### Rainbow Farm Group Met Last Thursday

The Rainbow Farm Bureau Group of Sherman Township met Thursday night. A card party was planned for February 28 at the school auditorium. Everyone is invited.

Following the meeting, lunch was served by Mrs. George Kohn Sr. and Mrs. George Kohn Jr. Euchre was played.

### GEORGE SAYS - - -

The Bookmobile schedule is as follows:

February 25—Hale school.

February 26—Maple Grove, Omer downtown.

February 27—Maple Ridge, Turner, Berry.

February 28—Sterling school, grades four, five and six.

March 1—Taft, Sherman.

### LEGISLATIVE

#### News Letter

From the Desk of JAMES P. MIELOCK State House of Representatives

Often in the past the right of speaking under personal privilege has been used to sound off on a political tirade. Abuse of the privilege caused a legislative decision to be handed down which defined the right to speak under personal privilege as limited to including only: 1. Anything tending to subject a member to ridicule or contempt; 2. Charges in newspapers relating to a senator in his representative capacity only; 3. Newspaper articles attributing to a senator the remarks he has not made; 4. Accusation by another senator in debate of intentional misrepresentation; 5. Assault on a senator for words spoken in debate; 6. Arrest of a senator, except for treason, felony or breach of the peace. Under a question of personal privilege a senator is required to confine his remarks to the matter which concerns himself personally.

Since that time it is a rare occasion for a member to step out of line and attempt to abuse the privilege and when it happens, he does not get far before being halted. It was therefore, a little surprising Monday evening following the Republican State Convention at which Dr. Edgar L. Harden, president of Northern Michigan College, was nominated as the Republican candidate for superintendent of public instruction, to have a member of the Democratic party speaking under personal privilege, tee off on Dr. Harden for accepting a partisan nomination, and demanding that he be removed as head of the college.

To him it was all wrong that an educator should seek a Republican nomination for political office, overlooking entirely the fact that several known educators have sought political office on the Democratic ticket. Guess so far as some of the opposition is concerned, it's a case of "whose ox is being gored." Needless to say he didn't get far in his tirade because a point of order halted him fast and the decision was read and the chair had no other choice except to rule him out of order.

Dissatisfied with the ruling, he stated he would bring in a resolution condemning Dr. Harden, but so far it has not come in—probably because he realizes how untenable his position is in the matter. Certainly any person in the education field has the right to seek political office on either the Republican or Democratic ticket just the same as any other person.

Lincoln's birthday this past week was observed in the house during a joint session of house and senate at which former Congressman George Dondero of Royal Oak gave an inspiring address on Lincoln, bringing out many well remembered and some little known facts about the Great Emancipator.

If HJR "E" receives a two-thirds vote in the house and senate and is subsequently approved by a majority vote of the people, an inequity in the compensation of justices of the supreme court will be rectified. At present there exists a constitutional prohibition against raising the salary of an officer during the term for which he is elected. This has brought about a situation where some members of the court receive considerably more money than others. Under the resolution any change in pay schedule would be effective at the beginning of the next fiscal year for all justices alike.

The suggestion award system has worked very well in industry, and is hoped will prove equally as good in government by its sponsors. With that thought in mind, the Michigan State Employees association has interested

DISPUTED TERRITORY—An Israeli warship lies at anchor in the bay of Shar-El-Sheikh on the southern tip of the Sinai Peninsula commanding the approaches to the Gulf of Aquaba. Prior to Israel's seizure of the spot, Egypt, with her batteries of coastal artillery, prevented Israeli shipping from going through. It is reported that the Israeli cabinet has decided to accept, subject to certain conditions, the American plan for troop withdrawal.

### 4-H Clubs

By Dorothy Scott Home Demonstration Agent

Casseroles, beverages and sweets were food preparation activity for members of the Peaceful Valley project at their regular Saturday meeting with Mrs. Yvonne Finley, leader.

New 4-H Club members and leaders were treated to an initiation when Peaceful Valley Community 4-H Club met at the Raymond Biggs home on February 6. Meeting discussion included a skating party and money raising project, reports Verma Kay Wehrman.

The 4-H Club Leadermete at Kellogg Center, Michigan State University, which has been called to your attention previously, will take place March 2 and 3. Mr. Davenport and I are hopeful that our Isoco quota of one man and one woman 4-H Club leader will be filled. We are certain the program will be lively and interesting. This is your opportunity to meet leaders from other parts of the state, "swap" ideas and experiences, have a good time.

Has your 4-H Club begun plans for an open house to complete first projects? We would like 4-H Clubs to have their event before spring road conditions make transportation difficult. Can we get together on a date soon.

### CROP SUPPORTS

Speaking before the senate agriculture committee recently, Ezra Taft Benson, secretary of agriculture, made the suggestion that mandatory federal farm price supports be killed once surplus production and other agricultural problems are solved.

### McIVOR NEWS

# Bucks Face Big Game Friday at West Branch

Northeastern Michigan Conference  
STANDINGS

Roscommon	13	1
Tawas Area	11	3
West Branch	11	3
Houghton Lake	10	4
Standish	10	4
Arenac Eastern	4	10
Pinconning	4	10
Sterling	4	10
Gladwin	3	11
Beaverton	0	14

By EARL HAIGHT  
Roscommon assured itself of at least a tie in the Northeastern Michigan Conference basketball race by downing Houghton Lake last Friday night, 70-54. The two runner-up quints, with mathematical chances to tie, won their contests, Tawas Area edging out Eastern, 50-48, while West Branch was trouncing winless Beaverton, 65-38. In the other two games scheduled, Standish won over Gladwin, 38-19, and Sterling surprised Pinconning, 58-51.

Top scorer for the night's play was Dave Featheringill, Tawas Area forward, who piled up 26 points on a nine and eight stint. In second place was Jim Papefnus, Roscommon's lanky forward, with 22 on 10 field goals and two free throws. Third and fourth places were taken over by Pat Marts, Houghton Lake guard, and Lyle Mead, Roscommon center, with 19 and 18 points, respectively.

Games on tap for this Friday include Beaverton at Pinconning, Roscommon at West Branch, Tawas at Houghton Lake, Eastern at Standish and Sterling at Gladwin. Roscommon stepped out to a 16-11 lead in the first period and held a 40-23 margin at intermission after a big 24-12 second quarter count. The Lakers fast break took effect in the third frame and the losers cut down the lead with a 17-14 tally. The Bucks came back to take the final stanza, 16-14, to come within one game of their first title.

Coming in behind Papefnus, Marts and Mead in the scoring column were Dave Lee, guard, and Phil Kemp, forward, of the Bobcats, with 16 and 12 points. Also scoring in double figures for the winners was Keith Hanna, forward, with 16. Houghton Lake's JV quint kept on top of the reserve team standings with a 66-37 win as Terry Wareham hit for 20.

## TAWAS AREA BRAVES TAKE TWO AT EASTERN

The four point difference Tawas garnered in the first quarter of play at 13-9, stood up and made the difference in the final score as Eastern came up with a 13-10 last period count to narrow the winners' lead at two points. The second period scoring was knotted at 13-13, while Tawas picked up one point in the third stanza by taking that frame with a 14-13 tally.

Featheringill's 26 points out-classed the rest of the scorers with Wally DeWald, Eagle forward, tossing in 16 on five and six for the runner-up spot. Elmer Hollenbeck, loser's back court man, came through with 11 points. Tawas Area's reserve five kept pace with the Lakers, but a game off the top, by dropping Eastern's JV five, 57-18, as Ulman led the winners with 17.

West Branch kept its tie hopes alive and looked forward to its big game with the league leaders next Friday night, by outclassing the Beaverton quint with a 14-9 first canto, score and a whopping 28-7 second period tally. Against the Oriole reserves, the losers took the third stanza, 12-9, but the Orioles came back to cop the final period, 14-10.

Don Finnerty, Oriole center, was top man for the night with 16 while Jim Freeman, loser's guard, was high for his team with 11. The West Branch reserve club pasted the Junior Beavers, 83-25.

Gladwin was unable to hit in double figures in any of the four quarters in its contest at home with Standish and dropped a low scoring ball game to the Golden Arrows. The winners took the first period with a 10-2 tally but dropped the second, a low scoring quarter, 5-4, to hold a 14-7 lead at half-time. Following the intermission, Standish copped the third frame at 10-3, and the last stanza at 14-9, to move into a tie with Houghton Lake for third place in league standings.

Dennis O'Keefe, Standish forward, was high man with 14 points on five field goals and four free throws. Top man for Gladwin was Doug Hall with nine. Standish stayed in the second spot in reserve ball by nipping Gladwin 35-31.

## ALL "A" STUDENT AT STATE—

Peter Stoll, son of Mr. and Mrs. Bert Stoll of East Tawas, was listed as an all A senior student at Michigan State University last week. He was one of seven from this area with all A records. Others were Esther Josephson of Alpena, a junior; Robert Belk of Alpena, freshman; Donald Gyde of Roscommon, junior; Janet Doremire of Midland, a senior; Sue Penske, Bay City, freshman; Ronald Hill, Caro, a senior.

THIRD IN A SERIES—

# AUTOMATION IN IOSCO

Employees of Tawas Industries are pictured in front of the company's modern plant in Tawas City.

## New Machine Helps to Speed Up Production

Automation, one of the most frequently discussed terms in the nation's industry today, is playing an important part in increasing the output of one of Iosco County's small manufacturing plants.

Tawas Industries of Tawas City recently placed into service on its assembly line a machine which is as close to automation for its particular operation as can be found today.

This new machine, an automatic filter packing device, weighs, conveys and packs materials for automotive oil filter units in one continuous operation. The unit is composed of a series of machines performing special operations controlled by micro switch relays.

Although not entirely automatic (it requires workmen at various stages of the assembly), the machine has greatly speeded up production and as a result may broaden Tawas Industries activities here.

In fact, through this new improved method, the plant is now turning out five times as many filters as were produced by other methods using hand piece work only a few months ago.

Most of the plant's equipment was built to perform work peculiar to its need by Roy Leslie, of the maintenance department. Mr. Leslie, who helped to develop many of the special machines at National Gypsum Company's plant at National City, is one of those rare individuals who can solve many perplexing problems on the drafting board and then follow through with actual construction of the equipment needed.

About two years was required to design the machine and work out the problems involved. At the same time a temporary machine was designed which performed the same operation.

"Roy now has plans for a new machine on the drafting board which we haven't even named as yet," stated Elmer Werth, vice president and general manager of Tawas Industries. Mr. Werth did not reveal just what operation the machine would accomplish when completed, but it will prove to be a valuable addition to the plant's operation when it is perfected.

"We hope to stabilize our working force by bringing more operations here and making the plant more self-sufficient," stated Mr. Werth. At present some of the component parts of oil filters are fabricated elsewhere, resulting in additional freight costs.

The plant recently expanded in the field of material processing of filter medium. Instead of purchasing the medium from outside vendors, the plant now purchases paper in bulk 300-pound rolls and

processes it through a hammer-mill and shredder.

Tawas Industries was organized in June 1945 with Mr. Werth as vice president and general manager, Nathan Barkman, secretary-treasurer, and Joseph Warren of Detroit as president. This corporation succeeded the Tawas Manufacturing Company, organized in 1943 by Mr. Barkman and Allen Kirkendall of Vassar.

Original operations were set up in the old Edgewater Inn building, East Tawas, now the Eagles Hall, by O. W. Rowley and Werth for the manufacture of oil filters. After incorporation the plant was moved to the Case Building in Tawas City, later moving to the Adams Building in East Tawas.

In 1952 the plant was moved to its new building on First Street in Tawas City. Enlarged to its present dimensions of 56 by 314 feet in 1955, additional space for expansion was gained last year with the purchase of the coal yards nearby as a parking lot and the old Cecil Cox house located at the rear of the building was moved.

George Staudacher is plant manager; George Todd, foreman; Josephine Gates, office manager, and Mrs. Dorothy Fricke, book-keeper.

"Our labor relations at the plant have been on the highest level," commented Mr. Werth. "Any problems which we have encountered have been settled with a minimum amount of difficulty through a time when the cost of living has been increasing. A phase in our contract has made a cost of living adjustment and our labor force received a four-cent-an-hour adjustment in 1956, besides a general wage increase." The plant's labor force consists of nearly 70 percent women.

A happy family relationship has been carried on by the owners and employees since the company's founding. "We are very proud to be located in the Tawas area and are proud to be a part of the community," stated Mr. Werth. "The community has been very helpful on many occasions and we appreciate this friendly relationship."
