigan's team of our to judge dairy animals at a contest in Chicago beginning Oc-tober 8. The trip begins on Saturday and concludes Tuesday. Con-gratulations, "Bill," for a job well done and our best wishes for more achievement in Chicago!

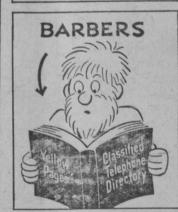

4-H Club members learn the importance of contributing some-thing to their club, their community, their country, as well as expecting to receive something

never give of themselves in return can be described as parasites.
"Giving of themselves" means a
good many things and important

among them is taking an active interest in community affairs and activities, in local, state and federal government. This last is important because it is the active in terest in government affairs that forms the basis of democracy. A democracy can grow and prosper only to the extent its people make it so by their activity in it.
