

Tawas School Has Enrollment Increase of 75

Annual fourth Friday enrollment count, the figure which is used to determine state aid payments, revealed that Tawas Area School has an enrollment of 1,473 students this year. This is an increase of 75 students over last year and 30 over the first Friday enrollment count of 1958.

In a report to the board of education Monday night, Supt. Reynold Mick said that the largest share of this increase came in the kindergarten. Last year, the kindergarten enrollment stood at 125. There has been an increase of 60 youngsters this year.

However, the enrollment total in the first grade this year, numbering 116 pupils, appears to indicate that 38 of last year's kindergartners were "absorbed" by area parochial schools or have moved from the area.

The junior high saw an increase of 14 students over 1958. Combined enrollment in the seventh and eighth grades this year is 218, as compared to 204 last year.

The senior high enrollment gained only one student this year, 470 in 1959 as compared to 469 in 1958. However, there has been a re-shuffling of individual grade enrollment figures.

Last year, there were 99 eighth graders and this year there are 122 freshmen, brought on principally by parochial school graduation; in 1958, there were 117 freshmen, a drop of only one in this year's sophomore class of 116; last year's 10th grade has an enrollment of 118 while this year there are 117 enrolled in the 11th grade; last year's junior class numbered 129 while this year's senior class totals 115.

EMTA Asks for Larger County Appropriation

In submitting a request for an appropriation increase from \$500 to \$750 annually from the Iosco County Board of Supervisors, East Michigan Tourist Association revealed this week that it was planning to spend \$110,000 during the next year.

"We certainly have appreciated your continuous and wholehearted support of our organization over a great many years," stated Secretary-Manager Frank Davis in his letter this week.

In his request for \$750 this year, Davis said that this amount is in line with what other important tourist counties are doing. Cheboygan appropriates \$750; Roscommon, \$1,000. "Actually, the \$500 is about the average appropriation made and we feel Iosco County is far above the average in its tourist trade," said Davis.

The EMTA secretary said that surveys reveal that although the tourist business got off to a slow start this spring, it increased tremendously during the summer and late summer to the point where it has been one of Michigan's best tourist seasons. "Your county has been particularly fortunate in that it has some good agricultural developments, some industries and, of course, Wurtsmith Air Force Base. It is our hope, however, that your county will not neglect the development of the tourist trade because of these valuable features," Davis said.

20th District Quotarians to Convene Here October 9-11 With 140 Delegates

Quota Club of Iosco County and Bay City Quota Club will be hosts to quotarians of the 20th district at the annual conference of the group October 9-11. Convention headquarters will be set up at the Holland Hotel, East Tawas.

About 140 delegates from Port Wayne, Dearborn, Flint, Oakland, Detroit, Port Huron, Kalamazoo, Grand Rapids, Saginaw, Bay City and Iosco County clubs are expected. Miss Edna Otis of East Tawas, president of the local club, and Mrs. Leola Frank of Oscoda are the official representatives of the Iosco unit.

Miss Dorothy Scott of East Tawas is general chairman for the session and Miss Effie Moore of Bay City is vice chairman. Local arrangement committees are headed by the following club members: Mrs. Maori Kurtzrock, reservations and registration; Mrs. Neva Moffatt and Miss Marie Nash, decorations; Mrs.

New Whittemore-Prescott School Dedicated With Impressive Program

Several hundred Northeastern Michigan residents joined with proud residents of the Whittemore-Prescott Area School District Sunday in a program dedicating that area's new junior and senior high school. The new structure is situated between the two towns on the Iosco-Ogemaw County line.

Constructed at a cost of \$527,000, including equipment, the building is located on a wooded 40-acre site on Prescott Road. The building is constructed of Wylite concrete blocks faced with tan brick. Colored metal paneling on the auditorium and aluminum sheeting on the gymnasium add to the attractiveness of the building.

"This has been a day that everybody has looked forward to for a long time—we sometimes thought it would never come," was the comment of Supt. John Halbert.

Mr. Halbert said that in construction of the school building, its planners had three things in mind: 1. To provide the best possible education for the children; 2. Lowest possible cost to taxpayers; 3. An attractive surrounding for the children.

"When people work together they can climb mountains. I hope our people will keep the same united attitude toward the school as in the past—even though this new school building is now completed," said Mr. Halbert.

Following music by the Whittemore-Prescott High School Band, under the direction of Henry VerBermees, and greetings by A. Emil Sztanyo, president of the board of education, Mr. Halbert introduced James Hoak, president of the teacher's club, who spoke on the importance of the new school to a

teacher. This same topic, only from the viewpoint of a student and a parent, was the subject of talks by Dennis Fuerst, president of the student council, and Warren Britt, chairman of the area consolidation steering committee.

Paul Hazelton, Traverse City architect who designed the building, handed the key to the new building to Celia Perrin, secretary of the board of education. The key was then accepted on behalf of the faculty staff and students by Aaron L. Manwaring, principal.

Principal speaker during the program was Stephen S. Nisbet, president of the state board of education. In his remarks, Mr.

Nisbet said that the construction of the new school shows careful and well-thought-out planning. "You people in this area have a very fine building at a very fine cost. You have many assets in the community, but none which will use this building."

In his address, "New Horizons," Mr. Nisbet asked the question, "What kind of footsteps are we making for our children to follow?" He said that it was the obligation of the people to set the right example for youngsters.

"The things you and I do are indelibly marked in life. Everyone in the area must do everything possible to make this a

better world. You have no idea of how far your influence goes," Mr. Nisbet reminded his audience.

Actually, attending this program was a bit of a homecoming for Mr. Nisbet. At one time, he was a teacher at Whittemore. Following the program, Mr. Nisbet was greeted by many old friends from the Whittemore and Tawas area. A native of Tawas City and a graduate of schools in this community, Nisbet is vice president in charge of public relations for Gerber Baby Foods Incorporated, at Fremont, the town where he has spent most of his life since World War I.

Annual EMTA Dinner-Reception October 15

Annual dinner and reception will be held by East Michigan Tourist Association October 15 at the Wenonah Hotel in Bay City. Speaker will be "Sunshine Gene" Flack, sales consultant and director of advertising for Sunshine Biscuits, Incorporated. Joseph Horan, president of the National Association of Travel Organizations, will be the noon luncheon speaker.

Union Says Company is Using Salaried Workers Unlawfully

Representatives of Union Local 2539, Carpenters and Joiners of America, declared last Friday that they refused to negotiate further with Anderson Coach Company, charging that the company was unlawfully using salaried personnel to construct coaches. Anderson Coach Company has been strike bound since August 4 and no progress has been made toward agreement on a new contract during the ensuing 10 weeks.

"After careful consideration of the general situation," the union statement read, "we, the employees of Anderson Coach Company have come to the conclusion that we can no longer overlook the company's actions in using its salaried personnel to continue construction of coaches."

"We have, as the community knows, bent over backwards to avoid violence, threats of violence, or interference of any kind in the matter of materials entering or leaving company property."

"On the other hand, the company, in using its own salaried personnel and even that of Huron Sales Company to continue the construction of coaches, is not only operating unlawfully under strike conditions, but is creating a condition which is aggravating the people to a point where it is difficult to avoid violence."

"Our only recourse under these conditions," the union stated, "is to declare that we must refuse to negotiate further with the company until their salaried personnel stop working on coaches in the plant."

EAST TAWAS MAN KILLED BY TRUCK

Leo Docherty, 63, of 911 Smith Street, East Tawas, was killed by a tractor-trailer Saturday as he walked across a busy intersection to a diner at Auburn, Massachusetts.

Docherty, who drove for the Morgan Drive-a-Way Company, Incorporated, of Marlette, had parked his own tractor-trailer in a gas station off routes 12 and 13.

Casey Acquitted of Negligent Homicide

James Casey, 18, of Oscoda was acquitted of a negligent homicide charge last Wednesday in Iosco County Circuit Court by a jury composed of 10 men and two women. The jury deliberated 1½ hours before announcing its decision before Judge Herman Dehnke.

The charge was filed by Prosecuting Attorney Paul Harvey after Casey was involved in a two-car collision south of Oscoda in which a 15-year-old Tawas City girl, Jacquelyn J. Riley, received fatal injuries.

Facing prosecution now in Iosco County Circuit Court on a manslaughter charge is Jack T. Thomas, 31, Wurtsmith Air Force Base, driver of the car in which Miss Riley was a passenger.

At the time of the accident, investigating officers said that Casey had just made a left turn onto US-23 from Johnson Road when his car was struck from the rear by the Thomas vehicle.

Thomas sustained serious injuries in the collision, as did Casey and three other passengers, two in the former's car and one in the latter.

To Rule on Judge's Decree as First Petitioned—

Supreme Court Denies Move to Reopen Port Gypsum Case

Michigan's Supreme Court denied a motion Tuesday to reopen the case against National Gypsum Company's Port Gypsum installation south of Tawas City. A motion, filed by the Michigan Department of Conservation and adjacent lake shore property owners, asked that the case be returned to Iosco County Circuit Court for further testimony.

In its denial, Michigan's highest tribunal voted to hear arguments on the decision handed down by Judge Herman Dehnke of the 23rd Judicial Circuit. Judge Dehnke signed the decree allowing construction of the port installation July 21, 1958.

The case is expected to come before the supreme court Thursday, October 15.

Judge Dehnke's opinion, handed down last year after numerous court hearings and many days of testimony and deliberation, is to be tested by the supreme court on motion of the Michigan Department of Conservation and an association representing property owners in the immediate area of the new dock installation.

Last Tuesday, however, John R. Watkins, East Tawas attorney and counsel for National Gypsum, reported that a motion for an order reopening the case for proofs and for taking additional testimony had been filed in the supreme court by Smith and Brooker, attorneys for the property owners, and Nicholas V. Olds, assistant attorney general for the State of Michigan.

The plaintiffs motion stated that at the time of the trial, the dock was not in operation and the defendants did not know what was going to happen.

The state and the property owners adjacent to the dock claim that the turning basin, and its use by boats while being loaded, has created an "intolerable and unbearable condition to

the irreparable harm and injury of the plaintiffs' property interests and also to the public interest in this community."

Another brief filed Monday of this week by Olds cited a supreme court ruling which dealt with the disturbance of sleep.

Watkins said that the procedure being used by the state was "unique." He said that he had no knowledge of any similar occurrence in a case already set for trial before the supreme court.

In his reply to the brief filed by the plaintiffs, Watkins set forth the following points: 1. That the procedure was not made in good faith by the plaintiffs; 2. That it was designed to prejudice the company in the eyes of the court; 3. That because of such short notice, there was not ade-

quate time to reply to the motion.

Affidavits supporting the motion were signed by Malvern F. Obrecht, the Rev. Fr. Robert F. Neuman, Arthur L. Johnson, Elmer Slaven and Dale W. Granger, hydraulic engineer for the water resources commission. Neuman, Johnson and Slaven are adjacent property owners. Obrecht is an officer of the Lake Huron Shore Property Owners Association.

Since opening its new White Rock Quarry and Port Gypsum installations, rock quarried in Iosco County has supplied new National Gypsum Company plants at Waukegan, Illinois, and Lorain, Ohio. The installation has also supplied gypsum for the National City plant in Sherman Township and the recently acquired Huron Portland Cement plant at Alpena.

Township Officers and Supervisors Meet Here

Some 225 township officers and supervisors are expected to attend the annual joint meeting of the Fourth District Supervisors Association and Michigan Institute of Local Government to be held at East Tawas this Thursday. Headquarters for the confab will be the Holland Hotel.

Attending will be township and city supervisors, township clerks, treasurers and trustees of the Counties of Roscommon, Ogemaw, Ionia, Gladwin, Arenac, Isabella, Midland and Bay.

Clarence Everett, president of the Fourth District Supervisors Association, has general charge of arrangements for the meeting. The welcome address will be given by Glenn Long, chairman of the Iosco County Board of Supervisors.

The general session is to be chaired by D. Hale Brake, former state treasurer, who is president of the Michigan Institute of Local Government.

Chairmen of the three divisions of the meeting will be W. E. Dennison, Bay County, in charge of supervisors; George Prescott, Tawas City, in charge of clerks, and Mrs. Grace L. Miller, East Tawas, in charge of treasurers.

The program is scheduled to start at 9:00 a. m. and will conclude at 4:00 p. m. Panel discussions are scheduled and meetings will be held at the East Tawas Community Building.

Mr. Everett said that new legislation affecting townships and counties will be discussed during the general session.

When the group divides into its three divisions, county ordinances, audits, salaries, levy of taxes, equalization, welfare and parks will be among topics discussed by the supervisors. The

department of public works was authorized to purchase 250 yards of crushed stone for road repair.

Salaries of Supt. Paul Roper and Office Manager Lewis Besancon were raised \$25 a month.

To Call Hearing on Proposed New Sewer

East Tawas City Council approved a resolution Monday night signed by the required 51 percent of property owners who requested sanitary sewer facilities along some sections of Sawyer, Washington and Newman Streets.

The council authorized its city attorney to proceed with legal work establishing a special assessment district to finance such construction. The council set November 2 as the date for a hearing on the proposed project.

Four building applications were approved. They were as follows: T. S. Dimmick, remodel front on the former location of the A and P Store; John Henry, construct new roof; James Martin, make addition to cabin; Richter Lixey, make addition to store building.

4 Building Permits OK'd by Tawas City

Four building applications, approved during the past week by the Tawas City Department of Public Works, were read at the regular meeting of the city council Monday night.

Applications were as follows: John St. James, 223 Fifth Avenue, St. James, 223 Fifth Avenue, 14 by 24 cement block addition to garage, \$1,000; Hugo Wójahn, 514 Maple, 20 by 22 garage, \$250; Alton Abbott, install new roof on the Marvin Ransom Building, 541 Lake, \$300; George R. Smith Jr., 507 Eleventh Avenue, 20 by 20 garage, \$500.

In other business, a letter was read from George Baldwin of Baldwin Gas and Oil. He requested that his firm be considered in the purchase of fuel oil and gasoline by the city.

A request was received from residents of Bay Drive asking that a street light be installed at the angle intersection of Bay Drive and US-23.

Alderman Howard Hatton reported that Albert H. Buch, a store building owner in the business district, "was almost to the point of closing the alley adjacent to his property because of damage to his building by trucks." Hatton said that this would prove to be another alleyway problem unless a solution was forthcoming.

A final warning is to be sent to local residents who do not remove trash burners and garbage cans from street right-of-ways. If they are not removed, city trucks are to pick up the cans.

Cong. Cederberg to Visit Iosco October 13

Iosco County residents will have an opportunity to discuss federal matters with their congressman Tuesday, October 13, when Rep. Elford A. Cederberg of the 10th District comes to the Iosco County Building, Tawas City, for an open house visit with his constituents in this area. He will be at the county building between 2:00 and 4:00 p. m.

Congressman Cederberg will speak at the meeting of the Tawas Kiwanis Club at noon and before the Hale Grange at 8 o'clock that same evening.

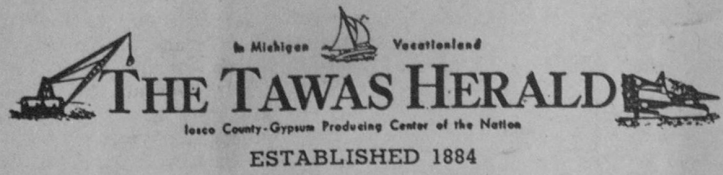

"If any of the residents of Iosco County have a problem in which the federal government is involved, or if they wish to discuss some particular legislation before congress, I hope they will come to the county building while I am here," Congressman Cederberg said. He added that if anyone has a problem and cannot come to the county building, he will be glad to have them write him at his office in the Federal Building, Bay City.

SENTENCED IN ARENA
 William J. Wolbert, 20, of Whittemore was sentenced to two years in Southern Michigan Prison by Arenac Circuit Court Judge John Shaffer. Wolbert was found guilty of negligent homicide by a jury.

He was the driver of a car in which a Breckenridge youth was killed June 3 in a crash south of the Whitney Drain bridge on US-23.

CHARTER MEMBERS of the new Kiwanis-sponsored Key Club at Tawas Area High School are shown here watching President James Wilkusi, seated in center, signing the charter petition. 408 Lake Street Tawas City, Michigan

Entered at the Tawas City Post Office July 12, 1884, as Second Class Matter, under Act of March 1, 1879.

P. N. THORNTON and SONS, PUBLISHERS

Playing post office has always been a favorite with boys and girls, yet some find written words as hard to tackle as a football player in a touchdown rush.

We show them first that neatness should envelope written thoughts, that notes are penciled only when other means are not available, that margins like grass that is marked "keep off" should not be trod upon.

We stress the careful choosing of stationery and the color of ink. Magically bulletin boards suddenly become open-letter areas as hunting season for examples of the good and bad begins.

We call attention, too, to need for privacy. A letter that is addressed to mother and dad, like towels marked his and hers, belongs to them and even though youngsters know that it is from grandma and that they are included inside, too, the privilege of opening it is still not theirs.

But then it ought to work that way for them as well. A rush of pleasure is often dimmed at learning secondhand the news that should have all stayed sealed until released by him to whom the letter is sent.

Also, we point out that there is unkindness in finding mail that is not ours and reading passages aloud that just are not meant to be. Some thoughts set down show genuine loveliness expressed perhaps to only one—a deep-down thought of God, life or an opinion otherwise carefully guarded.

It is important, too, that letters hold more "you" than "I" and that phrases should be turned uniquely, with clever little ways of saying ordinary facts, that letters should avoid such labels as "Well, that is all," or "I must go." Even books are veering from those final words, "The End." And "Ha, ha," after funny incidents suggest the acting of a play. No one likes much being told that here one is supposed to laugh. Writers must not underestimate intelligence of those who read.

The boys and girls see humor in the way they start their letters often. That familiar "How

are you?" should not evoke a listing of one's ailments. The need for cheer, instead of anger and complaints, in letters is stressed and judgment as to what they write must always be used, lest discontent or loneliness be created in the reader.

Pen pal flourish, too, at times like this, and cultures from across the seas are brought into the classroom through the interchange of letters.

What better time, also, to launch into a study of the background of the mails—to study rates and where the postal money goes, to look at problems of the postmaster general, to learn the processing of mail?

And then we show the need for answering letters at a reasonable time—that as the days elapse, the urge to write diminishes as the what-to-write thought grows. Thus the intention often wears a label—lost.

That is just what I was now. For weeks I had been haunted by the thought of answering Sue's letter. And finally two days ago, I pushed aside immediate tasks, wrote and felt a glorious glow at having done the deed at last.

And with my halo still aloft, I hurried to the box and opened it. Fast dropped the halo to my neck and tightened dangerously. A sudden answer from Sue had whizzed back and once again, I owed her!

CHRISTIAN SCIENCE "Are Sin, Disease, and Death Real?" will be the subject of the lesson-sermon at Christian Science services Sunday.

God's healing and saving power will be brought out in readings from the Bible which include this verse from Isaiah (52:9): "Break forth into joy, sing together, ye waste places of Jerusalem: for the Lord hath comforted his people, he hath redeemed Jerusalem."

Selections from "Science and Health with Key to the Scriptures" by Mary Baker Eddy will include (248:29): "Let unselfishness, goodness, mercy, justice, health, holiness, love—the kingdom of heaven—reign within us, and sin, disease, and death will diminish until they finally disappear."

The Golden Text is from Psalms (67:1,2): "God be merciful unto us, and bless us; and cause his face to shine upon us; that thy way may be known upon earth, thy saving health among all nations."

THE SUPERLATIVE '60 CHEVY

This is the one that says '60 like no other car. From its clean-thrusting grille to its dapper rear deck, there's so much that is new and different about this superlative Chevrolet it stands out from the rest like a fresh-minted coin. And you'll be just as wide-eyed over what's inside—the relaxing roominess, tasteful trim, hushed elegance, all comfortably cradled by Full Coil springs at all four wheels. Yet, sumptuous as this new Chevy is, you'll find new economy of operation, new dependability, new longer life. Here, then, we're confident both you and your budget will joyously agree, is the nearest to perfection a low-priced car ever came!

Here's the car that introduces a whole new decade of design—with so much that's new and different the other ones can only hope to come close. It's the superlative '60 Chevrolet—with new space inside, new spirit under the hood, new splendor in every clean-etched line. Freshly shaped contours rake back from the unified new grille to the jaunty rear deck, fitted with craftsmanship you'd expect only on the most expensive makes. Inside, there's room to sprawl in, room to sit tall in—generously provided by Chevy's sofa-wide seats and extra margin of hat space. And there's even more leg room for the man in the middle—thanks to the way Chevrolet engineers have shaved down the transmission tunnel. Out on the road, as Chevy's Full Coil ride will persuade you most gently, there's not a car near the price that comes close to the hushed comfort of this one. And, adding to your sense of silence and solidity are thicker, newly designed rubber body mounts that do an even more efficient job of filtering out road shock, tire hum and vibration. Quiet, quick-responding power is provided by a choice of two standard engines—Chevy's famed Hi- Thrift 6 and a new Economy Turbo-Fire V8 that gets up to 10% more miles out of a gallon of regular while delivering greater engine torque at normal speeds. Chevy's accent on comfort and convenience even extends back to its easier-to-load (and tremendous) luggage compartment. You'll also find a convenient new parking brake that automatically returns to normal height after application, a new clutch linkage that filters out even the smallest engine impulses more effectively than ever and a trim new two-toning motif that's available on all 16 fresh-minted models. But, impressive as all this may look in print, there's really only one way to tell how near to perfection this superlative '60 Chevrolet actually comes... and that's to drop in on your dealer and drive one!

146 Attend Student Librarian Meet

The Iosco-Arenac Regional Library was host to junior-senior student librarians from schools of Iosco and Arenac Counties September 28-30 for their annual workshops.

This is a yearly training program inaugurated four years ago by Miss Leonora Hass, director of the regional library. Student librarian assistants in schools serviced by the regional library branches and bookmobile have done outstanding work and have helped to solve many of the problems arising from large scale book distribution.

Eighty-seven junior librarians from the intermediate grades attended classes in library procedures taught by Miss Hass and staff members, Mrs. Dorine McMullen, Mrs. Annette White, Mrs. Marye Sproule and Mrs. Pauline Rettele. On Wednesday, 59 high school student librarians were given instruction in reference, book mending, poster making, display and publicity.

Guest speaker Wednesday afternoon was Miss Helen MacCurdy, head librarian at Alma College, who talked on opportunities available in library careers and SLAAM, the Student Librarian Assistants Association of Michigan.

Meetings were held at the Tawas City Methodist Memorial Hall and all students were guests of the library at a picnic-style lunch.

This program has also aroused great interest in outstate areas and the regional library has received several inquiries from other county librarians who wish to follow the plan.

SIX JUNIOR LIBRARIANS representing Iosco and Arenac County Schools are shown above with Miss Helen MacCurdy, Alma College librarian, who was the principal speaker at a training program held in Tawas City last week. Seated from left to right are Diane Roughley, Tawas Area High School junior; Miss MacCurdy; Marianne Waszkiewicz, Oscoda Area junior. Standing, left to right, are Joseph Schinko, Au Gres-Sims High School sophomore; Diann Heierman, Whittemore-Preseott Area junior; Theo Hilts, Hale Area senior, and Ben Bailey, Standish - Sterling, freshman.—Tawas Herald Photo.

Farm Events

By MARVIN DAVENPORT
Iosco Agricultural Agent

Calendar:
Thursday, October 15—Hereford Calf Association Sale, West Branch.

A pulp and timber equipment field day will be held in Antrim County Tuesday, October 13. The field day will be an actual woods demonstration of a number of practical woods working pieces of equipment that are now available to assist in taking labor out of pulp and timber jobs.

The field day will be held in the James Harris farm woods in Antrim County located on county highway 618, 4 1/2 miles northwest of Alden, or seven miles west of Mancelona, or six miles south of Bellaire. The event will start at 10:00 a. m. and be completed at 3:00 p. m.

From 10:00 to 11:00 a. m. will be devoted to inspecting various woods working exhibits which will be present.

A fast moving series of demonstrations and educational events will start at 11:00 a. m. At this time, various chain saw exhibitors will be called upon to give the high points of their particular chain saw and demonstrate it. Following the chain saw demonstrations, a chain saw maintenance clinic will be conducted by Ralph Staley, field representative of the Oregon Chipper Chain Company of Ashland, Ohio. Most chain saws use this particular chain and Mr. Staley travels the

country over conducting chain maintenance schools.

Representatives of the Abitibi Corporation, Alpena, and the American Box Board Corporation, Filer City, will be called upon to give the timer requirements and specifications of their companies.

The American Tree Farm Program will be explained by Charles G. Allen, chairman of the Michigan Tree Farm Committee of the Scott Paper Company, Detroit.

Timberland Improvement Demonstration work will be illustrated by Lester Bell, extension forester, Michigan State University, assisted by Roger Rasmussen, farm forester of the Michigan Department of Conservation. Timber removal from this and other cuttings will be demonstrated by a number of various pieces of hydraulic tractor powered equipment. Also, a number of trucks will be demonstrated that have their own hydraulic equipment for loading on the truck or into rail cars. Of considerable interest to many will be a demonstration of a portable debarking machine, which is considered by many to be the best of its kind available.

Lunches will be served on the grounds and coffee and doughnuts will be available throughout the day through the courtesy of the American Box Board Corporation, Filer City, and the Abitibi Corporation of Alpena.

All woods operators and owners are urged to attend this area wide meeting.

Spraying against quack grass and yellow rocket by early November can save farmers a lot of heartaches next year.

Stuart C. Hildebrand, Michigan State University farm specialist, says research finds that fall-sprayed MCPA controls yellow rocket beautifully. Dalapon effectively controls quack grass.

What is more, many farmers will have little time to spray during next spring's busy planting season.

Fall spraying against quack grass is an especially good idea where you will be planting corn or beans next year. Planting within five weeks after dalapon spraying may cause some crop damage.

Around 10 pounds of dalapon per acre has controlled quack grass in most Michigan State University plots. The expert recommends 15 pounds per acre on heavily infested fields and 10 pounds per acre on lightly infested fields.

Dalapon kills quack grass best when it is applied to growing plants about six to eight inches tall. The herbicide is effective when applied in fall or spring.

Yellow rocket has hurt a lot of Michigan alfalfa crops in recent years. This weed of the mustard family makes hay stemmy and unpalatable.

Yellow rocket plants start growing in the fall. A watchful eye can see small rosettes or leaf clusters at ground level.

One-half pound of MCPA per acre sprayed on this fall gives beautiful control. This amount costs about \$11.

MCPA spraying gives an added bonus. It controls mustard type weeds such as wild carrot, peppergrass, shepherds purse, penny cress, bull thistle, wild mustard and sweet clover.

STANLEY BURMEISTER HERE OCTOBER 14

Stanley J. Burmeister, field service officer for the Amvets, will be in the county school superintendent's office at the Iosco County Building, Tawas City, from 1:00-4:00 p. m. on October 14. Mr. Burmeister also takes care of veterans problems from all services.

SOCIAL SECURITY AGENT HERE OCTOBER 15

The 1958 amendments to the Social Security Act provide payments for dependent parents of a worker who dies, even though a widow, widower or children also survive. This important reminder was issued today by Paul M. Ellifritz, manager of the Bay City social security office. So, if you are a parent who was receiving most of your support from a son or daughter at the time of his or her death, Mr. Ellifritz suggests that you contact your social security office.

Until recently a dependent parent could not receive payments if there was a widow, widower or children surviving, even though the parent was receiving full support from a son or daughter. Now such a parent can claim

benefits and receive monthly payments at the age of 62 for the mother and 65 for the father. If you, as such a parent, were told in the past that you could not qualify for such payments, it is suggested that you again visit your nearest social security office. If you were receiving at least one-half your support from your son or daughter at the time he or she died, you may be eligible now or when you reach retirement age. Make your contact now even if you are still under age 62 (in the case of a mother) or under age 65 (in the case of a father); there is a time limit for submitting the proof of support.

You may call on a representative of the Social Security Administration, who will be at the Federal Building, East Tawas, Thursday, October 15, at 10:30 a. m.

QUIET REVOLUTION! ON DISPLAY TODAY! HOORAY! SMALL WONDER!

CORVAIR BY CHEVROLET! SMALL MIRACLE! THREE COMPACT CHEERS! TODAY!

THE REVOLUTIONARY Corvair

BY CHEVROLET

There's nothing like a new car—and no compact car like this de luxe Corvair 700.

Here's the car created to conquer a new field—Chevrolet's low-priced compact Corvair.

The product of nine years of research and development at the auto industry's most advanced facilities, it's America's first truly compact, economical car that retains the ride and 6-passenger comfort you're used to in a big one. The key to this small miracle: America's first and only modern rear-mounted aluminum engine—a lightweight 6 that's so revolutionary it can be packaged with the transmission and drive gears as one compact unit.

By putting the engine in the rear, Chevrolet has made the floor practically flat, front and rear. There's plenty of foot room for everybody, including the passengers in the middle.

Shifting engine weight to the rear also makes for smoother, easier compact car handling and gives glued-to-the-road traction on ice, mud or snow.

Corvair's size—some 5 inches lower, 2 1/2 feet shorter and 1,300 pounds lighter than conventional sedans—makes it a joy to jockey through busy streets, a pleasure to park (no need for power assists). Its revolutionary Turbo-Air 6 gets up to 30% more miles on a gallon of regular (a real magician on mileage). And, because the

America's only car with an airplane-type horizontal engine! America's only car with independent suspension at all 4 wheels! America's only car with an air-cooled aluminum engine!

The engine's in the rear where it belongs in a compact car!

engine's air-cooled, you never have to fuss with antifreeze, you get quicker warmup with less wear on parts even on the coldest mornings (even heat for passengers comes quicker—almost instantly—from an airplane-type heater*).

Yet, wonderfully practical as all this sounds, you'll find the most practical thing of all about this new Corvair is its remarkably low price. Your

dealer's the man to see for all the short, sweet details.

REVOLUTIONARY TURBO-AIR 6 Gets up to 30% more miles on a gallon, needs no antifreeze, provides quicker warmup with less wear on parts.

ONE-PACKAGE POWER TEAM Wraps rear engine, transmission and differential together into one compact lightweight unit. Takes less room, leaves you more.

STYLING—PURE AND SIMPLE Clean, uncluttered lines shape both 4-door models—the de luxe Corvair 700 and the standard Corvair. Each has its own distinctive trim, and you get more visibility area than in many full-sized cars.

FOLD-DOWN REAR SEAT* Works easily, instantly, adding to Corvair's versatility by enlarging rear seat cargo space to 17.6 cu. ft.

FLAT FLOOR Corvair is America's only compact car with a practically flat floor, the only one with the kind of relaxing room that U.S. motorists are used to.

UNISTRUT BODY BY FISHER Does away with conventional frame, incorporating all structure into a rigid body-frame unit that gives you more inside room with less weight.

UNDER-HOOD LUGGAGE COMPARTMENT Trunk's up front (like an elephant's) where it's convenient for groceries, luggage.

4-WHEEL INDEPENDENT SUSPENSION There's no conventional axle—front or rear. Wheels, cushioned by coil springs, take bumps independently of each other, for smooth, road-hugging ride.

*Optional at extra cost

Athletic Club To Sell Cardinal Season Tickets

A meeting of the Cardinal Athletic Club, a group of men interested in the promotion of athletics at Whittemore-Prescott High School, was held Tuesday, September 29.

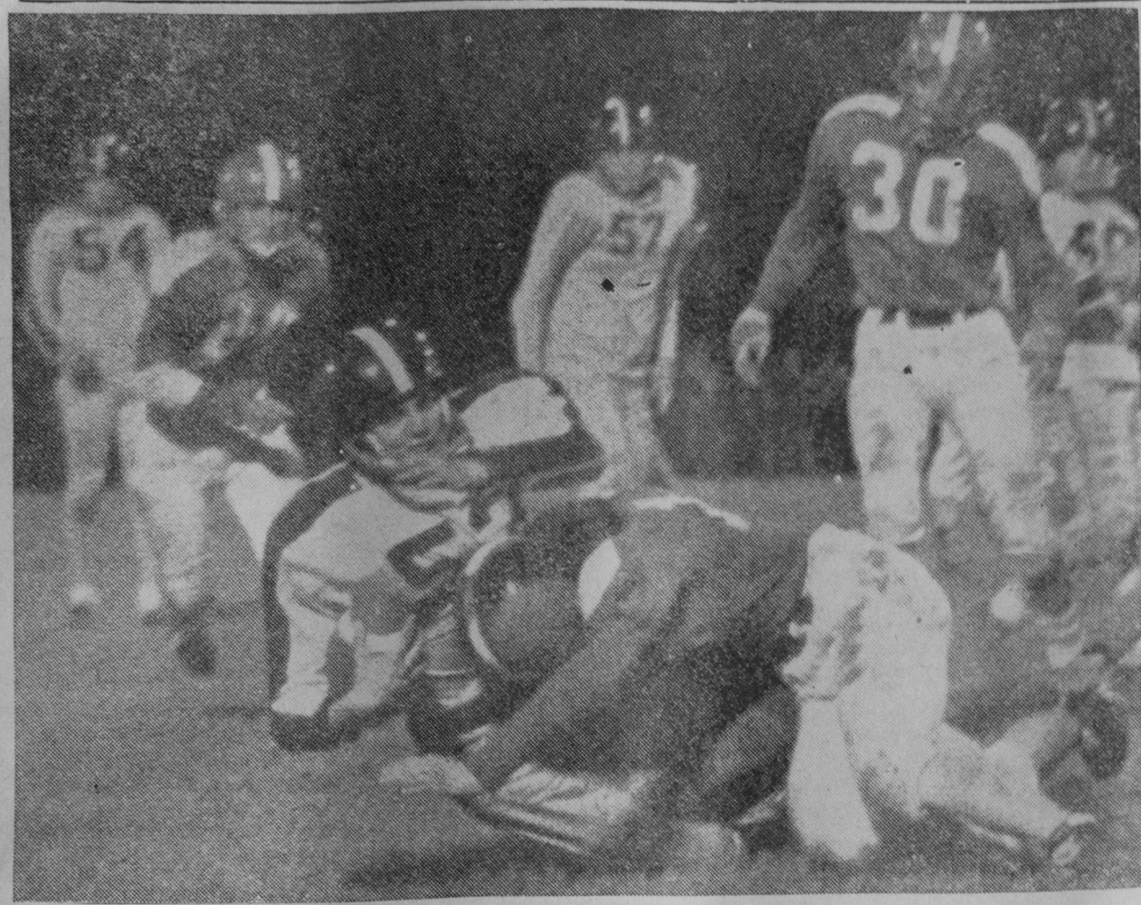

New officers elected at the meeting were: Wayne Soper, president; Charles Bailey, vice president; John H. Halbert, secretary-treasurer.

The group has taken up the sale of season tickets for football games. Tickets may be purchased at Furst and Charters, Whittemore, and Prescott Grain and Lumber, Prescott, as well as at the school.

A discussion was held concerning selling coffee and hamburgs at the school cafeteria in between and at halftime of home basketball games.

Also discussed were: The possibility of having a lighted athletic field for the 1960 season, reserve seats for basketball, time and date of future meetings.

The next meeting has been scheduled for Tuesday, November 10, at 8:00 p. m.

FULLBACK HUBBARD of Roscommon, all conference back last year, is shown being tackled by Ken Herriman of Tawas Area. Other players identified are Doug Evans, No. 30, of Tawas Area; Johnson, No. 54, and Papenfus, No. 57, both of Roscommon.—Tawas Herald Photo.

Roscommon Bucks Down Tawas Braves 19 to 7

Tawas Area Braves, fresh from tasting their first victory of the 1959 season last week, suffered their second setback at the hands of Roscommon Friday night, 19-7. The Bucks now have a season record of two wins and no losses.

Play in the Northeastern Michigan Conference this week will find the Braves traveling to Houghton Lake where they will take on the Bobcats, last year's defending conference champions.

In last Friday's encounter, the Bucks and Braves were fairly evenly matched with the Roscommon team holding a slight weight advantage in the line. The big difference came when the hard-charging Roscommon team was quick to take advantage of a couple of Tawas "mistakes."

The first lapse by Tawas came shortly before the half. Until that time, both teams had gone scoreless and Tawas made a fine goal line stand. Being unable to move the ball out of their own territory, Halfback Dwayne Ulman got away a fine punt which should have put them out of trouble. Instead, the Tawas defenders did not move out fast enough to cover the receiver and Halfback Tom McCutcheon, speed merchant of the Roscommon squad, returned the ball to the Tawas 11-yard line. From there, McCutcheon punched through the Tawas line on three plays to score. The PAT was missed.

During the touchdown series, Bud St. James, Tawas defensive linebacker, was injured and had to be carried off the field. At the halftime whistle, Roscommon held a 6-0 lead.

In the third quarter, Roscommon was forced to punt to Tawas after being unable to move the ball. After losing yardage, the Braves were forced to punt with their backs to the goal line. A bad pass from center found the hard-driving Roscommon team blocking an Ulman punt and the Bucks had the ball on the Tawas one-yard line. Fullback Hubbard punched through for the touchdown and Roscommon had a 12-0 lead, missing the PAT.

Tawas dominated play in the fourth quarter, but not before Roscommon turned in its best sustained drive of the night. In 10 plays, the Bucks rolled 40 yards with McCutcheon going the final six yards to hit pay dirt and Roscommon's third touchdown of the night. A pass from Quarterback Johnson to End Hulce gave Roscommon the PAT and a 19-0 lead.

Tawas controlled the ball during the rest of the quarter, but it was not until a few minutes before the final whistle when the Braves were able to score. Tawas had 14 rushing and seven pass plays during the quarter which netted them 95 yards.

The scoring play was set up by a 30-yard scamper by Halfback Jim Brooks. After Fullback Frank Brigham went up the middle for four yards and Quarterback Pete Bolen lost five yards when his line buckled before the Buck defense, Bolen hit End Arnie Stump on the five-yard line with a jump pass and Stump went in for the touchdown, the play covering 25 yards. Bolen passed to Ulman for the PAT.

Three Tawas players were injured during the game. St. James, who went out shortly before the half, is in the hospital with a leg fracture. Bolen received a rib injury on the last play of the game and End Bill Martin re-injured his leg.

Although turning in an adequate performance during most of the game, the Braves line did

not show the luster which it displayed against Pinconning. Tawas lost a total of 50 yards from the line of scrimmage and there were no fumbles in the backfield.

Jim Wilkuski led Tawas with 10 tackles, followed by Frank Brigham and Leo Lorenz with six each. Brooks and John Sass had four each; Ken Herriman had three; Doug Evans, Duane Sanders, Al Moore and Martin had two each, and St. James, Rudy Bielby, Ulman and Bob Curry had one tackle each.

Arenac Central retained its top position in the Northeastern Michigan Conference with a smashing 31-15 win over Pinconning, while Gladwin and Roscommon stayed right on the Panthers' heels with wins over West Branch and Tawas Area, respectively. The former stopped the Orioles, 28-20, while the Bucks downed the Braves, 19-7. Beaverton got in the win column by defeating winless Arenac Eastern, 25-0, and Houghton Lake swamped Whittemore-Prescott, in a non-conference deal, 48-0.

This Friday night Tawas Area travels to Houghton Lake, Beaverton is at West Branch, Arenac Central at Roscommon, Gladwin plays at Pinconning and Whittemore-Prescott plays at Twining, meeting Arenac Eastern.

Halfback Doug Dudley scored on the second play from scrimmage against the Spartans, a 55-yard end sweep. After a fumble and a called-back TD, Fullback Tom Dowler went 10 yards through the middle for a 12-0 score. A pass from Quarterback

W-P Cardinals Downed Friday by Houghton Lake

Houghton Lake returned to the winning path in the Northeastern Michigan Conference Friday, smashing through Whittemore-Prescott Area with great break-away running to pile up a 35-0 halftime lead and added two more in the last half.

Halfback Fran Staley was the first Laker to hit pay dirt, going 20 yards around end. Halfback Allen Bell ran for the extra point to start the Bobcats on their way. Quarterback Ed Barnes went 22 yards on an end run for the second counter of the quarter and when Staley added the extra point, the winners held a 14-0 first quarter lead.

Barnes repeated in the second period, getting off on a run of 70 yards to the end zone. Bell added the PAT on a run. Halfback Ron Hines picked up number four on a 19-yard run off-tackle after Bell had returned a punt 80 yards, only to have the run nullified on a penalty. Barnes suffered the same fate on a 55-yard run but Halfback Jim Loughray finally got number five on a 12-yard burst through the middle. Hines ran the extra point to give the Lakers a 35-0 intermission bulge.

On the first play in the second half, Barnes rolled out for 84 and TD number six. He also added the extra point through the middle. Bell got the longest run of the night when he finished the scoring with a run through the center for 91 yards.

Junior Braves Win Against Roscommon for Third in a Row

Tawas Area Junior Braves racked up their third victory of the 1959 season last Thursday night by trouncing the Junior Bucks of Roscommon, 39-14. The game was played on the losers' home field.

Scoring for Tawas Area was as follows: Dick Zaharias scored three touchdowns, Michael Sass scored one touchdown, Lewis Werth scored two touchdowns, both on pass plays. One play covered 60 yards when Quarterback Don Humphrey connected with Werth behind the Roscommon defenders.

Charles Mercer kicked two extra points from placement and Humphrey passed to Werth for the third PAT.

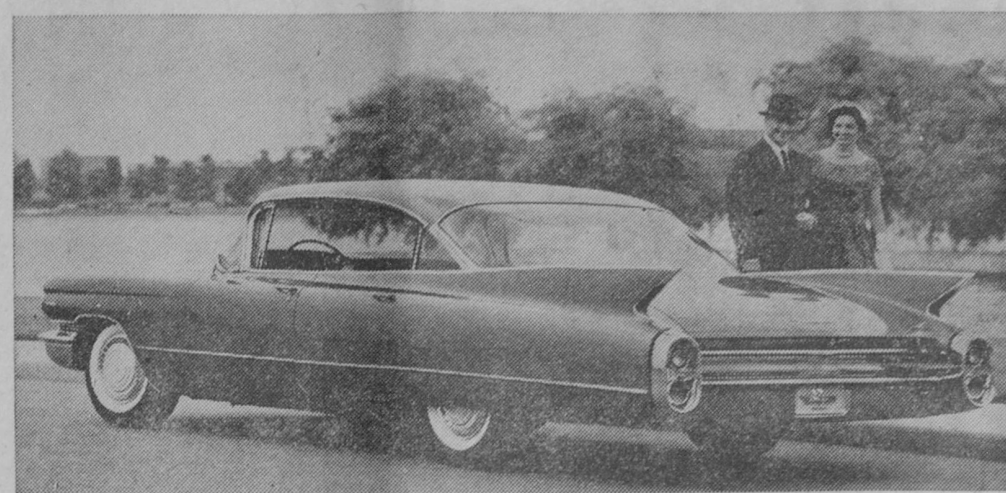

Tawas Area's junior varsity will meet the Houghton Lake "Bobkittens" this Thursday night at the Tawas Area Athletic Field. Game time is 7:30 o'clock.

New Cadillacs on Display

The sweeping elegance of the newly created silhouette of the Series Sixty-Two six-window Sedan typifies the handsome lines and simplicity of design of the 1960 Cadillac. The popular six-window Sedan features all of the advanced engineering and design characteristics of the new models.

In announcing the 1960 Cadillac, which went on display last Friday, L. G. McKay Jr. of McKay Sales Company, Tawas City, said, "The newness of the 1960 Cadillac is emphasized by its handsome lines and elegant simplicity of design."

In addition to the styling advances are important developments in mechanical operation, including further progress in achievement of smoothness and quietness of performance and significant developments in the braking system.

For 1960, Cadillac is offering 13 models in three standard series and one custom series, the Eldorado Brougham. All models are basically unchanged in dimensions over last year's models.

The wider and lower appearance of the new front grille is achieved by the addition of a fine horizontal bar between each row of jewel-like ornaments and the elimination of the center bumper bar. At each end of the front bumper is a visored housing with two parking and directional signal lamps.

The trim, classic lines which mark the 1960 Cadillac are brilliantly evident in the rear end styling with the most distinctive lighting arrangement ever offered by Cadillac.

The major engineering advancement for 1960 involves the brakes. Increased rear brake cooling, provided by new finned and extended rear drums, makes possible the use of larger rear wheel brake cylinders. This provides better braking distribution between front and rear wheels.

THE FLEETWOOD SIXTY SPECIAL

Creating a New Era of Elegance!

The motor cars represented here will soon introduce a new era of elegance to the world's highways.

They are the Cadillac cars of 1960—and, from every standpoint, they represent the Cadillac tradition in its finest hour.

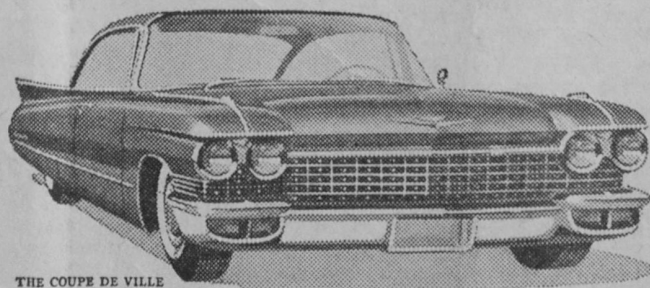

In appearance, they are regal and majestic as never before—a brilliant symphony of line and contour from the sparkling new front grille to the graceful flow of the rear fenders.

In interior decor, they are truly magnificent—featuring luxurious new fabrics and leathers—new convenience and excellence of appointments.

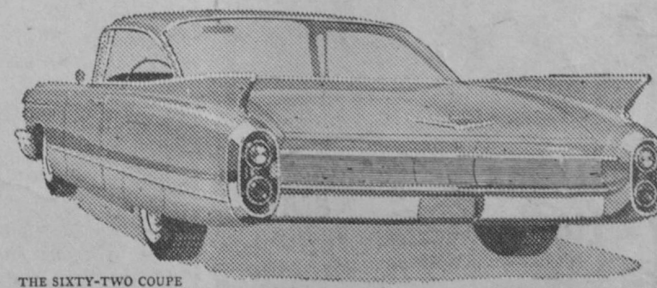

And in the way they drive and handle, they are perfection on wheels. There is a greatly refined engine and transmission that provide even finer performance . . . a ride of unbelievable smoothness and quiet . . . and notable advancements in power steering and braking.

These new Cadillac virtues have been interpreted in thirteen distinctive body styles. Every motorist owes himself an hour at the wheel.

The 1960 Cadillac is waiting for you now at your authorized Cadillac dealer's—and your dealer himself is waiting to introduce you to this magnificent new Standard of the World!

The group worked on favors for the fall conference following the business session. The conference is to be held at East Tawas October 9-11. Isoco County and Bay City Quota Clubs will be co-hosts for the event.

A lunch was enjoyed at the close of the evening.

Mr. and Mrs. Roy Clark of Melvindale were week-end guests of Mr. and Mrs. Robert Short and family.

Exchange Marriage Vows at Grace Lutheran Church

MR. AND MRS. GERALD LEE SMITH

Miss Julie Ann Werth of East Tawas, daughter of Mr. and Mrs. Ervin Kuenzli, also of East Tawas, and Gerald Lee Smith of Tawas City exchanged marriage vows in a 5 o'clock ceremony at Grace Lutheran Church, East Tawas, Saturday, October 3. Candelabra, potted palms and bouquets of white gladioli and chrysanthemums decorated the altar for the double ring service, performed by the Rev. William Lindholm. Mrs. Charles Nash of East Tawas, organist, accompanied Mrs. Dan Cater of East Tawas, soloist.

Gowned in a floor length dress of Chantilly lace, the bride was given in marriage by her stepfather, Mr. Kuenzli. The bodice of her gown was styled with wristpoint sleeves and a scalloped Sabrina neckline encrusted with iridescent accents. A Chantilly lace redingote effect, graced with tiers of lace and tulle, complemented the full skirt which fell into a chapel length train. A sculptured headpiece with pearl and iridescent accents secured her fingertip veil of silk illusion. She carried an arrangement of white roses and stephanotis blossoms, centered with a white orchid and streamers.

Attending the bride were her sisters, Mrs. Gerald Potts of Tawas City and Mrs. Laurence Clements Jr. of East Tawas; the bridegroom's sister, Mrs. Richard Clark, and his niece, Miss Patricia Warner, both of Tawas City. Their dresses were identically styled of candy pink velvet with elbow length sleeves, portrait necklines, fitted bodices

and full circular skirts. Matching velvet bandeaus with circular veils, short white gloves and bouquets of pink sweetheart roses and white chrysanthemums enhanced their gowns. Best man was the bride's brother, Richard Clark of Tawas City, brother-in-law of the bridegroom; Gerald Potts of Tawas City and Laurence Clements of East Tawas, the bride's brothers-in-law, were groomsmen. Ushers were Lewis Werth of East Tawas, brother of the bride, and John Warner of Tawas City, the bridegroom's nephew.

The wedding party and immediate friends and relatives attended a dinner in the church basement after the ceremony. A reception for 300 guests was held at Union Hall, Melvor, in the evening. Mrs. Kuenzli chose a teal blue satin sheath dress with matching accessories and a white rose corsage for her daughter's wedding. The bridegroom's mother wore a pink lace dress with matching accessories and a corsage of white roses.

The newlyweds will make their home at East Tawas upon their return from a trip to Niagara Falls. Out-of-town guests were present from Flint, Alpena, Detroit, Midland, Bay City, Traverse City and Pontiac.

Hostesses at showers honoring the bride were Mrs. Anthony Kusey, Mrs. Clements, Mrs. Mary Birkenbach, Mrs. Ruth Tree, Mrs. Clark and Mrs. Potts.

Marriage Solemnized in Double Ring Ceremony

MR. AND MRS. ROBERT HESTER

Grace Lutheran Church, East Tawas, was the scene of a candlelight service Sunday, October 4, during which Miss Marilyn Holmes of East Tawas became the bride of Robert Hester, also of East Tawas. The double ring ceremony was performed by the Rev. William Lindholm at 7:30 o'clock. Bouquets of white chrysanthemums, a pink rose arbor and candelabra decorated the church. Mrs. Herbert Look of Tawas City, vocalist, was accompanied by Mrs. Charles Nash of East Tawas, organist.

The bride is the daughter of Mrs. Hazel Davidson of East Tawas and Harlan Holmes of Montrose. Mr. and Mrs. Earl Hester of East Tawas are parents of the bridegroom.

Escorted to the altar by her father, the bride chose a ballerina length gown of tulle with tapered sleeves and a Sabrina yolk neckline of Chantilly lace. Clusters of seed pearls trimmed the neckline and an inset of Chantilly lace accented the bouffant skirt. Her veil of illusion was held by a crown of tulle petals and seed pearls and she carried a lilac orchid surrounded with stephanotis.

Mrs. D. N. Parks of Montrose, sister of the bride, was matron of honor. Bridesmaids were Miss Barbara Hester of East Tawas, sister of the bridegroom, and Mrs. Allan Habadank of Flint, sister of the bride. They wore identical dresses of lilac pure silk organza fashioned with ballerina length skirts and fitted bodices. Headbands of matching organza and bouquets of white chrysanthemums and yellow roses completed their attire.

Donald Hester of East Tawas was best man for his brother. Groomsmen were Eugene Fernet and Gene Klenow of East Tawas. Seating the guests were

Robert Werth of East Tawas and Harold Spencer of Flint. Kimberly Habadank and Allen Habadank of Flint, the bride's niece and nephew, served as flower girl and ring bearer.

A reception for 200 guests was held in the church basement following the ceremony. White wedding bells decorated the room with white candles tied with lilac ribbons centering the tables. A miniature bride and bridegroom and candles set off the bride's table.

The bride's mother was attired in a royal blue wool sheath dress and Mrs. Hester chose a blue suede jersey print dress for the occasion. Their corsages were of white cymbidium orchids.

Upon their return from a week's trip in Northern Michigan, the couple will reside at 711 Newman Street, East Tawas.

Out-of-town guests attended the wedding from Grand Rapids, Flint, Bay City, Saginaw, Alto, Montrose, Oscoda, Clio and Mt. Morris.

MR. AND MRS. DONALD PENMAN

Following a wedding trip through the Eastern States, Mr. and Mrs. Donald C. Penman will make their home at 1045 Bay Drive, Tawas City. They were married in a double ring ceremony Saturday, October 3, at St. Joseph Catholic Church, East Tawas. The 12 o'clock noon service was performed by the Rev. Fr. Henry Eickholt under an arbor decorated with white and gold chrysanthemums. Vocalist was Miss Sara Prescott of Tawas City. Mrs. C. W. Michaels of East Tawas was organist.

Mrs. Penman is the former Miss Virginia M. Price, daughter of Mr. and Mrs. Richard L. Price of East Tawas. Mr. and Mrs. Gordon R. Penman of Tawas City are parents of the bridegroom.

For her wedding, the bride chose a gown of silk organza over taffeta styled with a fitted bodice, wristpoint sleeves and a Sabrina neckline outlined with Chantilly lace. The full paneled skirt fell into a chapel length train. The bridal bouquet was formed of white cymbidium orchids and stephanotis.

The bride's sister, Miss Patricia Price of Saginaw, was maid of honor. Bridesmaid was Mrs. Theodore Anschuetz Jr. of Tawas City. Their sheath dresses of leaf green satin were designed with fitted bodices, scoop necklines and elbow length sleeves. Cumberbunds and back panels of contrasting color highlighted the skirts. Their ensembles were completed with matching hats and arrangements of bittersweet and gold chrysanthemums.

Attending the bridegroom were his brother, Robert Penman of Tawas City, and Robert Richardson of Detroit. Mr. Richardson and Robert Price, brother of the bride, seated the guests.

About 200 guests attended the evening reception at the home of the bride's parents. Mrs. Price's brown sheath dress was complemented by beige accessories and a corsage of gold orchids. The bridegroom's mother wore a beige dress with a green orchid corsage. Out-of-town guests were present from Detroit, Mt. Clemens, New Haven, Boyne City and Birmingham.

DANIEL D. RODGERS

Daniel D. Rodgers, resident of Tawas City for the past 14 years, died Thursday evening, October 1, following a long illness.

Before retiring and coming to Tawas City, Mr. Rodgers had been maintenance man for the Flint board of education for 24 years. He was, for a time, a Tawas City Third Ward alderman.

Born August 12, 1889, at St. Louis, Michigan, he married the former Miss Edna Brintnell April 19, 1914, at Twining. He was a member of the Baptist Church.

Surviving are his widow; two sons, Stanley of East Tawas and Elmer of Flint; two daughters, Mrs. Clara Howlston of Ravenna, Ohio, and Mrs. Myrtle Losee of Flint; six grandchildren; two brothers, William of Flint and Sidney of Detroit, and a sister, Mrs. Rebecca Edwards of Flint.

Funeral services were held Sunday at the Moffatt Funeral Home. The Rev. Charles Mercer officiated. Interment was in the Tawas City Cemetery.

Darwin Groff of Flint visited his parents, Mr. and Mrs. Charles Groff, Sunday.

Miss Leonora Hass attended a meeting of the American Red Cross at Lansing last week-end.

1960 Model Fords Go on Display Thursday

Heralding a new "breakthrough" in automotive design, the Ford Falcon—shown here with three views of the Fordor model—is all-new from the ground up. Functionally styled, the Falcon has a full length sculptured side panel that adds grace to its lines and provides greater strength for doors and side panels. The Falcon's all-new 90-horsepower six-cylinder engine is designed to give up to 50 per cent better gasoline mileage than standard cars.

The 1960 Ford models will go on display at Orville Leslie and Sons, Tawas City, Thursday, October 8. Free coffee and doughnuts will be served to showroom visitors.

The 1960 Ford represents a styling theme originally created for later use but was brought forward because of the spontaneous enthusiasm of company management when they first saw the car in advance studios.

J. O. Wright, Ford Motor Company vice president and Ford Division general manager, said the 1960 Ford was redesigned from bumper to bumper because "we wanted to increase passenger space and comfort, improve the roadability, handling ease and performance."

He said, "After the car originally planned for 1960 was well under way, the advanced styling office showed us some designs for Ford Motor Company cars even farther advanced than our planned 1960 model.

"One of these was called 'Quicksilver,'" he said. "It captured everyone's imagination immediately and we began to explore the possibility of advancing it to the 1960 models. We were faced with a crucial decision involving millions of dollars.

"When the engineers pointed out that a complete new car also would enable them to design additional quality features into the vehicle, company management gave the go-ahead.

"One of the most important features of the new Ford," Mr. Wright said, "is that it has been comfort-engineered. There is substantially more hip room, shoulder room, leg room and head room in the 1960 Ford than there was in the 1959 model—which ranked far above its competitors in these vital comfort areas."

1960 Model Buicks Go on Display Thursday at Look's

Buick introduces its 1960 models Thursday with added trim and what the industry calls sculptured styling. The new Buick will go on display locally at William Look and Sons, East Tawas.

Sculptured styling means the side panels are indented or gracefully humped instead of being flat. Buick officials said the styling helps to achieve the more massive appearance they were seeking.

The front grille has been changed and the headlights now are parallel rather than slanted.

The portholes at the side of the hood—a Buick trademark in the first half of the 1950s—have returned but are merely decorations instead of actual holes.

Buick offers 19 models in 15 solid colors and a variety of two-tone combinations. Prices are up \$15 to \$81 on various models of the least expensive LeSabre series and are unchanged on the other three series.

New features include a single transverse muffler placed crosswise of the frame behind the rear axle and, through the use of a mirror, an adjustable angled instrument panel on the dash board.

Supervisors' Proceedings

SEPTEMBER SESSION

September 16, 1959

The Isosco County Board of Supervisors, pursuant to August adjournment, was called to order at 9:30 a. m. by the chairman who ordered roll call. The following supervisors were present: Ashton, Belleville, Blust, Burgess, Everett, Jordan, Long, Oates, Rodman, Seifert, Smith, Stephan, Upton, Webb, Werth, White. Absent: Brabant, Little, Wilkusi.

The clerk requested approval of the minutes as published of the August session of this board. Upon motion by Stephan supported by White, the minutes were approved as published.

The clerk reported to the board that County Treasurer Grace Miller and himself had arranged to call ahead of time county jail bonds in the amount of \$20,000 and courthouse bonds in the amount of \$14,000 as of October 1, 1959.

Deputy Civil Defense Director Charles Kurtzrock gave the board a report on the progress of Isosco County's civil defense organization. Mr. Kurtzrock stated that this unit had secured government surplus amounting to a value of over \$100,000 at a cost of approximately \$4,000. Mr. Kurtzrock went on to say that only \$1,100 had been appropriated by this board and that the balance had been secured from members of the civil defense organization and political subdivisions through donations for use of equipment. The board also learned that Isosco County is no longer an evacuation area but is now classified a prime target area. He also called attention to the 200-bed hospital unit now stored here, completely mobile and equipped with operating room, X-ray, beds, etc.

The board thanked Mr. Kurtzrock for the fine report. Upon motion supported and prevailing, the board recessed until 1:30 p. m.

AFTERNOON SESSION

Upon call to order at 1:30 p. m., roll call was ordered by the chairman. The same supervisors were present as at the morning session.

It was moved by Oates supported by Jordan for the aeronautics committee that the July and August reports of W. C. Roach, airport manager, be accepted and a warrant be issued him for his balance due in the amount of \$143.25. The motion carried upon the following roll call: Ayes: Ashton, Belleville, Blust, Burgess, Everett, Jordan, Long, Oates, Rodman, Seifert, Smith, Stephan, Upton, Webb, Werth, White. Nays: None.

Mr. Everett addressed the board requesting help of members in acting as hosts for the scheduled October 8 meeting of township officers to be held at East Tawas, Holland Hotel headquarters. Mr. Everett received pledges of assistance from members present.

It was moved by Smith supported by Stephan that the clerk forward the following letter to the Tkach and Wunderlich Company.

Tawas City, Michigan
To the Tkach and Wunderlich Consulting Engineer
15904 Industrial Parkway
Cleveland, Ohio
Gentlemen:

Information you requested from this board in regard to the zoning and applicable ordinance or resolutions which establish land use.

The areas zoned in the county and land use maps are available at our county agricultural agent's office, address Federal Building, East Tawas, Michigan. Marvin Davenport, agent.

Edward Burgess
C. E. Smith
William White

The motion carried unanimously.

Mr. White read the following report of the conservation committee.

In regard to the communication from James E. Brown requesting a quit claim deed to property in Oscoda Township decided to the county in error it is recommended upon the advice of Prosecuting Attorney Paul Harvey that the chairman and clerk of this board execute the requested quit claim deed to James E. Brown and wife to rectify the error. Upon motion by White supported by Smith, the report carried upon the following roll call: Ayes: Ashton, Belleville, Blust, Long, Rodman, Seifert, Smith, Stephan, Upton, Webb, White. Nays: None.

Mr. Stephan read the following report of the civil defense committee.

Honorable Board of Supervisors Gentlemen:

Whereas the director of civil defense has reported that all county and municipal agencies have been fully informed concerning their various responsibilities in the event of national disaster or enemy attack and all have indicated their willingness and desire to cooperate with civil defense authority as the situation requires;

Be it resolved, this board hereby accepts and adopts the new survival plan as outlined by the federal and state civil defense authorities and hereby delegates to the county director of civil defense the authority recom-

mended in such plan.
Respectfully submitted:
C. J. Stephan
Elmer Werth
Burdge Ashton

Upon motion by Stephan supported by Blust, the report was adopted upon the following roll call: Ayes: Ashton, Belleville, Blust, Everett, Long, Rodman, Seifert, Smith, Stephan, Upton, Webb, Werth. Nays: None.

Stewart White
Plaintiff

vs.
F. M. B. Live Stock Co., Ltd., Eugene Fifield, trustee, Eugene Fifield, individually, Robert V. Mundy, Northern Title and Trust Company, and their unknown heirs, devisees, legatees and assigns, Defendants

At a session of said court held at the courthouse in the City of Tawas in said county on the 29th day of September, 1959.

Present: Honorable Herman Dehnke, Circuit Judge.

On reading and filing the Bill of Complaint in said cause and the affidavit of Edwin B. White, attorney for Plaintiff, attached thereto, from which it satisfactorily appears to the court that the defendants above named, or their unknown heirs, devisees, legatees and assigns, are proper and necessary parties defendant in the above entitled cause, and

It further appearing that after diligent search and inquiry it cannot be ascertained, and it is not known whether or not said defendants are living or dead, or where any of them may reside if living, and, if dead, whether they have personal representatives or heirs living or where they or some of them may reside, and further that the presents are unknown, and that the names of the persons who are included therein without being named, but who are embraced therein under the title of unknown heirs, devisees, legatees and assigns, cannot be ascertained after diligent search and inquiry.

On motion of Edwin B. White, attorney for plaintiff, it is ordered that said defendants and their unknown heirs, devisees, legatees and assigns, cause their appearance to be entered in this cause within three months from the date of this order, and in default thereof that said Bill of Complaint be taken as confessed by the said defendants, their unknown heirs, devisees, legatees and assigns.

It is further ordered that within twenty days Plaintiff cause a copy of this order to be published in The Tawas Herald, a newspaper printed, published and circulated in said county, such publication to be continued therein once in each week for six weeks in succession.

Zubek Shows New Rambler

America's compact luxury car, the new 1960 Ambassador V-8 by Rambler, is highlighted by new exterior and interior styling. A new three-seat station wagon has been added to the line, which includes a Super and Custom sedan and two-seat station wagon, and a Custom hardtop sedan and station wagon, all with four doors. The three-seat station wagon is the only American-made car which features a side-hinged rear door for easy entry and exit into the rear-facing third seat. The Ambassador is powered by a 250 horsepower V-8 engine which operates economically on regular grade gasoline. The roof-top rack is standard.

Featuring fresh sculptured styling, economy of operation and a new three-seat wagon, the 1960 line of Rambler Six and Rebel V-8 models of American Motors Corporation will go on display October 14 at Zubek Motor Sales, M-55, Tawas City. The new models will be slightly shorter than comparable 1959 models but will have the same room interior dimensions, including five-foot-wide seats for six passengers. The more compact exteriors will permit even greater parking ease and maneuverability.

While maintaining full seat, leg or luggage room, overall length has been reduced up to four inches. This was made possible by the design of the new bumpers and bumper guards. Wheelbase length remains at 108 inches. Overall length of both the 1960 sedan and station wagon is less than 16 feet.

Horsepower of the Rambler Six will remain at 127, while the Rebel V-8 has been reduced to 200 horsepower for increased

fuel economy. Optional power-packs will increase the six to 138 horsepower and the Rebel V-8 to 215. A further fuel-cost saving is possible because regular grade gasoline is recommended for all models. The 1960 Ramblers, with distinctive styling, retain the basic characteristics which helped push Rambler sales to an all-time high level in 1959 and to bring about the new revolution in the automobile industry. American Motors follows a continuing program of basic car improvement, avoiding change for the mere sake of change. Adherence to this policy is one of the reasons why Rambler resale value tops the other low-price makes, thereby protecting the investment of the owners, point out American Motors officials.

Outdoors

WITH EMERY

Perch fishing is back again in Tawas Bay as numerous catches of real nice perch are being taken out of the bay from opposite the Tawas Beach Club property and near the new Port Gypsum dock south of Tawas City.

John Barton of Oscoda has made several nice catches of steelhead trout in the AuSable River below Foote Dam in the past few weeks. The best results have been while the water is down in the early morning hours and using nightcrawlers for bait.

Several rainbows have been taken out of the East Branch of the AuGres River and in Lake Huron at the mouth of the river. Trolling close to shore with a daredevil for bait has proven the best bait in the lake and in the river the nightcrawlers are pretty much a necessity with the dirty water.

The East Branch was a little dirty from a mixture of mud and leaves brought downstream from the last several rains but the water was not high enough to bother the fisherman. A couple of good frosty days should start the "bows" to begin their fall trips upstream.

Keep your eyes looking up in the early morning hours as several local area hunters have spotted a few flights of geese heading south to their winter feeding areas. Wednesday morning starts off the migratory game season in this area and the duck hunters will head for their blinds with the decoys, retrievers and a big jug of coffee.

It has been a little rough going for the partridge hunters so far because of the heavy foliage on the trees and brush. The "pats" appear to be on the up-swing cycle as a few local hunters have reported getting a few birds. A read good bird dog is just about necessary to hunt the pats in the heavy cover along streams and ridges for this time of year. The partridge usually wander to feed on thorn apples, beechnuts and among vacated orchards in search of food so during the day's hunt do not pass up these likely spots.
