Contract Let for Isosco Blacktopping Project

The contract for blacktopping M-65 from Whittemore north to M-55 junction then west on M-55 to the end of the present blacktop was let by the Michigan State Highway Department last week. A distance of 13 miles is slated for completion by October 15 at a cost of \$248,000.

Next Monday and Tuesday is moving day for the Tawas Area School. Movable seats, desks, books and instruction material will be moved from the old buildings to the new school on M-55.

Superintendent Reynold Mick said Wednesday that boys in grades 10, 11 and 12 will assist in the moving. Girls, on special request of teachers, will also assist. Grade nine and other high school students will not attend classes on Monday and Tuesday.

The superintendent said that he hopes the move will be completed by Tuesday, although it is going to be a big job.

City's Second Major Fire Destroys Tuttle Store

Dense Smoke Damages Stock at Whitfield's

The second major fire in the past three weeks hit Tawas City early Wednesday morning when the Tuttle Hardware was destroyed. Although it is still too early to make an accurate estimate, damage is thought to run upwards of \$60,000.

Contacted shortly after the blaze was brought under control, George Tuttle, owner, said his \$30,000 stock was a total loss. The store was one of Northeastern Michigan's most modern hardware stores.

The one-story cement block building, owned by George Whitfield and leased to Mr. Tuttle, is thought to be a total loss. Although flames did not reach the sales part of the store, smoke and water damaged the stock.

Stock in Whitfield's Department Store, located adjacent to the hardware store, was damaged. A fire wall prevented flames from entering that building.

Apparently the fire started in the rear of the building near the furnace where paint and other hardware supplies were stored. The alarm was turned in about 7:30 by Postmaster Martin Kasichke, who noticed the smoke blowing across US-23 in the business district.

Volunteer firemen from the Tawas City Fire Department quickly responded to the alarm and confined the blaze to the rear of the building. The East Tawas Fire Department was called before 8 o'clock and shortly thereafter.

Soil Conservation District's Annual Meeting Held at Hale

The Isosco Soil Conservation District held its fifth annual meeting at the Plainfield Township Hall, Hale, on January 31. The meeting opened with a short talk by County Agent Marvin Davenport.

The business meeting was held next and Gordon Hatch, SCS technician, and Dale Rosenquist were introduced. Directors Lyle Bielby, James Mielock and Gerald Bellen were also introduced. Chairman Harry Krueger conducted the meeting.

After the business meeting a color movie was shown by Russ Jameson, a noted photographer

after the Oscoda Fire Department arrived with its equipment.

Dense smoke billowed from the burning building hampering firemen during the first 30 minutes at the scene. Oscoda firemen equipped with smoke masks, entered through the front door and fought fire which was in several false ceilings in the building.

A fire hydrant located a short distance from the store was frozen on the arrival of firemen. A portable pump was pressed into action and water was used from the Tawas River. Lines of hose were laid from a hydrant at the corner of Mathews Street and one from in front of the city hall.

After the smoke cleared from the building, firemen noted that an electric clock at the rear of the building had stopped at 7:45. The telephone was still in order.

One year ago this month the hardware was completely remodeled. A new redwood front with sidewalk level plate glass windows were installed. The interior was completely remodeled and Tuttle was in the process of installing new displays and shelving, only recently received.

The building was constructed in 1919 by the late Benjamin Sawyer. Just prior to building, that part of the Tawas City business district was wiped out by fire from the corner of Mathews Street to the Isosco Hotel.

Since that time, it was used at one time or another as a skating rink, pool hall, grocery store and restaurant. The late Ray Tuttle opened an electrical appliance store in one side of the building about 20 years ago. Later Tuttle's took over the entire building as a hardware.

On January 23 of this year, Tawas City was struck by a million dollar fire which destroyed Timco Corporation's plant, Ottawa Equipment Company and destroyed just about the entire fleet of trucks operating from Tawas by Consumers Power Company.

BELLS TO RING SATURDAY—

Centennial Baby Will be Honored

The first child born in this county after midnight February 15, will be honored as Isosco County's "Centennial Baby," it was announced this week by the Isosco County Centennial Committee. Initial plans for the celebration were made last Thursday night by the committee at a meeting held at the county building.

Signifying the start of Isosco's 100th birthday celebration will be the ringing of church bells and sounding of fire sirens at noon, Saturday, February 16. It was exactly 100 years ago on this date that approval was given by an act of the legislature for the organization of the county.

At last Thursday's organization meeting, the centennial committee set the week of Sunday, June 23, to Saturday, June 29, as Isosco County centennial week.

Miss Edna Otis of East Tawas was elected chairman of the committee. She has been instrumental in making preliminary arrangements for the observance, working with the Isosco County Board of Supervisors.

Other officers named were: Harris Barkman, East Tawas, secretary; E. H. Stickney, Oscoda, first vice chairman; Dennis Chrivia, Hale, second vice chairman; William Fuerst, Whittemore, third vice chairman; Joseph Barkman, East Tawas, treasurer; and Glenn Long of Tawas Township, finance chairman.

Special committee chairmen were named at the meeting, who included Walter Champion, parade chairman, and Neil Thornon, publicity, both of Tawas City. Other chairmen will be named as plans progress. Each will select assistants at large from various parts of the county.

Harris Barkman and Mr. Champion were appointed as a committee of two to purchase and distribute centennial souvenirs.

Among the initial plans made last week was the idea to honor the centennial baby. Parents of this child will be awarded a \$100 United States Savings Bond.

During the centennial week celebration, Isosco County cities and communities will be honored on various days. The centennial parade will be held in Tawas City and East Tawas on Saturday, June 29. Each community will stage its own celebration, with particular emphasis placed on school reunions, parades and a program.

Honored during the county-wide celebration will be the oldest native-born person or person who is present for the observance. The committee will conduct a contest among school children of the county from grades seven through 12. Awards will be given for the most interesting pioneer essays. The committee emphasized that it was not necessarily looking for a lengthy historical account of the county, but was more interested in receiving pioneer stories or anecdotes pertaining to early life here.

Meetings of the committee are to be held every Thursday night at the county building in Tawas City starting at 8 o'clock. Everyone is welcome to attend.

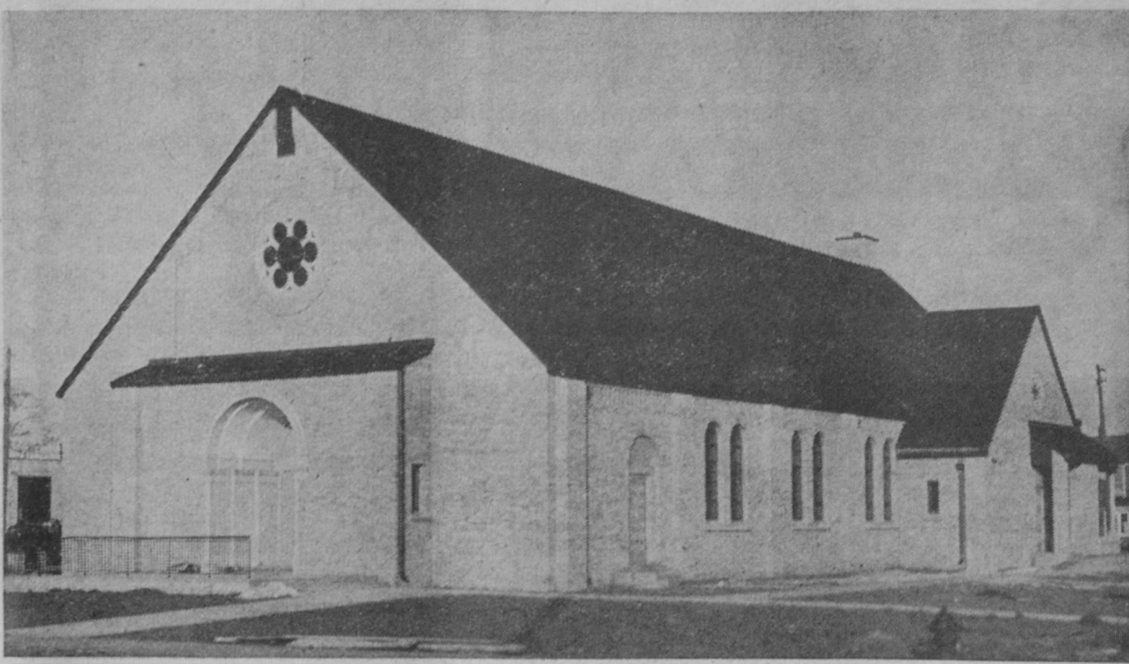

Electors Go to Polls March 5 in Special Vote

Electors of eight school districts in Isosco, Ogemaw and Arenac Counties will go to the polls March 5 to decide the question of consolidating the districts into one.

Districts included in the proposed re-organization are as follows: Maple Ridge School District No. 2 Fractional, Clayton Township, and Town Hall School District No. 2, Mason Township, both in Arenac County; Mills Township School District No. 5, Logan Township, and Prescott Junior High School District No. 7, all of Ogemaw County; Reno Township School District No. 2, Sherman Township School District No. 4 and Whittemore Area School District No. 1, Isosco and Arenac Counties.

Russell A. Rollin, superintendent of Schools of Isosco County, said this week that each person voting on the proposition must be a citizen of the United States, above the age of 21 years, a resident of Michigan for six months and in the school district 30 days next preceding the election.

Open House Held Last Sunday at New Tawas City Church

Open house at the new Immaculate Heart of Mary Church in Tawas City was well-attended by residents of the Tawas last Sunday. An invitation was extended to the community by the pastor and parishioners.

Although work was not yet completed on the altar last Sunday, the beautiful new church drew compliments from all those who visited it.

Last Friday and Saturday, parishioners moved most of the equipment and vestments from the old church to the new building. The Rev. Fr. Joseph Castanier is shown at left (in doorway) as moving operations were underway.

The altar was completed this week and workmen finished installing the pews. Some work remains on the interior before it is entirely completed.

First Masses will be celebrated Sunday, February 17, at 8:00 and 11:00 a. m.

The parish was established here in 1952 with the old theater building as its church. Work on the new church started last fall.

Writ Refused in State's First Try at Scuttling Resort Ship

Owners of the SS Western States apparently won the first round in its legal battle with the state Monday in Ingham County Circuit Court. Judge Louis E. Coash refused to issue a temporary injunction sought by the state to halt use of the former Great Lakes cruise ship as a floating resort off Tawas City.

Assistant Attorney General Nicholas V. Olds filed a bill with the court asking for a temporary injunction against the Western States Hotel Corporation. He also made a motion to strike an answer filed by John Watkins of East Tawas, attorney for the owners and the city. Both were refused by the court.

Judge Coash said if he entered the temporary order it would have the effect of putting the hotel enterprise out of business. He said the merits of the case will be settled later in arguments on the state's petition for a permanent injunction.

The state contends that the Western States is unlawfully occupying three-fourths of an acre

of submerged public land. Under an 1898 law, says the attorney general's office, all submerged land in the Great Lakes belongs to the state.

An answer filed by the Western States questions whether Tawas Bay is a part of Lake Huron. No testimony was taken at the hearing.

The owners contend that the state is guilty of "latches," a legal doctrine that seals the lips of an accuser if he fails to make a charge when given the opportunity. The owners say the state should have acted before the company spent more than \$100,000 to fit the ship out as a resort.

The attorney general's office contends that the doctrine does not apply to a sovereign state.

The original complaint against the Western States was requested by Gerald E. Eddy, director of the state conservation department. The bill stated that the ship violated the submerged lands act which holds such land as a public hunting and fishing trust.

Space for docking the ship at the municipal pier here was leased by the City of Tawas City. The city was named as co-defendant in the suit.

Attending the hearing were Robert Rosen of Detroit, owner of the ship; his son, Sherman, manager; Mayor George W. Myles of Tawas City and Clarence Everett, Third Ward supervisor.

Park-N-Shop to Observe Third Anniversary

Park-N-Shop Super Market of Tawas City celebrates its third anniversary of business here this week. The store is owned by Jacob Miller and Joseph O'Day.

Located at the blinker light at the corner of Mathews and Lake Street, Park-N-Shop's anniversary sale advertisement appears on page three of this newspaper.

Good Attendance at Castagnier Open House

More than 300 free cups of coffee were served last Friday at the open house of Castagnier's Restaurant in Tawas City. Owner Ivan Castagnier said that an additional 200 doughnuts were served.

"I wish to thank the people of the area who attended our open house and also those who sent flowers," stated the owner. The restaurant underwent a complete renovation since January 1.

Mothers Start March Tonight at 7 O'clock

"Will you help in the fight against polio by contributing to the March of Dimes?"

This question will be asked residents of the Tawas Thursday night (tonight) during the annual Mothers' March on Polio. Volunteer workers will canvass both communities for donations.

Signifying the start of the hour-long drive at 7 o'clock will be the sounding of fire and police sirens. Residents of the area are requested to turn on porch lights and give generously so that Isosco County will fully meet its quota.

After the drive is completed, coffee and doughnuts will be served to workers at city halls in both Tawas City and East Tawas. In charge of the march is Sgt. (See MOTHERS, page 8.)

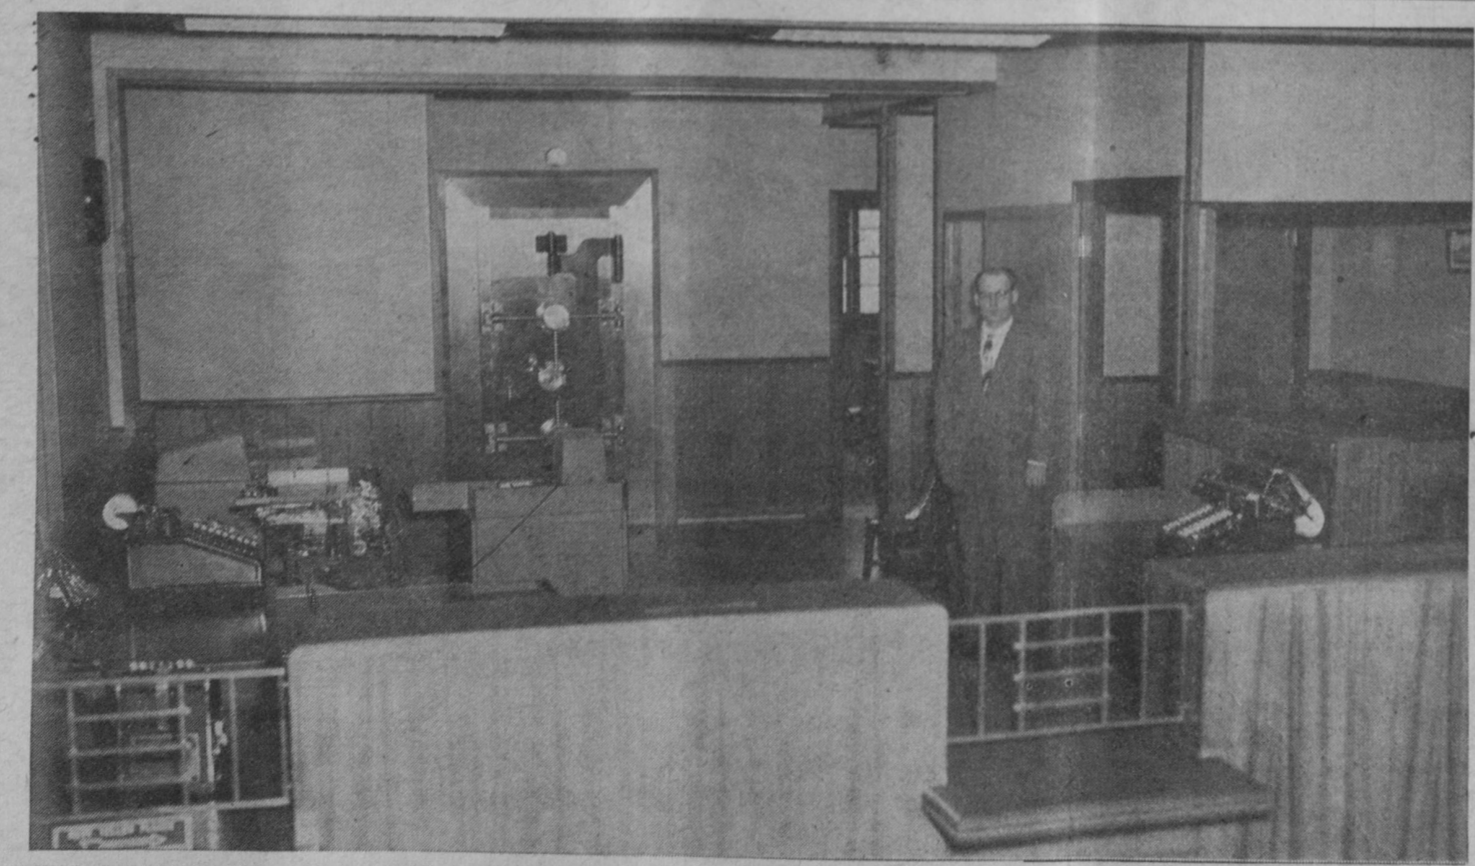

Special Program Set for P-TA Meeting February 18

"The Behavior Problems of Normal Children" will be presented by Drs. Joseph and Dorothy McPherson of Midland at a meeting of the Tawas Area Parent-Teacher Association February 18.

In dialogue fashion, the program is well recommended for parents of all age group children. The McPhersons appeared at the district P-TA conference at Mt. Clemens last year.

The business meeting will follow the program. Candidates will be announced by the nomination committee for the election at the March meeting. A social hour will follow.

With two sophomores in the starting line-up, Bill Mick and Bob Watts, Tawas Area defeated Standish Tuesday night, 43-29. Leading all the way, the Braves hit on 17 out of 46 field goal attempts for a shooting average of 37 percent. Lanski led with 12 points followed by Featheringill with 10. The Tawas JV squad topped Standish, 61-29.

THE FARMERS AND MERCHANTS BANK of Hale observes its fifth anniversary of service Thursday. The interior of the bank is pictured above with vice president and cashier, Dale M. Bradley, shown standing in the doorway.—Tawas Herald Photo.

Farmers and Merchants State Bank of Hale celebrates its fifth anniversary of service to western Isosco and eastern Ogemaw Counties this Thursday. The bank opened its doors for business February 14, 1952.

"We wish to thank our customers and friends who have made the growth of Farmers and Merchants

State Bank during these five short years such a success," stated Dale M. Bradley, vice president and cashier.

From small beginnings, the Hale bank has grown to become an institution of strength and prestige. Assets today total \$940,098.

When the bank opened its doors in 1952 it had a capital of \$75,000. Later, in March of 1952, this figure

was raised to \$189,280. Year-end statements of the first five years are as follows: 1952, \$456,728; 1953, \$582,392; 1954, \$794,456; 1955, \$845,999; 1956, \$940,098.

The bank provides all banking services to its patrons, including checking accounts, savings program, loan department, safety deposit vaults, escrow and collection services.

Officers of the bank are D. D. Pearsall, president; John A. Mortenson, vice president, and Mr. Bradley as vice president and cashier.

The board of directors of the bank, besides the officers, includes Carl F. Adams, Earl Bielby, E. S. Herzog, Fred Holzheuer and E. H. Taubert.

150 Attend Luther League Dist. Banquet

Saturday evening at Grace Lutheran Church the annual get-together banquet of the Eastern Michigan District Luther League was held with 150 attending. The affair was in the form of a Paul Bunyan banquet with the program in Paul Bunyan dialect.

A large caricature of Paul Bunyan in colorful costume decorated the wall and on the opposite side the slogan, "The Power of Paul."

Paul Clark of Redford, district president, acted as toastmaster and Pastor John Breck of Lansing gave the invocation. Greetings were

given by the president and by the Rev. Robert Nelson of Grace Church. Community singing was led by Dave Stieler of Berkley. Speaker of the evening, on the topic, "The Power of Paul," was Pastor Edward Carlstrom of Manistee. He dwelt first on the physical power of Michigan's Paul Bunyan. In his talk on the Apostle Paul, he stated that though he was small in stature he contributed more to the Scriptures than any other man and that he has a tremendous influence on the men of today. The greatness of Paul was his personal experience of the greatness and power of Christ, because he lived and gloried in the power of God, because of his assurance of forgiveness and victory over sin his commitment in turning over his life for Christ and his continuing to press on toward a more perfect life. The hymn, "My Jesus I Love Thee," closed the program.

Others who assisted were Avis Norling, co-chairman of Detroit, and Vandy Lundeen, parish secretary of Immanuel Church, Detroit, song leader. Chosen queen by popular vote was Judy Parsons of Grosse Pointe, and king, Glenn Lotti of Detroit, who wore silver crowns at the banquet. Entertainment for the week-end was basketball games, amateur shows and square dances at Tawas Area School auditorium and ice skating on Tawas Bay. The Berkley Accapello Male Quartette entertained at services.

CHRISTIAN SCIENCE

God's great healing and saving power will be brought out at Christian Science services this Sunday.

Scriptural selections will include the following from Matthew (15: 30): "And great multitudes came unto him, having with them those that were lame, blind, dumb, maimed, and many others, and cast them down at Jesus' feet; and he healed them."

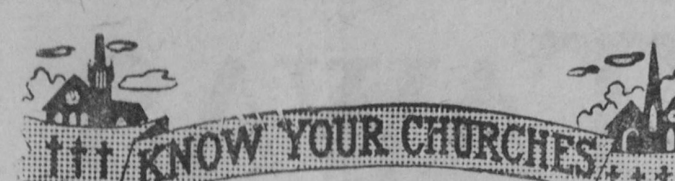

Subject of the lesson-sermon is "Soul," a word which, when capitalized, is used in Christian Science as one of the synonyms for God. Passages to be read from "Science and Health With Key to the Scriptures" by Mary Baker Eddy include the following (210:11-16):

"Knowing that Soul and its attributes were forever manifested through man, the Master healed the sick, gave sight to the blind, hearing to the deaf, feet to the lame, thus bringing to light the scientific action of the divine Mind on human minds and bodies and giving a better understanding of Soul and salvation."

THOMAS A. EDISON OPENED UP A NEW WORLD

Imagine what your life would be like without electricity. Imagine a world without electric lights, radio, television, motion pictures . . . without electric appliances . . . without X-ray and electrocardiograph equipment . . . without whole industries that are dependent on electric power.

How different a world it would be from the one we know! So different it's hard to realize that it has been only 77 years since Thomas A. Edison invented the first practical incandescent lamp and paved the way for the harnessing of electricity.

During this week people in all the various groups that make up the electrical industry join together to pay tribute to Edison and to other pioneers of electrical progress and to rededicate their industry to continuing progress and service to the nation.

Thursday, February 14—North-eastern Michigan lamb marketing program annual meeting, 1:00-3:30 p. m., West Branch. Supper at 7:00 p. m. and program at 8:00 p. m.

Friday, February 15—ASC educational and sign-up meeting at Reno Township Hall at 1:00 p. m.

Wednesday, February 20—Poultry housing clinic, Standish courthouse, from 1:00 to 3:00 p. m.

Thursday, February 21—ASC educational and sign-up meeting at Whittmore Area High School at 8:00 p. m.

The Isoco-Tawas ABA February board meeting named new officers for 1957 and named two new in-semester candidates to serve our west side. Leonard Robinson and Herman Drengberg filed applications for the April training course at Michigan State University and will be on the job after April 10.

The new officers of the ABA board of directors will be Charles Timreck, president; Warren Britt, vice president; and Walter Miller, secretary-treasurer. Mr. Timreck served as vice president this past year.

George Waters, outgoing secretary-treasurer, was commended for the job he has done as William Herriman, Leonard Robinson, Herman Drengberg and Thomas Nelkie.

Other board members present were: Oran Uliman, Victor Herriman, Leonard Robinson, Herman Drengberg and Thomas Nelkie. Service was discussed on the west side of the county.

Wayne Erickson of Whittmore, Ogemaw-Prescott inseminator, is temporarily serving the west side until Mr. Robinson and Mr. Drengberg have completed their training course.

Our recent poultry clinic at Gladwin had 11 Isoco poultry people in attendance. Mr. and Mrs. Edwin Robinson, Mr. and Mrs. William Waters, Mrs. Grace Williams, Mrs. Donald MacDonald, Mrs. John Cobb, Alfred Guonan, Harold Hammond and vocational agricultural instructor, Robert Reasner, were present to discuss poultry housing problems. The next session Wednesday, February 20, will be held at Standish from 1:00 to 3:00 p. m. It will involve types of houses for poultry men.

A regional meeting of Michigan livestock members elected new officers for 1957. Martin Siegrist was named president, Alton Durant, vice president, and Gerald Bellen, secretary.

Gay Gardner of Michigan Livestock Exchange discussed the marketing costs farmers pay and what they are paid for. Peter Sikkema of Michigan Farm Bureau explained the National Meat Board, its purposes and the necessity for greater support of this organization.

Edward Miller, Michigan State University animal husbandry specialist, discussed a feeder pig marketing program for Isoco County farmers.

By making less, you will get more. That sounds like a rather strange proverb, but it holds true in the case of pruning raspberries. Harry Bell of Michigan State University's horticulture department says that cutting back the raspberry bushes keeps vigorous new growth coming on all the while. And that new growth means more berries.

You should prune your berries twice a year. The first time should be right after the harvest in the summer, when all the old canes should be cut out and burned to prevent spreading of disease. The second pruning should be about the first of March.

This pruning includes taking out any dead, weak, or diseased branches, and thinning the bushes. You should thin red raspberries so that there are three or four canes per foot of row. If your bushes are in hills, leave seven to nine canes per hill. Side branches on red raspberries should be cut back to within 10 or 12 inches of the stalk, and the other should be about four feet tall. With black and purple raspberries, leave six canes per hill, each about three or four feet tall. Side branches should be six to eight inches long.

Chemicals are the weed control agents of the future. That is the opinion of Stanley K. Ries, a horticulturist at Michigan State University. He says it may not be too long before we will have a chemical weed killer that will take care of all our weeds from planting time to harvest. One chemical of this type has already been developed for corn.

The aim of scientists is to develop a weed control that will have a long-lasting poisonous effect on new weeds coming up. Then we could apply the chemical at planting time and almost forget the weeds for the rest of the growing season.

This type of weed killer would definitely be a step ahead of the chemicals now available, but it is only a step toward the dream of the perfect weed killer. Scientists are dreaming of a low-cost material that would kill all the dormant weed seeds in the soil before they have sprouted or germinated. As it stands now, the only way

to control the weeds is to kill them after they have started young tender growth. While we are doing this, though, millions of seeds are lying dormant in the soil right around the one that started to grow. What we need is a material that will kill these dormant weed seeds and then lose its poisonous effect, so that crops can be grown. Then, says Ries, we will have real "weed control."

Dwarf fruit trees are a godsend to the home gardener who usually cannot give the care familiar trees need.

Dwarf trees are produced by grafting a bud-bearing wood from a productive tree variety onto a special root which slows growth rate of the above-ground part of the tree, according to Donald Zeiger, Michigan State University horticulture specialist.

The part of the tree below ground, called the rootstock, is often of a variety called Malling 9. Selected in England, this rootstock has dwarf characteristics. If Malling 9 trees are left to mature, they reach a height of six to eight feet. Zeiger reports that dwarf trees do not, in general, require special culture practices. However, you must allow for the difference in tree size. In pruning, for instance, less wood is removed.

With dwarf fruit trees, especially those on Malling 9 rootstock, be sure to support the grafted plant with a stake. Otherwise, the tree may break at the grafting point.

When planting, be sure the grafted point is about two inches above the soil line. If the top part is surrounded by soil, it may take root. You will then have a full sized tree on your hands.

100 Attend Whittemore OES

Whittemore Chapter, OES, held its regular meeting Thursday night with over 100 members and guests present.

The star point of Martha was honored with all the present Marthas of the AIA Association present. Each received a little gift from Worthy Matron Stella Wallace.

A new emblem was dedicated for Martha station in a very pretty ceremony. An impressive memorial ceremony was given and the charter draped in memory of George Christie, who died on January 1 in Conynoham, Pennsylvania.

Guests were present from Lincoln, Harrisville, Oscoda, East Tawas, Tawas City, Standish, Omer and Hale chapters. Refreshments were served later with the tables very pretty in keeping with the Valentine motif.

Patrick Jordan Dies Friday

Friends and relatives were shocked Friday afternoon when word came that Patrick Jordan had died suddenly while at work in Burlington, New Jersey.

Mr. Jordan, who was well known here, was 51 years old and married the former Irene Ruckle of Whittemore. He is the son of Matthias Jordan of Sherman Township. He had been employed by National Gypsum Company there.

The body was brought here for burial.

Promoted in College ROTC Ranks

Harvey Schneider, son of Mr. and Mrs. Earl Schneider of Whittemore, has been promoted to the grade of cadet first-class in the army ROTC at Michigan College of Mining and Technology at Houghton, Upper Peninsula.

Schneider is a freshman at Michigan Tech and is majoring in electrical engineering. He is a 1956 graduate of the Whittemore Area School.

The promotion, which took effect January 31, was announced by Lt. Colonel Lawrence W. Vogel, head of the army ROTC department at the college.

Roscommon moved out in front two full games by removing the threat of the closest rival, Tawas Area, 45-25, in the Northeastern Michigan Conference. Still within striking distance, should the leaders falter, are Houghton Lake, Standish and West Branch, along with Tawas. The Lakers ran away from Sterling, 71-28; Standish did the same to Pinconning, 70-38; West Branch had little trouble de-

feating Gladwin, 54-35, and Eastern came up with a strong last quarter spurge against Beaverton's stalling offense to win, 29-28.

Lyle Mead, Roscommon's center, took high scoring honors for the night with 19 points, picked up on eight field goals and three free throws. Dennis O'Keefe, point-getting ace of Standish, tied Mead for the honor by getting nine from the field and one from the gift line. Jim Dion, O'Keefe's teammate at guard, had the runner-up honors with 17 on seven and three.

Houghton Lake piled up a big margin in the first three periods of play, coasting in the final period to take a nine-point victory. Both teams counted in the first quarter with the Bobcats holding a 21-16 bulge. The scoring column slowed somewhat in the second quarter with the winners posting a 10-6 margin while a 19-14 bulge in the third stanza gave the Lakers a 50-36 lead at the start of the final period. Sterling took the final count with a 15-10 spread but could not get enough to overcome the advantage built up in the first three periods.

Dave Lee, Laker guard, was high man for the night with 16 points garnered on eight field goals. Scott Allen, Hawk's forward, was runner-up and high for his squad with 14 on seven from the field while his teammate, Ed Scannell, had 12 on five and two. Arnold Goupil, center, and Pat Marts, guard, also hit in double figures for the winners, the former getting 13 and the latter hitting for 11.

The Laker JV five stayed on top of the heap with Standish by scoring a 71-28 win as Stan Peterson hit for 17.

Standish stayed in the thick of the fight although coming out on the short end in the first quarter as Pinsky grabbed a 15-13 lead.

The Golden Arrows quickly erased the margin with an 18-5 second quarter score which put them up for good at 31-20. A 17-4 third period count doubled the score at the end of that period and the final stanza's tally of 22-14 kept Standish in second place in league standings.

O'Keefe's 19 points and Dion's 17 were high for the contest with Jim Wells, forward for the losers, counting 13 points on six and one. Standish reserves kept pace with the Houghton Lake quint by downing the Pinconning JVs, 49-46.

West Branch eased through an 11-6 first quarter and then boomed out with a 26-8 second period tally to give the Orioles a 37-14 nod at the intermission. Reserves took over in the second half and Gladwin came through with an 11-9 third period score and knotted with the winners at 8-8 in the final round.

The Orioles had John Walsh as top man in the score column with 15 on seven and one while Larry Lennon, Gladwin forward, was close behind with 14 on four and six. With Mezer scoring 17 and Pappus counting 16, the Oriole JV five dumped the Flying G's reserve five, 64-49.

Eastern found itself fighting the stall offense set up by Beaverton for three periods, losing the scoring margin in each, but boomed the attack in the final stanza to pull the game out of the fire and keep the Beavers winless. The losers held a 6-3 first stanza bulge, a 17-7 half-time lead, and a 24-10 third quarter nod, but they could not stave off the Eagle rally in the final eight minutes which went to the winners, 19-41.

Jim DeWald from his guard post was the big gun for the winners, hitting for 15 on seven and one. Best man for the Beavers was Larry Brown with 11 on four and three. Beaverton took the preliminary contest, 42-39.

Games on tap for Friday night, February 15, include: West Branch at Beaverton; Houghton Lake at Roscommon; Tawas at Eastern; Pinconning at Sterling and Standish at Gladwin.

BOWLING TOURNEY HERE PROSPECTS FOR LARGEST
As entries closed last Sunday for the Tawas City Annual Bowling Tournament, Edward Sieloff, manager, said that the event would be the largest ever held here in history, with more than 100 teams entered.

Braves Fall Before League Leaders, 45-25

Outplayed both on defense and offense, the Tawas Area Braves fell before league-leading Roscommon Friday night, 45-25.

Playing on a strong defensive battle, the Bucks pulled to a narrow 8-2 lead in the first quarter and with the aid of a 11-5 second period tally, held a 19-7 bulge at intermission.

The winners increased their margin with a 10-7 third stanza count and capped the final quarter 16-4.

The Braves were able to connect on only 11 of 52 field goal attempts and completed but three free throws out of 13 tries.

Mead led both squads with 19 points with Dave Featheringill top man for the losers with five field goals good for 10 points.

Tawas Area took the preliminary game, 39-21, to remain in second place in reserve standings.

Bob Watts led the Tawas Area JVs with 15 points, followed by Hill with 10. Siderman topped Roscommon with 10 points.

Whittemore Cards Split with Oscoda

The Whittemore Cards split two games with the Oscoda Owls at Whittemore Friday night. The Owl varsity swamped the Cards 84-52 scoring 16 points before Coach Dudo's quintet sank its first basket. The Cards cut that deficit to eight points at the end of the first quarter and again in the second quarter came within eight points of the Owls but could not hold the sharpshooting visitors.

Whittemore Area lost to Alcona Tuesday night, 70-65, at Whittemore. Provoost led the Cards with 16 points but Sauter of Alcona was high for the night with 21. The Card reserves won 31-29.

Lead by Center Larry Miller, who was handicapped with an injured shoulder, scored 34 points as the Owls made it a runaway in the last half. Bob Dunham led the Cards with 16 points.

The Card Reserves led all the way to win 33-25 with Ronald Aulerich scoring 15 points. Grant led the Owls with 11.

School News

* TAWAS AREA SCHOOLS Hi Dramatics Club Presents Three Plays Next Week

The Hi Dramatics Club, under the sponsorship of Jerold McEwen is presenting three one-act plays Tuesday and Wednesday, February 19 and 20, in the Tawas Area School gymnasium starting at 8:00 p. m. The plays will be presented "theatre in the round" on the gym floor.

The first play, "The Valiant," is a drama. It revolves around a prisoner who refuses to reveal his true identity before he is put to death. The second play, "Wedded But No Wife," is an old fashioned melodrama complete with mustache twirling villain and swooning heroine.

A comedy, "The Ugly Duckling," rounds out the evening. It takes place in a mythical kingdom populated with ugly princesses, handsome princes and unbelievable prime ministers.

The money made on the plays will be donated by the club to the school to buy much needed stage equipment.

Tawas Area Debaters Participate in Finals
Four Tawas Area High School debaters and their coach, Jerold McEwen, went to Durand Monday to take part in the regional debate finals. Members of the affirmative team of Peggy White and William Laidlaw led off against Alpena Catholic Central for the first

NEWS ABOUT IOSCO SERVICEMEN

Jerry Kendall, seaman apprentice, United States Navy, son of Mrs. Esther B. Kendall of 514 Ninth Avenue, Tawas City, reported aboard the USS Bremerton of the United States Pacific Fleet during its stay at Yokosuka, Japan, earlier this month.

The Bremerton, flagship for Commander Cruiser Division One, arrived in Japan last month after a 10-day good will visit to Melbourne, Australia, during the 1956 Olympic Games. She is the holder of the navy "E" for excellence, showing her to be the outstanding cruiser of the Pacific fleet.

William J. Charters of Whittemore is the only man from Isoco County to leave February 12 for his armed forces physical examination.

Farmers Credit Again Available from FHA

A line of credit is again available from Farmers Home Administration to help in this area to improve or build farm buildings, including houses, or provide water for household or farmstead use, for themselves or their tenants.

Farm housing loans, according to Lowell F. Schaeffer, FHA supervisor, are available to any farm owner who has enough income from the farm or from farm and other sources to meet family living and farm operating expenses and to repay his loan and other debts on schedule.

Farm housing loans are repayable over periods up to 33 years at four percent interest and are secured by a mortgage on the farm.

Farm owners may get further information at the Farmers Home Administration office for the area located at 216 North Main Street, Standish.

Livestock Producers Met at Whittemore

Iosco County livestock producers met this week at the high school in Whittemore for the annual district meeting of the Michigan Livestock Exchange, a cooperative livestock marketing association.

Edward Miller, swine specialist at Michigan State University, presented some timely tips on producing feeder pigs and meat-type hogs. He emphasized that housewives do not like to buy pork chops and hams containing excess fat.

Gay Gardner of the Michigan Livestock Exchange reported to members that the organization had just completed one of its most successful years.

Marvin Davenport, county agent, led a discussion period centering around the opportunities Michigan farmers have in livestock production. It was brought out that Michigan farmers only produce 44 percent of the meat consumed in the state.

At the business session Martin Siegrist of Whittemore was elected president of the local group for the coming year. Alton Durant of Tawas City was chosen vice president and Gerald Bellen of Whittemore was chosen secretary.

Ten delegates were also elected to represent the county members at the annual meeting of the Michigan Livestock Exchange, which is scheduled for the Hotel Olds in Lansing March 16.

Whittemore Man Completes Philco Technical Course

Rupert A. Bentley Jr. of Whittemore has completed his indoctrination training at the TechRep Division of Philco Corporation, Philadelphia, Pennsylvania, and is now a Philco technical representative field engineer. He has accepted an assignment at signal corps headquarters, Fort Monmouth, New Jersey, where he will be instructing soldiers enrolled at the signal school.

As a member of the Philco TechRep Division, Bentley is a part of the world's largest electronic service organization; other Philco field engineers are on duty with the army, navy and air force at bases throughout the United States, Europe, North Africa, Japan and the Pacific islands.

LEGISLATIVE News Letter

From the Desk of JAMES P. MIELOCK State House of Representatives

Legislators were saddened by the passing of Senator Harry Hittle, dean of the senate and oldest member in point of service in the state legislature. After adopting a condolence resolution, the house paused long enough for its members to pay tribute to his 22 years of unselfish devotion to duty in the state senate and then out of respect, adjourned for the balance of the day.

In the past few days many committee meetings have been held, but bills are, as usual, at this stage of a session, slow in moving. We have eight minor bills out of committee, and in all probability they will be advanced to a position for a final vote early the week of February 11. The bills are:

House Bill 49 repeals an ancient act which provided for organizing the Union School District in the Village of Salem in Washtenaw County.

House Bill 13 increases the fee from 50 cents to 75 cents for filing of each discharge of federal tax liens.

House Bill 28 increases the appeal time from five to 10 days, and also increases compensation of jurors in justice courts in cities of over 80,000 population.

House Bill 17 authorizes the state administrative board to convey certain lands in the City of Grand Blanc to Grand Blanc Township.

House Bill 30 removes the salary ceiling a superintendent of a joint tuberculosis sanatorium may receive, and sets the per diem at \$20 a day for members of the board, with a \$300 per annum ceiling.

House Bill 40 increases payment from \$10 to \$15 per day for supervisors upon adoption of a resolution.

House Bill 38 would allow the county tax allocation board members to receive the same compensation as members of the boards of supervisors.

On the opening day of the session, the house by resolution adopts the rules of the previous session as its tentative rules. In this way the house can go ahead and function while it waits for the rules and resolutions committee to report back to the house for house action any and all suggested changes in rules. Invariably some change is recommended which will facilitate the work of the session.

This year there is a strong feeling for a change in rules relative to the right to demand votes. In past sessions we have been stymied for hours waiting for a member's forcible return to the chamber after his vote has been demanded, during which time no other business can be transacted. No useful purpose in the public interest has been served by stalling the legislative machinery and it usually occurs when we are in the last lap of the session, and coming down the home stretch, with some of the most important bills of the session up for consideration and calendars of bedsheet proportions.

Another rule change being thought of is tightening the rule which bars uninvited persons from the floor for 30 minutes before session, and for 10 minutes following adjournment. It is very upsetting for a legislator, after being tied up in committee meetings all forenoon to try and sit quietly at his desk and go over the daily calendar and the bills up for consideration before session and be constantly interrupted by people seeking to talk with him those last few minutes before session.

Another change and quite an important and far reaching one is setting up of an additional standing committee of the house on state operations. Its main purpose would be to eliminate any duplication of work by state agencies by checking into the operations of state agencies and departments. It is expected the rules and resolutions committee will be in a position to make its recommended changes very shortly, and it will then be interesting to see what action the house will take.

City Officials Attend Seaway Conference

Progress on the St. Lawrence Seaway project and other matters of vital interest to the Great Lakes area were heard recently by two city officials of Tawas City: Clarence Everett, First Ward supervisor, and Earl Davis, Second Ward alderman, attended the Great Lakes Harbor Association's annual conference at the Hotel Statler, Detroit, January 27, 28 and 29.

Bulk of the business covered building the St. Lawrence Seaway and problems affecting the project. The need for proper harbor facilities in various port towns sufficient to handle foreign ship cargo was stressed.

"Although the seaway will directly affect only the larger port cities in the state, the overall program includes the improvement of many small boat harbors and every community in Michigan should derive benefit from the increase in economy," stated Mr. Everett this week.

Water diversion from the Great Lakes, which would directly affect this area as well as the entire region, was gone into very thoroughly by Hubert H. Naujoks, general counsel for the Great Lakes Harbor Association, and by Admiral Lyndon Spencer, president of the Great Lakes Carriers Association.

It was pointed out at the meeting that diversion of water from the Great Lakes would seriously affect the amount of tonnage which could be carried on the Great Lakes and that serious property damage would result to dockage and seawall installations. It would also affect private and resort property on the entire shoreline of the lakes.

March 2 and 3—4-H Leadermeet at Michigan State University.

Sharon Brindley, reporter for Reno Topnotchers 4-H Club, writes, "We are well underway with 4-H projects which include sewing, knitting, photography, dairy and electrical."

"Project meetings are held at Mrs. Mott's home on Thursdays after school and on Saturday afternoons (this for clothing project). The date for monthly meetings is not definite, but at our next meeting in February the spotlight will center around Leonard Robinson, who will give tips to people taking photography and show slides."

We hear interesting bits of news about the first annual 4-H Leadermeet which is to take place on March 2 and 3 at Michigan State University. What we hear sounds like a wonderful time for the adult 4-H Club leaders who attend. Iosco

County is invited to have one woman and one man leader participate. Will one of them be you?

We are hoping to hear from those who can arrange to go, and soon, please, because transportation must be planned.

Clover-Kiddies 4-H Club members have open house in the conference room, Federal Building, from 4:45 to 5:00 p. m. Monday, February 11.

First aid is the project being completed and the girls will display their first aid kits and give demonstrations for their mothers who have been invited as guests.

Mrs. James McLean is project leader and Mrs. Albert Conklin is community leader.

What are open house plans of other 4-H Clubs? The time of year for completing first projects has arrived and that calls for an extra-special meeting.

Come try the BIG BUY
(You can boss this Buick Special for little more than the price of a smaller car!)

ONE LOOK at that price figure and you'll know that—again in 1957—if you can afford a new car you can afford a Buick.

And look what you get for so little extra money. You get the most completely new Buick in years. Not just brand new in styling and brand new in body design.

But new in features that make this the dream car of the year to drive.

You get brand-new performance because the engine is literally new from the crankshaft up.

You get a brand-new instant response because we engineered brand-new torque into Variable Pitch Dynaflo.*

And to give you the new sure-footed safety of a lower center of gravity—we built a brand-new frame—which lowers the car, but keeps the headroom, legroom and footroom that a big car should have.

Fact is, there are more than 150 other chassis changes in this '57 Buick—waiting for you to try them. Do that soon—at your Buick dealer's.

*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

Michigan Does Good Job in Treating, But Not So Good in Preventing TB

Michigan is doing a good job in treating tuberculosis but not so good a job in preventing the spread of the disease.

This is the conclusion of "Tuberculosis in Michigan," a new study of TB facts and figures being distributed this week by the Michigan Tuberculosis Association.

Modern treatment methods have cut the number of TB deaths by 70 percent in the 10 years ending in 1955. But the number of new cases reported each year has continued to average just under 6,000.

More persons with tuberculosis are under health department supervision today than previously. This is because fewer TB patients are dying while the number of

new cases remains high, the study explains.

The study shows that one new case of TB was reported in Iosco County in 1955; 19 TB cases were under health department supervision. These included active cases in hospitals, active cases not hospitalized and inactive cases which require supervision to prevent relapse.

"TB in Michigan" attributes the continuing high number of cases to intensified case search, growing population and the fact that most TB cases are found too late to prevent infection of others. "Michigan will have more new cases next year, and the next, and five years hence, because hundreds of tuber-

Revenue from Park
Concession Put to
Good Use by Legion

It takes a lot of work and the
close cooperation of many to op-
erate the Jesse C. Hodder Ameri-
can Legion Post's hot lunch con-
cession at the Silver Valley Winter
Sports area. But the end results
add greatly to the general welfare

BY DOROTHY SCOTT
Home Demonstration Agent
Thursday, February 14—Drapery
construction for home demon-
stration group leaders.

This was the opinion expressed
by Commander Jack Bronson in a
behind-the-scenes look of the op-
eration last week-end.

Selection of curtains and drap-
eries was studied last April and
May. This spring home demon-
stration groups will follow up with
lessons on making draperies and
curtains.

In February drapery making will
be number one in importance.
Having learned about selecting fab-
rics of the right color, pattern and
texture, home demonstration mem-
bers will next consider proper
fitting of draperies.

To operate the warming shelter
concession involves coordinating
volunteer help from the post's
membership list. During this past
winter sports season more than 900
hours went into this operation.

Refreshments of tea and Valen-
tine cookies were served on a
lovely white tablecloth, and red
and white flowers were flanked
by red candles.

Members are assigned various
jobs, including one to supervise
purchase of supplies, a bookkeeper
who takes charge of sales tax and
receipts and coordinator who
works with the Silver Valley Win-
ter Sports Committee.

The leaders will meet Thursday,
February 14. Some will come in
the afternoon and others in the
evening. Local group meetings will
be held during late February and
early March.

Along with this the post must
comply with normal regulations es-
tablished by the state health de-
partment in operation of an eating
establishment and comply with
rules of the United States Forest
Service, which has overall control
of the Silver Valley area.

Anyone wishing to learn more
about drapery making and hanging
is invited to contact me or a home
demonstration group member.

The post thanks the community
and the many persons who pur-
chased hot sandwiches and hot
drinks at the main area warming
shelter.

A little advance knowledge can
help you make the most of your
budget and still be in style for
spring. Let's share some spring
fashion notes with Peg Werner, re-
tailing instructor in the clothing
department at Michigan State Uni-
versity.

\$400 Turned Over to
Methodist Building Fund
The regular meeting of the
Woman's Society of Christian Ser-
vice was held Thursday evening in
Memorial Hall, at the Tawas City
Methodist Church.

Notice a much greater use of
capes, more hip accent, bloused
backs on dresses and suits, new
length skirts (13 to 13 1/2 inches
from the floor), bare backs, scarf
necklines and period hats.

The president, Mrs. Charles Van-
Horn, presided at the business ses-
sion. Four hundred dollars was
turned over to the church building
fund. Mrs. Earl Davis reported on
the family night pot-luck supper
which is held on the first Sunday
each month. Members of the WCSO
of Harrisville were entertained as
guests for the evening.

The silhouette is slim, but not
tight. Skirts are fitted with ease,
the squeeze-in sheath is out of
fashion.

Mrs. Mark Sedgeman was in
charge of the program; the theme,
"Whom shall I send?" She was as-
sisted by Mrs. Davis, Miss Ferne
Mark and Mrs. Ira Horton.

In fabrics you will find the good
looking synthetic blends take on a
softer finish than last year. Dacron
blended with cotton and linen,
mixes of silk with cotton and ray-
on, orlon novelty weaves, cords,
plaids and stripes or textured sur-
faces. "Lightweight" describes
most fabrics. For example, there
will be chiffon worsted crepes, bas-
ket weaves, baby glen checks and
pastel tweeds.

Refreshments were served at
tables decorated in the Valentine
motif; the centerpieces were bou-
quets of gladioli and daffodils set
on red hearts of styrofoam. Host-
esses were Mrs. John Roback,
Mrs. William Schaaf and Mrs.
Davis.

Costs for spring are slim. Hats
are perched hats, softer in line and
very feminine through the use of
draped fabrics and flowers.

Mrs. Earl McElheron Hostess
Wednesday at Circle Party
Mrs. Earl McElheron was host-
ess to her circle party of St.
Joseph's Parish last week Wed-
nesday evening. Pedro and canas-
ta were played. Prizes were won
by Mrs. Blanche LaBerge and
Mrs. Anna Gerschbacher.

Gloves will be longer (eight, 10
and 16 button length), worn crush-
ed down on the wrist. Make use of
matched accessories, hat and gloves
matching, hand bag and shoes
matching.

The hostess served coffee and
chocolate pie with whipped
cream.

Speaking of shoes, more textured
materials will be used in shoe
styles this spring.

Valentine Tea Held Feb. 12
by Hospital Auxiliary

A Valentine Tea was held by
the Tawas Hospital Auxiliary at
the home of Mrs. L. G. McKay Jr.
on Tuesday, February 12. Host-
esses for the affair were Mrs. Gor-
don Huck, president; Mrs. Cliff-
ord Eppert, vice president; Mrs.
Robert Elliott Jr., corresponding
secretary; Mrs. Hugo Keiser, re-
cording secretary, and Mrs. L. G.
McKay Jr., treasurer.

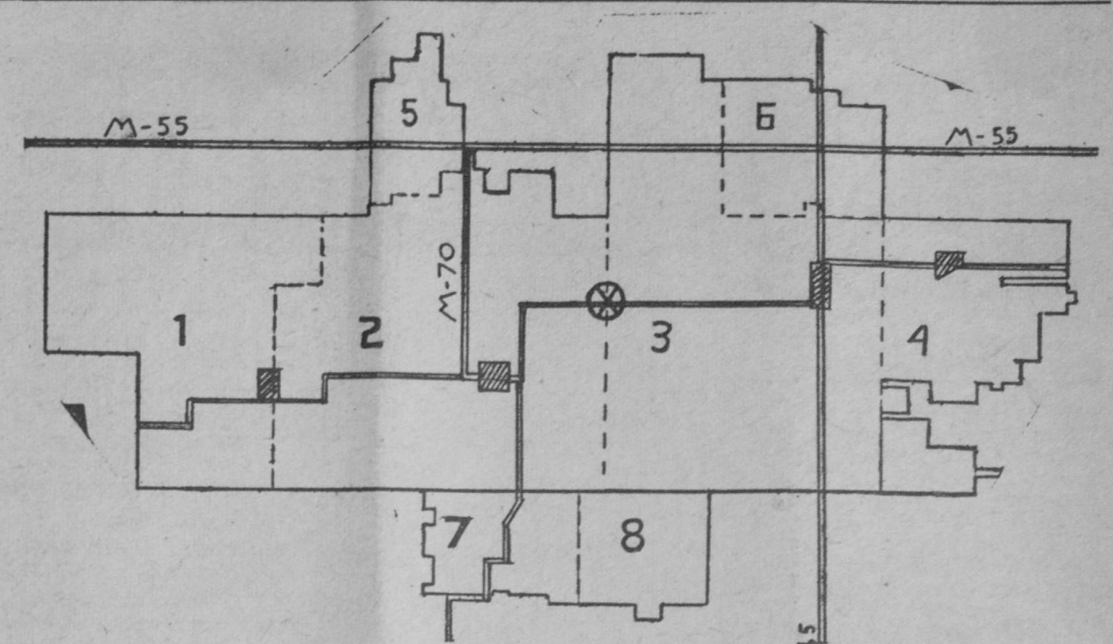

A short business meeting to
discuss the re-organization of the
auxiliary was held and Mrs.
Huck named the following com-
mittees and chairmen:

Office workers, Mrs. Clifford
Eppert; central supply, Mrs. Polly
Parrott; mending, Mrs. Joseph
Homburg; flowers and plants,
Mrs. Milton Kotcher; patient feed-
ing, Mrs. Clarence Everett;
library, to be announced.

Each committee chairman gave
a brief report on the services of
her committee and anyone wish-
ing to donate her service is urged
to call the committee chairman.

L. G. McKay Jr., president of
the hospital association, spoke
briefly to the group.

Refreshments of tea and Valen-
tine cookies were served on a
lovely white tablecloth, and red
and white flowers were flanked
by red candles.
