

'Pats' on Upswing?

MICHIGAN HUNTERS, like Clare Herriman of Tawas City, had good reason to smile this week as partridge hunting seems to be on the upswing this year after several poor seasons. Herriman bagged these four "pats" in Alabaster Township Saturday. Duck hunters at Tawas Lake did not fare so well after opening day. Cliff Guyette, veteran boat livery operator and sportsman, said that there were fewer hunters on the lake for opening day this season. After the opening of shooting, the ducks were even more scarce than the hunters.—Tawas Herald Photo.

Sheriff's Dept. Recovers \$1,400 Loot from B&E

With one person arrested and another subject being sought in Kentucky, Iosco County Sheriff's Department and Oscoda Township Police Department have solved the September 18 breaking and entering of the Oscoda Hobby Shop and Easy Way Laundromat. More than \$1,400 worth of merchandise was stolen from the hobby shop and a quantity of money during the nighttime breaking and entering. Officers had questioned more than 10 suspects during the investigation. Merchandise stolen included six guns, an expensive German camera, model plane motors, electric trains and a saddle bag. Being held at Iosco County Jail is Thomas Ferris, 18, of Wurtsmith Air Force Base. Another airman, Gregory Kaminski, is being sought in Kentucky. Officers said that Ferris had admitted his part in the breaking and entering. He turned himself in after being AWOL from the airbase. During the investigation, officers closed out two other breakings and enterings in the Oscoda area. Deputy Sheriff Gene Ballinger and Township Officer Robert Foster spent last week-end in Louisville, Kentucky, where they recovered all of the stolen merchandise. Kaminski was not apprehended by Kentucky authorities.

CANCER SOCIETY TRAINING SCHOOL HELD AT GAYLORD
Seventh annual training school of district seven, American Cancer Society, was held September 30 at Hidden Valley, Gaylord. Luncheon was served to 75 members. Representing the Iosco County unit were Norman Salsbery and Earl McElhannon, co-chairmen for the annual county campaign. Dr. L. A. LaPorte, medical chairman; Mrs. W. A. Evans, educational chairman; Mrs. Herbert Hertzler, volunteer activities chairman; Mrs. Harvey Watson, publicity chairman and campaign chairman for East Tawas.

MICHIGAN LOSING BATTLE AGAINST TRAFFIC DEATHS
Michigan is losing its battle to again reduce traffic deaths this year. If the five percent increase in fatalities experienced in the first nine months continues, the death toll for the year will be about 75 higher than in 1958 and more than 200 over the goal of another 10 percent reduction set at the beginning of the year. The toll for the first nine months, according to provisional figures compiled by the Michigan State Police, stood at 1,005 or 49 more than in the same period last year.

Iosco Banks Show Increase in Assets
Financial statements of two Iosco County banks this week, published in accordance with a call made by state banking authorities and by the Federal Reserve Bank of this district, revealed that this combined total assets of both banks is \$9,687,387.33. In his report of the condition of the Peoples State Bank at East Tawas, G. N. Shattuck, vice president and cashier, announced total assets of \$7,744,505.47. The assets included bank premises owned of \$105,075 and furniture and fixtures of \$15,571. Capital accounts of Peoples State Bank included common stock with total par value of \$200,000, surplus of \$200,000, undivided profits of \$214,538.26 and reserves of \$36,000. J. M. Stevenson, vice president and cashier of Farmers and Merchants State Bank, Hale, reported total assets of \$1,942,881.86. Capital accounts included common stock with total par value of \$75,000, surplus of \$60,000, undivided profits of \$31,797. Total assets of Peoples State Bank as of October 6 represented an increase of \$344,142.47 over the report filed in October 1958.

National Newspaper Week Gives Explanation of Priceless Freedom
National Newspaper Week, October 15-21, is a concentrated effort to explain the functions of a newspaper. To inform, to interpret, to entertain—this is the role of the American press. Its foundation is the First Amendment's guarantee of freedom of the press. The American people possess many other freedoms, as set out by the constitution, and a priceless one springing from them is the right to know and to be informed. Here the newspaper performs its greatest service. It is the eyes, ears and conscience of a community. It zealously guards the many rights of people while giving them the facts and information necessary to be good citizens. For only when we know the truth can we support what is good or condemn what is bad. Wars have been fought to gain and preserve our independence. So, too, is battle waged by newspapers of our country to defend and guard the freedoms and rights of a free people. This is a never-ending fight, quiet at times, at other times loud—but always on behalf of the American people.

National Newspaper Week
October 15-21, 1959
A newspaper is a service organization whose prime responsibility is always to the reader. Newspapers are a vital part of the American economy, purchasing many millions of dollars of materials each year and offering, through advertising, opportunities for businessmen to increase their revenue and for buyers to use their money to the best advantage. Free Americans must be on guard constantly against any encroachment on the people's right to be informed correctly. For that is the real meaning of freedom of the press.

Budget Highest in History, But Millage Lowest in State

Iosco County supervisors will spread slightly more than four mills on tax rolls for county operation as the result of action taken Tuesday. The board approved a county budget of \$206,352.65 for fiscal year 1960 as presented by its finance and apportionment committee. Last year's budget was \$185,798.50. While the county budget has been increased by more than \$20,000 for fiscal 1960, taxes for county operation will be about the same as last year. A millage figure of .00405, believed to be the lowest in the state for county operation, will be used. The final budget approved Tuesday was changed only slightly from the preliminary budget brought in during the April session. The county's valuation has increased from \$42,864,000 to \$46,013,000 this year, thus millage is only .05 of a mill higher than last year. Much of the increased valuation was through new construction. With anticipated fees of \$20,000 during fiscal 1960 from county offices, the board of supervisors will spread \$186,352.65 on the tax rolls. This compares to \$170,798.50 spread on the rolls in 1959 when fees were \$15,000. Supervisors said that the budget increase was due principally to the county's direct welfare load this year. The budget for direct relief is \$10,000 for 1960, as compared to \$7,500 last year. The social welfare department's budget remained at \$15,000. The emergency appropriation fund was increased from \$9,188 to \$11,084.65 to allow transfer of money to direct welfare and other departments, when needed. Principal cause for the hike in direct relief's budget was through the distribution of government surplus food by the county. Some 400 families now receive food under this plan. Budget of the sheriff's department was increased by \$3,000 this year, although the board said that this was due principally to improvements at the jail which should have been listed under building and grounds. The sheriff's department will receive additional funds, if necessary, from the emergency fund. Appropriations were as follows: County Treasurer—Wages \$10,017 Department expense 1,550 County Clerk—Wages 9,900 Department expense 1,950 Register of Deeds—Wages 8,175 Department expense 3,055 Prosecuting Attorney—Wages 6,880 Department expense 1,400 Sheriff's Department—Wages 15,840 Department expense 16,784 Probate Judge—Wages 7,280 Department expense 1,550 Board of Education—Wages 4,000 Department expense 2,100 Drain Commissioner—Wages 1,200 Department expense 200 Clerk hire 300 Iosco County Extension Agent—Wages 2,700 Department expense 2,925 Courthouse and Grounds—Wages 4,200 Expense 12,000 Circuit Court—Wages 5,742 Department expense, transcripts, jurors 3,100 Iosco-Arenac Regional Library 6,000 Board of Supervisors 8,500 District Health 9,000 Justice Court 750 Airport 1,800 Tax allocation 420 Bee inspection 150 County Appropriation 2,300 Bonds, insurance, social security 2,900 Elections 3,000 State institutions 11,000 Social Welfare 15,000 Direct Relief 10,000 Emergency 11,084 Addressograph 600 Veterans Counselor 300 Coroner 700

Iosco Wants Point Land for Park Development
Iosco County Board of Supervisors opened its statutory October session Monday morning. Principal business of the week-long session will be to spread millage on the tax rolls, give final approval to appropriations and adopt the budget for the next fiscal year. In the first order of business, the board of supervisors went on record indicating Iosco County's interest in procuring federally-owned property at Tawas Point. Supervisor Elmer Werth of East Tawas reported that the United States Coast Guard has declared this property as surplus and it is now in the hands of the general service department for disposal. A letter was sent to Chicago on Monday indicating this county's interest in the property. Both the Michigan Department of Conservation and Iosco County have indicated to the federal government that each wants the property for public park use. The property contains land suitable for camp grounds, picnic and swimming areas. During a recent meeting between the conservation department and Iosco officials, Arthur Elmers, chief of the parks division, said that the state was interested in procuring the 140 acres as a park but indicated that if the state was successful in its bid, the property might not be developed for a number of years. Mr. Werth said that rather than let the property remain idle or let it fall into the hands of private interests, the county should make an attempt to acquire it. He said that a portion of the property could be im-

County Road System Shows Much Progress
As part of the observance of Michigan Highway Week, Iosco County Road Commission last week announced facts and figures pertaining to the county's road system which should be of interest to local residents. Iosco County presently has 823 miles of roads, 209 miles of primary roads and 614 miles of local roads. During the past six years, the primary system has shown an expansion of 67 miles and there has been 68 miles of bituminous surfacing constructed during this period. This represents an outlay of approximately one and a third million dollars. The local road system totals 612 miles, showing an improvement to 60 miles of road during the past six years at a cost of \$200,000. Of this figure, five miles are surfaced, 273 miles are gravel and 332 miles are unimproved. Future plans call for the continued up-grading of the county road system at the rate of five to 10 miles per year on the primary system and an anticipated 10 miles or more per year on the local system, depending on variations in operating funds. Total income from the motor vehicle highway fund during the (See COUNTY ROAD, page 10).

FOUR PERSONS INJURED IN CRASH SATURDAY
Four persons were injured late Saturday afternoon when the car in which they were riding ran off at a dead end on the Iosco-Arenac County Line Road in Turner Township. Injured were Stanley L. Ulman, 25, Route One, Tawas City, driver, possible fractured leg; Jerome Moore, 19, Wurtsmith Air Force Base, lacerations to head and possible fractured right hip; Dennis O'Brien, 21, Wurtsmith Air Force Base, lacerations to face; Wilfred C. Hughes, 36, Tawas City, concussion. Investigating state police officers said that it appeared the driver tried to turn left to avoid the dead end but the vehicle slid sideways and rolled over in a ditch.

NEW YORK BOWMAN WAS SUCCESSFUL HERE
Lee E. Johnson, a New York State conservation officer, returned home this week after a successful bow and arrow hunting trip in the Tawas area. He killed a 16-month-old doe Saturday. Johnson, who is a nephew of Bert Johnson of East Tawas, camped eight days in the Huron National Forest near Silver Creek with two friends. His hunting companions were William Nevin of Dale Road, Newfane, New York, and Delbert Freet of Nash Road, North Tonawanda. Johnson, who resides at Lockport, is an enforcement officer in New York Conservation Department's fish and game division.

SOME OF THE PRINCIPALS during the conference of the Fourth District Supervisors Association and Michigan Institute of Local Government, who met here last Thursday, are pictured above. Seated, left to right, are Rep. Carroll Newton, Barry County; D. Hale Brake, president of the Michigan Institute of Local Government; Harold Gustafson, Delta County, president of the supervisors association. Standing, left to right, are Glenn Long, chairman of Iosco County Board of Supervisors; Edward McNamara, Saginaw, second vice president of the supervisors association; State Rep. James Mielock, Whittemore; Clarence Everett, Tawas City supervisor who was in charge of arrangements for the program, and William Dennison, Bay County, secretary-treasurer of the supervisors association and president of the National Association of County Officers. A luncheon was held at the Holland Hotel Thursday noon.—Tawas Herald Photo.

Mediators Here Again to Resume Talks

A meeting has been scheduled Thursday by state and federal mediators between Anderson Coach Company and representatives of the striking union local. The meeting will be held at the county building starting at 1:00 p. m. Anderson Coach Company has been strike-bound since August 4 and no progress has been made toward negotiating a new contract. A hearing is scheduled for this afternoon (Wednesday) at the county building before the National Labor Relations Board. The hearing pertains to charges filed by the union against the company in which the men declare the company is using salaried personnel unlawfully.

Annual C of C Banquet Set for Saturday Night

General meeting and 13th annual banquet of the Tawas Chamber of Commerce will be held Saturday night, October 17, 7 o'clock, at the Holland Hotel in East Tawas. Tickets for this affair may be purchased from Tawas City or East Tawas businessmen. Main speaker during the program will be Clem Bement, managing secretary of the Mt. Pleasant Chamber of Commerce. Also attending will be representatives of Wurtsmith Air Force Base, Oscoda, who will explain the installation's new role in the defense of the United States when the Strategic Air Command takes over there. Regular meeting of the board of directors will be held tonight (Wednesday) at the chamber of commerce office. Final plans are to be made for Saturday night's banquet and meeting. Also on the agenda for tonight is the nomination of new members to the board of directors. The board is to meet with the Silver Valley Committee and a new general chairman is to be named for that organization.

Tawas Was Site of 20th District Confab

Some 125 Quotarians from Detroit, Dearborn, Oakland County, Port Huron, Flint, Fort Wayne, Kalamazoo, Grand Rapids, Bay City, Saginaw and Iosco County attended the three-day conference of the 20th district held here October 9-11. The conference started with a fun fest at the Holland Hotel Friday night. Mrs. William Frank of the Iosco club and Mrs. June Kloha of the Bay City club were co-hostesses of the evening. Colorful costumes of the committee members along with Halloween decorations keyed the evening's fun of games and refreshments. Miss Mary Ellen Martin of Saginaw, Quota governor, officially opened the 14th annual conference. Girl Scout Troop No. 3, Tawas City, participated in the presentation of colors. Cheryl Ruppert called the colors of the countries in Quota, which were presented by Jeri Lu Ruppert, United States flag; Joyce Grimes, Canadian flag; Pamela Thomas, flag of Australia; and Terry Ross, flag of Mexico. Phyllis Bouchard and Mary Frances Beaubien were color guards. Saturday night's banquet had a capacity attendance of 140 members and guests. Dinner music was furnished by Leland Moffatt at the electric organ. Paul Souder, vice president of the Michigan National Bank, Saginaw, presented "Reflections of Russia," a series of color slides which he snapped during a recent visit to that country. The banquet closed with the installation of new officers. Miss Martin, retiring governor, presided. New officers installed were Miss Vivian Ingram, Flint, governor; Mrs. Ronald L. Hafey, Detroit, lieutenant governor, and Mrs. Leslie King, Flint, secretary-treasurer.

P-TA Starts Annual Membership Drive

Annual membership drive of the Tawas Area Parent-Teacher Association started Tuesday of this week. Registration envelopes were given to students in elementary through junior high school to be filled out and returned by parents. Mrs. Jerry Johnson of East Tawas is in charge of the 1959-60 membership campaign.

County appropriations included \$500 for the Iosco County Fair, \$300 for Silver Valley, \$500 for East Michigan Tourist Association. The board renewed membership in the Michigan Institute of Local Government, \$130, and State Association of Supervisors, \$75. It approved a bill from the Michigan's Children's Aid Society of \$500.

Campfire Girls Dedicate Pine Trees

Two white pine trees and one white spruce tree were planted in the lawn of the East Tawas unit of Tawas Area Schools Saturday by the East Tawas Camp Fire Girls Association. Attending the dedication were members of the executive committee of the organization, including Mrs. W. D. Nunn, chairman, and others of the jubilee girl project committee; campfire girls, their leaders and guardians. Representing Tawas Area School was Supt. Reynold Mick. The presentation of the three trees was part of the Camp Fire Girls national service project, "She Cares—Do You?" The activities in this conservation project are centered around concern for natural resources. "Caring about herself and others; about her country's natural resources is the keynote of the current Camp Fire Girls national project," states Mrs. J. N. Dimmick, local chairman. "Members in the Tawas area, together with campfire girls in better than 3,000 communities from coast to coast, are taking an active part in conserving the country's re-

'Dehoco' Escapee Captured in Detroit

A 27-year-old former Tawas City man, who escaped from the Detroit House of Corrections Monday night, was captured Tuesday afternoon in a Detroit bar. Police said Daniel Migrants telephoned his wife, Darleen of Tawas City, and threatened to kill her when she refused to go with him. Migrants was sent to "Dehoco" after violating probation while on parole from Southern Michigan Prison on a grand larceny conviction.

"There it is," folks say proudly, "the new school!" The new school... man-made symbol of the opportunity that comes in gold.

Many people, though, who struggle with finances and develop muscles from the income stretching they must do to have this school, do not see too clearly atmosphere of elegance that is not theirs at home. And so they protest this and that because of problems it creates within their lives, not because of wishing school were less than excellent for youngsters whom they love.

This low-lying building, geometrical in its design, is a streamlined version of the place they once attended. They got their education in a school that lacked the luxuries of this and got along all right and even learned to read and spell, an art they often think is bypassed by the youngsters of today. So why this needless splurge, they ask, on a place of academic splendor?

Perhaps they do not stop to think that children find it easier to learn in pleasant atmosphere, that light that comes from window-walls and lanky tubes implanted in the ceiling is better for the eyes of boys and girls who live there all day long than limited patch of brightness that is aided meagerly by one or two plain, long-necked bulbs suspended overhead. Dimmer glimmer never was.

And when they speak of things newfangled, perhaps they do not realize that softness of the colors used in bulletin boards and those designed for chalk is soothing to the eyes that view those boards all day.

They look disparagingly at traverse drapes that some schools have and see them all as needless frills. Yet these are so obliging. They do not flap and tear outside an open window or offer pin-point target for a naughty little boy. Some, too,

are made of heavy plastic to shut out light completely so that educational movies can be here instead of there.

These ceilings with their patterning of tiny holes are meant for soundproof purposes. Not that learning is a noisy process, but often lessons take that trend.

And what about that wall with mouth? That PA system for the school is modern magic, for voice comes in where body cannot. Better far than ringing bell and summoning all to general meeting place or having the announcements mimeographed.

And telephones—there seem to be so many, when the only bell they ever knew said ding dong from the schoolhouse top at opening time. But parents like to know that Mary wrote an article with words that somersaulted lightly on the page—that John gave a report that showed surprising research.

And telephones dispel so many question marks; for through the phone we learn why Johnny is not in school that day, if mother is there when Jean is sick and must go home.

They look at magazines, at all the cheery shelves of books. Are all these necessary? Lincoln trudged a long, long way for one and take a look where he went. But Lincoln was not president because of that.

The furniture, too, is often nicer than at home. And as for cooking class with those appliances that plug, won't they make Martha plug along in different sense?

Not necessarily, we say. Perhaps, with taste of higher economic standards this will tend to spur her on, establish goals for life in more attractive wrappings. And she will enjoy facilities here, because for now a part of this is hers, paid for in the taxes of her mother and dad. Landscaping, too, becomes a matter of conjecture. Do we need expensive evergreens in neat arrangements, whole big areas given to flowers? We settle for the merest shrub at home and tend a lonely daffodil.

But these are elements that add to atmosphere of loveliness—a loveliness that is special in combining efforts of us all.

The heavy cruiser, USS Toledo, was the first United States cruiser to fire eight-inch guns in the Korean conflict.

Tawas City Church to Participate in Evangelism Crusade

Lutheran Open House Week November 1-5 will climax an evangelism crusade which represents the greatest preaching-teaching-reaching effort ever undertaken by members of the Lutheran Church—Missouri Synod here and throughout the Michigan district.

Not a membership drive, the crusade is, rather, aimed at strengthening Lutherans in their Christian convictions and training them in every-day evangelism.

The program was begun last spring with organization of a Bay circuit committee and evangelism committees or societies in each of the 13 participating Bay circuit churches extending as far north as Tawas City.

These 13 churches have a membership of more than 16,000 persons. They include Bay City Immanuel and Zion, Amelith St. John, Monitor Trinity, Auburn Grace, Merritt Trinity, Frankenburg, St. Paul, Munger St. James, Essexville Pilgrim, Pinconning St. John, Standish Bethlehem, AuGres St. John and Tawas City Zion.

ORGANIZE AS AUGUSTANA LUTHERAN CHURCHWOMEN Grace Lutheran Ladies Aid met at the church Thursday evening, October 8, with Mrs. Earl Hester, president, in charge. Devotionals were led by Mrs. Charles Nash. Her theme, "Responsibility," was carried out in song, prayer and Scripture lessons.

The ladies voted to organize as the Augustana Lutheran Churchwomen. Three ladies attended the workshop at Salem Lutheran Church, Flint, and gave reports on phases of the Augustana Lutheran Churchwomen's program. Mrs. Lindholm talked on the service division; Miss Alma Johnson, membership, and Mrs. William Stonehouse, education.

The ladies plan to serve at the county federated women's club banquet Tuesday, November 10. The following committee served refreshments: Mrs. Mervin Lixey, Mrs. Clair Nash, Mrs. Fred Kaiser and Mrs. Bruce Dayfield. Table decorations were suggestive of autumn harvest with autumn leaves, white candles and a centerpiece surrounded by fruits and vegetables.

TAWAS CITY WSCS ENJOYS POT-LUCK DINNER

Members of Tawas City Methodist WSCS enjoyed a pot-luck dinner at their regular meeting October 1. The dinner meeting was held at Tawas City Methodist Church with Mrs. William Schaaf and Mrs. Ira Horton serving as hostesses.

Mrs. Charles Anson presided at the business session in the absence of Mrs. George Liske, president. Devotions were given by Mrs. Charles Wilson in the absence of Mrs. Reynold Mick.

ALTAR SOCIETY WOMEN HONORED WITH DINNER

Immaculate Heart of Mary Altar Society women were honored Saturday evening with a family-style dinner at the parish hall. Sponsored by the ushers club as an appreciation dinner for the many kindnesses the women have extended, a most enjoyable evening was had by all.

CHRISTIAN SCIENCE

The healing and redemptive power of the Christ, Truth, will be explained in the lesson-sermon entitled "Doctrine of Atonement" at Christian Science services Sunday.

Matthew's account of the healing of the leper by Christ Jesus (8:2-4) is included in the passages to be read from the King James Version of the Bible.

From "Science and Health with Key to the Scriptures" by Mary Baker Eddy this selection will be read (19:6): "Jesus aided in reconciling man to God by giving man a truer sense of Love, the divine Principle of Jesus' teachings, and this truer sense of Love redeems man from the law of matter, sin and death by the law of Spirit,—the law of divine Love."

Says 1 Million 'Unwanted Drivers' Are on Highways

How many unwanted drivers are there in Michigan? An "unwanted driver" in the current state-wide traffic safety program sponsored by the Michigan Association of Chiefs of Police is a driver who violates state or local traffic laws and thus creates a potential accident situation.

How many such traffic violators are there? Perhaps each Michigan driver can best answer that himself. But the secretary of state's office can provide a conservative estimate. According to the number of traffic convictions (for moving traffic violations) reported to the secretary of state last year, there were about one mil-

lion "unwanted drivers." There are about four million licensed drivers in Michigan, so the traffic violator on a statistical basis is one out of four.

The currently featured type of unwanted driver is the stop sign drifter—the driver who fails to make a complete stop at stop signs or signals, the driver who violates other warning signs and signals and whose violations last year contributed to the death of 108 and the injuries of 987 people in Michigan.

Just how many stop sign drifters there are is unknown. The majority go undetected.

But last spring a spot survey was made in Detroit at seven locations on a typical weekday. It showed that 15 percent or three out of 20 drivers passing through those intersections failed to make a complete stop for the stop sign. The survey covered three types of stop intersections: 1. A major street intersecting with another major street, 2. a minor street intersecting with a major and 3. a minor street intersecting with another minor.

Out of a total of 397 observations made at these locations, 61 of the drivers were considered in violation of the stopping ordinance of Detroit. While the number of violations may seem small, Detroit has more than 9,000 stop signs. At the statistical average of eight violations per sign (according to the spot check figures) that means 72,000 stop sign violations per typical weekday in Detroit. Last year, records of the Detroit Police Department's Accident Prevention Bureau showed that stop sign violations were responsible for 3,818 accidents including five fatalities and 637 injuries.

Detroit has more stop signs than any other city in Michigan but Detroit's drivers are probably better than other Michigan communities—if accident records are any criteria. Detroit last year was judged the nation's safest city in terms of traffic safety with a 2.5 traffic death rate for every 10,000 registered vehicles.

There are many contributing factors which cause traffic accidents. Basically these causes may be classified in terms of the driver, the car and the driver. The driver is the greatest single problem and drivers who violate traffic laws are involved in eight out of 10 fatal accidents.

Michigan has a broad action program of traffic safety activities undertaken by state and local agencies. Engineering, enforcement and education are the keystones of this official action program.

Every Michigan driver can make a sizeable contribution to the cause of traffic safety by supporting the work of such official agencies and local groups.

But the largest contribution every Michigan driver can make is simply to comply with the traffic laws of his community.

LETTERS to the EDITOR

Dear Editor:

Although more than a week has passed since the events of September 26, I find myself still unable to express properly the thanks and appreciation which are due to so many people in the counties of the 23rd Judicial Circuit and outside as well.

To undertake to name them all, even by groups, would not be possible, especially since the work of many of them was done "behind the scenes." To each and all, a sincere "thank you."

Because of the surprise element, I soon after realized that the occasion had presented me with several "golden opportunities" which had not been recognized, and had been allowed to slip by; and I hope that all concerned will appreciate that I had no opportunity to revise or blue-pencil the over-generous compliments of kind friends at the program or in the "special edition" and other papers, many of which gave me credit for accomplishments which were due more to the talents and efforts of others than of mine. This is said only lest my silence might be interpreted as approval of the comments or as vouching for the accuracy of all the events recited therein.

In the words of the verse I attempted to recall at the afternoon program and bungled:

"It's been my joy in life to find at every turning of the road, The strong arms of a comrade kind To help me onward with my load."

May I try to summarize it by repeating: "A friend is somebody who knows all about you—and sticks by you anyway."

It is an occasion for deep gratitude to have the privilege of living and working among those who for more than 50 years now have been so generous in their forbearance and friendship.

Mrs. Dehnke and our children join me in this expression. Sincerely, Herman Dehnke

TC GARDEN CLUB MET AT ROLLIN'S CABIN

The October 6 meeting of Tawas City Garden Club was held at the Rollin cabin in Silver Valley. Mrs. Harry Rollin, hostess, was assisted by Mrs. W. J. McKay of VanEtan Lake, Oscoda. The potluck luncheon at noon was enjoyed by 22 members and one guest.

It was reported by Mrs. Edward Lemke that work groups had completed cleaning at Tawas City Cemetery bowl. Members were urged to plant bulbs now with the spring flower show in mind.

Mrs. George Liske announced that guest night is planned for 8:00 p. m. November 3 at Tawas Area High School library. Mrs. Frank Wilkusi of East Tawas will show color slides of their European trip.

Following the business session, the group was taken on a color tour which included Foote Site, Wilber Road and Jameson's Sanctuary where Lewis Rodman pointed out wild ducks, Canadian geese, swans and other interesting sights. Mrs. Rollin and Mrs. McKay had charge of the tour.

Urges Early Mailing Overseas Parcels for Christmas

The long sea transit frequently involved in the transmission of parcels by surface means, customs inspection and other formalities that parcels may be subject to in the countries of destination require that mailings be made as early as practicable to assure delivery by Christmas Day, according to Postmaster Martin Kasischek of Tawas City.

Surface parcels mailed not later than dates shown below will normally reach their destination before Christmas: South and Central America, November 10; Europe, November 10; Africa, November 1; Near East, November 1; Far East, October 15.

Air service is available to practically all countries of the world. It is recommended to senders that airmail packages be mailed during the early part of December in order to reach the addressee before Christmas, the postmaster pointed out.

Farm Events

By MARVIN DAVENPORT
Iosco Agricultural Agent

Calendar:

Thursday, October 15—Hereford Calf Association Sale, West Branch.

Tuesday, October 27—Lamb pool marketing at West Branch railroad yards, 9:00 a. m.-2:00 p. m.

Wednesday, October 28—Iosco County Farm Bureau Board of Directors meeting.

Only one dairy sire in three transmits higher milk producing potential to his daughters. Records kept in Michigan's Dairy Herd Improvement Associations bear this out. This fact illustrates that any dairyman who wants to check up on how his herd sires are doing should plan to join the Iosco County Dairy Herd Improvement Association. We have both the regular DHIA services and the owner-sampler testing program.

Record keeping year starts in October and dairymen are asked to sign up during that month.

Dairymen who join the DHIA program get complete records on the daughters of every sire used in the herd. These records include actual and mature equivalent 305-day records, average milk and fat production of daughters and lactational herd averages.

DHIA members also get reports from the United States Department of Agriculture showing how well various sires are transmitting higher milk producing potential to their daughters.

For more information about the DHIA program in Iosco County reserve Wednesday, November 4, on the calendar.

On that date at 8:00 p. m., Iosco DHIA and Iosco-Tawas ABA plan a joint meeting. Dr. Clinton Meadows of Michigan State University dairy department will be the speaker. His subject will be "Making Dairying Pay." A door prize of a Holstein heifer calf will be given to some Iosco County dairyman.

Worms

The interesting animals are almost blind. At best, they are able to distinguish between light and dark. Because of this, they have acute hearing and a highly developed power of smell.

There is no easy way to eliminate moles from a lawn. All known methods require time and patience.

Poison-treated peanuts and dehydrated meat have been effective in controlling moles in some areas and it is the simplest technique to use. Handle and use poison baits as recommended by the manufacturer. Baits can be obtained from most hardware dealers and garden supply houses. Trapping is the most reliable way to control moles. Here is what Shick says you need to know to do a good job.

Since not all mole runways are used, find the active ones by following the ridges with your foot.

Then check them in about 12 hours to see which ones are raised. Rebuilt tunnels usually are the main runways.

After locating an active tunnel, lightly press down about 18 inches of the ridge with your foot and set a mole trap astride the leveled portion as suggested by the trap manufacturer.

If the trap is still empty after 24 hours, reset it over another runway. Mole traps are available from most hardware and garden supply dealers.

GI Students Must Certify Attendance Each Month

Michigan's 17,000 veterans in training under the Korean GI Bill can save themselves a lot of trouble and delay if they take time to mark the first of each month on their calendars with the reminder: "GI Certificates Due Soon."

Lloyd H. Jameson, manager of the Veterans Administration Regional Office at Detroit, explained today that this is a monthly certification of class attendance that must be signed by the veteran and by a representative of his school, and sent to the VA promptly after each month of training is completed.

Generally the school will remind the veteran to sign the form shortly after the first of each month; but sometimes the school, itself, needs a reminder, Mr. Jameson said.

Under the law, VA must have a signed certificate before it can send a veteran his monthly GI allowance check. If the certification does not come in, the check can not go out. If the certificate is received late, the check will be late.

Dairy Heifers

Dairy heifers, like humans, can get too fat.

Donald Hillman, a dairy specialist at Michigan State University, warns that too much feed before calving hurts milk production.

Hillman says a heifer does not really need any grain if she is getting top-quality roughage. Otherwise, she should get two to four pounds of grain each day.

Dairy researchers at the University of Tennessee have found that too much fat hinders growth of milk-producing cells in the udder.

Of course, too little feed can be harmful. Hillman says underfed heifers often have trouble at calving time.

Ridges appearing in the lawn or garden are probably the tell-tale tunnels of moles. Charles Shick of Michigan State University's fisheries and wildlife department points out that during spring and fall the moles come up near the surface of the soil.

The time to rid the yard of them is when you can see their runways. You can hardly kill moles in the summer or winter. They are working deep underground and it is impossible to detect their runways.

Moles are meat eaters, feeding on insects, grubs and earth worms.

Tawas Braves Swamped by Houghton Lake Bobcats

Allen Bell, nearly everyone's choice for all-conference honors at halfback in the NEM, ran "wild" Friday night and that was the story of the Tawas-Houghton Lake football game. The Bobcats smothered the Braves, 47-20. Galloping Al racked up six

touchdowns and in 23 rushing plays gained a total of 270 yards, more than what was gained by the entire Tawas backfield. Four of his touchdowns came on long runs—40, 35, 67 and 40 yards—when he knifed his way through the Tawas line at will.

Tawas hopes were high in the first quarter when the Braves and Bobcats battled to a scoreless 0-0 tie. The 1958 conference champions moved into high gear in the second quarter, however, scoring three times to Tawas Area's one TD.

The Braves defense, which held so well during the first period, fell apart at the seams during the second quarter as Bell and his teammates tore big holes in the Tawas line. Tawas Area's offense fared little better, showing good spurts on occasions, but not enough to catch the victory-bound Lakers.

First score of the game came shortly after the start of the second period when Fran Staley, Houghton Lake fullback, found a big hole in the Tawas line and sprinted 30 yards to a touchdown. He ran the ball for the PAT and Houghton Lake held a

7-0 lead. Tawas took the kickoff and moved the ball well in three plays before fumbling to the Lakers. After getting nowhere in two running plays, Bell took a handoff and ran around end to score on a 40-yard play.

The Braves put themselves right back in the ball game when, in 13 plays, Dwayne Ullman cracked over the goal line from three yards out for Tawas' first touchdown. The PAT was good, coming on a run by Ullman.

Shortly before the half ended, Bell raced 35 yards to reach touchdown territory and Houghton Lake held a 27-7 lead at the intermission after Staley ran the conversion.

After homecoming ceremonies during halftime, Houghton Lake fans had much to cheer about as the Bobcats scored again. This one came when Bell slipped behind the Tawas secondary and caught a pass from Quarterback Dean Carrick and the Houghton Lake speedster raced 67 yards to a touchdown. The try for extra point was missed.

Bell struck Tawas with an-

other lightning bolt in the third quarter when, in four plays, he scored his fifth touchdown of the night.

During the last minutes of the third quarter and most of the fourth quarter, Coach Howard Adams ran in his second string offense in an effort to find a combination that would click. Fullback Ken Herriman scored Tawas Area's second TD on a 10-yard sprint. Loy moving the team well in seven plays. The conversion failed.

After a Tawas touchdown was called back because of a holding penalty, Herriman scored his second TD of the night on a six-yard gallop. A pass from Quarterback Loy to End John Sass was good for the PAT.

Bell finished out his sensational evening shortly before the game ended by going 40 yards for his sixth touchdown. The try for extra point was missed.

This Friday night, the Braves will meet the Oscoda Owls under the lights at the Tawas Area Athletic Field. A non-conference game, the Braves will be looking for their first win against Oscoda.

By EARL HAIGHT

Gladwin and Roscommon moved into a tie for the top in the Northeastern Michigan Conference with victories last Friday night over Pinconning and Arenac Central, respectively. The Flying Gs disposed of the Spartans with a convincing 34-7 win while the Bucks were edging the unbeaten Panthers, 13-12. Houghton Lake stayed on the victory trail by smashing Tawas Area, 45-20, while West Branch evened its season's standings with a 20-6 nod over Beaverton and Arenac Eastern lost to Whittemore-Prescott in a non-league affair, 14-6.

This Friday night Roscommon plays at Gladwin, Houghton Lake travels to Standish to tangle with Arenac Central, Beaverton hosts Pinconning, West Branch is at Arenac Eastern and Whittemore-Prescott plays Alcona.

Gladwin pushed over two touchdowns in the first period and held a 14-0 first quarter lead on Guard Larry Hall's two conversion boots. Center Rex Eastlick scored the first TD when he scooped up a blocked punt and went 20 yards to pay dirt. Halfback Doug Redman picked up the second on a burst of 18 yards on a quick opener.

Pinconning narrowed the gap in the second quarter when Halfback Dick Marter went 40 yards to the end zone after picking up a Gladwin fumble. Quarterback Mike Flynn tossed to End Darrel Arnold for the extra point to put the losers on the short end of a 14-7 halftime score.

The winners moved out of range in the third quarter when Halfback Don Hale went 11 yards off tackle and Hall booted his third of four conversions. Fullback Ron Pratt drove off tackle for two yards in the last period and Hale passed to Redman for 25 yards and the fifth TD. Hall added his fourth conver-

sion to give him nine for the year.

Roscommon dropped Arenac Central from the ranks of the unbeaten with a good defensive showing in the second half after leading 13-6 at the intermission. Quarterback Gunnard Johnson scored the opening counter in the first period, rolling out around left end and going 30 yards behind good blocking. When the PAT failed, the Bucks held a 6-0 first quarter nod.

Both elevens counted in the second frame. A fine return of a kickoff at the end of the initial quarter by Halfback Doug Dudley, put the ball deep in Roscommon's territory for the start of the second period. When the winners held on the 20, Quarterback Dick Hribec passed to Dudley for the six points. A blocked kick left the score at 6-6. The Bucks came right back on the following kickoff, working the ball to the one, where Fullback Barry Hubbard crashed through guard to score. Johnson tossed to End Jerry Hulec for what proved to be the winning point and a 13-6 halftime bulge.

After a scoreless third quarter, the Panthers gained control of the oval at the start of the final frame when Halfback Roger La-Clair recovered a Roscommon fumble on the winners' 43. With

Dudley doing most of the ball carrying, the losers smashed to the one where the all-conference back crashed over. The try for extra point, on a run, failed. Central had one more chance but incomplete passes gave the ball to the bucks as the game ended.

West Branch and Beaverton traded touchdowns in the first half with the Orioles taking the tilt with single counters in the third and last periods. The winners took first blood in the opening stanza with Halfback Ron Keith going off tackle for 11 yards to the end zone. The conversion attempt failed and the Branchers held a 6-0 first quarter nod.

Beaverton knotted the count in the second quarter when Halfback Larry Newman drove off tackle for 18 yards and the touchdown. The PAT try failed with a 6-6 intermission score.

The Orioles' speedster, Halfback Bill Copeland, put his eleven ahead in the third quarter on a 40-yard sprint through the middle and followed up with the conversion try to give the winners a 13-6 third-quarter bulge. Keith led the score in the final period with a six-yard dive play and Quarterback George Pappas booted the extra point, for the final 20-6 score.

Lakers' JV End Winning String of Jr. Braves

After going 19 games without tasting defeat, the Tawas Area Junior Braves saw their victory string end Thursday night when Houghton Lake junior varsity eked out a 13-12 victory.

It was definitely not Tawas Area's night as the Junior Braves failed to come with good blocking and tackling. Tawas was also hard-pressed to find an end who could catch a pass, as Lewis Werth moved up to the varsity.

Houghton Lake scored first in the game and was never headed the rest of the way. Taking the opening kickoff, the Lakers moved downfield and Westcott scored the first touchdown. A pass from Westcott to Gilbert was good for the PAT.

After Tawas fumbled the ball and Houghton Lake could not move and was forced to punt, Tawas Area scored its first TD when Zaharias went around end to reach the goal line. The conversion attempt by Mercer failed.

Shortly before the half ended, Kemper went 25 yards for the second Houghton Lake touchdown. The try for extra point failed. The second half settled down to a defense battle between the two teams. Tawas scored its second touchdown when, in seven plays, Zaharias went over for the TD. The try for extra point failed and Houghton Lake won the game by one point.

The age of ice can be determined by navy radar. "Young" ice is slick; "old" ice is bumpy after being tossed about by weather.

In a non-league affair, Whittemore-Prescott kept the Eagles of Arenac Eastern on the winless list by scoring in the second and third periods while holding their opponents to a single counter in the last quarter.

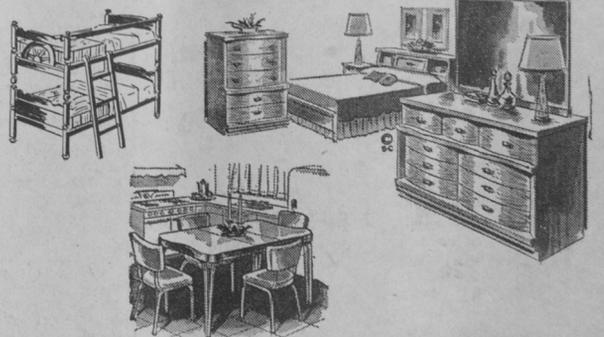

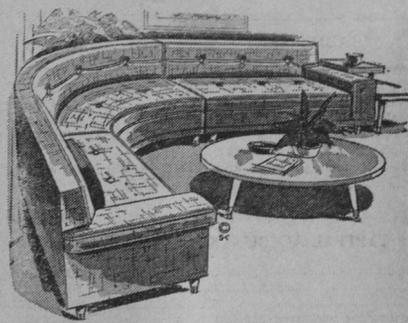

Fullback Russ Redmond went 30 yards on an option play for the counter in the second quarter and Quarterback Mike Soper kicked the extra point. Soper sneaked for the second score and repeated his earlier kick for the conversion. Quarterback Jerry Humerichouse passed to End Dave Suminski for the Eagle's touchdown in the final frame.

Speak Marriage Vows at Grace Lutheran Church

A beautiful church wedding was solemnized Saturday evening, October 10, at Grace Lutheran Church, East Tawas, when Miss Gail Maxine Schran of East Tawas became the bride of A-2c Floyd LeRoy Flint Jr. of Wurtsmith Air Force Base, Oscoda.

The 7:30 o'clock double ring ceremony was performed by the Rev. William C. Lindholm before an altar decorated with bouquets of white chrysanthemums and yellow Shasta daisies. Mrs. Charles Nash was organist and Mrs. Dan Cater, soloist.

The bride, who is the daughter of Harry H. Schran of Pittsburgh, Pennsylvania, and the late Ethel Schran, has been making her home with her sister, Mrs. Joanne James of East Tawas. The bridegroom's parents are Mr. and Mrs. Floyd L. Flint Sr. of Chippewa Falls, Wisconsin.

Given in marriage by her father, the bride wore a ballerina length gown of white silk organza over taffeta with a white satin cummerbund. Her shoulder length veil of silk illusion was held by a crown of white lace and seed pearls. She carried a bridal bouquet of white roses and chrysanthemums with white satin streamers.

The bride's sister, Mrs. James, was matron of honor. Her gown was of shrimp nylon over taffeta and net with a satin cummerbund. Her headpiece was of satin and lace and she carried a bouquet of yellow roses and white chrysanthemums.

Georganne James of East Tawas, niece of the bride, was flower girl. She wore a white nylon dress and floral headpiece, carrying a basket of yellow roses and white chrysanthemums. The bride's nephew, Mark James, also of East Tawas, was ring bearer.

Best man was A-2c Jack McNutt of Wurtsmith Air Force Base.

A reception was held at the church following the ceremony. The bride's table was centered with a tiered wedding cake topped with a miniature airman and bride. Decorations were white flowers and white wedding bells.

Out-of-town guests were present from Pittsburgh, Pennsylvania; Dayton, Ohio; Detroit, and Oscoda.

After a short wedding trip to Detroit, the couple will reside at 602 West Bay Street, East Tawas.

Announce Marriage

The September 5 marriage of Miss Christina Rose Norris and Marvin E. Thompson is announced by her parents, Mr. and Mrs. Carl Norris of Melvor. Mr. Thompson is the son of Mrs. John Culi of Wilber Township. They were married in a double ring ceremony, performed by the Rev. William C. Lindholm, at Grace Lutheran Church, East Tawas.

Attending the couple were Miss Permelia Norris of Melvor, sister of the bride, and Frank Pinage of Wilber Township, the bridegroom's brother-in-law. A reception was held at the home of Mr. and Mrs. Fred Thompson of Wilber Township following the ceremony.

The couple reside at 327 West Grand Avenue, Beloit, Wisconsin.

Mrs. John J. Proctor went to Vassar Thursday and accompanied the president of the Vassar Women's Club, Mrs. Elmer Haines, and Mrs. Frank Rubisch to the convention of the MSFWC held at Romeo.

Married October 3 at Immaculate Heart of Mary Church, Tawas City, were Miss Louella M. Goedecke of Tawas City and A-2c Charles R. Clemens of Wurtsmith Air Force Base, Oscoda. Parents of the couple are Mr. and Mrs. Harold Goedecke of Tawas City and Mr. and Mrs. George Clemens of Milton, Pennsylvania.—Tawas Herald Photo.

PLAN DECEMBER 26 WEDDING

Planning a December 26 wedding are Miss Ernestine Ann Bischoff of Essexville and John David Rollin of Harvey, Illinois, whose engagement was recently announced by her parents, Mr. and Mrs. Paul Bischoff, also of Essexville. Mr. Rollin is the son of Mr. and Mrs. Russell Rollin of Tawas City.

A graduate of Bay City Junior College and Central Michigan University, Miss Bischoff is affiliated with Kappa Delta Pi. Mr. Rollin graduated from University of Michigan where he was a member of Trigon Fraternity.

Thank You Friends

We were out of town last week when our home caught fire . . . and from the results it is evident that we couldn't have done a better job of moving furniture, etc., than our wonderful neighbors and the Volunteer Fire Department accomplished. Thank you for concern and help in our time of great need.

HONORED WITH FAREWELL PARTY

A farewell party for the Rev. James Duthie and family was given Monday evening at the Whittemore Baptist Church. Mr. Duthie has been pastor of the Hale and Whittemore churches the past two years. He resigned here effective November 1. A large group attended to wish the Duthies the very best in their new pastorate.

Present from Hale were Mr. and Mrs. Daniel Emory, Mr. and Mrs. Richard Garver, Mr. and Mrs. Glenwood Streeter, Mrs. Doris Thayer, Mrs. Mildred Humphrey, Mr. and Mrs. Glen Shedden and Mr. and Mrs. Emil Wagner.

Lunch was served and a gift

of money presented to the family.

HALE AREA SCHOOL HOLDS CARNIVAL NIGHT

Last Friday evening was carnival night at Hale Area School and a large number attended. Each of the grades had some form of entertainment or something to sell. The kindergarten pupils sold toys which had been donated. Some of the classes sold candy and one of the rooms had clown acts. The Wells Fargo stage coach, drawn by two donkeys, was quite an attraction and drew a lot of customers.

The teachers and pupils were satisfied with the results.

The Rev. and Mrs. James Duthie and Joan were at Fowlerville Sunday where Mr. Duthie preached at the Baptist Church. Mrs. Blanche Wagner and Mrs. Fern Streeter called on friends at Turner and Whittemore last Friday.

Mrs. Mary Graves, who has been on the sick list, is much improved.

Baptist Sunday School members went to High Rollways last Saturday for an outing, then came back to the church for supper.

Mr. and Mrs. Eugene VanWormer and children of Flint were recent visitors at the home of Mrs. VanWormer's parents, the Stanley Hudzinski, and other relatives. With Mr. and Mrs. Alvin Reimer, the Henry Atwell family and Mrs. Faye Dillon and baby of Whittemore, they attended a birthday party at the home of Mrs. Pearl Huber.

Mr. and Mrs. Hugh Slosser were Thursday evening supper guests of the William O'Mearas at Curtisville and enjoyed seeing color movies they had taken when in Arizona.

Mr. and Mrs. Ralph Graves entertained the Rev. and Mrs. Earl Redmond of Curtisville last Sunday. Mr. Redmond filled the pulpit at the Baptist Church here.

Mrs. Ila Birch, who spent the summer at Oscoda, returned to her home, the former Roy Redmond home.

1959 Farm Census Questionnaires Are Now in Mail

Questionnaires for the 1959 census of agriculture are now in the mail and will be in the hands of local farmers within a few days, it was announced today by Field Director John E. Tharaldson of the census bureau's regional office at Detroit.

The farm census questionnaires are being mailed from Chicago, Illinois, with the distribution timed so that the report forms reach farmers about a week ahead of the date when census takers will begin the field canvass. The advance mailing is for the purpose of giving farm operators time to consult records before filling in the answers required by the questionnaires and getting them ready for the census takers to pick up. This procedure is designed to insure greater accuracy of reporting and to save time both for the farmer and the census taker when the latter calls at the farm.

The 1959 census of agriculture questionnaire is designed to provide information on the number and size of farms, acreage and harvest of crops, livestock production and inventories, selected farm facilities and equipment, selected farm expenditures, farm values and mortgage debt. On the average, each farmer is asked about 100 questions, many of which can be answered by simply checking "yes" or "no."

Outdoors WITH EMERY

Bill Wickert, Ron and Gordon Hackborn, Harold Hammond, Don Cabbie and Norman "Butch" Loy, all local sportsmen, took a week-end off and headed for Millersburg to start off the small game and archery deer seasons. The fellows didn't bring back a deer but saw many deer including four bucks.

Had a little spare time over the week-end and went out with two local bow hunters into Alabaster Township hunting the white tail deer.

We picked out several blinds near an orchard and waited for the appearance of the feeding deer. The weather was a little rough being very windy and sleeting throughout the afternoon.

About an hour went by when we looked up to see a doe moving into the middle of the orchard, before this doe started to feed on fallen apples on the ground another doe and a real small fawn, still partially spotted, moved into the orchard from another direction. The deer were real cautious and jumpy with the high winds and they would not feed close enough to the blind to get a shot.

Within two hours in the blind, we saw a total of five deer move into the old orchard and on the way back to the car, which was parked about a quarter of a mile away, we jumped five more deer.

One of the five deer had a small set of horns pretty heavy with velvet and still to be rubbed off on a small sapling before the fall mating season gets under way.

Duck hunting has been a little better in the Tawas Lake area this year with many of the local hunters getting the limit of four ducks a day.

The wild turkeys released in the Allegan State Forest area really increased this summer with a jump to 547, the biggest increase since the original plantings. The winter population was about 248 and the turkeys are also extending their range slightly into VanBuren County. Not only do the turkeys have to fight Michigan's cold weather, they also have to combat with automobiles and the never ending poachers.

It will most likely be many years to come yet before there will be an open season to hunt turkeys because of the small total of birds and large amount of hunters that would like to shoot a "gobbler."

Mercury for 1960 is both distinctive and functionally clean in design. The car's soft, smooth ride is the result of the blending of body, frame, suspension, engine and transmission into a completely road-tuned car. Two-barrel carburetors increase economy of the low-friction V-8 engines. Two of the engines offer added economy by using regular gasoline. Mercury's spacious interiors with lowered transmission and driveshaft tunnel afford comfort for six passengers. Thirteen models in four series, all on 126-inch wheelbase, are available. Pictured is the Montclair four-door cruiser (hardtop).

Leslies Show 1960 Mercury

A completely road-tuned car, distinctively styled and functionally clean in design is offered by Mercury in its 13 new models for 1960. Body, frame, suspension engine and transmission are precisely blended to provide a new standard in riding comfort. The new models will go on display Thursday, October 15, at Orville Leslie and Sons, Tawas City.

Many important design changes were made in Mercury's three V-8 engines to improve both economy and performance and give greater reliability and smoother, quieter operation. All engines have two-barrel carburetors which save fuel and two of the engines are designed for maximum performance with regular gasoline.

All models of the 1960 Mercury have a wheelbase of 126 inches, permitting a greater length between wheels, with a

resultant improvement in occupant comfort. Continuing a feature introduced to the industry by Mercury last year, the 1960 models have a low transmission and driveshaft tunnel.

"Mercury engineers have succeeded in completely insulating the body of the car from the running gear, resulting in an exceptionally smooth ride," said Ben D. Mills, vice president of Ford Motor Company and general manager of the M-E-L Division. "Driver and passengers are protected from noise, vibration and harshness by rubber, butyl and other effective insulating materials at every point where the body is attached to the frame or to other chassis components."

"In addition, every individual moving part is engineered to make Mercury the quietest car in its field," Mr. Mills said. Mercury's exterior styling is completely new and is character-

ized by softer lines in its new hood, fenders, quarter panels, rear deck and doors.

The broad front bumper serves as a foundation for the air-gathering grille with bright concave vertical bars. The body side molding includes the door handle as a contained part. At the rear, the lines of the deck fall off fast to meet the downward sweep of the upper surface of the quarter panel. The low tail lights are canted slightly outward.

The upper body features a big, full vision windshield. Hardtop "cruiser" models have a sloping roof and sedan models have a flat, crisp roof with rear overhang.

ROBERT SHORTT

Robert Shortt of Reno Township died Saturday at Samaritan Hospital, Bay City.

Born in Canada, he came to the United States with his parents in 1885. He married Miss Phoebe Charles in 1907 at Tawas City.

Surviving are his wife; two step-daughters, Florence Everitts at home and Mrs. Marian Harness of Bay City, and a son, Charles Shortt of Hale; 11 grandchildren, and nine great grandchildren.

Services were held Tuesday afternoon at the Logan Free Methodist Church. The Rev. Herbert Marsh officiated. Burial was in Reno Cemetery.

DOBIE'S TOY & HOBBY SHOP LAY-AYAW PREVIEW for CHRISTMAS GIVING

"The instinct of most little girls to play 'grown-up' is catered to more than ever in the pack of toys that herald the approach of Santa," Mrs. Arthur Dobie of Dobie's Toy and Hobby Shop announced today.

Fashion consciousness seems to be instinctive with little sister, judging from the yuletide crop of dolls. Completely clothed with extra outfits available, these dolls reflect the newest Paris trends in silhouettes and accessories. Empire gowns are, of course, the favored style.

A note of nostalgia is achieved with the popular re-emergence of the Shirley Temple dolls, which was also one of mom's favorites.

"The doll mother of 1959 will find that good grooming gets special attention with kits designed to provide top-to-toe care for her charges," reports Mrs. Dobie, who recently returned from a Christmas buying trip.

This basic training in personal care is equalled only by the head-start she received in the profession of baby-sitting, provided by a kit containing pinless diapers, colic-proof nipples, a draft-proof doll carriage and a miniature bath-master.

"All in all, it seems to be just a few steps from 'play-pretend' to 'for-real' with toys acting as her introduction into an adult world," said Mrs. Dobie, who extends an invitation to everyone to visit her shop. Inquire about her easy Christmas lay-away plan.

ANNOUNCING: THE 1960 MERCURY WITH IMPORTANT PRICE REDUCTIONS

Prices importantly reduced on all Mercury models! Popular Monterey* now \$136⁵⁰ lower. Now you can own a new Mercury for a very few cents a day more than a car with a low-price name.

* Comparison based on manufacturer's suggested delivered price for a Monterey 2-door sedan, 1960 v. 1959. Includes Federal excise tax and suggested dealer preparation and handling charges.

You'll be glad you bought a Mercury every time . . .

Why pay a medium-range price for a car with a low-price name? For this year, Mercury is in a new lower-price range. You'll be glad you didn't settle for less . . .

. . . every time you look at its Sleek-Line styling.

Every line is clean, trim. All excess metal has been pared away, shaped smooth. There's no unnecessary bulk. Just elegant simplicity.

. . . every time you feel its exclusive Road-Tuned ride.

Mercury's Road-Tuned wheels (see left) take bounce out of bumps. This ability of each wheel to "roll with the punch" is one of the most important ride advances in years . . . another reason why you'll be glad you bought Mercury . . .
