

Athletic Boosters' Membership Drive Now Underway

Plans will be made Friday night, August 15, for the all-out drive of the Tawas Area Athletic Booster Club's membership campaign which is now underway. The club hopes to sell at least 300 memberships during the next few weeks.

Receipts from these membership tickets will go toward the purchase of several sections of collapsible bleachers to be erected at the new lighted football field at Tawas Area School.

The memberships, selling at \$5 each, will entitle the bearer to a reserved seat at all home football games this season. The bearer of the ticket will be assured of a seat until the start of the game.

Scheduled to be played under the lights here this fall are three varsity football games and five junior varsity games, all in Northeastern Michigan Conference competition.

Several sections of the bleachers have already been ordered and the school plans to use two sections which are on hand. These new bleachers will also be used on the stage of the auditorium during basketball games.

At last Friday night's brief meeting, A. Don Anderson and Gordon Huck were named to the board of directors of the organization to replace Carl Schaaf and Neil Thornton, whose one-year terms expired in July.

The club's project last year was assisting the board of education in getting the athletic field in readiness for the 1958 football season. Volunteer workers hauled in many truck loads of clay and the football and baseball fields were prepared. The school's new lighting system was installed late last fall.

Because of the unusually dry spring and summer, the turf on the football field had not progressed as well as hoped. However,

Teen-Ager Rescues Five Persons from Overturned Boat

The alertness of a 15-year-old Isosco Beach summer resident was credited for saving the lives of four men and a six-year-old girl whose boat capsized and overturned in Tawas Bay last Saturday.

Norman Elder, son of Mr. and Mrs. William Elder of Ann Arbor, was out on Tawas Bay with his boat when he saw the four men waving as they clung to the overturned boat.

After arriving at the scene of the accident, Norman rescued the little girl, who clung to the bottom of the overturned boat, and then proceeded to pull the four men to safety. The accident occurred about 1 1/2 miles offshore from Jerry's Fishing Resort.

Rescued were: Joseph Wainwright; George Wainwright; Dawn Marie Wainwright, daughter of Joseph, and two other men, whose names were not obtained.

The youth attached a line to the overturned boat and pulled it to shallow water. He then took the victims to shore. The girl was treated at Tawas Hospital for exposure. No one was seriously injured, although they were in the water for more than an hour.

it will be ready for use by September.

Membership tickets may be obtained from the following members: William LaCourse, William McIntosh, Ernest Jordan, Supt. Reynold Mick, Del Myles, Cecil Cable, Hugo Keiser, Huck, Anderson, Schaaf and Thornton. It is hoped that more persons interested in promoting this project will volunteer their services as "salesmen" at Friday night's meeting. It is scheduled to get underway at 8 o'clock.

Three New Teachers on TA Faculty

Three new teachers are on the faculty of Tawas Area Schools for the coming school year. They are Mrs. Dawn R. Cheney, John Keyes and Mrs. Dorothy Schmidt.

Mrs. Cheney, who will teach girls physical education, is a graduate of Utah State University. She has had teaching experience in the Utah public schools, and is known for her substitute work at Tawas Area School.

Mr. Keyes is a graduate of Central Michigan College and comes here from Midland. He will teach English and speech and have charge of the debating team.

Mrs. Schmidt is a graduate of Michigan State University. She will teach in the grades at East Tawas.

Tawas Area School faculty and administration include: Reynold E. Mick, superintendent; Miss Clara Bolen, principal and supervisor elementary education; Mrs. Emma Sloan, principal Tawas City unit; Fred B. Hickman, principal Alabaster unit; Ernest W. Jordan, principal junior and senior high school.

SEVENTY-FOURTH YEAR Two Dollars Per Year TAWAS CITY, MICHIGAN, THURSDAY, AUGUST 14, 1958 Five Cents Per Copy NUMBER 33

GOVERNOR WILLIAMS is pictured above receiving a memento of his visit Tuesday to National Gypsum Company's plant from C. H. Hill, plant manager. Governor Gives Views on State's Future in Industry

"We are coming into a new age—an age where the engineer, a scientific mind and technical training is of tremendous importance—in our own manufacturing area we are getting ready for the space age."

These were the words of Governor G. Mennen Williams, who addressed the Tawas Kiwanis Club at its weekly meeting Tuesday night at the Holland Hotel.

In his non-political talk on the Michigan industrial picture today, Governor Williams emphasized the fact that the state's new missile industry is playing a vital role in the economy. "This isn't even the beginning—it is a revolutionary change in industry," he said.

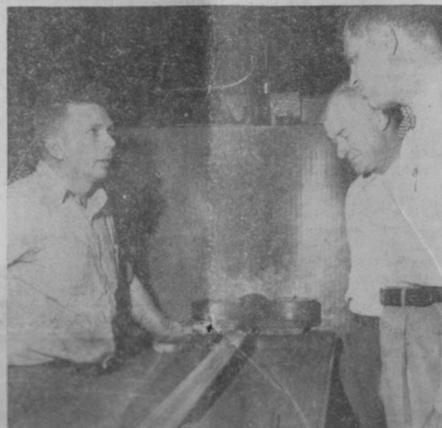

"We in Michigan want to be able to ride on the wave of the future. I don't know if the missile industry will be like the tidal wave of the auto industry for so many years, but it certainly will be a big one," he said.

Governor Williams stated that Michigan's industry is becoming more diversified today. Between 1949 and 1956 some 300,000 new jobs have been created in the state. Of that figure, 240,000 were in the non-manufacturing industry.

"We must do all we can to build up the kind of economy here in Michigan that will not be so completely at the mercy of ups and downs in automobile sales. We can do that by diversifying our economy—by developing business and jobs which will not depend upon automobile manufacturing."

"One of the best ways to diversify our economy is by building up our tourist trade. Already, the vacation and recreation industry is one of our three greatest sources of wealth. The other two, of course, are manufacturing and agriculture."

"We in Michigan have a tremendous future—in our planning

we shall have to look at least 25 to 30 years into the future," he said.

Telling of the need for top-notch colleges, the governor said that if the state is to get its just share in the future, it will have to build up its assets in colleges. He emphasized the fact that top colleges act as magnets to draw in top scientists and engineers, which, in turn, bring in new industries.

"The space age won't change our way of life as much as did the auto industry, which changed the life of the entire world," stated Governor Williams.

The governor said that Michigan still has plenty of natural resources and he told of new industries which have come to the state through these resources. He remarked that gypsum rock was one resource which is plentiful in the state, saying that he had just visited one quarry in Isosco County.

The governor was here in Isosco County on a one-day stop-over.

After breakfasting with some 150 Whittemore and Hale residents at the Whittemore Methodist Church, he visited the National Gypsum Company plant at National City.

There, he viewed National Gypsum's board and plaster plants as the guest of C. H. Hill, plant manager. After meeting company employees, he was presented with a memento, a polished piece of gypsum rock with a map of Michigan carved on its surface.

From National City he paid a quick visit to the company's new lake loading installation south of Tawas City and later met with county Democratic committeemen and their wives at the Barnes Hotel. Prior to the luncheon he went through the Feather-Lite Manufacturing Company plant, where he was the guest of Milton Kotcher, manager.

After visiting the Tawas area, he moved on to Oscoda in the afternoon and continued on to Harrisville on the next leg of his campaign tour.

Announces Decision at Commission Meeting--

Eddy Issues Permit for Port Construction

A permit was issued this week by the Michigan Conservation Commission to Dunbar and Sullivan Dredging Company allowing completion of the Port Gypsum development 1 1/2 miles south of Tawas City. It is expected that a similar permit will be issued soon to National Gypsum Company.

This action came as a result of an announcement by Director of Conservation Gerald Eddy at a commission meeting Friday to the effect that he intended to issue the permit "without prejudice."

This, he said, was a legal procedure that will permit the attorney general to carry the suit against the company to the supreme court for the purpose of testing the constitutionality of the submerged lands act and will also allow adjacent property owners to sue for damages.

Work on the lake loading installation started again Wednesday morning after a three-day lay-off caused by an unauthorized "wildcat" strike by union employees working on the installation. The workers walked out and construction was shut down over a subsistence pay grievance. They were ordered back to work Wednesday morning.

In previous tests of the submerged lands act in Isosco County Circuit Court, Judge Herman Dehnke denied work stoppage injunctions asked against the company by the state attorney general and property owners.

First action by the state came under the old submerged lands statute, and later under an amendment to the act which became effective July 1, 1958.

In the most recent court case here, Judge Dehnke retained jurisdiction over the possible nuisance to adjacent property owners.

J. H. DUNNILL

J. H. Dunnill is New Area Line Foreman for Consumers Power

Promotion of John H. Dunnill to position of area line foreman for the Tawas area was announced by Louis A. Vaupre, manager of Consumers Power Company's Day City division.

Mr. Vaupre said the promotion is effective immediately. Mr. Dunnill has been an employee of Consumers Power Company since 1936 when he joined the company in Standish as a line crew foreman in West Branch.

He served in the army signal corps in World War II. Mr. Dunnill is married to the former Stella Shephard of Standish, and they have three children, Jackie Sue, age 17; Patrick John, age 12, and Cheryl Lee, age six.

Saginaw Man Dies from Injuries in Motorcycle Crash

A 46-year-old Saginaw Steering Gear foreman died Sunday night at Tawas Hospital as the result of injuries he received in a motorcycle accident on Cowan Road, 1 1/2 miles north of Sand Lake Corner, Grant Township, at 2:30 o'clock Sunday afternoon.

Death of a skull fracture, contusions and back injury is Andrew I. Summerfield.

Summerfield was found on a curve in the road lying next to the motorcycle by his father, who happened to drive by.

Police said that Summerfield had borrowed the motorcycle earlier in the day from Herman Kakoska. Summerfield had been seen by Sand Lake residents driving the vehicle in a reckless manner.

About the time the father discovered the body of his son, Deputy Sheriff Clare Pierce drove by and immediately notified the sheriff's department and state police in Tawas. Deputies William McCoy and Robert Langlois, who were near the scene, investigated the accident.

The injured Saginaw man was rushed to Tawas Hospital by ambulance where he died at 7:05 o'clock.

Third Summer Band Concert Tonight

The program will be as follows: "La Banda Nascosta," Italian march; "B. Shracca," "Orange Bowl," field march, Henry Fillmore; "Belmont Overture," Ralph Hermann; "Kentucky," march, Edwin Franko Goldman; "The Whiffenpoof Song," arranged by Yoder; "Oklahoma," highlights, Rogers-Hammerstein-Yoder; "Anchors Aweigh," Miles-Zimmermann; "Jugoslav Polka," George List; "Colonel Bogey," march, Kenneth J. Alford; "The Syncopated Clock," novelty, Leroy Anderson; "Malaguena," from "Andalucia" suite, Ernesto Lecuona-Beeler; "Night Beat," descriptive novelty, Harold L. Walters; "Voodoo," Harold L. Walters; "Mother Goose Jumps," Jack Chiarelli; "The Star-Spangled Banner."

In case of inclement weather the concert will be held at the Tawas Area Auditorium beginning at the same time.

Hot lunch program will start on Thursday, September 4.

School Calls--

Students to Register for New Term

Principal Ernest Jordan announced this week that the registration dates for the 1959-60 school year have been set. Tawas Area Junior and Senior High School students are to report on the dates listed below:

August 18-19, seniors; August 20-21, juniors; August 22, seventh and eighth grades; August 25-26, sophomores; August 27-28, freshmen.

The office will be open from 9:00 a. m. to 4:00 p. m. and students are expected to register on their respective dates. Students who fail to show up on those dates will be assigned classes at the discretion of the principal.

Mr. Jordan said that it is most urgently requested that student fees be paid at the time of registration. Fees established by the board of education are as follows: Book deposit, \$5; art, \$3; shop, \$5; chemistry-physic, \$1; biology, \$1.70; mechanical drawing, \$2; band instrument rent, \$4 per semester; chorus, \$2; uniform rental, \$5.

The only fees that are refundable are book fee, chorus fee and the band uniform fee.

Announces Dates for Hale Area Schools Student Registration

Registration for grades seven through 12 at Hale Area Schools will be held from 8:00-11:30 a. m. and 1:00-4:00 p. m. at the school, according to the following schedule: Wednesday, August 20, grades 11-12; Thursday, August 21, grades nine-10; Friday, August 22, grades seven-eight. Students from Glennie will register according to the above schedule or at the Glennie school from 9:00-12:00 a. m. on Monday, August 25.

Elementary students in grades one through six will register on the first day of school, Tuesday, September 2. School will start at 1:00 p. m. as there will be staff meetings in the forenoon of that day.

Bus drivers will pick up the students so as to have them in school by 1:00 p. m. and return them to their homes at the close of school at 3:45 p. m. Buses will pick up the students Wednesday morning at the regular time to be at school by 8:55 a. m.

The kindergartners will register Wednesday, September 3, from 8:55 a. m. to 12:00 noon. School will be in session for the morning only as staff meetings are scheduled for Wednesday, September 3, at 1:00 p. m.

Starting Thursday, September 4, school will be in session for the full day, starting at 8:55 a. m. until 3:45 p. m. with the exception of the kindergartners who will only be in attendance for half days.

FALL GRIDIRON SEASON SOON TO GET UNDERWAY AT TAWAS AREA SCHOOL

Plans were made for the coming gridiron season this week at Tawas Area Schools as Coach Howard Adams announced his pre-schedule for football candidates.

The boys will take their physical examinations at the school auditorium August 21 at 9:00 a. m. Football equipment will be issued immediately following and

pictures will be taken at that time.

Coach Adams said that the first football work-outs will start September 2 after school. The varsity squad will be at the new practice field, while the junior varsity will be at the Tawas City unit field.

Approximately 50 candidates are expected to report for the initial varsity squad work-outs.

Kolonich-Kindell Duo Wins AuSable Warm-Up Sunday

The Tawas Chamber of Commerce-sponsored canoe duo, Steve Kolonich of Tawas and Larry Kindell of National City, won their sixth river victory of the season Sunday by taking first place in the Five Channels Dam to Oscoda canoe race.

The pair covered the 50-mile course in three hours, 46 minutes and 15 seconds, leading a field of 22 two-man canoe teams. They came up from 12th starting position to win a cash prize of \$30. Finishing behind the winners

were LeRoy and Al Widing of Holly. In third place were Tom Halero and David Skillman of Oscoda; fourth place winners were Ken Wheeler and Robert Jones of Portland, followed in fifth place by Joseph Creque and Jack Kilka of Lambertville.

Sponsored jointly by the Michigan Canoe Racing Association and Oscoda-AuSable Chamber of Commerce, this event is the annual warm-up for the big canoe marathon to be held on the AuSable River August 30-31 from Grayling to Oscoda.

The Kolonich-Kindell combination has posted victories this year at Ossineke's Devil River contest, the Bear River race at Petoskey, the Tawas River race, Straits Bridge Dedication canoe race, Shiawassee River race and Sunday's race.

David Hibbs and Kenneth Rose, both 14, of Oscoda won the junior division championship canoe race. The course was 25 miles in length from Cooke Dam to Oscoda.

THIS WAS THE long line-up of youngsters waiting to board school buses bound for Briggs Stadium Monday morning. All members of the Knot Hole League, the boys were accompanied to Detroit by team managers and coaches. There they saw the Tigers win over the Kansas City Athletics. WOULD AROUSE INTEREST IN COMMUNITY'S DEVELOPMENT

Starting this week more than 275 daily and weekly newspapers of Michigan join in a cooperative effort to boost their local communities and the state by contributing space for a series of industrial development advertisements. This newspaper is proud to join with others of Michigan in such a program.

The advertising copy is directed to individual readers in an effort to arouse greater interest in industrial and community development. This is of the utmost importance as it is essential, if the state is to continue to progress, that each resident be a salesman for his own community and for the great state in which he lives.

The program is a cooperative effort of the Michigan Press Association, with which the newspapers are affiliated, and the Michigan Economic Development Department.

William M. Day, president of the Michigan Bell Telephone Company and chairman of the Michigan Economic Development Commission, in a recent statement declared, "Michigan newsed to individual readers in an effort to arouse greater interest in industrial and community development. They are taking the lead in developing an understanding that people of every community need to have and they are showing a significant example of state-wide cooperation that will mean much to Michigan."

CHRISTIAN SCIENCE

Assurance of God's readiness to supply all good to man will be emphasized at Christian Science services Sunday in the lesson-sermon entitled "Soul."

The ever-availability of divine goodness is set forth in the Scriptural readings, including this one from Luke (12:32): "Fear not, little flock; for it is your Father's good pleasure to give you the kingdom."

A correlative passage from "Science and Health with Key to the Scriptures" by Mary Baker Eddy declares (60:29): "Soul has infinite resources with which to bless mankind, and happiness would be more readily attained and would be more secure in our keeping, if sought in Soul."

The Golden Text is from Psalms (70:4): "Let all those that seek thee rejoice and be glad in thee; and let such as love thy salvation say continually, Let God be magnified."

Warns Registrants to Keep Draft Boards Informed

Col. Arthur A. Holmes, state director of Selective Service, today warned all draft registrants of the importance of keeping their local draft boards informed of changes of address, occupation and dependents.

The recent rush of registrants reporting changes of status to their draft boards indicates that large numbers of men in Michigan are failing to keep their draft boards informed of changes which may affect their draft eligibility, Colonel Holmes indicated.

A change in a registrant's status may change his draft classification at any time. No draft classification is permanent. Registrants are required by law to keep their local boards informed of mailing address, occupation, dependency status and

any other changes which might affect their draft status. The state director recommended that every registrant notify his draft board by post card or letter of his current mailing address, occupation and dependency status.

All males born after August 30, 1922, are subject to draft registration. Young men are required to be registered on their 18th birthday. At the current rate of classification in Michigan, registrants will receive their initial questionnaire and be classified on about their 21st birthday. Induction calls currently are being placed on local boards for registrants who are over 22 years of age.

From the time of registration at age 18, registrants are required to keep their draft boards informed of any change of address. When draft boards are unable to locate a registrant for classification, he may be declared delinquent. Delinquents are subject to immediate induction or reporting to the United States attorney for prosecutive action.

After initial registration at age 18, all draft registrants are required to have in their possession a registration certificate. They are also required to carry with them at all times after initial classification their notice of classification. The clerk of any local board will assist registrants in clarifying their draft status.

THE TAWASES

DO YOU KNOW there's a place in the United States where you can reach four states without moving? It's at the southwestern corner of Colorado with New Mexico to the southeast, Utah to the northwest and Arizona to the southwest.

AND THERE'S ANOTHER PLACE where you can reach almost everywhere in the world without moving. It's the place where your telephone sits. That telephone is your magic carpet—far faster than a jet airliner and much, much less expensive. For less than ten dollars you can talk with people in England, Germany, Norway, the Netherlands, or dozens of other places. For less than two dollars you can be talking with friends or relatives in California. You don't know anyone in California? Well how long since you've talked with your sister—or brother? Remember you can call places a day's drive away for less than a dollar.

AND SPEAKING OF LONG DISTANCE

—you may think you're a long distance from a phone, yet you need to make a call. If so, just keep your eyes skinned for one of our many Public Phones—in stores, gasoline stations, and in handy roadside Telephone Booths. They're a real boon to travelers who call back when they forget something, call ahead to let folks know when they'll arrive.

TOMATO
LETTUCE
MIRACLE WHIP
...ALL YOU NEED FOR A WONDERFUL SALAD

By DOROTHY SCOTT, Home Demonstration Agent

Hot weather, swimming and picnics—that is what we have been waiting for all summer! Let us make the most of picnics—in the back yard, at the lake or maybe in the park.

Sandwiches—do you belong to the "open face" clan or to the "closed face" clan? Either way, sandwiches are the perfect answer to a meal that is quick, hearty and nutritious.

"Simply wonderful sandwiches" can be anything from bread and butter to bread and elaborate concoctions of cheeses, fruits and nuts.

How many of the 25 or so different kinds of bread on your grocer's shelf do you use for sandwiches to keep the variety always a pleasant surprise? White and whole wheat are always safe bets, but just to be different try rye bread or rye with caraway seeds. For fruit and cheese sandwiches, choose frozen date-nut bread, canned brown bread or orange-date bread.

Sandwiches in the freezer are handy when you want to pick-up, pack-up and be off quickly on a picnic. Just remember the best fillings for freezing are sliced or ground meats, fish, chicken, peanut butter and cheese. Spread the bread slices with plenty of butter—improves flavor, adds nutrition, yes, and it keeps the fillings from soaking the bread as sandwiches thaw. Mayonnaise and crisp vegetables are added to sandwiches after they come from the freezer.

Calorie counters can find extra thin sliced breads. Crisp lettuce leaves do very well as "something to hold the fillings together." Is everyone else having bacon, lettuce and tomato sandwiches? You can, too, only stack the bacon and tomato slices between the lettuce leaves—it is a good sandwich.

Hearty jumbo sandwiches are man-pleasers. A triple decker made with toast is a favorite when the first layer is a slice each of turkey and corned beef, the second layer, tomatoes, lettuce and sweet onion; the third layer, sharp cheddar cheese and mustard. It is truly a meal-in-one.

Tangy potato salad and crisp potato chips are favorites on any picnic. Baked potatoes go with any fresh-air meal and potato pancakes at breakfast start the campers' day.

Two ways with potatoes out-of-doors are these: Scrub the bakers, prick twice with a two-lined fork to prevent "explosions," rub generously with butter or substitute, wrap tightly in aluminum foil.

About 45 minutes to an hour before eating time, place the wrapped bakers in a bed of hot coals. For easier eating, roll the cooked bakers between two thick pot holders to slightly "mash" the potato. Cut an X into the foil and press firmly with hot pad covering fingers to "open" the potato. A dab of butter, salt and pepper provide the finishing touch.

relish plate make a colorful and tasty addition to any picnic meal. Fresh fruits, too, can be carried as the quick and easy solution to a dessert.

The beverage—whatever you like best—iced tea or lemonade in warm weather, hot coffee if there is a chill in the air.

Just arrived from Coral K. Morris, extension specialist in home management at Michigan State University, are the fall dates when the kitchen planning clinic will be held in the home engineering laboratory on the campus.

You are welcome, yes, especially invited, to attend one of these clinics if there are plans in the offing for a new kitchen at your house. It may be a remodeled kitchen or the kitchen being built in your new home. There is no cost to you, except for your trip and meals. Many homemakers and their husbands from all over Michigan attended a clinic last fall, so the opportunity is being repeated.

Mark these dates on your calendar: Tuesday, September 9; Wednesday, October 15; Wednesday, November 5, and Tuesday, December 9.

A kitchen planning clinic is one very fine way to help in planning the very best possible workroom for your home. Maybe you cannot be away long enough to attend. There are other possibilities. I will be very happy to work with you, in your home, if you wish. Available, too, are a number of good bulletins giving suggestions for kitchen, utility room and bathroom.

WHERE THEY COME FROM
Some people seem to have opinions that have been in their families for generations.—W. O. W. Magazine.

Needlecraft News by Nancy Baxter

So many women seem to think of needlework primarily as a pleasant, relaxing pastime, an agreeable way to make decorative little "extras" for their homes. Have you ever stopped to consider the many really useful, day-in, day-out practical necessities that can also wind off your crochet hook?

INDISPENSABLE CARRY-ALL
We're suggesting one of these items to you today: a generous crocheted carry-all with a hundred uses. Wonderful for those many small packages you pick up, running errands around the neighborhood, it's also big and sturdy enough to carry that book or paper you mean to read on the train... your lunch for an all-day outing... even your overnight things for a short visit with friends. A sturdy, waterproof plastic lining makes it ideally suited for summer jaunts to the beach. And why not use it all year round as an attractive holder for your future needlework projects? By the way, come Fall, it's just the kind of smart camouflage a girl might love for her school papers and books.

LIGHT WORK
Though it may look complicated, this attractive pattern stitch is easy to work in one of the new thick, fast-working mercerized crochet cottons. The sides are straight sections of cross shells, with a tight single crochet strip forming the gusset and handle. Lining can also be of felt, with a buckram inner lining. If you'd like to have the free instructions, just send a stamped, self-addressed envelope to the Needlework Department of this paper and request CARRY-ALL BAG, Leaflet No. S-970.

It's a **SMALL PRICE** to **PAY** for **Feeling Better!**

With today's wonder drugs, you feel better so much faster... are up and around so much sooner... that the price you pay for prescribed medicine is very small indeed. When you consider that these drugs often prevent long and costly illnesses, with possible hospitalization, you realize that the medicine your doctor prescribes for you is the biggest bargain for the money. Our reasonable prices prove this to be a fact. You can pay more—but you can't get better service or better quality than you get here.

POINTS OUT FINE WORK OF VFW AUXILIARY

"After having attended the 11th district meeting August 3 at Harrisville where our Veterans of Foreign Wars Department of Michigan president, Mildred Meuth, was present and after listening to her speak of the needs of our veterans hospitals and work of the Ladies Auxiliary of the Veterans of Foreign Wars, VFW Auxiliary No. 5678 has now started its membership drive," states Membership Chairman Flora Roberts.

"However, very few persons realize the vast amount of worthy work done by such a group," says Mrs. Roberts.

Below are a few facts pointed out by President Meuth: 1. Auxiliaries have given more than 23,085 hours of voluntary service in the hospitals throughout the state this year.

2. Auxiliaries in the Department of Michigan gave \$16,861.22 for work that is done in the hospitals by the department hospital chairman and \$51,427.35, all told.

3. Veterans of Foreign Wars Ladies Auxiliary members all over the country have raised and contributed \$4,890.65 to the National Cancer Fund; \$900 was given to auxiliary members suffering with cancer in the department the past year.

This year, the organization has started a campaign to enroll 50,000 more members to help carry out the work of this extensive program. With men who returned from Korea, there is more work to be done for veterans.

As the membership drive has just started, eligibility in the Ladies Auxiliary of the Veterans of Foreign Wars shall be limited to women not less than 16 years of age and must be citizens of the United States. Those eligible are wives, mothers, sisters and daughters of veterans who have an honorable discharge or deceased and have seen foreign service. The expiration date on Korean veterans is July 27, 1954. Former members who wish to reinstate may do so by payment of current year's dues to the auxiliary treasurer.

Married Saturday Evening at Tawas City Baptist Church

Photo by Watson

MRS. RONNIE VAUGHT

On Saturday, August 2, at the First Baptist Church in Tawas City, Miss Shirley Youngs of Tawas City and A-1c Ronnie Vaught of Wurtsmith Air Force Base, Oscoda, were united in marriage.

Parents of the couple are Mrs. Orville Youngs of Tawas City and the late Mr. Youngs, and Mr. and Mrs. Harvey Perkins of Alma, Arkansas.

White and pink gladioli decorated the church for the 7 o'clock single ring ceremony performed by the Rev. Charles Mercer. Miss Jane Walbridge, vocalist, was accompanied by Miss Arlene Leslie, organist.

The bride, given in marriage by her brother, Robert C. Youngs, chose a gown of white tulle and lace featuring a scalloped neckline and long wristpoint sleeves. The full, floor length skirt was

fashioned of tiered tulle ruffles and panels of lace. A shell of seed pearls and imported silk held her matching elbow length veil. The bridal bouquet was fashioned of white rosebuds and ivy tied with white velvet streamers.

Miss Maria McCormick, maid of honor, and Miss Carol Youngs, sister of the bride, bridesmaid, were identically gowned in bal-lerina length dresses of blue and coral chiffon, respectively. They carried bouquets of gladioli and chrysanthemums. Miss Shelly Meske, flower girl, wore a pink nylon dress and carried chrys-anthemums.

A-2c Kenneth Prince of Wurtsmith Air Force Base was best man. Ushers were Ronald and Laurel Whitford.

An evening reception for 150 guests was held at the Union Hall in National City.

Mrs. Youngs selected a rose print dress with white accessories and a corsage of white roses and chrysanthemums.

After a short wedding trip in the Upper Peninsula, the couple is residing in Oscoda.

Out-of-town guests were present from Flint, Pontiac, Bay City and Bellevue.

Pre-nuptial showers were given by Mrs. Frank Stoddard, Mrs. Alton Durant and Mrs. Wilford Whitford.

Mr. and Mrs. Louis LaBerge Married 60 Years

Last Saturday marked the 60th wedding anniversary of Mr. and Mrs. Louis LaBerge of Long Lake. Open house for relatives and friends in honor of the occasion was held by Mr. and Mrs. LaBerge's children in the afternoon at the family home.

Mrs. LaBerge, the former Miss Emily Thayer, celebrated her 76th birthday last Thursday and next Friday Mr. LaBerge will be 82 years old. Both are members of Isosco County pioneer families. Mr. LaBerge's father, Louis LaBerge Sr., brought his family to East Tawas in 1893. Mrs. LaBerge's parents, Mr. and Mrs. George Thayer Sr., and family moved from Owosso to Rose City by covered wagon. They settled later near Long Lake.

During his earlier years Mr. LaBerge engaged in lumbering and operated a blacksmith shop. He has served Plainfield Township as treasurer and justice of the peace, and as a member of the board of education. For nine years he was postmaster at Long Lake.

They have five children: James of East Tawas, Enos of Long Lake, Mrs. Avis Carter of Owosso, Mrs. Margaret Wilson of Rockford and Mrs. Vivian Pitman of Venice, Florida; 10 grandchildren, and four great grandchildren.

GIANT DRAGLINE TO GO INTO OPERATION AT NATIONAL QUARRY

SOON TO BE OPERATING in National Gypsum Company's new quarry is this model 7400 Marion dragline, recently assembled by Sorensen-Gross Construction Company. Constructed at Marion, Ohio, some 26 railroad cars were required to ship the disassembled equipment here. It took workmen approximately 12 weeks to put it back together. A "walking dragline," this giant piece of equipment will be used in the quarry stripping operation. It weighs approximately 746 tons, has a 200-foot boom and a 11-yard bucket. It takes a six-foot, two inch "step" when moving. The inset at top right shows four of the men who worked on the project standing in the huge bucket. At left is Norman Isola, former East Tawas resident.—Tawas Herald Photos.

30 Tawas Students Participated in National Test

Tawas Area students have done well in a national test. Thirty students from the 1958 junior class participated in the National Merit Scholarship Qualifying Test in April of this year. The results of the test, sent to the high school last week, are announced by Ernest W. Jordan, principal.

This is a test of educational development and was selected for use in the National Merit Scholarship program because it measures the fundamental skills which are essential in varying degrees to any productive effort in society. The test questions require the student to critically evaluate and interpret reading materials, to solve problems by quantitative reasoning and to demonstrate effectiveness in verbal expression.

Six of the 30 candidates were in the 90th percentile, which means, only 10 percent of the nation's 11th graders rated better. Seven of the 30 candidates were in the 80th percentile; one of the 30 was in the 70th percentile; four of the candidates were in the 16th percentile; three of the 30 were in the 50th percentile. The other nine candidates were below the 50th percentile.

Any student who rated in the 50th percentile or above is considered good college material. Surviving are his widow of East Tawas; five sisters, Mrs. Clara Sprout of Washington, D. C., Mrs. Connie Lahar and Miss Gertrude Fick of Pinconning, Mrs. Marie Goldsmith of Venus, California, Mrs. Nell Murphy of St. Petersburg, Florida, and one brother, Leo Pat Fick of Pinconning.

Mr. Fick was a member of St. Joseph's Catholic Church, East Tawas.

Advertisements to Stress Importance of State's Industry

First in a series of industrial development advertisements to be published over the coming year as a public service by more than 275 Michigan newspapers appears today in The Tawas Herald.

Designed to stress the importance of community participation in industrial development programs, the advertisements are directed to readers rather than organized groups. The series, consisting of 26 quarter-page advertisements, scheduled to appear at two-week intervals, is a cooperative effort of the Michigan Press Association and the Michigan Economic Development Department.

Directors of the Michigan Press Association voted last January to undertake the program and plans have been moving forward for several months through a special committee headed by Granger Weil, executive vice president of the Port Huron Times Herald.

Early in July, Robert Marshall, publisher of the Ogemaw County Herald, West Branch, wrote to all daily and weekly newspapers inviting them to participate in the program and the response was gratifying. It was lauded by William M. Day, chairman of the Michigan Economic Development Commission, as a "great public service that will mean much to Michigan."

The advertisements cover a wide range from appreciation of existing local industries and the seeking of new industrial prospects among visitors to the need of adequate planning to provide areas for industry and industrial expansion.

Alexander Hamilton, who was directed by George Washington and congress to prepare a report on the nation's economy back in 1791, provides the subject of the first advertisement. Hamilton's report was the beginning of industrial development in the then new America. In part he said, "Whence it follows, that it is the interest of a community, with a view to eventual and permanent economy, to encourage the growth of manufacturing."

PRECIOUS CHILD

Little Claude's mother had reluctantly allowed her precious child to attend public school. She gave them a long list of instructions. "My Claude is so sensitive," she explained. "Don't ever punish him. That will frighten Claude." —Sea Hawk.

Calendar:

Thursday, August 14—Farm policy report to Sherman Farm Bureau Group, Sherman School, 8:00 p. m.

Monday, August 18—Farm policy report to Old Mill Farm Bureau Group at Ronald Green's home.

Wednesday, August 20—Farm policy report to Mead Road Farm Bureau Group at 8:00 p. m.

Monday, August 25—Iscso DHIA, 8:00 p. m. at the Ross Williams home (at the Webber ranch).

Iscso and Ogemaw County dairymen consigned 88 head of bred holstein heifers to the sixth annual consignment sale Wednesday, August 6. Some of the top animals consigned came from Elwood Ruckle of Burleigh Township, Burton and Earl Partlo of Reno Township.

Howard and Warren Britt of Sherman Township purchased some of the top animals consigned.

A seeding of rye can help stretch the pasture season this fall and open it up several weeks earlier next spring.

Rye is well adapted to light soils for pasture purposes. In the spring when it is wet, cattle will not punch up the soil. The punching and walking can damage the structure of heavier soils.

A seeding of Balbo rye at one to 1 1/2 bushels per acre in mid-August will do the trick. Milo Erdmann, farm crops specialist at Michigan State University, says Balbo makes excellent and rapid growth both in fall and early spring.

Although the rye will provide some grazing this fall, it should be grazed lightly. This will keep plants in good shape for an abundance of spring growth.

Many farmers also use a fall seeding of rye for green manure purposes (organic matter to plow under). An additional advantage of the seeding is that it provides winter cover for the soil.

If you have not already done so, better check your red clover seedings made this spring in oats and wheat. This drought may have killed the stand.

If the stand is killed or badly damaged, you may want to put alfalfa in now. Summer seedings of alfalfa can be made before August 15 or grain stubble plowed under as soon as possible after combining.

Summer seedings of alfalfa are just as productive the following year as good seedings made in spring, according to Milo Tesar, farm crops scientist at Michigan State University. Red clover, however, generally cannot be seeded successfully in August.

After checking the acidity of the soil and adding lime to bring the ph to 6.8 or above, plow, disc and drag the field to prepare the seedbed. Farmers who have been summer fallowing a field for a

fall seeding, should have it ready by now.

Apply fertilizer according to soil test recommendations. Generally about 400 pounds of 0-20-20 per acre on sandy or 0-20-10 on heavier soils are recommended.

Vernal alfalfa is first choice for stands to be left more than two years. It is wilt resistant and high yielding. For shorter-term stands, Narragansett or northern-grown alfalfa, are good choices.

The alfalfa should be inoculated before seeding. Band seed about six to eight pounds per acre directly over the fertilizer.

Here is a must for August seedings from Tesar: Always cultipack or use press wheels after seeding to keep the small seed in contact with soil moisture. August is often a dry month and loose soil dries out too rapidly for good establishment. Seedings in early August last year failed when not packed, but were excellent when cultipacked or when press wheels were used.

A state-wide Christmas tree growers field day and tour is scheduled for Friday and Saturday, August 15 and 16, in Cheboygan County.

The Cheboygan County Tree Growers Association and the Cheboygan County Cooperative Extension Service are sponsoring the field day.

Beginning at noon on August 15, growers should register at Inland Lakes High School, Indian River. The afternoon program at a nearby farm will include machinery exhibits and demonstrations along with a discussion of Christmas tree growing problems.

The Saturday program is a tour of Cheboygan and Emmet County tree plantations.

Many Have Installed Grass Waterways

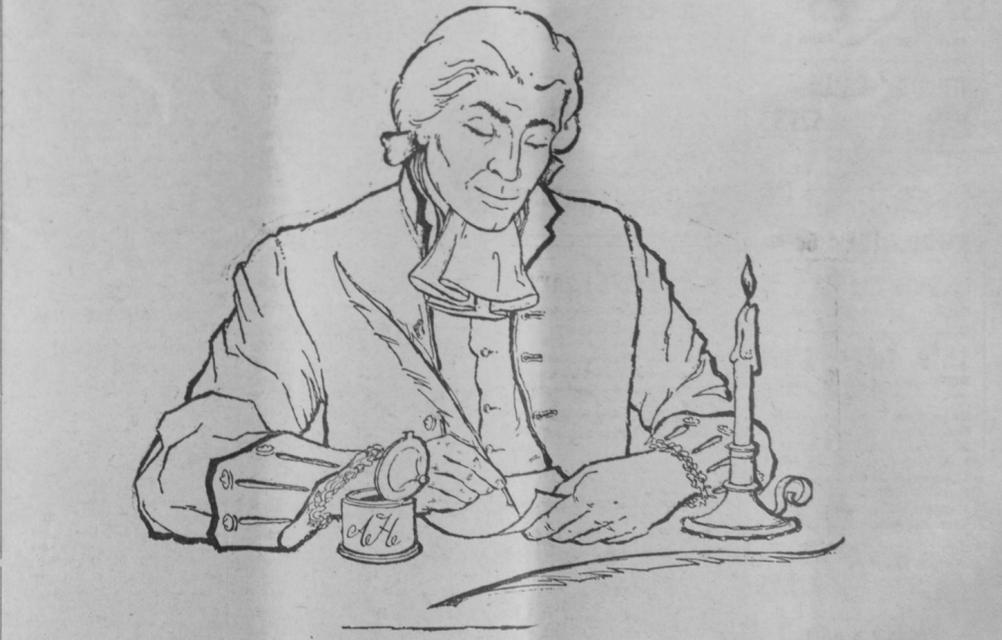

"Many of the Iscso Soil Conservation District cooperators have installed grass waterways this spring and summer while it has been dry. This shows some good planning on their part to get these practices on the land when weather permits," stated Richard Rose of the United States Soil Conservation Service.

A Scotch pine shearing demonstration was held at the Elmer Anschutz home last month. The attendance was the best the district organization had ever had.

Seventeen district cooperators have completed soil and water conservation plans for their land so far this year. Twenty-five new district cooperators have signed agreements with Iscso SCD for assistance.

Farmers who make good soil conservation a way of farming have found their crops did not suffer from lack of rain this spring as badly as those farmers that did not practice soil conservation farming methods.

The Iscso SCD will have a new tree planter by fall this year. The decision was reached at the August 7 board of directors meeting. They are also planning to purchase district boundary signs for M-65, M-55 and US-23.

Ever since Alexander Hamilton told George Washington

"Not only the wealth, but the independence and security of a country, appear to be materially connected with the prosperity of manufacturing . . .

"Whence it follows, that it is the interest of a community, with a view to eventual and permanent economy, to encourage the growth of manufacturing."

In these words Hamilton, Secretary of the Treasury, reported to the President and to the Congress on December 5, 1791 . . . and the book of industrial development was opened.

This is the first of a series of advertisements showing why you should join hands with your local industrial development organization and the Michigan Economic Development Department to help your community prosper.

STATE OF MICHIGAN In the Circuit Court for the County of Iosco

IN CHANCERY Allen J. Clark and Betty Jane Clark, his wife, and O. Otis Goodwin and Anna C. Goodwin, his wife, Plaintiffs,

vs. Gertrude Goergen Massey and Ernest F. Horn, or their unknown heirs, devisees, legatees and assigns, Defendants.

ORDER OF PUBLICATION At a session of said court held at the County Building in the City of Tawas City in said County on the 9th day of July, 1958.

Present: Hon. Herman Dehnke, Circuit Judge.

On reading and filing the bill of complaint in said cause and the affidavit of Herbert Hertzler, attached thereto, from which it satisfactorily appears to the court that the defendants above named, or their unknown heirs, devisees, legatees and assigns, are proper and necessary parties defendant in the above entitled cause, and, It further appearing that after diligent search and inquiry it cannot be ascertained, and it is not known whether or not any of said defendants are living or dead, or where any of them may reside if living, and, if dead, whether they have personal representatives or heirs living or where they or some of them may reside, and further that the present whereabouts of any of said defendants are unknown, and that the names of the persons who are included therein without being named, but who are embraced therein under the title of unknown heirs, devisees, legatees and assigns, cannot be ascertained after diligent search and inquiry.

On motion of Herbert Hertzler, attorney for plaintiffs, it is ordered that said defendants and their unknown heirs, devisees, legatees and assigns, cause their appearance to be entered in this cause within three months from the date of this order, and in default thereof that said bill of complaint be taken as confessed by the said defendants, their unknown heirs, devisees, legatees and assigns.

It is further ordered that within forty days plaintiff cause a copy of this order to be published in the Tawas Herald, a newspaper printed, published and circulated in said county, such publication to be continued therein once in each week for six weeks in succession.

HERMAN DEHNKE, Circuit Judge.

Countersigned: George A. Prescott Clerk of Circuit Court

Roach Regional Head 'Dollars for Democrats' Drive

Appointment of Wilbur Roach of Tawas City as regional chairman of the 1958 "Dollars for Democrats" drive has been announced by Joseph B. Biltzke, state chairman of the fund-raising campaign.

Mr. Roach will be in charge of the drive in Alcona, Arenac, Crawford, Iosco, Ogemaw, Oscoda and Roscommon Counties.

Actual solicitation of funds will take place in the three-day period of September 26-28, Mr. Biltzke said. Organizational work, however, including the building of contributor lists, will continue through the summer.

Chairmen also will be appointed to head up the drive in each county. Money collected will be divided equally between the county of origin, the state central committee and the Democratic National Committee.

Goal of the 1958 "Dollars for Democrats" drive is to obtain contributions from 150,000 persons—or 10 percent of the 1,500,000 Michigan citizens who voted Democratic in 1956, Biltzke said.

Mr. Roach has been active in the Iosco County Democratic organization for several years and is presently serving as chairman of the county committee.

Iosco County Democrats will hold their convention at the county building Thursday, August 14, at 8:00 p. m. Delegates to the state convention will be elected.

Take care of your health and your health will take care of you.

Select Name for Girls' Camp Fire Group

On Friday afternoon, August 8, the former Bambi Blue Birds had their first meeting of the summer at the Cliff Bennington home. They voted on a Camp Fire name for their group and chose the name, "O-ta-kuye" meaning friendship.

They fringed leather and made leather book markers on which the Camp Fire emblem of crossed logs and flame and other symbols were painted. Each girl brought an article which would be useful in a first aid kit and explained how it could be used. An old dinner pail has been obtained and painted white and this will be used for the group first aid kit.

Several new games were also taught and played by the girls. Main feature of the afternoon meeting was the first "cook out" for these young Camp Fire girls. The menu consisted of pocket stew with dumplings, salmon patties, mixed vegetables and biscuits. Dessert was cupcakes baked and frosted by the girls, themselves.

Nine Camp Fire girls; four guests; their guardian, Mrs. Cliff Bennington; assistant guardian, Mrs. Fred Look, and sponsor, Cliff Bennington, enjoyed the meal prepared by the girls.

Next meeting will be August 30 when the girls will pack a "trail lunch" and go on a two-mile hike.

78-Year-Old Woman Hit by Automobile

A 78-year-old Greenbush woman, Catherine Burdick, is in serious condition at Tawas Hospital as the result of injuries she received Sunday night when struck by a car on US-23 in front of her home. The accident occurred near the Iosco-Alcona County line.

Investigating state police officers said that the victim apparently started across the pavement on her way to post a letter in a mail box on the opposite side of the road. She was struck down by a car driven by Judy Ann Bocher, 20, of Grosse Ile.

The driver of the car told police that she had swerved to avoid hitting the woman, but that she ran into the side of the vehicle. She estimated her speed between 40 and 45 miles an hour.

Mrs. Burdick was removed to Tawas Hospital by ambulance.

1958 Tawas Golf League Season Winners Named

Regular league play for the 1958 season has ended for the Tawas Golf Association with clear-cut winners in each league.

The Tuesday night league was decided easily with youngsters, Paul Simons and Eugene Curry, coming in with 15 points and an easy victory, having led most of the season.

Low individual gross average for the year went to Ace Elliott with an average of 44. Runners up in individual were Curry and Simons, tied at second place, and Wayne Pollard.

Wednesday night league was nip-and-tuck right up to the final game. The team of Gordon Huck and Al Poco, who were in fifth place the previous week, was able to finish strong and end the season with 140 points and top score. Huck and Poco were team champions in 1957, also. Huck had the best gross average score for the year with 39.

Runners up in the Wednesday league were teams, Oriv Westcott-Herman Levi and "Buck"; Leslie-Leroy McClure, with 138 and 136 points, respectively.

This week begins the team individual play-off tournaments with both leagues combined. The play-offs will run consecutively. There were 32 singles and 16 teams signed up for the tournament. All members are urged to observe the bulletin board for the pairings and contact their opponents for a match immediately.

BERT STOLL RETURNS FROM CANADIAN NORTHWEST TRIP

Home from an 8,000-mile round trip to British Columbia and Alberta in the Canadian Northwest are Bert Stoll and his son, Peter Stoll.

For the past five weeks, the Stolls have been traveling through northern British Columbia taking some 2,400-feet of 16 mm. color movies (to show sportsmen and service clubs and other groups in Michigan and Midwest this fall and winter) and shooting "still" color and black and white photos for "picture stories" for The Detroit Free Press and Midland Daily News.

Highlights of the trip included a round-trip of some 5,600 miles from Toronto to Vancouver aboard the Canadian Pacific's crack scenic dome transcontinental train, the "Canadian;" a trip some 260 miles north of Prince George, British Columbia, over the Pacific Great Eastern's rail extension to the Peace River country in northern British Co-

lumbia (a rail route which some day may be extended to Alaska, 49th state), and some thrilling rainbow trout fishing on Babine Lake and Babine River with Guide Charlie Chaplin of Smithers, British Columbia.

CAPACITY CROWD HAS THRILLING EVENING

A near capacity crowd had a thrilling and exciting evening at the Whittemore Speedway Saturday night, August 9, as Rick Zettie of West Branch won the first heat race also the 25-lap feature race.

The other two heats were won by Ralph Edgette of Bay City and Dick Batchelder of West Branch. The Australian pursuit was taken by Cliff Burkholder of Whittemore.

Leota Hess of Whittemore won the powder puff race.

Dale Barber of West Branch rolled his car in front of the stands giving the fans quite a thrill, but fortunately he was uninjured.

By popular request of the racing fans, the motorbikes will return to put on another show on August 23.

LOCAL SAILORS WIN LELAND LIGHTNING TROPHY

Mr. and Mrs. William Mallon and Ed and Bill McKinley of Saginaw and Tawas Beach spent last week-end at Leland, where the men participated in the annual Lightning regatta held on Lake Leelanau. They won four races in a fleet of 25 Lightnings and returned home with the Leland trophy.
