40 YEARS AGO-

5,000 Attend Labor Day Program Tawas Beach

September 7, 1917-More than 5,000 people attended the Labor Day program held Monday at Tawas Beach. Attractions were: Parade, games, contests, swimed was the baseball game between East Tawas and Eastern Michigan Power and won by East Tawas with a 2 to 1 score. Battery for East Tawas, George Kobs and Dillon; Eastern Michigan Power, Taylor and Atlee Mark.

Mrs. H. E. Downer and daughter, Dorothy, were week-end guests of relatives at Alpena.

Miss Lillian McMurray returned Monday from a visit at Detroit.

Leo Bay and Alfred Patterson left Monday for Midland where they have employment with the Dow Chemical Company.

Mr. and Mrs. J. A. Campbell and daughter, Nyda, are visiting relatives in Duluth, Minnesota.

The first Iosco County men to leave for the new National Army were: George H. Lehman, Earl St. Martin, Charles Martin, Albert Westcott, Claude H. Vosburg.

Conforming to the new regulations, the manufacture of whiskey will cease at 11 o'clock in the evening, September 8. The order was made by the food con-

trol commission. Harry Haight left Wednesday for Lincoln, Nebraska, where he will reside with his uncle.

September 5, 1947—A check for \$491.43 was presented to the Tawas Hospital building fund by the Tawas Chamber of Commerce.

Miss Janet Keiser and Lynn Ryan have successfully passed requirements and have been licensed as private air pilots.

A hearing will be held Monday evening on the proposed new oning ordinance. All citizens interested are invited to be present and express their views.

Mr. and Mrs. William Groff and family spent the week-end at Niagara Falls.

Claude Nash of Flint is spendng a few days at East Tawas.

Mr. and Mrs. Charles Morgan of Rising Sun, Ohio, are visiting friends at Hale.

This is the EDSEL

"A remarkable new automobile joins the Ford family of fine cars"

Lhere has never been a car like the Edsel. It is a magnificent automobile. Behind it lie all the resources of Ford Motor Company, all of the experience and engineering skill. The results:

The Edsel is powered by the newest V-8 engines in the industry -the Edsel 400 and the Edsel 475. Specifications: 400 and 475 foot-pounds of torque; 303 and 345 horsepower; 10.5 to 1 compression ratio.

The Edsel's big, safer brakes do not need periodic tightening. They adjust themselves automatically in the course of your day-to-day driving.

The Edsel shifts itself. With Teletouch Drive, you just touch a button on the steering wheel hub. Teletouch Drive does the restsmoothly, surely, electrically.

The Edsel's list of available new features includes contour seats; a warning light that flashes when you exceed your pre-set speed limit; another that flashes when oil is one quart low; a release that lets you open the luggage com-

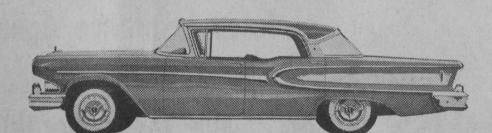

partment from the driver's seat. There are many things that make the Edsel different from any other car you have driven. More exciting, more sure, more safe. What does an Edsel cost? Prices range from just above the lowest to just below the highest. You can afford an Edsel. And you can choose from four series, 18 models.

Stop in soon at your Edsel Dealer to see and drive the newest car in the world: the Edsel. EDSEL DIVISION . FORD MOTOR COMPANY

Now you can see and drive the

The Edsel's distinction is easily seen in the classic vertical grille, the low, wide flight deck, the elegant lines of the cars shown here. Above: Edsel Corsair 2-door Hardtop.

Below: (left) Edsel Citation 4-door Hardtop; (right) Edsel Pacer Convertible.

EDSEL DEALER

840 E. LAKE

TAWAS CITY

*IN OTHER AREAS SEE YOUR LOCAL EDSEL DEALER

Children Should be Seen not HURT!

WATCH FOR OUR CHILDREN WHEN YOU DRIVE . . .

YOU MUST ACCEPT THE RESPONSIBILITY FOR THEIR SAFETY! Even though we teach our children the ways of safety, they sometimes forget! They dart into the street to retrieve a ball or ride their bicycle without a thought of cars. When there's the slightest doubt about a child's intention to cross a street or run into it . . . hesitate or stop. Practice extreme caution near schools and on residential streets. We love our children . . . let them live.

- Be certain your car is mechanically safe: Your driving skill and attitude are helpful . . . but not enough if your brakes fail, your tail lights don't work, or your car stalls in heavy traffic. Have your car safety-checked now!
- Be sure you are alert and your emotions under control: Driving safely requires your full attention. If you're emotionally upset, ask someone to take the wheel for you. That's the only safe thing to do.
- Practice courtesy at all times: Many of our traffic laws could be considered simply as common courtesy . . . yield the right of way, give adequate hand signals, watch for pedestrians and many others. Drive with courtesy and you'll automatically be a better driver.
- Understand and obey local traffic laws: Although the laws governing drivers are essentially the same everywhere, there are variations that cover existing conditions in each area.
- Whether you're a resident or a visitor, it's important to know and adhere to the local lawsfor safety's sake.
- Adopt caution as your constant companion: There is no such thing as being too careful when you drive. Always exercise extreme care . . don't be too sure the child on the sidewalk will not suddenly dart across the street. You may be obeying the laws, but someone else may be careless.
- Don't speed: One of the major causes of accidents today is speeding in excess of existing laws and road conditions. Speed limits, like all other laws of traffic, are to protect you! Be prepared when danger appears . . . take it easy!

Remember Our Schools Are Open, Be Careful when You Drive!

Everytime you approach a street corner or slide behind the wheel of a motor vehicle, you become responsible for the safety of life. Accept your responsibility. Learn the traffic laws and principles of safety . . then follow them. Be alert and courteous at all times, whether you're a driver or a pedestrian. Safety organizations can inform and guide us, traffic officers can correct and direct us but only when each and everyone of us makes traffic safety our business will the terrible slaughter on our streets and highways cease to exist.

SAFETY POSTER CONTEST

Michigan's 50,000 safety patrol

boys and girls are determined to

make the 1957-58 school year an

other one where no child is killed

or injured at a guarded crossing.

They will need the help of every

school child and motorist if they

are to succeed. Automomile Club

of Michigan urges drivers to

being extra careful near schools.

By contributing 11,000 full-size

copies of this poster to schools

throughout Michigan, Auto Club

also helps remind youngsters to

"Help Your Safety Patrol"

cooperate with their patrols.

HELP YOUR

MAJOR THOMAS TODD'S serious look comes from the serious job of planning the Saturday, September 7, Wurtsmith open house that will welcome the 18th Fighter Interceptor Squadron to Wurtsmith and Michigan. A parade, fly-bys of F89 and F102s, plus static displays are planned. Efforts are being made to have a special formation flying team, as well as, the fly-bys of the base-assigned aircraft. The public is cordially invited to the Northeastern Michigan base between 9:00 a. m. and 2:00 p. m. Saturday, September 7.-Air Force Photo.
