Trees Fall as M-55 Right-of-Way is Cleared for Work

Scores of trees were toppled this week as contractors started work clearing the right-of-way for widening and re-surfacing of M-55 from the Hemlock Baptist Church to the M-55-M-65 intersection. Contractor for this construction is C. E. Utterback of Mt. Pleasant.

By Monday of this week, bulldozers had accomplished much of the clearing operations and Michigan State Highway Department survey crews were marking out "clear vision areas" on many of the side roads which enter M-55.

Along the route of clearing operations, which looked as though a tornado had suddenly swept through, numerous orchards were trimmed out and huge trees of many species lay where they fell. In the path of the right-of-way stood the Watts maple grove which was thinned out. The nearby Greenwood school was sold and removed recently.

Brushing-out crews were unable to go to work immediately because of the ban on burning being enforced by the state conservation department.

When the actual work starts on the road bed, west bound traffic on M-55 will be re-routed over the Meadow Road starting at the Hemlock Baptist Church, then over the National City Road to Whittemore and north over M-65 to the M-55 intersection.

When completed, expected by October 31, this long-awaited construction will see a hard surface road from Tawas to Cadillac.

SIGN OF OUR TIMES

The stretch of gravel road between the Hemlock church and M-65 intersection has been contemplated for a number of years. Work will consist of building a new 25-foot wide aggregate base with sealcoat in preparation for future bituminous surfacing. The contractor's bid for this project was \$594,011.

Preliminary work on the final stretch of hard surfacing was started several years ago with the construction of a new bridge over the East Branch of the Au Gres River.

SPRING CONCERT SATURDAY

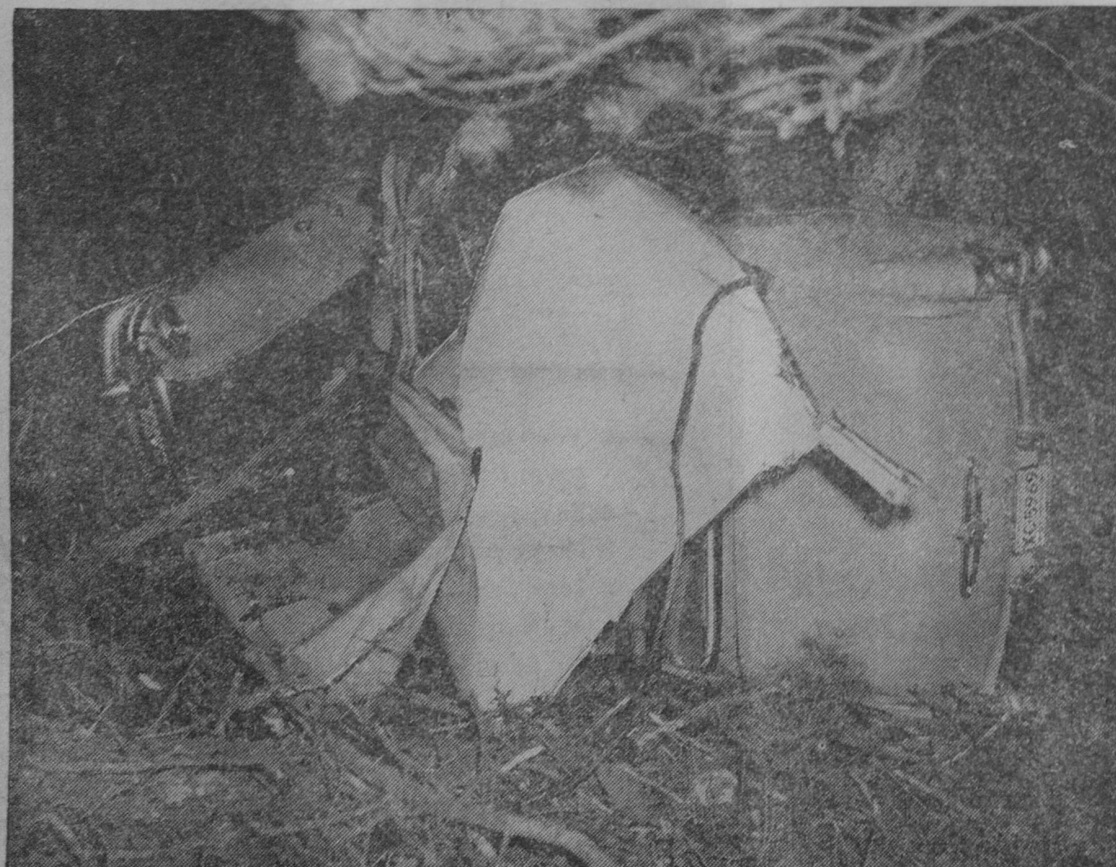

Tawas Area Junior and Senior High School will hold its spring concert at the auditorium Saturday night, May 3. Participating will be the junior high girls' glee club, the junior band, senior choir and senior band.

Selections to be presented are as follows: Junior high girls' glee club—"With a Little Bit of Luck," "The Little French Clock," "The Happy Wanderer," "Cielito Lindo."

Senior band—"Mutual," "Sunset Star," "Magyar Melodies." Senior choir—"Ave Verum," "O Sacred Head," "Around the World," "Fascination."

Senior band—"Burst of Flame," "First Suite," "The Penny Whistle Song," "First Swedish Rhapsody," "Lexington."

The massed band and choir will perform "The Nation's Creed" and "Thanks Be to Thee."

Tawas City Ready for Water Switch-Over

Nearly All Water Meters Are Installed

Only a valve need now be opened and the City of Tawas City will enter into contract with East Tawas for purchase of water from the latter's new \$400,000 filtration plant, which has been under construction the past year.

The new plant is expected to go into operation sometime in early May. No date had been set as of Monday of this week for opening of valves at the city limits which would tie in the water mains of both cities.

Mayor Elmer Werth of East Tawas stated two weeks ago that the plant was expected to go into operation the first week in May. All that remained to do was to receive final approval from the state health department for the new water supply and final inspection and adjustment of equipment.

At Monday night's meeting of the Tawas City Water Board, Supt. Reginald Bublitz told members that more than 400 water meters have been installed in Tawas City and there were less than 100 to go.

Plumbing contractors have been at work installing the meters in residences and business places here since last winter. When the time for the final hook-up with East Tawas neared, an additional crew was hired to assist in the work.

Work was completed recently on the meter pit at the east city limits and both cities extended water mains to this point. Crews were busy early this week finishing up the job of replacing side-walks, where mains were constructed in front of Ottawa Equipment Company and the Feather-Lite Manufacturing Company.

Construction of the meter pit, water mains and cost of 500 meters, plus extension of other mains in Tawas City, is to be financed through the sale of \$65,000 worth of water revenue bonds. Sealed bids for the sale of these bonds were to be opened last night (Wednesday) by the Tawas City Council.

Bublitz told the water board Monday night that department of public works crews will flush out fire hydrants using the fire department's old pumper before the new water agreement goes into effect.

He said that the reason for this was to get as much of the iron deposits left by the well water out of the pipes before the chlorinated water enters the mains.

No date has been set as yet when Tawas City will start charging water customers under the new metered rates. Minimum quarterly charge for a residence will be \$8.

The rates are as follows: Readiness to serve charge for three-eighths or three-quarter inch meter, \$4 per quarter; usage rates are 40 cents per 1,000 gallons for the first 10,000; 35 cents per 1,000 for the next 10,000; 30 cents per 1,000 for the next 80,000; all over 100,000 gallons, 25 cents per 1,000.

"After the new contract goes into effect with East Tawas, no private water system may be hooked (See WATER, page 8.)"

Mayors Exchange Day Will Feature Michigan Week Observance Locally

Driftwood to Hold Opening Friday

Formal opening of the Driftwood Steak House in Tawas City will be held Friday of this week. Owners of the new restaurant are Mr. and Mrs. Milton Kotcher. Formerly the location of Vic and Zel's Restaurant, the building has been completely remodeled and redecorated on the interior. The dining room has been enlarged and new windows installed overlooking Tawas Bay and US-23.

"The Tawas newest and most modern restaurant will specialize in serving charcoal broiled steaks," stated Mr. Kotcher. Mrs. Kotcher will manage the business and George Rose, well known Michigan restaurateur, will be chef.

An invitation is extended by the Kotchers to all residents of the area to visit the Driftwood during the opening.

Four Men Held on Burglary of Grabow Distributors

Four men are being held at the Isocoo County Jail on charges of breaking and entering Grabow Distributors at Whittemore April 14. The men also admitted several other burglaries and other persons.

Waiving examination when arraigned before Justice A. J. Goulet were Donald Bessey, 22, Twinning; Frederick J. Wainwright, 26, Essexville; and Gene D. Ripenbarck, 19, Twinning. All were bound over to circuit court and held on \$500 bond.

Demanding examination when appearing before Justice Goulet was Donald Davis, 35, of Turner. His bond was set at \$2,000.

Bessey, Ripenbarck and Davis were all arrested last week while at work by the Isocoo County Sheriff's Department after information was received which implicated the men in the breaking and entering. Wainwright was arrested at his home by Essexville police officers.

When confronted by police, they had broken into the Grabow warehouse and had stolen a quantity of beer and soft drinks.

Bessey was on probation in Isocoo County for a larceny from a building charge and Davis was on probation for a grand larceny charge.

C of C Makes Plans for Bridge Dedication

Plans were discussed at a meeting of the Tawas Chamber of Commerce last Wednesday night to place a float in the Straits of Mackinac Bridge dedication parade to be held the last week-end in June.

The suggestion was made to ask other county chambers of commerce to help with this project to make it a county float. It was suggested to have a float similar to that sponsored by the Hale Chamber of Commerce in the Isocoo County Centennial parade. (See FLOAT, page 8.)

Heart Attack Monday Night Fatal to Nathan Barkman

Monday is the 'Big Day' in Program Here

Death claimed Nathan Barkman, East Tawas businessman, industrialist and civic leader, Monday night. Mr. Barkman was stricken with a heart attack while he and his wife were attending a bowling banquet at the Tawas Country Club. Death occurred minutes later.

Funeral services were held Wednesday afternoon at the Moffatt Funeral Home in East Tawas. Following the rites here the body was taken to the Vallender-Penzien Funeral Home at Bay City where a second service was held with Rabbi Joseph Katz officiating. Burial was in the Jewish Community Cemetery in Bay City.

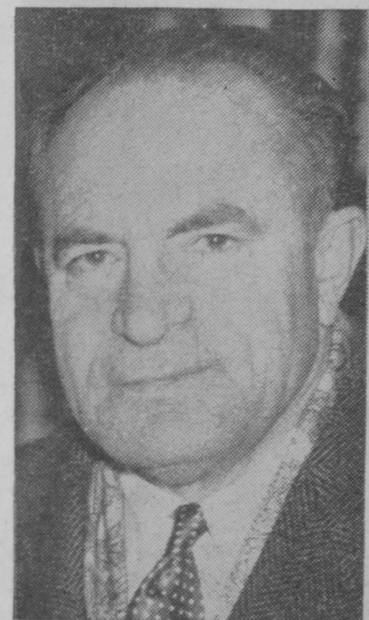

Nathan, or "Nate" as he was known to everyone, was born in East Tawas October 1, 1891, son of the late Mr. and Mrs. Abraham Barkman. He was graduated from East Tawas High School in 1908. After serving in the United States Navy during World War I, he returned to East Tawas where he became engaged in the lumber business with his father and his brother, Joseph.

Mr. Barkman had made his home in East Tawas all his life. For many years he was a fish broker, handling practically all of the fish shipments to mid-western and eastern markets coming from this region. He still handled the light shipments of fish being made today.

He held interests in Tawas Industries, Incorporated, Tawas City industrial firm, and Northern Construction Company, an East Tawas building firm. While a young man he was associated with the Barkman bank in East Tawas.

Active in local and civic affairs, Mr. Barkman had been co-chairman of the March of Dimes and American Cancer Society Fund drives in Isocoo County for many years and assisted in the American Red Cross Roll Call.

He was a member of the East Tawas Club, the Tawas Chamber of Commerce, the Tawas Kiwanis Club, Audie Johnson Post Ameri-

NATHAN BARKMAN

can Legion and Baldwin Lodge, IOOF. He served as chairman of the Silver Valley Winter Sports Committee for several years and assisted in the Tawas Hospital fund drive. He was vice president of the hospital board at the time of death.

At one time he served as city clerk of East Tawas. He was presently chairman of the new city hall committee for East Tawas.

Mr. Barkman married Miss Mae Nusbaum in Chicago, Illinois, on July 20, 1947. They had made their home at Forest Glen in East Tawas since that time.

Survivors include his widow; five brothers, Joseph of East Tawas, Julius of New York City, Harris of East Tawas, Aaron of Chicago and Milton of East Tawas; two sisters, the Misses Helena and Regina Barkman of New York City.

The pallbearers were: Earl McElheron, Elmer Werth, Arthur Dillon, Lawrence Gardner, Hosea Bigelow and Percy Thornton.

A Tribute to Nate Barkman

BY BERT STOLL
Detroit Free Press
Northern Trails Writer

The Tawas and Northeastern Michigan lost a community leader and friend in Nate Barkman's sudden passing.

And the writer lost a longtime friend and next door neighbor.

Nate, for many years, has been an active civic and industrial leader in his home community—the Tawas.

Nate was born October 1, 1891, in an apartment above his father's store on Newman Street, not far from the Holland Hotel. The building was torn down some years ago.

Nate's father, the late Abraham Barkman, was a pioneer merchant and jobber here.

Nate was kind-hearted, generous, and a thoughtful neighbor and friend. Youngsters in our neighborhood called him "Uncle Nate."

Only last Sunday evening, we dropped in for a chat with Mae and Nate. They were watching the Detroit Tigers-Cleveland Indians baseball game on television. We watched the game and also discussed how well our flower beds of bright red Emperor tulips and yellow daffodils were doing. We had helped them plant their bulbs last fall. Mae commented that she bought some yellow daffodils on Saturday.

Nate commented: "Why buy them when Bert and I are raising them in our yards?" Mae told him that she hated to pick them as they looked so pretty in the flower beds.

We lost another fine next door neighbor—Dr. Hilton R. Hess, a little over a year ago.

Now Nate has been taken suddenly.

Life sometimes deals tough blows in quick succession!

Deer Are on Highways—Drive Carefully!

Automobiles of two motorists were damaged considerably when they struck and killed deer which attempted to run across US-23 last Saturday night.

Robert E. Hoag of East Tawas hit a deer north of the Tawas Beach Road in Baldwin Township at 7:50 o'clock. Damage to his car was estimated at \$150.

Clifford T. Friar of Monroe struck a deer in Alabaster Township, 1.5 miles south of Tawas City. Estimated damage to his car was \$200.

Conservation Officer Arthur Leitz warned motorists to be especially careful while driving on highways in deer areas. He said that one of the deer killed was a doe heavy with fawn.

Four Airmen Injured in M-171 Crash Last Week

Four airmen from Wurtsmith Air Force Base were injured last Wednesday night when the car in which they were riding missed a curve on M-171 and hit a utility pole. The crash occurred about one mile northeast of the US-23 intersection.

Injured and taken to the base hospital were: Reuben M. Simmons, 24, minor cuts and bruises; Robert T. Johnson, 25, fractured right ankle; Louis Taylor Jr., 22, crushed chest, fractured left wrist and ankle; Charles E. Frazer, 21, fractured skull and ankle, severe face lacerations.

Frazer was the most seriously injured and was removed by plane to a military hospital in Illinois for surgery.

Police said that Frazer was the driver of the car. After running off the shoulder of the road, the car rolled over and struck the utility pole. The impact broke the frame off at the firewall and completely demolished the car.

Airman Johnson told officers that he and his three companions had just left the main gate at Wurtsmith when the crash occurred.

A witness told officers that the car was traveling at a high speed, "when I heard the motor winding up, I knew the car would not make the curve."

Monday is the 'Big Day' in Program Here

"It's great to live in Michigan," and residents of the water wonderland will have a chance to say so next week during the annual Michigan Week observance, May 4-10.

Edward J. Hekman, general chairman for the observance, said this week: "Everybody, everywhere in Michigan should observe Michigan Week in his own way, helping things to learn more and doing others learn more about Michigan and its people and places and expressing his loyalty to Michigan for all to hear."

Here in Isocoo County, the Exchange of Mayors Day on Monday, May 5, will be the principal observance of the event, with programs at Tawas City and East Tawas. A similar program scheduled at Whittemore has been canceled.

Coming to Tawas City will be Mayor John Darbee of Clawson, Oakland County, who will be accompanied here by his wife and Mr. and Mrs. L. J. Malhias. Mayor George Tuttle will go to Clawson.

Mayor Pro Tem John Halmond and his wife of North Muskegon will visit East Tawas at Mayor Elmer Werth goes to North Muskegon in exchange.

The two visiting city officials and their parties will be entertained jointly by businessmen's associations of the Tawas and civic officials. A luncheon will be held at the Barnes Hotel at 12 o'clock, preceded by a visit to the Tawas Area School. In the afternoon the group will tour the United States Gypsum Company quarry at Alabaster.

Mayor Darbee and party will be met at 10:00 a. m. by Tawas City's Mayors' Day Committee, Cecil Cable, George Myles and Hugo Keiser. Mrs. Darbee is principal of the Clawson school. Mr. and Mrs. Malhias are summer residents south of Tawas City.

Each city will entertain the visitors with tours of industries, county buildings, the new water filtration plant at East Tawas and other points of interest in the area.

Principal objective of the Exchange of Mayors Day is to make the communities of Michigan better acquainted and to better acquaint people with their own municipal government. This day highlights the importance of local government.

Double ceremonies will mark the opening of the week next Sunday, designated as Spiritual Foundations Day. The official opening will be at 12 o'clock (See MICHIGAN, page 8.)

VFW to Meet in Tawas City Sunday

Veterans of Foreign Wars Auxiliary and Post No. 5678 will be hosts for the 11th district rally May 4, President Opal Kyser and Commander Carl Bygden announced. A roast beef dinner will be served at noon. All VFW Post and Auxiliary members are invited.

Meetings will start at 10:00 a. m. The men will meet in the Case Building for their morning session and at the VFW post home at 1:30 p. m.

President Kyser said the ladies will meet at the Tawas City gymnasium for both sessions, 10:00 a. m. and 1:30 p. m. The order of business will be the election of new 11th district officers. Department of Michigan auxiliary representative will be Past Department President Clarissa Loeding of Port Huron.

Department Commander Wallace Grant of East Tawas said Tuesday that election of officers will be held at 2 o'clock. This is to be preceded by a 12 o'clock dinner at the VFW Hall.

State officers attending will be Chaplain Donald Roe and Service Officer Raymond O'Neil, both of Detroit. O'Neil will conduct a service committee meeting at 10 o'clock and a service school at 11 o'clock at the Case Building.

Mental Health Week

During Mental Health Week, April 27 to May 3, Traverse City will join more than 10,000 other communities in recognition of mental illness as the greatest threat to our national health.

Mental illness plays a major role in as much as 70 percent of our physical illnesses. It hits all parts and ages of our society; and though we have made much progress against it, we must also become aware of a trend that looks ominous:

Twenty years ago, one child in 21 became emotionally disturbed. Now the rate is one in 10.

Thus, thoughtful people cannot help considering: What will it be in 20 years from now? One in five? Or will the increasing stresses of our age of atoms and anxiety hasten this trend toward mental illness? Make it one in four? One in three . . . One in two? . . .

We do not know. We only know that any threat to our children gives us all cause for concern.

For this reason, the nation now makes Mental Health Week a rallying point for its fight against mental illness.

As part of this fight, Traverse City State Hospital will present an interesting and instructive program. It invites the general public Thursday, May 1, with a special celebration on Saturday, May 3.

Entertained Oscoda Youth Fellowship Group

About 30 members and guests met at the East Tawas Methodist Church Sunday night at 6:30 when the Methodist Youth Fellowship of the Tawas entertained the members of the Oscoda Methodist Youth Fellowship at a supper.

Carolyn Evans was in charge of devotions and Edward Nagy was in charge of the lesson. Both were introduced by William Mick, vice president.

A film entitled "Headline, Fire" was enjoyed through the courtesy of the conservation department.

The committee consisted of Louise Anderson, Brynn Proctor, William Mick, William Martin and Edward Nagy.

The district meeting of MYF will be held in Bay City May 4.

Reading a book would not be so difficult if the writers knew more about what they wrote about and explained it simply.

Mrs. Celia Smith, Mrs. John Bowen and Mrs. Roy Charters of Whittemore spent Friday in Bay City.

Fred Pringle of Sherman Township is planning to move to Port Huron.

The barn on the Henry Durant farm was destroyed Monday by the windstorm.

CHRISTIAN SCIENCE—

How sin and suffering are overcome through spiritual understanding of God will be brought out at Christian Science services Sunday.

Reading from the Bible in the lesson-sermon entitled "Everlasting Punishment" will include the following from James (4:8): "Draw nigh to God, and he will draw nigh to you. Cleanse your hands, ye sinners; and purify your hearts, ye double minded."

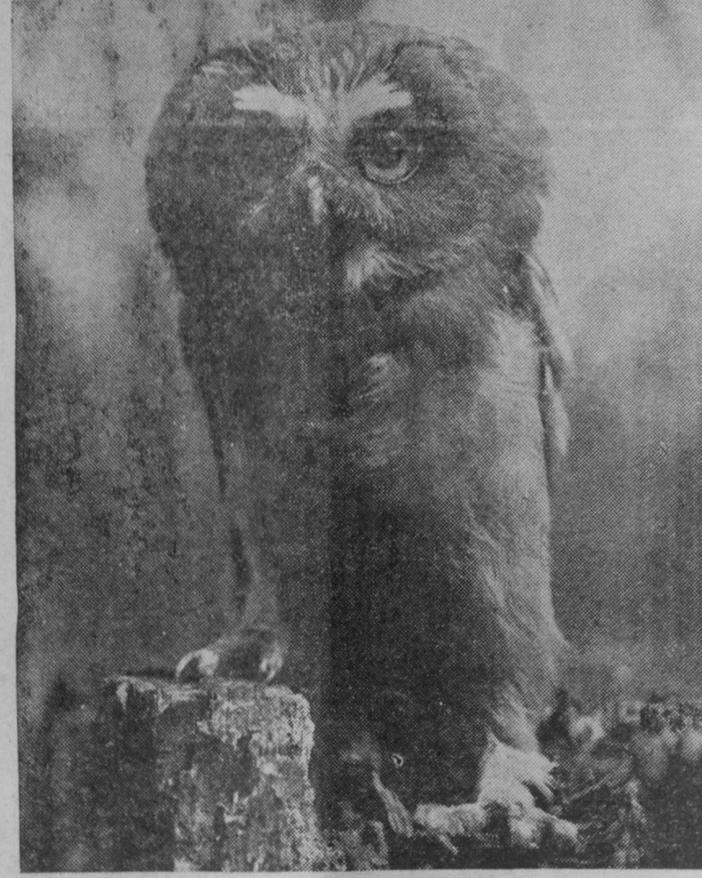

From "Science and Health with Key to the Scriptures" by Mary Baker Eddy will be read the following (239:16): "To ascertain our progress, we must learn where our affections are placed and whom we acknowledge and obey as God. If divine Love is becoming nearer, dearer, and more real to us, matter is then submitting to Spirit. The objects we pursue and the spirit we manifest reveal our standpoint, and show what we are winning."

SABRES GOING TO SPAIN

The United States will send an air force fighter unit to Spain in June. It will be commanded by Lieut. Col. Charles K. Yeager, the first man to break the speed of sound.

The air force said a day fighter squadron from Georgia Air Force Base in California would be stationed at Moron air base near Seville. It will be equipped with Sabres. The fighter squadron will remain in Spain for six months, after which it will be replaced by another squadron.

Pint - Sized Visitor

The saw-whet owl, Michigan's smallest and rarest native owl, is only slightly larger than a robin when full grown. A pair of saw-whets were discovered recently with a brood of four youngsters in a wood duck nesting box at Rose Lake wildlife station near East Lansing. This was only the fifth nesting of saw-whet owls on record in Michigan since 1888.

MRS. SPARROW

Mrs. F. K. Sparrow Guest Speaker at Auxiliary Meeting

Mrs. Frederick K. (Nan) Sparrow, president of the Woman's Auxiliary of the Diocese of Michigan, will be the guest speaker at the meeting of the Women's Auxiliary of Christ Episcopal Church on Tuesday, May 6, at 7:30 p. m. At 6:30 p. m. a pot-luck supper will be served in her honor.

Mrs. Sparrow's husband is a member of the botany department of the University of Michigan since 1936. She is very active in her own parish, St. Andrew's Episcopal Church in Ann Arbor. Former president of the southwest convocation, she was a delegate to general convention in Honolulu in 1955. Mrs. Sparrow has been a great success as diocesan auxiliary's chairman of Christian relations. She is a member of the United Church Women of Ann Arbor and Council of Churches in Ann Arbor and of the Michigan Council of Churches.

Her great grandmother, Mary Emery Twing, wife of an Episcopal priest, was co-founder of the Woman's Auxiliary to the National Council, Protestant Episcopal Church of the United States. Two of her uncles are also Episcopal priests. She is the mother of two sons, Thomas, an economist with AEC in Washington, and George, a sophomore at Galesburg, Illinois, Knox College.

All the women of the parish are urged to attend the supper and hear Mrs. Sparrow. On Wednesday, May 7, the Woman's Auxiliary of the northern convocation will hold its spring meeting at St. Mark's Episcopal Mission in Atlanta. The service of Holy Communion will be at 10:30 a. m. followed by the business meeting presided over by Mrs. Charles Lemon, president of the northern convocation. Luncheon will be served at 12:30 p. m. At the afternoon session, Mrs. Sparrow will speak to the group. Her topic is "God's Springtime."

Plan Farewell Dinner for the Gorhams

St. Anne's Fellowship of Christ Episcopal Church met Monday, April 21, at 8:00 p. m. in the parish hall.

Mrs. Betty Hammond presided over the business session. Plans were made for the rummage sale to be held May 29, 30 and 31 in the community building.

A farewell dinner will be held Friday, May 2, for Mr. and Mrs. Louis Gorham. The dinner will be pot-luck and will begin at 6:30 p. m. Everyone in the parish is invited.

Devotions were given by Mrs. L. G. McKay Jr., who also continued the study book on "Christ, the Church and Race."

Hostesses were Mrs. T. M. O'Loughlin and Mrs. Kenneth Blake.

Americans, hopeful for the survival of democracy against the threat of communism, should seek to render their government (local and national) unselfish service.

Alcona, Isoco and Arenac Ministers Form Association

The Protestant ministers of Alcona, Isoco and Arenac Counties have formed the Oscoda-Tawas Area Ministerial Association with the object of bringing into closer relationship the churches of this tri-county area and their ministers.

Constitution and by-laws were adopted and the following were elected as officers at the March meeting of the association: The Rev. Clinton Wendland, chaplain USAF, president; Dr. A. Ray Noland, Oscoda, vice president; the Rev. Ralph A. Edwards, East Tawas, secretary-treasurer.

Committees elected and appointed were: Welcome and dismission, the Rev. Charles Mercer of Tawas City, the Rev. Henry Lindholm of Harrisville, the Rev. Canon Warner Forsyth of Ausable; special service, the Rev. Douglas Baltz of Oscoda, the Rev. Peter Jansen of Lincoln, the Rev. William MacFarlane of East Tawas; nominations, the Rev. Paul Sutton of East Tawas, the Rev. D. F. Sebastian of Oscoda, the Rev. George Burlew of Harrisville; social education and action, Mr. Baltz, the Rev. Donald Howe of East Tawas, Mr. Lindholm; arrangements, Mr. Sutton and Mr. Edwards.

WITH THE IOSCO— 4-H Clubs

By DOROTHY SCOTT
Home Demonstration Agent

This week we have a treat for you. It is a letter written to us about one 4-H Club project activity. This particular one has been completed in the Hale Happy Hustlers Community Club.

"Dear Miss Scott: Maybe you would like to hear of the luncheon I attended at Mrs. Stanley Shellenbarger's. In her 4-H class of cooking she has three girls, Darlene Brinkman, Gloria Reilly and Linda Shellenbarger.

"These girls started at 10:00 a. m. to get the food ready for their mothers. At 12 o'clock the mothers were there ready to taste what their daughters had worked so hard to prepare.

"First the girls showed each of us where to sit. The table was set

just right. Our plates were filled with creamed potatoes, hamburgers and green wax beans. On the side was a salad (vegetable gelatin with shredded cabbage, grated carrot and chopped peanuts), bread and butter.

"Then came dessert, a spice cake topped with fondant icing, and coffee.

"Everything was so good and served so well. We mothers were real proud.

"My thanks to Mrs. Shellenbarger and the girls, and to those who make 4-H Clubs possible for our children. Sincerely, Gloria's Mom."

Thank you so much, Mom, for sharing with us your experience as a luncheon guest of the daughters.

Girls in 4-H Club food projects do learn a great many things "just right" as you say, and so often it is taken for granted. We appreciate, and so do the girls and their leaders, having mothers express interest in the girls' accomplishments.

This is true, too, for accomplishments made by the boys.

Fun . . . with Safety

Boating, one of Michigan's most popular outdoor activities, is sure to be more fun if safety rules are observed. This family demonstrates some of the most important boating rules: Distribute weight evenly in the boat, stay seated and provide a life preserver for each boat occupant.

Calendar:
May 4-10—National Home Demonstration Week.

"Today's Home Builds Tomorrow's World" is the motto selected for observance of National Home Demonstration Week. There are many and varied reasons for choosing this theme, let us consider a few.

Toddlers and pre-schoolers are miniatures of tomorrow's citizens. They will one day have the world in their hands, and what they do with it depends a great deal on us and the homes we provide for them today.

Child care is one of a home-maker's most demanding and most pleasant tasks. Your toddler or pre-schooler is a little person who needs a lot of understanding.

Mothers of home demonstration groups get an opportunity to discuss and study lessons that bring them information and help as parents.

The nutrition of our children as they grow up helps determine the health of citizens and parents of tomorrow.

Surveys show that teen-agers from today's home lack good nutrition. Why do teen-agers eat poorly? What is being done to improve their eating habits? Surveys from several states show that teen-agers eating habits are very similar even in different areas.

Through home demonstration lessons today's mothers can learn how to work at improving the nutrition of their teen-agers so they will be better prepared to take their place in tomorrow's world.

Your home helps to build tomorrow's world, and Isosco County's home demonstration program is designed to help each of you in your homemaking activities. Find out how you can and will be served by joining with the 6½ million other women throughout the country who belong to these homemakers groups. Ask Isosco women who belong, or talk with me.

Another way to observe home demonstration women in action is to see the display of lamps and lamp shades made at spring workshops. During National Home Demonstration Week they will be shown in a window at the Evans Furniture Company in East Tawas. The dates are May 4-10.

Tune your ear to radio and television during this special week and you will hear from others more about the work of home demonstration groups and women. Programs are scheduled over all the major networks. One originating in Michigan is to be on WJR, Sunday, May 4, at 7:30 a. m. (Got to get up for this one!) A program will appear on the "Cross Country" television show.

Quarter Million Trees Being Planted In Isosco SCD Area

The Isosco Soil Conservation District received its trees from Higgins Lake quite early this year, but the weather was good for planting. Some of the district cooperators have planted a number of trees this spring for reforestation purposes. Ivan O'Farrell, Raymond and Charles Kobs, T. R. Craffey, Larry Padlowksi and Elmer Anschuetz have planted 150,000 trees among them. In all Isosco SCD cooperators have planted about one-quarter of a million trees this spring. Altogether about one-half million trees are being planted by private land owners in the district.

Next to tree planting, waterways and lime are the most wanted practices signed up under the agricultural conservation program for 1958.

So far this year 19 new cooperators have signed up with the Isosco SCD. Twelve district cooperators have worked up basic soil and water conservation plans for their land. One re-plan has been made.

The Isosco SCD has purchased and planted some species of pine, on National and United States Gypsum spoil banks. This was done to show a good land use and also will show the pine that is best suited to that soil.

"We wonder if the landowners realize when they are burning grasslands in the spring, how much valuable organic matter is lost," stated Richard Rose, soil conservationist. "We do not think they do, because if they did they would not burn."

THOSE TAXES
The Agricultural Marketing Service estimates that about 12 cents of every dollar spent for food in this country goes for taxes.

This 12 cents is added, it said, to the cost of processing and distributing food. The tax collector's share is a third of the portion of the food dollars farmers now get.

Calendar:

Thursday, May 1—Isosco-Tawas ABA board of directors, Reno Township Hall, 8:00 p. m., on M-65, four miles north of Whittemore.

Thursday, May 8—Gladwin Bull Sale at Gladwin.

On Thursday, May 1, from 8:00 until 9:30 p. m. Robert Kniseley, Michigan State University dairy specialist, will conduct a meeting on keeping milk production records. Each farmer takes his own samples once a month. The samples are picked up by a milk tester and a butter fat test for each sample is determined.

At the Thursday, May 1, meeting the costs of this milk testing program will be explained. Any and all dairymen interested are invited to attend.

We are getting more and more inquiries regarding what to spray on trees and shrubs to keep them in a healthy condition. Because our mailing list is made up of urban and rural people who have asked that their name be placed on it, many interested people do not get this information.

An all-purpose spray will control most chewing insects, sucking insects and fungus diseases. There are three times that treatments should be made. The first should be done the second week in May, the second application, the first week in June and the third should be applied the first week in July.

Spraying should be done when the air is still and temperatures are above 65 degrees and below 85 degrees Fahrenheit. To protect the bees, do not spray your plants when they are in flower.

In one gallon of water, add three tablespoons of 25 percent Malathion plus two tablespoons of 50 percent DDT plus two tablespoons of 50 percent Captan. All of these should be a wettable powder. More treatments may have to be added for perfect results.

Recently Arthur Zemke stopped in and we talked about his liming program. Mr. Zemke said he got his first catch of alfalfa on a 40-acre field. The reason? Because he had it limed! Anyone interested in knowing why "we" can't grow alfalfa like we used to, should stop in and we will talk about it.

Home owners can transplant shade trees any time from now until leaves appear, advises Harold Schick, extension specialist in park management at Michigan State University.

Choose a tree that will fit in its place for 25 to 50 years, not just for two to five years, suggests Schick. Trees keep growing for many years and should become more valuable, not less. Choose a good tree and give it the space it needs even if it is small when you plant it. With room to grow and with the right distance between it and hazards, a tree will have a good chance of becoming valuable and beautiful.

Large size (over 60 feet at maturity)—sugar maple, sycamore and London plane, red oak, white oak, European linden, white, green and black ash, tulip tree or tulip poplar, thornless honey locust or moraine locust, hackberry and Kentucky coffee tree.

Medium size (40 to 50 feet at maturity)—Norway maple, little leaf linden, gingko, English oak, pin oak, scarlet oak, mountain ash and sweet gum.

Small size (20 to 35 feet at maturity)—ironwood, amur maple, tatarian maple, flowering crab and cherries, hawthorne, althea and flowering dogwood. There are some cautions in tree plantings listed by the park management specialist.

Choose the proper location for the trees so that overhead wires, sewer lines, water or gas pipes can be avoided. Keep the tree at least five feet away from walks and drives. It should be at least 10 feet away from the house.

Dig a hole before moving the tree and keep its roots moist during movement to the new spot.

Prune about one-third of the branches to give the reduced roots a chance to feed the top.

More details on transplanting shade trees are available in a Michigan State University Bulletin, F-250. Copies are available from my office in East Tawas.

TOUCHES OF COLOR—Try putting bright, gay paper plates under your flower pots for color and for protection of surfaces.

IT'S TIME TO DITCH DISHWASHING

Use Inexpensive Paper Plates For Many Purposes in the House

"Ditch dishwashing" is a modern theme for the modern home-maker, for time spent in more pleasurable pursuits. There are many ways that disposable paper plates can help in saving on kitchen time.

The first and most important is, of course, to eat your meals off the easy-attractive time-savers. There's no after-meal scraping of dishes, stacking, washing, drying and putting away in the cupboard. You simply toss the dishes away!

A paper plate is excellent for flouring meat or fish. Use a plate when chopping foods. A paper plate provides a resting plate for dripping spoons at the kitchen range. For a little amateur paint-

ing, put your paint can and brushes on paper plates. There'll be no spilling.

Dress up your window sills with gayly-colored paper plates under your flower pots. They will add a decorative touch to your kitchen which can be changed as often as you like. So, keep a package or two of paper plates on hand and try these tricks, soon!

Spanish Olive Salads Fit Into Entertaining Plans

Spanish olive salads fit right into the scheme of your spring entertaining plans. For either a luncheon or supper salad, choose a molded salad which blends cheese with celery, chopped pimiento-stuffed green olives and Worcestershire sauce.

Chill the salad in attractive individual molds and at serving time, top each salad with thinly sliced Spanish olives for an added note of color.

Springtime Olive Salads
(Makes six servings)

1 tablespoon unflavored gelatin

¼ cup cold water

2 cups creamed cottage cheese

2 cups grated processed Cheddar cheese

½ cup chopped pimiento-stuffed olives

½ cup chopped celery

1 teaspoon Worcestershire sauce

Soften gelatin in water. Combine cottage cheese and Cheddar cheese; beat until blended. Add olives, celery and Worcestershire sauce; mix well. Dissolve gelatin over boiling water; add to olive mixture and mix well. Turn into six individual molds and chill until firm.

Unmold on serving plates and garnish with crisp salad greens and thinly sliced pimiento-stuffed green olives, as desired. Serve with French dressing or mayonnaise, as desired.

SPAIN ISSUES DENIAL

The Spanish Embassy has issued a formal statement denying that Spain was being difficult about handing over to Morocco the Southern Protectorate of Morocco.

Spanish authorities merely objected to the effort made by some Moroccan troops to travel through Spanish territory without obtaining previous consent, the statement said.

Moroccan units tried to reach the town of Villa Bens, in the extreme south province of Sahara, it added.

Nelkies Observe 50th Anniversary

Mr. and Mrs. Frank Nelkie of East Tawas celebrated their golden wedding anniversary Sunday, April 27.

Mr. and Mrs. Nelkie renewed their marriage vows at St. Joseph Catholic Church Sunday morning with the Rev. Fr. Robert Neuman officiating. The attendants were Mr. and Mrs. Frank Blust. An impressive sermon was given to the family and friends by the Rev. Fr. J. Diggins. Their granddaughter, Judith Nelkie, sang "Ave Maria" at the service.

Mrs. Nelkie wore a blue dress with a corsage of yellow roses and navy and white accessories. After the ceremony breakfast for the family was served at 11 o'clock at St. Joseph Social Center where a reception was held during the afternoon. Table decorations at the reception were a tiered wedding cake, gold candles, daffodils and huckleberry greens sprayed in gold. A buffet dinner was served at 6:30 to the relatives.

Grace Church Scene of Saturday Wedding

Baskets of white flowers decorated Grace Lutheran Church Saturday, April 26, for the marriage of Miss Mae Miller of Whittemore and Thomas Kopaczewski of Standish. The bride's parents are Mr. and Mrs. A. W. Miller of Whittemore and Mr. Kopaczewski is the son of Mrs. John Kopaczewski of Standish and the late Mr. Kopaczewski.

The Rev. Robert Nelson of Flint performed the 4 o'clock double ring ceremony. Charles Nash sang "Because," accompanied by Mrs. Nash at the organ.

Given in marriage by her father, the bride chose a white gown of lace and nylon chiffon over taffeta. The bodice was fashioned with long sleeves and a Sabrina neckline trimmed with seed pearls and iridescent sequins. The full skirt was styled with a hoop.

Her fingertip veil was of silk illusion and she carried a bouquet of pink and white roses.

Miss Ellen Miller of Whittemore was maid of honor. She wore a sleeveless gown of bright blue nylon chiffon and carried a circle bouquet of white and yellow daisies.

Andrew Kopaczewski of Standish, the bridegroom's brother, was best man. Seating the guests were Paul Miller, the bride's brother, and Stanley Drzewiecki of Whittemore.

A dinner for 140 guests was held at the church following the ceremony. Five hundred guests attended the evening reception at Deep River Hall, Sterling.

For her daughter's wedding, Mrs. Miller selected a blue print silk dress with navy redingote. The bridegroom's mother wore a pink lace dress with beige accessories. Orchid corsages complemented their ensembles.

Following a one-week trip to Virginia, the newlyweds will reside at Standish.

Out-of-town guests attended from Florida, Pennsylvania, Ohio, Indiana and various Michigan cities.

Sunday visitors of Mrs. Pearl Simmons were Mr. and Mrs. Claud Hart and Paul Gauthier of Flint.

TC Legion to Make Plans for Memorial Day

FIRST DAY OF the 1958 trout fishing season last Saturday found anglers reporting good luck in various Iosco County streams. In the above picture Ron Unkel of Tawas City, left, holds two 7½ pound and 5¼ pound rainbow trout, which he caught in the East Branch of the AuGres River. The big one, 28 inches in length, took him about 20 minutes to land. At right is his fishing companion, Jake Anschuetz, who assists Un-

kel in holding up his trout and also displays a 17-inch trout which he caught out of the same stream. In the picture at right, Hilton Miller of Millington displays the four pound, 13½ ounce rainbow which he caught in Smith Creek. Miller said that he had but one "strike" all morning and was happy it was this 23 incher.—Tawas Herald Photos.

EXPLAINS CIVIL DEFENSE AT WOMEN'S CLUB MEETING

The Whittemore Women's Club met at the Methodist Parish House Wednesday night with the Junior League members as their guests. A short business meeting was held with Mrs. George Jackson, president, presiding. Sergeant States of Grayling was present and explained many factors in Civil Defense and Ground Observer work. He also showed a film. Refreshments were served later.

SENIORS TO PRESENT CARNIVAL SATURDAY

The Whittemore-Prescott seniors will present their annual carnival this Saturday, May 3. The affair will be held at the Whittemore Community Building starting at 4:00 p. m. and lasting throughout the evening. Highlight of the evening will be the crowning of Miss Whittemore-Prescott. There will be fun, games and prizes for all. Be sure to come for an evening of fun.

58 HONOR STUDENTS GUESTS AT BANQUET

Fifty-eight honor students of the Whittemore-Prescott High School were guests of the Whittemore-Prescott Board of Education at an honors banquet. Also attending were the high school faculty and the administration. The banquet was given by the board of education and sponsored by the student council. Superintendent John H. Halbert gave a short talk on the need for education, followed by Colin Perry of the board of education. Principal Aaron L. Manwaring then awarded each student an honor certificate. The banquet was a gesture to show recognition of scholastic achievement among the high school students.

GRANGE PLANS TO HOLD CARD PARTY

The regular meeting of the Whittemore Grange was held on Monday evening with Master Seth Thompson in charge of the business session. John Cobb was elected to serve on the executive committee to fill a vacancy. Plans were made to hold a card party at the Grange Hall on Friday evening, May 9. Proceeds from the quilt project and card party will go into the Grange building fund. An animal program was presented by lecturer, Mrs. Anna Thompson. The song, "The Blue Tail Fly," was sung with Mrs. Marguerite Aulerich accompanying on the piano.

The ladies of the Grange met at the hall on April 23 to make bed pads to be turned over to the Hale Health Council.

The Iosco County Pomona Grange met at Hale on Thursday evening with Master Andrew Matthews presiding. During the business session the charter was draped in memory of Harold Black who passed away recently.

A discussion on the article, "Let's Set the Farmer Free," was led by lecturer, Mrs. Marguerite Aulerich, with Gerald Bellen and Mr. Matthews assisting.

A card party sponsored by the Whittemore Grange on May 9 and an open house meeting sponsored by the Glennie Grangers on May 20 were announced.

Pot-luck lunch was served at the close of the evening.

A large number from here attended the wedding of Mae Miller Saturday afternoon in East Tawas and also the reception at night which was held near Standish.

Mr. and Mrs. William Lawe and

family of West Branch spent Sunday with his parents, Mr. and Mrs. Laurel Lawe.

Mrs. William Fuerst entertained eight little girls Saturday afternoon in honor of her daughter, Diann, on her sixth birthday. Games were played and birthday cake and ice cream enjoyed. Diann received several pretty gifts.

A Daily Vacation Church School Institute was held at the Methodist Church here Friday with a good attendance.

Mrs. Don Haddix of Midland spent the week-end here with her mother, Mrs. Winifred Charters, and other relatives.

Mr. and Mrs. Jack Krause of Saginaw were callers at the Schuster and Charters home Sunday afternoon enroute home from Glennie.

Mr. and Mrs. Earl Cousino and Mr. and Mrs. Lee Townsend and two children of Detroit spent the week-end with Mr. and Mrs. Theodore Bellville and other relatives.

Mr. and Mrs. Irving Youngberg are the parents of a new daughter, Rebecca Ann.

Mrs. Arden Charters and son, Keith, and two little daughters spent Monday afternoon in Bay City.

JUVENILE GRANGERS DISPLAY PROJECTS

The Whittemore Juvenile Grangers met on Friday evening for their monthly meeting. Master Terry Bellville had charge of the business session. Guests at the meeting were Mrs. Joy Bellon and Mrs. Mina Bellville, members of the subordinate Grange home economics committee.

A display table showed some of the things the Juvenile Grangers are doing this year to carry out their happiness telephone project.

Ann Bellville played the piano selection, "Edelweiss Glide." Martron, Mrs. Dornace Bellville, read the story, "The Happy Prince," by Oscar Wilde in keeping with the happiness theme.

A happiness cake centered the refreshment table.

PRE-REGISTRATION AT HALE AREA SCHOOL

Hale Area School is having pre-registration for kindergarten for next fall's class. This will be held Tuesday, May 6, at 9:00 to 11:00 a. m. and 1:00 to 3:00 p. m. Members of this year's kindergarten class will not attend school that day.

Make Tour to Learn About Our Community

Girls in Tawas Area Girl Scout Troop No. 3 have been busy learning about the things in their own community. They went on a conducted tour of the Northeastern Shopper building. They were very interested in watching the printing press in action and each girl received a gift as she left the building.

Miss Dorothy Scott attended a recent meeting and gave the girls patterns, material and help in making May Day favors for Tawas Hospital and Huron Rest Home patients. These will be delivered by Judy Lee and Carolyn Rice.

One of the prizes the girls received for selling Girl Scout cookies was a conducted tour through the Tawas Gallery of Historic Indians. All reported a wonderful time and were surprised to learn that one of the exhibits, Chief Pontiac, was a distant relative of one of the Scouts.

The troop's new American flag arrived this week. Purchase of the flag was made possible by donations from members of Twentieth Century Club, American Legion Auxiliary of Tawas City and Quota Club.

This troop will have its court of awards ceremony May 5 in conjunction with the Brownie Troop No. 2 at the Tawas City Methodist memorial hall, starting at 7:30.

Mrs. George Rice and Mrs. George Myles are leaders of the Girl Scouts and Mrs. Vernon Beaubien is leader of the Brownie troop.

Tawas Area Trackmen Show Improvement

Tawas Area School trackmen showed considerable improvement in two meets held the past week, although coming out second best in both.

At Alpena Catholic Central last Wednesday, Tawas was bested 62½ to 52½. First place winners for Tawas were Dwayne Ulman in the 120-yard high hurdles, with a time of 19 seconds; Bob Watts in 800-yard run, with a time of two minutes, 19 seconds; Dave Roach won the shot put with a heave of 37 feet, 9½ inches, and Watts won the high jump with a distance of five feet, two inches.

At Houghton Lake, Tawas was downed by a point score of 79-30. Ulman again won the 120-yard high hurdles with a time of 18.2 seconds; Dan Ropert won the mile in a time of five minutes, 27.3 seconds.

Study Whether Idle Ferry Should be Put in 'Mothballs'

The question of whether the state should put the idled ferry, Vacationland, in "mothballs" as the navy has done with many warships, was raised in Lansing this week.

Lloyd Gibbs, chairman of a special commission set up to determine the fate of unused ferry docks at St. Ignace and Mackinaw City, said perhaps the \$6,000,000 vessel should be kept for use during a national emergency.

At one time, Tawas and Port Austin businessmen boomed the idea of starting a ferry service between these two communities using the Vacationland. Nothing has been heard recently on this subject, and the matter seems to have been dropped.

Attend Meeting of Municipality League

Four city officials of Tawas City attended the annual regional meeting of the Michigan Municipal League held Thursday, April 24, at Roscommon. Attending were Mayor George Tuttle, Clerk Walter Nelson, Treasurer Ruth Albertson and Councilman Earl Davis.

Davis, who was elected regional vice chairman last year, conducted the afternoon and dinner session.

Theme of the meeting was "Developing Your Community" and "Municipal Financial Operations."

NOW AT DEARBORN

Mr. and Mrs. Lyle Hughes, former residents of Tawas City, recently purchased The Lamplight Restaurant at 15021 Michigan Avenue, Dearborn. Lyle was formerly a food purchasing agent for two hospitals at Rochester, Minnesota. He is the son of Mr. and Mrs. Charles Hughes. His wife, Jean, is the daughter of Mr. and Mrs. Frank Lansky. They write that they would like to have their Tawas friends stop in to see them when in the Detroit area.

Sales and Production Already Reflect Increased Building Activity, Says Baker

National Gypsum Company today reported first quarter 1958 sales of \$31,395,173. In the same 1957 period the company's sales were \$34,034,789.

Earnings for the 1958 first quarter were \$2,061,653 or 50 cents a common share. First quarter earnings last year were \$3,024,562 or 76 cents a share when there were 79,515 fewer shares outstanding.

Chairman Melvin H. Baker attributed the sales and earnings decline to "the construction lag and the severe winter."

He told stockholders attending the annual meeting "unusually

severe late February and March weather curbed construction throughout the country. The weather, combined with low volume, hampered production and resulted in higher manufacturing costs at all of our plants."

"However," Mr. Baker observed, "the second quarter looks better. Recent government actions including the liberalization of federal home loan programs have encouraged home building, our principal market. As a result of this, sales and production already are reflecting some increased activity."

Mr. Baker predicted that more homes will be started this year compared with 1.04 million in 1957.

"During the first quarter (of this year) National Gypsum operated at about 60 percent of capacity," Mr. Baker said. He predicted a rising rate of capacity utilization through the balance of 1958.

Mr. Baker said, "high interest rates and the shortage of mortgage money severely curtailed home building during 1957. Late in 1956 we foresaw a drop in our principal market, and began aggressively to direct our sales efforts to the commercial, industrial and home modernization markets."

"This strategic move was highly successful and as a result," Mr. Baker reported, "1957 sales were about 93 percent of our all-time sales record set in 1956."

He told stockholders the company does not anticipate "any dividend reduction." National Gypsum regularly has been paying 50 cents a quarter on the common stock and two percent stock dividend annually. Mr. Baker forecasts a dividend increase when sales and earnings reach higher levels as a result of an ex-

pected construction boom "beginning in the early 1960s."

He said National Gypsum is planning no sale of stock. But he did hold out the possibility of stock exchanges in the acquisition of other companies. "We do expect that as in the past the number of outstanding shares will be increased through the issuance of stock dividends," Mr. Baker added.

He told stockholders the company is carrying about \$15,000,000 in a construction account and has another \$17,000,000 carried in working capital now in use.

"These funds are ample to wind up our Great Lakes expansion program which is scheduled for completion in 1960. Thereafter, cash from depreciation, depletion and retained earnings should provide for our needs—supplemented if necessary with some increase in funded debt," the company founder declared.

President Fred A. Manske announced that the company's new asbestos quarry and mill at Thetford Mines, Quebec, "will soon go into production." He said the mill's output will be sufficient to supply National Gypsum's three asbestos cement plants in this country and will permit "substantial outside sales."

Mr. Manske said National Gypsum "now is self-sufficient in gypsum, lime, asbestos and paper, the four basic materials required in the operation of our plants."

He reported that construction of loading facilities and development of a huge new gypsum quarry at Tawas City "are proceeding according to plan." The new facility will supply raw gypsum to plants the company will build at Waukegan, Illinois, and Lorain, Ohio.

Vice president William M. North presented a 10-year projection showing what he termed a "tremendous need for new residential and commercial construction." He estimated that 28 million persons will be added to our population during the next 10 years.

He said he is "conducting studies to determine those new products and industries which are logical additions to our product line." He said that in order to provide for the anticipated demand for new construction, National Gypsum is "carefully examining avenues for company growth."

He indicated that growth would come from "research, added capacity when required to manufacture products now in the company's line and new products, and from the purchase of other companies whose products are used in construction or by our industrial customers."

Chairman Baker told stockholders that more than 80 percent of the company's outstanding shares of common stock, held by 25,680 stockholders of record, were represented at the meeting.

The following directors were re-elected: Chairman Baker, Buffalo; John G. Cella, St. Louis; Clifford F. Favrot, New Orleans; Joseph A. W. Iglehart, New York; John W. Brown, Elmer E. Finck, Lewis G. Harriman, President Manske, Charles E. Masters and Wells F. Anderson, all of Buffalo.

VANGUARD'S ORBIT
According to Dr. John P. Hagen, director of the Vanguard satellite program, the navy's Vanguard satellite will orbit the earth for at least 200 years.

Dr. Hagen said long observation will be necessary to determine a more accurate prediction of the life of the small sphere sent aloft on March 17. The navy satellite is slowing down at an almost unmeasurable rate because of the dimensions of its orbit and because of "drag." But, Dr. Hagen added, "we now know that Vanguard will be with us for at least 200 years."

SOVIET A-TEST PERILS The recent Soviet nuclear tests were "the dirtiest radioactive debris tests the world has ever known." This is the view of Senator Humphrey, Democrat of Minnesota, who said there probably is a great deal of evidence to back a Danish report that a catastrophic accident caused a halt in the Russian test series. The report said the mishap caused radioactive fallout to increase to the danger point over Russia and many neighboring states. A state department spokesman said, however, "We have no basis on which to substantiate the story." DEFENSE PLAN RAPPED Three military analysts have criticized President Eisenhower's defense reorganization plan while indicating general support for his objectives. None of the analysts saw as much harm in the inter-service rivalries as Eisenhower sees, and two of them said the Pentagon's real problem is top-level indecision.

Northland District Gives Charter to Tawas Scouts

On April 28, the Northland District of the Paul Bunyan Council, Boy Scouts of America, formally presented a troop charter and a cub pack charter to Audie Johnson Post 211 of the American Legion, who is sponsoring the Scout program in the Tawas.

The meeting was in charge of Vice Commander Fred Look in the absence of Carl Eckman, Legion commander and scoutmaster, who is a patient at Tawas Hospital.

Serge Thomsson of Hale, in charge of organization and extension for the Northland District, presented the charters. Charles Anson, institutional representative of American Legion Post 211, accepted. Mr. Thomsson addressed the group, using as his theme, "Honor." He also strongly urged more adult participation, both for the benefit of the boys and the personal satisfaction derived from this service.

Cub Scouts were in charge of Cubmaster Kenneth Blake, and Boy Scouts in charge of Assistant Scoutmaster Gene Ballinger. Membership cards were presented, also to committeemen, den mothers, other adult leaders, and to the Scouts. Legionnaires and many parents of the boys were present, the attendance totaling about 100.

noon with ceremonies on the steps of the capitol at Lansing. The blessing of the blossoms, marking the start of the Benton Harbor Blossom Festival, will be later that afternoon.

Tuesday will be Hospitality Day. Residents are asked to join in a post card campaign to give out-of-state people a look at Michigan in the form of colorful post cards.

Our Liveliness Day, scheduled for Wednesday, will stress the many ways in which Michigan residents earn their living. Hundreds of schools in the state will hold open house Thursday, designated as Education Day. Exhibits of driver training programs, shop and industrial arts and home economics will be set up at many schools. No special observance is planned here as the school will be visited Monday.

Friday will be Our Heritage Day, reviewing the romantic history of Michigan and the roles of Michigan residents in the development of the United States.

The scene will shift from the past to the future on Saturday which is New Frontiers Day.

It was announced that the La-Cine Saddle Club will take over all arrangements to hold a rodeo and horse show here July 4. Arrangements for use of the old fair ground property in East Tawas and moving an arena strip will be taken care of by the chamber. Daily fishing and weather conditions are being given to several Michigan radio stations. This direct publicity is being given to the chamber at no cost.

ROAD SPENDING EYED

Both major parties took steps recently to spur the national highway program. Senator William F. Knowland, Republican of California, revealed that after a regular meeting of party leaders with President Eisenhower, measures had been discussed to spend more on highways this year, but that no decision had been made.

WE HEAR

FREE PRESS TELLS OF EUGENE SWEM

Eugene Swem, who was superintendent of schools in Tawas City at one time, was featured in a Detroit Free Press news story Tuesday. Mr. Swem, who came to Tawas City in 1914, is the former chief executive officer of Southfield Township, which became a city Monday. The Northland Shopping Center is in the southeast corner of the new city.

Residents here remember Mr. Swem as the first person to organize an orchestra in the Tawas City school.

ANOTHER CAR CRASHES ON DANGEROUS CURVE

Last week the Iosco County Board of Supervisors went on record as opposing any move by the Michigan State Highway Department toward turning M-171 back to the county.

Among reasons cited by the supervisors was the fact that the stretch between the air base and US-23 was badly in need of repair, that it contained several curves, a narrow bridge and needed to be widened, all of which would amount to a considerable outlay of money for reconstruction.

That M-171 contains numerous curves was again demonstrated last Wednesday night when four airmen were injured in an auto crash. The car in which they were riding missed a curve and crashed into a utility pole. Two of the men were injured critically.

Residents of the Oscoda area have lived with the danger of M-171 for a long time. It was one of the first stretches of concrete paving constructed in this area of Michigan and, therefore, is much narrower than roads being constructed today.

With the amount of traffic using M-171 today, and prospects for increased use from Wurtsmith Air Force Base in the near future, M-171 should be considered for reconstruction ... and soon.

OFFICERS SMITH AND BURNETTE VISIT TAWAS

Two Michigan State Police troopers, formerly assigned to the East Tawas post, visited the area during the past week. Cpl. George Burnette of Ypsilanti was here over the week-end and Cpl. Howard Smith, now assigned to the Battle Creek post, arrived Monday with friends to get in some perch fishing on Tawas Bay.

Fire Danger Still High in Huron Forest

Residents of Iosco County were warned this week by the United States Forestry Department that the fire danger in Huron National Forest is still high.

"Rains of the past few days have lessened the danger to a degree, but most of the moisture has been absorbed by the dry woodlands," stated Edwin Young, assistant district ranger.

Young said that three fires broke out in the Huron last week-end. Some 20 acres were burned over near Roy Creek and another fire was located at McGillis Creek north of Glennie. Both fires were caused by the carelessness of fishermen.

Three acres were burned over near High Roll Ways and the fire endangered a cabin. This was caused by the property owner burning trash.

The recent ban on fire permits has been lifted, although permits will only be issued for burning after 5:00 p. m.

reported only one or two nights at the "Singing Bridge" south of Tawas City. Local anglers report that perch fishing is coming into its own on Tawas Bay with many good catches at Jerry's Fishing Resort at Tawas Point, the Waterways Commission Dock at East Tawas and the park dock in Tawas City.

WORK PROCEEDS ON M-55 CONSTRUCTION—BUT . . .

Men can build roads, but only God can create a tree.

We hate to throw cold water or hang crepe on such a long-awaited project as the widening and re-surfacing of M-55 . . . but it was sickening to drive along the Hemlock Monday and see all of those trees laying in a tangled mess along the side of the road.

Perhaps this is the cost of "progress" . . . but we believe a little more discretion could be used when cutting down trees. After the road is completed the state will undoubtedly plant new trees along the road . . . perhaps even in the same location of some trees which were felled.

This particular gripe of the writer applies right here in Tawas City, also. It is too often the case when trees are cut down for little, if any reason. For every tree cut down, five new ones should be planted somewhere in the city.

Leaders Enjoy Cook-Out April 19

Saturday, April 19, Camp Fire leaders enjoyed a training cook-out at Tawas Point. Mrs. C. B. Cox was instructor, the purpose of the meeting being to train the leaders in fire building and simple cookery, so that they, in turn, may teach the girls in their groups.

On Wednesday, April 23, third grade Blue Bird leaders and sponsors and fourth grade leaders met at the home of Mrs. Joseph Dimmick to discuss plans for their groups. In the morning the subject concerned types of programs suitable for beginning fourth grade Blue Birds next fall. The afternoon program dealt with ways of leading this year's fourth graders toward graduation into Camp Fire in June.

Next week will see the beginning of the annual Camp Fire candy sale. Members of all groups, Blue Birds and Camp Fire Girls, will be calling at homes in the community with boxes of chocolates to sell. They will be \$1 per box, and three types, turtles (chocolate covered nuts), assorted chocolates and all cream fillings, are available. Money earned from the sale will be divided between the general fund of the Camp Fire Association in East Tawas, and the groups of girls to be used for their group activities.

in with the city's water supply because of state requirements," stated Bublitz. "Private wells may be used for watering gardens, lawns and for outside use as long as the water is not connected in with inside plumbing," he said.

Any resident who has not had a meter installed in his home is requested to notify the superintendent of public works immediately so that meters may be installed as soon as possible.

A house armed services subcommittee has unanimously rejected a defense department plan to reduce army national guard and army reserve forces by 10 percent. The panel's decision was not final, but it could lead to the defeat of Pentagon plans.

Tell of Water Resources of Iosco County

Theme of the 1958 observance of Michigan Week stresses two of the state's great human and natural resources—education and waterways.

As an example of water resources, the Michigan Week Committee released data this week which revealed that there are some 50 inland lakes in Iosco County covering a total of 9,751 acres.

Total miles of streams is 259, the AuGres River the largest, draining about 220 square miles, and the AuSable River, draining about 150 square miles.

Great Lakes shoreline of the county is 35 miles. Public fishing sites total 1,096 acres, with 12,876 feet frontage on seven lakes and streams sites.

Four power dams are located in the county: Five Channels, Foote, Cooke and Loud, all on the AuSable River, owned by Consumers Power Company.

Tawas Homemakers Met April 16

The Tawas Homemakers met at the home of Mrs. Betty Daly Wednesday, April 16, for their regular meeting.

Mrs. Nancy Hackborn and Mrs. Barbara Adams, project leaders, led a discussion on "Understanding Young Children." Many interesting ideas were exchanged between the members.

Tentative plans were made for a summer picnic and several workshop meetings, but no definite dates were set.

The hostess served coffee, cake and ice cream following the meeting.

The next meeting will be held Wednesday, May 21, 7:45 p. m., at the home of Mrs. Lois Sayles, East Tawas. The meeting will be on copper etching.
