Traffic Safety to be Discussed at P-TA Meeting

Walter Eaton, executive secretary of Michigan Inter-Industry Highway Safety Committee at Michigan State University, will be the guest speaker at the Tawas Area P-TA meeting Monday, January 20, at 8:00 p. m. at the high school gymnasium. Traffic safety and what parents can do to help will be the topic discussed by Mr. Eaton.

Holland Closes for Vast Remodeling

John Pinter, manager of the Holland Hotel at East Tawas, announced this week that as of Sunday, January 19, the hotel would be closed for extensive remodeling. Last night of business will be Saturday.

The hotel owners gave no indication when the business would reopen, other than stating that it would be "open as soon as possible."

Plans for remodeling the hotel have been contemplated by Mr. Pinter and his partner, Ard Richardson, during the past two years.

Port Gypsum Hearing Set for Today

A new lawsuit against National Gypsum Company, asking the court to restrain it from carrying out any further construction on Port Gypsum south of Tawas City, will be heard by Judge Herman Dehnke in Isoco County Circuit Court Thursday morning (today). The hearing starts at 11 o'clock.

The new bill of complaint requesting the restraining order was filed by attorneys for Dr. Malvern Obrecht, Arthur Johnson and the Rev. Fr. Robert Neuman, all property owners in the vicinity of the proposed installation.

This is an entirely new suit in the long legal battle which has been waged by the plaintiffs since the gypsum company announced its plans in 1956 for its proposed

lake shore loading facilities here and subsequent expansion of quarry operations in Isoco County.

Since receiving permission from the United States Army Corps of Engineers to go ahead with the project in December, National Gypsum Company has proceeded

RUTH E. MONTELIUS, artist of Circleville, Ohio, is shown delivering the first portraits of Indian chiefs she has been commissioned to paint for the Tawas Gallery of Historic Indians which is to be located south of Tawas City in the former Red Chief Restaurant. William Schetzen, formerly of Dayton, curator and owner of the gallery, is shown at right. Chief Tecumseh's likeness is at Mr. Schetzen's right. The gallery is scheduled to open in April.

Historic Indian Gallery to Open April 1 Near Tawas

A dream of many years is about to come true for an Ohio man, who is turning his hobby of many years into a business enterprise here at Tawas City. In April of this year he will open his Tawas Gallery of Historic Indians in the former Red Chief Restaurant.

William Schetzen of Dayton, Ohio, owner and curator of the gallery, has been a student of American Indian lore for many years. He has spent most of his vacations and off hours during past years collecting Indian relics, digging in burial mounds and studying historical data.

It was not until about a year ago that he was in a position to spend more time on his hobby, even though the event proved to be an unhappy experience.

In January of 1957 Mr. Schetzen was stricken with a heart attack and doctors advised him to quit his job. For 15 years he had trained managers for a chain of 62 restaurants in Ohio, a demanding job which required many hours of work, sometimes as much as 15 hours a day, and was placing too great a strain on his health.

After spending a few weeks in Florida on his doctor's advice, Mr. Schetzen and his wife returned to Ohio where the northern climate was more to their liking. Last fall during a tour through Michigan, Mr. Schetzen spotted an ideal location for turning his hobby in-

to a business just south of Tawas City.

This property was the location of the Red Chief Restaurant, which recently had gone out of business. It was just what he wanted—a large enough building for exhibiting his collection, room for a gift shop in front, room for living quarters in the rear and plenty of parking space. Work is now underway on the job of remodeling the building.

This gallery of historic Indians, or museum, will be something out of the ordinary. Mr. Schetzen has commissioned Ruth E. Montelius, an artist of Circleville, Ohio, to paint 22 life-size portraits of colorful Indian chiefs for his gallery.

The first 12 portraits now completed consist of Chiefs Tecumseh, Red Jacket, Quannah Parker, Straight-Crazy, Red Cloud, Yoholo-Misco, Joseph, Sitting Bull, Black Hawk, Geronimo, Osceola and Dull Knife.

Mr. Schetzen will incorporate a novel idea into his gallery. Instead of merely browsing through the exhibits, the visitor will be conducted through a special tour which will consist of a short, informative lecture on the American Indians and then a brief history portrait is displayed.

"We believe the visitor will leave with a better education—

every exhibit within the walls of the Tawas Gallery of Historic Indians will have authentic backgrounds," states Mr. Schetzen. "The trouble with most museums is that there is not enough information presented about the exhibits. The visitor leaves with many questions left unanswered."

By means of a tape recording made by Schetzen, visitors will reap the benefits of his many years of research learning interesting facts about the Indian civilization and culture, facts which usually escape the casual study.

B. W. Brooks Elected to Head Temple Association

The annual meeting of the Tawas Masonic Temple Association was held in the temple last Monday evening at which time an accounting was given of the activities and progress made during 1957. The best year since the first year of the organization was reported.

The following officers were elected to serve during 1958:

B. W. Brooks, president; C. F. Guyette, vice president; J. F. Mark, secretary, R. H. McKenzie, treasurer.

Michael Pinter Awarded Damages in Lawsuit

Michael Pinter, former Holland Hotel bartender, now of Midland, Florida, was awarded \$30,000 damages by a federal court jury at Bay City Monday in a suit against owners of the East Tawas Recreation.

Pinter lost an eye as result of a blow from a drunken man who came into the hotel where Pinter was employed in the spring of 1956.

Defendants in the action were Ralph, Paul and Marion Jackson, owners of the recreation bar, where Pinter alleged his assailant, LeRoy Jones, became intoxicated.

Dow Orchestra to Perform at School Sunday

Dow Symphony Orchestra, a fine 70-piece aggregation from Midland, will be presented in concert to the people of Tawas area and surrounding communities on Sunday, January 19, at 4:00 p. m., at the new high school auditorium.

The Tawas Women's League is bringing this group here as part of a program of cultural and civic improvement.

Dr. Wilford Crawford has directed this orchestra since 1951. At the present time he is the director of the Dow Symphony and the Dow Concert Band, accompanist for the Dow Male Chorus and organist and choirmaster for Midland's First Methodist Church.

He is a member of the American Symphony Orchestra League, the Michigan Civic Orchestra Association, the Music Educators National Conference and of the executive board of the Community Concerts Association of Midland. He has his masters degree in music from Northwestern University.

There will be donations of \$1 for adults and 60 cents for students. All proceeds are to be used for local charities.

BOB REYNOLDS SPEAKER AT WINTER SPORTS MEET

Bob Reynolds, sports director of station WJR in Detroit, will be the featured speaker at the mid-winter meeting of the East Michigan Winter Sports Council at Tawas on Thursday, January 16.

Council directors and guests from 21 ski parks and 32 winter sports communities in Eastern and Central Michigan are expected to attend, according to Fred Fletcher, council president of Bay City, who will preside at the noon meeting scheduled for the Holland Hotel.

Fletcher also stated that a report from the council's ski park safety code committee would highlight the business session.

"This committee was appointed to prepare a code of standards to be followed by ski park operators in an effort to establish and maintain high standards of safety in the operation of facilities at ski parks in the area," Fletcher pointed out.

E. D. Jacques to Head Up Tawas City Businessmen's Assn.

E. D. "Ted" Jacques was installed as president of the Tawas City Businessmen's Association at the weekly Thursday noon luncheon last week.

Other newly elected officers who assumed their duties last week were: Clarence Oates, secretary; George Ruth, treasurer; Arthur Murphy, vice president.

Walter Champion told the 23 members present that the Tawas Junior Chamber of Commerce had taken over operation of Perchville and explained what work had already been undertaken.

A treasurer's report indicated that the businessmen's association has \$161.49 in its treasury. Membership of the organization numbers 70 and there are 86 assessments.

Mr. and Mrs. James H. Leslie left Wednesday to spend several weeks in St. Petersburg, Florida, with their daughter, Mrs. George Robinson, and family.

SISTER RITA LOUISE, administrator of Tawas Hospital, discusses the hospital's annual report with Mrs. Mary Lynch, office supervisor.—Tawas Herald Photo.

1957 Was Another Busy Year at Tawas Hospital

The past year saw another busy 12-month period for personnel at Tawas Hospital, reports Sister Rita Louise, hospital administrator.

"Total number of patients admitted during 1957 was 1,679," Sister Rita Louise stated. This was an increase of 24 over the previous year's total of 1,655. The total did not include newborn babies.

Average daily census of patients at the hospital was 26.5. This figure is arrived at by dividing the number of patients by 365 days in the year. Average length of stay of each patient was six days, showing an increase over the 4.9-day average of 1956.

Percentage of occupancy during the year was 83, highest in the history of the hospital. This figure is determined by dividing the average census by the number of beds in the hospital (32).

"This percentage is about ideal for our facilities," states the hospital administrator. "When the percentage goes above 85, it means that many times during the year room has to be made in the hospital corridors for incoming patients."

There were 471 babies born at Tawas Hospital during 1957. This

was an increase of 82 over 1956. Total number of newborn patient days during the year was 1,679 and the average daily census of newborn patients was 5.1. Average length of stay for the newborn patients was four days, contrasting with 2.8 days in 1956.

In specialized fields, there was a total of 1,378 radiographs taken during 1957. This showed an increase over the 1,254 in 1956. Fluoroscopes and electrocardiograms numbered slightly less than in 1956.

Total number of patient days at the hospital, including newborn babies, was 11,577. In 1956 the total was 9,578.

Total number of out patients at the hospital during 1957, those patients who are treated by their family physician at the hospital but who do not remain, saw an increase over the preceding year. Included in this category were 1,081 emergencies, an increase of 160 over 1956.

There were 62 deaths recorded at the hospital in 1957. In 1956 the number of deaths was 41.

Tawas Hospital employs 80 persons, not including the five Sisters of St. Joseph. Payroll for 1957 was \$160,040.96.

REV. NELSON TO LEAVE FOR NEW MISSION AFTER EASTER

The Rev. Robert Nelson, who has been pastor of Grace Lutheran Church, East Tawas, and Hope Lutheran Church, Oscoda, for the past seven years has been called by the board of Augustana Lutheran Church to begin a new mission in Northwestern Flint.

He will take up his duties there shortly after Easter. He will have charge of Lenten and Easter services before leaving and also will confirm a class on Palm Sunday.

While here he has built up both churches to a large membership as well as an active Luther League in East Tawas and Oscoda. Under his direction, an extensive building program has been completed at both churches.

Since coming here seven years ago, the combined parishes of the East Tawas and Oscoda churches have doubled in number.

A special meeting of the congregation is called for Sunday, January 26, following services at Grace Lutheran Church, for the purpose of calling a new pastor.

DON PRINGLE GOES WITH ABITIBI CORPORATION

Don Pringle has taken a position in the sales department of Abitibi Corporation. The Northern Construction Company, of which Mr. Pringle is president, will continue to operate under the management of Deloise Durant and Charles Rouiller. Mr. Pringle will retain his interest in the local concern.

TC Council Approves Two New Subdivisions

Final approval was given to two new subdivisions in Tawas City last Thursday night at a special meeting of the city council.

Approved was the 97-lot North Park Acres Subdivision, owned by Elmer J. Burrell, and the 57-lot Huron Gardens Subdivision, owned by Mr. and Mrs. Victor Zaharias.

North Park Acres is located near the Tawas River bridge on the south side of M-55 while First and Fifth Avenues, north of the Tawas City athletic field, form

the east-west boundary of Huron Gardens. The two subdivisions adjoin each other.

North Park Acres contains the property which for many years was known here as "Moffatt's Woods." Several new homes have already been constructed there.

The property now named Huron Gardens was at one time the George A. Prescott Jr. farm.

Plans for the two new subdivisions are now awaiting approval of the state at Lansing. Final action is expected shortly.

SILVER VALLEY queen candidates met at the chamber of commerce building Monday night where they were interviewed by the winter sports committee. The four high schools of the county each selected two girls as candidates. From left to right are: Brenda Olsen and Marti Westcott, Tawas Area; Sherrill Scofield and Linda Holzheuer, Hale Area; Arlene Partlo and Jean Runyan, Whittemore-Prescott Area, and Gloria Welfton and Janice Schroeder, Oscoda Area.—Tawas Herald Photo.

Reorganize Young People's Fellowship

The Young People's Fellowship of Christ Church was reorganized on Sunday, January 12, with the following young people elected as officers: President, Darrell Lomas; vice president, Robert Cable; secretary, Mary Ellen McMullen; treasurer, Frank Clark.

The program of the fellowship was explained by the Rev. Paul E. Sutton, rector, and divided into the following areas of activities with one young person to head each group: Christian Faith, Julie White; Christian Witness, Robert Donley; Christian Outreach, Mary Jo Agee; Christian Citizenship, Nancy Pollard; Christian Fellowship, Paul L. Sutton.

The young people voted to sponsor a pancake supper at the parish hall on Shrove Tuesday, February 18, the day before Ash Wednesday, the first day of Lent. The supper will be served from 5:30 to 7:00 p. m.

All the young people of the church who are 12 years of age and over are urged to attend. And any young person who is without a church home is invited to attend the meetings each Sunday evening at 6:30 o'clock.

The time to start your new Christmas saving plan, or old age saving plan, is now; you will never get to it by planning it for a future date.

New Officers Begin Work

The new officers of the Grace Lutheran Ladies Aid began their work for the year last Thursday evening at a meeting at Grace Lutheran Church with Mrs. Wayne Vaughan presiding.

Devotionals were led by the Rev. Robert Nelson and were in keeping with the theme of the program on "Praying Women." Two film strips, "Women Praying Together" and a missionary film, were shown.

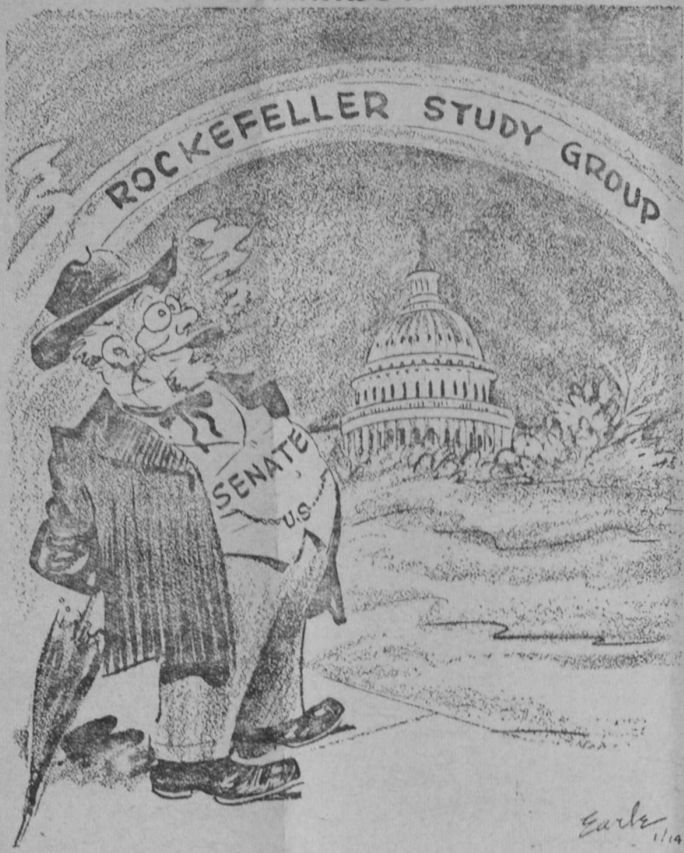

Plans were made for the Eastern Michigan League Winter Retreat to be held in East Tawas in February. The ladies also planned to have a drinking fountain installed in the church. The president named the committee for the year and a tentative year's program of events was given.

Refreshments were served by the officers of the aid, Mrs. Vaughan, Mrs. Earl Hester, Mrs. Richard Harwood and Mrs. Hope Rescoe. The table was decorated with pink candles and a center arrangement of a miniature wheelbarrow filled with plants.

CHRISTIAN SCIENCE—

How spiritual understanding of God, divine Life, increases happiness and longevity will be brought out at Christian Science services Sunday.

Readings from the Bible in the lesson-sermon on "Life" will include the following (Proverbs 3: 13, 16): "Happy is the man that findeth wisdom, and the man that getteth understanding... Length of days is in her right hand; and in her left hand riches and honor."

Correlative passages from "Science and Health with Key to the Scriptures" by Mary Baker Eddy will include the following (487:27): "The understanding that Life is God, Spirit, lengthens our days by strengthening our trust in the deathless reality of Life, its almightiness and immortality."

The Delray 4-Door Sedan. Chevy's the only car in its field with Body by Fisher and Safety Plate Glass all around.

It's one of Chevrolet's dollar-stretching Delrays!

The handsome Delrays are the lowest priced of all the low-priced Chevrolets. And they're full-size Chevrolets—wider, lower and nine lively inches longer. In size, in style, in fine details and construction, no other car priced so low gives you so much!

When you're thinking about buying a car because of its extra-low price, there are two things it pays to watch for. First, be sure you get full measure when it comes to size. Don't settle for a cut-down bargain model. Second, be sure you get all the equipment and conveniences that you'd normally expect to be standard in a car.

Chevrolet's Delray models are the lowest priced in the line. But they're full-size Chevrolets—and they're equipped to do you proud. Nothing else near the price has what's in this package. See and drive this big beauty soon at your Chevrolet dealer's!

Isosco Contributes \$1,097.19 in TB Campaign

Contributions to the 1957 Christmas Seal drive from Isosco County residents are ahead of last year's total, the Michigan Tuberculosis Association said today.

J. Irvin Nichols, executive secretary of the voluntary TB association reported that county residents have contributed \$1,097.19 compared to \$773.50 in 1956.

Nichols said that there were many new contributors from the county but added that some of the regular supporters of the TB fight had not yet been heard from.

"Each January we find that some regular contributors have not sent their donations. Some have forgotten or were out of town in November. Others postpone giving because of the heavy pre-Christmas expenses. But it is never too late to send your contribution to fight TB," Nichols said.

In the 62 counties where the state TB association conducts the Christmas Seal sale, 90 percent of last year's total of \$147,535 has been raised.

"Ten new cases of tuberculosis every day in Michigan warn us that this greatest of the communicable diseases is still a threat to everyone," he said. "Christmas Seal dollars, whether they were given in December or are sent in now, will work all year to see that the fight against TB continues."

The TB executive thanked county residents who have contributed. He said hundreds of "wonderful letters," have been received by the MTA with contributions. While all the letters cannot be answered, Nichols said he wanted everyone to know they are sincerely appreciated.

Representatives of Social Security Here January 23

Representatives from the Bay City Social Security Office will be at the Federal Building, East Tawas, Thursday, January 23, from 10:30 a. m. to 12:00 noon. Persons wishing to make application for benefits or desiring information should call on them.

"Many residents of the area will find it necessary to file an annual report of earnings with the Social Security Administration," stated Paul M. Ellifritz, manager of the Bay City district office. The social security law provides that beneficiaries who earn more than \$1,200 a year in wages or from self-employment must file an annual report by April 15 of the following year. Many beneficiaries in the area have earned more than \$1,200 in 1957.

The report is compulsory for all beneficiaries who made more than \$1,200 in 1957, and failure to file a report may result in the loss of some future benefits. Persons who receive checks as payee for someone else must file a report for that person if one is due. A beneficiary need not file a report if he earned less than \$1,200 in 1957 nor need he file a report for any year after he reaches age 72.

If during the year a beneficiary reported that he was working and expected to earn more than \$1,200,

Literary Club Plans Anniversary Dinner

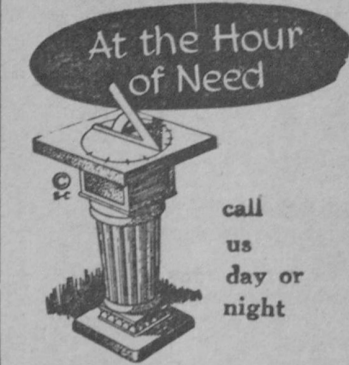

The East Tawas Ladies Literary Club met at the club rooms Wednesday afternoon, January 8. Mrs. Terrance O'Loughlin, president, was in charge of the business session. Plans were made for the 73rd anniversary pot-luck dinner to be held at Christ Episcopal Parish Hall, Wednesday, January 22, at 6:30 p. m. Members are requested to bring their own table service.

A program is planned featuring the art work of four Tawas Area School students who have been chosen to take part in the contest for scholarship at Interlocken. Lloyd Souci, their instructor, will attend. The club sponsors the Penny Art Fund Project in connection with art work at Interlocken.

The program chairman last Wednesday was Mrs. Clarence McMullen, who presented a program on the work of the county library. A panel discussion was given with the following ladies, connected with the library, taking part: Miss Clara Bolen, moderator; Mrs. Stuart White, Mrs. Fred Lomas and Miss Leonora Hass. The ladies presented informative discussion on the different types of books circulated, the amount of books circulated in this area, method of obtaining funds and the workings of the Bookmobile. One important fact brought out was that the circulation of

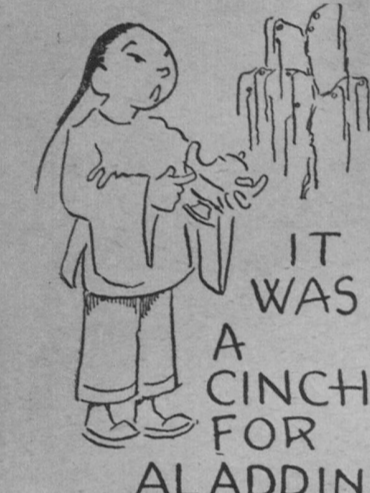

books by the adult group is not as high as it should be and the question of how to stimulate interest among adults toward greater circulation.

Hostesses who served refreshments were: Mrs. Blanche Carlson, chairman; Mrs. E. J. Butler, and Mrs. McMullen. The table was centered with an arrangement of yellow candles, tiny ducks and green vines.

One call—and our staff is ready to take care of all burdensome details and arrange a beautiful memorial service.

By Earl Haight, NEM Conference Secretary

With Tawas Area running into a cropper at Standish when they lost to that quint in an overtime battle, 59-53, Houghton Lake took undisputed possession of the top rung in the Northeastern Michigan Conference basketball race as they kept their record spotless with a 74-36 win at Beaverton. West Branch moved into a tie with the Braves by dumping Sterling, 53-18, while Roscommon was handing Eastern a 68-29 loss and Pinconning turned back Gladwin, in the closest regulation game of the night, 66-53.

Top point-getter of the night was Dennis O'Keefe, Golden Arrow forward, with 26 on nine from out court and eight from the charity line. The Laker's Dave Lee, high scorer for the league, picked up 22 on a seven and eight count to increase his season's total in conference play, to 149. Tawas Area's Ray Guyette, the runner-up, had 15 to total 114 but was getting competition from O'Keefe as the Standish senior moved into contention with 11. Third man to hit in the 20s was Forward Jim Papefus of Roscommon, who had nine and two for 20.

A double round of games is set for this week, with a full slate on Tuesday and Friday nights. On Tuesday evening, Beaverton was at West Branch, Roscommon at Houghton Lake, Eastern at Tawas, Sterling at Pinconning and Gladwin at Standish; for Friday's play: Pinconning at Beaverton, West Branch at Roscommon, Houghton Lake at Tawas, Standish at Eastern and Gladwin at Sterling.

The Lakers found Beaverton troublesome in the first period building up a two point margin with a 13-11 count, but a 20-4 tally in the second quarter gave the top team all the bulge needed as after a 33-15 half-time lead, they swept to a 25-7 and 16-14 third and fourth stanza marks to rack up their sixth victory in conference play and seventh for the year.

Lee's 22 points topped both

clubs with Guard Pat Marts and Forward Dick Rochon, both of the winners, next in line with 18 and 17. Both had seven field goals, but Marts added one extra free throw to lead Rochon. Big man for the losing five was Pat Kalahar, forward, with six and one for 13. The Bobcat's JV squad kept its record intact by winning the preliminary contest, 54-29, with Center Virg Kemp on top with 12.

West Branch had little trouble in disposing of Sterling as they led off with a 10-6 first quarter count and held the losers scoreless in the second period while racking up 11 to take a 21-6 in-terstanza margin. A 10-3 third stanza tally increased the bulge and a wild 22-9 last quarter score put the game away and left the Orioles in a strong challenging position.

The winners had a balanced scoring effort with Barry Hughes on top with 10. The losers failed to have a man in double figures. In the preliminary contest, West Branch topped the Sterling JVs, 48-26, with Steurnol and Walsh leading the way with 11 and 10 respectively.

Roscommon jumped to a 20-7 lead in the first quarter and held a 38-19 margin at half-time. Holding the losers to scoring by free throws in the second half, the Bucks kept their hopes alive for a share in the conference togo, looking ahead to their big games with Houghton Lake and West Branch this coming week.

The 20 points scored by Papefus was high for both outfits with Guard Elmer Hollenbeck of the Eagles in second place with 12 on four and four. Guard Keith Hanna of the winners also counted with 10. Roscommon took the reserve contest, 45-30, as Hiborn and McNeil had 17 and 14 for the winners while Brown had 13 for the losers.

In a free scoring contest, Pinconning took the measure of Gladwin in the first three quarters of play and fell behind in the last period, but not enough to lose the lead built up. A 14-8 and 18-12 first and second period count gave the winners a 32-20 half-time lead which they increased with a 21-13 third stanza tally. The Flying G's came back to take the final quarter's scoring at 20-13.

Center Gary Kinsey led the winners with seven and five for 19 points while Wayne Moon, forward, led the losers with seven and two for 16. Forward Kent Guske and Guard King had 16 and 15 for the Spartans as Rod Kigar tossed five from the field for 10 points for Gladwin. Gladwin split the night's play by taking the JV contest, 42-41, as Wheeler had 16 for the losers and Jungman had 10 for the winners.

Braves 5-Game Streak Stopped by Standish

Standish High School assumed its frequent role as "spillers" of the Northeastern Michigan Conference last Friday night when the Golden Arrows dropped Tawas Area from the undefeated ranks, 58-53, in overtime.

Although the Braves led 31-24 at half-time, cloth for the final score was cut in the initial quarter when the Arrows topped the then undefeated Tawas quintet, 15-13.

Tawas Area bounced back in the second quarter to nudge the Arrows 18-9, but the Braves were out-scored in both the third and fourth quarters, 12-10 and 15-10.

At the final whistle in regulation time the score was knotted at 51-51. In the overtime period Standish meshed seven points to the Braves two.

This was the second time this season that the Arrows have knocked off an undefeated team.

Earlier in the season the Bucks from Roscommon, at that time tied for top league honors, fell before Standish.

Tawas Area, hot all season on free throws, actually lost the game on the free throw line. The Braves completed 11 of 24 charity tosses for less than a 50 percent average. On the other hand, Standish made good on 18 out of 27 free throws for a 66 percent average.

Although Tawas had three men in double figures, it had no players to match the Golden Arrow's one-man gang in Dennis O'Keefe. O'Keefe took the high honors with 26 points with teammate, Center Dean Converse, lending a helping hand with 18.

Center Ken Bublitz was high for the Braves with 17 points on

eight and one while Ray Guyette had 15 and Dick Lanski scored 13. The Braves will have their work cut out for them Friday night when they tangle with the Houghton Lake Bobcats at the Tawas Area auditorium. Due to the conference schedule, this will be a solo meeting between the two teams this season.

Tawas Area's JV squad continued in its winning ways by dropping Standish, 52-28. The undefeated Junior Braves took a 14-6 lead in the first quarter and were never threatened during the rest of the game.

Both teams had identical records on the free throw line with an average of 66 percent. Tawas Area fared better from the field with 39 percent, as compared to the 20 percent completions for Standish.

Brackenbury of Tawas led his mates with 16 points, followed by Ulman with 10. Koelsch topped Standish with 10 points.

Cardinals Take 2 Games From Hale

Whittemore-Prescott Cardinals took two games from the Hale Eagles Friday night at Hale. The Card varsity won a tough, 54-40 decision after the reserves took a 39-27 nod.

The varsity game was a see-saw affair with the lead changing hands several times in the first half with the score even at 23-23 at half-time.

St. John and Graham put the Cards ahead early in the second half, 29-23, only to have Dorsey and Redmond tie it up again at 39-27.

Whittemore-Prescott Area Cardinals defeated Fairview twice Tuesday night, the Card varsity winning, 59-39, and the reserves topped Fairview's quintet, 19-9. Next game will be at Sterling January 21.

29 each. Goupil put the Cards ahead to stay with a field goal and a charity toss, 32-29.

With Kruse out on fouls most of the last half, the Eagles were unable to hold down the Cards who built up a safe lead in the last quarter to win going away.

The reserve contest was another close affair until the last quarter when the Cards chalked up most of their 12-point margin. Soper played an outstanding game for the Cards with 16 points to his credit, most of them on a fast break ahead of the entire Eagle squad. Rehil showed a lot of promise with 10 points for the losers.

The Cards have won four games from Hale in three days: The girls team won 28-13 with Gloria Siegrist scoring 16 points, and the junior high boys also topped Hale, 19-13, at Prescott Wednesday night.

MARVIN DAVENPORT SAYS—

Farm Policy Workshop Brings Out Startling Farming Facts

The recent farm policy workshop brought out some startling facts. We learned that in 1940 each American farmer was supporting himself and seven other citizens. In 1957 that one American farmer is supporting 21 other citizens!

We have 4,800,000 farmers in the United States. Over 1,000,000 of them are part-time farmers. Contrary to the thinking of many, these part-time farmers are not the major cause of our surplus problem. These part-time folks contributed only two percent of the agricultural products sold.

How many acres of agricultural land are removed each year by roads, highways, factories, etc.? One million acres! But each year an additional 1,000,000 acres are reclaimed, such as flooding and draining done in the West.

The farmers present learned the various methods proposed for farm supports. After learning about these from Michigan State

University specialist, Gar Wood, the fellows got into small groups and discussed the question, "What is the best method of supporting farm prices?"

The farmers present came to the conclusion that we are raising more and getting less with flexible support prices. In other words, farmers compensate for the drop in price of a commodity by growing more per acre or more acres.

At the February 6 meeting, these farmers conclusions will be reviewed. This group presented a good idea, but the explanation of it will be forthcoming at a later date.

The farm problem is an ever present one and serious. From 1951 to 1955 farm income dropped 31 percent. Our national non-farm income has gone up 45 percent. The squeeze is on the farmer and has been for a good many years.

Those present at the last farm policy meeting included: Martin Siegrist, Adolph Siegrist, Harold Hammond, Waldo J. Curry, James Sturtevant, Herman Drengberg, Charles Timreck and Warren Britt. I would suggest that some of our organizations in the county get some of these fellows over to a meeting to tell you the things they have learned.

The possibility of producing charcoal in small kilns in Michigan, either as a full-time or part-time venture, has become of considerable interest to many farmers, sawmill operators and others during the past year. Many inquiries have been received, and the department of forest products has initiated a research program in order to offer competent guidance to all such interested persons.

Although, at the present time, an opportunity does exist for the production of charcoal in small kilns in Michigan, the picture is not quite so bright as some people believe.

The purpose of the January 30 meeting is to bring together a number of experts from Michigan and other states so that all interested parties here in Michigan will have an opportunity to obtain the latest information about the production and marketing of charcoal, and thus be in a better position to decide whether or not to enter this field.

The meeting will be in Room 103, Kellogg Center, Michigan State University, East Lansing. A special program to discuss the role of gibberellin in agriculture has been set up for Farmers' Week at Michigan State University, January 27-31.

Gibberellin is the much discussed chemical that causes many plants to grow two to five times faster than normal and flower earlier.

At a Wednesday afternoon session, Michigan State University staff members from the department of horticulture, farm crops and forestry will tell about their research with gibberellin. Effects and potential applications of the growths stimulant on flowers, ornamentals, sugar beets, corn and forest crops are to be discussed. A question period is also scheduled.

The gibberellin session is one part of the program being planned for Farmers' Week by the department of horticulture. On Tuesday, M. B. Hoffman, professor of pomology at Cornell University, will relate his recommendations on chemical thinning of apples and peaches. Hoffman was one of the first horticulturists in the country to work on chemical thinning.

Other Tuesday program topics include reports on new strains of red apples, fruit spray programs, efficient fruit handling, plastic mulches and plastic greenhouses.

High points of the Wednesday horticultural program will be reports on research that may solve some of the production and cultural problems in growing cucumbers and melons. New varieties, beetle control, disease control and new methods of packaging are some of the subjects at this session.

Another Wednesday program will deal with the changing strawberry situation. Talks will cover costs, yields and insect control.

Tuesday and Wednesday are "Ladies' Days" in the horticultural program. On Tuesday, propagation of ornamental plants will be discussed while Thursday's program will cover fruit production in the home garden.

Our DHHA tester, Clarence Carpenter, sends his report for December 1957 as follows:

Whittemore Boy Wins Certificate of Merit

Announcement has been received that James Dobson of Whittemore has been accepted as a junior member of The Holstein-Friesian Association of America, Brattleboro, Vermont. He was eligible to become a junior member of the organization for having done satisfactory dairy club work with registered Holsteins and was recommended by Lucien Hatfield, vocational agricultural instructor.

Receipt of a certificate of merit and a Holstein junior membership entitles Dobson to all of the privileges of the association, except voting. Over 23,000 young people in the 48 states have participated in the junior program of the Holstein association since it was founded in 1923.

TRAINING IN ARMY

The armed forces give top priority to training for high school graduates. In some cases, young men with below-average educational qualifications will not even be accepted for enlistment.

Thursday, January 16—Washer-Dryer School, Standish, 10:00 a. m.-3:30 p. m.

January is the month when families begin to pull together the facts and figures about income and expenses. This we do in preparation for that annual report to the Internal Revenue Department known as the income tax report. More recently we include along with it the social security tax report.

Here at the Cooperative Extension Service office you may get copies of the various tax reporting forms, if you have not received what you need in the mail. If you have questions, we will do our best to help you locate answers. Do not wait until the last minute, though, because you might find a line of other folk with the same idea!

Other valuable aids to tax reporting, as well as the information about where your money goes, are account keeping books. These, too, we can supply at our office. There are account books for the homemaker or family with a salary income. Also, we have account books for the farm business. Come in and see us. We will do all we can to give you information and assistance in keeping accounts and preparing tax reports.

By the way, do you have a birth certificate? Does every member of your family have a birth certificate?

This is a most important piece of paper on many occasions to prove your age or citizenship. This proof is often required before life insurance and social security benefits are paid.

Should you not have a birth certificate, substitute proof which may be accepted may be found among these records: Hospital record of birth, report of census bureau, an affidavit from physician or midwife attending the birth or from older relatives or friends who remember the event, certified copies of family Bible entries.

The homemakers' section of programs during the coming Farmer's Week at Michigan State University, January 27-31, has very interesting topics:

Tuesday—Use of Color in the Home, World Neighbors and World Understanding.

Wednesday—Your Home Grounds, Living with Our Differences.

Thursday—Home Mechanization (new equipment), Dress Revue (student costumes).

A copy of the complete program telling when and where meetings are to be held is available at the Cooperative Extension Service office upon your request.

Needlecraft News by Nancy Baxter

Can you remember the first time you saw place mats on a table? They have become increasingly important, and rightly so, to the modern housewife. They add color, distinction, and a gay note of informality to table settings. They are also great time-savers, in a way that no machine can match. Beautiful dinner and luncheon cloths will never go out of fashion, but place mats have definitely come into their own as a part of today's household conveniences.

TIME WAS

Man's age-old struggle for progress has, among other things, developed many number of time-saving devices. We are inclined to take all of these for granted because our life today is geared to high speed and complexities. It is only with nostalgia and romanticism that we sometimes think "those were the good old days." Those were the days without frozen foods, electric irons, can openers and ready mixes. In this country, at least, no matter where we live, TIME can only be spelled in capital letters. That accounts, also, for the importance and popularity of hobbies—whether it be stamp collecting, bird watching, or home carpentry. One thing that has never changed, however, is the popularity of needlework as a hobby. Women have always realized this—instantly, perhaps—and we don't need any words like "therapeutic" to convince us that needlework is relaxing, stimulating, and creative.

BACK TO PLACE MATS

As we started out to say, place mats are great time savers for the housewife. They are also attractive, practical, and fun to make. The maple leaf design shown here is an example of the great variety of mats you can make for your home. It is crocheted of white or spangled cotton and is simple to make. If you would like directions for making this MAPLE LEAF place mat, simply send a stamped, self-addressed envelope to the Needlework Department of this paper with your request for Leaflet No. 126.9.

Alcona Winter Sports Round-up Opens Tomorrow

On January 17, 18 and 19, the annual Alcona County Winter Sports Roundup and General Hunt will take place with activity headquarters in Lincoln.

Highlighting the three-day festival will be the coronation of the Alcona County winter sports queen that will take place at the queen's ball on Saturday evening, January 18, at the Lincoln Memorial Building.

The winter sports roundup will feature ice fishing contests at lakes throughout the county with prizes to be awarded at the queen's ball, according to Ron Gamble, president of the Alcona County Chamber of Commerce, sponsor of the festival.

Gamble also said that prizes will be awarded for the biggest bobcat and fox taken by hunters during the festival. Hunting guides with dogs are to be provided for the general hunt that will have its headquarters at the Memorial Building in Lincoln.

Special Awards Given for 4-H Club Accomplishments

By DOROTHY SCOTT
Home Demonstration Agent

Shelia Dodson, Peaceful Valley 4-H Club reporter, tells about the special county pin awards made to members of their 4-H Club. These awards are recognition for outstanding accomplishment in the 1957 4-H Club year.

Says Shelia, "County awards were presented to Verna Kay Wehrman for clothing, Terry Hartley for gun safety, Donna Coates for canning and Joyce Coates for recreation leader and junior leadership."

Reno Topnotchers 4-H Club members were busy planning a bake sale when I visited them on Thursday evening last week. The girls are planning clothing projects to begin this week. Plans to take the girls on a shopping trip to select materials and patterns were being discussed.

Certificates of achievement, calendar year pins and special county award pins were presented the members completing in 1957.

4-H Club members about to select a project for the next three or four months are reminded of the new series called, "Personal Improvement."

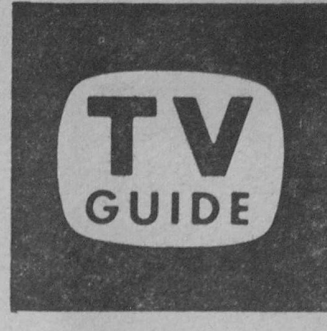

To learn more about these projects, talk with us.

WASTES WATER

The Agricultural Research Service says agriculture is wasteful of water.

Its studies were said to show that not more than a third of all the water diverted from streams for irrigation actually reaches the root zones of crops. They were said to show also that in humid regions where farmers depend on rain, at least a third of the water is lost as run-off.

"We must find ways to save and protect water," a report said.

ENTER RED CHINA—Three American mothers of prisoners in China, Mrs. Mary Downey, New Britain, Connecticut (leading), Mrs. Ruth Redmond, Yonkers, New York, and Mrs. Philip Fecteau, Lynn, Massachusetts, cross the border from British Crown Colony of Hongkong into Red China as a Red officer in uniform (background) watches.

CONFERENCE—Lt. Gen. James M. Gavin, army missile chief, told the senate preparedness subcommittee in Washington, D. C., that his decision to retire "is final." The decision was announced by Chairman Lyndon Johnson (left), shown conferring with Gavin after a lengthy session of the subcommittee at which Gavin was urged to reconsider. The recent successes announced by the Pentagon after the firing of the Atlas and the Navaho missiles may have some effect upon General Gavin's decision before his retirement comes up.

QUITS UNITED STATES RED PARTY—John Gates, editor of the American Communist Party newspaper, the Daily Worker, announced his resignation from the party after a 27-year membership. His resignation came after the announcement that the Daily Worker has suspended publication, Gates said he was stepping down because the party had become an "impotent political sect."

A PRELIMINARY SKETCH of the Michigan Indian Ceremonial stadium at Chapel Lake is shown here by the Rev. O. James Crews of Detroit. Plans for this summer spectacle were outlined to the Isosco County Board of Supervisor Monday.—Tawas Herald Photo.

Plans Outlined for Indian Ceremonial at Chapel Lake

If the Rev. O. James Crews of Detroit has his way about it, Isosco County will be more than just a little spot on the vacation map. He predicts great things to come from the Michigan Indian Ceremonial which is to be located at Chapel Lake, about nine miles west of the Tawas.

Although some information has been heard here during past months about plans for this "Indian Spectacular," it was not until Monday of this week that the full magnitude of the project was brought to the attention of the Isosco Board of Supervisors.

Mr. Crews addressed the board Monday morning and outlined plans for the entire project, asking for advice from the supervisors on a number of matters.

He told the board that the project is being financed by the Mother Church of the Temple of Light, a non-profit Protestant religious organization with which he is affiliated. "We are not asking for financial assistance from the county on this project," said Mr. Crews, "we are only asking for the moral support, good will and cooperation of the county in publicizing this spectacular."

Plans for the project include construction of a 5,000-seat open air stadium on the shore of Chapel Lake, privately owned by the Temple of Light. The property, formerly owned by James H. Leslie of Tawas City, contains 160 acres of fenced woodland with the lake situated about one-quarter mile in the interior.

The stadium is to be built on a side of a hill which slopes down to the lake. About 30 feet offshore a 120 by 50-foot stage is to be built over the water on piling. To be operated from late June until Labor Day, this "island stage" is to be the scene of nightly performances of Indian ceremonials, dances, dramatic plays of Indian lore, exhibitions and music for the entertainment of vacationers in this area.

Mr. Crews said that Chief Blue Cloud (Whitney Alberts) of the Indian reservation near Oscoda had been contracted to head up the Indian organization.

"We can make Chapel Lake a regular playland for the Tawas and surrounding area," stated Mr. Crews. "Designed much as a Broadway spectacular, the productions of the Michigan Indian Ceremonial have prospects of being one of the greatest tourist attractions of the state."

Construction work is now under way on the project. The spring-fed lake in beautiful, open woods was dredged last summer and plans include eight buildings.

"We got the germ for this idea about three years ago after visiting a similar ceremonial in Wisconsin," state Mr. Crews. "After exploring all factors at Chapel Lake two summers ago we decided that this would be an ideal location."

The project was given approval by the board of supervisors Monday. The county is to erect suitable signs on highways giving directions to Chapel Lake. The lake is located on a continuation of the Plank Road in Grant Township.

Appearance of the exterior of the building will be enhanced by shadow boxes containing busts of Indian chiefs placed on the roof. Two larger than life-size statues of Indians will be located at the front of the building.

The enthusiasm shown by Mr. Schetzen for his long-dreamed-of project is shared by many local persons who have visited the gallery. It should prove to be a great attraction for tourists, as well as local residents, and will furnish another point of interest in this area to attract still more visitors.

Mrs. John McCormick spent the weekend in Saginaw.

1957 Saw Increase in Number of Prisoners

A slight increase in the number of persons confined at the Isosco County Jail during 1957 over the total of the preceding year was recorded this week by Sheriff Ivan L. O'Farrell. In his annual report to the board of supervisors, O'Farrell's report revealed that 500 persons were confined in jail during 1957, an increase of 13 over 1956.

A breakdown of the total was as follows: Felonies, 96; prisoners held and turned over to other departments, 39; delinquent children, 27; lodgers, 32; prisoners returned from out of state, three prisoners returned from other counties, 16.

The balance of the inmates confined for misdemeanors, numbering 306 persons. Most of these were for drunk and disorderly conduct, furnishing beer to minors and minors in possession. Most of the felonies were for grand larceny, breaking and entering and car theft.

Revenue turned into the county treasurer by the sheriff's department amounted to \$13,065.37. This amount included \$2,633 in drivers license refunds from the secretary of state; fines from sheriff department arrests, \$4,869.40; costs from sheriff department arrests, \$293; dog tax collected, \$269.50; circuit court civil paper fees, \$256.80.

There were seven violent deaths in Isosco County during 1957. Causes and totals were as follows: Drownings, three; traffic deaths, two; suicides, one; gunshot, one.

"The total of deaths by drowning was about normal," stated Sheriff O'Farrell. "Traffic deaths were the same as in 1956, a little below the state average. There were no murders in 1957. In 1956 there were two."

There were more than 300 liquor inspections made by the sheriff's department during 1957. The number of tavern and SDD licenses remained the same as last year.

The sheriff's department inspected 586 boats in Isosco County during 1957. Ninety-four percent of the boats were found in good condition, pursuant to the laws and regulations of the state waterways commission.

The sheriff's department traveled a total of 51,000 miles during 1957. This total does not include part time deputies or the deputies of Oscoda Township.

Traffic detail included: Traffic summons issued, 272; criminal summons, 38; traffic accidents investigated, 128; complaints of all kinds investigated (office only), 2,684; prisoners transferred to Jackson Prison, five; number of tourist cabins inspected, 1,500; traffic accidents reported, 145; number of persons injured, 42.

General office routine included issuing 3,653 operator and chauffeur licenses, registered 575 guns, 560 sets of fingerprints taken, 15 civil defense meetings attended, served 105 civil papers (circuit court), 148 justice court papers served.

Meals served prisoners at the county jail numbered 7,422 during the year.

There were 364 dogs shot and destroyed in the county by the sheriff's department during the year. This was a drop of 22 over the previous year in which 386 dogs were destroyed. The department's dog tax collection, \$269.50, was considerably lower than 1956 when \$331 was collected. The sheriff attributed the cause of this to the campaign which was waged by his department to rid the county of stray dogs.

Approximately 500 blankets were washed at the county jail by inmates under the trustee system. "At least 10 percent of the prisoners can be relied on to work," states O'Farrell. "Trustee labor was a major factor in helping to keep the building clean and two of the better type helped us to check tourist cabins."

Mrs. Muriel Greve
Mrs. Muriel Greve, 73, of Hale died Monday at the Bay Osteopathic Hospital, Bay City, after a lingering illness.

Born in Garfield, April 29, 1884, she had lived in Hale for 36 years. She was married to Adolph Greve August 4, 1902, in St. Charles. He died five years ago.

She was a member of Hale Baptist Church and a charter member of Chapter 482, Order of Eastern Star, as well as Hale Grange and Dorcas Society.

Survivors are: Four sons, Fritz of Washington State, Robert of Saginaw, Richard of Flint and Rodger of Hale; five daughters, Mrs. Nora Johnson of Flint, Mrs. Olive Holzheuer of Hale, Mrs. Belle Follette of Detroit, Mrs. Edna Getchel and Mrs. Wanda Runyan of Bay City; 40 grandchildren; 22 great-grandchildren; a brother, Harlan Burr of Saginaw.

Funeral services were held Wednesday afternoon at the Hale Baptist Church with the Rev. John Kerr and the Rev. James Duthie officiating. Burial was in Evergreen Cemetery, Hale.

J. Atlee Mark of Saginaw is spending a couple of days this week with his sister, Miss Ferne Mark.

Young Men Must Register for Draft on 18th Birthday

Many young men are forgetting to register on their 18th birthday as required by the current draft law, according to Colonel Arthur A. Holmes, state director of Selective Service.

Registration under Selective Service is the first and one of the most important actions to be performed under the provisions of the draft act. Every male citizen and most male aliens are required to register on their 18th birthday or within five days thereafter.

Registration can be accomplished at any local board in the area where the registrant may be on his 18th birthday. The residence address which he gives at the time of registration will determine the local board that will always have jurisdiction over his classification.

All registrants receive a registration certificate which must be kept in their personal possession at all times. Persons willfully avoiding the draft registration requirement are reported to the Federal Bureau of Investigation.

With few exceptions, all males born after August 30, 1922, are subject to registration. Currently

Michigan local boards have registered a total of 836,036 males of draft age, of which 1,423 are from Isosco County. There were 50,640 new registrations made during the past year, 102 of them in this county.

Individuals on active duty in the armed forces are not required to register. If otherwise subject to registration, however, they are required to be registered within 30 days following separation from active duty. All members of reserve components, including the national guard, who are not on active duty, are required to register. Aliens entering the United States, if not exempt by law, are required to register within six months following the date of entry.

Selective Service offices in Isosco County are located in Room 226 of the Federal Building at East Tawas. This office is open in the afternoons only, five days a week from 12:30 to 4:30 p. m.

Young men who can not get to East Tawas or if the office is closed when they come in may register with Edward Dickey of Whittemore.

Indies Have Easy Victory Over Aetna

The Tawas Indies had an easy win over Aetna of Bay City last Saturday night, 89-54. The game was played at Tawas Area auditorium.

Setting the pace for the Tawas team were Bill McIntosh and Howard Adams, both of the Tawas Area School coaching staff, who meshed 14 points each. Other top scorers for Tawas were Bruce Myles, Don Westcott and Bob Binder, each with 12 points.

Rounding out the local quintet were Clute, Del Myles, Dave Featheringill and Tom Pinkowski.

Tawas will meet a team from Saginaw this Saturday night at the school auditorium.

night at the East Tawas Community Building. The tournament will continue for 15 weeks, including the championship tournament, April 17-18.

Adults shoot each Thursday night and juniors Friday nights starting at 8 o'clock.

College Students Look for Summer Jobs Here

Tawas Chamber of Commerce this week urged operators of summer camps, resort owners and other employers of summer help to employ well trained, capable young men on the campus of Central Michigan College, Mt. Pleasant, who are looking for such work next spring vacation.

"Many of these students have had training and work experience that should be most valuable to those, who by the nature of their business, employ summer help," states Mrs. Bertha Montgomery, chamber of commerce office manager.

"A majority of Central students come from those areas in Michigan where summer camps and resorts are located. We know that it would be of real assistance to these young people to help them secure summer employment," she concluded.

Information may be secured by writing Paul M. Winger, director of placement, Central Michigan College, Mt. Pleasant, Michigan.

discover much about the American Indian that was not included in the school books, the serious student of Indian lore will find the gallery an inspiring place for research," states Schetzen.

In addition, a display of authentic Indian relics will be on display, plus a collection of gems and minerals assembled from the four corners of the world, a wildlife display and other exhibits.

Located at the entrance of the gallery will be an Indian trading post where small gifts and souvenirs may be purchased. All items on sale in the gift shop will be of historical interest.

"We hope to make this an educational civic enterprise with no carnival atmosphere," Mr. Schetzen stated.
