EAST TAWAS

The Rev. Robert Nelson was in Chicago last Thursday and Friday to attend the meeting of the youth commission and the boys work committee of the Illinois Conference.

Arvid Sedstrom and two sons, Donald and Albert, of Detroit spent the week-end in East Tawas. They were here for hunting and Robert shot his deer.

Owen Bigelow of Ann Arbor came last week for deer hunting and to visit his mother, Mrs. Frank Bigelow. His wife accompanied him for a visit.

Calvin Niemi of Detroit and his family visited over the week-end with his parents, Mr. and Mrs. Nestor Niemi.

Mrs. Rose Christeson left last week for Bradenton, Florida, where she will spend the winter months. She made the trip by plane.

Mr. and Mrs. Forrest Howell of Olio have been visiting with Mr. and Mrs. Elwood Bronson. Mrs. Howell is an aunt of Mrs. Bronson. The men have been at their hunting camp near Oscoda.

John Moffatt attended the funeral of Arthur Pries in Saginaw on Monday afternoon. Mr. Pries was formerly owner of Harbor Lights. Mrs. Moffatt accompanied her husband to Bay City where she spent the day.

Edward Schanbeck was taken to Tawas Hospital this week for treatment.

Robert Small of Roseville has been visiting his parents, Mr. and Mrs. David Small, and enjoying the hunting season.

Werth Appoints Water Commission

Approval was given Monday night by the East Tawas Council to three appointees by Mayor Elmer Werth to the new East Tawas-Tawas City joint water commission. This board, composed of three members from each city, is to handle all matters arising out of the operation of the new water contract between the Tawas. The commission is to act independently of each city's water board.

Named as East Tawas members were Paul Roper, three-year term; Gordon Huck, two-year term, and Joseph Hennigar, one-year term.

The council approved the offer of the Tawas Area Junior Chamber of Commerce for furnishing a warming shelter at the state park ice skating rink.

Three building applications were approved as follows: Fred LaPrete, garage; G. N. Shattuck, concrete floor; Ethel Hickey, remodel house.

16 Shanties Ready; All Perchville Needs Now is Ice

Sixteen ice fishing shanties are ready for Perchville it was reported last Wednesday night at a meeting of the Tawas Chamber of Commerce. A written report from Chester Parker stated that eight additional shanties could be repaired at little expense before the ice fishing "village" is made ready for the season.

A number of the shanties were damaged during storage last summer by vandals. Several padlocks were removed from the shanties by the vandals and the chamber voted to replace these with new ones.

More Hunters Here Than in 1956; Deer Harvest is 'Fair'

Bay City Man First to Report Kill to Herald

Deer harvest during the first week-end of the 1957 season in Isosco County was described as "fair" this week by Conservation Officer Arthur Leitz of Wilber Township. A last-minute switch in weather turned an almost certain dismal opening day into a fair one as rain ended Thursday night.

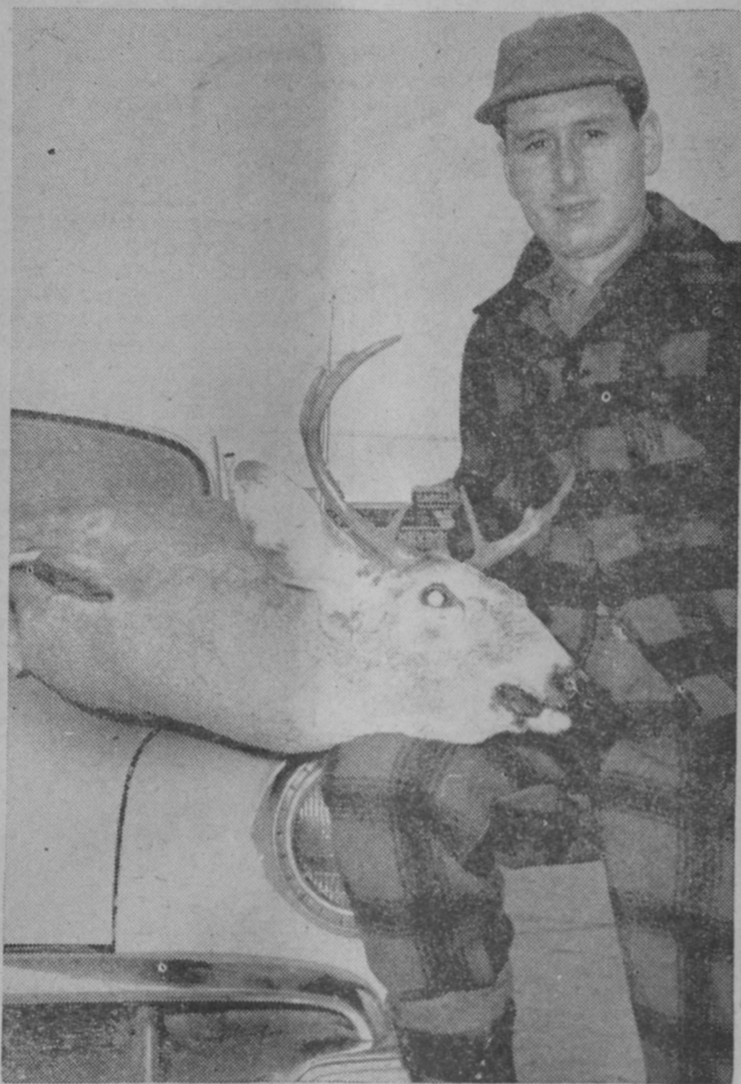

After making spot checks throughout the county since the opening day, Leitz said that the best areas of hunting to be found here were in Alabaster and Plainfield Townships. Several of the hunting camps in the Wilber area reported a fair harvest.

First hunter to report success to the Herald opening day was George Lemuel Jr. of Bay City. Hunting near Five Channels Dam, he downed an eight-point buck weighing 175 pounds at 8:30 a. m. He was hunting with Clyde, Clifford and Michael Anschuetz of Tawas City.

Another successful hunter who reported early the first day was Robert Deloria, a member of the Tawas Area School faculty. Hunting with William LaCourse in Alabaster Township, Deloria downed a six-pointer about 8:30 o'clock.

Local businessmen report that the opening week-end was the best in several years. Nearly all motels, hotels and cabins were filled with hunters during the first two days. The increase in hunters here came as an unexpected surprise to many as the opening of the new Mackinac Bridge to the Upper Peninsula was expected to take a large share of hunters who normally come to this area. However, the new bridge did relieve the hunting pressure in other areas of the Lower Peninsula.

How many hunters actually were in the woods, state-wide, is anybody's guess. Last year's total was about 430,000 and unless there has been a big decline in license sales, which has not been evident as yet, the total afield for the first week-end will most certainly have

been the same or a little more than last year.

One of the worst traffic tie-ups in deer hunting history developed Thursday on US-23 at Standish. A four-mile long traffic jam resulted when thousands of cars heading north proved too great for the M-76 and US-23 intersection at Standish to handle.

Traffic on US-23 was not as heavy as in previous years, a good indication that hunters were headed for hunting areas in the northern portion of the state.

Late Sunday evening, south-bound traffic on US-23 with hunt-

ers heading home had dwindled somewhat over that of early Sunday morning and afternoon. However, the deer hunting traffic continued quite heavy on Monday.

What is in store for hunters this week-end is still up to the weatherman. Snow has been predicted for most areas of the state, but what effect this will have on hunting conditions remains to be seen. A good "tracking" snow would be welcomed by most hunters, but a blizzard similar to the one in the Plains States over the week-end would have just the opposite effect.

Eight Injured in Week-end Traffic Crashes

Eight persons were injured, one seriously, in three automobile accidents in the Tawas area over the past week-end.

A three-car collision at the corner of Washington and Sawyer Streets Thursday morning resulted in injury to four persons. All were treated at Tawas Hospital.

Injured were: Eunice McFarlane, 12, East Tawas, broken collar bone; Laura F. McLean, East Tawas, skinned knee; Wilfred Davidson, 21, East Tawas, skinned knee, cut lips and broken teeth; Joseph Bouchard, 32, Plank Road, Tawas City, bump on forehead.

Laura F. McLean was ticketed for failure to yield the right of way. Her vehicle, traveling south on Sawyer Street, collided with a car driven by Bouchard, traveling east on Washington. Her car crashed into a vehicle driven by Charles A. Fairfield, 16, East Tawas.

Two persons were injured in a two-car crash on the Townline Road, 1 1/2 miles west from US-23 Saturday night. Drivers of the cars were Glenn Anderson of Detroit and Darrell C. Bessey of Tawas City. Slightly injured were Arthur Sikowski, 46, Utica, and Clarence Bessey, 23, Tawas City.

Two persons were injured Saturday morning south of the Townline Road in Alabaster Township when a car driven by Grace Makinen of Tawas City was involved in a collision with a car driven by Charles L. Powell of Wurtsmith Air Force Base. Both drivers were slightly injured. Police said that Mrs. Makinen had pulled onto the road headed north and was in the wrong lane at the time of the crash.

Nine Hunters 'Lost' in Woods During First Five Days Here

A new record for lost deer hunters was established for Isosco County last week-end. Local law enforcement agencies report that nine hunters became lost in the woodlands, requiring the organization of search parties to comb the brush for them.

The sentiments of Sgt. Frank Roti, commander of the Michigan State Police Post at East Tawas, were shared by all law enforcement agencies in the area Monday after a full week-end of tramping through the woods looking for lost hunters. He opined that every hunter should carry a compass with him at all times and know how to use it. "Even the most experienced woodsmen might find himself in a bad predicament some day if he is hunting in unfamiliar territory," he stated.

Lost hunters in Isosco County during the first week of deer season reached a total of nine Tuesday afternoon when a searching party was organized to locate George Lupanoff, 20, of Oak Park. He was lost in Section 36, Wilber Township. Lupanoff had been missing since noon and the search was organized by police at 3:30 p. m. He walked out the woods about 5 o'clock.

Fortunately, however, Isosco County did not share in the deer hunter death toll which had claimed eight hunters by the end of the first three days. Six of these deaths were from heart attacks and two from gunshot wounds.

George Washull, between 50 and 55 years of age, walked out of the woods near Oscoda Monday morning after spending the night in the woods in Section 12, Oscoda Township. He was reported in good condition and none the worse for his experience.

Washull entered the woods at Koppler's curve on M-171 early Sunday and was last seen by hunters at 3:00 p. m. When he failed to show up later, his hunting companions reported to police that he was lost.

This report started an intense search of the area by state police, sheriff's department and conservation department officers and

other hunters. The search was discontinued at 9:15 o'clock Sunday night and resumed at 6 o'clock Monday morning with the Oscoda Fire Department and men from Wurtsmith Air Force Base assisting.

First hunter reported lost was Floyd Sharet, 26, of Saginaw. Hunting in Section 16, Alabaster Township, he was last seen about 10:00 a. m. Friday by two hunting companions. He was to have walked through a swamp and met the other two men at their cars. Police officers and members of the party started a search of the camp and at 6:30 p. m. Sharet returned to the area, saying that he had become lost and walked through the swamp missing the location of the cars.

Search for a Livonia man, Steve Mihalik, 31, who was last seen Friday morning at 9 o'clock, ended when he called police at 6:45 p. m. to say that he was eating supper at a local restaurant. Police officers had started a search in Section 25, Wilber Township, at 4:25 p. m. He had been picked up by another hunter earlier in the day and returned to East Tawas, but did not bother to inform his companions or police of his whereabouts.

George Spiteri, 24, of Detroit was found by police in Section 13, Plainfield Township, after he had

TC Council Adopts Water Revenue Bond Ordinance

Adoption of Ordinance No. 142 to provide for issuance and sale of \$65,000 worth of revenue bonds for construction of water extensions and improvements to the Tawas City water supply system, was made Monday night by the common council.

The ordinance, prepared by Miller, Canfield, Paddock and Stone, bonding attorneys of Detroit, provides for fixing, collection, segregation and disposition of the revenues of the water supply system and payment of bonds out of revenues.

Tawas City recently entered into a contract with East Tawas for the purchase of its water supply on a 30-year basis. This contract is effective from and after completion of the East Tawas filtration plant, presently estimated to be on or about April 1, 1958.

The city's next step, after publication of the ordinance, is to make application to the municipal finance commission for permission to issue and sell the revenue bonds.

In other business, three building applications were approved as follows: Marvin Davenport, 26 by 36 home on North Street, estimated cost \$10,000; George Baldwin, nine by 18 addition to present building, 913 Lake Street, estimated cost \$781; John St. James, 223 Fifth Avenue, concrete block garage, estimated cost \$1,200.

Investigation of the malicious destruction to the former Fisher farm home in Tawas Township, between the Meadow and Plank Roads, is being made by the Isosco County Sheriff's Department and Michigan State Police.

Now owned by Floyd Vuillemot of Flint, some 23 windows were broken in the home and numerous articles smashed in the interior.

John A. Brugger came home Tuesday from a 10-day stay at Mercy Hospital, Bay City. He is much improved.

Whittemore C of C Sponsors Buck Derby

Now in progress is the sixth annual buck derby sponsored by the Whittemore Chamber of Commerce. The contest will be open to entries until November 30. Five cash prizes will be awarded: \$10 for the heaviest buck; \$10 for first prize, and three \$5 prizes will be awarded in a drawing.

A game pole has been erected near the Whittemore Hotel for the convenience of those hunters who wish to weigh their kill. Chamber of commerce members have registration cards on hand.

Two Braves Picked for All-Confo Team

Two members of the Tawas Area Braves varsity football team were named to the all-conference team of the Northeastern Michigan Conference at a meeting of high school coaches Tuesday night.

Named as one of the four "first string" ends of the team was Dick Lanski of Tawas City. Lanski, one of the outstanding pass receivers of the conference, has been a starting player in the end position for the Braves during the past two seasons.

A senior, Lanski was a starting forward on the Braves basketball team last year and is listed at the same spot this season. He played first base on the high school baseball team.

Receiving honorable mention on the all-conference team selected by the coaches was Roger Gordon of East Tawas. In the Braves backfield, the hard-running Gordon was a "work-horse" at the halfback position for the Adams-men during the entire season. He won a varsity letter in football last year as a member of the starting eleven. He is a senior.

The Houghton Lake Lakers, conference champions, dominated the selections with five players listed. Standish and Pinconning each had four players named to the mythical starting line-up.

Players selected by the coaches were as follows: Guards: M. Savercool, Houghton Lake, senior; C. Peterson, Hough-

Tawas Hospital Lifts Ban on Visitors

Effective immediately, the ban on visitors at Tawas Hospital has been lifted and patients may now receive visitors during hours specified for that purpose. The hospital had been closed to visitors because of the number of flu cases in the area.

Mother Rita Louise, hospital administrator, thanks the public for its cooperation and patience during the time it was felt necessary to keep the hospital closed to visitors.

Whittemore C of C Sponsors Buck Derby

Now in progress is the sixth annual buck derby sponsored by the Whittemore Chamber of Commerce. The contest will be open to entries until November 30. Five cash prizes will be awarded: \$10 for the heaviest buck; \$10 for first prize, and three \$5 prizes will be awarded in a drawing.

Warming Shelters to be Accepted from Tawas JCs

The Tawas City Council reports that all that is needed now for completion of the ice skating rink in the city park is freezing weather. Expansion joints in the new tennis courts and other openings have been filled to prevent buckling of the concrete and when the suitable time comes courts will be flooded for use as a skating rink.

Tawas City has accepted a warming shelter offered by the Tawas Area Junior Chamber of Commerce. When constructed, this will be at the rink for the convenience of skaters.

The JVs plan to construct two shelters, one for Tawas City and one for East Tawas. Of frame construction, the shelters are to be built in such a way that they can be broken down and stored during the summer.

Clarence Oates, secretary of the JVs, said it was the belief of

Free Movie Tickets for Kids

Thirty-six merchants and businessmen from the Tawas area in cooperation with the Family Theatre, East Tawas, will present five Saturday matinee shows for youngsters from November 23 to December 21.

Tickets for the weekly matinees, open to children 12 years of age and under, may be procured from the sponsors listed in an advertisement on another page of this newspaper. A ticket is required for admission.

WINNERS OF THE KCD hunters' round-up contest in Tawas City are shown receiving their prizes last week. At left, James Dillon presents Mrs. Lyle Mooney of East Tawas with a new Remington

automatic shot gun, and at right Cecil Cabbie presents Mrs. James Dotter with a Schick electric shaver. Hugo Keiser, another sponsor of the contest, was not present.—Tawas Herald Photo.

Luther League Banquet Held Sunday Evening

Last Sunday evening the Luther Leaguers of Grace and Hope Lutheran Churches of East Tawas and Osoda held their league youth banquet at Grace Church, East Tawas.
Decorations stressed the Thanksgiving theme with the room trimmed with festooning of brown and yellow crepe paper, brown leaves and corn stalks. The speakers' table was centered with a large horn of plenty filled with yellow chrysanthemums. Tables were in red, white and blue setting. Place cards and favors were brown turkeys and nut cups. Yellow candles and pale blue programs brought out Augustana colors, as did the theme of the evening in yellow letters on a pale blue wall, "Thanks Be To God."
The table prayer was sung in unison. Sherill Frank acted as toastmaster and gave the welcome. She also expressed a "thank you" to the Grace Lutheran Ladies Aid committee for serving the banquet. Mrs. Earl Hester was banquet chairman.
The program began with the hymn, "Now Thank We All Our God." Scripture reading and prayer were led by Robert Hoemke.
A piano duet was given by Barbara Hester and Jeanette Werth.

The speaker of the evening was the Rev. William MacFarlane, of Assembly of God Church. His topic was "Thanksgiving is Thanksgiving." A vocal duet followed by Miss Bonnie Ball and Robert Hoemke with Jeanette Werth at the piano.
Pastor Robert Nelson conducted the installation of the new officers of the Luther League. They are: President, Sherill Frank; vice president, Edward Johnson; secretary, Christine Moehring; treasurer, Barbara Hester; pianist, Jeanette Werth; devotional secretary, Robert Hoemke.
The program ended with the singing of "Best Be The Tie That Binds" and the benediction in unison.

GRACE LADIES AID ELECT OFFICERS

At a meeting of Grace Lutheran Ladies Aid last Thursday evening, the annual election of officers was held. The following were elected for the ensuing year: President, Mrs. Betty Vaughan; vice president, Mrs. Louise Harwood; secretary, Mrs. Hope Rescoe; treasurer, Mrs. Nettie Hester.

Plans were made at the business session to hold a Christmas bazaar at the church on Friday, December 6, with booths for fancy work, baked goods, candy, fish pond and serving of coffee and home made fried cakes.

At the Thursday meeting, Mrs. Edna Nunn presided and Mrs. Shirley Nelson led the devotional period.

The next meeting will be held at the home of Mrs. Rae Austin and will be the Christmas meeting on December 12 at 2:30 p. m.

CHRISTIAN SCIENCE
Man's God-given ability to resist sin, disease and all discord will be emphasized at Christian Science services Sunday in the lesson-sermon entitled "Soul and Body."
Matthew's account of Christ Jesus' healing of the centurion's servant who was "sick of the palsy" (8:5-10, 13) will be included in the Scriptural readings from the King James Version of the Bible.
Selections to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include the following (393:12): "Rise in the strength of Spirit to resist all that is unlike good. God has made man capable of this, and nothing can vitiate the ability and power divinely bestowed on man."
The Golden Text is from Psalms (86:4): "Rejoice the soul of thy servant: for unto thee, O Lord, do I lift up my soul."

Telephone Lines of the Tawas

CHET MAHER
Michigan Bell Manager

WHAT GIFTS BRING pleasure every day of the year, make life easier, and are not likely to be duplicated? Additional telephones in color, of course, a welcome solution to the "what to give" problem. Bedroom phones are wonderful for Mother. Dad would get a real kick out of a telephone for his den or basement workshop. And teen-agers think a phone in their own room is tops. Christmas will be here before you know it—a perfect time for giving gift telephones.

THE DISTANT EARLY WARNING LINE—a chain of radar stations stretching 3,000 miles across the Arctic—is now in operation and will give 4 to 6 hours warning if enemy planes approach from the north. The Air Force asked the Bell System to design the DEW line. Among the thousands of men who worked for many months in the cold and desolate Arctic to complete the job on schedule were 4,478 telephone men—many from Michigan. The Bell System skills that produced the DEW line are the same ones that help make your telephone service better and more useful to you every day.

WE RAN ACROSS these figures recently, and we thought you might be interested in seeing how the telephone industry is contributing to Michigan's prosperity. Last year the Bell System's manufacturing and supply unit, Western Electric Co., paid \$19,325,784 for supplies and materials bought from 1,223 firms in some 146 towns and cities in Michigan. That's quite a lot of business coming into the state, creating job opportunities and helping to keep the factories humming. Since we're all Michiganders ourselves, we're mighty glad to see this.

MAKE A WISH

Think of Thanksgiving and you think of turkey. Think of turkey and you're apt to think of that perennial custom of wishing on the wish-bone. Much of Thanksgiving hasn't changed. But, thanks to trucks, the kind and character of the various foods that make up the typical Thanksgiving dinner have changed—and for the better, of course. Turkey is still the main dish—but it's tastier and more tender today. Vegetables are fresh or fresh frozen—hence much more flavorful. There's a crisp tossed salad and fresh fruit "out of season." And for dessert—the choice is wide and the quality high.

All this has been made possible largely by the facilities of modern truck transport. Trucks bring you everything you eat, wear or use—and they'll help make the "eatin'est" day in the year a happier one for most Michiganders. Just sit back and make a wish—and trucks will make it true.

Upon motion by Long supported by Smith the report was accepted upon the following roll call: Ayes: Brabant, Christenson, Everett, Cater, Little, Long, Oates, Rodman, Smith, Stephan, Webb, White, Wilkusi, Williams. Absent: Werth.

It was moved by Long supported by Belleville that during continuance of the vacancy in the office of circuit court stenographer, the clerk and treasurer be authorized to pay bills for interim service on a per diem basis as approved by the circuit judge, within the limits of the salary fixed for the office.

The motion carried upon the following roll call: Ayes: Belleville, Brabant, Burgess, Christenson, Everett, Cater, Jordan, Little, Long, Monroe, Oates, Rodman, Smith, Stephan, Webb, White, Wilkusi, Williams. Absent: Werth.

Communications were read and referred to the proper committees by the chair.

Miss Dorothy Scott presented the board with a report on weed and brush control and also a budget progress report.

Mr. Bronson, director of social welfare, addressed the board and stated that her department was presently without funds in both the social welfare and direct relief accounts. She requested an emergency appropriation of \$4,000 to the welfare fund and \$2,000 to the direct relief fund. Referred to the finance committee.

Mr. Katterman, secretary of the county fair board, addressed the group and requested the usual appropriation of \$500 for the fair. Referred to the finance committee.

The board did then recess subject to the call of the chair.

Upon call to order at 12 o'clock noon Mr. Little read the following report of the finance committee. Honorable Board of Supervisors, Gentlemen:

The finance committee recommends we transfer from the general fund \$4,000 to the social welfare and \$2,000 to the direct relief funds; \$4,000 to be reimbursed as soon as funds are available from receipts.

Signed, Theodore Belleville, L. S. Little, Edward Burgess, Elmer Werth, Glenn Long

Upon motion by Little supported by Werth the report carried upon the following roll call: Ayes: Belleville, Brabant, Burgess, Christenson, Everett, Cater, Jordan, Little, Long, Monroe, Oates, Rodman, Smith, Stephan, Webb, White, Wilkusi, Williams. Nays: None. Absent: Werth.

Mr. Little moved that the 1958 dues in the amount of \$75 for this county's membership in the state association of supervisors be paid. Supported by Long and carried upon the following roll call: Ayes: Belleville, Brabant, Everett, Jordan, Little, Long, Monroe, Oates, Rodman, Smith, Nays: None. Absent: Werth.

Mr. Little further moved that the association be notified that Isosco County should soon be given consideration by the association on committee appointments. Supported by Long and carried unanimously.

Mr. Little read the following report of the finance committee. Honorable Board of Supervisors, Gentlemen:

We, the finance and apportionment committee, recommend that we appropriate the usual \$500 for the East Michigan Tourist Association. And further recommend that Chairman Clarence Everett attend their annual meeting and be our member on the advisory board for next year.

Signed, L. S. Little, Theodore Belleville, Glenn Long, Edward Burgess

Upon motion by Little supported by Belleville the report was accepted upon the following roll call:

It was moved by Long supported by Little that the report be accepted. The motion carried upon the following roll call: Ayes: Belleville, Brabant, Burgess, Everett, Cater, Jordan, Little, Long, Monroe, Oates, Rodman, Smith, Stephan, Webb, Werth, White, Wilkusi, Williams. Nays: None. Absent: Christeson.

The clerk reported to the board that a reply to the telegram to Wilbur Brucker, secretary of the army, had been received. The reply stated that the action of the board in regard to the proposed National Gypsum Company dock would receive full consideration.

The finance committee presented the following resolution for the board's consideration. Your finance and apportionment committee having become recently aware of the considerable amount of money which has accumulated in the bond reserve account for the new courthouse and the bond reserve account for the new jail, has spent considerable time in making a study of the bonding resolutions passed in October of 1952 and August of 1954. These resolutions concerning both bond issues were approved and adopted by this board.

We learned through our study that the resolution in regard to the courthouse issue states that no bonds shall be called for redemption until there has been accumulated in the bond reserve account a sum of not less than \$22,000. The bond resolution pertaining to the jail, provides that no bond shall be called for redemption until there has been accumulated in the bond reserve account a sum of not less than \$12,000.

In the case of the bond resolution for the courthouse the agreement further states that any surplus above the minimum requirement of \$22,000 that may exist at any time in the bond reserve account may be used by the county to call bonds for redemption and shall be so used whenever such surplus is \$5,000 or more.

In the case of the bond resolution for the jail the agreement further states that any surplus above the minimum requirement of \$12,000 that may exist at any time in the bond reserve account may be used by the county to call bonds for redemption and shall be so used whenever such surplus is \$5,000 or more.

This committee has been informed that there is now \$40,662.00 of the courthouse reserve invested in bonds and \$11,995.74 in cash. It has been further brought to our attention that there is now \$18,486.00 of the jail reserve invested in bonds and \$8,765.05 in cash.

It is the wish of this board that the bonding resolutions be followed as adopted and that the county treasurer be instructed to cash bonds in both the courthouse and jail investment funds leaving only the minimums as above stated, namely \$22,000 in the courthouse reserve and the \$12,000 in the jail reserve invested in bonds. The remaining moneys shall be used to retire outstanding issues as so instructed in the bonding resolutions and the clerk and treasurer are instructed to proceed accordingly now and herein after.

It was moved by Werth supported by Long that the resolution be adopted. Carried upon the following roll call. Ayes: Belleville, Brabant, Burgess, Everett, Cater, Jordan, Long, Monroe, Oates, Rodman, Smith, Stephan, Webb, White, Williams. Nays: Little. Absent: Christeson.

Mr. Little read the following report of the finance committee.
Honorable Board of Supervisors, Gentlemen:

The finance and apportionment committee recommends to this board that we transfer one thousand dollars from the general fund to the sheriff's expense account. Further that we transfer \$450 from general fund to the county treasurer's expense account and further that we transfer \$600 expense of the supervisors account to the expense account of the circuit court.

Signed,
Lloyd Little
Elmer Werth
Theodore Bellville

Upon motion by Little supported by Werth the report was accepted upon the following roll call. Ayes: Belleville, Burgess, Brabant, Everett, Cater, Jordan, Little, Long, Monroe, Rodman, Smith, Stephan, Webb, Werth, White, Wilkusi, Williams. Nays: Oates, Williams. Absent: Christeson.

Mr. Cater moved that the following bills be allowed and added to committee No. 1 report.

Whereas, additional money is needed to carry through proposed county airport plans, and Whereas, the 1958 county budget does not include any financing for county airport, and Whereas, the Iosco County owns ten acres of land adjoining the present airport, and said land is not in use as part of the present airport, and is not included in future airport plans.

Therefore be it resolved that the board of supervisors authorize and instruct the county clerk to advertise for sealed bids on the following described property: The South 330 of the NW 1/4, SW 1/4, Section 16, T22N R3E, Baldwin Township. (Also known as the Frank Rak property)

Be it further resolved that money received from the sale of said land be appropriated to the airport fund, and the county clerk be hereby instructed to place money on deposit with the Michigan State Department of Aeronautics, to be used on a matching basis with state and federal funds, for future airport development in Iosco County.

Mclvor Farm Bureau Group Organized

A Farm Bureau group, known as the Mclvor group, was organized on November 7, at the Sherman Township Hall, with the assistance of Mr. and Mrs. August Lorenz, Isoco County community committee members.

Elected to group offices were the following: Director, Earl Spiker; alternate director, Orville Strauer; discussion leader, Mrs. Annabelle Nickell; assistant discussion leader, William Nickell; minute man, Carl Norris; chairman, Lloyd Newvine; vice chairman, Mrs. Beulah Pringle; secretary and reporter, Mrs. Almada Norris; member of the county women's committee, Mrs. Pringle; recreation leader, Mrs. Grace Spiker.

The future meetings will be held on the second Tuesday of each month. The December meeting will be a Christmas party.

Mrs. Pringle was one of the five delegates chosen by the county Farm Bureau women to attend the 13th annual meeting of the women of Michigan Farm Bureau at the auditorium of Michigan State University on November 8.

Marlin Kasischke Says 'Mail Early for Christmas'

Predicting that the Christmas mail this year will set an all time record, even exceeding the 105,380 pieces of mail handled here in 1956, Postmaster Marlin Kasischke announced his 1957 "Mail Early for Christmas" campaign today.

With Christmas only a little more than a month away, the postmaster reminds everyone, "It's later than you think!" Most folks have a tendency to wait until December rolls around before they give their Christmas mailing plans a thought!

The postmaster further suggested that right now is the time to take the following steps: Check your Christmas card lists very carefully—make sure that each address includes the full name, street and number, city, zone and state.

He said, also, that it is a good idea to stock up on heavy wrapping paper, sturdy corrugated cartons, strong cord and paper adhesive tape for use in securely packing and wrapping your Christmas gifts. If you would like to include your Christmas card or letter inside your gift package, just add the appropriate first class mail postage to the postage for the package itself; thus insuring simultaneous arrival of your gift and greeting.

To help you plan your early Christmas mailing, the postmaster suggested that you secure from the Post Office Pamphlet No. 2, which tells all about packaging and wrapping parcels for mailing, and Pamphlet No. 3, giving full details on domestic postage rates and fees. Be sure to stock up on plenty of stamps at the same time.

Also, ask for free labels reading, "All For Local Delivery" and "All For Out of Town Delivery," so that you can speed arrival of your Christmas cards by sorting and tying them in two separate bundles with the addresses all facing one way.

Keep in mind that only Christmas cards carrying first class three-cent, or six-cent air mail postage, may include a personal message. Nothing more than a signature is authorized on cards mailed at the two-cent third class rate; and be sure your return address is on every Christmas card envelope. This is socially correct, and helps both you and your friends to keep mailing lists up-to-date.

The postmaster says he is competing advance preparations to handle the Christmas rush with extra mail clerks and expanded facilities all around.

It is important to plan your Christmas mailings so that those Christmas cards and gifts for most distant points are mailed first. Try to get all of your out-of-town cards and gifts into the post office before December 10, and those for nearby points should be mailed by December 15.

WITH THE IOSCO— 4-H Clubs

By DOROTHY SCOTT County Agent

"Sherman Sharpies" is the name selected by members of the newly organized community 4-H Club in that township.

It was also decided to close the membership roll for projects in gun safety and food preparation as of November 15 because every member should take part in all the project meetings and activities as well as the community 4-H Club meetings to receive full credit.

Project meetings will take place each Friday evening beginning at 8 o'clock. The next monthly meeting will be at Sherman School on Thursday evening, December 5.

The November 8 community 4-H Club meeting was conducted by the Vice President Roger Brit in the absence of President Kent Kerwin. Reporter Barth Stoner promptly forwarded meeting information to us at the Cooperative Extension Service office. We share the news of what the club is doing with you in this column—your news column of and about 4-H Clubs and members.

Just received from the 4-H Club office at Michigan State University are bulletins and leader-guides for a series of six brand new personal improvement projects.

Members and leaders of our 4-H Clubs will want to find out more about these projects before second projects are decided upon for this year.

We will be pleased to talk with you about them any time you have a chance to visit with us at the office. There we can get out the bulletins and examine them in detail.

Often it has been said the important result of 4-H Club membership is what happens to help with the growth and development of the member (boy or girl), not how many blue ribbon calves, vegetable garden baskets, dresses or cookies can be achieved.

Personal improvement projects are for the club members themselves, and for this reason are an important addition to the many and varied project possibilities for 4-H Club members.

Lloyd E. Milligan, better known as Tom Milligan, a resident of East Tawas, died last Tuesday, November 12, at a Jackson County Sanitarium. Funeral services were held last Thursday afternoon at the Weatherby Funeral Home, Jackson, and burial was the Jackson Woodland Cemetery.

Lloyd Milligan was a member of Grass Lake Masonic Lodge. He was born November 10, 1879, and was 78 years old.

He leaves his wife, Harriet, and two stepdaughters, Mrs. Gertrude Hutchinson of Jackson and Mrs. Marion Spocum of Detroit.

Mr. Milligan had resided for some years on Tawas Beach Drive, East Tawas.

Tuberculosis still strikes young people. About 16 percent of the active TB cases last year in Michigan were found among people under 20.

With deer season here, you may be having venison for some meals. Venison is one of the most highly prized of all wild game. If properly dressed and cared for in the woods by the hunter, it is free from objectionable and so-called game flavors.

It should not be necessary to attempt concealing the flavor of venison. Its characteristic flavor seems to be concentrated in the fat and if strong, trimming away excess fat will help.

Venison is a dry meat and is improved by addition of suet, butter or other fat when using dry heat methods of cooking like roasting, broiling or frying.

Like beef and lamb, venison has tender cuts and some less tender ones. Tender cuts may be cooked by dry heat but less tender cuts need moist heat. Bacon, vegetables or fruit juices may be used in moist heat cookery for different flavor. Spices like bay leaf, thyme, garlic or savory may be added to suit your taste.

For the less tender round steak, try venison swiss steak. Start with 1 1/2 pounds round steak cut about 1 1/2 inches thick. Flour both sides and season with salt and pepper. Melt a small amount fat in the skillet and brown the steak at a low temperature as too much heat toughens meat proteins.

When the steak is brown on both sides add one medium stalk celery diced, one cup tomatoes and two tablespoons Worcestershire sauce. Cover the skillet tightly and cook in medium oven (350 degrees) or over a low flame on top of the stove until tender, about 1 1/2 hours.

More recipes for the care, cooking and preserving of venison are in a bulletin available from your Cooperative Extension Service office. Stop in, call or write asking for a copy.

If the larger sized turkey is too large for your family and no small-

er ones are available, ask the butcher about a half or quarter from the large turkey. These are now being sold in many stores.

Should you get a turkey half or quarter, roast it in about the same way you would a whole one. The meat is thick and takes almost as long to cook. Placing the cut side down on a piece of aluminum foil makes a spot to put dressing.

A frozen turkey means an early start is needed to assure complete roasting by mealtime. A large bird needs two days to thaw in the refrigerator, and that is the best place to thaw it. Take off the freezer wrapping and cover the bird loosely with waxed paper for the thawing process.

Stuffing perks up meats and extends their good flavors. . . it modifies strong flavors and offers texture contrast. As a rule, fat birds like goose, require a tart, fruit stuffing. Mild-flavored poultry and meats combine well with simple or highly seasoned stuffings. Fish requires a slightly tart stuffing.

Allow 1 1/2 slices of bread for each serving of stuffing; or allow three slices for each pound of poultry, dressed weight; or 1 1/4 cups of dressing for each pound of ready to cook poultry.

For best taste and appearance in bread stuffing, cut or tear bread into uniform sized pieces. Crusts and end slices of fresh or day-old bread serve well in stuffing. Stuffings are best when they are packed lightly to give room for expansion in cooking and prevent soggy-ness.

Precook sausage or giblets before adding to dressing.

For best and safest results, prepare and stuff poultry or meat just before it goes into the oven. If stuffing must be prepared in advance, place it immediately into the refrigerator at 35 degrees Fahrenheit and hold at that temperature until ready to use. Under no circumstances should it be placed in meat or poultry until just prior to roasting. The practice of preparing stuffing some time in advance of roasting, regardless of refrigeration practices, promotes spoilage and encourages growth of harmful organisms.

With stuffed meat or poultry, an oven temperature of 325 degrees Fahrenheit should be maintained until the center of the stuffing reaches 180 degrees Fahrenheit. To be certain of this mini-

mum temperature, insert a roasting thermometer in the center of the stuffing to be certain that a minimum of 180 degrees Fahrenheit is reached. The baking time will be 30 minutes or more depending on the amount of stuffing to be baked in this manner.

INSULATION SIDING CARPENTER WORK MASON WORK ROOFING RAISING HOMES Putting in Cement Piers

TOO LITTLE, TOO LATE is the way we Dodge dealers feel about competitors' efforts to match the Swept-Wing 58. They lowered the roof some, but left the sides high. Their windshields got smaller while ours got bigger. So much for styling. Then, for another important comparison, take ride. Here's Dodge with Torsion-Aire suspension that just about everybody admits is the greatest advance in sway-free, dip-free, silent going that any car offers. So what do these other cars do? They borrow an air suspension system that's been used in buses for two years! (Costing well over \$100.00 extra.) And most of 'em still don't have push-button driving—much less Dodge TorqueFlite—the proven automatic transmission. If you're a little disappointed in the '58 version of your car, come on in and see our Swept-Wing 58. The others are catching on—but they can't catch up.

FIRST MICHIGAN BRUSH WOLF to be reported taken in this area this year was shot by Roy Wint, left, tool and die machine setter of Mt. Morris. His father, Arlie of Otisville, is at right. The wolf was shot last Saturday afternoon east of Sand Lake. Roy was waiting at a deer runway when the animal came out of the brush. He killed it with one shot from his deer rifle.—Tawas Herald Photo.

Tawas Braves End Season in Tie for Second Place

Saving its best balanced game of the season until the end of the schedule, the Tawas Area Braves defeated Roscommon, 20-6, last Wednesday night at the West Branch athletic field.

The Braves struck for two first period touchdowns and one in the third, while holding Roscommon's Bucks to six points, and were never in trouble during the game.

Tawas' lone defensive lapse came in the second quarter when three would-be tacklers hit and then let go of the Buck ball carrier and he ran 55 yards for the touchdown.

Scores by the Braves came on a 25-yard pass play from Guyette to Lanski and on a quarterback sneak by Guyette. The third period score was by Roger Gordon, who ran 13 yards through the center of the line. Gary Brackenbury clicked on two of three extra point kicks.

This win put Tawas into a two-way tie for second place with Standish in the Northeastern Michigan Conference with identical records of five wins and two losses. In games outside of conference play, Tawas won from the Alpena High Reserves and lost to the Oscoda Owls.

Tawas lost no time in picking up its first score when the Braves scored on four plays from scrimmage. After moving the ball to the Roscommon 25 on runs by Gordon and Brackenbury, Guyette hit Lanski with a pass over the right side and the big end crossed the goal line untouched. Brackenbury kicked the PAT.

After Gordon intercepted a pass by Roscommon's Papefus, Tawas drove to paydirt again in nine plays. Guyette plunged for one yard on a quarterback sneak for the TD. Brackenbury's kick was wide.

In the second quarter, after Tawas was unable to get a drive underway and Guyette punted to the Roscommon 36, the Bucks picked up their lone touchdown climaxed by a 55-yard run by Hannah. Three Tawas tacklers had their hands on him but he spun away and raced to paydirt. Roach blocked the extra point kick.

Roscommon had its most penetrating drive of the game stalled on the Tawas 12-yard line when the clock ran out on them at the half.

Tawas scored early in the third quarter when Brackenbury, Guyette and Gordon teamed up to move the ball to the Roscommon 18 on three plays. Gordon hit the center of the Roscommon line for the final 18 yards to ring up the third TD. Brackenbury's kick was good and the Braves held a 20-6 lead.

Tawas had one touchdown play, a 47-yard run by Gordon in the fourth quarter, nullified because of a backfield in motion penalty.

IN 58 DAYS A '58 PLYMOUTH RAN 58,000 MILES—EQUAL TO MORE THAN TWICE AROUND THE WORLD

AND IT DROVE EVERY INCH OF THE WAY!

We knew this car was tough. We designed it that way. That's why we weren't afraid to give Plymouth the toughest test run of all time... with all America as the "track."

We didn't coddle this Plymouth. Didn't crate it and ship it carefully from place to place. Instead, we aimed it out of Los Angeles one misty morning and sent it through a course that ran 58,000 miles through 37 states.

The time limit? Only 58 days. A thousand miles a day!

The equivalent of 6 years' driving crammed into little more than 8 weeks!

Three times this Plymouth crossed the Rockies. Three times it wound its way up and down across the country... passing through more than 1200 cities and towns. Whipping over turnpikes... creeping through city traffic... arrowing down super-highways... feeling its way through 500 miles of rutted detours. And when the drivers turned the key to end the marathon, it still looked, ran and rode like new.

This is what lasting value really means. The ability to take everything that American roads and weather can dish out—and come up grinning. Why don't you give Plymouth a test drive yourself—today? You'll see what we mean.

That's the Plymouth "track"... and just look at that route! Every possible road and weather condition. Plymouth ran every inch of that murderous route 3 times in just 58 days. What greater proof of lasting, built-in stamina!

Star of the Forward Look... **Plymouth** ahead for keeps!

MARVIN DAVENPORT SAYS—

Farmer Receives 40 Percent of Consumers Food Dollar

The farmer's share of the consumers food dollar is expected to average about 40 cents this year. Ten years ago, farmers received 47 cents of each dollar the consumer spent for food. Earl Brown, agricultural economist at Michigan State University, says that this is because the marketing process costs both farmer and retailer more each year.

One reason for the increase in marketing costs is extra service demanded in processing, handling and selling. Today's consumer wants his chicken available in the store, not only killed and dressed, but also cleaned, cut up and packaged as well. All these extra services, along with the increase cost of labor, capital and equipment, are taking a bigger share of the consumer's food dollar.

Retailers, who get about 20 percent of the food dollar, are working hard to improve marketing efficiency to keep their own retailing profits from rising. This in turn will mean more of the marketing profits available to the producer. The retailer's costs are quite high because of the expense of labor involved in the extra consumer services. But here the self-serve supermarket has shown an important advancement in cutting food retailing costs. The supermarket has even been called the revolution of the food business because of the substantial reduction it has made in the cost of retailing. We will see continuing efforts by retailers to reduce their

costs, thereby helping to keep down the overall cost of marketing farm products.

With Michigan timber and woodlands beginning to feel the pressure of increased population, researchers are looking for ways to increase forest production.

Michigan State University Forester Jonathan Wright says that the trees we grow now are not the best. He feels that somehow better trees can be produced.

It is quite possible, by planting genetically superior trees, we can make a forest produce 25 percent more lumber than is now considered to be maximum. One possibility for better production is a hybrid between eastern and western white pine. A small planting of western white pine is now bearing cones at the Kellogg Experimental Forest at Battle Creek. Hybrid seed production trials are scheduled and Wright is quite optimistic for favorable results.

With these advancements in forest genetics and hybrid trees, Michigan forests can produce the timber necessary for the future. Each acre now produces more than it did 25 years ago, and in another 25 years each acre will have to produce even more.

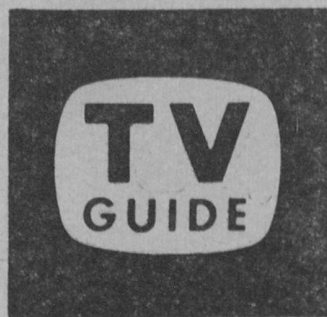

You have still got time to mulch your shrubs before winter sets in. Mulch should be placed under or around shrubs and evergreens before the ground freezes. Start at the trunk and go out as far as the reach of the outside branches.

The mulch should have organic matter and some nutrient content. Leaves can be used if they are old and partly decomposed. Fresh leaves tend to pack and cut off the air.

Manure and straw used together makes an effective mulch. Other satisfactory mulches are ground corn cobs, buckwheat hulls, sawdust (the coarser the better) and wood chips. The material should be two to four inches deep on the ground.

For bulbs and below-ground plants, you should wait until the ground freezes before mulching, according to Fred Widmeyer, extension horticulture specialist at Michigan State University. Mound up the soil around roses and wait after the ground freezes will stop the shifting of the soil due to freezing and thawing which would damage roots. Do not prune the roses at this time of year.

The benefits of mulch are primarily the reduction of moisture loss by evaporation and runoff, and the organic matter added to the soil. The mulch can be worked into the soil in the spring. To maintain the nutrient content of the soil, three-fourths cup of ammonium nitrate or ammonium sulfate should be added to each bushel of mulch worked into the soil.

\$2,500 Spent in Iosco for Vocational Rehabilitation

Vocational rehabilitation spent \$2,265 in Iosco County during the last fiscal year. This expenditure was to aid in the rehabilitation of 23 disabled persons served here. Howard R. Harvey, "Rehab" counselor in this county for the office of vocational rehabilitation, Michigan Department of Public Instruction, just released this information.

Harvey reported that seven Iosco County people were rehabilitated into paying jobs during the year. Even more disabled citizens could be rehabilitated this year. The rehabilitation service is hampered, however, by a severe limitation of funds. All services cost more. Also, people with more severe disabilities are being served, which increases the cost per person.

According to Mr. Harvey, additional federal funds were available, but are not being claimed by the state. Iosco County would have had 55 percent more funds for rehabilitation this year if state funds had been appropriated to earn the total federal funds available through matching.

The expenditures in Iosco County, Mr. Harvey explained, were for the following services:

Medical examinations and other diagnostic services to establish the disability and measure how much it limits a person's activity—\$89.

Treatments, including medical and surgical services as well as hospitalization, to correct defects or lessen disabilities that interfere with working—\$83.

Appliances, such as artificial arms or legs, crutches, braces, and hearing aids—\$135.

Hospitalization for correction of defects—\$379.

Training in school or on-the-job to prepare a person for suitable work in spite of a disability—\$1,159.

Other services, such as tools and transportation—\$420.

The total expenditure, \$2,265, brings a major benefit to the Iosco County area. Mr. Harvey pointed out that the average weekly earning of people rehabilitated in Michigan last year was \$54.60. Before rehabilitation, they earned \$6.61. Applied to Iosco County, this indicates an estimated annual increase of \$17,500 in wages earned by the seven persons rehabilitated here.

According to Mr. Harvey, there are \$562,000 in federal funds for vocational rehabilitation that Michigan has not claimed this year because the state appropriation was not large enough to match them. The disabled of Iosco County are, therefore, only receiving about two-thirds of the services this year that would have been possible with an adequate matching state appropriation. These services result in such gains in earning power in the county, that indirectly everyone in the county would benefit if the state appropriation next year is sufficient to claim the maximum federal grant.

The one that's really new is the lowest-priced, too!

Compare! Car for car, Edsel gives you most—and is priced the lowest—of all 1958's medium-priced cars!

The elegantly styled Edsel is the newest looking car you'll see on the road this year. But more important to you as a car buyer, the Edsel is new all over.

New all over means the already-famous power of the big, new V-8 Edsel Engines. It means the option of new Teletouch Drive, the most talked-about feature in years. It means the safety of Edsel's self-adjusting brakes. Even the first genuine contour seats. Yet, with all these important advances, Edsel prices are the lowest in the whole medium-price field! Compare—car for car. You'll find that Edsel is the value of the year. See your Edsel Dealer and prove it.

IN CHANCERY
Everett R. Bronson, Plaintiff,
vs.
Winifred E. Bronson, Defendant.
ORDER OF PUBLICATION
At a session of said court held in the City of Tawas City in said county this 5th day of November, 1957.
Present: Honorable Herman Dehnke, Circuit Judge.
On reading and filing the bill of complaint in said cause and the affidavit of Herbert Hertzler attached thereto, from which it satisfactorily appears to the Court that the defendant above named, or his unknown heirs, devisees, legatees and assigns, are proper and necessary parties defendant in the above entitled cause, and
It further appearing that after diligent search and inquiry it cannot be ascertained, and it is not known whether or not said defendant is living or dead, or where he may reside if living, and, if dead, whether he has personal representatives or heirs living or where they or some of them may reside, and further that the present whereabouts of said defendant is unknown, and that the names of the persons who are included therein without being named, but who are embraced therein under the title of unknown heirs, devisees, legatees and assigns, cannot be ascertained after diligent search and inquiry.
On motion of Herbert Hertzler, attorney for plaintiffs, it is ordered that said defendant and his unknown heirs, devisees, legatees and assigns, cause their appearance to be entered in this cause within three months from the date of this order, and in default thereof that said bill of complaint be taken as confessed by the said defendant, his unknown heirs, devisees, legatees and assigns.
It is further ordered that within forty days plaintiffs cause a copy of this order to be published in the Tawas Herald, a newspaper printed, published and circulated in said County, such publication to be continued therein once in each week for six weeks in succession.

Gun Safety Speaker Highlights P-TA Meeting

Highlight of the Tawas Area P-TA meeting Monday, November 18, was a talk on gun and bicycle safety given by Lt. Lester Coykendall of Rockford. His remarkable ability as a speaker and his good humor made his visit here a very enjoyable one for all present.

The homemaking curriculum, centered around family living and the planning of the year's program to include food, clothing, shelter and the family, was the topic chosen by Mrs. Harold Clark.

A skit, "Our FHA Prophecy," written and presented by Louise Anderson, Betty Rempert, Brynn Proctor, Ruth Klenow, Georgia Mallon, Arlene Katterman, Joyce Anschuetz, Frances Binder, Patty Klein and Wendy Holder, was enjoyed.

Superintendent Reynold Mick spoke to the group on the P-TA athletic award which goes to the most valuable player of the year and on the rental of the different rooms of the school for outside activities.

Coach William McIntosh told of the season's basketball tickets which are on sale now. The price is \$4.50 for adults and \$1.75 for students. Those having tickets will use the south entrance.

Refreshments were served by kindergarten mothers.

Seniors Present Class Play November 21-22

Seniors of Tawas Area High School will present their annual class play at the new school auditorium, November 21 and 22.

The three-act comedy, "Deadly Ernest," is all about a man named Henry Gilcrest who decides that he has nothing left to live for. He pays a stranger in the park to have his colleague, Ernest, "bump him off."

Henry then changes his mind and spends the rest of the time bumping into people named Ernest.

Admission prices are adults 65 cents, students 25 cents.

Brookbank Elected Archer President

Robert Brookbank was elected president of the Iosco Archers Association at the organization's annual meeting held recently.

Others elected to serve with Brookbank were Donald A. Evans, vice president; Donald Phillips, secretary-treasurer; Donald Pelton, member of the board of directors.

Lewis Farrand was named as field captain for the year.

Cooper-Long

Saturday, November 16, the Hemlock Road Baptist Church was scene of the marriage of Emily M. Long, daughter of Mr. and Mrs. Glenn Long of Tawas City, to Billy R. Cooper of Clarksville, Tennessee, now stationed at Wurtsmith Air Force Base.

The 2 o'clock double ring ceremony was performed by the Rev. Charles Mercer. Miss Sara Prescott, vocalist, was accompanied by Miss Judith Miller.

The bride, given in marriage by her father, selected a gown of printed winter white taffeta fashioned with a high neckline, fitted bodice, wrist point sleeves and a full pleated floor length skirt. A pearl accented band held her fingertip veil of nylon tulle and she carried a prayer book covered with a bouquet of white chrysanthemums.

Maid of Honor Luann Long, sister of the bride, wore a pink princess style ballerina length dress featuring a pink nylon chiffon top and streamers. A pink floral headband complemented her gown and she carried a bouquet of pink and white chrysanthemums.

Shelly Siegrist, flower girl, wore a yellow taffeta dress with a matching floral headband and carried a yellow bouquet with white streamers.

Best man, Edward Fletcher, and ushers, Douglas Lockhart and George Ganon, were all of Wurtsmith Air Force Base.

A reception for 125 guests was held in the church parlors immediately following the ceremony.

Out of town guests attended from Clarksville, Tennessee; Edgerton, Kentucky; New Providence, Tennessee; Stratford, Ontario; Detroit, Port Huron, Walled Lake, Belleville, Allen Park and Dearborn, Michigan.

The newlyweds will reside at 115 East Park Avenue, Oscoda.

Iosco's First Art School to Open December 4

What is believed to be the first art school in the history of the county will open Wednesday, December 4, in the old Oscoda Bank Building, Oscoda.

Instructor for the classes will be Paul Vazquez, a former art teacher at the University of Illinois, now at Wurtsmith Air Force Base.

The classes, which start at 7:00 p. m., will consist of two periods a week, one for instruction and the other for studio. The school is open to beginners and professionals, alike.

Vazquez, who has a BFA and Master of Fine Arts degrees, has exhibited regionally and nationally, winning top national awards as well as a fellowship.

Lost Hunters

become lost. His brother, Lawrence, told officers that he was to have been out of the woods by 6:00 p. m. The search started at 8:40. Officers fired several shots into the air and heard two answering shots. They walked into the woods and found the man.

Two signal shots fired from the rifle of a hunter to indicate to a search party that a lost hunting companion, Frank Verkenes, 54, of Flint had been found caused considerable excitement Saturday night. The rifle slugs cut off a Consumers Power Company high-tension line and lighted up the entire area as it shorted on the ground.

A party of about 50 persons, including law enforcement officers and other hunters, turned out when Verkenes became lost near the High Rollways. Verkenes found his way out of the woods but the real excitement came when the 140,000 volt line was severed by the signaling gunfire. The Consumers Power Company dam was shut off while repairs were made. No injuries were reported, although one man was knocked to the ground by an electrical jolt when he attempted to heat out a grass fire near one of the fallen lines.

James Morrison, 55, of Mt. Clemens found his own way out of the woods near the Iosco-Alcona line Saturday night after he was reported lost by hunting companions. A search party was in the process of being organized by police officers at the point where he walked into the woods.

Two 15-year-old Pontiac boys, Gary Glascock and Roy K. Gibson, found their own way out of the woods after becoming lost in Section 16, AuSable Township. Parents of the boys were informed police that the boys were lost and a search party was organized.

School Health Education is Biggest Program

School health education is one of the biggest services of the Michigan Tuberculosis Association, the Christmas Seal agency today reported.

Last year 465,992 pieces of literature were sent to schools throughout the state including those in Iosco County in aid of teaching health classes. These materials were pamphlets, posters and Children's Health Bulletin, which is published monthly during the school year.

Children's Health Bulletin, which is written in three parts for various reading levels, is mailed to every school in the county. It is one of the most popular publications of the Michigan Tuberculosis Association.

Rancher Glen, the guitar-playing health troubador of the Michigan Tuberculosis Association, in his program for schools explains health rules. Last year he brought his health message to 148,000 students with his western songs and stories.

"Our goal is to prevent the spread of tuberculosis and to wipe out the disease entirely," J. Irvin Nichols, executive secretary of the Michigan Tuberculosis Association, said. "Health education is one of the most important phases of the prevention program."

One out of every 10 persons last year found to have active tuberculosis was a school-age child, Nichols said. For this reason both TB education and general health education in schools are considered important by the Michigan Tuberculosis Association.

"When children learn to follow good health habits, they are putting into action the best TB preventive measures known."

Mr. and Mrs. Grant Goddard of Curran are the parents of twin boys recently born in Curran. Mrs. Goddard is the former Miss Veronica Grinkey of East Tawas.
