

Needs Active Support-

Silver Valley is at the Crossroads

A report from district headquarters of the United States Forest Service had a "bombshell" effect at Monday night's meeting of the Silver Valley Winter Sports Committee.

The report, read by Tawas District assistant ranger, Edwin J. Young, stated, "After considerable thought we wish to advise that we do not contemplate renewing the permit (to operate Silver Valley) to the Tawas Chamber of Commerce upon the expiration date of July 25, 1961."

Basis for this conclusion was "the continued inability of this group to operate the area in a manner consistent with good safety and sanitation standards," the report stated.

"The termination of this permit in 1961 may or may not be the end of Silver Valley as a public winter sports area," the report stated. "If possible, we would very much like to have the area continued in operation, but in a safe and proper manner."

During the past month, representatives of the forest service made a survey of the winter sports area and found fault with safety devices on tows in the ski area and were particularly dissatisfied with the lack of sanitation measures in outdoor toilets and in food handling.

The report outlined several measures which must be taken before the valley can continue operation this winter, most of them being minor in nature and are being corrected, and listed measures which must be taken before September of this year.

Some of the major measures which must be taken care of before next September are: A new water system, both hot and cold, for the large chalet; re-engineer safety gates and other safety devices on the ski tows; repair the building housing toboggans and other rental equipment.

During the past years, the Silver Valley Winter Sports Committee has attempted to operate the park in a pay-as-you-go manner, taking all profits and pouring them back into the winter sports park in the form of improvements.

Much has been accomplished during that time, notably: Con-

struction of new chalet and ski shop in the ski area with flush-toilet; new ski slopes and tows; bridges and steel toboggan slides.

However, lacking additional revenue from the valley or "outside" assistance from the local community, many of the major improvements suggested by the forest service were not accomplished.

The consensus of opinion of committee members Monday night boiled down to this: "If local residents and business men, particularly those who gain a direct benefit from Silver Valley through increased winter business, do not support the winter sports committee, Silver Valley will have to be discontinued."

Actually, the winter sports area has paid its own way in past years and is doing so at present. Many improvements have been made, but only through the unselfish and untiring efforts of the committee members and the revenue gained from the valley. The committee has borrowed money, through promissory notes signed by its members, and went ahead with improvements, but the committee has never had enough capital to go ahead with major improvements.

The committee is presently conducting a "booster membership" campaign in an effort to purchase a snow-making machine. It is believed that such a machine would solve many of this area's problems, in that it would guarantee perfect snow conditions throughout the winter. This would assure the winter sports park of a steady and ever increasing income through increased business from downstate skiers and others seeking winter recreation.

One member summed up the present situation like this: "Silver Valley can be a great thing for the area—it has a central location; it has a natural beauty unmatched in most of the other parks in Michigan and offers much in the form of recreation and additional income for this area. At this point, however, we are at the crossroads—either we get the full support of everyone in the area, or Silver Valley will have to be discontinued. It cannot continue to operate on peanuts."

East Tawas to Study City Manager Government

City management form of government is under consideration at East Tawas, it was disclosed at Monday night's regular meeting of the common council.

Authorization was given by the council to its planning commission to bring in a man qualified in this field to discuss city management type of government with civic officials.

Such a move has been under consideration by the East Tawas Council and planning commission for the past year and information on the subject has been obtained from the Michigan Municipal League. East Tawas has also contacted several other small cities in Michigan to learn of their experience under this type of system.

In other business at Monday night's meeting, the council awarded a contract to Klenow Oil Company for furnishing fuel oil to the city.

The building applications were approved by the council: L. A. Gardner, remodel frame home, \$200; William Borosch, extend dormer on porch, \$800; Thomas White, construct frame type porch, \$100.

The council approved a \$100 contribution to the East Michigan Tourist Association as its share of area promotion.

The council accepted a bid from Mrs. Clara White for city lots located adjacent to her motor court on US-23. The bid was \$2,000.

The city adopted a plan to pay half the cost of Michigan Blue Cross surgical, medical and hospitalization insurance for city employees.

Tawas Bay to Again Host District Regatta

It was disclosed this week that Tawas Bay has been designated as the 1959 site of the Michigan District Lightning Regatta. This was announced at a district meeting Sunday at the Bay View Yacht Club in Detroit.

Tawas Bay Yacht Club was host to some 50 skippers at last year's district meet and this is the first time in history that the regatta has been held in the same place two years in succession.

L. G. (Ladd) McKay Jr., who, with Herbert Cox represented TBYC at the meeting Sunday, said that Michigan's Lightning sailors had paid the local club a fine compliment by returning here for the regatta. "It again proves that Tawas Bay is the finest sailing water in Michigan," said McKay.

Wurtsmith AFB in Throes of Major Development as it Prepares for SAC

COL. THOMAS N. WILSON, base commander at Wurtsmith, is pictured here during briefing.

Members of the Iosco County Board of Supervisors, civic leaders and businessmen of the Tawas area had a first-hand preview of expansion at Wurtsmith Air Force Base, Oscoda, last Thursday afternoon.

Guests of Col. Thomas N. Wilson, the group was taken on a guided tour of the mushrooming base where the men viewed construction work which has taken place during the past year and learned of expansion which will take place in the future.

There, on the tour of the base by means of two military buses, the 35 visitors saw the beautiful new base chapel, the recently completed 400-seat theater building, new on-base housing units for the families of officers and enlisted personnel and other new buildings under construction.

The group wound up its tour by viewing progress on new enlisted men's barracks, the area on which 1,000 Capehart housing units will be constructed and the two-mile-long runway which will handle B-52 bombers when the field becomes a part of the Strategic Air Command.

During a briefing held prior to the tour, Colonel Wilson stated that Wurtsmith is "in the throes of one of the major developments in this area." It could easily be considered one of Northeastern Michigan's major industries, with its on and off-base military and civilian population.

As an indication of its growth in the near future, Colonel Wilson said that by the time that SAC moves in, expected in 1960, the military population will have increased from the present 2,200 men to about 3,800.

All of this expansion of the 15,872-acre base is in preparation for the arrival of SAC B-52 bombers and tankers, at which time Wurtsmith's primary mission will be changed from its present air defense force mission with fighter-interceptor squadrons of F-102 and F-89 jet aircraft.

Colonel Wilson said that the government is presently expending 12 1/2 million dollars annually to operate Wurtsmith with an additional 6 1/2 million dollar military and civilian payroll. When SAC moves in, the expense to operate the base will more than double, about 28 million dollars, and the military and civilian payroll will increase to 12 1/2 million dollars.

The air force annually spends about 2.3 million dollars locally for maintenance type purchases. Lt. Col. C. Hunter Smith, SAC liaison officer at Wurtsmith, and 1-Lt. David Morton, installation engineer, outlined expansion which will take place at Wurtsmith during 1959 and 1960. Construction this year will include support installations for the SAC organization, base commissary, officer's club and post exchange.

During the bus tour of the base, Colonel Smith said that by 1960, the remaining frame buildings now on the base will have been replaced by permanent-type structures.

WITH THE AID of a scale model of Wurtsmith Air Force Base, Lt. Col. C. Hunter Smith, SAC liaison officer, left, points out locations of new facilities now under construction. Standing second from left is 1-Lt. David Morton, installation engineer, who outlined expansion plans which will take place during the next two years. At right are county supervisors and businessmen.—Herald Photos.

Council Adopts Two Revised Plats Monday

Replating of Ferguson's Subdivision and adoption of Sawyer's Addition to Tawas City were accepted by the Tawas City Council at Monday night's regular meeting.

The work of reviewing title descriptions and re-surveying of these two plats has been under way for the past several years by R. J. Cooke, East Tawas surveyor.

The work involved amounted to establishing property boundary lines and changing title descriptions from metes and bounds to lots, thus shortening descriptions for tax purposes.

Ferguson's Subdivision is located on M-55 near the Tawas River Bridge. When the state highway was constructed, existing boundary lines were disrupted. The assessor's plat of Sawyer's Addition is located on Bay Drive, south of Tawas River Bridge.

In other business, the department of public works approved the building application of George Whitfield for residing in his residence with aluminum siding. Estimated cost was \$1,200.

Fire Destroyed Wing at Leslie's Camp

Fire destroyed the kitchen wing at the Orville Leslie hunting camp north of East Tawas Sunday afternoon. The living room and bedroom areas of the building also had extensive smoke damage.

Mr. Leslie told firemen and investigating state police officers that he and his wife had just left the cabin to put some feed out in the woods for the deer. They were not away for more than 10 minutes when they returned to find the kitchen in flames.

Their son, Orville Jr. "Buck" told officers that he had been at the camp and checked the fire in the stove not more than 15 minutes prior to the fire and found everything all right. He said that they had a fire in the kitchen stove and also had an oil burner operating in the living room.

Iosco Schools Get State Aid Money

Fourth apportionment of state aid was divided among Iosco County schools as follows: Hale Area, \$6,310; Oscoda Area, \$17,415; Tawas Area, \$15,830; Whittemore-Preseott Area, \$12,000.

Russell A. Rollin, county superintendent of schools, in his announcement said that this apportionment amounted to only half of funds due to each school.

Winter Concert Set for Saturday Night

Tawas Area School musicians will hold their annual winter concert at the school auditorium Saturday, January 24, at 8:00 p. m. Director Edward Rima said that the program would include selections by both the Tawas Area Junior and Senior Bands and selected melodies by the sixth grade beginners' band.

The program is as follows: Tawas Area Junior Band "Homage to Youth," concert march, J. Olivadoti; "Little Classic Suite," Howard E. Akers; "Trombone Swing," novelty, Ed Chenette; "Ole Faithful," descriptive, Carr-Kennedy-Barnes; "Three Classic Miniatures," suite, Haydn-Telemann-Puccelli, arranged by Leroy Jackson.

Tawas Area Senior Band "Shenandoah," march, Edwin Franko Goldman; "Tocatta for Band," Frank Erickson; "The World is Waiting for the Sunrise," march, Seitz-Yoder, with David Barkman as student director; "Castilia," brass sextet, G. E. Holmes; "Three Goats Named Gruff," novelty, Jack Koppick; "Latin Lament," beguine, Fred Kepner; "American Folk Rhapsody," Clare E. Grundman, including "My Little Mohee," "Shantyman's Life," "Sourwood Mountain," "Sweet Betsy from Pike," "Father of Victory," march, Louis Ganne.

The brass sextet in "Castilia" will include: Virginia Clute, cornet; Dennis Hoshach, cornet; Joseph Czaika, French horn; Mary Jo Cadorette, trombone; Kirk Wendt, baritone; Frank Clark, bass. Edward Nagy will be narrator in the novelty, "Three Goats Named Gruff."

Iosco to Distribute Food Surplus in Welfare Plan

Iosco County Board of Supervisors finished its three-day January session last Friday with the acceptance of county officers' reports for 1958.

Included in the business was the adoption of a plan to use farm surplus foods as a means to lighten the county's present welfare load. It was reported that 81 of the 83 Michigan counties are engaged in this program.

Other business during the session included the acceptance of a bid by Gingerich Feed and Implements of \$750 for a used tractor with snow blade and mower for use at the county airport.

The board authorized the purchase of recording equipment costing \$350 for use by the prosecuting attorney and probate court. Supervisor Lloyd Little of Grant Township addressed the board and stated he believed that the board should soon place itself on record as to the election of road commissioners, indicated by the overwhelming majority given the proposal by the people in the November election. This was to be taken up at the April session.

Probate Judge H. Read Smith addressed the board and stated that matters are such in state institutions that the county should soon start thinking of caring for its insane and senile persons. A joint committee is to be formed among the Counties of Iosco, Oscoda, Ogemaw and Alcona to study a proposed plan to care for such persons.

Undersheriff Leon Putnam addressed the board and explained

Community Chorus Names 1959 Officers

Emil Sass was elected president of Tawas Area Community Chorus for 1959 at rehearsal Tuesday, January 13. Others elected were Mrs. Charles Lemon, vice president; Miss Carol Bolen, secretary-treasurer; Harold Clark, chairman of publicity committee; Archie Colby, chairman of membership committee; Mrs. Herbert Hertzler, chairman of finance committee. These officers constitute the board of directors which will meet soon to set the date for the spring concert and discuss organization business.

The chorus, under the direction of Richard Ferguson, is preparing for its second annual spring concert which will be given about May 1. The music selected for the concert is varied, consisting of groups of secular and sacred music by modern and old favorite composers.

Rehearsals are held every Tuesday, 7:30 p. m. in Tawas Area High School band room. New members are urged to join.

Mr. Underhill said Gamble's successor would be announced shortly. "There are several good men being screened for the job. We will have a decision very soon." He commended Gamble for the work done in getting WIOS Radio on the air last September by saying, "Ron laid a good solid foundation for us to build on! Our staff is molding together smoothly, and with a full-time general manager to follow our plans for the future, WIOS will continue to grow in importance to the five-county area it serves."

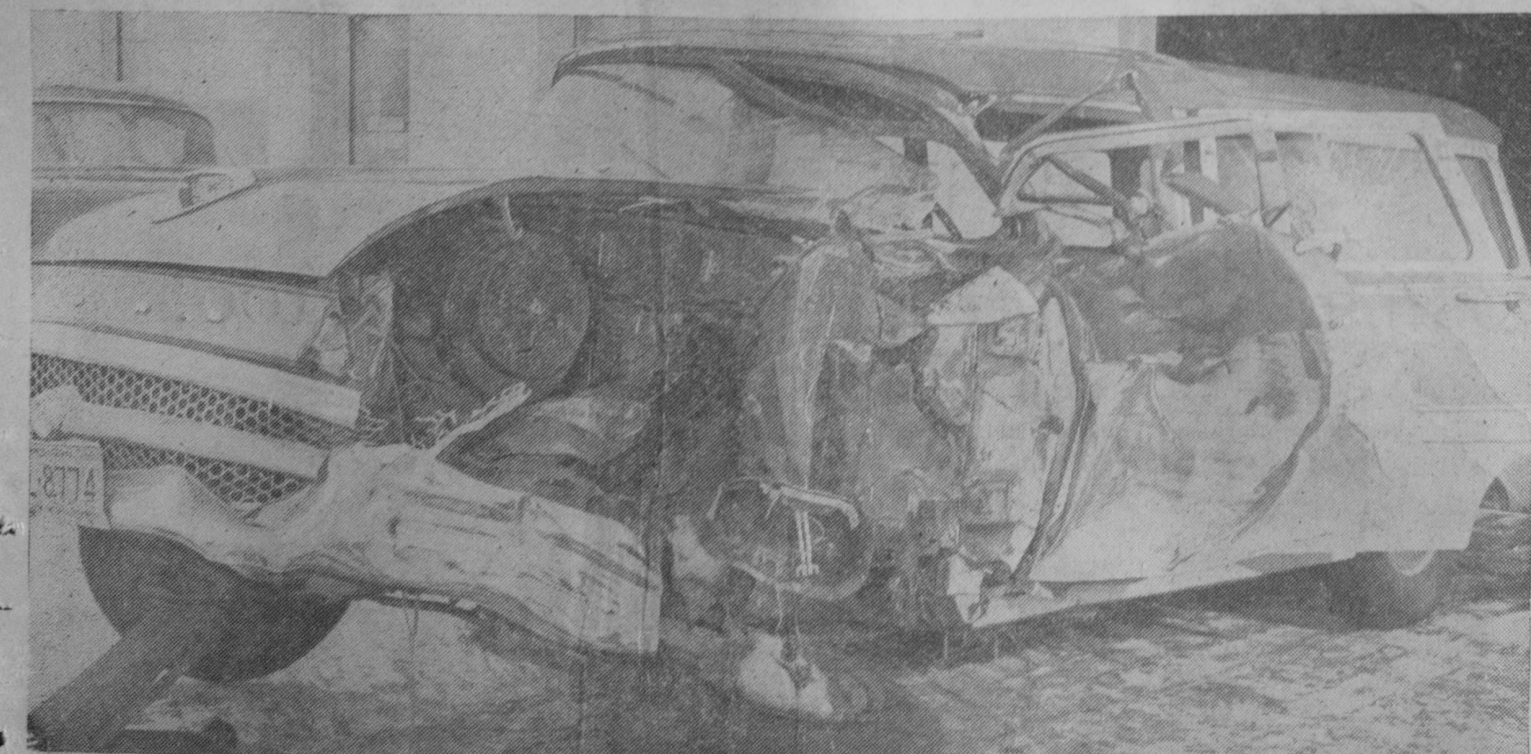

Ron Gamble Resigns as WIOS Radio Station Manager

The resignation of Ron Gamble, as general manager of WIOS Radio, Tawas City-East Tawas, effective February 1 was announced this week by station owner, R. S. Underhill of Lansing.

In accepting Gamble's resignation, Mr. Underhill said, "Ron has gotten WIOS off to a fine start; I regret that it is impossible for him to stay with us. We both understand the reasons behind the decision, however, and this severance of our relationship is certainly on the most friendly basis."

Mr. Underhill said Gamble's resignation pointed out: "Blue Haven resort and a contractual commitment to the Alcona Community High School makes it impossible for me to spend more than a few hours each week in active management. We have often agreed that WIOS must someday have a full-time manager to guide its progress. I believe that day has arrived."

Packed Station Wagon Collides With Pulp Truck

Fourteen persons riding in a station wagon escaped near tragic mishap last Saturday evening. The vehicle in which they were riding crashed into the side of a truck loaded with pulpwood on US-23, three miles north of East Tawas.

Seven persons were injured in the crash. Most critically hurt was Wilbur Orr, 47, driver of the station wagon, who is in Tawas Hospital with a fractured collar bone, fractured pelvis and ribs.

Passengers in the car who escaped with only minor injuries were: Bertha Lapan, 46, Bay City; her three children, Kenneth, 19, Earl, six, and Eugene, seven; J. D. Burse, 42, and his wife, Grace, 42. Raleigh K. Hitchcock, driver of the tractor-trailer tandem, told investigating state police and city police officers, that he was headed south on US-23 when the station wagon crossed the center line and headed for him. He pulled his truck to the right, almost completely off the highway, but the car struck the 24-foot-long trailer.

The impact of the crash completely knocked off the rear dual wheels of the trailer.

The injured were removed from the smashed vehicle and taken to the home of Mr. and Mrs. Howard Dietzel, who live near the accident scene. From there, those who required hospital treatment were removed by police cars and ambulance.

It was necessary for the owner of the truck to transfer the load of pulpwood onto another trailer which was brought up from Kalamazoo.

19 Violent Deaths in Iosco During 1958

There were 19 violent deaths in Iosco County during 1958, according to the year-end report of Sheriff Ivan O'Farrell. Included were six drownings, six traffic deaths, two suicides and one by gunshot. Two persons died of heart attacks while hunting, one person died of a heart attack while driving and one other person met accidental death.

A total of 549 inmates were confined in the Iosco County Jail during 1958. This was an increase of 49 over the preceding year. There were 104 persons confined for felonies.

Revenue turned over to the county treasurer by the sheriff's department amounted to \$15,402.67. Fines from jailed arrests amounted to \$6,880.05.

The department policed 52 personal injury traffic accidents in which a total of 97 persons were injured. Total traffic accidents attended was 305 and estimated damage to autos was \$87,830.

Here Next Month—'Miss Michigan' to be Guest During Winter Carnival

Patience Joann Pierce, 22, Miss Michigan of 1958, will be a guest of the Silver Valley committee at the annual winter sports carnival to be held here February 6, 7 and 8.

The name of Miss Pierce was the first to be announced in a long list of state-wide and nationally known dignitaries who will be here for the three-day winter sports extravaganza.

Names of other guests will be released shortly, it was announced at Monday night's winter sports committee meeting by Ray Stecker, who has charge of the over-all promotion of the program this year.

Included in the entertainment will be a well-known dance band from the Detroit area which will furnish music at the various activities. A "clown" band, which has participated in the annual A-Sable River Canoe Marathon, will also be here to furnish entertainment.

Miss Pierce, who was a candidate in the Miss America contest in September, hails from Detroit and represented the Motor City in the Miss Michigan contest.

A champion athlete, she is a pitcher for the girls' team in her office at Detroit. Her .580 average won her a trophy as the league batting champion last year.

She won a \$500 scholarship, a \$500 wardrobe, a trophy and other gifts as Miss Michigan.

The Newest of Everything Great! The Greatest of Everything New!

Smart looking? You bet! And comfortable, too!

Sure, styling is important in a new car. You expect a new car to be sleek and smart—but not at the expense of comfort. Yet in trying to design a car as low and modern looking as the Swept-Wing Dodge, some '59 cars have practically designed out the people. Not Dodge. It's designed around you. It's easier to get into (no protruding door posts), easier to get out of (no high door sills to trip over), more comfortable to sit in (there's room to spare). All this and Swivel Seats, too!

By EARL HAIGHT
Pinconning and Roscommon remained in a knot for the leadership of the Northeastern Michigan Conference with victories last Friday night, setting up their engagement for coming Friday night at the big game of the schedule. The Spartans knocked off the Flying Gs of Gladwin, 73-45, while the Bucks were taking the measure of Arenac Central, 67-39. In the other two games scheduled, Houghton Lake dropped West Branch, 50-38, and Beaverton dumped Arenac Eastern, 64-41.

Top point man for Friday night's play was Forward Pat Kalahar of the Beaverton "guin", who connected on 21 of 32 shots and added one free throw for 43 points, the biggest point output in the NEM date. Tom Cluff, Pinconning

center, was a distant second with 21 points on 10 and one while Virg Kemp, Houghton Lake pivot man, headed down the third spot with 20 on 10 field goals. Jim Papenfus, Roscommon center and forward, picked up 19 to push his total to 165 and stay ahead of Lee King, Pinconning forward, who totaled 150 with 13 points.

Pinconning was never headed in its battle with Gladwin as they put four men in double figures with Cluff leading the pack. On the other hand, Gladwin was able to have but one player above 10; name's, Center Dick Stone, who tallied 18 points on a six and six count. Along with King's 13 points was Pete Wheeler, guard, on identical scoring for another 13 points while Forward Dick Marter had 12.

The Spartans led off with a 21-15 first quarter count and followed up with a 20-5 second period score to hold an intermission lead of 41-20. The gap was widened with a 19-13 third stanza tally while the losers came closest in the last quarter, being on the short end of a 13-12 stint. Ridley led Gladwin's JV five to a 46-34 win in the preliminary contest with 11.

Roscommon headed a 20-5 first period nod and increased its gap with a 19-12 second quarter score which gave the team a 39-17 margin at halftime. A 16-11 third stanza count followed by a 12-11 last frame nod kept the Bucks in a first place tie with Pinconning.

Rick Pradt, forward, and Papenfus tied for top honors with eight and three for 19 points while Doug Dudley, Panther guard, was high

for the losers with 11 on four and three. The Central reserve five took a 52-47 win in the preliminary contest, as Kielsch had 14 to pace the winners, while Johnson had 22 in a losing cause.

Houghton Lake outscored the Orioles of West Branch in the first half and outlasted the losers in the second half. Opening with a 13-5 first quarter, the Lakers held a 29-15 halftime lead after a 16-10 second period tally. West Branch took the third stanza scoring at 14-12 and tied for the last quarter at 9-9.

Kemp's 20 points led the scoring with Tony Ehinger of the Orioles in the second spot with 12 on five and two. In the preliminary game, the Laker's JV five, despite low points by Stueornol and Dunbar, took a 34-28 decision.

Beaverton grabbed a first quarter lead of 19-8 but fell behind in the second quarter as the Eagles took the scoring in that frame at 19-14, a 14-6 third period tally put the Beavers far in front and the gap was widened with a 17-8 last period count.

Kalahar's 43 points were more than the total put out by the Eagles and was the only man of the winners in double figures. Eastern posted two men, Center Dale Suminski and Forward Dave Robinson. The former picked up 16 points on seven and two while the latter posted 10 points on two and six. Beaverton swept the evening's play, taking the preliminary game, 49-40, as Methner had 26 for the winners.

Audience Impressed by Junior Band Concert

Forty-three junior band students from the fifth, sixth, seventh and eighth grades of Whittemore, Prescott and Sherman Schools presented a concert preceding the Monday evening meeting of the Whittemore-Prescott Band Boosters Club in the Prescott gymnasium. The audience was very much impressed by the fine performance given by the children who do not have the opportunity to rehearse together since they attend different schools.

President Ernest Tripp had charge of the business session. The club voted to sponsor the John Philip Sousa award which will be given to the outstanding senior member of the band each year. A plaque with the student's name will be displayed at the school and the student will receive an individual award to keep.

The organization also voted to purchase a uniform for the school band director.

Clarence and Dornace Bellville and Mrs. Keith McLean were appointed on a committee to investigate a broom sale campaign.

Band Director Henry VerBerkmoes announced that tentative plans are being arranged for an exchange concert with the Roscommon band this year. He also announced that the senior band will present its first annual winter concert at the Prescott gymnasium on Thursday evening, January 29. The February meeting will be held at the Whittemore school with a movie on the National Music Camp at Interlochen, "Youth Builds a Symphony."

Refreshments were served by Mrs. Ernest Tripp and Mrs. Eldridge Erickson at the close of the evening.

Alaskan Color Slides Shown at P-TA Meeting

Color slides of Alaska, the 49th state, were shown at the January meeting of the Whittemore P-TA on Tuesday evening. Charles Bailey described his slides taken while the Alaskan Highway was first being laid out by the army. Mrs. Aubrey Belson later showed slides of a trip recently taken by her family through this great northern state.

Mrs. William Sugden presided over the business session. The picture award will be shared by the kindergarten and the third grades.

Refreshments were served at the close of the meeting.

The past presidents of the local organization will be honored at a founders day program at the February meeting.

Juvenile Grange Enjoy Sledding Party

The members of the Whittemore Juvenile Grange enjoyed a sledding party at the Currie farm on Sunday afternoon. Barbecued hamburgs, cocoa and cookies were served at the Grange Hall following the afternoon of fun on the hill.

Leo Sylvester, who was rushed to the Tolfree Memorial Hospital at West Branch on Tuesday morning, returned to his home on Friday and is improving.

Mr. and Mrs. Clarence Bellville and family were West Branch callers on Thursday.

Mr. and Mrs. Arthur Aulerich spent Sunday evening with Mr. and Mrs. Seth Thompson at Prescott.

Seymour Adams had the misfortune to fall Wednesday morning on the ice in his yard and suffered a compound fracture of his left wrist.

Mrs. Bess Latham, who has been very ill in Tolfree Hospital, West Branch, was brought to the home of her niece and husband, Mr. and

Cardinals Swamp Hale Eagles, 51-28 Friday Night

Whittemore-Prescott Cardinals swamped the Hale Eagles on the Prescott floor Friday night, 51-28. The Cards scored nine points before Coach Ted Woelke's squad made its first basket and limited the losers to only one basket in the first half.

Although having a height advantage, the Eagles could not match the speed and ball handling of the smooth-working Cards. With the outcome of the game settled early, both coaches emptied their benches in the last half.

Four Cards scored in double figures, Graham leading with 12 points. Dane was the only consistent Eagle scorer with 11.

The Card reserve squad also won, 38-36, although the Eagles threatened to upset them in the last quarter making 10 straight points to pull within two points at the final whistle. Gibson led the winners with 16 and Hewitt, the Eagles, with 12 points.

ALEXANDER GRAHAM BELL was deeply interested in the hard-of-hearing. And so is the company that bears his name. That's why we're so pleased that a telephone company invention, the transistor, has had such a beneficial effect in the manufacture of hearing aids. For the same reason, we don't charge the hard-of-hearing for the installation of special phones. And, to make quite sure that an instrument really does make a customer's telephoning pleasant and easy, we allow a free trial period before we charge the normal monthly rental.

NEW USE FOR FAMILIAR OBJECT. The day was chill and windy. The man on the street tried, four times, to light his cigarette... no luck. Then he noticed a public phone booth a few yards away. He stepped inside, shut the door and achieved success with his next attempt. Then he went his way—and we like to think that he carried with him some small feeling of gratitude to the Michigan Bell Telephone Company, for placing at his disposal a really storm-proof cigarette lighter.

"Spring" type telephone cords—the kind that can't twist and catch on things—eventually lose their neat tight curls, just like a lady's hair. When this happens, they're not thrown away. Like a lady's hair they get a permanent wave. (They get it when the telephones come in for repair.) Around one million cords get the full beauty treatment each year—washing, rewinding and heat setting. \$400,000 is saved by this annually. It helps keep down telephone costs.

THE FOLLOWING STORY is vouched for by a highly respected newspaper. A parakeet, name of Jerry, flew away from home and didn't stop until he reached Shawnee, Kan., thirteen miles as a parakeet flies. The man who found him was wondering what to do next when Jerry chirped up loud and clear: "Call Mary... Jackson 3-4312." The man, more from idle curiosity than anything else, dialed the said number. Believe it or not, but the person who answered was none other than Mrs. Mary Neal, Jerry's worried owner.

Friday, January 23—Reno Topnotchers Community Club meeting.

Saturday, January 24—4H Club officer and leader training schools.

Monday, January 26—Achievement Day committee meeting.

At the last council meeting, the members present decided to have an "ideas exchange" in January. It will be the time when each group's council members contribute suggestions. These can be about various things—possibly how they encourage a good attendance record at meetings, best liked and most used lessons, follow-up activities as a result of meetings held or ideas for things to do next year. Also, it will be a chance to discover ideas that have been successful in other counties.

The council chairman, Mrs. Paul Sayles, has just attended the district meeting of county chairman at Standish. She will have news to share.

Glass etching is the lesson subject for February group meetings. The training class for leaders will be on Wednesday, January 28, beginning at 7:30 p. m. in the Federal Building, East Tawas.

How many of our 4H Club members are high school seniors this year? How many would like to go to college next fall? There is a 4H Club scholarship offered for young people planning to attend Michigan State University. Let us know if you would like to make application.

4H Club Leaders Council met Monday, January 12. One discussion was about a time for this year's achievement program. The first week in June was selected as the time to have it. This means all of our boys and girls will need to plan earlier completions of projects.

In addition to project exhibits, the achievement program will include judging and demonstration contests, rifle shoot and the dress revue. This is because the district round-up is earlier this year, coming up on June 30.

So, do not put off until the last minute finishing projects and working up a demonstration. If you do, there will be much too much to be done in May, along with the end-of-school-year activities.

Sheila Dodson tells us about their January community 4H Club meeting. "Our first meeting for '59 was held at the John Dodson home. We discussed having a roller skating party, but dropped it until next meeting.

"We talked about our next project. Girls are taking sewing and some are taking weaving (handicraft). Boys are taking handicraft. Kathy Dodson is to be junior leader in weaving and Verna Wehrman is to be junior leader in sewing.

"Marvin Davenport gave out awards and certificates to different members for their number of years in 4H work. Verna Wehrman, Kathy Dodson and Sheila Dodson were the only ones present to receive awards."

Homecooked Macaroni 'n Cheese

February 10 is the date of their next meeting at the home of Mrs. Wise. Mrs. Hutchins and Mrs. Durham will show how to do glass etching.

An invitation to attend is extended to other women in the community.

The women's programs at this year's Farmers' Week event, February 2-6, will be outstanding. One of these is called "The Food We Eat—Guide Lines from Research and Education." Included in it are discussions about new products, new forms and new uses. Learn about milk, fruits and vegetables, as well as packaging. Then consideration will be given to guide lines for our own good eating.

If you are curious, you will want to hear about Miss Barbara Sampson's 29 days behind the Iron Curtain. This was during the International Trade Fair in Poland and Greece, where she conducted frozen food demonstrations.

Other program subjects include: Dry cleaning today's fabrics, cooking with the electronic range, planning church kitchens, lighting the home, understanding children and the "Family Fashion Fair," a style show.

Friday, January 23—Reno Topnotchers Community Club meeting.

Saturday, January 24—4H Club officer and leader training schools.

Monday, January 26—Achievement Day committee meeting.

Officers of all the 4H Clubs will meet together on Saturday, January 24, at 1:45 p. m. in Whittemore High School for a training meeting. This is the time when each officer can learn how to do his or her job better—the president, vice president, secretary-treasurer and reporters. There will be something special for 4H Club meeting use if all of these officers and the community leader are present from each club. It may be a gavel, 4H flag set, banners or other items.

At the same time and on the same trip, leaders of clothing, foods, gun safety and forestry projects will get together to consider ways to improve their projects and work with the young people.

On the side, community leaders will find time to talk about awards for 4H Club projects and activities.

All in all, this is to be a day of much accomplishment for 4H Clubs and it will be important for each and every club to be present. Mr. Davenport and I shall be looking for you.

Friday, January 23—Reno Topnotchers Community Club meeting.

Saturday, January 24—4H Club officer and leader training schools.

Monday, January 26—Achievement Day committee meeting.

Officers of all the 4H Clubs will meet together on Saturday, January 24, at 1:45 p. m. in Whittemore High School for a training meeting. This is the time when each officer can learn how to do his or her job better—the president, vice president, secretary-treasurer and reporters. There will be something special for 4H Club meeting use if all of these officers and the community leader are present from each club. It may be a gavel, 4H flag set, banners or other items.

At the same time and on the same trip, leaders of clothing, foods, gun safety and forestry projects will get together to consider ways to improve their projects and work with the young people.

On the side, community leaders will find time to talk about awards for 4H Club projects and activities.

All in all, this is to be a day of much accomplishment for 4H Clubs and it will be important for each and every club to be present. Mr. Davenport and I shall be looking for you.

Social Security Agent Here Jan. 29

Higher earnings, up to \$4,800 per year, can now be credited to individual social security accounts, according to a reminder statement issued by Paul M. Ellifritz, district manager of the Bay City Social Security Office.

The new earnings base for all workers under the social security system replaces the old \$4,200 per year ceiling which was in effect from 1955 through 1958.

The increased base will apply to future social security benefit determinations as well as social security tax contributions, Mr. Ellifritz said. It means that many individuals whose earnings exceed \$4,200 per year will pay more beginning in 1959 and will also get more when benefits become due.

The higher tax and benefit base reflects the general increase in earnings levels in the past few years and the principle of keeping benefits related to earnings. It will result in greater over-all old-age, death and disability protection for most people under social security.

Mr. Ellifritz said.
A representative of the Bay City district office will be in East Tawas at the Federal Building Thursday, January 29, at 10:30 a. m.

Michigan's Factories, Farms and Stores Depend on Trucks

Manufacturing, farming, the retail business — all have one thing in common: each needs transportation facilities. And, since the motor truck provides fast, flexible, direct service unequalled by any other form of transportation, more tonnage is shipped by truck in Michigan each year (Nationally trucks haul more than 3 times as much tonnage as all other systems combined!)

Every truck you see on the road is working — working to help keep Michigan's economy humming, to help keep employment and sales high. There isn't a corner of the State that isn't served daily by trucks. And factories and shopping centers can be located anywhere and be assured of efficient truck service so long as they're on a road. You see how vital trucks are to Michigan.

a modern working wife speaks...

"A working wife would never part with her wonderful Electric Clothes Dryer"

Mrs. Harold Lind
16 S. Mason St.
Battle Creek,
Michigan

"I would be lost without my Electric Clothes Dryer. Like other working wives, I must make every minute of my housework time count. With my clothes dried automatically I have more time for other things, or just plain relaxing. You just couldn't put a price on all the convenience my Electric Clothes Dryer gives me."

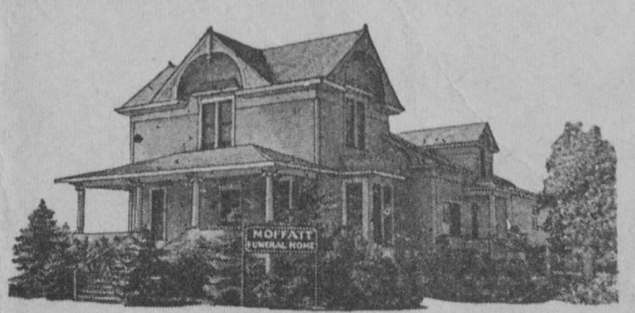

Yes, working wives like Mrs. Lind have found that an Automatic Electric Dryer is the "modern working girl's best friend." With a modern Electric Dryer she takes a big share of the work out of washdays... clothes dry quickly, safely, automatically... they come out fluffy and soft, easy to iron.

WILLIAM MacDONALD
 Burial services at the Tawas City Cemetery were held Tuesday afternoon for William MacDonald of Flint under the auspices of Tawas City Lodge, F and AM.
 Mr. MacDonald was the husband of the former Miss May Harris, daughter of the late Mr. and Mrs. Charles Harris of this city.
 Out-of-town relatives attending were: Temple Harris, Mr. and Mrs. James Blecher, Mr. and Mrs. Leland Harris, Richard and Janice Harris, all of Flint, Mr. and Mrs. Glenn Harris of Buffalo, New York, Mr. and Mrs. Robert McQueen of Florida and Mrs. William Cameron of Los Angeles, California.

CALL HIM "TEX"—John Brugger, Tawas City grocer, is using this wild-west costume to promote a special "beef round-up" sale at his market in Tawas City.

MRS. MAE DAVIDSON

Mrs. Mae Davidson died Wednesday evening, January 14, in Glennie at the home of Mrs. Henry Bush where she had been residing for several months.
 The body was taken to the Moffatt Funeral Home where services were held Saturday afternoon. The Rev. William C. Lindholm of Grace Lutheran Church, East Tawas, officiated. Interment was in Tawas City Cemetery.
 The former Miss Mae Valdora Johnson, she was born in Reno Township April 12, 1897, and was 61 years of age.
 She married Jasper Davidson February 29, 1916, in Flint, where they resided for several years. She was also a resident of Isco County for many years.
 Surviving are one son, J. Dallas Davidson of East Tawas; five grandchildren, and three brothers, Bert Johnson of Davison, Arlie Johnson of Gaylord and Freeland Johnson of Flint.

REMOVE BARRIER FROM TOBOGGAN SLIDE

A rail fence which was used as a barrier to keep spectators away from the twin steel toboggan slides at Silver Valley was removed this week. Four youngsters were injured last Sunday when they were thrown from a toboggan Foco at the base of the hill and struck the fence. All were taken to Tawas Hospital for treatment, two with fractured arms. Three other persons riding the same toboggan were uninjured.
 This action was taken at Monday night's meeting of the Silver Valley Winter Sports Committee. A snow fence will be erected about 25 or 30 feet from the old fence.

With Anastas Mikoyan safely back home in Russia, Wednesday's snow storm found top place in midwestern newspapers. Four inches of snow was forecast for the day with more to follow.

Beyster Hired to Survey School Heating System

H. E. Beyster and Associates, Detroit, has been engaged by the Tawas Area Board of Education to survey the heating set-up at the East Tawas unit. A preliminary survey has been made on the heating equipment and when an estimate of cost is received, the board will take the matter under consideration for financing.
 Included in the survey would be a heating unit of sufficient capacity for heating a future general purpose room at the East Tawas unit if it were added. Also to be taken under consideration is the complete re-wiring of the entire unit.
 Supt. Reynold Mick stated that it is a ruling of the state fire marshal that if there is a major change in the heating system, a furnace room would have to be built outside the present structure to house the new heating equipment.
 In other business taken up before the board, Mrs. William McCready was hired for the second semester to take the substitute teacher position held by Mrs. Florence Mielock.

Negotiations were made with Mrs. George Revord to take over the position January 26 of Mrs. Dorothy Schmidt, who teaches the third grade at the East Tawas unit.

Superintendent Mick stated that efforts were being made to hire an adult to act as a patrolman two hours a day at the East Tawas unit. The patrolman would assist the school children in crossing the street at Lincoln and Newman.
 Edgar Jenkins was hired as a bus driver to take the position held by the Rev. William MacFarlane.

RECEIVES TEEN FASHION SEWING AWARD

Beverly J. Thornton, Whittemore-PreScott Area High School, will soon be wearing a specially designed pin honoring her as a newly-appointed representative to McCall's Patterns' Teen Fashion Board for the 1958-59 school year. This selection has been announced by McCall's Patterns' educational director, Kit Mason. Over 2,000 senior high school students who have demonstrated sewing skill, fashion knowledge and school leadership have qualified for this nomination to the board by their home economics teachers. Eligibility to the nation-wide board is limited to one outstanding student from each school.
 In addition to her pin, each teen fashion board member will receive a membership certificate, a card, a subscription to McCall's "Today's Teens" catalog and her favorite McCall's pattern. Her responsibility as a teen fashion board member will be to report on the latest fashion trends among her set, thus acting as an advisor to McCall's Patterns' design department. To help her in this capacity, McCall's will send her special advance fashion material from New York throughout the year.

Pays Largest Tax in Company's History

Michigan Bell Telephone Company announced its payment to the state primary school fund in 1958 was the largest in the company's history.
 Amounting to \$12,496,000, the payment again placed Michigan Bell as the top contributor to the fund.
 Thomas C. Maher, manager here for the company, reported that \$11,523 of the total tax payment was allocated to the consolidated public school system of Tawas City and East Tawas.

Soil Conservation District Annual Meeting January 30

Annual meeting of Isco County Soil Conservation District is scheduled for 8:00 p. m. Friday, January 30, at Reno Township Hall, Harry Krueger, chairman, announced.
 Reno Township Hall is located on M-65, one mile north of M-55-M-65 intersection (Law's Corners) and is approximately five miles south of Hale.
 Election of officers will be held. Nominated are: Krueger, incumbent chairman; Lyle Bielby of Hale, incumbent vice chairman; Howard Britt of Sherman Township, and James Sturtevant of Reno Township.
 Bert Stoll of East Tawas, Northern Trails outdoor writer for Detroit Free Press and Midland Daily News, will present two color movies taken in northern British Columbia wilderness area last summer. "Wilderness Rails" film tells the story of the 260-mile extension of the Pacific Great Eastern Railway, north of Prince George, British Columbia, through Pine Pass in northern Canadian Rockies to the Peace River country and the Alaska Highway. This new PGE route may be extended to Alaska, new 49th state.

CHURCH LEAGUE BASKETBALL

In church league basketball last week, the Baptist team, led by Charles Landon with 21 points, won over the Episcopal team by a score of 46-33. High point man for the losers was Dave Featheringill with 19 points.
 Methodist defeated the Grace Lutheran team, 50-35. High scorer for the winners was Bruce Myles with nine points, while G. Parent was high for the Lutheran team with nine points.
 IHM defeated Alabaster Community by a 78-51 score. Scoring leader for IHM was Tom LeClair with 26 points. Scoring honors for Alabaster were divided between R. Deering and Smith, who each meshed 12 points.
 Games for this week, Thursday, January 22, are as follows: IHM vs. Grace Lutheran, 7:00 p. m.; Alabaster vs. Baptist, 8:00 p. m.; Methodist vs. Episcopal, 9:00 p. m.
