Tawas Youth Canteen Will Officially Open October 19

Official opening of the Tawas Youth Canteen will be held Saturday, October 19, at the East Tawas Community Building it was reported Tuesday by spokesmen for the Ladies Literary Club, East Tawas, sponsor of the project.

The canteen will be open to school students from grades seven through 12. No officers have been elected as yet by the Tawas Area School's student council, but names of officers elected will be announced next week.

Mrs. Cecil Cabbie, who is chairman of the Literary Club's special committee in charge of the project, said that her committee had difficulty in securing parents as chaperones for the canteen last year. "If this program is to be a success, it must have the complete support and participation of parents, as well as students," she said.

Arrangements have again been made by the East Tawas City Council to use the community building for the canteen. The city is to furnish heat and rent free.

Included on the committee besides Mrs. Cabbie, appointed by Mrs. T. M. O'Loughlin, Ladies Literary Club president, are Mrs. Stuart White and Mrs. Herman Moehring.

Last year's activities at the youth canteen were described as "very successful" by Mrs. Cabbie. Starting last January, the Saturday night programs included dancing, ping pong, shuffleboard, bumper pool, card games and an refreshment stand.

Mrs. Cabbie said that the program for this year and added information on how the parents may help with this project will be reported in local newspapers next week.

Council Tables Fire Dept. Proposal for More Study

A report from the Tawas City Businessmen's Association on the proposed reorganization of fire departments in the Tawas area was studied by the Tawas City Council Monday night. No action was taken on the recommendations at that time, although the council turned the report over to its fire department committee for further study.

A special committee of the businessmen's association, headed by Sgt. Frank Roti of the Michigan State Police, had studied fire protection in the area and had come up with several recommendations.

These included consolidation of volunteer fire departments in the Tawas, erection of a building to house equipment, purchase of equipment, hiring a full time chief and four men.

The council was of the opinion that no definite action could be taken until the proposal was studied further. A report is to be made at a future date.

In other business, the council adopted a new bookkeeping plan for the city as submitted by

Wagar, Lunt and Oehring, certified public accountants of Saginaw. The new system is to be put into operation in the near future.

WORK is now being completed on a gasoline service station at Cowan's Motor Sales, Tawas City. Construction was started in August of this year.—Tawas Herald Photo.

Gas Station Being Completed

Work is being completed this week on a new gasoline service station addition at Cowan's Motor Sales, Tawas City. The local DeSoto-Plymouth dealership will handle a complete line of Shell Oil Company products in conjunction with its new and used car sales.

Located east of the Tawas River bridge on US-23 overlooking Tawas Bay, the construction included a 40 by 50 foot cement block addition which gives the building a total frontage on the highway of

100 feet by 90 feet deep.

A concrete driveway slab was constructed in front of the building with a ramp leading to the service entrance. The slab will provide space for displaying new and used cars as well as drive-in facilities at the gasoline pumps. A circular flower garden is located at the front edge of the drive.

General contractor for construction was Ernest Mueller of Tawas City. Materials were furnished by Mueller Brothers Concrete.

Edward Cowan, owner, said

Tuesday that the gasoline service station would remain open until midnight and that starting next June the station would be open 24 hours daily. Herbert Blust is in charge of the service department.

Mr. Cowan originally opened his business here as an auto bumping and paint shop in 1945. Since that time the building has been expanded several times. He plans to construct a 22 by 60 addition on the south side of the building next May to be used as a retail store.

Braves Defeat Arenac Eastern, 24-7; Meet 1956 NEM Champs Friday Night

The Tawas Area Braves moved into a third place tie in the North-eastern Michigan Football Conference with the West Branch Orioles and Standish as a result of its 24-7 win over Arenac Eastern last Friday night.

Friday night's win gives the Braves a two win, one-loss record for the season. The loss came at the hands of Gladwin three weeks ago.

Twelve points in the opening quarter meant the ball game for the Braves. Eastern kept its hopes alive by scoring in the second quarter, but the Braves scored

once in the third period and again in the fourth period to put the game beyond Eastern's reach.

On Friday night of this week the Braves will meet Pinconning, last year's conference champions. The JV squad will meet the Piny JV team today at East Tawas.

For Tawas, the defensive star of the night was Jim Zalewski. In the 40 plays Arenac ran from scrimmage, Zalewski made 13 tackles and recovered one Arenac fumble.

On offense, Tawas showed a well-rounded attack with Dick

Lanski taking two touchdown passes. Dennis Ledsworth is improving each week and his speed and shiftness got him yardage every time he carried the ball, which included a 43-yard TD run.

Halfback Roger Gordon ground out a sizeable amount of yardage and again was the workhorse of the Braves. Frank Brigham played a good defensive game and intercepted one pass and punched out gains from his fullback spot when the Braves needed short yardage.

Quarterback Ray Guyette again called a beautiful game, flipping

two long aerials for TDs and scored on a sneak from one yard out.

Jim Biddle was the standout for Arenac Eastern. The six-foot, three-inch, 195-pound junior was a threat all night and is the best back the Tawas defense has seen all year.

FIRST QUARTER

To start the game, Ken Bublitz kicked off to the Arenac 15-yard line. Biddle, who gave Tawas trouble all night, returned the ball to the Arenac 34 where he

FOUR-DAY WORK WEEK?

The four-day work week—a pleasant dream for the laborer and a nightmare for the employer—is still a long way off in the opinion of Secretary of Labor James P. Mitchell. Citing the ever-growing demand for production, the secretary said, "At no time should a shorter workweek be permitted to . . . diminish our ability to produce the goods that we can consume in this country."

From "Science and Health with Key to the Scriptures" by Mary Baker Eddy the following selections will also be read (206:26-28, 30): "Instead of God sending sickness and death, He destroys them, and brings to light immortality . . . God does not cause man to sin, to be sick, or to die."

The Case of the Wire-Haired Octoplug

If your electric outlets are jam-packed with plug-uglies... if the double-sockets in your sockets have double-sockets... if your wires are as tangled as the tentacles of an octopus... then you may be a victim of inadequate wiring.

The need to plug several lamps or appliances into one wall outlet is a good indication that your wiring isn't heavy enough for your power requirements. This can result in overloaded circuits, blown fuses and poor performance from appliances.

According to a recent LOOK MAGAZINE article, four out of five American homes are inadequately wired. Find out how your home rates by having an expert inspect your power system. And if you'd like a free copy of the Look article, which contains a list of ten common symptoms of faulty wiring, just write to us or call in person.

Government warehouses are beginning to be loaded up again with surplus butter under a price-support program. Stocks at the beginning of September totaled 72,000,000 pounds, compared with less than 3,000,000 pounds a year earlier, according to the agriculture department. While the department has been buying only slightly more surplus butter than a year ago, its effort to dispose of oversupplies have been less successful. Large amounts have been donated to the school-lunch program and public welfare institutions.

ence held this summer in Ceylon. At noon a chicken barbecue dinner, prepared and eaten outdoors, is to be a very special feature.

Friday, October 18, is another date we hope the weather man will cooperate to make beautiful for travel. This time to Gladwin for the adult recreation training school with Arden Peterson, Michigan State University recreation specialist. Persons with a responsibility for recreational skits, games, puzzles, folk dancing and the like in any organization are invited to attend. Women's clubs, youth clubs, church, extension, Farm Bureau and Grange groups are reminded of this opportunity. It is a time to learn new recreation activities by participation, a day of guaranteed enjoyment.

For further information on time, place and transportation, call us at the Cooperative Extension Service office, Federal Building, East Tawas, Forest 2-3751.

Outdoor Christmas decorations will be featured at home demonstration group meetings throughout October. Group leaders attended the training school on October 1 and will present information and ideas illustrated at their own group meetings.

Program committees of home demonstration groups are meeting with the home demonstration agent to receive officer supplies, program booklets for members and help in arranging their own monthly meetings for the coming year.

As you read this, give a thought to how you might escape from the room you are in if fire suddenly blocked your normal way out. Wherever you are, it is always smart to plan a way out

in case a fire should start. This is Fire Prevention Week.

Chocolate bits have become a familiar household item, along with raisins, macaroni and other staples. New bits of flavor have recently been added—choose butterscotch, lemon custard or cherry in eight ounce packages. Recipes on the package suggest ways to use them in cookies, cake, ice cream or as candy.

Knock out walls in your house when the rooms look too large or too small? No, that is not a very practical way to solve the problem when there are some decorating tricks which will help the situation.

In the "too large" looking room, a smaller and cozier effect is achieved when the wallpaper has a large or medium-sized all-over pattern in warm colors such as peach, soft tan or rust.

Woodwork and draperies in contrast to the wall color make a room look smaller as they seem to draw in the walls. Small rugs or a large figured one break up the expanse of the floor.

Watch out, though, about trying all these tricks in the same room at the same time!

Small rooms look more spacious when walls are plain in light, cool colors—soft greens or blues. Walls and woodwork of the same color help. If the wall paper is patterned, choose various tones of one grayed color or a pattern in soft colors that provides large open spaces in the background.

Houghton Lake took over the top spot in the Northeastern Michigan Conference football standings by defeating Roscommon, 24-12, while Standish was turning back West Branch, 20-6. Gladwin moved into the second slot by handing Beaverton its third loss, 13-6; Pinconning won from Sterling on a forfeit and Tawas Area gave Eastern its first loss of the year at Twining, 24-7.

On tap for this week's play: Tawas Area at Pinconning, Standish at Roscommon, Beaverton at Houghton Lake, Gladwin at West Branch, and Sterling at Eastern.

Houghton Lake remained on the unbeaten list by scoring 18 points in the first half, enough to subdue Roscommon, as the Bucks managed to get 12, all in the second half play. The Lakers took the opening kickoff and marched to their first TD with Halfback Harold Mosanko going the last 13 yards for the counter. The try for extra point, a kick, failed. The winners took advantage of punts to score twice in the second quarter. The first score came on a punt return; the second when a blocked punt gave them possession. Quarterback Pat Marts returned the punt 50 yards while Fullback Allen Bell went three yards through the middle after line plays had put the ball on the three. The Bobcats scored again in the third quarter on Marts' run through the middle after a blocked punt gave them the ball on the Roscommon 30. The try for extra point failed in all four scores.

Roscommon hit paydirt after the winners held a 24-0 lead when Tom McCutcheon went over from two yards out after Jack Biggar, guard, recovered a Houghton Lake fumble. The Bucks second score also resulted from a Laker miscue when Jim Papenfus, quarterback, scooped up the loose ball and ran 15 yards to the end zone. Roscommon was unable to convert on both attempts.

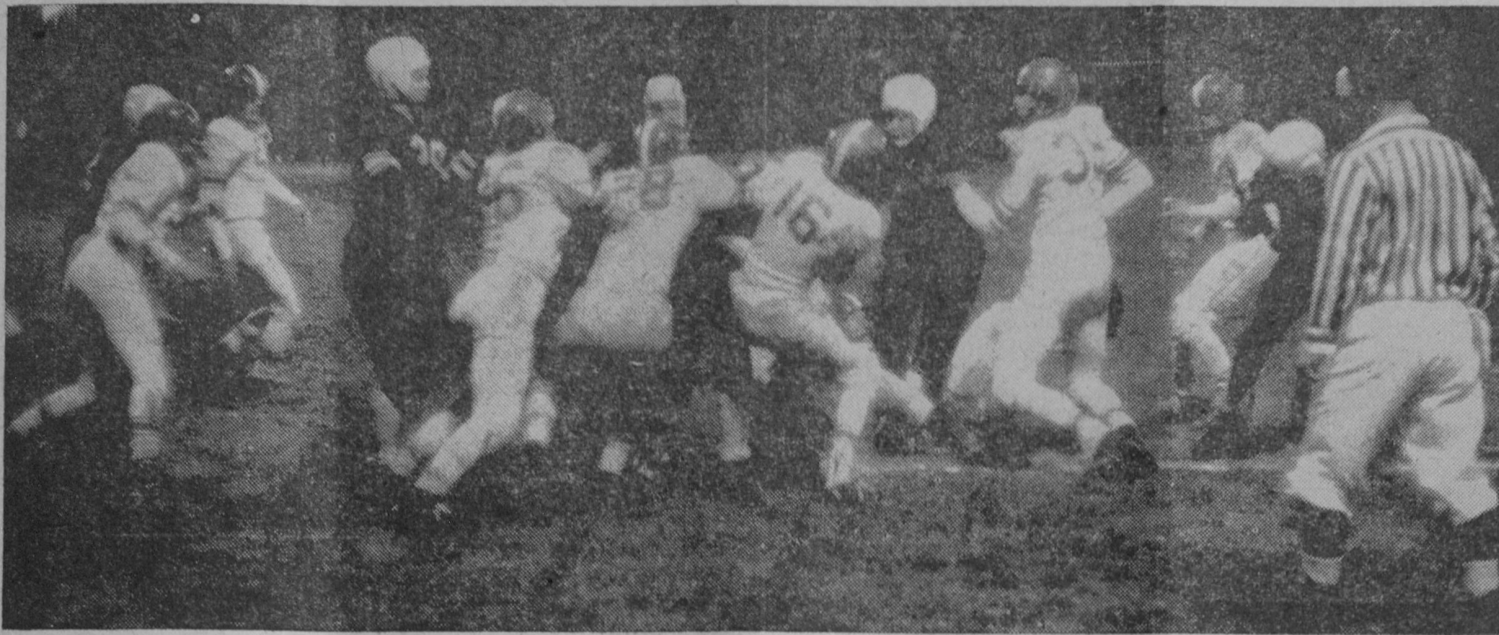

With its win at Standish, the Golden Arrows knocked the Orioles from a tie for top to a tie for third with Tawas Area and the host club. The winners posted a 7-0 lead in the first quarter and scored twice in the second half to take their big win. Halfback Doug Dudley scored the first counter on a 30-yard off tackle dash and kicked the extra point to give the home club its early lead.

The Orioles came back in the second quarter with John Walsh, quarterback, after a sustained downhill drive, going over from the one. The losers missed a half-time score when the run for the extra point failed.

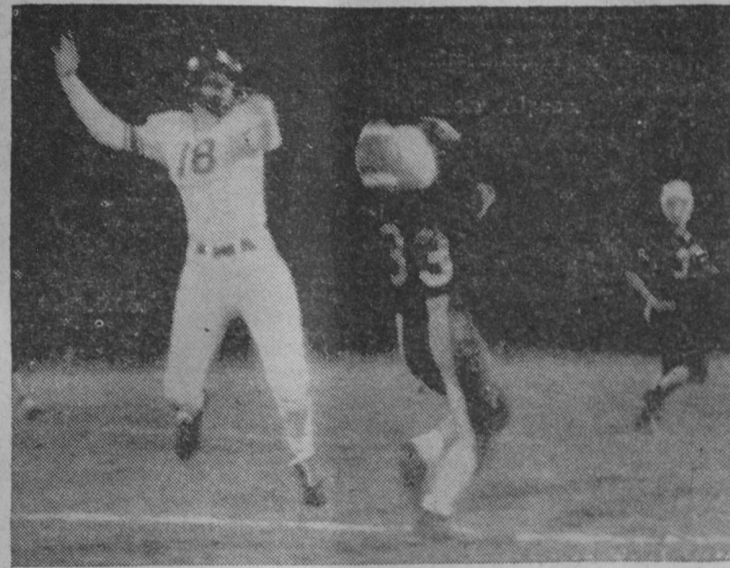

Standish went further ahead in the third quarter when Dudley made a twisting 85-yard return of the kickoff to cross the goal line. The conversion failed but the winners held a 13-6 third quarter bulge. The last period score made into game secure. Phil Pelton, right halfback, went the final two yards of a downhill drive and Dennis O'Keefe, quarter, kicked the extra point.

Not only did Gladwin win its annual inter-city battle with Beaverton, but also vaulted into second place in league standings with the victory. After a scoreless first quarter, Beaverton threw a scare into the Flying G followers when Quarterback Dave Fassett picked off a Gladwin forward and dashed 50 yards for the TD. A run for the extra point failed but the losers held a 6-0 intermission lead.

Gladwin knotted the count in the third quarter when Halfback Ken Heath, on a hand-off swept around end for 17 yards and six points. End Dick Stone converted on a kick to give the winners a 7-6 bulge. Heath iced the contest in the fourth period with a 31-yard run for his second counter and Beaverton's hopes of its first win died.

was stopped by Lanski. Arenac ran three plays and drew a five-yard penalty for offsides. On the next play Jim Zaleski recovered a fumble for Tawas.

Tawas took over on the Arenac 38 and, after four running plays took the ball to the Arenac 27. Guyette faded back to his right and tossed a perfect pass to Lanski over the right side and Lanski went in for the TD untouched. On the extra point, Guyette held and Brackenbury booted wide.

Bublitz again kicked off for Tawas to the Arenac 20. Gawlick returned the ball to the Arenac 42 where Lanski and Zaleski stopped him. After three running plays netted only three yards, Hollenbeck dropped back and punted to the Tawas 25.

Ledsworth took the ball and handed it off to Brackenbury on a reverse. Brackenbury returned the ball to the Tawas 33, but a Tawas penalty for illegal use of the hands put the Braves on their own 15. Guyette then did a beautiful job of quarterbacking by sending Brackenbury around end for nine yards. Gordon hit center for eight yards. After another running play and an incomplete pass netted one yard, Gordon ran left end for 10 yards. Gordon went over right guard for four yards, short of a first down. Guyette hit center on a quarterback sneak for enough yardage. Gordon hit left tackle to the Arenac 44. The Braves had driven 38 yards on the ground and Arenac's defense was playing tight to stop the Tawas running game. Guyette faded back and, on a duplicate of the first TD, hit Lanski over the right side with a perfect pass and Lanski outran the Arenac defenders to complete a 44-yard play. Brackenbury's kick was again wide and Tawas led 12-0.

For the third time Bublitz kicked off to the Arenac 23. Jim Biddle returned the ball to the Arenac 44 and the Eagles started the drive that was to give them their lone touchdown. Two plays took Arenac into Tawas territory on the 47-yard line as the quarter ended.

Five running plays carried Arenac to the Tawas 33 and then Dave Robinson hit his left halfback with a pass that carried to the Tawas 18. After being thrown for a two-yard loss, Robinson went through center on a sneak to the Tawas seven. Biddle carried to the Tawas one and on the next play Robinson again sneaked through center for the TD. On the extra point, Robinson passed to Gawlick for the point and Tawas led 12-7.

Biddle kicked off to the Tawas 10 and Gary Brackenbury returned the ball to the Tawas 21. Guyette kept the Arenac defense guessing as he drove 79 yards in 11 running and one passing play and had a first down on the Arenac three as time ran out on the Braves at the half with Tawas leading 12-7.

Biddle kicked off to Tawas to start the half. Ledsworth took the ball on the Tawas 20 and returned to the Tawas 25. Two running

plays took the ball to the Tawas 32. Guyette then passed to Lanski and a first down on the Tawas 38. On the next play an alert Arenac defense intercepted a pass intended for Ken Bublitz and Ledsworth stopped the carrier on the Tawas 47.

The Tawas defense stiffened and after picking up only three yards on three plays Hollenbeck punted to the Tawas 17 where the ball rolled dead.

Tawas was able to gain only seven yards on the next three plays and with a fourth down and three yards to go for a first down, the Braves were in a definite punting situation. Guyette dropped back in a punt formation but crossed up the Arenac defense entirely by passing to Lanski over center and Lanski carried to the Tawas 38 and a first down. This was the most important play of the game as Arenac would have taken over on the Tawas 24 had the pass play failed and would have been in a position to take the lead had the play failed. Ledsworth carried the ball to the Arenac 49 on a right end run. Guyette attempted two passes, both incomplete, and on the second one Lanski was knocked to the ground and had to leave the game. On the first play Guyette carried for six yards to the Arenac 43 and then with fourth down and four to go for a first down, Ledsworth hit right tackle and twisted and dodged for 43 yards and another Tawas TD. This time Brackenbury's kick was blocked and Tawas led 18-7.

Bublitz kicked off to the Arenac 23. Hollenbeck scooped up the ball and returned it to the Arenac 35 where Zaleski made the tackle. In three plays Arenac drove to the 43-yard line as the quarter ended.

FOURTH QUARTER
Arenac continued a drive with Jim Biddle and Hollenbeck alternating and in 12 plays pounded down to the Tawas four. Here the Braves defense stiffened and took over on downs to stop the Arenac team on its last threat.
In three plays Tawas got to the 21-yard line but an illegal use of the hands penalty put them back on their own 11. After being thrown for a four-yard loss and tossing an incomplete forward pass, Guyette stepped back into his own end zone to punt. He kicked to the Tawas 30 where the ball bounced along the sidelines. A confused Arenac player grabbed the ball, took two steps and then set the ball on the ground. Bublitz dropper on the ball and Tawas was again in possession. Tawas in eight plays and a 15-yard penalty against Eastern for illegal use of hands, drove to the Arenac one. Guyette went over for the TD on a quarterback sneak. Guyette fumbled the pass from center on the extra point play and was smothered behind the line.

At a joint dairy committee and ABA board meeting last week, the plight of Iosco dairymen was discussed at length. Charles Kobs, Waldo J. Curry, Howard Britt and George Wood had attended a Farm Bureau regional meeting wherein dairymen's problems were talked about. Some solutions were suggested.

farmers now in existence. It was felt that both marketing and price problems can best be overcome with unified action. What do you think? Let us hear from you. I will see to it your comments are reviewed by the dairy committee.

Those attending this session included: William Herriman, Charles Kobs, Walter Miller, Thomas Nelkie, Herman Drenberg, Warren Britt, Charles Timreck, Oran Utman, George Waters, George Wood, Waldo J. Curry, Howard Britt and Leonard Robinson.

Our "Lamb Day" and "Pool" operation last week saw 339 lambs sold and 21 rams find new homes in Northeastern Michigan.

I would like to compliment our lamb producers on a very good job of getting lambs ready for market. The top three grades, prime, choice and good, are more than the bulk of the lambs sold. Prime brought \$24 per hundred weight, choice, \$22 per hundred weight, and good, \$20 per hundred weight. There were only 19 head of the 339 sold that fell into the feeder grades.

And the soil samples come rolling in! That is good. Edward Burgeson, John Burdzinski, Herbert Rempert and many others know the value of soil testing. It is the only way for them (and you) to get the top return from your fertilizer dollars by basing what you put on a crop by a soil test. Every farmer on your farm needs to be tested at least once every four or five years.

Take samples carefully because a soil test is no better than the sample on which it is made. Collect separate samples from areas which appear different on the basis of texture, topography, drainage or past soil-management practices.

Where previous practices, crop treatment and soil-type are similar, let each sample represent about 10 acres. Small areas not large enough for specific management practices should not be sampled separately.

To make a complete sample, take about 10 slices or borings of soil down to plow depth from over the area. Mix well in a clean pail, then remove a pint of the mixed soil for the testing.

Avoid taking samples close to gravel roads, old strawstacks, manure or lime piles. They will throw off the results. Identify each field on a map and indicate which soil sample is from which area.

Bring your samples to my office in the Federal Building, East Tawas, and I will send them to the laboratory.

A small service charge of 50 cents has been necessary to cover the cost of the labor and chemicals involved. This fee includes tests for PH (soil acidity)—phosphorus and potassium.

If you want to use one of my soil samplers to take your samples, stop in and sign up for it.

In addition to the monthly community club meetings where young people learn to conduct meetings, carry on a program and have fun together, there are the 4-H Club activity projects—a very great variety of them from which to choose.

Some new projects in our county could be: Child care, forestry, wildlife, conservation, deeryard study, gun safety, entomology, health and safety, home improvement, photography, flower garden and landscaping.

Among the long-time stand-bys are: Clothing, food preparation, baking, handicraft, livestock, electrical, knitting, tractor maintenance and vegetable gardening.

Telephone Lines of the Tawasies CHET MAHER Michigan Bell Manager

LIKE PULLING TEETH, isn't it, to get a letter out of that boy or girl away at college? It's always been like that and we guess it always will be. So why fight it? The easiest, surest way to keep in touch is by telephone. Rates are especially low after 6 p.m. and on Sunday. Why not arrange a special time, maybe once a week, for your youngsters to call you? Have them reverse the charges if you like. You'll enjoy the chance to talk as much as they will.

ENTERTAINMENT for your group or club is no problem with one of Michigan Bell's free movies or lecture programs. You can choose from quite a list. They vary from 10 to 60 minutes long. For example, the recent Bell Telephone TV films, "Our Mr. Sun" and "Hemo the Magnificent," are available. One of the most popular lecture-demonstrations, "Color Comes Calling," shows how to blend, contrast and harmonize colors for skillfully decorating your home. If you need a movie projector to show a Michigan Bell film, arrangements can usually be made for that, too, at no charge. For details, just call our business office.

HELPING YOU is her business. She's a typical Service Representative in the telephone company's business office—one of the girls you'll talk with when you call up or drop in to discuss your telephone service. You've noticed how courteously and quickly she handles your business. That's because she enjoys helping others, and because she had special training before she ever talked with a customer. That training continues to keep her posted on practically everything the customer might want to know about his telephone service. She's one of the people who make your telephone service good.

Director Rima Pleased With Tawas Area Band

Band Director Edward J. Rima of Tawas Area Schools is highly pleased with the way the high school band has shaped up this year. "It is the best marching band we've ever had here, bar none," stated Mr. Rima.

The school's concert band is composed of 80 members while the marching band numbers 70. Joellen Fennette, who has been a member of the band for several years, is in her first year as drum major.

Mr. Rima said that there has been a big change in band personnel this year. Many bandmen were lost through graduation and the department faced a major rebuilding job this fall.

The band director said that there are 40 new members this year, all coming up "through the ranks" from the school's junior band.

The band plays at all home football games and stages several concerts during the school year, as well as participating in an annual summer band program.

Iosco Democrats to Hold 'Dollars for Democrats' Drive

Iosco County Democrats will hold their "Dollars for Democrats Drive" as part of a nation-wide campaign to gain funds for future elections on Friday and Saturday, October 11 and 12. A goal of \$200 has been set to be raised locally.

The county committee, headed by Henry Oates of Alabaster Township and Wilbur C. Roach, co-chairmen, will conduct a house-to-house campaign here. Each city and township will have sub-chairmen, who were appointed Tuesday night.

Mr. Oates said the Democrats hope to match large Republican donations with many small contributions of a dollar or more.

It is peculiar but the well-to-do often seem more reluctant than the poor to contribute to a public benefit.

Blue Bird Groups Hold First Meeting of Year

Leaders and assistant leaders for the third and fourth grade Blue Bird groups held their first meeting of the year Tuesday evening, October 1, to plan program and activities for the girls. These two groups began their meetings this week. The fourth grade met with Mrs. Fred Look on Monday, and the third grade with Mrs. Paul Sayles on Tuesday.

Letters to parents are being given to girls of Blue Bird age. When the replies are received, it is hoped there will be many more girls who want to be Blue Birds, and many more mothers and fathers who are willing to give of their time and energy to the Blue Bird program.

The success of the Blue Bird and Camp Fire programs depends on three groups of people—the girls themselves, who need the help and leadership of the leaders, and the other parents who encourage and assist the girls at home and at their meetings. The leaders and assistant leaders are doing a splendid job, but they need the active assistance of many of the parents, each to do that which he or she can best manage.

One of the distinctive features of the Camp Fire Girls program, of which the Blue Birds are the junior organization, has always been its emphasis on helping girls to develop as girls, and its rich concept of the girl and woman in the modern world.

In simple form for the younger girls this is expressed in the Blue Bird Wish:

To have fun.
To learn to make beautiful things.
To remember to finish what I begin.
To want to keep my temper.
To go to interesting places.
To know about trees and flowers and birds.
To make friends.

Mrs. Val Fallu is leader of the fourth grade group, with Mrs. Look and Mrs. Clarence Cox assisting. Mrs. Sayles is leader of the third grade group with Mrs. Floyd Schaaf Jr., Mrs. Bernard Kopeinski and Mrs. Clyde Soper assisting. Mrs. T. S. Dimmick will be leader of the second grade group when it is organized, with assistants to be chosen from the girls.

If there are others in the community, besides parents of the girls who belong to Blue Birds, who would like to take part in the organization, they should contact any of the leaders or the Blue Bird chairman, Mrs. Joseph N. Dimmick.
