## Resources of Community Are Studied by Teachers

Instruction designed to familiarize school teachers with resources of the community is now underway at Tawas Area High School. Sponsored by Michigan State University, there are 23 teachers enrolled in the class.

Principal objective of the course is to study operations of industry and business in the community and then incorporate the information learned into regular instruction which would benefit school youngsters.

During the three-week course, these teachers will be visiting area industries and business places to get a cross section of industries and businesses in the area and learn what they can offer to make a better education program.

The information gathered will then be used for practical application in the classrooms.

As an example of the type of instruction in the classes, Harold Gould, East Tawas drugist, spoke to the group Tuesday on the contribution of the resort industry to Northeastern Michigan.

First field trip by the class was held Wednesday morning when the group visited the general offices of the Detroit and Mackinac Railway Company.

Weldon Frase of Michigan State University is director of the course. Donald Wagner, principal at Oscoda Area School, and Clara Bolen, elementary principal at Tawas Area School, are co-chairmen.

The class is composed of grade

## School Modernization Plan to Go Before Voters July 13

Electors of the Tawas Area School District will vote July 13 on a proposition to increase the tax limitation and to levy a tax for the purpose of modernizing the heating plant in the East Tawas unit.

The Tawas Area Board of Education came to a decision Monday night to put before the voters the question of this modernization program, which has been under consideration for some months.

The July 13 ballot would ask for a one-year tax levy of 2½ mills for such construction.

Supt. Reynold Mick said Tuesday that electrical wiring in the East Tawas unit is to be financed through money from the operating fund. This work will be done by St. James Electric at a cost of \$17,865.

In other business at Monday night's meeting, the board purchased two 60-passenger school buses from William Look and Sons, the low bidder. One bus is to be delivered September 1 and the other December 15.

## Veteran Team Awaits Start of Tawas Race

Steve Kolonich and Larry Kindell, who have won more Tawas River canoe championships than any other team, will put their title on the line again this Sunday in the sixth annual running of the race.

Last year, this team won permanent possession of the Tawas City Centennial trophy, which had been awarded as a perpetual trophy in 1954, the first year of the race.

Kindell and Kolonich won in that first year of the race and then went on to repeat in 1955. Larry entered military service in 1956 and Steve was not a winner again until 1957, when he teamed up with his son, Gary, to take top honors.

Something new will be added to the race this year when the starting gun goes off at 2 o'clock Sunday afternoon. The race will start at Groves Landing, then proceed northerly up Tawas Lake to Cliff's Landing. There the paddlers will round a buoy and then proceed toward Tawas River and down the river to a finish line at the mouth.

## Zettle and Barber Top Winners at Speedway

Rick Zettle and Dale Barber, both of West Branch, were top winners in Saturday night's racing events at the Whittemore Speedway.

Zettle won the 25-lap feature race and Barber won the first heat race and the Australian pursuit.

Other heat race winners were: Keith Trinklein, Saginaw; "Porky" Burkholder, Whittemore; Harry Flannigan, Whittemore.

TWO-DAY CONVENTION of the Michigan Well Drillers opened Wednesday with this ribbon cutting ceremony. ## Two-Day Convention Held Here by Mich. Well Drillers

Tawas rolled out its best "red carpet" Wednesday for the start of the two-day, 31st annual Michigan Well Drillers convention. A ribbon-cutting ceremony by Mayor Elmer Werth of East Tawas and Mayor George Tuttle of Tawas City kicked off the convention Wednesday morning, which is being held at the Tawas Area High School Auditorium.

More than 1,000 persons were expected to attend the convention and the Tawas Chamber of Commerce reports that the pre-convention estimate was fairly accurate. Attendance is association members, their families and representatives of equipment firms.

First to arrive were the equipment firm representatives from several Midwestern States. The school auditorium has been turned into a display hall with manufacturing concerns displaying pumps and other developments of interest to the well drillers.

First social affair on the agenda was a get-acquainted party held last night (Wednesday) at the Holland Hotel, East Tawas. Following the dinner was modern and old-time dancing.

James Price, co-chairman of the Michigan Well Drillers Convention, predicted Wednesday that attendance during the two days would be about 1,200 persons. This year's convention is the biggest ever, with some 70 display booths in the auditorium and 11 well drilling rigs set up outside the building. The outdoor displays are operational.

The convention will close tonight with the annual banquet to be held at the Tawas Area High School cafeteria. The banquet is to be served by Tawas chapters of the Order of Eastern Star. Altar societies of the two Catholic churches of the Tawas area are to serve lunches today in the display hall.

Wives of the association members are to hold their 10th anniversary dinner today at the Wabun. Entertainment there will be provided by dancing pupils of Mrs. Betty Kubiak.

Other entertainment during the two-day program will include a tour of Wurtsmith Air Force Base at Oscoda today, where the well drillers and their families will be guests of Col. Thomas N. Wilson, base commander.

## Pleasure Craft Should Have Proper Lifesaving Devices— Coast Guard Checks Pleasure Craft

An intensified small-boat inspection program, designed to lessen the possibility of boat accidents, is now underway by the United States Coast Guard.

Leon F. DeRosia, BMC, commander of the Tawas Point Life Boat Station, reported this week that some 152 inspections of pleasure craft had been made in this area during the month of May. Before the end of summer, more than 1,000 inspections will

have been made by the local unit.

Last year, the Tawas Point station inspected 850 pleasure boats and issued violations to 35 owners. Leading the list of violations was the lack of necessary lifesaving equipment.

Of prime concern of owners of pleasure craft is the proper equipping with lifesaving devices. One coast guard-approved life preserver, buoyant vest, ring buoy or buoyant cushion, in good

and serviceable condition, should be available for each person on board.

Other danger areas checked by coast guard personnel during these inspections are whether the craft is equipped with necessary fire extinguishers, proper ventilation, flame arresters, horn or whistle and running lights.

Vice Admiral A. C. Richmond, commandant of the coast guard, recently said in testimony before the committee on merchant marine and fisheries during their study of recreational boating safety, "As we see it, education in the safe equipping and operation of boats is a fundamental necessity in keeping the casualty rate to a minimum.

"Too many of our people today are probably shoving off for a spin in their powerboats with only the sketchiest of information concerning the proper operation of a motorboat, the rules of the road, overloading, lights, safety equipment, effects of water and so on.

"It is mute testimony to the innate commonsense of the vast majority of the American people that many, many more of them come in from a day's cruise safe and sound than the relatively few who die or suffer perhaps through their own ignorance or the carelessness or recklessness of perhaps one waterborne 'hot rod.'"

The coast guard has a number of recommended practices for the care and safe operation of motorcraft. They are not part of rules and regulations, but a compilation of procedures suggested to the prudent owner or operator in the hope that they will be heeded. This information is contained in an interesting booklet, "Motorboat Safety," which is obtainable at the coast guard station.

## Injured When Car Rolled at Speedway

Harry Herriman of East Tawas, who was injured when his car rolled at the Whittemore Speedway Saturday night, was released from Tawas Hospital Monday. He was held there Sunday pending the outcome of X-rays of a shoulder injury.

Herriman's car rolled and was completely demolished in the ninth lap of the feature race.

## Fr. John Kolevar is Installed at IHM

The Rev. Fr. John T. Kolevar was officially installed as pastor of Immaculate Heart of Mary Church Tuesday night by Monsignor John Gatzke of Alpena, dean of the Alpena district.

During the ceremonies, Fr. Kolevar paid his first greeting to members of the parish. Following the ceremony, dinner was served by the altar society in the parish hall for the attending clergy and members of the pastor's family.

The new pastor of Immaculate Heart of Mary Church took over his appointment Monday, June 8. He comes from St. Michael's Church, Oakley, Saginaw County.

Fr. Kolevar, born in Bridgeville, Pennsylvania, March 6, 1914, moved to Standish with his parents when an infant. His father, George Kolevar, still resides in Standish. His mother died 10 years ago.

After attending Standish public schools for the first 11 years of

next two years at Sacred Heart Seminary, Detroit. From 1940 to 1944, he attended St. Mary's Seminary, Cincinnati.

Ordained in 1944, he was appointed assistant pastor of St. Hyacinth Church, Bay City, that same year. In 1947, he moved to St. Stanislaus Church, Bay City.

Fr. Kolevar was appointed pastor of St. Michael's of Oakley in 1950 and served that parish until coming here.

## Tawas Area School Census Shows Increase

According to census figures released this week by Supt. Reynold Mick, Tawas Area School District will have an increase of 151 youngsters between the ages of five through 19 when school re-opens next fall.

However, Mr. Mick stated that the school had already felt the effect of the majority of this increase when several new families moved into the district late last summer.

Census figures for the past three years are as follows:

Age five through 19	1957	1958	1959
	1,832	1,874	2,025
Under five years	785	898	897

## Grand Opening of Bear Track June 13-14

Grand opening of the newly remodeled Bear Track Inn south of Tawas City will be held Saturday and Sunday, June 13 and 14, it was announced this week by Mr. and Mrs. Curtis Krake, owners.

The Bear Track serves pizza, ribs and sandwiches in conjunction with its bar. New features will include a public beach, boat ramp, picnic grounds, boat house, dressing rooms and chartered fishing trips.

The new owners took over operation April 1.

## 'Sandy' Coggan Honored by MSU

A former East Tawas youngster, who worked his way through college as a campus electrician, returned to Michigan State University Sunday to receive one of five distinguished alumni awards.

He is B. F. (Sandy) Coggan of LaJolla, California, vice president of Convair Division, General Dynamics Corporation, who was graduated from MSU in 1939.

Coggan, 41, has been instrumental in accelerating the nation's Atlas missile program, a project he has been working on since 1954.

The son of a Methodist minister, Coggan is a graduate of East Tawas High School. He entered MSU in 1936 and worked nights in the college public works section to earn his degree in electrical engineering.

After leaving MSU, Coggan was assigned to a military academy at Wright Field, Dayton, Ohio, for study in electronics and radar. He went with General Motors Corporation in 1942 and received additional training at a special school operated by the air force in flight control systems.

Coggan, in his undergraduate days at MSU, was president of Phi Lambda Tau, honorary engineering society, and chairman of the engineers' ball in 1939.

The alumni citation read: "Class of 1939, engineer, executive, currently general manager and vice president of Convair Division, General Dynamics Corporation. He was assigned in 1954 to accelerate the Atlas missile program. He was responsible for hiring, training and activating the complete Atlas team—scientific, technical, management and factory."

He started with Fisher Body Division of General Motors in 1939. Later, he was general supervisor at Grand Rapids stamping plant for Fisher Body and directed all manufacturing operations involved in production of Cadillac automobiles.

Before joining Convair in 1952, he directed Fisher Body's missile and aircraft projects. His first position with Convair was staff assistant to the vice president and general manager. In April 1952, he was appointed division manager of Convair's San Diego division.

## Niles Qualifies for Board of Education in July 13 Election

Walter Niles, veteran member of the Tawas Area Board of Education, qualified for placing his name on the July 13 ballot at Monday night's meeting of the board of education. The required number of petitions signed by electors of the district were turned in for Mr. Niles.

Supt. Reynold Mick reports that, according to a new law passed by the legislature this year, the school board will be increased from five to seven members in 1960.

Next year, voters will elect two trustees for three-year terms and two trustees for four-year terms. Every year thereafter, trustees will be elected for a period of four years.

**JORDAN AND THOMSSON TO ATTEND KIWANIS CONCLAVE**

Ernest Jordan and Serge Thomsson, Kiwanians of Tawas club, will attend the 44th annual convention of Kiwanis International in Dallas, Texas, June 14-18. They will join some 14,000 other Kiwanis members, their wives and families in one of the largest Kiwanis conventions to date. The convention will be held in Dallas' new multi-million dollar Memorial Auditorium, a completely air-conditioned structure which is circular in design and which represents the latest development in modern auditorium planning.

A speaker's slate of nationally and internationally known figures will highlight the convention program. In addition to Kiwanis International President Kenneth B. Loheed of Toronto, conventioners will hear General Alfred Gruenther, USA (retired), president of the American Red Cross; Dr. George S. Benson, president of Harding College, Searcy, Arkansas; Douglas White Ambridge, president of Abitibi Power and Paper Company, Toronto, Ontario, and the Right Rev. James A. Pike, Episcopal bishop of California, San Francisco.

Band Leader Harry James and his orchestra will provide music for dancing at the president's reception and ball Wednesday evening, June 17, while Broadway stars, Shirley Jones and Jack

Cassidy, will headline the Wednesday evening's stage production. Also on the program during the five-day period will be more than 30 amateur bands, choruses, quartets and other musical groups composed of Kiwanis Clubs and the world famous Kilgore Rangerettes.

Number one highlight of the convention will be the election of officers for 1959-1960. Posts to be filled are president, president-elect (a newly-created post), two vice presidents, treasurer and six trustees.

Of almost equal importance will be the adoption of resolutions by convention delegates. These resolutions will form the basis of the Kiwanis community service program for 1959-60 and of its philosophic emphasis for the period.

The invocation was given by the Rev. William Lindholm. One hundred men and boys attended. The banquet was prepared and served by the Grace Lutheran Ladies Aid.

Tables were decorated with yellow candles, nut cups and printed programs. An arrangement of red carnations graced the speakers' table.

Opening remarks were given by the toastmaster and a well-come was given by Elmer Werth. Charles Nash sang "He" and "On the Sunny Side of the Street," accompanied by Mrs. Nash. Ralph T. White gave a toast to the sons. In response, his son, James White, gave the toast to the fathers.

Edward Siefert Jr. entertained with a magical act. Mario Rogers sang "The Battle Hymn of the Republic" with Mrs. Nash at the piano. A piano solo was given by Richard Moehring. Pastor Lindholm gave an appropriate talk.

Gifts of trade certificates were presented to C. C. Harwood, the oldest father present, and to Brian Lee, the youngest son.

Proceeds of the banquet went to Lutheran Homes for Boys.

**CHRISTIAN SCIENCE**

"God the Preserver of Man," the lesson-sermon to be read at Christian Science services Sunday, is based upon the inspiring experiences of the patriarch Abraham.

Scriptural selections will include Paul's statement to the Galatians (3:7): "Know ye therefore that they which are of faith, the same are the children of Abraham."

The meaning for today of Abraham's lifework will be emphasized in selections read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy (579:12): "This patriarch illustrated the purpose of Love to create trust in good, and showed the life preserving power of spiritual understanding."

# Tawas City 'Clobbered' by Sterling 16 to 4

There is only one word which could describe Sunday's game at Sterling—Tawas City was "clobbered" by the home towners, 16-4.

Eleven Sterling men batted in the first inning and seven runs were scored on six hits, two walks and two errors by the losers' infield. This barrage of runs was enough to win, but Sterling came up with its biggest inning of the day in the fourth when eight runs crossed home plate. The final run came in the seventh inning.

Before the smoke cleared from the shelling by Sterling, Gerald Potts, starting pitcher for Tawas City, had given way to a parade of three Tawas City pitchers, Orville Revord, Herb Look and Larry Frank.

In the top half of the first inning, it looked as though Tawas City had a good chance to add another win to its three win, one

loss record. The locals pushed one run across home plate when Lorenz drove in Rapp from second with a single.

Then the roof caved in. Doyle and Tremble opened Sterling's half with walks. Bob Proulx and Kohn followed with consecutive singles. Wolfgang was safe on an error and Lerner singled. Peionzick doubled and Doyle singled, which sent seven runners parading across home plate.

Although Sterling rang up 15 hits during the afternoon, it was not a lack of hits that lost the game for the locals. Tawas City had 10 hits, including four doubles, but this could not offset Sterling's attack as it combined its hitting barrage with eight walks, one hit batsman and ran up a lop-sided score with the help of shoddy play by Tawas City's infield.

Top hitters for Sterling were Doyle, with a double and three singles, and Lerner, two doubles and a single. Lorenz, Revord and E. Anschuetz had two hits apiece for Tawas City, the latter connecting for two doubles.

## 'Pep Pills' (High School Players) Give East Tawas Team New Look

Harold Rollin is one NEM League manager who has been patiently waiting for the closing of school this spring. With the addition of three players from Tawas Area School's undefeated baseball nine, his East Tawas team took on a new look Sunday as it defeated West Branch, 5-1.

Giving East Tawas a dose of "pep pills" in its second win of the year Sunday were Pete Bolen, Herman Rollin and Duane "Sandy" Sanders, all members of the high school's conference championship team. Bolen took over at first base and rapped two singles, Rollin turned in a good relief performance on the mound and Sanders took over the right field position.

The play of these youngsters, along with the steady performances of other East Tawas regulars, saw the winners grab a 1-0 lead in the first inning and were never headed the rest of the way. However, West Branch had men on base in six of the nine innings and were never counted out until the last inning.

The game was highlighted by several sparkling plays by Second Baseman Jim Erickson. Third Baseman Jim Bethard and Center-fielder Gene Jordan Erickson pulled in a game-ending looping

line drive over second base while the strong arm of Bethard cut down several runners at first base. Bob Binder started on the mound for the East Tawas nine and was the winning pitcher. He allowed three hits, walked four, hit one batter and allowed one run. In the fifth inning, Lefty Herman Rollin took over and allowed three hits, struck out four and walked one batter.

East Tawas scored single runs in the first, second, fourth, sixth and seventh innings. The Branchers scored their lone run in the third inning.

At the end of the second week of play in the Knot Hole League last Friday night, the Tigers were tops in the standings with a two win, no loss record.  
In play last week, the Indians defeated the Eagles, 9-1, behind the one-hit pitching of Ouellette for the Indians. He helped his own cause by driving in two runs in the third inning with a triple.

Losing pitcher was Meyers, who was relieved in the fourth by Colburn. Colburn hit a home run in the sixth inning.

The Little Trailers whitewashed the Cubs Friday night, 21-0, as Wojahn, winning pitcher, did not allow a hit during the game. In the six inning game, Wojahn struck out 16 batters and walked two. Home runs were hit by Fletcher, Phillips, Herman and Harding.  
Losing pitcher, Durnill was relieved in the fourth inning by Bubitz.

Independent experts and official facts and figures prove Chevrolet's ahead of its field in seven big ways.

**BEST BRAKES**... In direct competitive tests of repeated stops from high-speed, conducted by N.A.S.C.A.R., Chevy out-stopped both the other leading low-priced cars—and why not: Chevy brakes are far larger, built with bonded linings for up to 66% longer life. **BEST TRADE-IN**... Check the figures in any N.A.D.A. Guide Book. You'll find that Chevy used car prices last year averaged up to \$128 higher than comparable models of the "other two." **BEST STYLE**... Popular Science magazine sums it up: "The fact is, in its price class the Chevy establishes a new high in daring styling..." It's the only car of the leading low-priced three that's unmistakably modern in every line.

**BEST ECONOMY**... No doubt about this: two Chevrolet Sixes won their class in the famous Mobilgas Economy Run, got the best mileage of any full-size car. **BEST ROOM**... Official dimensions reported to A.M.A. make this clear. For example, Chevy front seat hip room is up to 5.9 inches wider than comparable cars. **BEST ENGINE**... Every motor magazine has given Chevy's standard and Corvette V8's unstinted praise. As Sports Cars Illustrated puts it: "Indeed, this device is surely the most wonderfully responsive engine available today at any price." **BEST RIDE**... You'll be able to tell this yourself, instantly. But Motor Trend magazine expresses it this way: "... the smoothest, most quiet, softest riding car in its price class."

Make sure you get the most for your money—see your local authorized Chevrolet dealer!

# Kindergarten Children Entrance Age to Change

Superintendent of Schools Hugh H. Holloway of Sault Ste. Marie is making a desperate effort to advise the people of the State of Michigan that the legislature is planning to amend the State Aid Appropriations Bill to provide that children must be five years of age on or before November 1, 1959, in order to enter school next fall. The previous date was December 1. It is planned by the legislature to move this date again the following year to October 1 and the third year it is planned to settle upon September 1. The change is being urged by many educational organizations.

Holloway, who recently concluded an extensive survey in Sault Ste. Marie, states that students born in September, October and November are, by and large, as well qualified to enter kindergarten in September of their fifth year as children born earlier. Holloway vigorously protests this change.

His study showed that, "Students who were five years of age in September, October and November of the year they entered school had higher scholastic averages than the older students, took a higher percentage of top places in the class and took a lower percentage of lower places." He further found, "The students in these three months had a better school retention record than did the older students of the class."

Holloway says, "Let us look to the gifted child whose progress we today are trying to accelerate and enrich. It is ironical that we stand on the front steps of the school proclaiming rights and needs of the gifted child while at the same time we sneak in at the back door with a program such as this to kick him out of school entirely."

"Superintendents of schools are going to be embarrassed in September when parents parade their children to school thinking they are to be enrolled only to find this piece of legislation was quietly eased into operation turning them away from education," states Holloway.

## MICHIGAN FIRE LOSSES DECLINED DURING 1958

Michigan's fire loss in both lives and property damage declined in 1958, according to the annual report issued by the fire marshal division of the Michigan State Police.

Deaths totaled 198, a decrease of 20 under 218 in 1957, and included 141 adults and 57 minors. No firemen lost their lives.

Property loss amounted to \$40,278,535, a decline of \$26,503 under \$41,205,038 the previous year.

There were 64,694 fires, 4,864 more than 59,830 in 1957.

The greatest property loss was in building and contents other than dwellings and amounted to \$22,297,219. The loss on

dwellings and their contents was \$17,177,997. Miscellaneous fires accounted for \$803,317.

There were 76,259 alarms answered, of which 11,565 were false. Of the 64,694 fires, 18,878 were dwellings and 398 were house trailers. Others were: Aircraft, 80; automobiles, 6,265; schools, 188; theatres, 70; dry cleaning plants, 84; bulk storage plants, 136; grass fires, 21,607, and in a general category, 16,988.

Incendiary fires numbered 1,434 of which 581 were started by adults and 853 by children.

Carelessness was the cause of 12,735 fires, burning of rubbish leading with 4,098 and smoking rating second with 3,760.

### MR. AND MRS. GRAHAM F. FREEL

In a double ring ceremony at St. James Catholic Church, Whittemore, Saturday, June 6, Miss Gwendolyn Loraine Jordan of National City and Graham F. Freel of Whittemore exchanged wedding vows. The Rev. Fr. Bela Torok performed the ceremony. Norman VanWormer was vocalist.

Parents of the couple are Mr. and Mrs. Lawrence Jordan of National City and Mr. and Mrs. Floyd Freel of Whittemore.

Escorted to the altar by her father, the bride was gowned in a formal floor length dress of white embroidered tulle. Tiny star white pearls and iridescents trimmed the scalloped portrait neckline and smoothly fitted bodice which fell into a bell-shaped skirt, featuring a taffeta bow at each side. Tiers of tulle ruffles accented the back, extending into a chapel length train. Her finger-veil of imported hand rolled bridal illusion was secured by a regal queen's crown. She carried a crystal rosary and prayer book with white roses, an orchid and stephanotis.

The bride's attendants, Karen Jordan of Detroit, Arlene Mae Burtch and Jeanne Freel of Whittemore, were attired in ballerina

length dresses of orchid nylon, styled with round necklines, short sleeves and brief bodices. The full circular skirts were trimmed with bands of satin. Picture hats of imported braiding with small velvet bows completed their costumes.

Flowergirl Denise Avram of Whittemore wore an orchid nylon dress and carried a basket of white and yellow chrysanthemums and white roses. Jeff Blust of Hale was ringbearer.

George Jordan, brother of the bride; Jack Graham, and Dale Blust attended the bridegroom. Ushers were Ronald Jordan, brother of the bride, and Jerry Freel, brother of the bridegroom. A breakfast was held at the Methodist parish hall, Whittemore, after the ceremony.

The bride's mother chose a light blue and white embroidered nylon dress with matching accessories and the bridegroom's mother wore a blue silk print dress with white accessories for the occasion.

Upon their return from a week's trip to Niagara Falls and New York City, the young couple will reside in Saginaw.

Out-of-town guests attended from Detroit and Flint.

## WINS SECOND PRIZE IN VFW AUXILIARY CONTEST

The VFW Auxiliary met Monday evening, June 8, at the post home. Essay Chairman Virginia Bygden reported that Carolyn Evans won the second prize of a \$50 bond and medal in the essay contest. The prize will be presented at the Traverse City meeting which is to be held June 25-28.

Thank you letters were read from six graduates at VFW Home at Eaton Rapids, for gifts presented by the local auxiliary.

Memorial Day services were at the Michigan Waterways Commission dock at East Tawas and Tawas City Cemetery. Graves were decorated with wreaths and crosses. Mrs. Fanny Walstead, poppy chairman, and President

Opal Kyser presented handkerchiefs to those who worked on poppy days.

The mystery package was won by Mrs. Maude Westcott.

President Kyser presented a treasurer's award pin to Mrs. Flora Roberts for serving as treasurer three consecutive years.

## Married in Double Ring Ceremony at Baptist Church

MR. AND MRS. JAMES A. DAVIS

Vases of peonies and chrysanthemums decorated First Baptist Church, Tawas City, for the ceremony Saturday, June 6, uniting Miss Patricia Ann Clements of Tawas City and James A. Davis of Oscoda in marriage. The Rev. Charles Mercer performed the double ring candlelight service at 5 o'clock. Vocalists, Mr. and Mrs. Marvin Davenport, were accompanied by Miss Arlene Leslie, organist.

The bride is the daughter of Mr. and Mrs. Laurence E. Clements of Tawas City and Mr. and Mrs. Roy Bowlsby of Oscoda are parents of the bridegroom.

Given in marriage by her father, the bride chose a waltz length gown of nylon and Chantilly lace, set with sequins. A tiara of pearls and sequins secured her shoulder length veil. The bridal bouquet was of gardenias and cymbidium orchids.

Misses Susan and Connie Clements of Tawas City, sisters of the bride, were attendants. Their waltz length dresses of pink and blue nylon lace were complemented by bouquets of shattered carnations and roses.

Attending the bridegroom were Roger Steffes of Oscoda, best man, and Carl Sherman of Detroit, groomsmen. Harold Clements, brother of the bride, and David Bariger, both of Tawas City, were ushers.

A dinner for 75 guests in the church dining hall was followed by a reception at the VFW Hall, Tawas City.

For her daughter's wedding, Mrs. Clements wore a beige sheath dress with rhinestone trim. Mrs. Bowlsby was attired in a black dress with white accessories. Their corsages were of yellow roses.

The newlyweds will reside in Oscoda. Out-of-town guests attended the wedding from Cleveland, Ohio; Long Beach, California; Detroit, Flint, Whittemore, Oscoda and East Tawas.

The bride was honored at a shower given by Mrs. Laurence A. Clements and Mrs. James Clements.

Donald Sebald, Walter Verpooten and Miss Irene Sanzo, teachers at Tawas Lutheran School, will leave this week-end for River Forest, Illinois, where they will attend a five-week summer session. Another teacher, Miss Gale Roberts, will attend summer session in Marquette.

## Garden Club Dedicates Memorial Trees

PICTURED HERE is Memorial Park in East Tawas, located in the boulevard between Bay Street and US-23. The park, sponsored by the East Tawas Garden Club, was the scene of tree dedication ceremonies last Monday.—Harvey Watson Photo.

The East Tawas Garden Club met at the home of Mrs. L. G. McKay Sr. on West Bay Street Monday, June 8. At 1 o'clock luncheon was served. Table decorations were miniature bouquets of flowers.

Following the business meeting, a dedication was held in Memorial Park, a project of the

East Tawas Garden Club. Two Hoppa Crab trees were dedicated, one to the memory of Mrs. Charles Prescott and the second to the memory of Mrs. George T. Sedgeman.

A dedication poem, composed by Mrs. E. T. Pierson, was given. Mrs. Kate Evans gave a dedication prayer.

Guests present were Mrs. Ben Wilson, daughter of Mrs. Prescott; Mrs. T. Karl Ochs and Mrs. Mervyn MacRae. Twenty-six ladies were present. Hostesses for the day were Mrs. E. L. Deacon, Mrs. N. J. Crocker, Mrs. Lewis Besancon and Mrs. E. J. Butler.

Calendar:  
June 15-16—District Home-maker's Camp.

There will be fun, frolic, inspiration, education and fellowship at the District Homemakers' Camp on Monday and Tuesday, June 15-16.

Is your reservation in my office? We want to figure the market order for food right after June 10, so do not delay any longer.

Campers will arrive at Nissokone on VanEtan Lake by 10 o'clock on Monday. Program for the day includes getting acquainted, a nature trip guided by a United States Forest Service representative, craft activities (basket weaving, wooden stick craft, a decorative idea) and swimming.

Everyone interested will have a chance to learn how to barbecue chicken over charcoal at supper-time.

The evening offers a variety of activities, folk games, cards, camp sports and a home industry display to see and discuss.

Bright and early on Tuesday we shall be off for a breakfast cook-out featuring more ways to pre-

pare food out of doors. Then there is to be a special tour of Wurtsmith Air Force Base, Oscoda.

Dress comfortably and come along—the whole time if you can; otherwise, come for one day or the other. Do let us know your plans.

With summer just around the corner you will want to make some of those easy-to-care-for summer clothes. And if you are planning to use synthetic fabrics, Dacron, Orlon or nylon, you will be interested in these tips on sewing synthetics.

When choosing the pattern for your garment, remember to keep it simple; choose one with only a few pieces. Because synthetics have low-shrinkability, it is difficult to "ease in" shaped pieces like set-in sleeves. And so, if your pattern calls for a kimono of raglan sleeves, your job will be easier.

Use well-sharpened shears, dressmaker pins and finer needles when sewing with synthetics. These fabrics tend to dull needles and if pins are dull they may pull yarns in the fabrics.

If rayon is your fabric choice, it is a good idea to shrink it and straighten the grain before cutting. Unlike other synthetics, rayon does shrink. Keep in mind the fact that rayon has a tendency to ravel and fray, too. Wider seams or special finishes on seams can help prevent this fraying.

Perhaps you are thinking of

using a blend of a synthetic and a natural fiber for your garment. If so, you should follow the same steps that you would for a synthetic fabric. Be sure to shrink a blended fabric before cutting it unless enough synthetic fiber has been added to minimize shrinkage.

When cutting your fabric, be sure to cut notches away from the cutting line rather than toward the stitching line. Clay chalk instead of wax chalk is a good idea for marking your fabric, too. The wax may leave a dark line on your garment.

Before you begin stitching, loosen the tension of your machine. Make sure your garment fits well, too, before you stitch. Tiny holes may well be the result of stitching that has been taken out of a synthetic fabric.

Because any creases that you press into a synthetic fabric may be heat-set and, therefore hard to remove, you should make sure your garment fits well before pressing the seams. Also, before ironing, test your iron temperature on a sample of material. Make sure the iron does not stick and that it slides smoothly over the fabric. If it tends to stick, lower the temperature of your iron.

When ironing a blended fabric, set the iron for the fiber of the blend which requires the lower temperature.

## Farm Events

By MARVIN DAVENPORT  
Iosco Agricultural Agent

Calendar:  
Wednesday, June 24—Iosco County Farm Bureau board of directors meeting, Grant Township Hall, 8:00 p. m.  
Thursday, July 2—Iosco ABA family night, Reno Township Hall, 8:00 p. m.

At this time of the year calls come into our office requesting "one shot" treatment for controlling insects and diseases in shrubbery and other ornamentals.

Horticultural specialists at Michigan State University have come up with one that should be used now and again the first week in July. Spraying should be done when the air is still and the temperatures are above 65 degrees Fahrenheit and below 85 degrees Fahrenheit. To protect the bees, do not spray when the plants are in flower.

In one gallon of water use the following: Two teaspoons of 50 percent Malathion emulsion—plus two tablespoons of 50 percent DDT—plus two tablespoons of 50 percent Captan. All these are wettable powders.

Spray materials should be used with care on some plants due to possible injury from the spray chemicals. Since occurrence of injury cannot always be predicted, you will have to rely on experience and care in spraying plants with suggested mixtures or pesticides.

## 15 Girls Complete Iosco's 1st Waitress Training Course

Fifteen girls have just completed Iosco County's first waitress training course, according to an announcement by Miss Dorothy Scott, county extension agent. The series of five classes has been developed by the Michigan State University tourist and resort program in response to requests from food operators throughout Michigan.

First tried in the Upper Peninsula two years ago, this training program has attracted wide interest and much favorable comment. Upper Peninsula food operators employing girls who had finished the waitress course now request "trained" help.

Discussions and practices include learning waitress skills and salesmanship, grooming and self-improvement, becoming more familiar with the area and facilities it offers, tourist guests and getting a job.

Miss Scott and Marvin Davenport directed this new Iosco extension project.

They believe these 15 girls can and will become top waitresses more quickly and easily than girls without training. ## Reputation for Productivity Key to Area's Success

A community's reputation for productivity is a prime reason for its development as an industrial area.

Reputation for productivity, in all its aspects, is one of the most important factors a community has to offer as it seeks a new industry or encourages an existing industry to expand locally.

Productivity extends to all elements that comprise industry. There must be "full measure" from money, men, machines and materials. The productivity of Michigan workers has brought them a high standard of living. It reduces unit cost of production, an important factor in profitable manufacturing operations.

Communities have a responsibility to promote continuing productivity by workers. With the advancement in machinery, there must be opportunity for further education and provision for training facilities.

Where necessary and possible, available plants for new industries must be suited to the modern concept of industry. In some instances, it is possible for local groups to make changes which would make older buildings suitable for modern operations.

Reputation for productivity encompasses not only industrial operations, but most municipal functions as well. It is a reputation built not only by those in industry, but through efforts of everyone in town. It is a factor which is important when a manufacturer makes a decision on plant location.

How "productivity pays everyone in town" is the theme of an advertisement in The Tawas Herald today. It is another in the series of industrial advertisements sponsored by the Michigan

Press Association and the Michigan Economic Development Department which appear in this and 305 other Michigan newspapers as a public service.

SEWING TO WIN—Could be that this young lady is dreaming of Hollywood as she prepares one of her entries for the 1959 Cotton Bag Sewing Contest, a feature of 49 state and regional fairs. Top national winners will receive expense-paid vacations in movieland. Local prizes include cash awards and portable sewing machines. Information is available from the National Cotton Council, P. O. Box 5906, Dept. J, Memphis 12, Tenn.

## Everyone Has a Secret Dream

Everyone has a secret dream, sometimes several. For some the dream is as small as a new pair of shoes, while for others it is a million-dollar bank account. Many share a common image in their own personal crystal balls, the vision of an exciting vacation in some famous glamor spot.

A Michigan woman may be among the two American home-makers who will wrap up this last reverie in a few ordinary cotton sacks this year. As top winners in the National Cotton Bag Sewing Contest, they will receive a week's fling in that long-time Mecca of feminine day-dreamers, Hollywood. They also will be given more utilitarian awards in the form of cash prizes, household appliances and merchandise gifts.

The contest will be a feature of the women's program at the Saginaw Fair, September 13-19. It is open to anyone who sews,

excepting previous national winners. Items made from plain or print bags may be entered in eight entry classifications.

Cash prizes totaling \$100 will be awarded to premium winners, with a Necchi portable sewing machine from the Jones Sewing Machine Center, Saginaw, going to the woman receiving the greatest number of first-place ribbons. She also will become an automatic national finalist.

The two sack sewing champions, along with a third-place winner receiving \$250, will be selected at the finals in Memphis, Tennessee, November 4. Their expense-paid stay in the movie capital will include visits to famous restaurants and supper clubs, radio and television appearances and tours of locales ranging from motion picture studios to Disneyland.

Further information on the contest is available by writing the Saginaw Fair, Saginaw, Michigan.

If wildlife (and we are blessed with rabbits) are finding your garden an ideal lunch spot, here is a way to get the jump on them.

Charles Shick, game management specialist at Michigan State University, says there are several chemicals you can use to "spice" up the plants so the animals will not find them so tasty.

Rabbits can be discouraged from eating lettuce, beans and cabbage if plants are sprayed with nicotine sulphate.

Treat plants every three or four days to make certain new growth is covered with the chemical.

Other effective spray and dust materials to reduce rabbit damage are available from garden supply stores under various trade names. All chemicals should be used as recommended by the manufacturer. Do not eat treated leafy plants for at least a week after application.

Shick says some farmers report that pheasant, crow and mouse damage to newly planted corn can be reduced by using a material called lindane. Seed is treated with the chemical before it is planted. Moistened seed with about one pint of water for 60 pounds of corn and then mix two ounces (nine level tablespoons) of 25 percent lindane with the corn. Corn is ready for planting.

Dear Editor:

I am mailing to you the enclosed news release in hope that you will consider it one of sufficient importance to publish in your next edition so that the people of your area will be advised concerning this very important subject and the legislation pertaining to it. Unfortunately matters such as this are seldom called to the attention of the public until after the damage is done. I feel considerable responsibility to the people of the State of Michigan who recently supported me in my unsuccessful political adventure. Because of my obligation to them, I ask this favor in their behalf.

Very sincerely yours,  
Hugh H. Holloway.

**PRODUCTIVITY PAYS EVERYBODY IN TOWN**

Productivity is a great quality to possess. It can do more to make a town prosperous than almost anything.

Productivity is the delivery of a full measure by machines, money, men or materials. The best productivity results from constant striving to better past performance. Productivity pays off for everybody whenever everybody works at it.

When it comes to attracting business, a new in-

dustry for example, the very reputation for productivity will give your town a special pulling power. Competition these days makes it necessary for a company, or town, to have productivity around in plain sight. Otherwise the company or the town won't be in plain sight very long.

Join hands with your local industrial development organization and the Michigan Economic Development Department to help your community prosper.

This ad is one of a series published as a public service by this newspaper in cooperation with the Michigan Press Association and the Michigan Economic Development Department.

**300 Fans Attend Northeastern Iris Show at Fairview**

The 15th annual Northeastern Iris Show featuring "A Day In An Iris Garden" greeted over 300 guests Sunday, June 7, at Fairview. Guests registered from many states as well as many communities in Michigan. Entries, drawn from seven counties, were accepted in 40 classes in stalk specimen with 32 exhibitors. Warm and humid weather hurried the blossoms this year to the extent that many areas were past the peak of the blooms, while others were not quite ready.

The purple rosette for grand champion was won by Ben Azer of Mio with a beautiful bloom of raspberry pink called Mary Randall. The silver medal went to Laurel Lawe of Whittemore for the greatest number of first prize points. The bronze medal was won by Mrs. Vera Stonebraker of Fairview. The 10 top winners also included Mrs. Frances Pettit of Fairview, Mr. Azer, Clyde Randall of Glennie, Mildred Randall of Mio, Marvin Kurtz of Fairview, Joseph Coryo of Prescott, Iveline Richardson of Mio and Mrs. Laurel Lawe of Whittemore.

### LEGAL NOTICE

**NOTICE OF SPECIAL TOWNSHIP MEETING AND ELECTION AND OF REGISTRATION OF VOTERS**

WHEREAS, at a meeting of the Township Board of the Township of Sherman, Iosco County, Michigan, held on the 1st day of June, 1959, a franchise ordinance was adopted, entitled as follows:

**AN ORDINANCE**, granting to Consumers Power Company, its successors and assigns, the right, power and authority to construct, maintain and commercially use electric lines consisting of towers, masts, poles, crossarms, guys, braces, wires, transformers and other electrical appliances on, along and across the highways, streets, alleys, bridges and other public places, and to do a local electric business in the Township of Sherman, Iosco County, Michigan, for a period of thirty years.

WHEREAS, said Consumers Power Company has heretofore filed its written acceptance of said franchise, and has requested that the question of confirming the grant be submitted to the qualified electors of the Township, at a special election to be held for that purpose, and has also paid to the Township Board the estimated expense of holding such special election; and,

WHEREAS, there has been heretofore filed with said Board, a petition signed by at least twelve electors, requesting that a special township meeting and election be called for such purpose;

NOW, THEREFORE, pursuant to resolutions adopted by said Board, notice is hereby given that a special meeting and election will be held in said Township at the Sherman Township Hall, 2510 South Rhodes Road, National City, Michigan, on Wednesday, the 15th day of July, 1959, for the purpose of voting on the confirmation of the action of said Township Board in granting such franchise.

The polls of said election will be opened at 7 o'clock in the forenoon, or as soon thereafter as may be, and will be held open until 8 o'clock p. m., Eastern Standard Time. The Township Clerk will be in his office on the 15th day of June, 1959, said date being the thirtieth day, as determined by statute, preceding the date of said election, for the purpose of reviewing the registration, and registering such of the qualified electors of the Township as shall appear and apply therefor, which registration may be made on said date between the hours of 8 o'clock a. m. and 8 o'clock p. m., Eastern Standard Time.

Said franchise as granted by said Board is on file with the undersigned Township Clerk for the purpose of inspection by the qualified electors.

BY ORDER OF THE TOWNSHIP BOARD,  
Harold Parent  
Township Clerk  
Dated, June 1, 1959. 23-2b

### LEGAL NOTICE

**NOTICE OF SALE**  
\$130,000.00  
CITY OF TAWAS CITY,  
COUNTY OF IOSCO  
MICHIGAN  
GENERAL OBLIGATION  
SEWAGE DISPOSAL SYSTEM  
BONDS

Sealed bids for the purchase of General Obligation Sewage Disposal System Bonds of the City of Tawas City, County of Iosco, Michigan, of the par value of \$130,000.00, will be received by the undersigned at the City Hall in said City until 8:00 o'clock p. m., Eastern Standard Time, on Monday, the 22nd day of June, A. D., 1959, at which time and place said bids will be publicly opened and read.

Said bonds will be dated May 1, 1959, will be numbered consecutively in direct order of maturity from 1 to 130, both inclusive, and will mature serially as follows:

\$3,000.00 November 1st of each year from 1960 to 1964, both inclusive;

\$4,000.00 November 1st of each year from 1965 to 1969, both inclusive;

\$5,000.00 November 1st of each year from 1970 to 1988, both inclusive.

Said bonds shall be coupon bonds of the denomination of \$1,000.00 each, and shall bear interest from their date at a rate or rates not exceeding five per cent (5%) per annum, expressed in multiples of 1/8 of 1%. Said interest shall be payable on November 1, 1959, and semi-annually thereafter on the first day of May and November of each year. Both principal and interest will be payable at a bank or trust company to be designated by the purchaser of the bonds. Accrued interest to the date of delivery of such bonds must be paid by the purchaser at time of delivery. The interest rate for each coupon period on any one bond shall be at one rate only.

Bonds of this issue numbered 1 to 35, both inclusive, maturing in the years 1960 to 1969, both inclusive, shall not be subject to redemption prior to maturity.

Bonds numbered 36 to 130, both inclusive, maturing in the years 1970 to 1988, both inclusive, shall be subject to redemption prior to maturity, at the option of the City, in inverse numerical order, on any interest payment date on or after November 1, 1969, at par and accrued interest to the date fixed for redemption, plus a premium as follows:

\$30.00 on each bond called for redemption prior to November 1, 1974;

\$20.00 on each bond called for redemption on or after November 1, 1974, but prior to November 1, 1979;

\$10.00 on each bond called for redemption on or after November 1, 1979.

Thirty days' notice of the call of any bonds for redemption shall be given by publication in a paper circulated in the State of Michigan which carries, as part of its regular service, notices of sale of municipal bonds. No further interest payable on bonds so called for redemption shall accrue after the date fixed for redemption provided funds are on hand with the paying agent to redeem said bonds.

For the purpose of awarding the bonds, the interest cost of each bid will be computed by determining, at a rate or rates specified therein, the total dollar value of all interest on the bonds from July 1, 1959 to their maturity and deducting therefrom any premium. The bonds will be awarded to the bidder whose bid on the above computation produces the lowest interest cost to the City.

No proposal for the purchase of less than all of the bonds, nor for less than 100% of their par value, will be considered.

The City is authorized by law to levy upon all the taxable property therein such ad valorem taxes as may be necessary to pay the bonds and the interest thereon, without limitation as to rate or amount.

A certified or cashier's check in the amount of \$2,600.00, drawn upon an incorporated bank or trust company and payable to the order of the Treasurer of the City of Tawas City, Michigan, must accompany each bid as a guaranty of good faith on the part of the bidder, to be forfeited as liquidated damages if such bid is accepted and the bidder fails to take up and pay for the bonds. No interest will be allowed on the good faith checks, and checks of unsuccessful bidders will be promptly returned to each bidder's representative or by registered mail.

Bids shall be conditioned upon the unqualified opinion of Miller, Canfield, Paddock and Stone, attorneys of Detroit, Michigan, approving the legality of the bonds. The cost of such opinion shall be paid by the City of Tawas City. The purchaser shall pay the cost of printing the bonds. Bonds will be delivered at Detroit,

### LEGAL NOTICE

Michigan, or such other place as may be agreed upon with the purchaser of the bonds. The usual closing papers, including a non-litigation certificate, will be delivered at the time of the closing.

Envelopes containing the bids should be plainly marked "Proposal for Bonds."

### 13 CAMP FIRE GIRLS RECEIVE AWARDS

Trail seekers rank with certificates and honor beads were received by the 13 members of the O-Ta-Ku-Ye Camp Fire Girls when they had their rank ceremonial at the American Legion Hall Monday, May 25.

Mrs. C. B. Cox was the guest speaker at the ceremonial and presented the girls with candy sale certificates. This group of girls won top honors in the local Camp Fire candy sale held the last week of April. They sold 220 boxes of candy.

Girls receiving trail seekers rank and certificates were: Mickey Bennington, Marjorie Cross, Kay Ann Deckert, Aliecia Dimmick, Jeannine Fisher, Joyce Fisher, Tunney Fletcher, Betty Gardner, Charlene Schaaf, Patty Warner, Ina Whitney, Cheryl Look and Gayle Nelkie.

The girls are planning an all-day cookout to be held on June 20 at Silver Valley. While on the cookout, the girls will plant willow cuttings for fish protection and make several brush piles for the protection of wildlife.

Plans are being made for several of the girls to attend summer camp at Mack Lake near Mio. This camp is owned and operated by the Saginaw Camp Fire Girls.

### Brandishes Rifle, Now Being Held in Iosco County Jail

A 62-year-old East Tawas man, who brandished a rifle in an East Tawas tavern Thursday night and threatened the bar tender, is being held in Iosco County Jail under \$1,000 bond.

Demanding examination when arraigned before Justice A. J. Goulet was Herbert Nagle, a laborer. Unable to post the bond, he was remanded to the county jail to await examination which has been set for June 11.

Prosecuting Attorney Paul Harvey has issued a warrant against Nagle for felonious assault with a dangerous weapon.

Louis Dubovsky, a bar tender at Chum's Bar, told police that he had told Nagle to leave the premises. Nagle left the building and came back a short time later with a loaded deer rifle.

William Klenow told police that he had just relieved Dubovsky when Nagle walked in and told him to "stick 'em up."

Klenow told officers that he thought the man was joking at first.

About that time, Dubovsky came out from a back room and saw Nagle holding the rifle on Klenow. He grabbed the rifle and it discharged, the bullet going into the ceiling over the bar.

### Former Columbia Artists Head Dies in Virgin Islands

Ward French, former chairman of the board of Columbia Artists and former president of its subsidiary, Community Concerts, Incorporated, died June 3 of a heart attack at his home in St. Thomas, Virgin Islands. His age was 68.

French was born at West Branch in 1891 and came to East Tawas with his parents, the late Mr. and Mrs. F. F. French, when a child. He graduated in the class of 1908 from East Tawas High School.

A graduate of Albion College in 1911, Mr. French began his career as a music teacher in the high schools of Boise, Idaho, and Stockton, California. A pianist, he also toured the summer music circuit as a performer. He then sold pianos for a year before turning to the management of musicians and the organized audience movement.

In 1922, he became interested in organizing concert associations. Mr. French became affiliated with Columbia in 1930 and in 1948 became president of Columbia Artists. He became board chairman in 1950. Mr. French had been head of Community Concerts since 1930.

He leaves his wife, the former Miss Virginia Collier, and two daughters, Mrs. Hendrick Booraem Jr. of New York and Mrs. Kenneth D. Alexander of St. Thomas.

His parents and only sister, Mrs. Lulu Oakes, preceded him in death.

## Festival to Mark 50th Year of Huron National Forest

Fiftieth anniversary of the Huron National Forest and the 10,000-acre Kiwanis plantation will be marked by a festival from July 30 to August 2 in Iosco County.

This four-day celebration is planned to develop among the people a greater appreciation of the contributions made by forests to the economic and social welfare of everyone.

Thursday, July 30, will be set aside as Kiwanis Day. Gov. Sid Main of Houghton Lake and Lt. Gov. Al LaPorte of Standish are arranging the program. It will include commemorating a new Kiwanis Monument at the site of the existing monument.

Demonstrations during the day on planting, caring for and harvesting trees, will be conducted by Michigan State University forester, Les Bell, and Huron National Forest personnel.

The Thursday Kiwanis Day program will be concluded with an outdoor chicken barbecue conducted in the vicinity of the Lumbermen's Monument. All Kiwanis Clubs in Michigan are being invited to attend and participate.

Friday is designated National Forest Day. Forest Ranger Joseph Blake of East Tawas is planning tours in the Huron National Forest. They will include both forestry and recreational sites.

Saturday is Tawas Day. The Tawas City Park on US-23 is the location of the day's activities which will include log sawing and other woodsmen's contests; a basket making exhibit by Indians of the area and exhibits by forestry equipment companies, as well as forest product industries. The latter will include Abitibi Corporation and Huron Wood Preserving Company.

Contests are planned for the day's activities. The public will be invited to participate. Harold Peterson, retired forest ranger, is planning the contest activities. Gordon Hatch, Abitibi forester, and L. W. Trevehan, Iosco farmer, are planning the exhibits for the occasion.

Sunday is Oscoda Day. It will be featured by canoe racing. A junior and senior division is being set up with the races on the Au-

Sable River. Lester Weis, Oscoda Kiwanis member, is chairman.

Mr. and Mrs. B. J. Olsen of West Palm Beach, Florida, are spending several days with their son, B. William Olsen, and family in Wilber Township. They attended the graduation exercises here June 4.
