Tax Technicalities Answered Want M-171, on Final Day of April Session if Not Repaired A proposed move by the Michigan State Highway Commission

TAWAS CITY, MICHIGAN, THURSDAY, APRIL 24, 1958

Members of the Iosco County Board of Supervisors brought in a combined figure of \$20,774,080 as the county's assessed valuation, it was reported Wednesday by the board's footing assessment rolls committee.

This total was a \$900,000 increase over last year. The state tax commission's figure for Iosco County, which the board uses as a tax base for schools and county operation, is \$43,213,371.

The board finished out its lengthy April session Wednesday afternoon after meeting with Fred White of the Michigan State Tax Commission in the morning. Mr. White and the committee went over assessment rolls brought in by the supervisors and a few corrections were made.

White was called in by the board when a difference of opinions arose on taxation technicalities. He answered a number of questions asked by the board. The main difference of opinion was a dispute over assessing new property and adjustment of rolls. Also, the assessing of equipment owned by outside con-

However, the corrected rolls amounted to a difference of less than one percent higher than the figure of \$20,766,310 brought in last Friday.

THIS NEW INDIAN MONUMENT at the Tawas Gallery of Historic Indians was completed last week. Bolted to a concrete base, the two large figures weigh 800 pounds each while the smaller ones weigh 400 pounds each. The figures are made of concrete on a steel frame. William Schetzen, curator of the museum, is at right. A "Name the Indian Contest" is now open to all school children in the area and a prize will be awarded for the best entry. School and civic groups may tour the museum free of charge on week days until Memorial Day, the date set for its formal opening. Reservations should be made by phoning the museum.-Tawas Herald Photo.

IN A PROGRAM TO BEAUTIFY losco County, as well as a soil erosion prevention measure, the losco County Soil Conservation District planted 3,000 pine trees on the "spoil" areas at the quarries of United States Gypsum Company at Alabaster and National Gypsum Company at National City. Planted at each quarry were 500 Austrian pines, 500 white pines and 500 red pines. In the two gypsum company's quarrying operations, earth is stripped from the mine and moved to fringe areas. Some of these mounds reach considerable heights. In the above photo, Richard E. technician for the losco SCD, right, plants a tree while Chairman Harry Krueger, Ron Unkel, Charles H. Hill and Elmer Anschuetz look on.-Tawas Herald Photo.

"Who pulled that switch?"

Cancer Fund Drive Kickoff Meeting Held Last Thursday

Mrs. Nathan Barkman Thursday, April 17, served as the kickoff meeting of the Iosco County American Cancer Society Crusade. Thirty women were present representing Tawas City, Hale, Wilber, Whittemore, Alabaster and East Tawas.

Mrs. Clara Sargent, state field representative, of West Branch addressed the group giving explanation and inspiration to the work.

Mrs. Herbert Hertzler, Iosco County chairman of volunteer activities, conducted the business meeting. Nursing scholarships were awarded to two local girls, graduates of the Tawas Area High School, who are training at Sparrow Hospital, Lansing; namely, Miss Bette Mercer, daughter of the Rev. and Mrs. Charles Mercer of Tawas City, and Miss Carol Kyser, daughter of Mr. and Mrs. Ted Kyser of East Tawas.

The local society has available to the sick, not necessarily cancer patients, two hospital beds, three wheel chairs, dressings, deep a loan therapy, transportation, fund and two Porta-lifts, one owned by the Jesse C. Hodder Post, Tawas City. Films are also available to be shown to organizations. Contact Mrs. Hertzler, FOrest 2-2265, for information.

Nathan Barkman, Iosco County crusade chairman, announced that the quota this year is \$1,-775.90. E. D. Jacques will conduct the businessmen of Tawas City, and Mr. Barkman, East Tawas.

Mrs. Fern Rolls is crusade chairman of Tawas City; Mrs. Harvey Watson, East Tawas; Mrs. Emil Wagner, Hale; Mrs. Robert Leslie, Whittemore; Mrs. John Newberry, Wilber; Mrs. Deering, Alabaster.

In East Tawas ward chairmen are as follows: First Ward, Mrs. Frank Wilkuski; Second Ward, Norman Merschel; Third Mrs. Carl Eklund. Mrs. Floyd Upton is chairman of the Tawas Lake area and Mrs. Lyle Mooney, Tawas Beach Road.

The crusade will get underway at once. The society is striving to save lives and its motto is winter in Detroit with his sister, "Fight cancer with a check- returned to his home the past up and a check." Fifty cents of week. every dollar collected here remains to be used in the county. The society urges everyone to know the seven danger signals of and Mrs. Emmet. cancer. By MARVIN DAVENPORT losco Agricultural Agent

Here is a fashion note on planting the garden this year. Plant all tall growing crops together and low growing crops together.

John Carew, horticulture specialist at Michigan State University, says that growing vegetables according to their size will allow each plant to receive proper sunlight. Place shorter plants on the south side of the garden with the taller vegetables on the north side. This way the taller growing vegetables will not shade the low comes from the fact that the growers from the eight hours of plant roots close to the surface daily sunlight they need for best of the soil are not cut by cultiva-available in a newly-revised fold-

WORK STARTS ON M-55

Work started Monday on project for reconstruction of 71/2 miles on M-55 from M-65 easterly. State Highway Commissioner John C. Mackie stated that the road would be widened and resurfaced.

The work consists of building a new 25-foot wide aggregate base with sealcoat in preparation for future bituminous surfacing.

C. E. Utterback, Mt. Pleasant, is the contractor at \$594,011 on this project, which has October 31, 1958, completion date.

By DOROTHY SCOTT Home Demonstration Agent

Calendar: Monday, April 28-Home Demonstration Achievement Event.

Remember, "Freeze Yourself ome Spare Time" is to be featured at the home demonstration county-wide get together event on April 28. You are invited to come, whether or not you happen

to belong to a group. Fruits and vegetables will be ready for freezing almost before we know it, that is how fast the time flies! Use this opportunity to review how to do it yourself. Ruth Crapser, home service ad visor for Consumers Power Company, is arranging an interesting presentation. The place of meeting is Consumers Power Company office in Tawas City. The time is

Women in Reno-Burleigh communities are finishing up lamp shades this week. They will be displayed at the achievement event on April 28. A workshop held at the Daugharty home on Tuesday, April 15, helped the women prepare lamp shade patterns, cut and punch the material for lacing to the frames, and most everyone made a start at lacing them together.

Have you heard about a new kind of pole? They are made of lightweight metal with a plastic cap on the bottom. This cap fits against the floor. On the other end is a rubber suction cap containing a spring. The top cap is pushed up against the ceiling to permit the bottom cap to rest on the floor, thus the pole comes to rest in a true vertical position, making a firm upright support. What is it used for? A pair of poles makes possible hanging many kinds of shelves, chests or cases. The case pieces would rest on angle irons hooked into slits in the pole. This arrangement leaves free areas over and under the cases, resulting in a feeling

of spaciousness. Other uses for the poles include lamp lighting, magazine and book racks. Since they are not nailed fast, these poles are especially useful in rented apartments or houses. You can take them with you when you move.

Houseplants do need air, not just any air, either! It must have enough moisture and be of the right temperature, says Dr. Fred Widmoyer, extension specialist in horticulture at Michigan State University.

Humidity is often a house plants problem because heating systems dry out the air. Here are ways to add moisture for the plants. Put the potted plant in a saucer or metal tray filled with coarse sand or gravel. Fill with water to the top of this material. Moisture will then evaporate into the air surrounding the plant.

A bath for your plant does two things-provides moisture and opens the plant pores. Do it in the morning on a sunny day so the plants will be dry by after-
