1 package or cake yeast, active

1 egg, beaten

Scald milk and stir in sugar, salt and shortening. Cool to lukewarm. Measure water into a large bowl (warm, not hot, water for active dry yeast; lukewarm for compressed yeast). Sprinkle or crumble in yeast. Stir until dissolved. Add the lukewarm milk mixture. Add the egg. Add about half the flour. Beat until smooth. Stir in remaining flour or enough to make a soft dough. Turn dough out on lightly floured board. Knead dough quickly and lightly until it is smooth and elastic, and does not stick to the board. Put dough into a greased bowl. Grease top of dough. Cover; let rise in a warm place, free from draft, until doubled in bulk, about 1 hour. Punch down dough, pull sides into center. Turn out on lightly floured board. Knead fruits and nuts thoroughly into the dough. Divide dough in half. Using both hands roll each portion of the dough into a rope about ½-inch in diameter. Twist ropes loosely and form into a circular ring on a greased baking sheet. Place 6 eggs into spaces in the twist. Brush dough with melted margarine or butter. Scatter top with colored sprinkles. The selective service college qualification test will be given to college men April 30, state selective service headquarters

announced today. The April 30 test will be the only test offered for the 1958-59 school year. Applications must be post marked no later than midnight Thursday, April 9. The test will be administered by the educational testing service, Princeton, New

Scores made on the test are used by local draft boards as one guide in considering requests for deferment from military service to continue studies. The test will be given at 28 Michigan colleges and universities.

Application cards and instructions are available from selective service local boards. Men planning to take the test should make early application at the nearest local board office for detailed information and necessary forms and materials. Student deferments, which test

scores have helped determine since 1951, have been a major factor in insuring the nation's supply of specialized manpower. Many students deferred under this program are today scientists, engineers and specialists in other technical fields and in the social sciences, teaching and humanities. Since only one test will be offered this school year, students wishing to take the test must obtain 1959 application cards and instructions from any local board. Use of old application cards may

result in students missing the test.

LOCAL PASTOR ATTENDS

ADVENTIST CONVENTION Members of the East Tawas Seventh-Day Adventist Church have been called upon to make some contributions to civil defense

and especially to take first aid

The advice was given in Detroit on Tuesday, March 10, at the quadrennial convention of the Lake Union Conference of Adventists by its director of welfare services Vernon Flory. Attending the four day convention is Elder Herbert Alexander, pastor of the local first Sunday of the month at East church.

The local minister, one of more than 500 delegates to the parley, heard the church official urge that local churches take "immediate defense preparations and welfare activities.

"If a national or local emergency | classes. should arise, we then, as a church, will be prepared to save our own Bible Class. lives and the lives of others,' for Lansing to attend a meeting Flory told the convention. "It is our duty to help save lives—the physical as well as the spiritual

> A two-day ministerial institute began March 11. Pastor Alexander will return home Thursday evening and is expected to give a report of the convention to the local congregation Saturday morning.

METHODIST FELLOWSHIP PARTY TO BE HELD

Members of Methodist Youth Fellowship will leave the East Tawas Methodist Church Sunday, March 15, at 2:00 p. m. for Silver Valley where a MYF party will be held. Campfires and hot chocolate will be furnished. Those attending may bring wieners and marshmallows.

### WHAT'S IN IT FOR ME?

What's in it for me, you ask, if a new industry locates here or one of our present plants expands?

A better chance at a better living.

An industry payroll dollar is a wondrous thing. It comes into our community from outside as our industries make and sell their products in competition with other industries in other places. It gets bigger as it starts its journey through the community. It passes through

many hands, touches many people. You would have to be a long, long way away not to have some of it rub off on you.

Increased economic security for you and your family . . . greater opportunity for you and your children . . . are in the industrial expansion of your community, every time.

State's Petroleum Prospects Brighten

Production prospects are encouraging for Michigan's oil and gas industries in 1959. Brightening the oil picture is the recent discovery of two productive wells adjacent to the state's top yielding field in southern Michigan. A significant recovery was made in gas production during 1958; the industry's best year since 1950.
