East Tawas Takes Steps to Secure Burrell Property

The City of East Tawas took steps to acquire property for its proposed new city hall at its regular meeting Monday night. The city council instructed Attorney Richard Newman to draw up necessary legal papers for the purchase of the property.

Site of the proposed new city building is on property owned by Elmer J. Burrell on West State Street. It is now the location of the Clark Farm Store.

Fred Lomas, city clerk, stated that the council hopes to see completion of this project within the next four or five years. The old city hall would be turned into a parking lot upon completion.

Three building applications were approved by the council. These were: Donald Hogaboam, porch on city hall; Vern Eckstein, addition to building; Ashley Schriber, razing old Carlson Building.

The request of Robert LaVoy for operation of a used car lot at 601 East Bay Street was approved by the council.

The East Tawas fire chief was authorized to purchase necessary new equipment for the department.

A committee from the council met with representatives of the Ladies Literary Club and regional library to discuss plans for making improvements on the club's building on Newman Street.

Oscoda Girl Rules Over 21st Annual Silver Valley Winter Sports Carnival

Largest Crowd Here in Years for Week-End

Silver Valley's 21st annual winter sports carnival ended on a successful note Sunday when a crowd estimated at about 5,000 persons jammed the park in Huron National Forest, located west of Tawas on Monument Road.

Perfect winter sports weather saw all ski slopes and tows in operation, as well as the twin toboggan slides, saddle skis and horse and cutter rides.

Highlight of Sunday's festivities was the selection of the 1958 Silver Valley winter sports queen, Miss Janice Schroeder, a senior at Oscoda Area High School. The new ruler of winter sports in this area was presented with a bouquet by retiring 1957 queen, Miss Linda Hudson of Bay City.

On a throne constructed at the base of the ski slopes, Miss Schroeder was crowned by Ted Malone, nationally-known radio and television newsman, who was guest of honor at the three-day affair.

A large crowd on hand to witness the colorful coronation was held in suspense right up until 3 o'clock when Donald Watson, chairman of the winter sports committee, made the announcement of the selection over the public address system.

Miss Schroeder was selected from a field of eight candidates from Iosco County's four high schools. Included in the queen's court are Linda Holzheuer and Sherrill Scofield of Hale Area, Jean Runyan and Arlene Partlo of Whittemore-PreScott Area; Marti Westcott and Brenda Olsen of Tawas Area, and Gloria Welton, the other candidate from Oscoda Area.

Each of the contestants and the queen received an award trophy from the winter sports committee, upon which will be engraved their names.

Judges for the contest were presidents of the four county chambers of commerce: A. Don Anderson of Tawas; Harold "Bud" Draper of Oscoda; Arden Char- ters of Whittemore, and Delbert Hewitt of Hale.

QUEEN JANICE AND MASTER OF CEREMONIES TED MALONE

Miss Schroeder will compete this week-end at Grayling for the title of "Miss Michigan Winter Sports," representing Silver Valley. This contest is part of that community's annual winter sports festival.

The 1958 winter sports carnival was described as one of the most successful held in Tawas during recent years. A crowd of more than 1,000 persons visited.

Films of activities at the Silver Valley winter sports carnival, taken by Robert Ashby of Bay City, will be shown on State Report over WNET-TV Thursday at 1:05 p. m. On Thursday night, films of the boys' ski races will be shown over Virgil O'Dell's sports program.

The park Saturday and ski slopes were in perfect condition after

a light snow fell on a base of about six inches on Friday. Toboggan slides were in the best condition in years.

Iosco County Sheriff Ivan O'Farrell stated that Sunday's crowd was the largest he had seen in years. He said that the parking lot was filled the entire day and that a continuous stream of traffic moved in and out of the exits. Cars from the Michigan State Police post at East Tawas were also on hand to patrol the area and the Oscoda Township Fire Department had its fire and rescue team at the park to assist.

Formal opening of the three-day carnival got underway Friday night when more than 100 men attended a fish fry at the Barnes Hotel. Guests were introduced by George Baldwin of the Silver Valley Winter Sports

Committee and Mr. Parker.

The East Detroit Lutheran caravan of 27 buses will be here this Sunday for a day of fun at the Silver Valley winter sports park. During the day two church services will be held at the Lumbermen's Monument.

More than 180 persons attended the queen's banquet Saturday night at the Barnes Hotel. Jack Parker of Saginaw served as master of ceremonies and introduced guests. Principal speaker was Malone, who entertained those attending with his reading of a number of poems.

Other guests included Bob Reynolds, sports director of WJR-Radio, Detroit.

Queen candidates were introduced at the banquet and later (See CARNIVAL, page 10.)

Senate Approves Bill Giving SAC Bombers

Passage of a senate bill appropriating \$90,000,000 for construction at air force bases in Michigan, including \$22,340,000 for Wurtsmith Air Force Base, Oscoda, was announced Monday by Sen. Patrick V. McNamara in Washington, D. C.

These funds have been earmarked for expansion of air bases for use of the United States Air Force's Strategic Air Command.

Wurtsmith is one of several bases located across the country scheduled to participate in a \$219,000,000 appropriation to build up dispersal and alert facilities for SAC.

Senator McNamara (D-Mich.) stated in a telegram to constituents in this area that the bill would now go to conference to "iron out minor differences and

will soon go to President Eisenhower for his signature."

"Actual construction work on the project at Wurtsmith is expected to begin in the near future," stated the Michigan legislator.

Wurtsmith, now an Air Defense Command base for fighter-interceptors, exclusively, will receive this appropriation to ready it for the assignment of heavy SAC bombing squadron or a medium SAC bombing wing.

Newly designed jet catapult launchers and "water squeezing" arresting gear may take the place of longer runways when the move is made to Wurtsmith in the next few years.

This equipment is currently being evaluated by SAC for possible employment in the planned aircraft dispersal program both at home and abroad.

One of the major problems involved in moving SAC to Wurtsmith, it is reported, is the need for longer and heavier runways to handle the mammoth B-52 bombers and KC-135 tankers used by SAC in its intercontinental bombing missions.

Wurtsmith's longest single runway is 8,200 feet; next longest, 5,000 feet. Jet bombers and tankers need 12,000-foot runways for normal, unassisted take-offs and landings.

Hence, the reason for the assisted system for landings and take-offs for bomber operations. The catapult launcher would be powered by six jet engines and be able to put nine heavy military aircraft into the air in less than 15 minutes on a 5,000-foot runway, according to reports.

A "water squeezer" type cable arresting gear would decelerate bombers on landing, bringing each to a stop in only 2,000 feet, without touching the ground.

Cost of the two launchers and four arresting gear units and allied equipment has been estimated at \$2,600,000.

Mothers' March Nets \$708 for Iosco March of Dimes

The Mothers' March on Polio last Wednesday night in the Tawas netted the March of Dimes Campaign in Iosco County \$708.09.

"Your county committee wishes to thank the generous donors who made our march exceed last year's total of \$614.31 and also to thank the ladies of both towns who made the house-to-house calls," stated John Watkins, county chairman.

The committee reports that the total received so far from all sources reporting now amounts to \$1,564.91. There were 3,208 cards mailed out last week. Of this number 149 have been returned against a yearly average of more than 300.

"If you plan on contributing and have not done so, we urge you to check your cards and mail as early as possible," states Mr. Watkins. "Your help is needed."

Services Held Tuesday for Former Supervisor

Harry VanPatten, retired prominent Grant Township farmer and resident of this city for the past 10 years, died Saturday, February 1, Heart attack was the cause of death.

In addition to farming, Mr. VanPatten served as a member of the Iosco County Road Commission for six years and had been a member of the board of supervisors for 15 years.

Born March 1, 1879, in Saginaw, he married the former Margaret Parker at Tawas City on April 27, 1904. Mr. and Mrs. VanPatten immediately settled on their farm in Grant Township where they resided until he retired 10 years ago on account of poor health and came to Tawas City.

Surviving are his wife; a son, Ralph VanPatten of Romeo; eight grandchildren, and four great grandchildren.

HISTORICAL MARKERS SOON TO BE PLACED

Northern Michigan's historic past and diversified industrial present will be marked for all to see. Historic site markers will be erected in coming months in Clare, Isabella, Iosco and Alpena Counties to great economic eras of this region, past and present.

Dr. Lewis Beeson, executive secretary of the Michigan Historical Commission, said there would be dedication of attractive green and gold metal markers in Clare County to the old lumbering railroads; in Isabella County to the oil industry; in Alpena to the world's largest Portland cement plant, and at East Tawas in Iosco County to the great days of lumbering on the Lake Huron shore in the nineteenth century.

First of the "economic history series" of markers in this region were placed last year, one to the beet sugar industry, on US-23, north of Saginaw, and one to the cherry-growing industry at Travers City.

In the Upper Peninsula, markers will be placed at Bessemer to the Gogebic Iron Range, and near Iron Mountain to the Menominee Iron Range, and in Southwestern Michigan markers will be erected to the cereal industry at Battle Creek, and to the celery-growing region around Kalamazoo.

Dedication dates and marker texts are still being worked out.

Luther Leaguers to Visit Valley This Week-End

The Luther League of Grace Lutheran Church of East Tawas will be host to about 125 young people from the churches of the Eastern Michigan District of the Augustana Lutheran Church for a winter retreat February 7, 8 and 9.

Registration will take place on Friday evening at 8:00 p. m. at the church. Leaguers will be coming from Detroit, Pontiac, Berkley, Waterford, Flint, Lansing, Bay City and Oscoda. Following registration and games, refreshments will be served by the Lutheran Women's Society of Hope Lutheran Church, Oscoda.

Saturday morning there will be a Bible Study led by the Rev. Reuben Norling, president of the Eastern Michigan District. A discussion hour will also be held Saturday morning. Following the noon meal the Leaguers will go to Silver Valley and spend the afternoon there.

A banquet will be held at the church at 8:00 p. m. The theme of the week-end retreat will be "Treasurers in the Snow." The Rev. William MacFarlane will be main speaker at the banquet. At 8:00 p. m. there will be a variety show and square dancing at the Augustana Lutheran Church for high school auditorium.

Leaguers will be housed at Tawas Inn and Porter's Cabins. Ladies of the Grace Lutheran Church will serve the five meals. Mrs. June Gould and Mrs. Rae Austin are co-chairmen in charge of serving the meals.

Sunday morning the Leaguers will have their own church service at 8:45 p. m. Mr. Norling will preach the sermon. He will also preach at the regular morning worship service at 11:15 a. m. After the early service the Leaguers will again enjoy the facilities at Silver Valley.

A king and queen will be chosen from candidates of each local Luther League. Arrangements have been made by the executive committee of the Eastern Michigan District Luther League and the local league of Grace Lutheran Church.

Lose Home for Second Time---

Fire Again Leaves Grimes' Homeless

For the second time in a period of less than 11 months, the Paul Grimes family saw their home go up in flames. Fire, caused by an exploding fuel oil heater, destroyed their frame home in East Tawas Sunday morning.

Seven of the eight Grimes children were attending church in Tawas City with their mother when the fire struck. Mr. Grimes was at home feeding the youngest child.

He told firemen that he had the baby with him in the kitchen while heating a bottle of milk. He

Three Sentenced on B and E Charges in Circuit Court

Three persons were sentenced on criminal charges in Iosco County Circuit Court Tuesday by Judge Herman Dehnke.

Raymond J. Griffith of Whittemore was released on \$500 bond and placed on three years probation on charges of breaking and entering. He was ordered to pay \$75 costs and \$89.50 restitution.

Thomas Hilliker, 16, of Hazel Park and James Cowell, 15, of Ferndale were placed on three years probation on conviction of a breaking and entering charge.

The probate court had earlier waived jurisdiction on the two minors. Besides being ordered to pay \$75 in costs, one condition of the probation order was that both boys return to high school.

TAWAS CITY COUNCIL APPROVES TWO PERMITS

Two building permits were approved by the Tawas City Council at Monday night's regular meeting. Other business transacted included a financial report from City Treasurer Ruth Albertson and the annual report from Police Chief George Ruth.

Building permits approved were: M. H. Kotcher, 701 Lake Street, construct marquee on front of commercial building, glass porch on back, aluminum frame windows, estimated cost \$2,000; Donald E. Watson, 1028 South US-23, 20x30 stone building at Sunset Motel, concrete block type.

Authorization was given by the council to take steps to re-plot several parcels of property near the Tawas River bridge on M-55. This property was cut in half when the new highway was constructed.

TWO NATIONAL CITY employees of the National Gypsum Company were awarded checks Tuesday for their suggestions and assistance developing a constant-type screw feeder for processing in the Iosco County plant. Shown above, receiving checks, left to right, are David Mills of Whittemore, machinist, and Delbert Albertson of Tawas City, electrical inspector. Checks and special engraved lighters were presented to the men by C. V. Cox, maintenance superintendent in behalf of the Gold-Bond Idea Bank Committee at the home office in Buffalo. Both men work in central maintenance at the National City plant, Mills an employee there of 13 years standing, and Albertson, 17 years.—Tawas Herald Photo.

CHRISTIAN SCIENCE—

Today's need for proofs rather than professions of divine power will be emphasized at Christian Science services Sunday in the lesson-sermon entitled "Spirit."

Selections to be read from the Bible include the following promise of Christ Jesus (John 14:12): "Verily, verily, I say unto you, He that believeth on me, the works that I do shall he do also; and greater works than these shall he do; because I go unto my Father."

From "Science and Health with Key to the Scriptures" by Mary Baker Eddy the following will be read (23:1): "Every day makes its demands upon us for higher proofs rather than professions of Christian power. These proofs consist solely in the destruction of sin, sickness, and death by the power of Spirit, as Jesus destroyed them. This is an element of progress, and progress is the law of God, whose law demands of us only what we can certainly fulfill."

When you get rid of the idea that your mission is to regulate other people you are in a position to improve yourself.

Telephone Lines of the Tawas

CHET MAHER
Michigan Bell Manager

DRIVING CAN BE pretty tricky this time of the year. So Telephone Company drivers get special training for winter. Among other things they make a special effort to:

- Keep windshields clean.
- Watch for unexpected icy spots where roads are shaded by trees or buildings.
- Keep plenty of stopping space between their car and the car ahead.

When a telephone man waves good-bye to his family in the morning and says "See you tonight," we want to do everything we can to make his words come true.

LOOKING FOR A VALENTINE gift idea? How about an extension phone—in any of nine beautiful colors? An attractive gift phone ex- presses the right sentiment— tells your Valentine you want to keep in touch every day throughout the year. To order your Valentine phone, just call our Business Office.

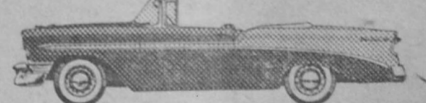

PEOPLE WHO WERE LUCKY enough to get a preview showing of the weather science movie, "The Unchained Goddess," say that if you want to know what it's like to go through a tornado or hurricane without actually being in one, by all means see this show. It will be shown on a nation-wide television network at 9 p. m. Wednesday, February 12, and on some additional stations a few days later. After its use on TV the film will be available for school, church and other civic groups on request from our Business Office, free.

Supervisors' Proceedings

JANUARY SESSION

January 13, 1958

Pursuant to October adjournment the Iosco County Board of Supervisors was called to order by Chairman Everett at 9:30 a. m. and roll call was ordered. The following supervisors were present: Bellville, Brabant, Burgess, Everett, Cater, Jordan, Little, Long, Monroe, Oates, Rodman, Smith, Stephan, Webb, Werth, White, Wilkusi, Williams. Absent: Christeson.

The clerk requested approval of the minutes of the last day of the October session as published. It was moved by Long supported by Jordan that the minutes be so approved as published and the motion carried unanimously.

Mr. Little gave a brief report on the business of the district supervisors meeting which was held at Gladwin.

Mr. Little then addressed the board stating that he believed that before many more years the county will be faced with the problem of constructing a county infirmary to care for the aged. He asked that the members of the board consider some means of financing which would not place the burden of such construction, should it become necessary, upon the taxpayers at one time. He suggested setting aside some of the fee money received by the county offices into a building fund.

Mr. Werth stated that he believed if such a problem confronted Iosco County taxpayers that they would take care of the matter as they did a new courthouse, a new jail and a new school.

County Clerk Prescott presented the annual fiscal report for his office.

Reverend Crews addressed the board to tell them about a proposed development at Chapel Lake which would provide a stadium and island to produce Indian ceremonies from June until Labor Day of each year. Reverend Crews said he believed the tourist attraction would be tremendous providing a place for tourists to find evening entertainment. He requested that the board endorse his efforts and if the enterprise be completed that the county provide signs directing people to the area. Referred to the finance committee.

Mr. Becker presented the board with a financial report of the business at Old Orchard Park for the past year. His report contained some requests for further improvements. Referred to the park committee.

Mrs. Bronson, social welfare director, presented the annual report of that office. Referred to the finance committee. The board did then recess until 1:30 p. m.

Whereas, the project to be presented as a non-profit enterprise, with an American Indian Educational Fund feature—authentic American Indian ceremonial dances and customs, music and pageantry every evening for one and one-half hours, from mid-June through Labor Day, each year, and,

Whereas, its location being in Iosco County and which will furnish a new and different type of pleasure for people everywhere, therefore we, the Board of Supervisors of Iosco County, Michigan, by resolution adopted and spread upon the records of the proceedings of this board unanimously approve said project as follows: That the County of Iosco, Michigan, hereby believing that such project would be of benefit to said County of Iosco and to the whole State of Michigan, approve the establishment of such memorial and invite the residents of Iosco County and tourists coming therein to go to Chapel Lake and view this memorial when completed.

Signed:
L. S. Little
E. Werth
T. Bellville
E. Burgess
G. Long

Upon motion supported and prevailing the board recessed until 1:30 p. m.

AFTERNOON SESSION

Upon call to order at 1:30 p. m. roll call was ordered by the chairman. The same supervisors were present as at the morning session.

Mr. Little read the following report of the finance committee. Honorable Board of Supervisors Gentlemen:

The finance committee recommends that Iosco County Board of Supervisors pay the expenses of the convention in Lansing, January 28th, 29th, 30th.

We further recommend the clerk issue expense check in advance to the delegates attending.

Signed:
L. S. Little
Theo. Bellville
E. Werth
G. Long

Upon motion by Little, supported by Oates the report carried upon the following roll call. Ayes: Bellville, Brabant, Burgess, Everett, Cater, Jordan, Little, Long, Monroe, Oates, Rodman, Smith, Webb, Werth, White, Wilkusi, Williams. Nays: None. Absent: Christeson.

The board did then recess to their respective duties subject to the call of the chair.

Upon call to order at 2:00 p. m. Mr. Mead, representing the Iosco County Road Commission, gave a work completed and a proposed construction report. Referred to the finance committee.

Mr. Little moved that the annual reports of the clerk, treasurer, register of deeds, welfare department, county board of education and sheriff be accepted.

Honorable Board of Supervisors Gentlemen:

I hereby respectfully submit the following annual report taken from the records in my office, and showing the trial balance as pertaining to the General Fund at the beginning and ending of the fiscal year ending December 31, 1957, also containing an account of receipts and disbursements for the past fiscal year, with balances as shown.

be forwarded to our senator and representative. Respectfully submitted, Stephan Williams Little Upon motion by Williams supported by Little the report was unanimously accepted. Mr. Williams read the following report of the judiciary committee: Honorable Board of Supervisors, Gentlemen: Your judiciary committee wishes to go on record as concurring with the resolution from VanBuren County protesting and opposing the current method of assessing pine plantations. Copies to be forwarded to our state senator and representative. Respectfully submitted, Stephan Williams Little Upon motion by Williams supported by Little the report was unanimously accepted and adopted. Mr. Jordan moved that a fox bounty in the amount of \$2.50 per head be paid to those killing foxes in Isoco County from the period February 1, 1958 until August 1, 1958. Further that before payment is made the sheriff sign a certificate stating that the fox was destroyed in this county. Upon support by Williams the motion carried upon the following roll call: Ayes: Cater, Jordan, Burgesson, Little, Long, Monroe, Oates, Stephan, Webb, Werth, White, Williams, Nays: Bellville, Brabant, Everett, Rodman, Smith, Wilkusi, Absent: Christeson. Mr. Brabant read the following report of the purchasing committee: Honorable Board of Supervisors, Gentlemen: Your building, grounds and purchasing committee to whom was referred the bid of \$548.00 from the American Bindery and Supply Company for re-binding seven death, marriage and birth record ledgers recommends that this bid be refused and that the office of the county clerk complete the work it has started in typing and providing jackets for a duplicate set of these record ledgers. Respectfully submitted, Brabant Cater Stephan Upon motion by Brabant supported by Cater the report was unanimously accepted and adopted. Mr. Wilkusi read the following report of the park committee: Honorable Board of Supervisors, Gentlemen: Your conservation committee has the following report to submit on Old Orchard Park: Your committee has made several trips to this area for the purpose of inspecting work completed and the proper listing of new projects according to priority. Projects completed during 1957: 1. Power line installation completed. 2. Addition to store completed (with storage room and addition to storage space)—stained and insulated. 3. One-fourth of picnic tables made and on area (18). 4. Two pumps repaired. 5. Drain field unblocked. 6. New area brushed out for camp sites (6 each). 7. Downed trees, brushed and trimmed and piled on area for public use.

8. Camp sites are being numbered. 9. Old picnic tables being repaired. 10. Electric wiring for store is completed. Projects recommended by Mr. Becker, our caretaker: 1. Telephone—not to be scheduled for 1958 due to prohibitive cost. 2. Two sets toilets needed—should be installed during 1958. 3. Float should be constructed to be used on side roads by Mr. Becker. 4. 10 loads of gravel should be placed to fill holes. 5. Pump wells in spring—not recommended as we feel there is no need for it. 6. Minnow tank—not recommended as this is responsibility of caretaker. Action could be taken by us but not during 1958. 7. 20 bags of chloride to be ordered and placed at storage house for Becker's use. 8. 50 five inch galvanized out door stove pipes recommended for 1958 purchase for camp stoves. 9. Request of 50 more picnic tables should be authorized. 10. Wiring part of area for trailer use of electricity not recommended during 1958. Your committee on last inspection recommends as a must for 1958 the curbing of main building and staining to eliminate any further deterioration of this building. One pump that is now dismantled to be put into use prior to opening of season. One toilet location to be moved—a must prior to 1958 season. In as much as our take on this area has been about \$4,000.00 and our improvements about \$2,200.00 not counting salary of caretaker—your committee feels that additional improvements as listed and recommended are in order during the 1958 season. Respectfully submitted, White Wilkusi Burgesson Upon motion by Wilkusi supported by White the recommendation was unanimously accepted. Mr. Compo, Mr. Kutz, Mr. Hasty and Mr. Roenicke, representing the Arenac County Board of Supervisors appeared before the board to discuss the operation of the regional library. Mr. Hasty stated that lack of funds in Arenac County was becoming a serious threat to the continuation of this service to the people. Chairman Everett stated that he was glad that these men had taken the time to come up and discuss matters. Mr. Everett stated that Isoco County had joined with Arenac in creating the regional set up only to help a neighbor. Isoco County has had an excellent library service for many years. Mr. Davenport and Miss Dorothy Scott presented the annual report of the Cooperative Extension Service. Upon motion supported and prevailing the board recessed until 1:30 p. m.

Our office has gone through the process of transferring a great deal of property into the newly organized Whittemore-Prescott School District upon request of the people of the area. By unanimous decision of the board members, no property transfers in or out of any newly organized or annexed districts for a period of one year, shall be approved by the County Board of Education. I hereby submit my annual report to the Board of Supervisors. Russell A. Rollin, County Superintendent Honorable Board of Supervisors, Gentlemen: I hereby respectfully submit this report of the work and activity of the sheriff's department and county detention for the year of 1957: During the year of 1957, a total of 500 inmates were confined in the Isoco County Jail. This being an increase over the preceding year of 1956 by 13. The total for the year of 1956 being 497. The total of 500 prisoners confined in the county jail were for the following reasons: Confined in the county jail for felonies 96 Prisoners held and turned over to other departments 39 Delinquent children (runaways, larceny and UDAAs) turned over to parents and other departments 27 Lodgers 32 Prisoners returned from out of state 3 Prisoners returned from other counties 16 The balance of inmates confined were for misdemeanors, of this number 306. Most of these were confined for drunk and disorderly conduct, with furnishing beer to minors, and minors in possession a close runner-up. Most of the felonies were for grand larceny, breaking and entering and car theft. VIOLENT DEATHS There were a total of seven violent deaths in Isoco County for the year 1957 of the following: Drownings 3 Traffic deaths 2 Suicides 1 Gunshot 1 There were a total of 12 deaths investigated with the county coroner for the year. The total of deaths by drowning were normal, traffic deaths were the same as in 1956, a little below normal. Suicides were below normal. As in 1956 there were two suicides. There were no murders in 1957. In 1956 there were two. LIQUOR AND TAVERN OPERATORS There were over 300 liquor inspections made by the department for the year of 1957. The number of tavern and SDD remain the same. There is one new SDM (grocery store) addition in the county and there will be two applications in the spring for new SDM. Whether or not these are approved will depend upon the township boards concerned. This department would like the number of drinking places held the same as at present, until such time as there is considerable increase in population. Tavern owners have, in general, done a good job in running their establishments. They have cooperated in trying to keep liquor and beer out of the hands of minors. We find that most minor drinking is caused by adults buying the liquor or beer for minors. BOATS (INSPECTION) There were 586 boats inspected in the county for the year; \$293 was turned into the county treasurer for inspection fees. These boats were inspected for safety and tagged. Pursuant to the laws

TRAFFIC The sheriff's department traveled a total of 51,000 miles for the year. This does not include part time deputies or the deputies of Oscoda Township. Traffic detail for the following are listed: Traffic summons (include part time deputies) 272 Criminal summons 38 Funerals 15 Basketbal games 2 Medications 8 Celebrations 8 Escort 12 County fair 1 Football games 3 Taking sick and injured to hospital 15 Delivering messages in county 38 Traffic accidents investigated (including deputies) 128 Complaints of all kinds investigated (office only) 2,684 Prisoners transferred to Jackson Prison 5 Mental patients taken to Traverse City 2 Patients taken to Caro State Hospital by sheriff 1 Patients taken to TB sanitarium at Gaylord 1 Transients at county jail taken to county farm 2 Number of tourist cabins inspected 1,500 Participating in road blocks 8 Traffic accidents reported (some minor) 145 Other accidents 7 Number injured 42 GENERAL OFFICE ROUTINE Guns registered 575 Operator and chauffeur licenses issued 3,653 Fox vouchers issued (does not include number of fox) 101 Sets of fingerprints taken (includes application and criminal) 560 Registration checks for state, city police and conservation officers 120 Approximate number of visitors (Jail, living quarters and garage) 600 Civil defense meetings 15 Approximate number visitors allowed to visit inmates 900 Gun board meetings 10 Days spent in circuit court 15 Days spent in justice court 10 Days spent in probate court 2 Days spent out of state (after prisoners and witnesses) 11

REVENUE Turned into county treasurer by sheriff's department January 1, 1957—January 1, 1958 Drivers license refund, by secretary of state \$2,633.00 Boat inspection fees 293.00 Dog tax collected by department 269.50 Circuit court civil paper fees 256.80 Fines from sheriff department arrests 5,869.40 Costs from sheriff department arrests (circuit and justice) 4,564.75 (The above does not include the fines and costs from state police arrests.) Telephone calls paid by prisoners 10.27 TOTAL JAIL AND DEPARTMENT REVENUE \$13,095.37 There are 39 cases still pending in justice court of which we have no disposition. There will be a complete report on civil defense activities on March 1, 1958. Respectfully submitted, Ivan O'Farrell, Isoco County Sheriff

DOGGS (Licenses and Complaints) (Disposed of) There were 364 dogs shot and destroyed in the county by the sheriff's department for the year. This shows a drop of 22 over the previous year of 1956 in which there were 386 dogs destroyed. The department collected a total of \$269.50 in dog licenses. This was mostly collected in house-to-house canvassing. This was a considerable drop compared with the year of 1956, when \$831 was collected. There was also a huge drop in licenses collected by the township and county treasurers. I firmly believe that there are about 35 percent less dogs in the county compared with previous years. The air base has cooperated with us by forcing all of their people to have their dogs vaccinated and licensed and hold proof of it. Also, the huge dog reduction can be credited to the campaign waged by the sheriff's department. The Oscoda Township deputies were very cooperative in the enforcement of the dog campaign. LABOR BY INMATES OF JAIL (Trustee System) The washing machines and clothes dryer furnished by the board of supervisors has made a great savings in the cost of operations of the county jail. Approximately 475-500 blankets were washed, with approximately the same number of towels. There were probably 200 suits of jail coversalls washed. At this rate the machinery will soon pay for itself. At least 10 percent of the prisoners can be relied upon to work. Trustee labor was used to keep the building clean and helped on the picking up of stray dogs. A couple of the better type helped to check tourist cabins. Trustee labor was a major factor in helping to make Silver Valley what it is today. Jail help has been used for the past several years.

ANNUAL REPORT, IOSCO COUNTY DEPARTMENT OF SOCIAL WELFARE Year Ending Dec. 31, 1957. Nyda M. Bronson, Director John Henry, Chairman Henry Cross, Member William Curtis, Member The communication was referred to the finance committee. Tawas Challenged by Roscommon for Northeastern Conference Lead

Braves Hold One Game Edge; Lakers Lose to Orioles

Houghton Lake	8	3
West Branch	8	3
Standish	7	4
Pinconning	6	5
Beaverton	3	8
Gladwin	3	8
Eastern	1	10
Sterling	0	11

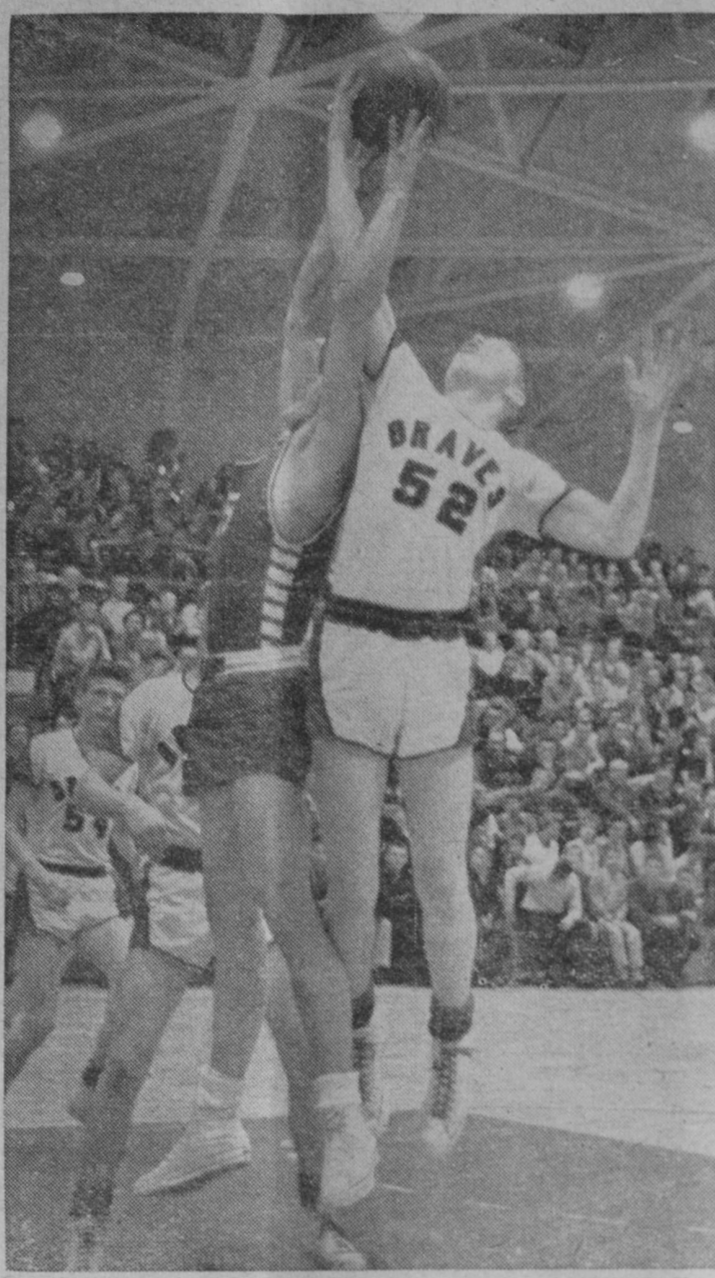

By Earl Haight, NEM Conference Secretary

Tawas Area held its top position in the Northeastern Michigan Basketball Conference by licking a surprising Gladwin five, 69-53, while West Branch was removing Houghton Lake from the second spot with a double sudden death overtime win, 62-60. Roscommon stayed a step off the pace by downing Sterling, 58-39, as Standish dropped Beaverton with a big first quarter spurge, 65-54, and Pinconning downed Eastern, 59-44.

Pat Kalahar, Beaverton forward, took the high scoring honors for the evening by dropping 10 field goals and four free throws to total 24 points. Ray Guyette, Tawas forward, came in second best with eight and five for 21 while Jim Papefus, Roscommon center, and Nelson Gelinus, West Branch guard, had 19 each for third place.

Games on tap for this Friday night include Roscommon at Beaverton, Sterling at Tawas, Gladwin at Eastern, Pinconning at Houghton Lake and West Branch at Standish.

In an ulcer creating ball game at West Branch, the Orioles gained some revenge for their overtime loss at Houghton Lake earlier in the season, but had to go through seven periods to come out on top. Neither five gained a break in the first period which ended 14-14 but in the second quarter, the Orioles dropped in 15 while the Lakers counted but once which gave the winners a halftime margin of 29-15. The Bobcats came back strong after the intermission with a 21-9 third stanza count which cut the Orioles' margin to 38-36 at the start of the fourth quarter. With 30 seconds to play, Dave Lee tossed in a long field goal to knot the count at 55-55, to send the ball game into overtime. In the

Foul Shots Win for Tawas Braves Against Gladwin

By completing an amazing 94 percent of their free throw attempts, the Tawas Area Braves squeezed by Gladwin last Friday night to remain on top of the heap in the Northeastern Michigan Conference and keep intact its keim of five consecutive victories.

Only the fact that Tawas was successful on 29 out of 31 shots on the free throw line enabled them to dump a determined Flying G team, 69-53. At one time during the first half the Braves had a string of 17 consecutive free throw completions to their credit.

Gladwin started out with an early first quarter flurry with a 19-13 lead over the Braves. This lead was short lived, however, when the Braves roared back with 24 markers in the second quarter to hold a 37-31 lead at the end of the half.

The second half found Tawas holding an 18-12 scoring edge over Gladwin in the third quarter and a 14-10 bulge in the fourth quarter.

The winners had four men in double figures with Forward Ray Guyette taking top honors with 21 points. Dick Stone, Gladwin center, copped the second spot with 18.

Ken Bubltz, Ray Moore and Dick Lanski, center, guard and forward of the Braves, dropped in 12, 11 and 10 respectively, for the winners. Rod Kigar and Larry Lennon, guard and forward of the losers, held third and fourth places with 17 and 16 points.

Gary Brackenbury, with 17 points, led his Junior Braves to a 51-37 win over the Gladwin reserves. Tawas Area jumped off to a 17-9 lead in the first quarter and were never headed during the rest of the game.

Following Brackenbury in scoring was Dwayne Ulman, who meshed 12 points. Joslin led Gladwin with 11 markers. Tawas averaged 25 percent on shots from the field and 47 percent on the free throw line.

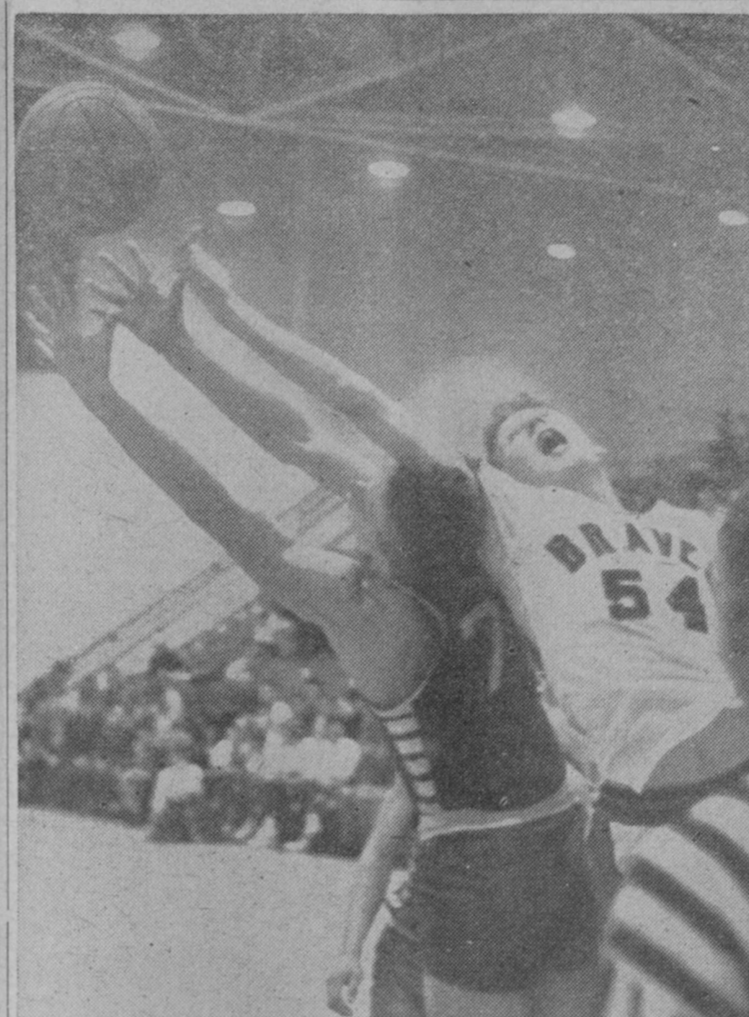

Friday night the Braves will meet Sterling at the Tawas Area auditorium.

Interesting Program Given by Auxiliary

An interesting program was given at the regular meeting of Audie Johnson Unit, American Legion Auxiliary, on Monday evening. Mrs. Fern Rolls of Tawas City spoke on "Civil Defense" and stressed family preparation for local emergency disasters. She gave an instructive talk on hospital preparation in such events and community preparation.

Mrs. Gertrude Kunze, chairman of the legislative program, gave a fine talk on legislature and the procedure of presenting bills and enactment in house and senate. She also instructed on bills of interest to the American Legion.

Mrs. Dorothy Harmon gave a report on the 10th district meeting held at Blanchard and stressed the federation clothing drive for child welfare. She announced the next district meeting to be held at Bay City March 9.

Mary Lixey, vice president, was in charge of the business meeting. A donation was made to March of Dimes.

The unit went on record as endorsing Mrs. Harmon for president of the Department of Michigan at the department convention in Detroit.

An invitation was extended to meet with the Tawas City Unit next Monday evening, February 10.

Owls Take Over First Place in Huron Shore League

Defeat Whittemore-Prescott Cards in Close 57-52 Game

The Osceola Owls took over first place in the Huron Shore League by upsetting the Whittemore-Prescott Cardinals, 57-52, at Osceola Friday night. The defeat dropped the Cards to second place, one-half game ahead of Alcona, which defeated Hale, 68-39.

Whittemore-Prescott held a 19-13 lead at the end of the first quarter, only to have the Owls cut it to a single point, 27-26, at the half. The Owls took over the lead in the third quarter and, with Goupil and Aulerich going out on fouls in the fourth quarter, the Cards absorbed their third defeat.

Keith Charters, the Cards top guard, was sidelined for this game with an injured leg. St. John led the scoring with 16 points for the Cards, followed by Hohman with 15 for the Owls.

Osceola made it a clean sweep by winning the reserve contest, 53-46. Grant and Alverson scored 21 and 19 points for the Owls; Priebe scored 14 and Gibson 11 for the losing Cards.

To Enlarge Physical Education Program

Enlargement of the physical education program at Tawas Area High School was announced this week by Athletic Director Howard Adams.

Starting the second semester, all seventh and eighth grade students are required to participate in physical education classes five days a week.

Physical education is an elective subject for students in grades nine through 12 on a four-day a week basis. On the fifth day it is held in conjunction with a course in health.

Organized activities in the school's program includes soccer, football and speedball in the fall, volleyball, basketball, tumbling and calisthenics. Adams said he hopes to include wrestling in this program in the near future.

BURMEISTER TO BE HERE FEBRUARY 12
Stanley J. Burmeister, American veteran counselor from Saginaw, will be in the office of Russell Rollin, county superintendent of schools, in the Isco County Building on Wednesday, February 12, from 1:00-4:00 p. m.

George Lake Elected Director Wool Marketing Association

George Lake of Hale was elected to a three-year term as a director representing Northeastern Michigan in the Michigan Co-operative Wool Marketing Association Friday, January 31. He will succeed Howard Brindley of Hale.

Mr. Lake will serve an 11-county area in Northeastern Michigan from Cheboygan County to and including Isco County.

The tired businessman can get unusually spry when its time to play.

17 FARMERS HAVE IMPROVED DAIRY HERDS

Isco County farmers have made several improvements in their farming systems with Farmers Home Administration loans made for that purpose. The agency's county supervisor, Lowell F. Schaeffer, said that, during the past year 17 farm families in the county have improved their dairy herds, adopted better feeding practices, used improved seed varieties, used approved fertilizers and acquired better machinery.

MRS. GEORGIA O'CONNOR DIES AT GRANDVILLE

Funeral services were held from the Methodist Church here Friday afternoon for Mrs. Georgia O'Conner, 26 years old, of Grandville who passed away in a Grand Rapids hospital after a five-month illness. She was the former Georgia Burlew, daughter of the Rev. and Mrs. George Burlew of Harrisville. She spent most of her girlhood here and attended Whittemore High School. She is survived by her husband; four small children, the youngest, a five-month-old baby; her parents, and a sister of Harrisville.

The Rev. D. Lawson officiated and burial took place in Whittemore Cemetery.

Sympathy of the community is extended to the family.

BOY SCOUT DISPLAY AT WHITTEMORE STORE

Next week, February 7 through February 15, is National Boy Scout Week, celebrating the 48th anniversary of Boy Scouts which was organized on February 8, 1910.

There will be a display at the Furst and Charters Hardware all week and on Saturday, February 8, the scouts will put on a live demonstration. At the community building at 7:45 p. m., they will present a program honoring the Boy Scouts of the United States.

There will be a court of honor and the Boy Scout oath will be repeated.

The public is cordially invited and a special invitation is extended to all old Boy Scouts.

WOMEN'S CLUB MET WITH MRS. MILLER

The Whittemore Women's Club met at the home of Mrs. A. Miller Wednesday night with 19 members present. Mrs. Marie

Bellville and Mrs. Alice Umphrey were assisting hostesses.

The meeting was conducted by the vice president, Mrs. Marie Bellville. The program was on civil defense. Sgt. Larry States and Sgt. H. King of Grayling were present and showed a movie about what bombing could do to a community. They talked on the importance of a Ground Observer post and stressed getting everyone interested in doing his part in this program. They will be here again to give instruction in this work. The date is to be announced later.

A very tasty lunch was served later.

In Long Lake community there is an organization of friendly and cooperative people known as "60 Lakes Club." An invitation to assist with their installation of officers recently was much appreciated, especially because of the opportunity to become acquainted. Maybe you, like me, are not familiar with the purposes of this club which are to promote their community, assist with scouting for young people and to enjoy sociability. Euchre is a weekly "must," and those pot-luck meals are full of old-fashioned goodness.

It is wise economy to buy the amount of coffee you will use in a week. This assures freshness. Coffee stored in an air tight container and refrigerated will have staling delayed.

It is the way you use credit that means either benefit or problems for you. You have to manage credit; otherwise your debts will manage you, keep you from doing and having many things you really want.

Ask yourself these questions in making a decision about using credit. Shall I use credit for this purpose? Have I shopped for the best credit buy?

Do you shop around and compare prices on shoes, dresses, coats, housewares? Why not on the cost of credit?

Any time of the year is a good time to start new projects and hobbies, but January seems particularly ideal. Sometimes it's a result of gifts received for Christmas. In other cases it's because all the shiny new resolutions we make are still fresh in the mind. A wonderfully clear and entirely new year stretches out ahead, and it's ours to fill as we choose. What better time to plan things which will add new interests and accomplishments to our lives!

NEEDLEWORK AS A HOBBY

Needlework is a creative, exciting and useful hobby. This applies to every phase of the art: knitting, crochet, sewing, embroidery, and others. It is one of the best investments of time and money you can find, and with each completed article comes a sense of achievement. Remember, always, to justify this investment by using the best available threads, yarns, and fabrics. When crocheting, for instance, be sure to look for the mercerized cotton threads as they make up into articles which will retain their original beauty and last longer. In knitting and crocheting, it is also important to buy enough thread or yarn at the outset to complete the article, as dye lots vary, be it ever so slightly.

WONDERFUL, WEARABLE WOOLENS

Fashion was added to the practicality of knitwear back in the 1920's, and now there are knitted styles to fit almost every occasion and locale. Wool has always been a prime favorite with knitters of course, and the gay, casual, wrap-around scarf shown today lives up to this tradition. Knit it in bold, vibrant colors of your choice. If it's campus bound, you might knit it in the school colors. It measures all of 68 inches, excluding the fringe. If you would like directions for making this STRIPED SCAFF, simply send a stamped, self-addressed envelope to the Needlework Department of this paper with your request for Leaflet No. C-258.

folder called "Managing Your Family's Credit."

Ten women met for morning coffee and conversation at the home of Mrs. Christolm in Rainbow Trailer Camp on Thursday of last week. Mostly the conversation was by way of getting acquainted and talking about activities they might enjoy together as members of a home demonstration group.

Two of the women will attend the flower gardening class at the Federal Building, East Tawas, on February 4. They will share their information with other women at a meeting planned for Thursday morning, February 13.

economy, type 170 muslin will be the answer. It gives the most service in proportion to the cost.

An egg kept at room temperature for three days will lose more quality than one refrigerated for two weeks. The term "fresh eggs" is only meaningful if proper storage has been maintained.

Good baked eggs are tender, have some white covering the yolk and have a delicate flavor. These ideas for preparing baked eggs may appeal to your family. Pour one tablespoon of cream in each individual baking dish or muffin pan. Add one or two eggs, season and bake.

Irene Rebekahs to Visit Rose City Lodge

At a meeting of Irene Rebekah Lodge last week, plans were made to attend a visitation night of the district at Rose City on Tuesday, February 18.

The new noble grand, Tricie Colburn, announced that her slogan for the year would be "Keeping Peace and Harmony."

In the vacancy of the office of financial secretary, Miss Cora Davey will fill that office for the year.

Supporters not named among the officers listed in the article on the installation are: Nyda Bronson, right supporter of noble grand; Sadie Harrington, left supporter of noble grand; Neva Moffatt, right supporter of vice grand; Adda Deckett, left supporter of vice grand.

Plans were made for a rummage sale the last of February and a bake sale February 15.

After the meeting refreshments were served in the dining hall followed by a social hour of games.

Serving refreshments of dessert, tea and coffee were Mrs. Ben Wilson, Mrs. Clarence Everett and Miss Helen Applin. Assisting the hostesses were Mrs. Robert Elliott, president of the club, and Mrs. Terrance O'Loughlin, Ladies Literary Club president.

Mrs. Herman Moehring won the house prize. The club realized about \$50 to add to the treasury.

Attend Meeting of Alpena School Library

Miss Leonora Hass, director of the Iosco-Arenae Regional Library, and Mrs. Dorine McMullen, program chairman, attended a meeting at Alpena High School library on Friday to arrange the program for the annual district meeting of the Michigan Library Association to be held in Tawas City in May.

Mrs. Margaret Humphrey, librarian at Plainfield branch, Hale, reports an increase of patrons because of the new library hours that includes a noon hour period for school students with 50 new registrants during the past two weeks.

Partial Retirement Program Explained by Paul Ellifritz

Planning for partial retirement calls for a clear understanding of earnings restrictions on receipt of federal old-age insurance benefits, Paul M. Ellifritz, manager of the Bay City, Michigan, Social Security office, said today.

For every \$80 or fraction of \$80 over \$1,200 earned in the year of filing a claim, one month's benefit is withheld. A worker who earns \$1,282 in the year of filing, for example, stands to lose two months benefits he may have been entitled to receive. This is true whether the amounts were earned before or after the month of filing. The restriction on amount of earnings applies to all years during any part of which he was under age 72 and entitled to social security benefits.

Mr. Ellifritz said workers planning partial retirement should also be aware of the exceptions to the general rule. Regardless of total earnings in the year, no entitled worker will lose a benefit for any month in which he does not earn more than \$80 in employment and does not render substantial services in a business or profession in which he is self-employed. After he attains age 72 he will lose no benefits regardless of the amount he earns or the extent of his work. Total earnings for the full year, however, are taken into account in deciding whether the worker may receive benefits for all months before he attains age 72.

A representative of the Bay City office will be in East Tawas at the post office February 13 from 10:00 a. m. to noon.

Pastry Baker Demonstrates Cake Decoration

Methods of cake decorating were demonstrated by Lawrence Nowakowski of Hamilton's Tawas Bakery, East Tawas, for the benefit of 19 members of the Tawas Women's League present at the home of Mrs. Robert Richter Monday evening, January 27.

Following the demonstration by Mr. Nowakowski, the members tried their hand at decorating and found to their amazement that it is an art that takes skill and practice.

A luncheon was served by Mrs. Will Peters and Mrs. William Krumm, hostesses for the evening.

A combination February meeting and "Sweetheart Swing," a valentine program which is to include members and their escorts will be held Monday, February 10, at the Bear Track Inn beginning with a 6:30 potluck dinner. Each member is to bring her own table service and a dish to pass.

The program, put on by club members, is to be built around the theme "Around the World in Eight Scenes."

Hostesses will be Mrs. John Braun and Mrs. Robert Richter.

WITH THE IOSCO— 4-H Clubs

By DOROTHY SCOTT Home Demonstration Agent

The John Dodsons were hosts for the Peaceful Valley 4-H Club meeting in January. It was conducted by the president, Verna Kay Wehrman. Plans were made to invite other 4-H Clubs for a skating party at Finley's from 1 to 5 o'clock on January 25, refreshments to be provided by the 4-H Club.

Recreation leader, Jerri Finley, presented the program.

Five girls began clothing projects on Thursday, January 23, when they met at the home of project leader, Mrs. Ethel Spafford.

Patterns were subject for discussion, each girl choosing the kind of garment she wants to make. Discussed, also, were the kinds of stitches best made by machine and by hand. At the next meeting everyone will make her own pin cushion. Weekly meetings will be held on Thursday.

February is the month for red valentines and red cherries. 4-H Club food project members may be planning a holiday cake for some festive occasion.

Here is a suggestion for a quick, easy and attractive icing. Only three ingredients are needed: One-half cup of tart jelly (currant, cranberry or grape makes a pink color), one egg white, a few grains of salt.

This is how to put the ingredients together in the right way. First put one-half cup of tart jelly, salt and one egg white into a small bowl (or top of double boiler) over hot water. Beat the mixture until the jelly is free from lumps. Remove from the hot water and continue beating until the mixture is stiff enough to stand in peaks.

Just before serving spread the icing on the cake and garnish with shredded coconut. This frosting does not become firm.

A visit with Mrs. Peter Bassi, 4-H food preparation project leader in Sherman Sharpies 4-H Club, reveals they are almost finished with the first foods project. She expects seven girls to complete their project by helping with the cooperative demonstration meal and by finishing their project reports.

From her I also learned that as many as 18 boys are working on a gun safety project with Kenneth Tressler as project leader. Mr. Bassi and several of the boys' fathers have been lending a hand with the rifle shooting on the range.

Anybody who has something to say can make a speech, but not everybody who makes a speech has something to say.

Mr. Little stated that the Farm Bureau resolution requesting that this board again put the election of road commissioners back in the hands of the people had been discussed at length. He felt that rather than make a committee report the question should be decided by the floor.

After lengthy debate Mr. Little offered the following resolution. Be it resolved that the question of whether or not road commissioners should continue to be appointed by this board, or go back to the system of election by the people be put to the voters of Iosco County in ballot form at the coming November election.

Three new extension folders about dairying are now available to Iosco County farmers. "Feeding Dairy Cows" is the title of extension folder F-252. Producing feed for dairy cows, using roughage in the ration, best feed buys, minerals and vitamins are all discussed in the publication. Feeding programs are suggested for use with either excellent, good or poor roughages. A second folder, F-253, offers tips on managing dairy heifers and dry cows to make the dairy operation more profitable. Feeding, management and health are topics covered. The folder points out that heifers ready to go to work at freshening time are an asset to any milking herd.

In the third folder, F-254, "Raising Calves to Improve the Dairy Business," dairymen will find suggestions on preparing the cow for freshening, handling her at calving time, feeding the young calf. Successful calf raising results in more calves to choose from for upgrading the herd greater income from calf sales, herd replacements when they are needed, no cash layout for herd replacements and no danger from buying disease troubles.

All three folders were written by Donald Hillman, extension dairy specialist at Michigan State University. Cows getting silage free choice still need at least eight to 10 pounds of dry hay every day. Cows need at least 2 1/2 pounds of dry matter for each 100 pounds of body weight to maintain milk production and body weight. They will not get enough dry matter from silage alone.

Grass silage that is poorly preserved may be unpalatable and as a result cows will not eat a lot. In such cases, Donald Hillman, Michigan State University dairy specialist, recommends dairymen feed additional hay or grain to hold up milk production. You can figure that three pounds of 70 percent moisture silage contains about the same amount of dry matter as one pound of hay.

Corn silage is both a roughage and a grain. The grain part Reading club materials 88.21 Miscellaneous 22.62 TOTAL \$43,677.43

should be considered part of the total grain requirement. Eight to 10 pounds of well-cared corn silage will contain about one pound of grain. So, if a cow needs about 10 pounds of grain a day, she may be fed four to five pounds less grain if she is getting about 40 pounds of well-cared corn silage.

Dairymen should build the ration around roughage. Grain mixtures should be fed only to provide nutrients not supplied by the roughage. The idea of minimum tillage is one that has been receiving a lot of comment lately by Michigan farmers, and even tried by quite a few. But what does this minimum tillage have to offer for spring grain crops? Michigan State University soil scientist, Edward Longnecker, says that it is not only an expense saver, but research work is showing that yields are as good and sometimes even better than with conventional tilling.

Soil scientists at Michigan State University have compared various implements used for the first tillage operation. They tested not only the moldboard plow and disc plows, but also the disc tiller, auger tiller, disc harrow, rotary tiller, field cultivator and broad sweeps. And Longnecker says there is still nothing to compare with the moldboard plow as a primary tillage tool. And so, one-operation tilling needs only some smoothing or leveling implement, such as, a spike tooth harrow or rotary plow hooked behind the moldboard plow, for efficient tilling.

Hay mixtures of alfalfa, bromegrass and ladino clover make up the champion roughage crop on most of Michigan farms. In 1957, about one and a half million acres of alfalfa and alfalfa mixtures were grown for hay production in Michigan. State farmers liked these mixtures because they are high yielding and, providing the crop is harvested at the "right" time without weather damage, the forage is of top feeding value.

Iosco farmers buying seed now for spring planting will want to plan for more legumes in order to cash in on their top feed value. It is also not too early to or-

ganize the haymaking system to get high quality forage. Donald Hillman, extension dairy specialist at Michigan State University, says that a ton of hay or grass silage that is harvested at one-tenth to one-third bloom contains about twice as much protein and is 30 percent more digestible than a ton of the same crop that is left until full maturity before it is harvested.

Weather is something farmers have to keep an eye on. Generally, weather conditions are often more favorable for haymaking during mid-June. This is when hay should be harvested.

31 Students to Attend District Festival

Thirty-one persons from Tawas Area High School will attend the District Nine Solo and Ensemble Festival Saturday at Pinconning.

Calvin Gates, chairman of the festival, sent out the programs at the beginning of this week.

Due to the limited amount of restaurant space in Pinconning, hot lunches will be served at the school for the band students.

Besides Edward Rima and Richard Ferguson, there will be 12 other people going as spectators. The public is invited to attend and there is no admission charge.

Cards Defeat Fairview, 67-54

Whitmore-Prescott Cardinals defeated Fairview Tuesday night, 67-54, on the losers' home floor.

The Cards jumped to a 26-17 lead in the first stanza, but Fairview closed the scoring gap in the second quarter with a 16-8 bulge.

The second half found the Cards putting the game on ice with quarter scores of 14-12 and 19-9 in their favor.

Scoring leader for the Cards was Goupil who meshed 29 points. He was followed by St. John with 17 and Graham with 12.

The Card reserves lost to Fairview, 40-31, with K. Thayer pacing the winners with 10 points and Fuerst, the losers, with nine.

Garden Club Members Hear Talk on Seed Catalogs

Mrs. Mary Nemeth, president, conducted the February meeting of the Tawas City Garden Club, held at the Isoco County Building.

Representatives were chosen to attend a lecture at the Federal Building, East Tawas, given by Fred Widmeyer, specialist in horticulture, Michigan State University, February 4.

Mrs. Walter Schuhmacher and Mrs. Ernest Ross provided the meeting program.

Mrs. Schuhmacher's topic, "Seed Catalogs," pointed to the fact that they are important, interesting Americana; that they are actually records of American gardening, listing new seeds, plants and current methods throughout the years.

The first seed catalog was printed in Europe 200 years ago. In America, the first catalog was produced by Bernard M'Mahon in 1804, consisting of a simple list of plants.

In 1865, seed firms began to make catalogs with woodcuts and lithographs. Illustrations were colored by hand.

A. B. Morse Company began horticultural printing in 1910, using four-color illustrations. Kodachrome, in 1940, changed the text of catalogs considerably.

They became indexed, more colors were used and much larger editions were printed.

Two poems, "Package of Seeds" and "In the Garden," were read.

Mrs. Ross reviewed vegetables as a source of vitamins and minerals and led a discussion by the members.

Typing Class Will be Organized Tuesday

A class in beginning typing will be organized on February 11 at Tawas Area High School. This class is open to those people who have had no typing instruction. A class will be organized at a later date for those who wish to "brush up" on their typing skill.

Please do not enroll in the February 11 class if you have had typing before.

Beginning typing class will meet from 7 to 9 o'clock Tuesday nights and is a six-week course.

Adult driver training will organize sometime in March. If you are interested in this class drop a post card to: R. Deloria, Tawas Area High School, Tawas City, before February 25.

The next rehearsal will be Tuesday, February 11, at 7:30 p. m., at the high school cafeteria.

At the close of the meeting, Mrs. Paul Sutton served refreshments.
