

NEW HOME OF OTTAWA EQUIPMENT COMPANY

Two Tawas Building Projects Near Completion as 1957 Begins

"Construction of the new school building has progressed satisfactorily during the past two weeks and we expect to move in around February I," stated Reynold Mick, superintendent of Tawas Area Schools.

Superintendent Mick said Wednesday afternoon that workmen are now laying tile and terrazzo, plastering and painting in the new junior and senior high school.

He said that the gymnasium will be the last portion of the building completed. Expected completion date of this portion was not available.

The heating installation has been made in "B" wing and class rooms of "A" wing, with the exception of the band room. Partial installation has been made in the gymnasium.

"First to move to the new

through 12," stated Superintendent Mick. "We will probably leave the seventh and eighth grades at the Alabaster unit for the remainder of the school year. It would seem to be to the advantage of their education to remain there until the end of the school year, instead of disrupting classes at this time."

education authorized letting bids for drainage ditches at the new school site. These are to be receivschool site. These are to be received at the regular meeting January 8.

The new facilities will consist of garage, office, parts supply and show room, plus an outdoor disone complete semi-trailer com-

Kindergarten and first grade classes now in the East Tawas annex will be moved into the main building at East Tawas as soon as high school students vacate class rooms.

Although the mystery of cancer remains unsolved, significant scratches have been made on the surface of this health problem. The report notes particular success in the field of public education, where the Michigan Cancer Coordinating Committee has taken ship. measured strides toward the eradication of cancer quackery.

Last September, the prospect for additional Michigan doctors was brightened by medical society action urging state funds to provide for a 50 student increase at Wayne State University College of Wayne State University College of Medicine, according to the report. In addition, the better distribution of doctors in rural Michigan received attention in 1956 through the M. D. Placement Service—a joint effort of the Michigan Medical Society and the Michigan Health Council. Since 1952, the council reports 207 doctors have moved into communities and towns in need of full time medical atives. service.

Lancer Meets Lancer at Air Force Base

AMERICA'S two famous "Lancers"—the Air Force's new F102A jet plane and Dodge's trim 1957 hardtop—stand poised for action at the Duluth Air Force Base, where the world's first supersonic all-weather interceptor plane guards the northern air frontier. Similarities in styling of the Convair F102A Lancer with the new Dodge Royal Lancer are pointed out by Capt. Earl Weaver, jet pilot, to Sue Wagoner, Hollywood starlet. The F102A Lancer's name was picked from 5,000 entries after a Duluth newspaperman suggested the "faster-than-sound" fighter plane should have an appropriate name.

MICHIGAN'S GOVERNOR G. Mennen Williams is shown making his contribution to the annual March of Dimes campaign. The drive to raise funds in losco County will be under the direction of John R. Watkins, chairman. A young polio victim is shown receiving the governor's contribution.

Farm

By Marvin Davenport

Calendar-

Thursday, January 3—ABA Board of Directors meeting, Fed-eral Building, East Tawas, 8:00

Efficient use of land and natural esources demands careful plan-ing, says Louis A. Wolfanger, ning, says Louis A. Wolfanger, Michigan State University zoning

Every county and township in the state may create a commission to prepare and recommend landise plans. To have a good plan, towever, the people must parties

The first step in forming a plan s careful study of land and natural resources of the county or counship and their present uses.

Thus, some areas are best suited come for farming while others should be cent used for homes commercial enterprises, industry, recreation, fores-

y or other uses. These findings are then summarized in a plan or "blueprint" for the county or township. This plan may also show what roads, schools and other facilities will be

Implementation of a plan requires several actions. One of these, zoning, will be explained by Wolfanger in a later article.

If you are thinking of planting trees on your farm for reforesta-tion or windbreak, here is some news that will interest you.

servation purposes.

One of the most popular orders they know how to make. They ity of this windbreak package, Bull says it is necessary to limit the offer to one per customer, except in special cases where a longer its application must be speeded its application must be speeded windbreak is needed.

Many farm plantings are used to prevent soil erosion. The nursery has red pine seedlings and monday, January 7—ABA and Monday, January 7—ABA and mual meeting, 8:00 p. m.

Tuesday, January 8—Lamb pool at West Branch railroad yards from 9:00 a. m. until 2:00 p. m.

Thursday, January 24—Soil Conservation District annual meeting, Plainfield Township Hall, 8:00

The servation of the seedlings and transplants for sandy hillsides, white pine and Norway spruce for blow sand and dry, sandy soils. Bull points out that these are all good species to plant on land under contract to the soil bank conservation reserve program.

The seedlings and transplants for sandy hillsides, white pine and Norway spruce for blow sand and dry, sandy soils. Bull points out that these are all good species to plant on land under contract to the soil bank conservation reserve program.

-John Van Guilder

Finally Believed His Eyes and Ears!

He has heard and read a great many wonderful things about this new 1957 Cadillac since it made its first appearance a few brief weeks ago-

-about its magnificent new luxury, for instance ... its brilliant new power and responsiveness ... its marvelous new handling ease . . . and its extraordinary new smoothness of ride.

And so, quite frankly, he began to wonder if it weren't all too good to be true. Could any motor car be as wonderful as this latest "car of cars" was reputed to be?

Well, he's decided to put his eyes and ears to the test today. And the verdict is unmistakable!

It's a joy just to lean back into those deep, soft cushions and look out over that graceful hood into the beckoning highway.

And what a revelation the car is to drive! about Cadillac have never been more convincing.

A curve in the road ahead? He simply follows it with the arc of his hands and the car responds with perfect obedience.

A hill in the offing? He just nudges the accelerator and the car sweeps up and over as effortlessly as if it were traveling the level road. A stop light coming up? He presses his toe-

ever so gently-on the broad braking pedal and comes to the smoothest, surest stop imaginable. Yes, it's true what they say about this newest of Cadillacs. This is far and away the finest motor

car ever to travel the world's highways.

How about you? Have you heard the wonderful things they're saying about the 1957 Cadillac? Well, the proof is in the driving-and the facts

211 NEWMAN STREET

EAST TAWAS

FOR THE SEVENTH consecutive year, Paul D. Bagwell of East Lansing will head the January 1957 March of Dimes to raise funds to finish the fight against polio. The popular Michigan State University professor, now on leave as a candidate for auditor general of Michigan, is shown on a recent visit to the Polio Respirator Center at University Hospital, Ann Arbor. The tiny iron lung patient is four-year-old Andrea "Andy" Cappaert, who contracted the crippling disease two years ago—before the Salk vaccine became available. National goal for the 1957 March of Dimes is \$46-900,000 which will include \$10,000,000 to pay for vaccine for those who cannot afford the protection. who cannot afford the protection.

Economic Development Department Optimistic

velopment Department reported areas of the United States listed that out-of-state companies conthat out-of-state companies continued to establish new plants in Michigan, and existing Michigan industries continued to expand within the state at a good rate.

Non-agricultural employment reached a new peak.

Auto production came back population.

Auto production came back strong after a mid-year slump.

The undelivered portion of defense contracts under administration in Michigan at the end of the year was valued at approximately \$440,000,000. He said he was Michigan enjoyed an impressive struck particularly with the "unitgain in industrial research facil- ed effort of all industrial develop ities during 1956, notably in the ment groups in the state." opening of the General Motors

Technical Center early in the year and the Chevrolet Research Center late in the year and in the recent announcement that Parke-Davis will build its big research laborators of App.

will build its big research laboratory at Ann Arbor.

Reports of the 1954 census of manufacturers released during the year (the first such census taken since 1947) showed that Michigan ranked first in the nation in dollar value of the new capital expenditures. Ohio was second, followed by Pennsylvania, New York, Illinois, California and Texas, in that order.

Another major business indicator showed Michigan second only to New York in payment of federal taxes. The federal tax contribution from Michigan totaled

federal taxes. The federal tax contribution from Michigan totaled \$7,156,469,000, topped only by New York's \$14,316,258,000. Most of the Michigan total came from taxes on individual incomes. This figure was about 5½ billion dollars. Michigan corporations paid more than 2½ billion dollars in income and profit taxes and more than 1½ billion in manufacturers' taxes. Traditionally ranked fifth or sixth, Michigan leaped over Pennsylvania California Illinois and sixth, Michigan leaped over Penn-sylvania, California, Illinois and Ohio in a single year.

Mr. and Mrs. George Smith were Christmas Day callers in Midland. Joseph and Josie Klish of Tawas

ment of Commerce showed Michigan leading all states in the Northeastern and North Central Spent the past week at his home regions—the concentrated industrial area of the country—in population gain since the 1950 census. With a population now estimated at 7,516,000, Michigan had an

increase of 18 percent from April 1, 1950, to July 1, 1956.

Michigan attracted wide atten-

tion by the enthusiastic participa-tion of its population in the third annual Michigan Week in May and then squared away to continue this then squared away to continue this activity on a big scale with the appointment of one of its leading industrialists, K. T. Keller, as general chairman of the 1957 Michigan Week next May 19-25.

Michigan ranked high during the year on the basis of family inwhat it makes of you.

Advises Young Men to Investigate Career in Mich. State Police

Michigan State Police. That is the advice given young men by Sergeant Frank Roti, com-manding officer of the East Tawas

"Men between the ages of 21 and 29, inclusive, married or single, are being given a new opportunity to become members of the state police, but they must have their applications on file by Wednesday, January 30," Sergeant Roti said. "We strongly urge that they look into this opening, be-cause it is a fine career with security and a future.

"The pay is excellent. In the trooper rank alone it ranges up to about \$7,000 a year and, as everyone knows, there will be a new pay raise which has already been ap-proved by the state civil service commission and applies to every-

Pay increases with length of service and after two years the trooper gets a further boost by being automatically premoted one full step in classification. There are also very substantial increases being automatically premoted one full step in classification. There are also very substantial increases with each promotion in rank.

with each promotion in rank.

In addition, the trooper receives longevity pay according to length of service, a subsistence allowance, two paid vacations a year which also increase in length, paid sick leave and other benefits. At the end of only 25 years of service he is eligible to retire on a pension is eligible to retire on a pension of one half his pay which also goes

to his widow. Entrance requirements include a minimum height of five feet, nine inches and a high school education or its equivalent.
"This is really an opportunity

advised to call at any state police post or write to the state civil service commission in Lansing But they should act promptly."

HEALTH RESEARCH-

Seventy-three grants totaling \$24,460,467 in federal aid for the building of medical research laboratories has been announced by Dr. Leroy E. Burney, surgeon general of the public health service. The awards granted were limited to buildings because of the critical need for construction. In later years, assistance will be given in providing research equipment.

President Eisenhower plans a brief tour of drought-stricken areas in mid-January before his inauguration.

A record number of students other than veterans were enrolled Mail Statements to 90,000 Retailers

Today Dun and Bradstreet of fices across the nation began the huge task of mailing nearly 3,000,-000 requests for financial state-ments to the businessmen of America. This has been a yearly practice of the world-wide mercantile agency since the 1870s. The entire mailing is scheduled to be completed this week, and in itself, represents a mammoth job for the

This year nearly 90,000 retailers, wholesalers and manufacturers in the 60 countries covered by the Detroit district offices will receive these requests. Of these approximately 60 percent will go to retailers; eight percent to wholeers and the balance to construction companies, commercial service and miscellaneous business enter-

Seventy-five requests are being mailed to businessmen in Tawas

City alone. Through this service, provided by Dun and Bradstreet each year, the businessmen of America are able to get their late year-end financial statements to suppliers, banks and insurance companies, without delay and at no expense As a credit agency, Dun and Bradstreet acts as a confidential clearing house that is an aid to both buyers and sellers. Its primary function is to assist in build ing the buyer-seller relationship thus facilitating the flow of merchandise on a credit basis. work is carried out through the issuance of the agency subscribers, a reference book, which shows the name, line of business and credit rating for 2,900,000 businesses. In addition, detailed credit reports are available on all businesses sted in the reference book as well as on several hundred thou-sand enterprises of a service nature which are not listed in the

eference book. When the owner of a business returns his financial statement to Dun and Bradstreet. the owner has taken the first step in estabshing his responsibility as a seek-

eived, the information contained freezing.

KERRY DRAKE

Needlecraft News by Nancy Baxter

fter a mother-to-be pays her first visit to the doctor, her thoughts A immediately turn to dainty, little things. Planning the new baby's layette, from bibs to bootees, is one of the most exciting aspects of expectant motherhood. The question is, What is the best possible wardrobe with which to welcome the new arrival?

THE FIRST WARDROBE An infant's first clothing should be light, warm and roomy. Modern mothers try to keep their babies comfortable

possesses the quick-drying qualities that mothers desire and provides the warmth that baby needs. It resists shrinkage, an important feature, to allow your child to get the most use out of his (or her) pretty, new garments.

It is a lucky baby who is treated to lovely, hand-knitted apparel upon arrival. And it's a wise person who makes these clothes possible. This dainty set, knitted of orlon yarn, will give the new prince or princess a most happy welcome. A lacy, chevron pattern is worked into all the pieces in combination with the stockinette stitch. Choose a pretty pastel yarn and trim the set with matching satin ribbon. The knitting instructions may be obtained by writing to the Needlework Department of this newspaper. For your copy, simply send a stamped, self-addressed envelope when you request KNITTED BABY SET, Leaflet No. 123.9.

"Monthly Pains" stopped or amazingly relieved

in 3 out of 4 cases in doctors' tests! Chances are you're putting up—un-necessarily—with the functionally caused pains, cramps and weak, "no good" feelings of menstruation! For, in actual tests by doctors, Lydia Pinkham's Cominkham's Com-jound brought com-plete or striking relief from such dis-tress in 3 out of 4 of Lydia Pinkham's is modern in its

action!
So get Lydia E. Pinkham's Vegetable Compound—or new, improved Tablets with added iron. See if—taken through the month—it doesn't give relief from those backaches, jitters—help you feel better before and during your period!
Or—if you suffer from functional "hot flashes" of "change of life," find out how wonderful Pinkham's is for that, too!—

Pictures of the Week

THE BOMB BEARERS-Members of the New York City Police bomb squad, wearing special equipment and clothing, hoist the latest of the "Mad Bomber's" contraptions into a special trunk. The bomb devise was found in a telephone booth in busy Grand Central Station. The city will offer a \$25,000 reward for the "Mad who has plagued New York with more than 30 bombs in

RACE FROM DESTRUCTION-Firefighters and photographers at the huge Malibu coast brush fire ran for their lives with flames just a few feet behind, after a sudden shift of wind. The blaze has swept uncontrolled over 30,000 acres of dry lands and has destroyed over 80 homes in its path. The area was declared in a "state of disaster" by Governor Goodwin J. Knight. Resources of the state and federal government will be thrown into the battle to assist the already exhausted force of ove: 1,500 men.

HER NEW HOME-Zsuzsa Ordogh (center), 16-year-old Hungarian Olympic team swimmer, signs one year parole in immigration office in Seattle, Washington. The girl decided to apply for adminission to the United States when she received a letter from her home telling her "don't come home." She has heard nothing from her family since. She will live with Nancy Ramey (left), 16, United States silver medal Olympic team swimmer, whom she befriended during the Olympic games.

NEHRU SPEAKS TO UNITED NATIONS-Indian Prime Minister Jawaharlal Nehru (left) greets United Nations Secretary General Dag Hammarskjold at the United Nations Headquarters in New York. In an extemporaneous address to more than 1,000 persons in the huge General Assembly Hall, Nehru said the United Nations was "soothing the minds of people all over the world" by its actions in recent world crises.

DREAM CAR DESIGNER DIES-Preston Tucker, who planned a fabulous post-war dream car and saw his ideas blow up in bank-ruptcy, died of cancer, at the age of 53. Tucker had been admitted to the Beyer Memorial Hospital in Ypsilanti about three weeks ago for treatment of lung cancer and developed pneumonia.

MOSCOW ECONOMIC SHAKE-UP-Maxium Soburov (top), one of was fired as head of the state economic commission and replaced by First Deputy Premier Mikhail Pervukhin (bottom) in a major government shakeup. The latter has been ordered to step up Russian production.

WELCOMES HUNGARIAN REFU-GEES—Former President Herbert Hoover recently visited with Vice President Richard Nixon to discuss the Hungarian refugee problem. At a press conference following their meeting, Hoover said Hungarian refugees arriving in this country are "the very material of which this country was built."

AGAIN REBUKES INTEGRATION DECISION—For the second time in two years United States Judge William Hawley Atwell ruled that the Dallas, Texas, school system remain segregated while it continues its study of the problem of desegregation.

Recent estimates indicate that

the economy has lost ground. tants each year. On the basis of problems. the population break-down, the country today has several hundred thousand more families than dur-ing the Christmas season of 1955. Moreover, there are several hundred thousand more wage-earners today than there were at this time

Add to this the fact that the pre-hit by one of them, and Barton has vailing wage scale is higher today, the most money.

Christmas Business in 1956 plus other factors, and one creadily see that business should Was the Same as Last Year crease each year under norma

economic growth conditions.
The fact that Christmas busine Christmas business in 1956 was about the same as the volume in 1955. If this is true, it means that left is substantially shown that the nation's easily may have lost ground. cent months and that tight mon It must be remembered that the United States, as a nation, gains approximately two million inhab-
