Emanuel Lutherans Start Fund Raising Drive for New School

Held Kick-Off Dinner Sunday Starting Drive

Some 230 persons attended a kick-off banquet to promote Emanuel Lutheran Church's fund raising drive for a new school building last Sunday night. The event was held in the cafeteria of the new Tawas Area School.

After dinner was served to the group by the ladies aid of the congregation, a fund raising committee of 18 men headed by Clarence Krueger and Carlton Haglund, co-chairmen, met to discuss means of financing the project.

Speaker of the evening was the Rev. John Brenner of Bay City, who spoke on the value of Christian education. Mr. Krueger also gave a short talk urging full cooperation from the group in the drive to gain funds.

Other members of the committee are Harold Cholger, William H. Look Sr., John Loeffler, Leonard Gottleber, Harold Bublitz, Carl Thunberg, John Ristow, Bernard Look, Raymond Kobs, William Olson, Allen Anschuetz, Clyde Anschuetz, James Roach and Donald Gingerich.

Wilbert Mueller and Victoria Spaude are teachers in the school. Present enrollment is in excess of 80 students.

The present amalgamated Tawas Lutheran School will continue under its present system, the first four grades at Zion Lutheran School and four grades at Emanuel Lutheran School.

Tables in the cafeteria for the banquet were decorated with lighted candles and flowers furnished by Moeching's Greenhouse.

The Rev. Leonard Newman, pastor of Emanuel Lutheran Church, said Monday that plans are being made to construct a new building with four classrooms and one multi-purpose room. He estimated the cost of the project at about \$80,000.

TAWAS HOSPITAL RECEIVES FINAL FORD GRANT PAYMENT

A check for \$7,350 was received Monday by the Tawas Hospital as final payment from the Ford Foundation in its nation-wide hospital grant program. This was the second check received by the local hospital from the grant.

The major part of this check will be used to pay for the purchase and installation of the new 35 kilowatt generator.

Two Plane Crashes Claim Four Lives Over Week-End

Two plane crashes in the Isosco County area claimed the lives of two prominent Saginaw businessmen Friday afternoon while air force rescue crews had to abandon the search for a jet plane reported to have gone down Saturday night.

The bodies of Dr. James W. MacMeekin, 49, and Edward C. Totten, 41, both of Saginaw, were found Saturday morning in a wooded swampy area about five miles north and west of Oscoda near the Isosco-Alcona County line.

Wreckage of the plane was spotted by an air force helicopter shortly after an area-wide search began early Saturday morning by planes of the Civil Air Patrol and the air force.

State police at East Tawas, who also took part in the search on the ground, along with sheriff's department officers from Isosco and Alcona Counties, said that the plane had not burned after the crash and both victims still had seat belts fastened.

Dr. MacMeekin, president of Saginaw General Hospital's medical staff, and Mr. Totten, co-partner of Saginaw Oil Company, were returning from a fishing trip to the Upper Peninsula. Dr. MacMeekin, who owned and piloted the plane, had been flying about 15 years.

Taking off from Alpena airport at 2:00 p. m., the Saginaw men flew against headwinds estimated at more than 35 miles an hour. Snow squalls also made flying difficult.

The plane in Saturday night's disaster was identified as a P-94 Starfire jet carrying two air force officers from the 46th Fighter-Interceptor Squadron at Dover Air Force Base, Delaware.

The plane was coming in for a landing at Wurtsmith at 7:30 o'clock when its image disappeared from the base's radar screen. At the time its approximate location was about a mile off Oscoda over Lake Huron.

No trace of the missing plane or its occupants has been found and because of heavy snow on Monday and Tuesday the search had to be discontinued. Names of the men were withheld by the air force.

Air force helicopters were joined in the search Saturday night by rescue craft from the United States Coast Guard Station at Tawas Point.

Right now we are figuring on opening before June 1," stated Mr. Tuttle. He said it will take about a month to remodel the building and about 60 days to put new stock on shelves.

While the entire stock in the store was damaged by heat and smoke, the front part of the building was found to be structurally sound after the fire. The interior will be completely redecorated and remodeled.

Henry Oates, contractor, started this week to replace the roof on the back part of the building destroyed by the flames.

Tuttle said that the Michigan Retail Hardware Association will make complete store arrangements for a new self-serve style hardware.

Tuttle Hardware Being Remodeled; Open by June 1

An announcement by George Tuttle of Tawas City this week revealed that work started Monday on remodeling and redecorating the Tuttle Hardware, closed since February 13 when fire damaged the back part of the building and ruined the stock.

Keiser to Start \$20,000 Remodeling Project Soon

Tawas City's business district will soon get another face-lifting, according to an announcement this week by Hugo J. Keiser of Keiser's Drug Store. He revealed plans for remodeling and enlarging his store building.

To start as soon as weather permits, the project will include a new brick and glass front with aluminum faced marquee. The building will be widened 39 feet, giving the store 17 feet of frontage for expansion and the remainder will be rented as a doctor's office or retail store.

When completed the building will extend to the Ransom Building. Cost of the project was estimated at \$20,000. Construction will be by Olaf Rose, Builders, Incorporated, Tawas City.

Mr. Keiser stated that the additional frontage would nearly double the floor space in the drug store. Work is expected to be completed within 90 days.

The Keiser building was constructed in the 1920s by H. J. Keiser Sr. The interior was completely remodeled in 1953.

Assessed Valuation Set at \$2,000,300 by Tawas City

Tawas City's assessed tax base for 1957-58 was adopted this week as \$2,000,300 in real and personal property values.

This total represents an increase of \$97,700 over last year's assessed valuation, a percentage-wise hike of about 4.9 percent.

Ward supervisors, Mayor George W. Myles and Clerk Albert H. Buch met as a board of review four days last week where final tabulations were made.

Mayor Myles said Tuesday that this gain was made in spite of high fire losses in the First and Third Wards during the past winter.

A \$22,600 gain was noted in the First Ward, although fire completely destroyed the Timco Corporation plant and Ottawa Equipment building at the Detroit and Mackinac Railway yards. The increase was achieved notably through construction of Ottawa Equipment's new building and new home construction.

Also hard hit was the Third Ward through the fire at the Tuttle Hardware. However, this latter ward showed the largest gain of assessed valuation in the city, \$56,800.

Tawas City's Second Ward, which contains most of the city's

Isosco Chapter Drive Now in Full Motion

The Isosco County Chapter Red Cross Drive is now in full swing. Many county residents have already been contacted or will be in the next few weeks.

In the event that an individual is not at home when the Red Cross volunteer appears, contributions may be made by mail to Mrs. J. E. Jensen, drive chairman, 118 Tawas Street, East Tawas.

It is also requested that Isosco County residents vacationing in Florida or the South, also mail their contributions to their home chapter.

All contributors will receive a membership card and pin through the mail as evidence of the contribution.

Mrs. George C. Haskell has been appointed chairman in Oscoda and volunteers willing to solicit in that area may contact Mrs. Haskell at SEneca 9-7261.

The need for funds this year is greater than ever and the following excerpt from a letter written by President Dwight D. Eisenhower summarizes the work of the Red Cross.

"The need for our generous support of imperative Red Cross services continues. The past year has been a busy and costly one. Disaster expenditures alone were the highest in 75 years, and for several months the organization has been engaged in extensive relief operations on behalf of the people of Hungary. The Red Cross must be always kept ready to assume its responsibilities to victims of disaster, to the armed forces, to veterans, and their families, as well as through its safety services, nursing and national blood programs, community and international services."

HERE WITH STOLEN CAR

Three Detroit youths were turned over to their parents last Thursday after they were apprehended and arrested here with a stolen car.

The boys, two age 16 and one age 15, were spotted by Trooper James Ewer of the state police post standing near a car on US-23 in Baldwin Township. When Ewer stopped for a routine investigation the boys ran into the woods.

A check with police headquarters revealed that the car had been stolen in Detroit. The boys were picked up later by other officers from the local post.

Detroit Youths Nabbed Here With Stolen Car

The Michigan State Highway Department this fall will let contracts for the reconstruction of M-55 from M-65 easterly eight miles and on M-65 from M-55 northerly seven miles to Hale, George M. Foster, chief deputy highway commissioner, announced Monday.

New construction will consist of grading, drainage structures and bituminous surfacing to provide all-weather roadways. The projects will be completed in 1958.

The section of new roadway on M-55 will close the gap between

the end of the present all-weather surfacing about seven miles west of Tawas and M-65 and it will complete the hard surfacing of M-55 from Tawas on Lake Huron across the state to Manistee on Lake Michigan, a distance of 154 miles.

New construction on M-65, north of M-55, will join the section from M-55 south to Whittemore, which was placed under construction last year along with a short section on M-55 from the Isosco County line westerly in Ogemaw County.

Tawas City to Enforce Street Weight Restrictions

In line with recent county and state restrictions on trucklines, Tawas City will enforce load limits on gravel and black top streets in this community.

Authorization for enforcing load limits on trucks was given to Police Chief George Ruth and Superintendent of Public Works Reginald Bublitz at Monday night's council meeting.

Weight restrictions are as follows: Vehicles with nine feet or more between axles, 11,700 pound maximum per axle; less than nine feet, 8,450 pound maximum per axle.

Speed for all commercial vehicles on gravel and black top streets is 20 miles per hour during this period, stated Bublitz.

Restrictions established by the city will terminate the same time the county and state lift their load limits.

In other business transacted, the council authorized Charles Kurtzrock, as agent for civilian defense, to purchase various articles from the federal government to be used in the civilian defense training program.

Whittemore-Prescott Area School Names Officers

Whittemore-Prescott Area School was the official name selected for the new school recently formed by an overwhelming vote of the people of the area two weeks ago.

Named as president of the board last week was Emil Sztanyo of Prescott. Other officers are Celia Perrin of Maple Ridge, secretary, and Colin Perry of Whittemore, treasurer. Donald Schuster of National City and Everett Smith of Mills Township are trustees.

The new board will serve until July when the regular school election will be held. Appointments were made at a joint meeting of the Isosco, Arenac and Ogemaw County boards of education held last week at Whittemore.

THIEF GETS AWAY WITH SMOKED FISH

Police are investigating the theft of a 25-pound box of smoked herring from a car owned by Edward Coyle of Tawas City. Coyle told officers that the fish were stolen March 11.

Large Crowd Attends Open House at School

Tawas Area Parent-Teacher Association was host to residents of this area at the new junior and senior high school building on M-55 Monday night of this week.

A record crowd of parents, grandparents and teachers were present to tour the new building at open house. Principal Ernest Jordan was chairman, assisted by other members of the faculty and Harold Clark, P-TA program chairman.

Mrs. Milton Barkman, president of the P-TA, led the group in the Pledge of Allegiance to the Flag, followed by the P-TA prayer offered by the Rev. C. E. Mercer.

At the election of officers preceding the tour of the building Mrs. Barkman was reelected president; Charles Nash, father vice president; Mrs. Richard Harwood, mother vice president; Thomas Pinkowski, teacher vice president; Mrs. John Pringle, secretary; Mrs. Donald Pringle, treasurer.

The social hour was in charge of Mrs. June Donley with Mrs. Reynold Mick and Mrs. Ernest Jordan pouring flowers were donated by Harold Pfeiffer.

Others assisting were Mrs. Fred Teeple, Mrs. Percy Frank, Mrs. John LeClair and Mrs. Howard Adams. Mothers of high school students furnished cookies and coffee.

Formal dedication of the new building is planned later in the spring.

STAR CENTER OF THE OSCODA OWLS, Larry Miller, is shown going up for a two-pointer in last Saturday night's final game in the regional tournament. The picture was taken behind the basket looking through the glass backboard. Other basketball pictures may be found on page 3.—Tawas Herald Photo.

CHRISTIAN SCIENCE

Man's God-given dominion over material laws of sickness and limitation will be emphasized at Christian Science services Sunday.

Scriptural selections in the lesson-lesson on "Matter" will include the following from Isaiah (38:20, 22): "Look upon Zion, the city of our solemnities: thine eyes shall see Jerusalem a quiet habitation, a tabernacle that shall not be taken down; not one of the stakes thereof shall ever be removed, neither shall any of the cords thereof be broken. . . . For the Lord is our judge, the Lord is our king; he will save us."

From "Science and Health with Key to the Scriptures" by Mary Baker Eddy the following will be read (380:32-1): "Every law of matter or the body, supposed to govern man, is rendered null and void by the law of Life, God."

The Golden Text is from Colossians (3:2): "Set your affection on things above, not on things on the earth."

News Letter

Two things which took place in the house during the past week are worthy of mention in the weekly newsletter.

First and foremost, the minority party's obstructionist actions began bogging down on Monday evening and collapsed entirely on Tuesday. On Monday evening the majority party, alarmed at the fast growing size of the calendar as bills began piling up due to the slowdown of action on bills, approved a motion to hold day long sessions beginning with Tuesday morning in a determined effort to act on and clear the calendar of the bills.

This action meant canceling all committee meetings and hearings scheduled for Tuesday morning as well as those which had been set for following the session in the afternoon. Of course, this caused a great deal of inconvenience to many people, some of whom had traveled a distance to be present at one or more of the meetings. It was, however, the only thing to do because it brought the minority party's action before the public in a way that could not be overlooked and in such a fashion as to force them to either abandon their action or be placed in the unfavorable light so far as the public was concerned, of being responsible for obstructing the serious business of law making.

Shortly after convening at 9:30 a. m. Tuesday, the minority party requested a recess for the purpose of holding a caucus and it was in that caucus they voted to call off their demands for each bill to be read in its entirety.

For the time being things are running smoothly in the house, but we may not have heard the end of this yet, as the minority party, still greatly distressed over their failure to force the majority to rescind their rule change action, in announcing their caucus action tried a face saving device by attempting to turn their action into an advantage by stating they felt most of their purpose had been accomplished in bringing the issue before the public. However, the fact remains the public is aware of their pique at the rules changes which were made to facilitate the work of the house, and their action in slowing down the business of the house was motivated by a determination to force their will upon a majority of the membership, and all they accomplished was to slow down legislative procedure to a snail's pace for six legislative days, not only on floor action on bills, but in the canceling of committee meetings and hearings.

The other item which should be mentioned is the passage by the house of one of the most publicized of bills this session—House Bill 90, which, in effect, would prohibit the sale of "near beer" to a minor. This is accomplished through a change of definition of an alcoholic beverage to mean any beverage containing any amount of alcoholic liquor. You may recall I previously mentioned the huge volume of mail pouring in daily demanding the passage of this bill.

After first killing HB 95 last Friday, reconsideration was moved on Monday of this week, and the bill subsequently passed. This bill would allow bulk milk dispenser containers to be made of hot dipped tinned steel, stainless steel or other corrosion resistant material. Heretofore these containers had to be made of the more expensive stainless steel material in order to pass inspection of the agriculture department.

A bill which came in for a lot of discussion was HB 79 which provided for not over an eight-hour day, or 40-hour week for policemen in municipalities of over 10,000 population. After being amended to require a referendum on the bill if 51 percent of the police department employees petitioned a referendum, the same was passed by a vote of 60 to 35.

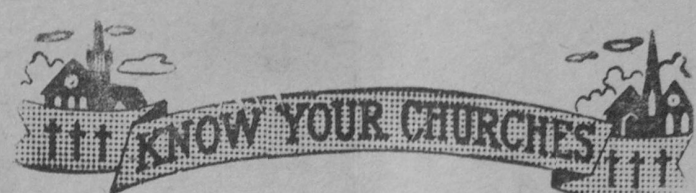

The house also passed HB 174 which removed the automatic termination clause from the development credit corporation.

An outstanding nationwide pianist, Norma Verilli of Hartford, Connecticut, stopped off Wednesday afternoon enroute from California to New York to entertain the legislature convened in informal joint session.

MRS. ELEANOR ROOSEVELT ENDORSES AMAZING NEW HEARING INVENTION

Mrs. Eleanor Roosevelt has now joined other prominent Americans and people from all walks of life in praising a revolutionary new hearing device called "The Listener." "It certainly heralds a new day for the hard of hearing," said Mrs. Roosevelt recently.

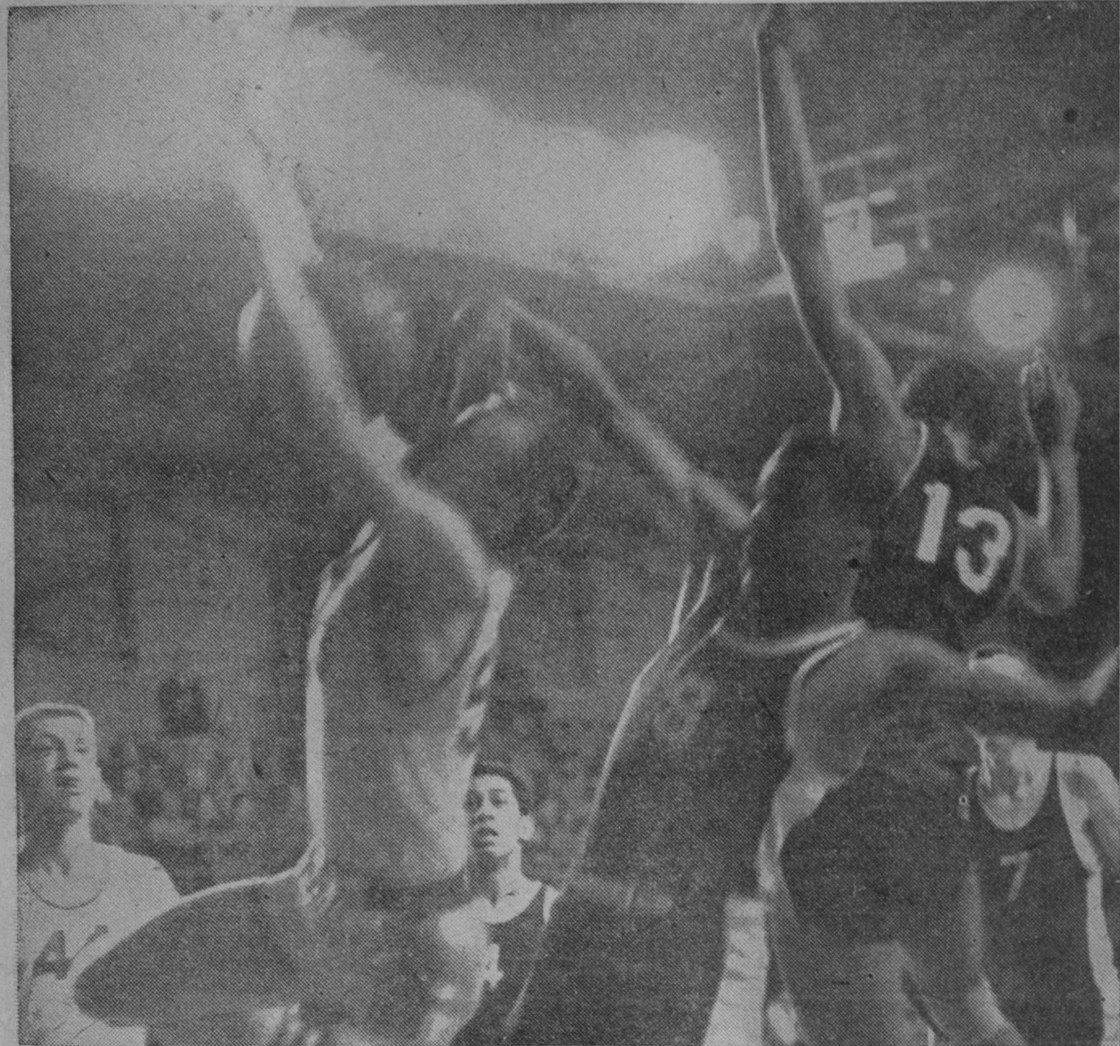

Continuing, she added: "If people only knew what a revelation and a joy THE LISTENER is, they would not for a moment hesitate to wear one. This is the first hearing aid that exactly fits my needs. I didn't realize a hearing aid could be as good as this."

So widespread is the interest in this remarkable new electronic hearing achievement, the makers have prepared an illustrated booklet giving full details. Those interested may obtain a free copy from:

Prunes, French toast, griddle-cakes and sausage have been menu fare for members in Friendship 4-H Club's food preparation project. Two meetings have been held at the Watts' home on March 4 and 11.

Young people, both boys and girls, in Oscoda are enjoying gun safety project meetings. Assisting them as project leaders are Sgt. Walter Ingham and Sgt. Jerry Clark of Wurtsmith Air Force Base.

Girls in Peaceful Valley 4-H Club will begin clothing projects this coming week. Mrs. Roy Coates is to be project leader. First, second and fourth projects will be planned.

These young people have finished first or second projects in food preparation. They have begun plans for serving a banquet in honor of parents a little later on.

JUVENILE GRANGE MEMBERS RECEIVE CARDS AND PINS

The White more Juvenile Grange met Friday evening for its regular monthly meeting. Master Terry Bellville presided over the business session. Mrs. Harold Black presented thank you cards and pins to the DeWayne Hall children, the Dornace Bellville children and to David and James Smith for the part they played in the Junior Needlework Guild project.

Ann Bellville, Linda Runyan and Marsha Bellville each told a story to the group.

Lunch was served at the close of the meeting.

Has the recent balmy weather got you thinking about oat planting? Do you know what variety of oats you can get at the elevator? Which oat varieties are best suited for Iosco County growing conditions?

In making my recommendations I must consider the best yielding variety, with the stiffest straw, with greatest disease resistance, best test weight of grain, maturity and grain color.

There are several recommended varieties that have best possible combination of these plant characteristics.

For Iosco County these oat varieties will give the best growing results: Craig, Clinton, Eaton, Kent, Jackson and Benham.

Garry is a relatively new variety with a stiff straw to resist lodging. It is a late variety which means growers will need to plant it early, as soon as it is possible to get on the land. And, farther south this variety is grown, the earlier it needs to be planted.

It has white grain, excellent resistance to common leaf and stem rusts.

Being a late variety, it may be susceptible to damage from high summer temperatures, therefore early planting is a must.

Jackson is a yellow grain oat with a mid-season maturity and has fair resistance to rusts. This variety is highly recommended for most Central Michigan counties where it has given excellent yields of heavy test weight grain.

Clinton and Clinton are two very similar varieties. They produce a yellow grain on a stiff stem, with a mid-season maturity. These varieties are best suited to soils that are high in fertility.

Clinton is resistant to a common form of crown rust, while Clinton is susceptible to this rust.

Craig is another white grain oat which gives excellent grain yields, but is more susceptible to lodging than other recommended varieties. For this reason it seems to be best suited to soils where lodging is not a serious problem. Its test weight is only fair.

Eaton, a mid-season white grain oat, is adapted to wide range of soils and climatic conditions. Its straw is stiff, the grain has fair test weight, and Eaton is resistant to Race 7 and Race 8 of stem rust. This variety has given best performance in Central Michigan. Rodney is a late variety, similar in yield and in other characteristics to Garry. Between the two, Rodney and Garry, Garry is preferred because of slightly stiffer straw and more complete disease resistance.

As with Garry, early planting of Rodney is a must.

Alfalfa seed, in fact, all legumes will be commanding a premium price. Especially likely this year, why not think twice before seeding alfalfa in your wheat?

Seeding alfalfa in wheat has always been a risky business, because the wheat gets a head start and the alfalfa can not stand the shade. In recent years the problem has become more pronounced, because of the nitrogen fertilizers that give the wheat an even bigger head start.

If your alfalfa seedlings have been failures, here is a suggestion from Michael Tesar, farm crops specialist at Michigan State University. He says that his department has worked out a method that gives good stands of alfalfa the year after the wheat crop.

The idea is to wait until the wheat is combined. Then put in your alfalfa, rather than seeding in the spring. Plow the wheat stubble down as soon after combining as possible. Prepare a good seedbed and seed sometime between August 1 and 25.

Tesar says this method should give a better stand than spring seeding about nine out of 10 years. Alfalfa yields the following year should be as much as with the older method.

Though Vernal alfalfa seed is selling for \$10 to \$12 more per bushel of seed than is Ranger alfalfa seed, farmers will more than make it back in the first year's cuttings.

According to Layton Nelson, Michigan State University farm crops department, Vernal will yield an extra half-ton of hay which is worth about \$10.

The extra cost for seed will run to about \$1 per acre if the grower uses improved methods of seeding—banding the seed in at the rate of one bushel per 10 acres.

The supply of Vernal is short and farmers who want to plant this variety had better buy their seed now for at planting time they might well find the supply gone.

Under average growing conditions, Vernal will yield a half-ton of extra hay per acre and will outyield Ranger on the second year by slightly more than a half-ton.

Though Vernal is superior to Ranger, in the interest of conserving seed, farmers should plant it on fields they expect to keep in alfalfa for more than two years.

It is a long-life, winter-hardy, wilt-resistant, high-yielding, good appearing, well-adapted alfalfa. It has a great deal of resistance

to leaf spot disease and farmers will not have anywhere as much leaf drop on the second cutting. This alone adds up to higher yields.

Plant Vernal to the limit of its supply this year—you will gain the advantage of higher yields even though it costs about \$1 more per acre to plant. Farmers who have grown Vernal in Iosco County include Earl Daugharty, Joseph Barnes, Howard and Warren Britt, Ralph Harris, Waldo J. Curry, Victor Herriman, Thomas Nelkie and Martin and Harold Siegrist.

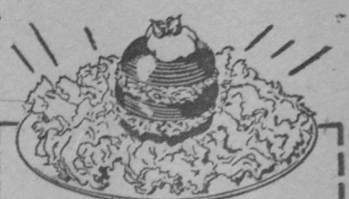

Annual horse show presented by Michigan State University's Block and Bridle Club is scheduled for April 5 and 6 on the Michigan State University campus at East Lansing.

Performances are to be held in the livestock pavilion on Friday and Saturday evenings and Saturday afternoons. Cutting horses and horse pulling are program features along with exhibitions by the Justin Morgan Association, Michigan Quarter Horse and Arabian Horse associations.

Other program highlights include contest classes featuring only Michigan State University students.

The Block and Bridle Club is a

Oscoda Wins Regional Class C Toga; Whittemore Cards Eliminated in Finals

Lose in Final Round, 48-42, to St. Joseph

The Whittemore Cardinals came to the end of the tournament trail Saturday night at Mt. Pleasant, bowing to Saginaw St. Joseph, 48-42.

Whittemore held a six-point lead at the end of the first quarter only to have St. Joseph come back and tie it up at 19 points each midway in the second quarter.

The Saginaw squad then went ahead, 23-19, but Jack Graham and Harold Provoost made two points each to tie it up at 23 all at half-time.

Graham and Fuerst gave the Cards a 32-28 edge midway in the third quarter only to have St. Joseph tie it up at 36 points soon after the last quarter started.

Provoost and Graham put the Cards ahead again with a field goal each to make it 40-36 and St. Joseph again tied it up at 40 all, then pulled ahead 43-40 on three charity tosses with two minutes to go.

Saginaw stalled during the last few minutes and the Cards attempted to gain possession of the ball but St. Joseph picked up another field goal and three free throws while Bob Dunham was making the last Card field goal to end up on the short end of the score.

Both centers were almost completely bottled up, Dunham scoring only five points and Austin four.

Graham and Provoost carried the scoring load for the Cards with 13 and 10 points. St. Joseph had three players scoring in double figures, Kubczak with 14; Dale, 13, and Harris with 12.

Whittemore earned the shot in the regional finals by defeating Beal City, 43-33, Thursday night. The Cards were slow getting started and trailed all through the first half, at one time by as much as eight points. The Cards cut the Beal City lead to a single point at half-time, trailing 16-15.

As the last half got underway the Cards suddenly switched from a zone defense to an all court press. They tied the score at 20 points each and then really started to roll. Beal City was completely befuddled by the sudden change in tactics and the Cards broke through the defense at will. Dunham was the scoring star with 23 points.

Coach Dudo and his Cardinals have the congratulations of the community and surrounding area on their fine season and clean sportsmanship they have always shown. The team has an enviable record in the past six seasons reaching the regional tournaments in all but one year.

WHITTEMORE WOMEN'S CLUB MET LAST WEDNESDAY

The Whittemore Women's Club met Wednesday evening at the home of Mrs. Charles Dorcey for its annual club meeting. President, Mrs. August Miller, had charge of the business session. The club voted to donate \$5 toward the expense of a boy attending Wolverine Boy's State.

Mrs. George Jackson was elected president for the ensuing year. Officers who will serve with her are: Vice president, Mrs. Dornace Bellville; secretary, Mrs. Robert Curtis; and treasurer, Mrs. George Freil.

Club members will entertain their husbands at a pot-luck supper to be held in the home economics room at the school March 27.

Mrs. Ethel Spafford gave a humorous reading on "Faith." A very entertaining book review of "The Happy People" was given by Mrs. Curtis. She also suggested "The Right to Happiness" by Billy Graham, "One Moment Please" by Keller, "One Thousand Inspirational Things," "Hands Laid Upon the Wind," "The Living of These Days," the autobiography of Henry Emerson Fosdick, for Lenten reading.

Dainty refreshments were served by the hostesses at the close of the evening.

Saw Action in Quarter Finals Last Night

Oscoda High School defeated Reed City, 54-49, last Saturday night to win the Class C regional basketball championship at Mt. Pleasant and advanced to the quarter finals against Lakeview Wednesday night at Midland.

Oscoda's top scorer, Center Larry Miller, tossed in 26 points on 11 baskets and four charity tosses in leading his team to victory.

Reed City used an all-court press starting from the opening whistle and outscored the Owls 16-11 in the first quarter, then suffered a lapse in the second period. Oscoda tallied 14 points to Reed City's four to take a 25-20 half-time lead.

The Owls broke away from the losers in the second half with a 34-29 edge.

Following up Miller in the scoring column were Ken Senter and Mike Gilbert, who added 16 and 10 each. Jack Crawford was Reed City's only consistent scorer, netting 20 points.

To Give Benefit Show for Tawas Youth Canteen

Pupils of the Betty Kubiac Dance Studio are busy rehearsing for a benefit show to be given May 24 at the new high school auditorium. Proceeds are to be given to the Youth Canteen of the Tawas area.

The show will be called "Time to Dance," and will be a musical revue of the four seasons—"The Magic of Spring," "Lazy Summer Days," "Beautiful Autumn" and "Winterwonderland."

The pupils range from five to 15 years of age, and will offer toe, tap, ballet and aerobic numbers, as well as novelty songs and dances.

This is the first big movement to raise money for the Youth Canteen. Additional information will be released as plans for the show progress.

Rainbow Farm Bureau Met Last Thursday

Register for 'Heart of the Home' Classes by March 26

Your registration for "Heart of the Home" classes by March 26 would be a real help in providing adequate facilities at the meeting place.

The first in a series of four classes will meet Tuesday, April 2, from 10:00 a. m. to 12 o'clock noon at the Hale Area School. These classes are offered by the Michigan Heart Association with Mrs. Ruth C. Kettunen as instructor.

Any homemaker may enroll in the program although women with an ailment of the heart or blood vessels; hypertension, hardening of the arteries, coronary heart, rheumatic heart, varicose veins and other disabling diseases will be admitted to the classes first.

The project is being brought to this area in cooperation with the Iosco County Extension Service. The classes are made possible by the Michigan Heart Association through funds received from the United Fund campaigns conducted in many Michigan communities.

Homemakers are given free instructions in practical ways of making their housekeeping simpler and easier by eliminating unnecessary steps and wasted energy in the preparation and cooking of meals, washing and ironing, bed making, cleaning and other household duties.

"Buying expensive appliances for the home is nice," explains Mrs. Kettunen, who is a member of the Michigan State University Home Management staff, "but everyone cannot afford them. We emphasize the little things which will conserve a homemaker's time and energy. Sometimes a small rack can save a lot of steps," Mrs. Kettunen states, "or the addition of a shelf that can be made for almost nothing saves a tremendous amount of reaching and bending."

By simply reorganizing kitchen utensils and equipment into efficient work centers one homemaker who attended the "Heart of the Home" classes was able to learn how to save as much as 67 miles of walking per year in preparation of just one meal per day.

Each homemaker attends four (two-hour) lecture-demonstration classes which will be held April 2, 9, 16 and 23 from 10:00 a. m.

Any woman in Iosco County who would like to attend the free "heart-saving" classes being offered by the Michigan Heart Association is invited to register at once by writing to Mrs. C. Attwell, Hale, telephone Randolph 8-2135; Mrs. Merrill Burnside, Whittemore, SKYline 6-2253; or Miss Dorothy Scott, home demonstration agent, Federal Building, East Tawas, or by calling Forest 2-3751 for complete details.

The "Heart of the Home" program is endorsed by the Bay-Arenac-Iosco County Medical Society and doctors of medicine are being urged to refer their cardiac patients to the classes.

OUTLOOK FOR 1957
A joint senate-house economic report recently stated that the outlook for 1957 "is for further increases in employment, production and purchasing power, with no general easing of pressures toward further cost and price increases." The report noted that while the current economic outlook is "bright," it may change rapidly.

A BUDGET CUT
A new economic drive to cut President Eisenhower's \$71,800,000,000 budget and prevent senate additions to house bills is getting underway in Washington. The move is reported to have the backing of the 30-member house GOP policy committee, 57 Republicans acting independently and a group of influential Democrats.

AUTO DECATHLON PROVES—
CHEVY'S THE CHAMPION OF THE ROAD!

Drive the car that proved its superior steering, braking, cornering, road-holding and passing ability in the world's first Auto Decathlon, a ten-way test of the driving qualities you want.

Chevy proved it's the champ in the world's first Auto Decathlon, certified by the NATA.* It showed how beautifully it handles, how quickly it recovers from emergency situations—like quick turns and stops—which can cause a car to lose its even-keel stance on the road.

Chevy waltzed through some of the roughest challenges ever laid down to measure how a car behaves when the going is tough. And it beat all other cars in its field and all the higher priced cars tested, too!

That's Chevrolet's sure and solid going for you. Come in and drive the winner!

animal hospitals, garages, gasoline stations, parking lots, outdoor advertising signs, public utility buildings, service shops, such as radio repair and dry cleaning, trailer courts, storage buildings, bakeries and similar generally recognized commercial establishments, but not including the manufacture or processing of any items resulting in the emission of objectionable odor, smoke, dust, noise, fumes or vibration, or constituting a health or safety hazard.
Section 5.02 SETBACKS AND YARDS.
The front line of every building hereafter erected shall be set back no less than Twenty (20) feet from the front lot line or highway right-of-way line as the case may be.
ARTICLE VI GENERAL PROVISIONS
Section 6.01 SCOPE OF ORDINANCE.
Except as otherwise provided no land or existing building and no new building or structure, or part thereof, shall hereafter be located, erected, used or altered other than in conformity with the provisions of this Ordinance.
Section 6.02 NONCONFORMING USES AND BUILDINGS.
(a) Extension of Uses. Extension of any nonconforming use throughout a building, or additions to any aforesaid building for the purpose of extending a nonconforming use, or the extension of any nonconforming use into or throughout a parcel of land not fully occupied by such nonconforming use may be granted by the Board of Appeals upon written application filed with the Township Clerk. Said Board may hold a public hearing upon such application. If it shall appear that the proposed extension will not be in accord with any provision of Section 1.02, then such application shall be denied.
(b) Discontinuance of Nonconforming Uses. If the nonconforming use of any parcel of land, building or structure is discontinued or abandoned through vacancy, lack of operations or otherwise for a continuous period of twelve (12) or more months, then any further use thereof shall conform to the provisions of this Ordinance.
(c) Change of Nonconforming Uses. The nonconforming use of any parcel of land, building or structure shall not be changed to any other nonconforming use after such use has been changed to a conforming use.
(d) Repair and Improvement of Nonconforming Buildings and Structures. Nothing in this Ordinance shall prevent such repairs or improvements of a nonconforming building or structure existing on the date of enactment of this Ordinance as may be necessary to secure continued advantageous use thereof during its natural life, PROVIDED, such repair or improvement includes no enlargement or change of use thereof, and PROVIDED, further, That the owner first obtain a Certificate of Approval as hereinafter provided.
Section 6.03 GENERAL LOT AND YARD LIMITATIONS.
(a) Non-Duplication in determining lot and yard requirements, no area shall be counted as accessory to more than one dwelling or main building or use, and no area necessary for compliance with the open-space requirements for one building or use shall be counted in the calculation of requirements for any other building or use.
(b) Front and Side Yard Uses. Every part of every front and side yard shall be open and unobstructed from the ground up to the sky, except for unenclosed porches, chimneys, pilasters, sills, belt courses, cornices, eaves and gutters. PROVIDED, however, That no such structures shall project more than twenty-four (24) inches into any yard.
(c) Dwellings per Lot. No more than one (1) dwelling shall be erected on any lot.
Section 6.04 WATER SUPPLY AND SEWAGE DISPOSAL FACILITIES.
(a) General Standards. Every building hereafter erected or moved upon any premises and used in whole or in part for commercial, recreational, business, commercial or industrial purposes, including churches, schools and other buildings in which persons customarily congregate shall be provided with a safe and sanitary water supply system, and with means of collecting and disposal of all human excreta, and of all water-carried domestic, commercial, industrial and other wastes that may adversely affect the public health. BY DOROTHY SCOTT
Home Demonstration Agent

April 2, 9, 16, 23—Heart of the Home classes at Hale Area School.

Iosco County women enrolled for the Heart of the Home classes two years ago liked them very much. Arrangements are now complete to offer these classes again so more women can benefit from the many suggestions for taking it easy in the home.

And who is not interested in ways to take it easy! The classes are planned to be of special help for homemakers with heart ailments or other reasons of limited activity; however, anyone interested is welcome to come.

It will be appreciated if you do register beforehand with Mrs. Charles Attwell, Mrs. Merrill Burnside or our office. Should you decide you can come too late to let us know, come along and tell us your plans when you arrive.

Please note, we said "anyone interested is welcome to come." This means men as well as women if they are responsible for home-making activities in a home, or perhaps are caring for a homemaker who is convalescing.

In Arenac County, where these classes were recently completed, there were five or six men among the 45 different enrollees.

"The Art of Gracious Living" is the lesson topic for home demonstration group leaders in March. Twenty-two leaders from 11 groups participated in the lesson's several activities and buzz sessions. Mrs. Lennah K. Backus, family life specialist at Michigan State University, helped teach the lesson.

Present were: Mrs. Orville Lyke and Mrs. Burt Moore, Hale; Mrs. Ben Gabler, Mrs. Glen McLeod and Mrs. Donald MacDonald, Laidlawville; Mrs. Robert Botsford and Mrs. Steve Kolonich, East Tawas Arts and Crafts; Mrs. Ronald Hackborn, Mrs. William Wickert, Tawas; Homemakers; Mrs. Wilbur Runyan, Mrs. William Sheffer, Burleigh Gadabouts; Mrs. Victor Zaharias, Mrs. Edwin Anderson, Baldwin Belles; Mrs. Norman Howarth, Hilda Howarth, Wilber; Mrs. Edwin Robinson, Mrs. Earl Daugharty, Reno; Mrs. Marvin Davenport, Mrs. Percy Thornton, Tawas City; Mrs. Victor Johnson, Carol Mumby, New group.

Every now and again we cook strong flavored foods and they "smell" up the house. Among them are cabbage, brussels sprouts. Fish is another odor making food. Occasionally there is an odor of paint, wallpaper, varnish and the like. Sometimes closets and storage rooms, or a sickroom present a problem. An unpleasant offender, is the aroma of stale tobacco smoke after a meeting or an evening of entertaining.

Today it is possible to obtain air fresheners which have been developed to destroy offensive odors and yet not affect most of the pleasant ones. These can be obtained in aerosol or wick form, depending on the need.

Information about these new odor destroyers explains that most odors are a mixture containing nitrogen and sulfur. The deodorant products contain chemicals that combine with the nitrogen or sulfur compounds and to cover up other smells as from tobacco and paint. Thus, they eliminate mostly by "combination" with the offenders.

If your child is interested in chemistry, science, research, by all means encourage him or her.

ZONING ORDINANCE
(Continued from Page 6)

A premises shall be provided with an adequate and safe septic tank type of sewage disposal system, PROVIDED, however, That an earth-pit or chemical toilet may be used for farm dwellings, and for nonfarm dwellings when such nonfarm dwellings are situated on parcels of land not less than one acre (1) acres in area and not less than one hundred sixty-five (165) feet in width, where there is no congestion of population, and where the location thereof is approved in writing by the Zoning Administrator as not affecting general health conditions.

Section 6.05 GRADING.
No premises shall be filled or graded so as to discharge surface runoff on abutting premises in such a manner as to cause ponding or surface accumulation of such runoff thereon.

Section 6.06 PUBLIC AND UTILITY BUILDINGS AND STRUCTURES.
The erection, alteration and maintenance of public utility buildings and structures, and of power, communication, supply, disposal, distribution and similar public utility facilities, including accessories essential therewith, as authorized and regulated by law shall be permitted in every zoning district, it being the intent hereof to exempt such buildings, structures and systems from the application of this Ordinance when not in conflict with the provisions of Section 1.02. When in conflict, the Board of Appeals shall have the power to determine reasonable conditions under which such facilities shall be erected.

Section 6.07 FARM BUILDINGS AND STRUCTURES.
All buildings and structures customarily erected and used on farms in the township, except dwellings, shall be exempt from the provisions of this Ordinance, PROVIDED, however, That no such building or structure shall hereafter be erected less than forty (40) feet from the highway right-of-way line, or less than twenty-five (25) feet from any side line of the premises.

ARTICLE VII ADMINISTRATION AND ENFORCEMENT
Section 7.01 ZONING ADMINISTRATOR.
The provisions of this Ordinance shall be administered and enforced by a Township Zoning Administrator, appointed by the Township Board for such term and subject to such conditions and at such rate of compensation as said Board shall determine as reasonable. For the purpose of this Ordinance, he shall have the power of a police officer.

Section 7.02 CERTIFICATE OF APPROVAL AND COMPLIANCE.
1. No building or structure subject to the provisions of this Ordinance shall hereafter be erected, reconstructed, or moved on any premises until application for a Certificate of Approval has been filed with the Township Clerk of the Township, and the Zoning Administrator has issued such Certificate.

2. The application shall be signed by the owner of the premises or his agent, and shall certify that all provisions of this Ordinance and other applicable laws are to be complied with. The application shall be filed not less than ten (10) days prior to the intended initiation of any work on the premises, and shall be accompanied by a blueprint or pen and ink sketch to scale in duplicate showing the location and dimensions of the premises, and kind and location on the premises of the building or structure including accessory buildings or structures under consideration, and the kind and location of the sewage disposal and water supply facilities.

3. Whenever the buildings, structures and uses as set forth in the application are in conformity with the provisions of this Ordinance, the Zoning Administrator shall issue the Certificate of Approval within ten (10) days of the filing thereof. Where action of the Board of Appeals is required in any case, the Zoning Administrator shall issue such Certificate within ten (10) days of such action. In any case where a Certificate is refused, the cause shall be stated in writing to the applicant.

4. Any Certificate of Approval under which no work is done within six (6) months from date of issuance shall expire by limitation; but shall be renewable upon re-application and on payment of the original fee subject, however, to the provisions of all Ordinances in effect at the time of renewal.

5. The Zoning Administrator shall have the power to revoke or cancel any Certificate of Approval in case of failure or neglect to comply with the provisions of this Ordinance or in the case of false statements or misrepresentation made in the application. The owner shall be notified of such revocation in writing.

6. Within five (5) days after receiving written notification of compliance with the provisions of this Ordinance, the Zoning Administrator shall inspect the premises and issue the owner a Certificate of Compliance if the building, structure and use are in conformity with the Ordinance.

7. For each Certificate of Approval, the fee of two dollars (\$2.00) shall be paid to the Township Treasurer who shall place the same in a separate fund to be

known as the Alabaster Township Zoning Ordinance Fund, which fund shall be used solely for the administration of the Ordinance as directed by the Township Board. No certificate shall be valid until the required fees have been paid. No separate fee shall be required for accessory buildings or structures when application therefor is made at the same time as the principal building or structure. No fee shall be required for a Certificate of Compliance.

8. It shall be the duty of all architects, contractors and other persons, having charge of erection, reconstruction or movement of a building or structure, subject to the provisions of this Ordinance, before undertaking any such work, to determine that proper Certificate has been granted therefor; and all such persons performing any work in violation of the provisions of this Ordinance shall be deemed guilty of violation in the same manner and to the same extent as the owner of the premises.

ARTICLE VIII BOARD OF APPEALS
Section 8.01 CREATION
There is hereby created a Zoning Board of Appeals which shall perform its duties and exercise its powers as provided by Act 184 of the Public Acts of 1943, as amended, and by the provisions of this Ordinance, and in such a way that the objectives of this Ordinance are observed, public safety, morals and general welfare secured, and substantial justice done.

Section 8.02 MEMBERSHIP.
The Board of Appeals shall consist of three members as provided by Section 18 of said Act. Members of said Board shall be removable by the Township Board for non-performance of duty, or misconduct in office, upon written charges filed with the Township Clerk and following a public hearing by said Board upon such charges.

ARTICLE IX PENALTIES
(a) Any building or structure which is erected, altered, maintained or used and any use of land which is begun, maintained or changed in violation of any provisions, of this ordinance is hereby declared to be a nuisance per se. Any persons, firms, corporations or other organization which violates, disobeys, omits, neglects or refuses to comply with, or resists the enforcement of any provision, shall be fined upon conviction not less than twenty-five (25) dollars nor more than one-hundred (100) dollars together with the costs of prosecution, or shall be punished by imprisonment in the county jail for not less than five (5) days nor more than ninety (90) days for each offense, or may be both fined and imprisoned as provided herein in the discretion of the court. Each and every day during which an illegal erection, alteration, maintenance or use continues shall be deemed a separate offense. The imposition of any sentence shall not exempt the offender from compliance with the provisions of this Ordinance.

(b) The Township Board, the Board of Appeals, the Prosecuting Attorney of the County or any owner or owners of real estate within the Zoning District in which such building, structure or premises is situated may institute injunction, mandamus, abatement or any other appropriate action, or proceedings to prevent, enjoin, abate, or remove any said unlawful erection, alteration, maintenance or use. The rights and remedies provided herein are cumulative and in addition to all other remedies provided by law.

ARTICLE X VALIDITY
This Ordinance and the various parts, sections, subsections, sentences, phrases and clauses thereof are hereby declared to be severable. If any part, sentence, paragraph, section, subsection, phrase or clause is adjudged unconstitutional or invalid, it is hereby provided that the remainder of this Ordinance shall not be affected thereby. The Township Board hereby declares that it would have passed this Ordinance and each part, section, subsection, phrase, sentence and clause thereof irrespective of the fact that any one or more parts, sections, subsections, phrases, sentences or clauses be declared invalid.

ARTICLE XI DEFINITIONS
For the purpose of this Ordinance, certain terms used are hereby defined. When not inconsistent with the context, words used in the present tense include the future, words in the singular include the plural number and conversely. The word "shall" is always mandatory and not merely directory.

Section 11.01 ACCESSORY BUILDING OR STRUCTURE.
A supplementary building or structure on the same premises as the main building or structure occupied by or devoted exclusively to an accessory use, but such use shall not include for dwelling or lodging purposes, or sleeping quarters for human beings.

Section 11.02 DWELLINGS.
Any building or structure or part thereof, occupied as the home, residence or sleeping place of one or more persons, either permanently or temporarily, but not including trailer coaches, tents, cabins, and similar structures.

Section 11.03 ERECTED.
Includes built, constructed, reconstructed, moved upon or any physical operations on the land required for a building or structure. Excavations, fill, drainage and the like shall be considered a part of an erection.

COST OF LIVING INCREASE
The cost of living—as measured by the government's consumer price index—has just risen to another new record high. Automatically about 1,500,000 workers got a pay raise in hourly wage scales. On April 1, the soft coal miners will receive 80 cents more a day, at the same time, mines in the south will raise the price of coal 25 cents a ton and those in the north may take similar action.

Observe 38th Anniversary of American Legion

With a very fine attendance of post and auxiliary members, their wives and husbands, the 38th anniversary of the American Legion was observed last Sunday afternoon at the East Tawas Legion Hall with a 5 o'clock dinner and program following. Tables were beautifully decorated with shantung leaves, green crepe paper, Irish hats, harps and green candles.

The dinner was served by the auxiliary with Mrs. Dorothy Harmon, chairman. Mrs. Phyllis Ballinger was in charge of decorations.

The invocation was given by the auxiliary chaplain, Ruth Stump. Mrs. Ada Freeland, acting president, gave the welcome address.

Commander Deloise Durant acted as toastmaster and gave a talk on the various phases of the work of the Legion for veterans families, charities, community service and junior activities. He introduced Carl Eckman as an efficient scoutmaster.

A community sing of World War and Irish songs was led by Miss Helen Applin with Mrs. Celia Fernette at the piano.

Fred Marz, 10th district commander from Prudenville, was an honored guest and gave a talk on national work of the organization, its work in education, scholarships, pensions and in times of disasters. He closed with a toast to the American Legion.

Mrs. Gertrude Kunze, auxiliary rehabilitation chairman, gave a talk on community service, stressing entertainment and get-togethers for older people and young married folks new in the community.

A panel discussion in groups of five followed with reports by chairmen on new ideas for community service. Some thoughts brought out were a social center for adult activities, joint get-togethers of post and auxiliary and a child guidance program.

Remarks were given by 10th district officers, Dorothy Harmon, president; Helen Applin, secretary, and Robert Harmon, committeeman. Miss Applin urged cooperation in helping the needy children of the community by contributing to the Clara Barkman Memorial Fund deposited at the Peoples State Bank. Any case of needy should be reported to Joseph Barkman. This will be a perpetual fund. She spoke of Mrs. Barkman's untiring work for post and auxiliary.

Commander Durant made a presentation of a life membership gold card to Jay Platte, who gave fitting remarks. Two other members of the post, Arthur Dillon and Mr. Barkman, also hold life memberships.

Mr. Durant also announced that the cemetery project will be continued in May.

The program closed with additional Irish and World War songs.

Jobs often mean little or nothing to those who have them, they mean everything to those needing them.

D and M Railway Receives 75 New Box Cars This Week

The Detroit and Mackinac Railway Company this week received delivery of 75 new boxcars, according to an announcement by Charles A. Pinkerton, president and general manager of the company.

The cars, in the building stage for two years, cost \$7,218 each and represent a total capital investment by the D and M of \$541,350. Dressed in the gray and maroon colors of the D and M, they were manufactured by the General American Transportation Company, Chicago, Illinois, and delivered to the Grand Trunk Railway at Blue Island, Illinois.

"As is common practice in such cases," said Mr. Pinkerton, "these new boxcars were delivered to our nearest connecting railroad."

He went on to say that many of these cars probably will see quite a bit of the United States before they actually travel the Huron Route of the D and M. Noting that the railway has added 460 cars to its rolling stock in the last 10 years, Mr. Pinkerton observes that it is further proof that the D and M is constantly alert to the need for more and better equipment to provide the high quality of rail service required by the ever expanding Northeastern Michigan economy.

The investment in new rolling stock in recent years by the D and M represents an expenditure of \$2,278,857. "We consider it a wise investment," declared the company president, "not only in the future of the D and M, but also in the further development of the area's industrial potential."

Simmons - Guano

Miss Rita Guano, daughter of Mr. and Mrs. Alfred Guano, and Clyde Simmons, son of Mrs. Chester Simmons of Tawas City, were married Saturday morning. The ceremony took place at the Immaculate Heart of Mary parsonage with the Rev. Fr. Joseph Castanier officiating.

They were attended by Miss Theresa Guano, twin sister of the bride, and Clifford Simmons, brother of the groom.

Breakfast was served to the immediate family by the parents of the bride following the ceremony. A short wedding trip was made to Northern Michigan.

A miscellaneous shower was held Thursday evening by Mrs. Clifford Simmons and Mrs. Inez Birkenbach at the Simmons home.

Most of the good things that come to individuals in life have to be paid for in some manner.

Interesting Program Given at Ladies Aid Meeting

An interesting missionary program was given at a meeting of the Grace Lutheran Ladies Aid last Thursday evening at the church. Mrs. Robert Nelson led devotionals which were along missionary lines. She also had charge of a missionary program on the history and work of the Lutheran Evangelical Women's Missionary Society. Different phases of the work were discussed by Mrs. Nelson, Mrs. Earl Hester, Mrs. Richard Lee, Mrs. Charles Nash, Mrs. Richard Harwood and Mrs. Edwin Anderson.

Announcement was made that the district meeting of the women's missionary society would be held at Messiah Church, Bay City, Tuesday, March 19.

Mrs. Emma Sloan led the business session. It was voted to give \$100 to the church building fund and \$200 for altar cloths.

Plans were made to serve a luncheon for business people and others Thursday noon, April 25.

Refreshments were served by Mrs. Anderson, Mrs. Jacob Weber and Mrs. Fred Lock. Decorations were yellow chrysanthemums and white candles.

One of the fastest automobiles in the world, the German Mercedes 300SLR, stops in front of the replica of Independence Hall, the main entrance to the Henry Ford Museum in Dearborn, Mich., to salute the sports car show now in progress there. The powerful Mercedes, capable of a speed of more than 188 miles an hour, was given a brief spin by Paul O'Shea of Rye, N. Y., a race driver for Mercedes here for the show. The Mercedes 300SLR with 50 other foreign and domestic cars are on display in the Ford Museum's "Sports Cars in Review." Besides showing the latest in sports cars, the exhibit includes several early cars to point the development of this type of vehicle over the last 40 years. The show, the nation's largest devoted exclusively to sports cars, continues through March 24.
