Council Rules Garage is Contrary to Zoning Law

Application for a permit to construct a garage-type building on Bay Drive by Walter Champion was turned down by the Tawas City Council at its regular meeting Monday night. Reason for the denial was that commercial use of the building would conflict with the city's zoning ordinance.

At the last session of the council, Mr. Champion asked that he be allowed to construct a garage-type building on property located adjacent to his home. He said that he planned to use this building for glass blowing in conjunction with his sign business.

At the time, he cited the fact that two other commercial enterprises, one of a similar nature, were being operated in that area. City Attorney Allan C. Miller stated that the city superintendent had made an investigation of the area. On review of the city's zoning ordinance, Mr. Miller said that at present, there is nothing to indicate a commercial operation in a residential zone.

He cited the fact that the zoning ordinance was very broad in its allowance of certain types of business to be conducted in a class A residential zone. About the only restriction in the operation of

Four-Day Forest Festival is History

Four-day festival observing the 50th anniversary of the Huron National Forest, the world's largest planted forest, came to a close Sunday afternoon with two canoe races down the famed Ausable River.

The twin cities of Tawas City and East Tawas and neighboring Oscoda took on an air of fiesta over the week-end. Program highlights included guided tours through the thousands of acres of pine plantations, dedication of a new memorial commemorating the 1928 planting of seven million red pines furnished by Michigan Kiwanians, tree planting demonstrations by the United States Forest Service, games and contests.

Winner of the senior men's canoe race down the Ausable Sunday afternoon was the team of Larry Kindell and Steve Kolon-

Registration Starts Soon for School

Principal Ernest W. Jordan announced this week that registration dates for Tawas Area Junior-Senior High School students are as follows:

Possible Solution to Street Problem Studied by Council

A survey of parking and loading conditions on First Street near the US-23 intersection resulted in a decision to take remedial steps by the Tawas City Council.

At Monday night's regular meeting, Mayor George Tuttle stated that he, Chief of Police George Ruth and Supt. Reginald Bublitz looked over the situation recently and there "was a lot of room for improvement."

Tuttle outlined three problems which must be faced at the First Street-US-23 intersection: Keep the street open to traffic; make more parking spaces, and allow a place for unloading at Alpena Candy Company and Lowery Auto Parts.

Mayor Tuttle said that it was his recommendation, and that of the police chief and superintendent, that the street should be widened some five feet on the west side by removing the curb. A new curb would be constructed from a point in line with the Case Building back to the Gingerich building, allowing 30-foot entrance into the Gingerich property.

Under this plan, two 30-minute parking spaces would be allowed back from the US-23 corner. From this point, the area would be designated as a loading zone, with trucks parking parallel with the curb to unload at Alpena Candy Company. Additional parking spaces would be gained from the loading zone along the curb to the 30-foot entrance to Gingerich's property.

The plan is to be carried out as soon as work can be scheduled by the department of public works.

May Put New City Hall Proposal Before Voters

A special meeting is to be called within the next week to discuss a proposed bond issue for construction of a new city hall at East Tawas. Plans submitted by the new city hall committee were accepted by the council Monday night.

"Since plans were drafted and a picture of the proposed structure was placed on display, many people have asked when construction would start," states Mayor Elmer Werth.

"Everyone realizes the condition of the present city hall and we hope that the proposition may be put before the people at the earliest possible date," he said.

Charles Pinkerton, speaking for the new city hall committee Monday night, proposed that the council go ahead immediately with plans as submitted under the original proposition. This was accepted unanimously by the council.

It is estimated that cost of the proposed new city hall would be approximately \$75,000. It would include an auditorium.

A proposal by T. S. "Ted" Dimmick, East Tawas businessman, to build a joint city-convention hall was also discussed.

A sketch of the proposed convention hall was presented by Mr. Dimmick and Lyle Mooney. It would seat upward of 2,000 people and estimated cost would be possibly \$250,000. Mayor Werth said that it was his feeling that the proposed con-

vention hall should be financed by the entire area which would benefit from it. It was suggested that a private, non-profit corporation be formed to finance the cost of such a structure.

Band Concert Set for City Park Tonight

First concert in the summer series by Tawas Area High School Band will be held at the Tawas City Park Thursday, August 6, (tonight) starting at 7 o'clock. The band will be under the direction of Edward J. Rima.

Program for the concert is as follows:

"Orange Bowl," march, Henry Fillmore; "The New Colonial," march, R. B. Hall; "Belmont," overture, Ralph Hermann; "Washington Post," march, John Philip Sousa; "The Whiffenpoof Song," arranged by Paul Yoder.

"Le Val Des Bois," overture, Thiry-Chidester; "Burst of Flame," concert march, Richard W. Bowles; "Tea For Two," Youmans, arranged by Yoder; "Carnival of Roses," overture, J. Oliva-dotti.

"The Syncopated Clock," novelty, Leroy Anderson; "Si! Trocadero," mambo, Harold L. Walters; "National Emblem," march, E. E. Bagley; "The Star-Spangled Banner."

In case of inclement weather, this concert will be canceled. The next concert is Thursday, August 13, at the East Tawas State Park.

Gives Convention Highlights Tuesday

Highlights of the 44th International Convention of Kiwanis Clubs at Dallas, Texas, in June were heard by members of Tawas Kiwanis Club at its luncheon meeting Tuesday, August 4.

Ernest Jordan, East Tawas, delegate to the convention, brought back a tape recording of highlights of speeches and sidenotes given by the speakers appearing on the convention program. Included on the tape was a congratulatory telegram from Dwight D. Eisenhower, president of the United States.

The meeting was held at the Barnes Hotel, Tawas City.

RECEIVES SLIGHT INJURY IN AUTO ACCIDENT

A 17-year-old Tawas City youth received slight injuries early Tuesday morning when the car in which he was a passenger crashed on Coast Guard Road at the Tawas Beach Road intersection.

Injured and treated for a bruised knee and laceration at Tawas Hospital was William Mick.

Driver of the car, Darrell W. Lomas, told investigating officers that as he started to turn the corner he felt the front of the car slide. He drove into a clump of trees.

Anderson Coach Closed by Pickets; Want 30c Increase

For the second time in less than 12 months, Anderson Coach Company at East Tawas is strike-bound.

Production workers walked out of the company's two plants here during the lunch hour Tuesday noon. Peaceful picketing at the production building near the state police post and at the final finish building at the east city limits commenced immediately. The company employs approximately 90 production workers. The workers, members of Mil-

man Local Union 2539, Carpenters and Joiners of America, had been working under terms of the old contract which expired June 30. The company notified the local July 27 that it was canceling the contract.

According to William Scott, president of the union local, the men want the company to eliminate the bonus system, based on the number of mobile homes produced. The workers are demanding a 30-cent an hour across-the-board wage increase and a base rate of \$2.25 an hour.

Federal and state mediators were here July 28 in an effort to reach some settlement and to avert a strike, a vote on which had been taken in April. No agreement over the bonus system could be reached during negotiations of a new contract between union and management.

James Guest, president of Anderson Coach Company, said Wednesday that the strike came as a surprise to him. "I understood that the union representatives, who were here July 28, would be back again in a couple of weeks for further talks on a new contract."

Mr. Guest stated that the incentive bonus system was used by 80 percent of the companies in the mobile home manufacturing industry.

The president emphasized that Anderson Coach Company was the highest wage paying industry in the Tawas area.

Anderson Coach employees say that the bonus does not amount to much because of lower production, as compared to past years.

Mr. Guest stated that the company had suffered a decline in sales in the past 17 months and is now trying to combat this with a new, lower priced model. He said (See STRIKE, page 10.)

New Judges to Attend Parole Board Meeting

Allan C. Miller of East Tawas and Dennis O'Keefe of Standish, judges-elect of the 23rd and 34th judicial circuits, will attend a meeting of the state parole board at Grayling August 11.

Miller and O'Keefe are among 22 newly elected judges who will attend the meeting. Purpose of the session is to familiarize the new judges in parole and probation procedures. They will take over office January 1, 1960.

MEMBERSHIP CAMPAIGN BREAKFAST SCHEDULED

Tawas Chamber of Commerce will hold a second membership drive breakfast at Ossie's Restaurant in East Tawas. It is scheduled for Tuesday, August 11. Reports on the current membership drive will be given the following Wednesday night at the meeting of the board of directors.

Opening of Two Streets OK'd Monday

Opening of two streets was authorized by the Tawas City Council at Monday night's meeting. The two streets, Murphy Street in the First Ward and Twelfth Avenue in the Second Ward, are to be opened a distance of approximately 250 feet.

Two building permits were approved by the department of public works during the past week. Permits approved were: Ivan Castagner, 519 Lake Street, build new front and install windows in commercial building, estimated cost \$1,600; Elmer Burrell, North Park Acres Subdivision, 28 by 62 home, estimated cost \$12,000.

In other business, the council authorized application of Dust-master on streets.

Grand Opening of New A&P Store August 10

Grand opening of the Atlantic and Pacific Tea Company's new store in East Tawas will be held Monday, August 10. This structure was recently completed by O. S. Rose Builders, Incorporated.

Located on Newman Street between the East Tawas Recreation and Holland Hotel, the new block and brick structure will have both front and rear entrances. A large parking lot is located at the rear of the store.

East Tawas Team Schedules Night Game

East Tawas independent baseball team will meet a team from Saginaw under the lights at Tawas Area High School Athletic Field Saturday night, August 8. Game time is 8 o'clock.

Manager Harold Rollin said Monday that the Saginaw team is fast and colorful and has traveled around the state playing amateur baseball teams.

Tawas City to Repeal Many Old Ordinances

In connection with the review of the ordinances passed when Tawas City was a village and later as an incorporated city, an ordinance, No. 8, passed in 1885, provided for the punishment of certain crimes and offenses by hard labor. The ordinance, signed by W. B. Kelly, then village clerk, and James Hamilton, village president, provided for such persons who were imprisoned to labor 10 hours a day on public streets, "in the cleaning or otherwise improving same."

Other ordinances which will be dropped from the books include the governing of sales from boats, animal pound maintenance, duties of marshal and one which stated that it was illegal to take possession of timbers, etc., found on the bay front.

Ordinances which Miller said should be amended or repealed included the regulation of shows and exhibitions, penalty and enforcement of gaming, sidewalk encumbrances, hawkers and peddlers, fire warden, snow removal and river contamination. The recommendations were turned over to the council's ordinance committee for further study.

GIVES INFORMATION ON NEW DRAFT REGULATIONS

The draft has been extended for four years, until July 1, 1963. This means that the young men of the country must continue to expect to serve in the military forces. This is the second article in a series which outlines the basic responsibilities and rights of young men under the draft law.

Some time after he has registered, each man will receive from his local board a questionnaire. The answers provide the basic information which the local board will use to decide whether a man should be deferred or exempt, or whether he should be considered as available for induction for two years of service.

The classification assigned by the local board determines, basically, whether a man will enter service in his turn or remain temporarily in civilian life. The local boards are made up of unpaid, volunteer citizens of the community. They may not be members of the military service.

KEYSTONE TO SHIPPING IN MIDDLE WEST

Almost completely surrounded by the Great Lakes, Michigan is a keystone of the vast shipping industry on these waters. The port of Detroit is one of the busiest in the nation. Tonnage through the world famous locks at Sault Ste. Marie is more than three and one-half times that of the Panama Canal. The Detroit River ranks as the busiest waterway in the world.

Park Lifeguards Aim for Water Safety

A STATE park lifeguard heaves a life-saver at his simulated target—a drowning swimmer—during a recent lifesaving session conducted by the American Red Cross at Muskegon park. Twenty-five lifeguards went through their paces, demonstrating artificial respiration, first aid and other lifesaving techniques during the one-day school. Another 14 were tested earlier last month at Pontiac Lake recreation area. The testing, required by the state for the first time this year, is aimed at curbing water accidents at the more heavily-used beaches in parks and recreation areas of Southeastern Michigan and the northern Lower Peninsula.

Nationals Defeat Americans in Knot Hole All-Star Game

Scoring two runs in the eighth inning Sunday night, the Nationals defeated the Americans in the second annual Knot Hole League all-star game held under the lights at Tawas Area Athletic Field.

Before a large crowd of spectators, most of whom stayed until the final out in spite of chilly weather, the Nationals came from behind in the final inning to tie the score and go ahead by one run.

Two singles by Riley and Rose, coupled with an error, a passed ball and a wild pitch, accounted for the two runs to give the Nationals a well-earned victory.

The first half of the game started out as a run-away for the Nationals, who held a 3-1 lead at the end of four innings.

Bob Sieloff, lead-off batter for the winners, scored the initial run in the first inning on a walk, Herb Humphrey's single and a fielder's choice to Charles Anschuetz.

The Nationals scored four times in the fourth when Wayne Meyers doubled, T. DeWyse was safe on a fielder's choice. Sieloff singled, scoring Meyers. Humphrey doubled, DeWyse scoring. Mike Gilfix was safe on a fielder's choice. Anschuetz doubled, Sieloff scoring and Humphrey was thrown out at the plate. Gilfix scored on an error.

The Americans scored one run in the fourth after two men were out. Johnson forced Welch out at second and scored on Don Seymour's single.

In the second half of the game, with a complete change of players for both teams, the Americans scored four times to tie the score. Cain doubled and scored on Katterman's single. Wojahn singled. Goss singled to score Katterman. Fletcher struck out. Frank walked. Philpot singled to score both Wojahn and Goss. Phillips struck out.

The Nationals regained the lead in the bottom of the fifth

when Lorenz doubled to lead off. Kiley struck out, Riley singled to score Lorenz. Colburn walked. Rose doubled, scoring both Riley and Colburn.

Scoring three times in the top half of the sixth, the Americans again tied the score. Dunnill walked to start the inning. Cain singled. Katterman singled, scoring Dunnill. Colburn then relieved Riley on the mound and struck out Wojahn and Goss. Fletcher doubled to score Cain and Katterman.

The Americans broke the tie in the top of the seventh when Phillips walked and scored on a passed ball.

Riley and Rose put the finishing touches to an exciting game with their two hits in the bottom half of the eighth inning, scoring the tying and winning runs.

The first half of the game featured excellent pitching on the part of both teams. Welch of the Americans struck out nine batters in the first three innings, before being nicked for four in the fourth. Fred Wilson of the Nationals allowed only three hits and one run in the four innings which he pitched.

Taking over in the fifth for the Nationals was Riley, who pitched one complete inning. He was relieved in the sixth by Colburn. Goss pitched the final four innings for the Americans.

Tawas City Had 15 Hits in Win Over Sterling

Brandishing a host of "war clubs" Sunday, Tawas City downed league-leading Sterling, 4-3, in a Northeastern Michigan League encounter on the winners' home field. This was the third meeting between the two teams this summer, Sterling having won the first league game earlier this spring and Tawas City won a practice game under the lights several weeks ago.

Tawas City unleashed one of its best hitting attacks of the year, collecting 15 hits off the slants of Mahoney. However, eight men were left stranded on the bases as Mahoney struck out eight batters and Catcher Bob Proulx cut down two runners with perfect throws to second.

Winning pitcher, Gerald Potts, was nicked for eight hits and issued five free tickets to first. Errorless fielding on the part of his mates and his seven strike outs gave Tawas City the nod.

Featuring the long-ball hitting of the two clubs were bases empty homers by Clare Herriman of Tawas City and Lerner of Sterling.

Herriman's drive in the fourth capped a two-run inning and Lerner's blast in the top of the third did the same for the losers.

Tawas City picked up its initial run in the first inning on a single by Rapp, a double by Lorenz and a sacrifice fly by Herriman.

Sterling jumped to a 2-1 lead in the third on Lerner's home run and scored one later in the inning on a walk to Doyle and a single by Proulx.

Tawas City tied the game in the fourth inning on Herriman's homer and re-captured the lead on a second run which came when Warner walked and scored on back-to-back singles by Frank and DeLosh.

The nip and tuc battle between these two clubs went into another tie in the top half of the fifth inning when Mahoney singled, Doyle singled and Wolfgang doubled Mahoney home.

Rapp doubled to lead off the bottom of the fifth inning. Ed Anschuetz was safe on an error, but was out later on an infield play, shortstop to the pitcher. Lorenz walked but was out when hit by a batted ball. Herriman singled and Rapp scored on a single by Russ Anschuetz.

This ended the scoring, although Tawas City came up with two hits in each of the last two innings. Potts loaded the bases in the sixth inning with walks, but escaped unscathed when he fanned two Sterling batters and the final man flied out to center.

Four hits in as many times at bat by Frank topped the Tawas City line up, followed by Herriman with three out of three. Wolfgang, Proulx and Lerner each had two hits for the losers.

Due to a misinterpretation of the play-by-play in Tawas City's scorebook by the Herald sports writer, the final result of the game between Tawas City and Mikado as published last week was incorrect. Mikado won the game, 7-6.

Mikado scored five runs in the last half of the ninth inning, capped by a grand-slam homer by Gene Brousseau which tied the game at 6-6.

Apparently scorekeepers were changed in that inning. The sports writer misinterpreted several marks in the book and listed the score as 6-2 in favor of Tawas City. After "re-reading" the book, when the error was called to the attention of this newspaper, it indicated four runs scored by Mikado. However, the book did not indicate a home run by Brousseau nor did it show the final score by Mikado.

Sincerest apologies by this newspaper are expressed to the Mikado baseball team.

Peterson Stars as East Tawas KO's Branchers

East Tawas players walked up to the plate 50 times Sunday in a 22-4 rout over West Branch in a NEM League contest. East Tawas slashed out a total of 18 hits, including a three-run homer in the first inning by Edwin "Pete" Peterson.

During a long afternoon, East Tawas scored four times in the first inning, five times in the sixth, two in the seventh and once in the eighth.

Peterson's homer in the first inning chased Schmitt of West Branch from the mound before a man was out. Winters, who went in relief, was able to retire the side in the first inning without any more runs scoring.

At the end of the first inning, it looked as though it would be a tight ball game as West Branch came up with four runs in the bottom half. However, Winters was met by another barrage in the top of the second inning and his mates were unable to solve the

slants of Bob Binder, starting pitcher for East Tawas.

In the sixth inning, Herman Rollin went to the mound for the winners and allowed but one hit in four innings.

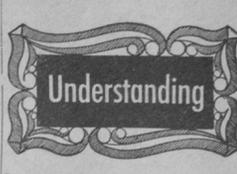

Top hitters for East Tawas were Peterson, with a home run, a double and three singles in six times at bat; Erickson and Bolen, each with three hits in six trips to the plate. Copeland had two of the four West Branch hits.

Calendar:

Thursday, August 6—Dairy Cooperative Bred Heifer Sale at West Branch Hereford Yards.

Thursday, August 6—ABA Board of Directors meeting, Federal Building, East Tawas, 8:00 p. m.

Friday, August 14, and Saturday, August 15—Michigan Christmas Tree Growers annual meeting at Cheboygan.

One thing is sure: With the hot summer, flies come to the dairy barn. They can be pests and sanitary danger.

But thanks to modern sprays, you can do better than the little taylor who got seven flies with one blow. You can knock out practically the whole bunch with proper treatment.

Here is a list of sprays and dusts recommended by Michigan State University entomologists.

Malathion or diazinon on barn walls will get control of house flies for three to four weeks. Treatment can be repeated then.

Do not put those materials directly on the cattle. They might get into the milk and it is illegal to have any in milk.

Baits of the insecticide in corn syrup are also effective. Dry baits are also available. For best results, put the bait on clean concrete where the sunlight hits.

If it is necessary, spray the cow at milking time. A spray of the pyrethrum type is recommended by the entomologists. Methoxychlor, in a 50 percent wettable powder, put on the backs and necks of the cattle, will repel flies. Put about one tablespoon on each cow.

In all cases, the specialists warn, insecticides should be used only after reading carefully the directions on the container label. Those instructions must be followed.

Space sprayers are best for control of stable flies. They can be permanently installed or used as portable equipment.

Christmas tree growers must choose tree species very carefully to fit soil and climate conditions and to suit "Mr. and Mrs. Discriminating Buyer," according to Lester E. Bell, extension forestry specialist at Michigan State University.

Bell notes that Michigan's commercial growers now plant about 30 million Christmas trees each year. About seven to 10 million of these seedlings will grow into saleable trees. However, only two million trees take their places in living rooms each December.

"These figures mean lots of Christmas trees will come pulpwood and sawlogs," says Bell. "Such large plantings also allow homemakers to buy only well-

EMTA Says That Tax Would Hurt Tourist Industry

East Michigan Tourist Association has warned legislators that a use tax on room rentals would hurt Michigan's \$650,000,000 annual tourist industry.

The warning came after EMTA sampled opinion among its membership about a use tax proposal at Lansing. EMTA represents nearly 500 motel, resort and hotel operators in Central and Eastern Michigan.

Frank Davis, EMTA secretary-manager, said operators of large institutions predicted a use tax would discourage the state's growing convention business.

Smaller facilities, mostly man and wife owned and operated, regard such a tax not only as detrimental to tourist traffic but also as "another example of the red tape that is already strangling them," Davis said.

"No other state in our immediate competitive area has such a tax," Davis went on. "The effort to collect this money from the people who vacation in Michigan would be out of proportion to the income the tax would produce."

Davis said EMTA opposed a use tax on accommodations when it was first suggested several years ago. "And we still feel such a tax would have a seriously harmful effect on a major source of Michigan's total income," Davis said.

WHY DO WITHOUT A LITTLE LUXURY LIKE THIS... LET ALONE THESE BIG CHEVY VIRTUES!

greater roominess

Automobile Manufacturers Association records carry the facts on this. In a Chevy sedan, for example, you've got more front seat head room than all but one of the high-priced cars! And Chevy's front seat hip room spreads up to 5.9 inches wider than comparable cars.

bigger savings

Here's solid proof that Chevrolet squeezes more miles out of a gallon: In the famous Mobilgas Economy Run, two Chevrolet sixes with Powerglide took the first two places in their class. Winning mileage: 22.38 m.p.g. And that, friends, took top honors for Chevy from every full-sized car!

full coil ride

You're the expert on ride, so you'll want to try Chevy's easygoing smoothness for yourself. MOTOR TREND magazine can give you a hint of what you're in for: "the smoothest, most quiet, softest riding car in its price class." And Full Coil springs, of course, never squeak, never need grease.

bigger brakes

Bigger, yes, and built with bonded linings for as much as 66% longer life. And how's this for proof that Chevy's a real stopper: in a NASCAR*-conducted test of repeated stops from highway speeds, Chevrolet outstopped both of the "other two" time after time.

*National Association for Stock Car Advancement and Research.

award-winning engines

The NASCAR Outstanding Achievement award goes to Chevrolet! Chevy wins for "the creation and continuing development of America's most efficient V-type engines... for the establishment of new levels of V8 compactness combined with outstanding smoothness." And you can choose among eight V8's and the Six that won the Mobilgas Economy Run for its class.

fresh styling

POPULAR SCIENCE magazine gave Chevy's styling a thoughtful look, then said it this way: "In its price class, Chevy establishes a new high in daring styling..." You'll find your own happy way of saying that Chevy's the only unmistakably modern car in its class.

formed, attractive trees that keep their needles."

Bell recently wrote an extension bulletin on selecting Christmas tree species in Michigan. The publication, Extension Bulletin E-363, is available at my office.

Long-needed pine trees have become more popular in recent years, according to the bulletin. Pines keep their needles better than most fir or spruce species. Furthermore, pine tree stands are quite easy to establish.

"Fir trees keep their needles better than spruce," says Bell. "Firs have single, flattened needles that are soft to the touch. But most fir trees are difficult to establish."

"Spruce trees have single needles that are four-sided when you look at them from the end. White spruce generally retains needles better than blue, black or Norway spruce."

Bell warns that late spring frosts may injure Douglas fir trees after new growth starts. He suggests planting this species away from low, frosty areas, preferably on north and east facing slopes. Douglas fir seed from the Rocky Mountains produces trees that are most winterhardy under Michigan conditions.

The bulletin tells species preferences as to soil acidity, soil type, amount of soil moisture and required length of rotation. It also discusses insect and disease problems.

Eight Michigan 4-H Club girls leave for Grand Rapids next Sunday for a three-day home furnishings tour. The girls represent eight districts of Michigan and were chosen for their achievements in the 4-H Club home improvement project.

Girls will visit the exhibitor's building where manufacturers display their lines of furnishings, a furniture factory to see fine

furniture in the making and a local department store to view design trends in carpets, draperies and dishes.

From this top award group, one girl will be chosen for state honors and a chance for a trip to National 4-H Club Congress in Chicago.

Hale Area News...

Mr. and Mrs. Alton McAndrews and family of Flint spent the past week at their cabin on Hale Creek.

The Plainfield Fire Department was called to South Branch Saturday. A barn, filled with hay, burned on the Dennis Breen place. The hay was owned by Floyd Putnam.

Mr. and Mrs. Earl Daniels and daughter, Carol, of Clawson have been spending some time at the cottage on the Kokosing Road. Mrs. Daniels and Carol, Ella Mae Youngs and children and Mrs. Hugh Anderson went to Clawson Friday to attend a bridal shower honoring Juanita Howland. Miss Howland and Mrs. Anderson's son, Hugh Jr., are to be married this month. The ladies returned home Saturday.

Miss Janet Duthie of Plymouth spent the week-end with her parents, the Rev. and Mrs. James Duthie. Her sister, Joan, who had spent the week with her, returned home.

Mr. and Mrs. Clinton Montney of Flint were at their cabin west of Hale for the week-end.

Mr. and Mrs. Thomas Dooley of Detroit spent the week-end at their cottage in town.

Mr. and Mrs. Charles Uhl of Long Lake, Mr. and Mrs. Arthur Johnson and granddaughter of Whittemore, Mr. and Mrs. Emil Wagner and Mrs. Herbert Durham gathered at the Glen-

wood Streeter home Sunday for a picnic dinner. They were honoring Mrs. Durham on her birthday.

Mrs. Amy Buck, who has been attending summer school at Mt. Pleasant, has finished her sessions and received her bachelor of science degree. Her daughter, Hazel Graves, had a surprise dinner for her last Sunday. Guests were Mr. and Mrs. Alfred B. Omer, Mr. and Mrs. Elizabeth Harris and Mrs. Elizabeth Simmons, all of East Tawas; Mr. and Mrs. Wilfred Buck and son of Midland, and Mr. and Mrs. James Belson and daughter of Whittemore.

Mrs. Cora Johnson, who has spent some time at Tawas Hospital, recently returned home and went to Bay City to stay for a while with her son, Dale.

Mr. and Mrs. John Dooley, Mr. and Mrs. Archie Ewing and grandson, James Bielby, Mr. and Mrs. Donald Goodrow and son, Bruce, and the Leo Thayer family left Tuesday morning for Wakami Lake, Canada.

Mrs. Ila Birch has bought the Roy Redmond home west of Hale. She has moved her furniture in but is working at Oscoda for the summer.

Mrs. Ernest Ortlieb's daughter, Elsie, had a narrow escape early one morning the latter part of the week. She was driving an International truck taking a crate of eggs to Hale when something happened to the steering gear. She applied the brakes and the truck careened into the ditch, turning upside down and headed in the opposite direction. She crawled through a window and walked to Earl Lackie's home and awakened him. He took her home. She was not injured but the eggs were a mess.

Mr. and Mrs. Stanley Hudzinski and Mr. and Mrs. Hugh Stoser were visitors at the Ralph Mathison farm in Alpena last Sunday.

Mr. and Mrs. Raymond Humphrey and son of Flint were guests at the Clyde Humphrey home last week-end.

Mr. and Mrs. Lawrence Shum of Flint were in town over the week-end and attended the fair.

LABOR DOES NOT PREVENT STUDENTS FROM WORKING

Teen-agers gainfully employed today should begin thinking about returning to school this fall to finish high school, advised William S. Singley, regional director of the United States Department of Labor's Wage and Hour Division. He emphasized that the federal child-labor law does not prevent students from earning money in part-time jobs during the school year.

"Teen-agers can earn while they learn, if they observe the guide-lines set by federal law," he stressed.

Most jobs under the Fair Labor Standards Act, the federal child-labor law, may be done by 16-year-old students. Students who are 14 and 15 years old may be employed in some jobs, including sales, office and custodial work, outside school hours.

"There are hours restrictions on the employment of 14 and 15 year-olds," Singley said. "They may work no more than three hours a day on school days and 18 hours a week in school weeks." On Saturday and other days when there is no school, they may work up to eight hours a day. All their work must be done between the hours of seven in the morning and seven in the evening.

Singley cautioned that some occupations, such as truck driver or helper, have been declared hazardous and require an 18 year age minimum under the act.

The act applies to employees engaged in interstate commerce or the production of goods for interstate commerce, unless specifically exempt. "A very important exemption from the child-labor provisions is one for newspaper delivery boys," Singley said.

Teen-agers, their parents and employers are urged to inquire for further information about the federal child-labor law at the division's local office in Grand Rapids, 320 Murray Building, 43 North Division Street, Glendale 6-8433.

Table decorations were a decorated birthday cake presented by Miss Applin in honor of Mrs. Johnson, Mrs. Tait and Mrs. Harmon. They were presented with birthday gifts.

Needlecraft News by Nancy Baxter

Where do fashion designs come from? Some will answer quickly, "Paris!" Others contend that spontaneous inspiration is the origin. Or, there are those who believe that new designs are ingenious composites of old ones. All these answers may be correct, but I think that, basically, designs come from nature. Nature is our first lesson in beauty, and I think we never cease to draw upon it as a source.

FAMILIAR FIGURE

Sometimes design utilizes an abstraction—such as the rippling line of a ruffle which had its origin in a quiet lake suddenly disturbed by a tossed pebble. Then, there are instances in which a specific natural form is used. For example, in crochet, we have our pineapple design. This lovely figure is a long-standing favorite with needlecrafters. That's because we find no end to the pleasing arrangements we can contrive with it. Today's dolly features a brand new design which I'm sure you'll want to include in your personal collection of "pineapples." At the center, we have four pineapples, each resting on a three-pronged leaf. Between each pair of leaves is another pineapple, this one hardly perceptible. Finally, a fine chain circles the dolly in tiny triangular forms.

PINEAPPLE FOR DINNER

The quiet geometry of this pattern makes it perfect for the dinner table. After fashioning one, you'll agree that four used as place mats will lend the peaceful festivity we all look for at mealtime. For free crochet instructions, send a stamped, self-addressed envelope to the Needlework Department of this newspaper and ask for PLACE MAT DOLLY, Leaflet No. A-124.

Plans Made to Promote Iosco County Cancer Survey

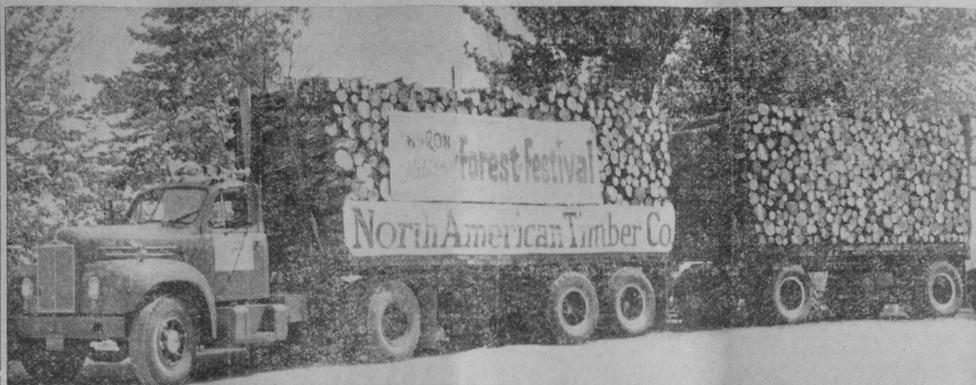

At the last meeting of the Iosco Cancer Society July 28, plans were discussed for promoting the coming uterine cytology survey in Iosco County. It is hoped that the educational phase of this program will be completed in August and the local physicians will be able to start the actual screening by September 1.

The local county chairman needs assistance with this work. Any women who are interested in cancer work are urged to call Mrs. Herbert Hertzler, East Tawas, phone FOrest 2-2265, and offer their assistance in promoting the program.

News About IOSCO SERVICEMEN

BY DOROTHY SCOTT County Agent

Almost any spot or stain is easier to remove when it is fresh, including perspiration stains.

Summer clothes may need special care to remove stains of perspiration or stains from substances applied to the skin against perspiration.

The perspiration stain is generally acid when fresh, but becomes alkaline on aging and there may be some oil in the perspiration stain. Anti-perspirant substances are usually acid.

For the best and easiest removal of both these stains, wash or sponge them promptly with warm water in which soap or synthetic detergent is dissolved. The use of water is required because perspiration and anti-perspirants are not dissolved by most dry-cleaning fluids. However, these fluids may be used for any traces of oil in the stains.

A word of caution here—be sure to check the effects of water, mild detergent or any other preparation on an unexposed part of the garment. If these removers damage the fabric, take the garment to a professional cleaner.

When perspiration and anti-perspirant stains are left on clothes, they become yellow and may weaken the fabric. If the stain has yellowed, try a mild bleach like sodium perborate.

If the color of the fabric has been changed by perspiration, you can sometimes restore it by using a mild alkaline substance for fresh stains or mild acid for older stains. Color may be restored after washing or sponging out fresh perspiration by holding discolored fabric over the fumes from an open ammonia water bottle. Because old stains are alkaline, try restoring the color by sponging with a little vinegar and water. Then rinse with clean water.

I suppose you have heard about the Midwest family suffering from botulism poisoning caused from eating home canned beets.

Best insurance against this food poisoning striking in your family is to home can your vegetables in a pressure cooker. True, an outbreak of this poisoning is rare, but if it strikes, the odds are you will not have a second chance to do your canning differently.

Available at your extension office is the up-to-date canning guide published by the United States Department of Agriculture. It shows, with pictures, how to do pressure cooker canning. If you do not have a good instruction book, be sure to request a copy of this one.

Add a pair of tongs to your outdoor cooking equipment. Use them for turning steaks and chops on the grill instead of puncturing the meat with a fork.

MRS. CATHERINE GROULX

Mrs. Catherine Groulx of East Tawas died Sunday at Tawas Hospital following a short illness.

Born October 25, 1896, at Essexville, she was the daughter of the late Mr. and Mrs. William Badour. She married William Groulx November 28, 1917. Mr. and Mrs. Groulx resided at Munger until 1941 when they moved to Whittemore. In 1954, they moved to Montrose and about one month ago to East Tawas. Mrs. Groulx was a member of St. Joseph Catholic Church.

Surviving are her husband; seven sons, Roy W. of Kalamazoo, Melvin J. of Chicago, Norbert L. of Mt. Morris, Harvey E. of Libertyville, Illinois, Virgil J. of Clio, Earl E. of East Tawas, Jerry L. of Montrose; six daughters, Mrs. Gladys Guonan of Tawas City, Sister Julia Mae, O. P. of Marywood, Grand Rapids, Mrs. Rita Winter of Montrose, Mrs. Grace Bolda of Bay City, Mrs. Norma Smith of Flushing, Mrs. Julia Smith of Tawas City; six brothers, William, Leo, Roy and Earl of Essexville, Herman of Bay City and Clarence of Flint; a sister, Mrs. Mabel Nellett of Bay City; 38 grandchildren, and two great grandchildren.

Funeral services were held Wednesday morning at St. Joseph Church with the Rev. Fr. Glenn Cronkite of Merrill, the Rev. Fr. Robert Neuman and the Rev. Fr. Henry Eickholt officiating. Interment was in the Immaculate Heart of Mary Cemetery, Tawas City.

SOCIAL SECURITY AGENT TO BE AT EAST TAWAS AUG. 13

One of the goals of the Social Security Administration is to pay benefits as promptly as possible to those persons entitled to payments, Paul M. Ellifritz, manager of the Bay City office, stated today.

To do this, Mr. Ellifritz said, it is necessary for the person claiming benefits to make inquiry for payments at his local social security office. A worker should inquire for payments before he re-

Michigan's Rich Resource--Water

A FISHERMAN enjoys one of water's many uses in Michigan. To the sportsman, homemaker, farmer and industrialist alike, Michigan's water is a vital resource. Among other things, it is a source of power for industry, an avenue for shipping products and a key to a booming tourist business. Besides serving many domestic needs in the home, it is used for irrigating crops and safeguarding public health. It supports fish and wildlife populations and gives life to our forests and wild plants. Truly, it would be hard to overestimate the value of state's water wealth.

tires if he knows he will be retiring on a certain date.

Generally, evidence will be required to prove the age of the retired person and the age of his wife. This may be a birth certificate or other record of age that is old and reliable. Also evidence of the worker's earnings in the taxable year that ended before he plans to retire is necessary. Mr. Ellifritz again stressed that for prompt payment of your first social security check "inquire before you retire." A representative will be at the Federal Building, East Tawas, Thursday, August 13, 10:30 a. m.

Festival Stated at Whittemore Church

St. James parish grounds in Whittemore will be the site of a parish festival Sunday, August 9. This event is for the benefit of the parish hall building fund.
 The festival is being sponsored by St. James, Our Lady of Lourdes and St. Pius X Churches.
 Sponsors say that there will be fun for everyone—young or old. A delicious ham dinner will be served starting at noon.

 that the margin on this new model would be "tight," but that it may result in increased production.
 Last September, Anderson Coach Company's plant here was strike-bound for one week as workers walked out in a dispute over wages. At that time, the men had been working under the provisions of the old contract. The new contract, signed in September, was to expire in only 10 months.

Large Crowd Witnesses Mid-Season Race Events

A large attendance viewed many exciting events at the Whittemore Speedway last Saturday and Sunday. The 1959 mid-season championship race was the feature of the evening while Don Swain of National City was honored with the trophy when winning the 25-lap main event. Many cars were present to participate in the run.

Winners of the Saturday evening classics were Dale Barber, West Branch; Wally St. Martin, Pinconning; Swain, National City, and Jack Thompson of Alpena.

A large crowd packed the stands Sunday to watch the motorcycle races which featured the lightweight short track bikes of the American Motorcycle Association. Spills and great speeds amused everyone throughout the afternoon while the riders finished to be awarded many trophies. Different types of bikes from all over the State of Michigan were there to participate. The events consisted of various heat races, an Australian pursuit followed by two large feature runs.

Car racing will be at the Whittemore Speedway each and every Saturday evening throughout the summer.

Mrs. Albert Mallon returned home this week after spending 10 days with Mr. and Mrs. J. Atlee Mark in Saginaw.
