

"STORM" AND ATTORNEY MCCREADY

Two Local Pooches are 'Legal Beagles'

This is a story about two local dogs—Storm and Frosty—who made good. Although they may be better known as leader dogs, these two German shepherds are real "legal beagles," if you will pardon the expression.

Storm "graduated" from the University of Michigan law school in February 1958 along with his master, William McCready, blind Tawas City attorney. Frosty and his master, Paul Teranes of Birmingham, are in their second year at the U of M law school.

The lives of the two canine subjects of this story have been along similar paths. Both spent their puppy days in the Tawas; both graduated with honors from the Leader Dog School at Rochester. The unique feature is that the paths of both led the dogs and their masters to the law school on the University of Michigan campus at Ann Arbor.

Storm was once owned by Richard Wood of East Tawas. After Wood moved to Detroit, he contributed the dog to the Leader Dog School at Rochester. Although more than 30 percent of the dogs "wash out" before completing this rigorous training, Storm graduated near the top of his class. In August 1956, Storm made the acquaintance of his new master and they have since been inseparable.

Frosty was purchased when only a few weeks old by Jack Bronson, formerly of Tawas City. When Bronson left this area to re-enlist in the army, he turned Frosty over to a friend. Later, the dog was contributed to the Leader Dog School and Teranes and Frosty completed their training in August of 1958.

McCready and Teranes have never met, although Teranes said in a recent letter, "I felt that I almost knew you and Storm. Everyone on the third floor of Hutchins Hall told me about Bill McCready and his dog, Storm, and how Frosty looked very much like Storm."

Teranes said that Frosty is a good working dog who "thinks he knows every place I wish to go in Ann Arbor and considers

"FROSTY" AND MR. TERANES

himself one of the better known and liked people in the law school. He is in an envious position in that he can sleep through all the classes and still never worry when exam time rolls around."

Today, Storm is a familiar figure in Isoco and Arenac County courtrooms. McCready, who was sworn into the state bar last March, has established his practice in Tawas City and makes his home here with his wife, Rachel, and daughter, Linda Beth.

Storm, like Frosty at Ann Arbor, considers himself to be one of the better known and liked persons in Tawas. But, like all leader dogs, he sticks to his "profession" when guiding McCready along the streets of Tawas City.

There is no doubt about it—here are two hard-working pooches who made good—Storm and Frosty.

Tawas City Children to Trick-or-Treat for UNICEF

Tawas City children will participate in the United Nations International Children's Emergency Fund Halloween program October 31.

Sponsored locally by the Tawas City Businessmen's Association and Twentieth Century Club, the UNICEF program will be carried out at the same time in some 10,000 other communities. Last year, more than two million American youngsters participated in the biggest project ever carried out by children to help children.

Junior citizens of Tawas City participating in this program will leave churches to take part in the UNICEF collections starting at 6:30 p. m. Children will return to their churches at 7:30 o'clock where costume contests will be conducted to select first and second winners.

A party will be held at the Tawas City unit gymnasium starting at 7:45 o'clock. Costume prizes will be awarded and movies will be shown. After the movie all participants will be given treats and dismissed.

During the time the program is in progress at the gymnasium, it will be possible for the various church groups to count results of the drive and compile it for a combined report of the amount collected.

Mrs. Walter Wiedbrauk is chairman of the drive.

DOBIE'S CELEBRATING FIRST ANNIVERSARY WITH SALE

Dobie's Toy and Hobby Shop in Tawas City is celebrating its first anniversary here with a pre-Christmas sale starting Wednesday through Saturday.

First three winners in the weekly drawings were Mrs. James Roach, Tawas City; Mrs. Delores Nye, East Tawas, and Mrs. Harold Katterman, Tawas City.

STATE POLICE INVESTIGATE THEFT OF TOYS FROM CAR

Michigan State Police are investigating the theft of \$168 worth of toys which were taken from a salesman's car parked in front of the Holland Hotel last Thursday. Cecil G. Harder of Lansing told police that he forgot to lock the rear window of his station wagon when he parked there for the night.

CEDERBERG WAS SPEAKER

Cong. Elford Cederberg was the principal speaker at last week's luncheon of the Tawas Kiwanis Club. He related interesting facts about his recent flight to Moscow and his sight-seeing trip through the city. Of particular interest was his description of the three million dollar American exposition and his comparisons of economic, religious, science and social welfare.

Final Decision Expected Later--

Supreme Court Hears Oral Arguments in Gypsum Case

Written statements are to be accepted by the Michigan Supreme Court next Monday, although it is believed in most quarters that the high court will not hand down its decision on the National Gypsum Company dock dispute until December or early in January.

Last Thursday, the supreme court went into an overtime session to hear oral arguments on the 613 pages of briefs of efforts by property owners and the state to have National Gypsum Company remove its seven million dollar dock south of Tawas City. After the 10-day waiting period, during which time attorneys for both sides will file briefs on

information not covered in their previous briefs, the high court will rule on the decree handed down by Isoco Circuit Judge Herman Dehnke on April 8, 1958, which allowed construction of the dock.

One of the principal points brought out during the hearing was the fact that the supreme court was interested in the legal, not economic factors involved in the case.

This means that it will decide on whether or not to overrule Judge Dehnke's opinion that the company, as a littoral owner, had a natural and inherent right to wharf and dredge out to navigable water.

In his opinion handed down in Isoco County Circuit Court, Judge Dehnke said that inasmuch as the state had chosen not to adopt any statutory requirements for approval or authorization, the same was not necessary. He said that the company had complied with the only regulations at that time—those of the federal government. He also said, in April of 1958, that by passage of Act 176, PA 1957, state approval was given.

Later in the summer of 1958, Judge Dehnke denied a request from the state and property owners for an injunction which would have halted construction if signed. The request for an injunction was based on an amendment to the old law, passed six days after the judge's April 1958 decree, which gave the state conservation department control of submerged lake bottom lands.

At this hearing, the court said that "there appeared to be substantial doubts as to the validity

of the 1958 act with respect to the impairment of recognized littoral rights and the authority of the federal government in the field of interstate commerce." In August 1958, the conservation department issued a permit "without prejudice" allowing completion of the project, but stated it would appeal to the high court. In Thursday's hearing before the supreme court, Nicholas V. Olds, assistant attorney general, claimed no person had the right to put a dock or other structure on Great Lakes bottom lands without approval from the state. Bay City Attorney James K. Brooker is representing property owners adjacent to the dock who claim that the dock is a nuisance, that it has caused beach erosion and has lowered property values.

Sgt. Roti Testifies in Knight's Examination

State Police Sgt. Frank Roti, commander of the East Tawas post, was one of numerous witnesses who testified last week in the justice court examination of Alvin W. Knight, accused slayer of State Trooper Albert W. Souden. The examination is being held at Brighton, where Souden disappeared September 3.

Sergeant Roti and other local officers arrested Knight at a secluded cabin at Cedar Lake, near Oscoda, September 4, a few hours after a massive search was started for Souden. From here, Knight was taken to Lansing for questioning.

Braves to Honor Dads

Tawas Area Braves will meet the Arenac Central Panthers under the lights at Tawas Area athletic field this Friday night. During halftime, the Braves will honor fathers of varsity players. The program will be conducted along the lines of the one held last year with the boys and their fathers being introduced to the crowd.

Valley Operated in 'Black' in 1958, but Loan Not Repaid

A financial report given by Treasurer L. G. McKay Jr. indicated that the Silver Valley Committee operated last season in the "black" but was unable to repay any part of the loan held over for past repairs and improvements.

At last Wednesday night's meeting of the Tawas Chamber of Commerce, representatives of the Silver Valley Committee agreed to try to find a general chairman from among the active members of that organization of last year.

After discussing the use permit as written up by the United States Forest Service, a committee was appointed by President Walter Champion to work with the local forestry office on the agreement. John Pinter was appointed chairman of this committee, with McKay, George Baldwin and Osman Ostrander as members.

It was announced that the Isoco County Board of Supervisors had appropriated \$300 for Silver Valley. This covers the East Michigan Winter Sports Council assessment.

In other business of the chamber of commerce, the board approved the past due payment of dues to the US-23 Boosters Association. Mr. Ostrander, who is president of that group, announced that the next meeting will be held in the Tawas. A dinner is scheduled for Thursday, October 29, 7:00 p. m., at O'sie's Restaurant, East Tawas. Anyone interested in the development of promoting US-23 is welcome to attend.

NO SCHOOL MONDAY

Isoco County schools will be closed Monday, October 26. This is the date for the fall teacher's institute at Midland.

Supervisors Give Park Operator Full Time Status

Isoco County Board of Supervisors closed its statutory October session Friday after meeting five days last week. Principal business of the session was adoption of the 1960 county budget and spreading millage on the tax rolls, as reported last week.

In business Friday, the board changed the salary of Howard Becker, operator and custodian of Old Orchard Park, from a six-month basis to a year around basis.

Becker, who operates the store and takes care of trailers parked there, had been receiving \$150 a month from May to October. Because of the increased activity there, he will receive \$150 a month until next May and \$110 a month after that time.

Supervisor Frank Wilkusi of the board's committee on Old Orchard Park stated that the park has been self-sustaining since its operation was taken over from Consumers Power Company on a 10-year lease basis.

Last year, the park's take was \$7,000, with expenses considerably lower than that figure.

Wilkusi recommended, and the board approved, construction of a 10 by 24 addition to the living quarters at the park. Cost of

this will be \$1,400, to be paid out of park receipts. About \$12,000 worth of improvements have been made at the park out of its receipts since the county took over operation.

Requests for establishments of lake levels and establishment of drainage districts in the county were tabled until the next session.

Tawas Teachers Name Committees for 1959

Several committees were named by the Tawas Area Teacher's Club at its regular meeting held Thursday in the school library.

Committees and chairmen named were as follows: Professional problems committee, Robert Reaser, chairman; curriculum committee, John Alexander, high school coordinator; teacher's handbook committee, Thomas Pinkowski, chairman; salary committee, Bill McIntosh, chairman; publicity committee, Mrs. Ruth Hess, coordinator.

Yet to be named are an elementary coordinator for the curriculum committee and a social committee chairman.

THIS WAS THE SCENE last week as Williams Brothers Asphalt Paving Company of Ionia was speeding work on surfacing M-55 east of the M-65 intersection. The firm has until the first week in November to complete this stretch of paving. State highway department regulations do not permit construction after that time. Work is progressing rapidly and the contractor believes the job will be completed by that time.—Tawas Herald Photo.

Escaped Injury Tuesday When Gas Fumes Ignited

Two Tawas City women escaped serious injury Tuesday morning when gasoline, which one was using for cleaning purposes, exploded and caught fire in a laundry room at the Tawas River Trailer Park.

Mrs. Herbert Treusdell told Tawas City firemen that she was using gasoline from a five-gallon can to clean her husband's work overalls. He is employed by the Williams Brothers Asphalt Paving Company which is black-topping M-55.

Fumes in the closed room exploded, singeing Mrs. Treusdell's hair and setting her clothes afire. Mrs. H. L. Springsteen, who was putting her washing in a dryer, was burned slightly. She was to go to Tawas Hospital for first aid.

Firemen said that the gasoline fumes apparently built up to a point where the oil heater caused the explosion. The space heater was knocked down and hot air ducts were blown from the ceiling.

No damage was done to the building. The clothes being cleaned were destroyed.

Bargaining Session Held Monday; to Meet Again

Latest development in the 78-day-old Anderson Coach Company strike came Monday in a bargaining session between management and union at the Isoco County Building. State and federal mediators attended the meeting.

A proposal by the union dropped its demand for an across-the-board pay increase of 30 cents per hour to 25 cents per hour. A second proposal by the union was for a two-year contract calling for a 20-cent-an-hour increase the first year and 15 cents the second year.

The proposals are to be studied by the company and another negotiating session has been set for next Tuesday.

Representing the company at the bargaining table were James Guest, president of the coach company, and Herbert Hertzler, the company's legal counsel. Representing the union local were President William Scott, Harry Pulver, Fred Wright, Edward Seifert and Floyd Harten.

TV Bowling Eliminations to Be Held Here

Bowling eliminations are now being held to determine two out-state winners who will appear on Fred Wolf's "Bowling Champions" live television program on December 5. The program is sponsored by the Pfeiffer Brewing Company and the Bowling Proprietors of Michigan.

The Tawas City Recreation will hold eliminations Saturday, October 31, to determine the winner from this establishment to bowl in the eastern finals at Flint November 14-15.

James and Mary Hilbert, owners of the bowling establishment, said this week that this event is open to bowlers who compete only in this BPAA member house. Additional information may be obtained at the Tawas City Recreation.

This show may be viewed December 5 on Channel 5, Bay City.

Rockets in Hands of Kids Were Loaded

Two of 11 air force rockets being used by Alpena children for playthings were found to be armed and dangerous, it was reported Saturday. Technicians from Wurtsmith Air Force Base picked up the 2.75-inch rockets after they were rounded up by city police Friday.

Police traced the rockets to a family whose children had obtained them from commercial fishermen at Oscoda while on a visit a week ago Sunday. The fishermen had brought up the rockets in their nets.

When they returned to Alpena, the children apparently traded the "Mighty Mouse" rockets to playmates for other objects. One of the children had one of the rockets almost saved in half when police recovered it. It was reported that this rocket was one of the nine that were expended when fired by Wurtsmith-based jets into the Lake Huron target range.

Tawas City to Study Alpena's Smoke Law

Regulation of smoke nuisances through ordinance was the principal discussion at Monday night's meeting of the Tawas City Council.

For the past year, the council has been examining ordinances from other Michigan cities used to regulate air pollution. Much of the discussion Monday night centered around a "sample" ordinance being used at Alpena.

At the request of the council, Supt. Reginald Bublitz is to make a trip to Alpena to determine if this ordinance is being enforced and to learn the methods used in enforcement.

Building applications approved during the past week were as follows: Charles Clark, new home in Huron Gardens Subdivision, estimated cost \$11,000; Inez Birkenbach, 312 First Street, enclosure porch, \$75.

Library Service to be TCBM Luncheon Topic

Clarence Oates, president of Tawas City Businessmen's Association, extends an invitation to Tawas City businessmen and women interested in bettering their own business to attend the weekly luncheon Thursday, October 29. Miss Leonora Hass, director of Isoco-Arenac Regional Library, will be guest speaker. Her topic will cover library services and material of value to business people.

The association meets each Thursday noon for a luncheon meeting at Vic and Zel's Restaurant, Tawas City.

Serge Thomsson is New President of Kiwanis

Serge Thomsson of Hale was elected as president of the Tawas Kiwanis Club at the Tuesday noon luncheon. He will succeed Russell A. Rollin, whose term as president expires December 31.

Named to serve with President Thomsson were Walter Champion, first vice president; Ernest Jordan, second vice president; A. J. Severn, treasurer. Directors elected were Maynard VanOrnum, Cecil Lamb and John Hosbach.

Annual C of C Banquet Attended by 97 Persons

Some 97 persons attended the annual banquet and meeting of the Tawas Chamber of Commerce last Saturday night. Toastmaster for the affair, held at the Holland Hotel, was President Walter Champion.

Guests introduced during the night included representatives of Wurtsmith Air Force Base. Air force officers explained expansion at the base, saying that the growth there would have a tremendous impact on this community's economy.

Clem Bement, managing secretary of the Mt. Pleasant Chamber of Commerce, remarked on the growth of Isoco County. He quoted figures from a recent survey which revealed that Isoco was the second fastest growing county in the state—second only to Wayne.

Members of the board of directors were introduced. President Champion told the group of plans for the coming year. He said that the organization had added more than 40 new members over the membership list of last year.

Desertion and B&E Charge Face Airmen

Air police of Wurtsmith Air Force Base, Oscoda, Tuesday returned Gregory Kaminski, 22, to Isoco County to face military desertion charges and a breaking and entering charge at Oscoda. He was picked up in Memphis, Tennessee.

Isoco County Sheriff Ivan O'Farrell said Kaminski and Thomas Ferris, 18, also of Wurtsmith, would be charged in the burglaries of three Oscoda businesses.

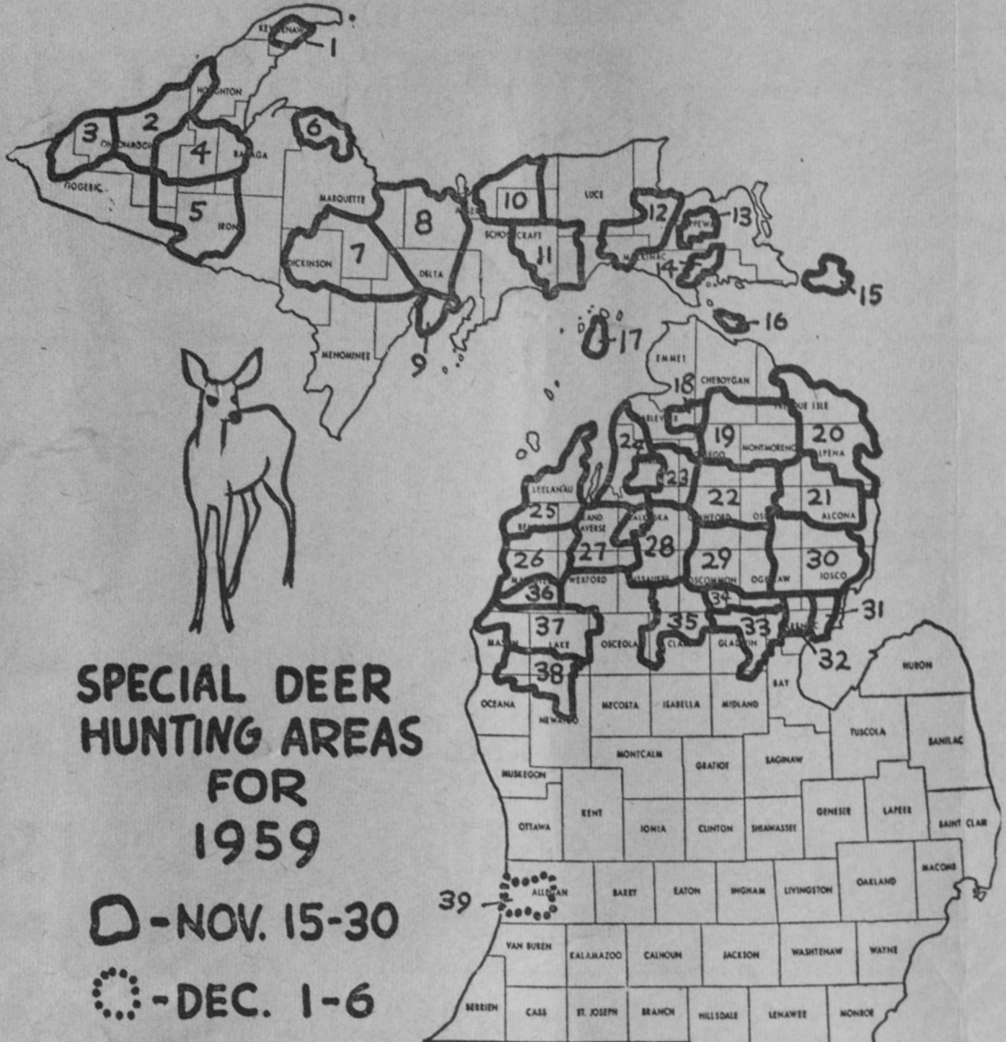

The pair is accused of burglarizing the Easy Way Laundromat, the Hobby Shop and an animal clinic on North US-23, Oscoda. Memphis city police arrested Kaminski Wednesday on request of sheriff's officers who were informed by Louisville police that Kaminski could be found there.

Warrants were issued here Tuesday for several persons who allegedly received stolen goods from the two airmen.

"WIN IT FOR ST. JAMES" was the chant of Tawas Area's cheering section Friday night and the Braves did just that, downing the Oscoda Owls, 34-20, in an action-packed game. The picture shows "Bud" St. James, who was injured in a football game earlier in the season, being hoisted to the shoulders of gleeful Tawas players at the end of the game. St. James' crutch

is being waved at the left, while at right, Coach Howard Adams and Coach Herb Escoff are being boosted to the shoulders of their charges for a free ride to the side lines. For the story on this game please turn to page 9. Other pictures may be found on pages 2, 9 and 10.—Tawas Herald Photo.

SPECIAL DEER HUNTING AREAS FOR 1959
 ○ - NOV. 15-30
 ○ - DEC. 1-6

"Any deer" hunting will be open in 39 food shortage and crop damage areas in Michigan this fall. Hunters have until midnight, October 10, to submit their applications for approximately 100,500 special permits which are being offered for hunting in these areas. Application cards should reach all license dealers in the state by September 15. Applicants are reminded that special area changes have been made since last season. Hunters must apply for permits by these numbered areas rather than by counties. No person may submit more than one application. According to present plans, drawings will be held in Lansing, October 22, for areas where applications outnumber special permit quotas. Each permit will be valid for only one area.

Michigan Waters Take 261 Since January 1

At least 261 persons have been drowned and 176 injured in 398 water accidents since January 1, according to provisional figures compiled by the Michigan State Police.
 Of the 398 accidents reported up through October 12, 224 were fatal, 121 resulted in personal injury and there were 53 property

damage mishaps each in excess of \$50.
 The figures will increase with the receipt of delayed reports.
 Of the 261 drownings, 33 were boat operators, 60 boat passengers, 76 swimmers, two skin divers, one water skier without a life preserver, 23 children who wandered away from parents, 11 children who slipped into the water while fishing or playing and 55 were due to miscellaneous causes, including 24 suicides.

Outdoors WITH EMERY

Tuesday morning at 10:00 a. m. started the remainder of the small game season in zones two and three in Michigan.
 Pheasants are somewhat down from previous years but some

hunters would not notice this too much because they may have hunted in a heavily concentrated pheasant population for the past several years.
 After hunting pheasants opening day when the birds seem to be flying in all directions, they will "tighten-up" and a real good bird dog will be necessary to flush them out of their cover. Best results for good hunting after the opening day is found along ditch banks, hedge rows of

fields, weedy fence rows, old orchards and woodlots that are heavy with vines and underbrush. After the first several days of the season the ringneck pheasant turns out to be a real good runner instead of flushing in front of the dogs and flying in front. Hunters should use consideration in respect to the property owners and farms on which they hunt and at least show the courtesy of asking permission to hunt on their land. Many farm owners that I have talked and hunted with may have just one reason why he likes the hunter to ask permission first; such as, not to hunt near certain buildings or particular fields, stay out of the unpicked corn fields and be careful of the cattle in the pasture. Many land owners object to hunters that climb fences between the fence posts and leave gates open that are enclosing livestock.

Always remember, "Ask the farmer first, hunt carefully and take a little time out at the end of the day's hunt to thank him for the privilege of hunting on his property, even if you missed all those perfect going away shots," suggests Emery.

It appears that a few hunters applying for doe-permits in Michigan for the special deer season will be out of luck in the drawings this week as about 9,000 applications will be discarded due to lack of postage and incompleteness on the forms.

If you need venison for the camp table this deer season, any camp with four or more hunters may apply for a camp-deer permit which allows one member of the camp to kill a legal buck with antlers three or more inches in length. You must have a camp-deer permit and a regular deer license. The cost of a camp-deer permit is \$10 dollars and may be obtained from any merchant selling the regular hunting licenses. The deer must be killed during the regular season, November 15-30, and for bow hunters during October 1-November 5.

The Michigan United Conservation Club will hold its next directors meeting in the Tawasess February 13-14, 1960.

THE TAWASES

by CHET MAHER, Manager

A TELEPHONE INSTALLER was recently working outside a woman's house. After climbing the pole, he rang her number to tell her that her telephone service would be discontinued for a few minutes.

"Just a minute," the woman answered. "There's a telephone man working outside. I'd better tell him, too."
 Before the startled lineman could say a word, the housewife had come out to tell him that he was wanted inside on the telephone—a real example of a one-way conversation!

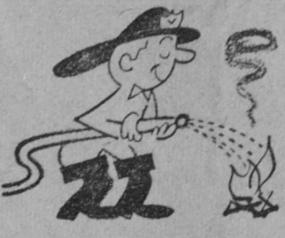

THE TIME: Evening
THE PLACE: A bedroom
SOUND: A telephone ringing from a distance.

"George! George, wake up! The telephone is ringing... George!" Still half asleep, the husband struggles out of bed and dashes to answer the telephone before it stops ringing...

Has this ever happened in your home? If it has, then you already know the best reason for installing a convenient, colorful bedroom extension. It will cost about a quarter a week, but it's worth lots more than that in pleasure and security. For more information about bedroom extensions, call the Business Office.

FIRE! FIRE! Volunteers everywhere drop what they're doing and rush to the scene of the emergency. Before long, the community whose volunteers arrive fastest will probably be equipped with one of Michigan Bell's Alerting and Dispatching Systems. These systems were developed by telephone company engineers at the request of volunteer fire departments all over the country. Because they use regular telephone exchange equipment to warn volunteers, these Alerting Systems are both faster and more accurate than old-fashioned sirens or fire whistles. All in all, they are a great improvement in public safety for small towns.

Farm Events

By MARVIN DAVENPORT
Iosco Agricultural Agent

Calendar:
Tuesday, October 27—Lamb pool marketing at West Branch railroad yards, 9:00 a. m.-2:00 p. m.
Wednesday, October 28—Iosco County Farm Bureau Board of Directors meeting.
Wednesday, November 4—Joint DHIA-ABA program, Reno Township Hall, 6:00 p. m. Registered Holstein heifer offered as a door prize.
Tuesday, November 10—Lamb pool marketing at West Branch railroad yards, 9:00 a. m.-2:00 p. m.

A month old calf has a better digestive system than she has been given credit for, says Donald Hillman, a dairy specialist at Michigan State University. Hillman feels healthy, fast-maturing calves are important in the dairy business. "Real young calves need either whole milk or a dry-milk substitute to stay alive," the scientist explains. "The milk requirement rapidly decreases after the calf reaches 30 days of age."

At an age of 25 days, the calf's digestive system apparently changes. Either rumen development or new digestive enzymes start making better use of grain and hay.

Recent research at Purdue University leads Hillman to these conclusions:

"Cattle eat a little grain when they are about one-week-old. Grain and hay can really start replacing milk and milk replacers at the one-month mark. Milk feeding can stop entirely after two months.

"Three feeding systems—whole milk, limited milk plus a meal or pellet starter and a dry-milk-solid feed—give good growth. The whole-milk system costs more than the limited-milk method, almost twice as much as the milk-replacer approach.

"Calves eat little hay during their first 30 to 40 days. Then they will start eating more if they are on a limited-milk or milk-replacer system. "The grain ration fed to calves needs about 15 percent protein. The Purdue researcher got good results by using such a ration with 58 percent corn, 25 percent oats and 15 percent soybean meal."

Limiting grain to three pounds per day boosts hay consumption. Calves eat three pounds per day at about 30 to 40 days of age.

Michigan will keep raising more and more beef cattle. That is the prediction of Ronald Nelson, head of the animal husbandry department at Michigan State University. Nelson says the state's eight million people eat a lot of steaks that are raised outside our borders. At the same time, Michigan farmers sell enough corn to feed at least three times the current beef cattle population. The expert notes two other bright spots in the Michigan beef picture: First, cattle can make good use of land that is nearly abandoned. Northern Michigan has many such acres. Second, many part-time farmers can raise feeder calves to supplement their income.

WITH THE IOSCO COUNTY 4-H Clubs

By DOROTHY SCOTT
County Agent

Calendar:
Wednesday, October 21—Meeting of auditing committee.
Thursday, October 22—Special 4-H Leaders' Council meeting.
November 3-5—Junior Leadership School at Higgins Lake.

Serving as this year's auditing committee for the county 4-H Leaders' Council will be Norman Sibley and Mrs. Steven Kolonich. A nominating committee is at work to find leaders who will serve as council officers for the coming year.

A special meeting on October 22 will consider further the suggestion for two county-wide 4-H Club projects this year, namely: Forestry and outdoor cookery. The election of officers is to be held.

It will help very much to have every 4-H Club present to discuss the county-wide project ideas. If tried, we would like every 4-H Club and all the members in the club to take part.

Let's talk it over among leaders and 4-H Club members before the meeting October 22. Bring your ideas and suggestions.

Junior Leadership School is one of the finest special opportunities for older 4-H Club members to have help in learning to be a junior leader and to conduct recreational activities in their club and community. At least one boy and one girl will be selected from Iosco County.

Notary Appointees Names Released

The names of 18 Iosco County residents who have been appointed or re-appointed as notaries public during the past three months has been released by James M. Hare, secretary of state.

They are Lenor E. Sterling, Lester Weis, H. D. Oliver and Lester J. Ball of Oscoda; Vivian H. Duff, Lorraine C. Welch, Vernon Pugh and J. Richard Newman of East Tawas; Chester N. Roberts and Mary Wasilewski of Whittemore; Mabel Kobs, Emmet L. Collins, Jerry Cotter, Delano L. Myles, George W. Myles, Evelyn R. Colby, Elsie Ulrich and Carol Simmons of Tawas City.

According to Hare, the number of notaries public commissioned is increasing throughout the state each year.

"However," Hale said, "there are many rapidly growing areas of Michigan which do not seem to have as many notaries per thousand population as other areas."

Notaries public application forms can be obtained from county clerks, the governor's office or from the secretary of state at Lansing.

According to a recent account, the attorney for an accused slayer has charged that his client had been convicted in the newspapers. To this theory we cannot subscribe.

It has also been charged that the Michigan State Police Department had arrested this same accused person illegally. To this we can make no comment. It will be a question only for the courts to decide.

However, we can say that in our opinion the law enforcement officers performed their duty as best as possible, under the circumstances. It is one thing to say that an individual has been denied his constitutional rights, which may or may not be the case here. But, it is another thing to say that the people as a whole should suffer for want of protection—that a man might not be brought to justice for sake of a legal technicality.

It will be for the jury to decide the case, however—every accused may have his "day" in court, for which we are thankful. A man who has nothing to hide has nothing to worry about.

Last Friday night's meeting between Tawas Area and Oscoda Area may be the last time the two schools meet on the gridiron for some time. Schedule changes in the Northeastern Michigan Conference may make it impossible for the two schools to hold their traditional game each year.

If this is true, the two schools and the two communities can at least be proud of the manner in which the six-game series came to an end. Oscoda can be proud of its five-game winning record and Tawas can be proud of the performance of the Braves Friday night in ending the long "drought."

We take this opportunity to publicly compliment the school administrators, student body, coaches and the football players of both schools and last, but not least, the fans of both communities. Our hats are off, too, to the bands and directors of both schools for the pre-game and halftime show—the performance, in our opinion, was equal to any nationally televised college show.

If this is to be the last game, the series ended with a remarkable display of good sportsmanship on the part of all concerned, despite the traditional rivalry between the two schools. The game furnished fans with exciting, hard hitting but clean football between the two squads. The game was never over nor won until the last few minutes of play.

What more can be said? Only this—when several Detroit schools were forced to cancel night games in favor of day games because of fist fights, rowdyism and assaults among spectators, the series between Oscoda and Tawas has ended on a note of good sportsmanship. You cannot ask for anything more. Oscoda and Tawas can be proud of its youngsters.

Looking Backward—

Jordan Appeals to Supreme Court in Sheriff Fight

October 17, 1913—John Jordan, who claims to have been elected sheriff of Isosco County but received adverse decision in circuit court at Harrisville, served notice on the board of supervisors that he had taken an appeal to the supreme court and that he held the county responsible for the salary and fees of that office. Collie Johnson has been serving in the office of sheriff since January 1.

CHRISTIAN SCIENCE . . .

How spiritual understanding of God, good, brings unlimited strength and progress will be brought out at Christian Science services Sunday.

Highlighting the lesson-sermon entitled "Probation After Death" is the Golden Text from Psalms (37:27): "Depart from evil, and do good; and dwell for evermore."

The opening selection to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy states (215:12): "Whatever is governed by God, is never for an instant deprived of the light and might of intelligence and life."

From Proverbs the following verse will be read (4:23, 26): "Keep thy heart with all diligence; for out of it are the issues of life. . . Ponder the path of thy feet, and let all thy ways be established."

 WATZ 1450 kc.—12:45 PM

Dear Mother and Dad,
 Does homework create a problem in your home, the way it does in ours? I always think of that when I am teaching, for even then I am a parent, too.

Homework can be such a controversial matter. Some teachers believe in it so thoroughly that all the children's noses have a grindstone snub. Others feel it overstressed, so they do not assign it and the following year when it is a strict requirement, the children have a terrible time in going from the none at all to much.

It has so many angles. Perhaps if you as parents learned the bigger projects to be done outside of school, you could guide your carefree Janet into doing it bit by bit, showing interest in the topic she has chosen. Ask what she plans to do on it that night, then see that she does it without television interference or company streaming in.

Then the night before the major project is due, Janet will not sit up all night, perhaps with you in groggy state from waking up from time to time and peering at the clock, or even sitting with her, helping find the information sleeping there the way you wish that you were. She will not rush the writing of it then and hand in work that is careless because she did not have time that night to write it all a second time.

As parents you would do well to check with her the morning of the night she plans to study to caution her that she will need her book from school, perhaps her notebook with suggestions that the teacher gave. So often youngsters get all set to do their work at home and then in cream puff fashion, they find they do not have the things they need—an awful spelling test, perhaps—with all the words at school.

Or if she has copied them down to study from, make sure she has spelled them right before she starts to learn them. Maybe there are problems in arithmetic that must be handed in next day—and all the problems are at school except the one she faces now. At such a time your worry is real as rain. And so you harp in angel fashion at the academic horns your child will wear next day. And if she tended not to be too fond of school before, she certainly will not like it now, which only adds to problems.

that homework is absolutely needed, both as a builder of responsibility and as a means of covering material for which there is no time in school, like background work for the material that they are about to read next day.

But, if teachers do not stagger homework, homework staggers boys and girls, for certainly at times it seems as if the world were all competing in assigning it; then again, discretion is shown when teachers realize there is an all-school program or strenuous rehearsals. But why not call the school and talk to Janet's teachers—or better yet, come up—to find out homework policy and then make sure that Janet gets it done.

If you leave it up to her, it will not get done at all perhaps, she may watch a program first or go out somewhere and plan to do it at a later hour that finds her much too sleepy with her sense of values gone.

See, too, that she does not lie upon a couch—education is no bed of roses—to read a book for school or make herself too comfortable in a room that is really warm. It is much too easy then to do a Rip VanWinkle. See that her chair is business-like with adequate light at her left. Then she will be right.

Parents have homework headaches, too. I know from our bombastic George, who is different from his conscientious sister. Last year at first our lad was careless, not mentioning he had work to do but playing football gaily in the way of fifth grade boys. Then the cards came out—and he received the deuce! That was when we took to telephone at once, talking to the teacher and finding what was wrong. And almost every week we would call and check, learning his assignments and seeing that he worked on them before he played and that he did not toss his words on paper as if they were so many balls.

Other mothers found this so, too, and guided lads. And those who did not, saw their children fail because of work they should have done and did not—and all because the parents did not stop to think there might have been assignments that at home were never mentioned—or done. Such failures are so needless and occur so easily. I know, indeed. It almost happened here.

Cadillac

Wonderful Way to Launch a Decade!

An exciting new decade is about to begin for America—a decade filled with promise and hope and great expectations.

And wouldn't it be thrilling to ride into the sixties with a new Cadillac car of your own!

For here is a motor car created with an eye to the years ahead—and for the man who hopes to make the most of them.

Cadillac's new styling will set the pace in automotive design for years to come. Majestic and elegant, it has already won the fullest measure of acclaim from motorists everywhere.

Inside, a new era of elegance is evident on every hand—with unusually rich fabrics and leathers . . . and appointments executed with the care of a jeweler.

Its performance represents a rewarding departure from the past . . . so smooth, so quiet, so effortless and level in ride that it must be experienced to be understood and appreciated.

And here, to be sure, is a motor car with a future all its own. Careful design, quality materials and painstaking craftsmanship give it unduplicated dependability and endurance.

So if you're looking forward to the wonderful decade that's just around the corner—think how much more exciting it could be in the company of a 1960 Cadillac.

See and drive it today—and we believe you'll want to make it your own.

RECEIVES RECOGNITION FOR COMMUNITY WORK

Hale Chapter of Michigan Health Council met Tuesday, October 13, at the American Legion Building. The chapter received recognition for its community service work, by being named in the national report.

Mrs. Ruth Guest reported that new joists and subfloors are in the loan closet building. The windows and roof will be fully repaired soon so that work may be started in the interior. Anyone wishing to contribute toward the completion of this building, which will house the council's loan closet sickroom equipment, may contact Mrs. Guest, Hale, Mrs. Arthur Peters, Long Lake, or any health council member.

The council would like to acquire large plastic bags or sheets of plastic to cover soiled articles of supplies.

Preparations are being made for the winter months, especially for care of crippled children and adults. In this field, there is a need for a pair of 44 or 45 inch crutches.

Also needed are old clean blankets, men's cotton flannel shirts, flannel gowns or old sheets to be used in making pads for sickroom use.

Anyone wishing to make these pads may do so by calling Mrs. Guest for an instructor to meet

with interested persons. These pads must meet certain specifications and should be made under supervision.

Election of officers for the coming year followed the completion of old business. The following officers were elected: Mrs. Louise Stedman, president; Mrs. Rosa Hicks, vice president; Mrs. Peters, secretary; Mrs. Guest, treasurer; Mrs. Velma Sharp, corresponding secretary; Mrs. Florence Dooley, finance.

The next meeting is to be held November 9 at the American Legion Building.

Mrs. William Campbell of Bass Lake suffered a stroke a week ago Sunday night. She was taken to a rest home at Sterling and seems to be improving.

Mrs. Elizabeth Lackie is spending some time in Detroit at her daughter's home while her daughter is ill at a hospital.

Mrs. Mae Teall had a severe heart attack last Saturday morning. Friends wish her a speedy recovery.

Mrs. Mildred Humphrey went to Prescott Sunday for a week's visit with her nephew and family.

Mrs. Cora Johnson was taken to Tawas Hospital Friday afternoon after being found unconscious at her home. She regained consciousness Sunday but remained in the hospital. Mr. and Mrs. Jack Dougherty of Clarkston were called here due to her illness. Friends wish her a speedy recovery.

Mrs. Ethel Ajan of South Gate, California; Mrs. Bessie Sanford, Mrs. Ruby Gossel, Lt. Detective D. E. Harris and family and Sgt. and Mrs. Vernon Humphrey, all of Flint, were recent guests of Mr. and Mrs. Arlon VanHouton.

Mr. and Mrs. Arthur Johnson of Whittemore, Mr. and Mrs. Emil Wagner and Mr. and Mrs. Glenwood Streeter were Thursday night guests at the Xavier cottage at Long Lake. The Xavier sisters gave a birthday supper in honor of Glenwood Streeter.

Mrs. Sylvia Uptegrove was taken ill last week and was rushed to AuGres hospital where she passed away Friday. Funeral services were held Monday at the Free Methodist Church with burial in the Whittemore cemetery. Sympathy is extended to her survivors.

Mr. and Mrs. Carl Slosser and family were Sunday dinner guests of Mr. and Mrs. Arlon VanHouton. The occasion was Mr. Slosser's birthday. Mr. and Mrs. VanHouton had just returned from a few day's visit at Flint.

Kim Allen has been quite ill but is much improved and is able to walk a little.

Wedding bells rang at Hale last Saturday. Nancy Manwell and Nathan Nunn were married Saturday afternoon and Lynda Holzheuer and Jerry Peters were married Saturday night.

Mr. and Mrs. Ray Getchell and family of Bay City attended the Peters-Holzheuer wedding Saturday evening.

Mr. and Mrs. William Marfleet returned Tuesday of last week from a two-week visit at Toledo with Mrs. Marfleet's son, Lawrence VanWormer, and family.

Careless Hunting Spells Calamity

There is no substitute for hunting safety. This statement may sound trite but statistics speak well in its behalf. Twenty-three persons were killed and 246 wounded during Michigan's deer and small game seasons last year. In 15 of the 23 fatalities, the victim was within 10 yards of the fired weapon. Careless gun handling claimed 11 lives and wounded 78. Stray bullets and hunter firing errors killed three and injured 97. Hunting is not a guessing game—be sure before you shoot!

Truckers to Pay 150 Million in Gas Tax Boost

American consumers may feel the impact of the additional 150 million dollars the nation's truckers will pay in gasoline taxes next year, it was pointed out today.

This new boost in product transportation costs will result directly from the new one-cent a gallon increase in the federal tax on gasoline which became effective October 1, Frederick B. Hufnagel Jr. said.

Mr. Hufnagel, assistant to Sun Oil Company's marketing vice president, spoke before the Private Carrier Conference of the American Trucking Association, Los Angeles, California.

The nation's truck fleet next year will pay the federal government alone well over a billion dollars in excise taxes on gasoline and on vehicles, tires, parts and accessories, Mr. Hufnagel said. Last year truckers paid \$812,900,000 in federal taxes in these categories.

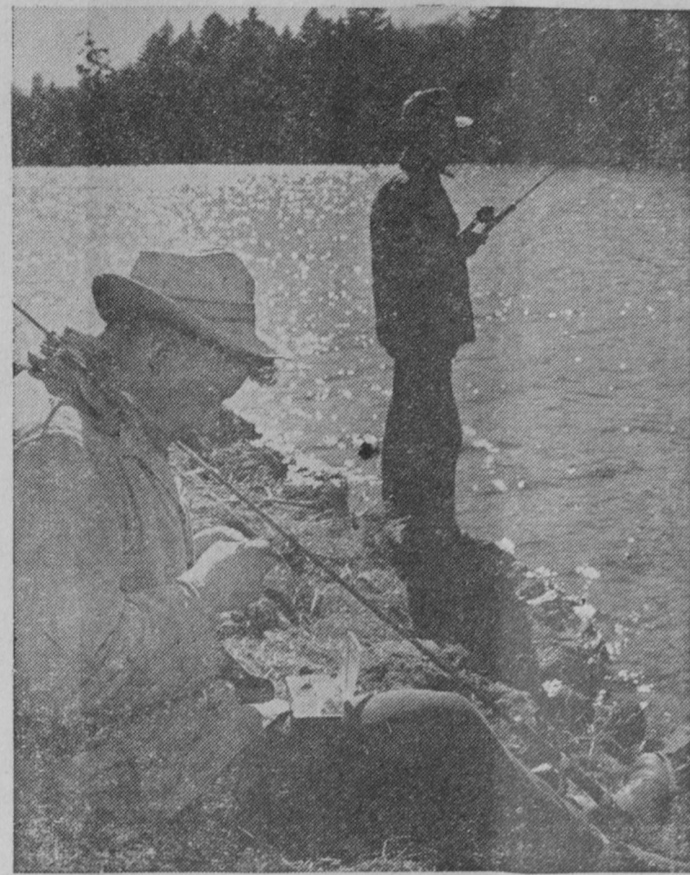

Mounting highway user taxes at both the federal and state levels are running up the costs of moving products to markets and must ultimately be reflected in higher consumer prices, Mr. Hufnagel pointed out.

During the last 10 years, he said, combined state and federal taxes have increased at a rate six times that of the national average retail price of regular grade gasoline, exclusive of taxes. As a result, the national average of combined federal, state and local taxes today is 10.2 cents a gallon or 47 percent of the regular grade price excluding tax. In 20 states, he added, combined levies on gasoline exceed 50 percent of the retail price, exclusive of tax.

"This rate of taxation is far greater than that applied to any other essential commodity," he declared. "It is even three to four times greater than the taxes on such luxuries as gems and furs."

Mr. Hufnagel said the recent boost in the federal gasoline tax could have been avoided if part of the money collected from motorists and truckers had not been diverted to non-highway uses. He said that both the petroleum and trucking industries support a soundly-conceived interstate highway program but warned that unless a tendency toward waste and extravagance is curbed the cost of the program will become prohibitive and highway user taxes will continue to soar.

Fall Fishing A Colorful Treat

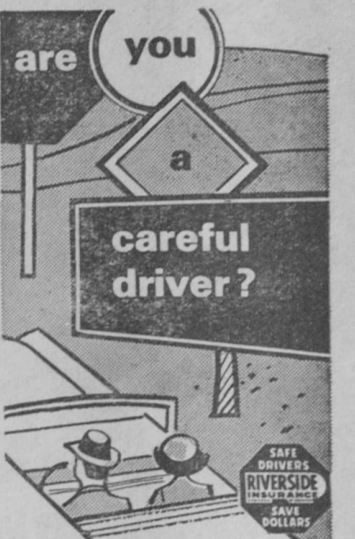

While fall is considered by many as the season for hunting, it also offers many opportunities for fishermen. Displaying its scenic array of forest colors, fall provides cooler and more comfortable temperatures which generally sharpen the appetites of fish after pesky mosquitoes and black flies are gone. Lake fishing is often better in the fall than at any other time. Some of the finest perch fishing is available along the shores of the Great Lakes. Rainbow trout remain fair catch through November 30 in a score of lakes and streams designated by the Conservation Department.

Many Drivers Lose Licenses

During the past week the driving licenses of 408 Michigan drivers were suspended and those of 99 were revoked.

According to James M. Hare, secretary of state, suspensions are temporary withdrawals of the driving privilege up to a maximum of one year. A license which has been revoked is terminated and is not, as is usual with suspensions, automatically re-instated after the period of suspension has ended.

The licenses of two Iosco County drivers were suspended or revoked as follows: Hugh H. Croff 307 Main Street, East Tawas, and Earl H. Mitchell, Rose Trailer Park, Oscoda.

Mr. and Mrs. Stepanski Celebrate Golden Wedding

TAWAS HERALD PHOTO

A high Mass was celebrated Saturday morning, October 17, by the Rev. Fr. John Kolevar at Immaculate Heart of Mary Church, Tawas City, to mark the golden wedding anniversary of Mr. and Mrs. Joseph Stepanski. The couple was honored at a family dinner by their children at Vie and Zel's Restaurant. Open house was held at the parish hall from 3:00 to 5:00 p. m.

Mr. and Mrs. Stepanski were married October 20, 1909, at St. Joseph Church, East Tawas, by the late Rev. Fr. Edward Kinney. Their children are Gerald of Saginaw, Clement of Tawas City and Mrs. J. Francis Schloff (Margaret) of Detroit. Two other sons, Allen and Bernard, died in action during World War II in New Guinea and Luxembourg. They have 16 grandchildren.

MRS. KRUEGER HOSTESS TO E-ZDO-IT CLUB

Mrs. Harry Krueger was hostess to the E-Z-Do-It Extension Group of Wilber Township at her home October 13. Six members and one guest were present. The guest, Mrs. Charles R. Lloyd of Baltimore, Maryland, is visiting at the home of Mrs. Lynden Lee. Miss Dorothy Scott gave a lesson on houseplants and related the year's activities. New and interesting tips were learned on the raising of plants. Pamphlets on plant raising were passed to the group for future reference. Refreshments were served by the hostess.

The next meeting will be November 10, 8:00 p. m., at the home of Mrs. Lee.

ADOPT SIX-WEEK WORK SCHEDULE

The first meeting of Woman's Missionary Union of East Tawas Baptist Chapel was held at the home of the Rev. Harrison Jackson Friday, October 16. A six-week work schedule was discussed and adopted in addition to the missionary study book.

The group voted to meet at 2:00 p. m. every other Wednesday beginning October 21 (today). The meeting will be at the Jackson residence, 706 Newman Street, East Tawas.

Mr. and Mrs. A. L. Anschuetz and Mr. and Mrs. James Gilroy of Bay City were guests of Mrs. Martha Flint and Mrs. Iva Mallon one day this week.

Exchange Wedding Vows at Trinity Lutheran Church

MRS. BENJAMIN WITKOPP

Miss Leona Ziehl of Bay City, a former Tawas City resident, and Benjamin Witkopp, also of Bay City, exchanged wedding vows at Trinity Lutheran Church, Bay City, Saturday, October 17. The double ring ceremony was performed at 1 o'clock by the Rev. Emil Kasichke.

The bride is the daughter of the late Mr. and Mrs. Arthur Ziehl of Tawas City. Mr. Witkopp is the son of Mrs. Anna Witkopp of Bay City and the late Charles Witkopp.

For her wedding, the bride chose a waltz length gown of bouquet taffeta, styled with elbow length sleeves, bateau neckline and a fitted bodice. The full circular skirt featured a shirred midriff. Her shoulder length veil was held by a silk organza cap and she carried a white Bible topped with an arrangement of cymbidium orchids.

Attending the couple were Mr. and Mrs. Ralph Lipp of Bay City, cousins of the bridegroom. Mrs.

Lipp wore a tulip-silhouette sheath dress of turquoise satin brocade with elbow length sleeves, bateau neckline and a bow-bedecked skirt. Short white gloves, matching headpiece and a colonial shaped bouquet of yellow roses and baby chrysanthemums completed her ensemble.

A 5 o'clock dinner and reception were held at the VFW Hall, Tawas City.

For the occasion, the bridegroom's mother was attired in a navy blue crepe dress with winter white accessories and a corsage of pink rosebuds and carnations.

Following a trip in Upper Michigan and Canada, Mr. and Mrs. Witkopp will reside at 609 Wenona, Bay City. Pre-nuptial showers were given by the bride's sister, Mrs. Harry Paskow of Detroit; Mrs. Robert Rollin of Tawas City; Mrs. Lucille Schultz; Mrs. Edna Lipp; Mrs. Dorothy Dulezke; Mrs. Eleanor Dukarski and Mrs. Minnie Keipinger.

Needlecraft News by Nancy Baxter

Christmas is a season—not just a day—and a very real part of the fun is the holiday entertaining that begins weeks before and stretches happily into the New Year. For these Yuletide parties, what woman doesn't want something new to wear? Yet, for most of us, cash is limited, time is scarce as the 25th approaches.

JUST FOR YOU

It's possible, however, for the talented lady to begin now and, quickly and economically, fashion a pre-Christmas gift for herself. I'd suggest this lace-patterned knitted blouse with enough chic to carry you through everything from a quiet evening with friends to the most dress-up party. Sleeves are knit in one piece with the rest of the garment, then garter stitch neck and sleeve band borders sewn on at collar and cuffs. The result is a blouse with such understated elegance that no one will know—unless you tell them—how easy it was to make.

IDEAL GIFT

Chances are once you see how simple this garment is to make, you'll decide to make at least one more for someone special on your Christmas list. The Ladies Literary Club of East Tawas will open its meetings Wednesday evening (tonight) at 8 o'clock in the club rooms with a tea and regular meeting. An interesting program will be featured. Members may bring guests.

Mrs. Ronald Johnson left last Saturday with her baby son for Bay City where he will have medical attention for a week.

Mr. and Mrs. Percy Scott were at AuGres recently to celebrate the birthday of their daughter, Mrs. Ruth Stanley.

Open installation of officers will be held at Iosco Chapter, Order of Eastern Star, Friday, October 30. Grand officers will be present.

Emil Franks, who has been visiting his sister, Mrs. Edward Spring, for two months, returned to his home at Livonia Sunday.

Mr. and Mrs. E. H. Krebs entertained their son, Richard, and daughter, Mrs. Allen Bepish, both of Detroit, a few days last week.

Mr. and Mrs. Mathew Kienholz returned this week from a trip through the Eastern States. They visited their daughter, Mrs. Don-

ald Spencer, and family at Poughkeepsie, New York, the United Nations at New York City and Roosevelt Home at Hyde Park.

Wade and Arnold Lomas of Detroit and George Lomas of Washington, D. C., visited their mother, Mrs. Emma Lomas, recently.

Mrs. Nyda Bronson is attending Rebekah Assembly at Grand Rapids this week as grand marshal. Delegates from the local group at assembly are Mrs. Lyda Nelkie and Mrs. Trisie Colburn.

Representatives from Baldwin Lodge, IOOF, at Grand Lodge are Clarence Ashmore of Tawas City and Vernon Hughes.

Mrs. D. Arthur Evans visited her daughter, Carolyn, at Albion College last Thursday.

Mr. and Mrs. H. Eugene Hanson have been visiting for several days at Goderich, Ontario, Canada.

OUR TOWN STANDS TALL ON THE MAP

They've mapped the anatomy of a nation. This is the map.* It shows the exact proportions of 48 states according to the value of their manufactured products, as determined by the latest U. S. census of all manufacturing. Michigan stands proudly fifth among the states in value of manufacturing . . . and our town is part of Michigan. So our town stands tall on the map. Keeping

it there is our problem. The surest way is to keep our town attractive to industry. The surest key to attraction of new industry is attention to the needs of present industry. No town stands still. It goes ahead or it slips back. Let's keep our town standing tall. Join hands with your chamber of commerce or industrial development organization and the Michigan Economic Development Department to help your community prosper.

Golf Winners . . .

GOLF WINNERS were honored at the annual Tawas Golf Association banquet held Saturday night at the Tawas Country Club. Winners who attended the affair are pictured above. In the top picture, seated left to right, are President Louis Awalt and Howard Dietzel. Standing are John Krueger, Albert Foco and Howard Durant. Awalt, who won the second flight in the play-offs, teamed up in regular season play with Krueger to win the Thursday night league. Dietzel, with teammates, William McCoy, won the team championship in the play-off. Foco teamed up with Gordon Huck to win the Wednesday night league. Huck, who was unable to attend, won the championship rotating trophy for the third straight year. Durant won the first flight in the play-off. In the bottom picture are winners of the women's golf league, Mrs. Vera Wainwright, Mrs. Janet Krueger and Mrs. Gerry Lemon. Mrs. Lemon and Mrs. Krueger were winners during the regular season and Mrs. Wainwright and her partner, Mrs. Virginia Wegner, won the team play-offs. Still to be determined is the winner of the third flight in the men's play-off.—Tawas Herald Photos.

ENTERS PLEA OF GUILTY TO B AND E CHARGE

Michael Mitchell of East Tawas, who had pleaded guilty to a charge of breaking and entering in the nighttime, was placed on probation for three years and

is to spend the next 12 months at Camp Pugsley. Circuit Court Judge Herman Dehnke ordered him to pay restitution of \$20 and costs of \$30. He broke into the state park bathroom last summer.

Iosco Residents Buy \$181,626 in U. S. Savings Bonds

Residents of Iosco County invested \$181,626 in series E and H United States savings bonds during the first eight months of 1959, it was announced today by John E. Hoshbach, volunteer chairman of the Iosco County Savings Bonds Committee.

According to the county bond chairman, purchases through August 31 were equivalent to 63 percent of the current year's goal of \$289,000. County purchases of the two popular series totaled \$215,047 in the same 1958 period. Hoshbach said the treasury anticipates an enthusiastic response to the one-half of one percent increase in interest rates recently approved for both old and new savings bonds.

"The 3½ percent rate for new E and H bonds is both realistic and attractive," he said. "Where else in the world can one find a better rate for a security so fully guaranteed, so insulated from risks and hazards, so easy to buy and own, so slanted in the saver's own favor?"

"I feel sure," he continued, "that the 3½ percent rate on new bond purchases will inspire many additional residents of our county to begin systematic purchases through the payroll savings plan where they work or the bond-a-month plan where they bank. This will help us to achieve our treasury-assigned quota and, consequently, is welcome news."

"The most impressive feature of the new legislation, however, is the granting of additional interest from June 1 to maturity on all E and H bonds bought from inception of the program in May 1941 through May 31 of this year," he continued. "This is a tangible reward for the millions of savers who have demonstrated their confidence and loyalty by investing systematically in United States savings bonds over the years."

"The extension of maturity on all E bonds for an additional 10 years also will be welcome news to millions of bond owners," he pointed out. "Those who own E bonds now can make specific future plans for education of their children, a new home or business or more dignified retire-

ment. New bond purchases can be geared to fit into these plans."

The importance of the United States Savings Bonds program in the management of the national debt cannot be overemphasized, the county bond chairman said. Bond buying also helps build a reserve of purchasing power that will prove invaluable to the individual, the family and the community in periods of financial stress.

"I am confident," he concluded, "that residents of this county will respond to passage of this new legislation by holding onto their old bonds and increasing their purchases of new E and H bonds at the better-than-ever current rates."

'Please Don't Disable Our Telephone Cables'

Bang! With pheasant season opening Monday, October 19, it does not take much longer than a gunshot to cut off a lot of important telephone calls.

In fact it would be quicker than you could say Jack Robi... Michigan Bell Telephone Company pointed out there were 216 cases of cable damage caused by shotgun blasts last year and renewed its annual plea to hunters: "Please don't disable our cables."

Ironically, a shotgun-damaged cable could affect the lives of two classes of people in which the hunter should be most interested—his own and those of farmers, who are hunters' hosts, permitting them to hunt on their lands.

Each year, there are nearly as many hunter injuries as there are cable damage reports. And in most cases, a telephone comes into use when a hunter's friends quickly look for help—whether it be calls to the doctor, ambulance, hospital, drug store or family.

You might say it is possible for a hunter's life to hang by a telephone line—which will not work if its shot full of holes. And farmers are not at all happy if they cannot get a phone call through because of damaged cable facilities.

Michigan Bell also pointed out that willful damage is discour-

aged by penalties ranging up to \$4,000 plus four years imprisonment. In addition, a hunter can be held financially liable for damages, which can go as high as several hundred dollars.

Most damage, of course, is caused by over-zealous nimrods, who have a good eye focused on the bird, but a hazy view of the background into which they are firing. He might never know he damaged a cable—but telephone callers caught in the middle of saying "Jack Robinson" will.

RAILROAD FEATHERBEDDING:

\$500,000,000 LOSS

TO THE NATION—INCLUDING YOU—EVERY YEAR

Featherbedding on the railroads — pay for work not done or not needed — is costing the American people the shocking total of more than \$500,000,000 a year.

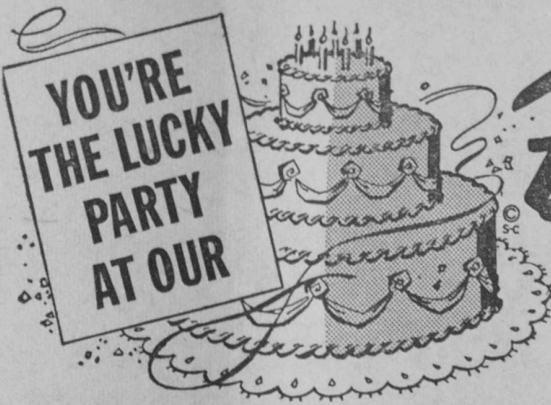

You pay for it every time you shop, because featherbedding costs are hidden in the price of everything you buy.

Obsolete union work rules, involving the railroad operating employees, are responsible for this gigantic burden. Right now, for instance, these rules require every diesel locomotive to carry a fireman—even though diesels have no fires to stoke, no boilers to tend.

The forthcoming negotiations between the railroads and the unions are urgently important to the whole nation.

In asking the unions to drop these featherbedding rules, all the railroads ask for is a fair day's work for a fair day's pay.

Tawas Braves Defeat Oscoda, 34-20

The drought has finally ended! After losing five straight games to Oscoda in as many years, the Tawas Area Braves downed the Owls, 34-20, Friday night before the season's largest crowd at Tawas Area athletic field.

Much can be said about the happenings of Friday night—the hard-hitting of Tawas backs . . . the much improved line play of the Braves . . . the comeback of the Owls after being down two touchdowns . . . the spectacular pre-game and halftime show of the combined Tawas Area and Oscoda bands.

But the win by Tawas could be best summed up by one word—SPIRIT of the Braves. Even though both schools are usually "up" for this traditional meeting, Tawas Area players were feeling mighty low after suffering two straight set-backs and, particularly, the shellacking at the hands of Houghton Lake the previous Friday night.

Tawas coaches had worked hard all last week to get their charges up for this game. The student body helped, too, with a spirited pep rally following the junior varsity game Thursday night. But fans got their first inkling of what was happening just prior to the opening kickoff.

A dramatic touch was added to the night when "Bud" St. James, a Tawas Area defensive player who was lost for the season because of a broken leg, hobbled across the gridiron with the help of two Tawas student managers. Tawas cheering section immediately started to chant "Win it for Bud!"

Whether this was the spark which touched off an "explosion" of spirit among Tawas players probably will never be known. The Braves did catch fire, however, and scored two quick touchdowns in the first quarter, taking a lead which they never relinquished, despite a determined comeback by an aggressive Oscoda team.

After Tawas received the opening kickoff, the Braves scored in eight plays, principally on the strong right arm of Quarterback Pete Bolen and the sticky fingers of Halfback Dwayne Uрман. The touchdown was set up when Uрман slipped behind the Oscoda defensive backs and gathered in a long pass from Bolen, the play covering 50 yards. Tawas stuck to the air and Bolen hit Uрман with a touchdown pass. The PAT came via the same route, Bolen faking a conversion kick and then passing to Uрман in the end zone.

Oscoda took the kickoff and got nowhere in three plays. On fourth down, Oscoda punted to Tawas and in nine plays the Braves had another touchdown. During the drive toward the goal line, Fullback Ken Herriman carried for four yards and Halfback Herman Rollin picked up nine. After being unsuccessful with a pass, Bolen, on a "belly-right," pitched to Uрман and the play was good for 16 yards. Fullback Frank Brigham, who alternated in the backfield with Herriman, picked up four yards through center and Halfback Jim Brooks cracked through for another four yards. Tawas' offensive line opened up a big hole in Oscoda's defense and Brigham rolled for 20 yards to the Oscoda 20. On the next play, Bolen found Uрман "as free as a breeze" behind the Oscoda defense and he hit him with another touchdown pass. The PAT was missed. Bolen trying a pass to End John Sass.

After the quarter ended with Tawas holding a 13-0 lead, Oscoda got rolling and in eight plays scored a touchdown. Dick Schorffhaar, star halfback of the Owls, passed to End Jerry Grant, the play covering 60 yards. (This play is shown in the sequence action pictures on page 10.) From the Tawas 20, Oscoda moved steadily toward the goal line and on fourth down and goal-to-goal, Schorffhaar cracked over for the

touchdown. Schorffhaar, perhaps the outstanding offensive player of the night, kicked the PAT.

Oscoda found itself in an enviable position after kicking off to Tawas. On the first play, Herriman cracked through the line for good yardage but, when tackled, the ball was fumbled and Oscoda recovered. Oscoda then started a sustained drive toward the goal line and in 16 plays gained four first downs. On the last play, however, Defensive End Lewis Werth of Tawas intercepted a pitch-out and the youngster, who was playing in his second varsity game after moving up two weeks ago from the JV, scampered 45 yards before finally being brought down. This was all that the Braves needed as Bolen went for 17 yards and Rollin scored on a 10-yard slant. Bolen, again faking a kick for the conversion, hit Sass in the end zone for the PAT. Tawas held a 20-7 lead at halftime, but not before a great goal line stand by the Braves defense.

The start of the second half found Tawas kicking off to Oscoda and, in seven plays, the Owls scored. Included in the drive was a 23-yard run by Halfback George D'Luge. Schorffhaar went the final seven yards to score. The conversion attempt was missed.

No sooner had fans settled back after this fine drive by Oscoda when Tawas scored in 10 plays. This touchdown was set up again by the passing of Quarterback Bolen, who hit End Arnie Stump for an 18-yard gainer and one to Brooks for 25 yards. Fullback Brigham banged his way through Oscoda's line with a 20-yard run and Bolen, on a quarterback sneak, went the final one-half yard to pay dirt. The PAT was good and Tawas held a 27-13 lead.

The fourth quarter found Oscoda making a determined bid to get back in the game, scoring

quickly on a beautiful 36-yard run by Schorffhaar, who reversed his field twice, picked up blockers and scampered into the end zone. Schorffhaar kicked the PAT and the score stood at 27-20.

Tawas put the game on ice after the kickoff, scoring in nine plays. Brooks picked up nine yards, Uрман rolled for 18 and Bolen cracked through for 18. The score came when Brigham broke through for the final 16 yards and a TD. Center Duane Sanders kicked the PAT and the score stood at 34-20.

Charles Miller, another defensive end brought up from the JV to play in Friday night's varsity game, intercepted a desperation pass by Oscoda and Tawas held possession of the ball until time ran out.

Gladwin took over undisputed possession of first place in the Northeastern Michigan Conference by turning back Roscommon in a grueling defensive battle, 13-6, last Friday night. Arenac Central moved into second place with a 26-13 win over Houghton Lake while West Branch handed Arenac Eastern its fourth league loss, 25-7, and Beaverton downed winless Pinconning, 26-13. In non-league tilts, Whittemore-Prescott lost to Alcona, 32-13, and Tawas Area defeated Oscoda in their yearly meeting, 34-20.

Jr. Braves in 36-18 Win Over Oscoda JV

Tawas Area Junior Braves defeated Oscoda's JV team, 36-18, Thursday night. The two teams were tied at 12-12 at intermission but Tawas scored four touchdowns in the second half to Oscoda's two.

Dick Zaharias topped Tawas scoring with four touchdowns. Smith and Humphrey each had one.

The Junior Braves will meet Arenac Central's JV team Thursday night on the latter's home field.

What Is A Truck?

A truck is a lot of things . . . food for your table, clothes for your back, heat for your home. A truck is medicine for a sick child, gasoline for an automobile carrying a traveling salesman, merchandise for the store on the corner . . . A truck is something you simply could not do without—housewife, manufacturer, farmer, retailer, teen-ager, or whoever you may be. Because everything you eat, wear or use depends on trucks to get to you . . . So, next time you see a truck on the road, remember—it's there because it's got a very important job to do—for you.

HERE'S WHAT MAKES THE CORVAIR REVOLUTIONARY

Short and sweet! Engine's in the rear—where it belongs in a compact car. With more weight on rear wheels, you get extra road-gripping traction for cornering and driving on ice, mud or snow. Also, by avoiding nose-heavyness of front-engine compact cars, Corvaire handles easier, brakes better, rides smoother. Styling of both 4-door models is clean and uncluttered . . . as fresh and functional as modern architecture.

AIR COOLED

You never have to fuss with antifreeze. Turbo-Air 6 warms up quicker, with less wear on parts. Air-plane-type heater* goes to work almost instantly.

Revolutionary Rear Engine

works small miracles with mileage. It's the world's first production 6 with the ultra-smooth power of horizontally opposed pistons.

Unpack Power Team

Engine, transmission and drive gears are neatly wrapped in one lightweight package. Takes less space, leaves you more.

Practically FLAT FLOOR

Corvaire is America's only compact car with a virtually flat floor that gives you full 6-passenger comfort. For extra space, folding rear seat* conveniently makes room for 17.6 cu. ft. of cargo.

TRUNK'S UP FRONT

Lots of luggage space under the hood, where it's convenient for groceries, packages.

4-Wheel Independent Suspension

Springs at each wheel cushion bumps independently of each other for a ride that rivals much costlier cars.

By DOROTHY SCOTT
County Agent

Calendar:
Monday, November 2—Candle making.

District rally for home economics extension groups in the seven counties of Iosco, Arenac, Clare, Gladwin, Ogemaw, Oscoda and Alcona was attended by 185 members and guests. Whittemore-Prescott Area School music auditorium made an ideal meeting place.

This event has been held in the fall for several years and is moved from county to county in the district. A place to get acquainted with a larger circle of extension friends, the rally lets each county share with the others news about their activities and accomplishments. This year's guest speaker was Mrs. Henry Erber of Boyne City. Mrs. Erber very recently returned from attending the Associated Country Women of the World convention at Scotland as a Michigan extension delegate. She discussed the convention and its meaning and showed pictures taken along the route of her trip.

In defining "Associated Country Women of the World," Mrs. Erber pointed out that "country" means the country from which the delegate comes, not a rural area. An objective of this organization is promotion of world peace.

Iosco County's attendance of 44 at the rally proved to be the largest percentage of county membership in the district. This wins us the privilege of using the traveling gavel for the coming year.

A small but hardy number of us braved the cold last Tuesday and made the AuSable River boat trip. It is a beautiful sight, even without the sun, to see the many tints and shades of color in the trees. We are just sorry the weather was so unsuitable—maybe we should try another date for our family boat outing—in the spring!

I just knew every woman is interested in houseplants and how to better care for them. Extension groups and garden clubs sent leaders to learn more about them from Dr. Fred Widmoyer, Michigan State University horticulturist.

These women will be sharing their new information with other members of their clubs in the near future: Mrs. Roland Davis, Mrs. Gerald Klonow, Mrs. Harold Heine, Mrs. Ernest Ross, Mrs. Harvey Watson, Mrs. L. G. McKay, Mrs. R. J. Cooke, Mrs. Eugene Wood, Mrs. William Karoly, Mrs. Marvin Davenport, Mrs. Elmer Kunze, Mrs. John Dodson, Mrs. George Westcott, Mrs. Charles Hughes, Mrs. W. A. Gregory, Mrs. Otto Kasischke, Mrs. Martin Siegrist, Mrs. Thomas Quattlebaum, Mrs. Jean Panchak, Mrs. Rosemary Stephen, Mrs. Sadie Brooks, Mrs. Jennie Smith, Mrs. Fannie Walstead, Mrs. Laura Frank, Mrs. Elizabeth Holland, Mrs. Mable Colvin, Mrs. Dorothy Lee, Mrs. Ida Wojahn, Miss Emma Whipple, Miss Fernie Mark and Bernice Hosbach.

A conflict for dates kept Wilber group from attending the leaders meeting, so I made it an opportunity to visit their group meeting last week and share the lesson on houseplants with them. They do not have a large membership but they do have lots of fun together, a pretty important ingredient in the success of any organization.

Says Social Security Gives 3-Way Protection

To many working people social security means just old-age insurance. They realize that through the social security taxes taken out of their pay envelopes they are building protection for their years of retirement. Their knowledge of this federal insurance program stops right there, Paul M. Ellifritz, district manager of the Bay City social security office, declares.

Many of them, he said, are not aware of the family protection they have in case of their death before reaching retirement age. Others do not know that through their earnings and social security tax on those earnings they are also building disability insurance protection for themselves and their dependents.

"Every working person and his family should know that, through his social security tax payments, he is building three-way protection. He should realize that the modest deductions from his pay envelope can provide a monthly income if his earnings are cut off either by old-age, disability or death," Mr. Ellifritz points out.

Social security insurance payments are only a partial replacement of lost earnings. However, because most working people are required by law to pay social security taxes, the measure of protection afforded is greater than it would be if the system was on a voluntary basis—that is, a system in which the worker could "join up" and pay the tax or stay out and pass up protection.

By joining with other workers in the social security insurance

BELLVILLE ELECTED MASTER OF JUVENILE GRANGE

Members of Whittemore Juvenile Grange met October 10 for their regular monthly meeting with acting master, Marsha Bellville, in charge. Two new members, Leland and Leslie Verberkmoes, were elected into membership.

William Bellville was elected master of the organization for the ensuing year. Other officers elected are: Marsha Bellville, overseer; Susan Bellville, lecturer; Jerome Hall, steward; James Smith, assistant steward; Suzanne Halbert, chaplain; Vicki Bellville, treasurer; Joan Halbert, secretary; David Hall, gatekeeper; Beverly Bellville, Ceres; JoAnn Peters, Pomona; JoAnn Currie, Flora; Linda Runyan, lady assistant steward; Ann Bellville, pianist; Mrs. Marie Bellville, matron.

Plans for juvenile degree work, which will be put on at the state Grange convention at the Bancroft Hotel, Saginaw, October 24, were announced.

Anyone wishing to order Christmas cards is asked to contact a member of the organization.

Members will take part in the annual UNICEF drive at Halloween.

Lunch was served at the close of the meeting.

program and paying social security taxes, all workers share the risk and receive a greater measure of personal and family protection at less cost, Mr. Ellifritz declares.

You may obtain additional information by calling on a representative of the Social Security Administration, who will be in East Tawas at the Federal Building Thursday, October 29, at 10:30 a. m.

Gerald Anschuetz Named Chairman of Iosco Tree Growers

Iosco Tree Growers' Association board of directors elected new officers for the 1959-60 year at a recent meeting of the group.

Replacing Daniel Thayer of Hale as chairman is Gerald Anschuetz of Tawas City. Robert Grabow of Tawas City replaced Robert Reasner of Tawas City as secretary-treasurer. Harold Peterson of Tawas City was elected to fill the office of vice president which was held by Earl Bielby of Hale during the past year.

Both Mr. Anschuetz and Mr. Grabow were elected to the board at the last annual meeting to replace Elmer Anschuetz and Mr. Thayer, who completed their terms of office.

Other members of the board are Harold Wagner of Whittemore, Mr. Bielby and Mr. Reasner.

Gordon Hatch, Richard Rose, Edward Burgeson and Lloyd Little are ex officio members who serve in an advisory capacity.

Children Lost 8.4 Days From School on Account of Illness

American children lost an average of 8.4 days from school as a result of illness or injury during

the 12 months ending June 30, 1958, according to a new report from the United States National Health Survey, Director John E. Tharaldson of the census bureau's regional office at Detroit said last week.

The census bureau conducts the field work for the household interview part of the health survey for the United States Public Health Service. National health survey information is collected from a representative group of local families several times a year by certified interviewers. This information is combined with that collected in 500 other areas of the country to provide national statistics.

City children lost nine days from school, on the average, as a result of illness or injury during the period covered by the survey. Rural non-farm children lost 7.8 days during this period and farm children lost 7.3 days. However, farm children 15 to 16 years of age lost about 10 days from school as compared to 6.5 days lost by urban children of these ages.

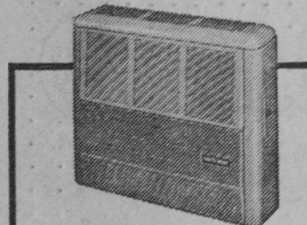

Illness or injury resulted in a total of 291.5 million school-loss days during the year covered in the survey. A school-loss day is defined in the survey as being a day when a child would have been going to school but instead missed the whole of the school day because of an illness or injury.

IN CHANCERY
Eugene T. and Mildred A. Cooper,
Plaintiffs,
vs.
Lawrence Yeipe, Albert Yeipe, Louise Canell, Beatrice Young, and the unknown heirs, devisees, legatees or assigns of Michael Yeipe and Peter Yeipe, deceased,
Defendants.

ORDER FOR APPEARANCE
At a session of said Court held at the Courthouse in the City of Tawas City in said County on the 30th day of September, 1959.
Present: Honorable Herman Dehnke, Circuit Judge.
On reading and filing the bill of complaint in said cause and the affidavit of Paul Harvey attached thereto, from which it satisfactorily appears to the Court that the defendants above named, or their unknown heirs, devisees, legatees and assigns, cannot be ascertained after diligent search and inquiry,
It is further appearing that after diligent search and inquiry it is not known whether or not said defendants are living or dead, or where any of them may reside if living, and if dead, whether they have personal representatives or heirs living or where they or some of them may reside, and further that the present whereabouts of said defendants are unknown and that the names of the persons who are included therein without being named, but who are embraced therein under the title of unknown heirs, devisees, legatees and assigns, cannot be ascertained after diligent search and inquiry,
On motion of Paul Harvey, attorney for plaintiffs, it is ordered that said defendants and their unknown heirs, devisees, legatees and assigns, cause their appearance to be entered in this cause within three months from the date of this order, and in default thereof that said bill of complaint be taken as confessed by the said defendants, their unknown heirs, devisees, legatees and assigns.

It is further appearing that after diligent search and inquiry it is not known whether or not said defendants are living or dead, or where any of them may reside if living, and if dead, whether they have personal representatives or heirs living or where they or some of them may reside, and further that the present whereabouts of said defendants are unknown, and that the names of the persons who are included therein without being named, but who are embraced therein under the title of unknown heirs, devisees, legatees and assigns, cannot be ascertained after diligent search and inquiry,
On motion of Paul Harvey, attorney for plaintiffs, it is ordered that said defendants and their unknown heirs, devisees, legatees and assigns, cause their appearance to be entered in this cause within three months from the date of this order, and in default thereof that said bill of complaint be taken as confessed by the said defendants, their unknown heirs, devisees, legatees and assigns.

It is further appearing that after diligent search and inquiry it is not known whether or not said defendants are living or dead, or where any of them may reside if living, and if dead, whether they have personal representatives or heirs living or where they or some of them may reside, and further that the present whereabouts of said defendants are unknown, and that the names of the persons who are included therein without being named, but who are embraced therein under the title of unknown heirs, devisees, legatees and assigns, cannot be ascertained after diligent search and inquiry,
On motion of Paul Harvey, attorney for plaintiffs, it is ordered that said defendants and their unknown heirs, devisees, legatees and assigns, cause their appearance to be entered in this cause within three months from the date of this order, and in default thereof that said bill of complaint be taken as confessed by the said defendants, their unknown heirs, devisees, legatees and assigns.

It is further appearing that after diligent search and inquiry it is not known whether or not said defendants are living or dead, or where any of them may reside if living, and if dead, whether they have personal representatives or heirs living or where they or some of them may reside, and further that the present whereabouts of said defendants are unknown, and that the names of the persons who are included therein without being named, but who are embraced therein under the title of unknown heirs, devisees, legatees and assigns, cannot be ascertained after diligent search and inquiry,
On motion of Paul Harvey, attorney for plaintiffs, it is ordered that said defendants and their unknown heirs, devisees, legatees and assigns, cause their appearance to be entered in this cause within three months from the date of this order, and in default thereof that said bill of complaint be taken as confessed by the said defendants, their unknown heirs, devisees, legatees and assigns.

It is further appearing that after diligent search and inquiry it is not known whether or not said defendants are living or dead, or where any of them may reside if living, and if dead, whether they have personal representatives or heirs living or where they or some of them may reside, and further that the present whereabouts of said defendants are unknown, and that the names of the persons who are included therein without being named, but who are embraced therein under the title of unknown heirs, devisees, legatees and assigns, cannot be ascertained after diligent search and inquiry,
On motion of Paul Harvey, attorney for plaintiffs, it is ordered that said defendants and their unknown heirs, devisees, legatees and assigns, cause their appearance to be entered in this cause within three months from the date of this order, and in default thereof that said bill of complaint be taken as confessed by the said defendants, their unknown heirs, devisees, legatees and assigns.

It is further appearing that after diligent search and inquiry it is not known whether or not said defendants are living or dead, or where any of them may reside if living, and if dead, whether they have personal representatives or heirs living or where they or some of them may reside, and further that the present whereabouts of said defendants are unknown, and that the names of the persons who are included therein without being named, but who are embraced therein under the title of unknown heirs, devisees, legatees and assigns, cannot be ascertained after diligent search and inquiry,

Police Chiefs Place Emphasis on Traffic Law Observance

"There ought to be a law." This popular expression of how to solve a problem, though often used in jest, has a significance people may overlook.

Americans, by virtue of their national heritage and conviction in a constitutional democracy, fundamentally believe in the solution of society's problems through proper legislation. Once the need for a law is recognized Americans have the right and the means, also guaranteed by law, to get it.

American laws are essentially the rules of conduct desired and approved by the majority for the common good. Yet the application of these rules often produces a considerable minority who classify themselves as exceptions to the law. It is ironic that the law-making process is democratic but that observation of law is often arbitrary.

This seems particularly true in regard to traffic laws, which are enacted to provide for the safe and efficient movement of all vehicular traffic. Yet, many of the individuals constituting this traffic deliberately choose to disregard these rules, thereby risking not only the penalties which society has attached to such action but also jeopardizing their own property and lives.

The Michigan Association of Chiefs of Police is calling attention to traffic law violations and the drivers who commit them in their "Unwanted Drivers" poster campaign. And in the current

emphasis on the stop sign driver who deliberately ignores stop signs and signals, the police hope that such drivers will cease being a minority and join the great majority of good drivers who obey traffic stop signs and signals. To be certain that ignorance of the law is not a factor in such anti-social, illegal driving behavior, Police Chief George Ruth of Tawas City calls attention to the following pertinent traffic regulations as defined by law and interpreted by the courts.

A complete stop is required at all "stop signs" and "red" traffic signals. A complete stop is one which entirely halts the forward progress of the car—not just a slowing down by shifting gears or light braking. Following such a complete stop, the driver should yield the right of way to any car which has entered the intersection or is so close to it that entering might cause a collision.

A "flashing" red light calls for a complete stop.

A "yellow" light always means caution—"prepare for a stop." The yellow light which follows the green light of a traffic signal is not a warning to speed through the intersection. It is a warning to stop before entering the intersection.

The "flashing yellow" light means that the intersection it marks is dangerous and requires a slower speed for safety and a complete stop if necessary.

The "yield" sign is another type of cautioning message. It is used where cross traffic is not heavy enough to warrant the stop sign, but heavy enough to warrant extreme caution before entering. If no traffic is present, the driver facing the yield sign may proceed with caution. If traffic is sufficiently close to present a conflict, the yielding must become a "stop."

If drivers will simply remember that the color red always means a complete stop, while the color yellow always means "slow down and be prepared for a complete stop," police are convinced that intersection collisions can be avoided. Last year such law observance would have saved the lives of over a hundred people in Michigan.

If there ought to be a traffic law, all drivers ought to obey it.

Camp Fire Girl Field Supervisor to be Here October 27-30

Mrs. Mary Ellen Owen, field adviser for Camp Fire Girls, Incorporated, will visit East Tawas next week from Tuesday, October 27, through Friday, October 30, according to Mrs. J. N. Dimmick, chairman of the East Tawas Camp Fire Girls Association. The purpose of her visit is to meet with new and experienced Bluebird and campfire girls leaders, sponsors and parents, as well as the executive committee, to give them training and discuss plans for their work with girls this year.

Following is a tentative schedule of meetings planned for the week:

Tuesday, October 27—2:00 p. m.: Training committee, at the home of Mrs. Ralph Edwards, 407 Newman Street; 7:30 p. m.: Experienced campfire leaders, assistants and sponsors.

Wednesday, October 28—9:30 a. m.: New Bluebird leaders, assistants, sponsors and parents of any who are interested, at the home of Mrs. Dimmick, 112 West Franklin Street; 2:00 p. m.: Group organization committee, or others as needed; 7:30 p. m.: New campfire guardians, assistants and sponsors.

Thursday, October 29—9:30 a. m.: Jubilee project meeting, open to any adults in Bluebird or campfire groups, including leaders, assistants, sponsors or executive committee or girl project committee members, at Mrs. Dimmick's.

Friday, October 30—Meetings as needed.

Where meetings places are not shown, they have not yet been decided upon. Call Mrs. Dimmick or Mrs. Henry Slykhouse for information.

Mrs. Owen has been here several times before to help with the organization of campfire girls in this area. She advises councils in Michigan, Ohio, Indiana, Illinois, Kentucky and West Virginia. She has had considerable experience in campfire work as well as other social work.

While the schedule of meetings is set up more or less for specific groups, any person who is interested is welcome to attend any of the meetings. An invitation is extended to mothers of the girls in groups or of girls who would like to join, to attend the meetings and learn more about the program.

GASOLINE TRUCK HITS CAR; DRIVERS ESCAPE INJURY

A West Branch truck driver and an East Tawas man escaped serious injury Monday afternoon when a loaded gasoline truck collided with a passenger car on M-55 west of Tawas City.

Investigating Iosco County Sheriff's Department officers reported that a Nelson Oil Company gasoline transport struck the rear end of a car being driven by Frank C. Blust of 611 East State Street. Blust was in the process of making a right hand turn into the Curry farm driveway. Both vehicles were traveling east.

Cyril B. Rodman, driver of the truck, told officers that although the passenger car signaled a turn, he was unable to avoid the collision. The truck veered to the right, struck the Blust car in the right side and then traveled a distance of 256 feet before ending up in the ditch. It narrowly missed a large oak tree.

Neither driver was seriously injured, although Mr. Blust received a bump on the head and was treated by a local physician.

TAWAS CITY BOWLERS GETTING IN STRIDE

Bowlers at Tawas City Recreation are beginning to hit their stride in winter bowling leagues with 16 200 games rolled there in the major league Wednesday night. Highest actual score in a single game was rolled by Neil Sheldon with a 247. Floyd Dunnill rolled two games of 225 and 221.

Other high scores were posed as follows: Collier, 202-203; Esordi, 223-202; Charters, 211; Manwaring, 216; Herrick, 213; Brown 208; Staudacher, 231; C. Lorenz, 200; Davis, 207; Murphy, 201; Bublitz, 212.

CORNELIUS A. DEDRICK

Cornelius A. Dedrick, a resident of Tampa, Florida, the past eight years and retired Detroit and Mackinac Railway Company employee, died Saturday, October 17, at St. Joseph's Mercy Hospital, Detroit.

The body was taken to the Moffatt Funeral Home where funeral services were held Tuesday afternoon, October 20. The Rev. Charles Mercer of Tawas City officiated. Interment was made at the Springport Cemetery, Harrisville.

Cornelius Auburn Dedrick was born at Killmaster October 23, 1884. He was employed by the Detroit and Mackinac for 45 years and was a conductor at the time of his retirement. He spent most of his life at Alpena and Bay City. He married Miss Edna Ellico, sister of Mrs. Morse Porter of East Tawas.

Surviving besides his wife are one brother, Elmer, and one sister, Mrs. Kate Guarnieri, both of National City.

Mr. Dedrick was a member of the Brotherhood of Railroad Trainmen and of the Baptist Church.

DISCUSS READING PROGRAM AT TAWAS AREA P-TA MEET

A program on reading, covering reading readiness at the kindergarten and first grade levels and helping poor readers in the middle elementary and junior high school grades, was presented at the October 19 meeting of Tawas Area Parent-Teacher Association. Miss Clara Bolen, chairman, was assisted by Mrs. William McCready, Mrs. Emma Sloan, Mrs. Carl Schaaf and Miss Burnetta Miller.

Jerry Johnson, president of the organization, conducted the session which was attended by approximately 300 parents and teachers. The Rev. William Lindholm, pastor of Grace Lutheran Church, East Tawas, gave an inspiring talk on moral values.

CAR SKIDS INTO TRAILER; FLINT COUPLE INJURED

A young Flint couple was injured Saturday afternoon when their car went out of control on M-55 in Tawas City and skidded into a trailer at the Tawas River Trailer Park.

Treated at Tawas Hospital were Lawrence J. Seymour, 24, and his wife, Janice, 21. Mr. Seymour suffered a skull fracture, back and possible internal injuries, bruises and lacerations. He was later removed to a Flint hospital. Mrs. Seymour sustained lacerations and bruises to the head and body.

Investigating state police officers said that apparently Seymour had passed a car at a high rate of speed and pulled in short to avoid colliding with an oncoming vehicle. Seymour's car went off the right shoulder where he lost control. The car skidded across the road, flipped over and rolled.

Skidding some 402 feet from where it left the road, the car ended up against a house trailer in the Tawas River Trailer Park. The trailer, owned by Robert Cantrell of Midland, was not badly damaged, stated police.
