## Proposed Rest Home May be Placed Before Voters

Steps were taken last week by the Iosco County Board of Supervisors to assure the start of construction on a new nursing home for elderly persons in Iosco County.

Although negotiations are still underway to secure private capital to finance such an institution, the board indicated that it would place a proposition before the voters in April, should such a move fail.

Under last week's proposition, the county would ask voters to approve a bond issue to finance a county-owned and operated nursing home.

### City Applies for Water Main Extension

Possibility that a proposed rest home may be located north of M-55 across from Tawas Area High School was revealed at Monday night's meeting of the East Tawas Council.

The council gave permission to the City of Tawas City to extend water mains to that site. Tawas City has asked the board of education for an easement across school property for water main use.

Such permission from East Tawas to extend water mains was necessary, due to Tawas City's water purchase contract with that community.

A special nursing home committee, comprised of Supervisors Henry Oates, William White and C. S. Everett, has spent the past year seeking private capital for such a venture.

"Although we have been unsuccessful as yet, the majority of the board believes that private financing would be the best system," said Mr. Everett.

As a last resort, however, in order to cope with the ever increasing problem of furnishing facilities for aged persons in this county, the question will be placed before the voters.

### Committee Tells Plans—

## Silver Valley Will Again Have a Carnival Queen

Silver Valley will again have a queen's contest, coronation dance and other special activities during the annual winter sports carnival to be held here February 3, 4 and 5.

These plans were announced at a meeting of the winter sports committee Monday night after approval of recommendations presented by Robert Donley, John Pinter and O. E. Ostrander.

It is planned to contact schools in the area and request that each select a candidate for Silver Valley winter sports queen.

Final selection of a queen by a panel of judges would be made at a coronation dance to be held at Tawas Area High School Saturday, February 4.

Details on eligibility qualifications are to be announced later, but the committee indicated that the queen would be selected according to skiing ability, personality and beauty.

Silver Valley had no winter sports queen last year and committee members felt that the carnival program was incomplete without one.

The committee also approved the Holland Hotel as the site for its annual fish fry to be held Friday night, February 3. This had been a stag affair in past years but the 1961 event will be open to both men and women.

The committee is to write a letter to Brig. Gen. Harold E. Humfeld, 40th Air Division commander at Wurtsmith, inviting him to attend as the principal speaker.

It was announced that Bob Reynolds, WJR sports director, will again be here for the annual carnival.

"All that we need now is snow

and Silver Valley will be ready for another winter sports season," reports President L. G. McKay Jr. All facilities in the Huron National Forest winter sports park are ready to operate. Toboggan slides are to be iced January 7 and about 85 students from Redford High School, Detroit, are to open this area's winter sports season.

Edward Seifert Jr. was hired to handle the toboggan slide preparations and Roy Shedenhelm is in charge of the ski area. Robert Brookbank will be the ski shop manager and James Berlin will be in charge of the saddle ski area.

Mr. Donley and John Washburn are to handle organization of the ski patrol. These two men will also give ski instructions.

Donley, James Campbell and Lawrence DeBeau were appointed as a committee to investigate possibilities of sponsoring a ski team at Tawas Area High School. The team would be eligible to compete in the state ski meet.

A contract was signed with Arthur Thorne of Dude Ranch Riding Stables for the horse and cutter ride concession at the park.

## Donald Heenan Critically Injured; Two Others Hurt

Two East Tawas youths were injured, one seriously, in a two-car crash on Bay Road in Saginaw County Friday night. Driver of the car with which they collided was also injured.

Most seriously injured in the crash was Donald Heenan, 20, who was rushed to St. Luke's Hospital, Saginaw. He was listed in critical condition Sunday with head injuries.

Donald is the son of Mr. and Mrs. Joseph Heenan of East Tawas. He is a 1959 graduate of Tawas Area High School.

A passenger in the car, James Birkenbach, 19, was treated at Saginaw General Hospital for hand injuries and contusions.

Investigating Saginaw County Sheriff's Department officers said that Heenan, who was headed north, had passed a car and attempted to swing back in the right lane in an effort to avoid hitting an oncoming vehicle.

The Heenan vehicle skidded out of control and struck a car driven by Elmer Wagner of Bay City. Wagner was treated at St. Luke's Hospital for a fractured right wrist and abrasions.

"W8DXL, THIS IS W8AMS"—Albert H. Buch, veteran amateur radio operator, is shown here at the microphone in his radio "shack" in Tawas City. He and Vaino Gustafson of Alabaster Township, another "ham" operator, got together Saturday afternoon over the air to demonstrate his radio equipment.—Tawas Herald Photo.

## Veteran 'Ham' Recalls Early Days of Radio

"Folks just would not believe me when I told them I heard a human voice and a ukulele over my wireless telephone—they must have thought I had drunk too much pop, or something, and was fit for the padded cell!"

Speaking was Albert H. Buch of Tawas City, who recalled the above incident this week while reminiscing about his more than 40 years as a "ham" radio operator.

He was honored last week by the Michigan chapter of the Quarter Century Wireless As-

sociation for his many years of active participation and promotion of amateur radio. As a memento, he received a desk set from the association.

"People have changed their minds about radio since those early days," said Buch. "At that time, I was the only amateur radio operator in the area and wireless transmission was something new—radio has come a long way since then."

Today, Buch has stacks of QSL cards from all parts of the United States and all continents except Asia, which represent many years of world-wide radio contacts. His call letters, W8AMS, are well known by Michigan hams.

The modern radio "shack" on the second floor of his home at 316 Sixth Avenue is a far cry from his early days in radio—his first 15-watt spark transmitter covered about five miles.

Buch, J. William Anderson of East Tawas and Harold Grise of Tawas City were the pioneer ham operators in this area and when the latter two moved to Detroit, Buch was the only licensed amateur here until after World War II.

Limited range amateur radio was first developed about 1912 and, after all radios were banned during 1917-18, the amateur came into his own following World War I.

When the ban on amateur radio was lifted after the war, the 17-year-old Tawas Cityan and his two chums began constructing transmitters and receivers. Buch still has his original spark transmitter and it is somewhat of an antique today.

Radio laws at that time did not require licensing unless the amateur interfered with other services. Adopting self-assigned calls, Buch's first call letters were TAB.

Quoting from his radio log, Buch sent his first message to SMN (Anderson) on December 7, 1919, at 5:30 p. m. Earlier, he had heard his first radio code message on September 26, 1916, and received radio time and weather signals from Arlington, Virginia, on October 18.

First two-way contact with HG (Grise) was on December 21 and with SMN on December 25, 1919.

During the next four months, Buch was busy sending and receiving messages and on May 10, 1920, after boosting the power of his equipment to 500 watts, heard his first wireless telephone message. This was before the word radio had been coined and a man said standby for a while and then played some Hawaiian selections.

Notes in his log indicated that during January 1921, he heard code transmissions from Guantanamo Bay, Cuba; Key West, Florida; Arlington and Norfolk Navy Yard, Virginia, and New York.

During this time, other pioneer (See BUCH, page 12.)

### SANTA PLANS STOP AT WHITTEMORE SATURDAY

Santa will be in Whittemore Saturday afternoon, December 24, 4:30 p. m.

The merchants drawing for cash prizes will be held at that time and Santa will have candy and peanuts for all the children who are at the Christmas tree in Whittemore.

SANTA COMES TO TOWN—Santa Claus made his first pre-Christmas visit to Tawas City last Friday night and he arrived in style. His red convertible automobile had a police escort when he stopped at the community Christmas tree in front of the city hall. There, he visited with the kiddies and passed out treats. He promised that he would be back on several occasions this week. His busy schedule includes stops here Tuesday, Wednesday, Thursday and Friday nights at 7:00 p. m., to draw names of winners in the Turk-O-Rama contest sponsored by Tawas City merchants. He makes his final visit here Friday, December 23, 7:30 to 9:00 p. m.—Tawas Herald Photos.

## Announce First Winners in Turk-O-Rama Contest

First night's winners in the Tawas City Merchants Turk-O-Rama were Mrs. Florence Ups on, Wayne Bischoff and Mrs. Gene

Coates, all winners of turkeys.

Mrs. Coates also won the cash prize of \$25.

Drawings were held last night (Tuesday) at the community Christmas tree in front of the city hall.

A crowd estimated at about 800 persons saw Santa draw several names before those of the lucky winners. Ticket holders must be present to win, it was emphasized by the businessmen's association.

Three big days, December 21, 22 and 23, still remain in the contest. Free tickets are available at the stores of participating merchants in Tawas City.

Santa Claus' final visit to Tawas City is set for December 23 at 7:30 p. m. Headquarters will be at the city hall and there will be free treats for the kiddies.

Santa arrived here last Friday night and rode along the streets in a convertible automobile furnished by Mrs. Arthur Frost. Escorted by Police Chief George Ruth, Santa met kiddies and parents at the city hall and distributed candy and treats. He again visited the business district on Saturday.

### PARTICIPATES IN CHRISTMAS CONVOCATION

James LaPorte of East Tawas, a student at Alpena Community College, will participate in a Christmas convocation to be held tonight at the Masonic Temple auditorium, Alpena.

LaPorte is a member of the college radio-drama club which will present a play entitled "Christ and the Concrete City."

## City OKs Addition of New Street Lights

Approval of recommendations for adding 14 street lights in Tawas City was given by the city council at Monday night's meeting.

Annual cost of the new lights will be \$426, reported Supt. of Public Works Reginald Publitz. To be installed by Consumers Power Company next spring are 10 2,500-lumen lights and four 6,000-lumen lights.

The four 6,000-lumen lights are to be located at the intersection of Bay Drive and US-23, Birch Street and Court Street, Maple Street and Court Street and on Ninth Avenue near Tawas Tube Products.

The other 10 lights are to be located at the intersections of First Street and Fourth, Sixth and Eighth Avenues; Fourth Street at Seventh, Eighth, Tenth and Eleventh Avenues; Whittemore Street at Sixth Avenue; North Street at Murphy Street, and Harris Avenue at Ninth Avenue.

Most of the lights are situated at heavily-traveled intersections.

Next meeting of the city council will be held Monday night, January 2.

## Myles is Director of March of Dimes

George W. Myles was named director of the 1961 New March of Dimes for Iosco County today. The appointment was announced by John R. Watkins, chairman of the county chapter of the national foundation. Campaign dates are January 2-31.

The New March of Dimes already has made a substantial beginning in its expanded program of seeking to prevent birth defects and arthritis in addition to continuing to seek total control of paralytic polio, the new campaign director declared.

The people of Iosco County, through their splendid support of the March of Dimes for more than 20 years, have contributed substantially to a great health program that resulted in the Salk vaccine.

The 1961 New March of Dimes offers opportunity for all of us to be a part of work aimed at prevention of still more of the great crippling that afflict so many millions of Americans today, he

### Cockels Remodels ET Store Front

A building permit submitted by Russell Cockels for constructing a new front on the former Misener Building was approved by the East Tawas Council Monday night.

In other business, the council is to advertise for bids for furnishing gasoline and fuel oil to the city for the coming year.

Low bid of City Fuel and Supply for furnishing coal was accepted.

## 12 Percent of Students are Federal Dependents

Slightly more than 12 percent of the pupils attending Tawas Area School are dependents of military personnel who are stationed here or are children of civilian employees who work at Wurtsmith Air Force Base.

In filing for federal aid grant money Friday, Supt. Reynold Mick said that 10 youngsters have parents who live and work on base while 182 have parents who live off base.

Coming in this category are dependents of United States Coast Guard personnel at Tawas Point, military and civilian personnel at Wurtsmith Air Force Base and

recruiters for the army and navy who live on other than federal property.

For each child whose parents live on base, the school receives \$185.75. For those who live off base, the school receives \$92.86 annually.

The amount of money Tawas Area School will receive will depend on the average daily attendance for federally connected pupils during the school year 1960-61. The exact amount which is to be received will not be finally determined until school closess.

Architect's sketch of new East Tawas City Hall

## Hire Architect to Plan New City Hall

East Tawas City Council hired Schulwitz and Virgo, architects, Saginaw, to prepare final plans for construction of a new city hall. Work on the new structure is to start next spring.

At Monday night's council meeting, preliminary plans drawn by that firm were approved.

The new city hall will measure approximately 72 by 52 feet and will have brick on three sides. It is to be located at the site of the old city hall, yet to be razed, at the corner of West Westover and Sawyer Streets.

The new building will contain five 11 by 21 offices for the superintendent of public works,

police department, city clerk and two justice of the peace offices. The water department will be located in a 14 by 21 office and the treasurer in a 14 by 14 office with an 11 by six vault.

A 21 by 51 council room will be located at the north end of the building. Main entrance will be on West Westover Street. A corridor will run nearly the entire length of the building and service windows will be located in the clerk, treasurer and water department offices.

The council room is to be used for voting purposes and collapsible voting booths have been ordered.

## Supervisors Want Veto Power on Deer Control

The Iosco County Board of Supervisors, at its December session last Wednesday, went on record urging the state legislature to give individual boards of supervisors veto power in the controversial anti deer season.

The Iosco board concurred with a resolution submitted by the Shiawassee County Board of Supervisors.

According to the action, the board of supervisors wants the right to veto a special antlerless season in Iosco County, should they choose to do so. At present control of such seasons is in the hands of the department of conservation.

Only last week, the conservation commission announced that antlerless deer hunting next season will be restricted to crop-damage areas in Michigan.

The resolution, adopted by Iosco County, was forwarded to all county boards in the state with the request that they signify whether they concur or not.

### 15 Long-Time Workers Honored

Watches and trail blazer pins were awarded to 15 persons Saturday who have worked for a combined total of 310 years for National Gypsum Company.

**ST. MARY'S GUILD ENJOY CHRISTMAS PARTY**

Twenty-five members of Christ Episcopal Church St. Mary's Guild and their husbands attended the annual Christmas party of the group at Christ Episcopal Church, East Tawas, December 12. A delicious dinner, served by Mrs. Fred LoPrete, Mrs. Fred Breest and Mrs. Arthur Buckman, was enjoyed in the parish hall.

In addition to exchange of gifts, two religious films entertained the group.

**GIVES DEMONSTRATION ON CHRISTMAS DECORATIONS**

Immaculate Heart of Mary Church parish hall was decorated by Mrs. Shirley Deering and her committee for the church Altar Society Christmas party Thursday, December 15. Members of the Holy Name Society served the ladies a pot-luck dinner.

Following dinner, Mrs. Fred Cain played Christmas carols for group singing. A demonstration on making Christmas centerpieces and door wreaths was given by Harold Pfeiffer, who gave the arrangements made at the party as prizes. Winners were Mrs. Rodney Meade, Mrs. William Murray and Arnold Petherick. Exchange gifts were distributed by Santa Claus.

**'THIS IS HIS BIRTHDAY' WSCS TEA THEME**

"This is His Birthday" was the theme of the Christmas tea, sponsored by East Tawas Methodist WSCS Tuesday, December 13, in the church parlors. The family worship was enacted by Mr. and Mrs. Louis Awall; their daughter, Evelyn; Mrs. G. A. Poland; Karen Hunter, and Charles Miller.

Christmas selections were sung by the junior choir, under the direction of Mrs. Dan Cater; Misses Mary Lou Stump and Roberta Brookbank, and Mrs. Cater. An original poem, "What Is Christmas," was read by Mrs. D. A. Evans.

Table hostesses served Christmas refreshments from beautifully decorated tables. A huge birthday cake was cut and served.

Miss Ruby Evans, president of the WSCS, thanked the committees and all who participated in making the evening enjoyable. Mrs. Edward Doak was general chairman and Mrs. Joseph Dibley, program chairman.

**'Joy to the World'**

One December day as a woman stood in the foyer of a large department store, she was impressed by the troubled and harassed expressions on the faces of many shoppers. It was evident that the observance of a Christmas abounding in material gifts and festivities was not making them happy. Those who were smiling, quiet and poised were in the minority.

Suddenly the great organ of the store pealed forth in the melody of a well-loved carol and a chorus of voices took up the refrain: "Joy to the world, the Lord is come, Let earth receive her King; Let every heart prepare him room; And heaven and nature sing."

Instantly the changes in the appearance and manner of the shoppers was marked. They paused in their hurry and an inner joy seemed to shine in their countenances. The woman thought, "Why, all of these people are hungering and thirsting after righteousness, for a way of peace and joy, and they can be filled and blessed, because the Christ, Truth is here now for all to understand and possess."

In "Science and Health with Key to the Scriptures" Mary Baker Eddy writes (p. 473): "God is everywhere, and nothing apart from Him is present or has power. Christ is the ideal Truth, that comes to heal sickness and sin through Christian Science, and attributes all power to God. Jesus is the name of the man who more than all other men, has presented Christ, the true idea of God, healing the sick and the sinning and destroying the power of death."

Christ Jesus knew and understood more of the Christ, the perfect expression of God, than any other before or since his nativity. He knew that he had been appointed and anointed to demonstrate the Christ in a way that humanity could see, hear, understand and prove, as he had proved it. We read in the Bible (John 1:14), "The Word was made flesh, and dwelt among us, (and) we beheld his glory, the glory as of the only begotten of the Father,) full of grace and truth."

... We might ask ourselves: Is there one grieving over past failures and shame? Is there one whose heart is aching for companionship, fearful that he is not wanted and is in the way? Is there a stranger at our gates? We can tell them of the eternal Christ, and of the Christ, Truth.

The world is speedily if not frantically rearing in fear of universal violence and destruction. What can we do about it? We can maintain the facts of the kingdom of heaven in thought and conduct. All who love God are citizens of that kingdom, where all is controlled and governed by God's law in universal harmony; where there is only one language, the language of Love, which includes no word that can provoke ill feeling or cause dissension. There peace, progress, justice and righteousness abound. There God is the only ruler, the supreme judge, the beneficent Father of all, who is understood by all, worshiped by all, and known by all. — The Christian Science Monitor.

But the light which people have seen in Christ never fades because its very source is God. There are, of course, moments in our lives when we doubt this. There was such a moment in the minds of early disciples of Jesus. When He was crucified, dead, and buried, they thought that was the end of the one whom they called Master and Lord.

But to them, and to thousands of believing Christians throughout the ages, in their moments of doubt, anxiety, and despair it has been proved repeatedly that Jesus the Christ rises victoriously over every evil force. The light which people have seen in Him will shine eternally.

PRAYER  
O Thou who art the eternal light, shine in the darkness of our world and in the darkness of our souls. In Thy light may we see light and follow it to the end of our days. In our great Redeemer's name. Amen.

**The Upper Room**

Read John 8:12-17

The true light that enlightens every man was coming into the world. (John 1:9, RSV.)

In the world in which we live there is much of darkness. We see peoples and nations groping in the dark. Some think they have seen the light; but they are following an illusion—some false light which guides no more, some light which has burned out in the course of time.

But the light which people have seen in Christ never fades because its very source is God. There are, of course, moments in our lives when we doubt this. There was such a moment in the minds of early disciples of Jesus. When He was crucified, dead, and buried, they thought that was the end of the one whom they called Master and Lord.

### Christmas Seals Available at Herald

The Tawas Herald office has volunteered to be the official Christmas Seal spot in Tawas City. Thousands of seals have been mailed to homes in the area and should have been delivered to your home by this time. If, for some reason, you have not received your Christmas Seals, The Tawas Herald would like to give you a chance to help fight the chain of TB infection. Just drop in the office and you may secure seals.

The citizens of the Tawas area are reminded that not too many

years ago tuberculosis was a death sentence. Christmas Seals have helped save over nine million lives since the first campaign, but tuberculosis is still the leading killer of all infectious diseases.

The tuberculosis associations use your money for research, case detection, health education and many other activities.

Christmas Seals are the only source of income which enable tuberculosis associations to carry on their work. Great progress has been made. The not impossible dream of eliminating tuberculosis from your life and the lives of your family needs your support.

FIVE of the Kiwanis Goodfellow newsboys are pictured here during Saturday's annual fundraising drive. From left to right are Edward Nelkie, Serge Thomsson, Donald Watson, Herbert Hertzler and Dr. E. C. Silverthorn, chairman. Silverthorn reported Monday that

proceeds from the sale of newspapers and advertising was more than \$1,000. It was probably one of the best drives on record," said the chairman. About 1,200 newspapers were sold with proceeds of about \$400.—Tawas Herald Photo.

### Road Hazards Increased by Holiday Traffic

The Michigan State Police, urging all-out motorist and pedestrian cooperation in preventing holiday accidents, will operate increased patrol schedules for the 78-hour Christmas and New Year week-ends.

Accenting holiday season traffic hazards is the fact that almost twice as many people, 103, were killed in Michigan in the final 16 days last December compared to 53 in the first 15 days. There were 30 deaths during the Christmas period and 36 over New Year's.

Patrol officers will exert every effort to keep accidents to a minimum but the final traffic record will depend on how safely motorists and pedestrians drive and walk, Commissioner Joseph A. Childs emphasized.

Fifty National Guardsmen will assist in six state police Lower Michigan districts while another 50 will help 14 county sheriff departments.

State police shifts will be lengthened to 10 hours Christmas week-end from noon Friday, December 23, until midnight Monday, December 26, and New Year's from noon Friday, December 30, until midnight Monday, January 2.

Principal patrol emphasis will be on state trunk lines with special attention to high accident areas.

### Broken Organ Led To Hymn 'Silent Night'

The Rev. Josef Mohr was a priest of implicit faith and child-like trust in the goodness of man. He had a close friend, Franz Gruber, who was versed in music and dabbled now and then in composition.

Between them they composed the world's most simple and beautiful Christmas song—"Silent Night, Holy Night."

The song is sung in practically all civilized tongues. Yet, little or no thoughts, are given to the poet and composer and the little town and country in which they worked and lived.

EXCERPTS FROM NEWSPAPER EDITORIALS

## Christmas Columns

What, indeed, is the spirit, the true meaning of Christmas? Every year thousands of words and countless editorials reflect in print the thoughts of newspaper editors all over the country. In different words, in different manner of presentation, they each say the same thing about Christmas and the meaning to be found therein. Picked at random, here are paragraphs about Christmas that have appeared in weekly newspapers:

#### The Page News and Courier, Luray, Virginia:

Once again this Christmas season Christians everywhere will rejoice within their hearts as they commemorate the birth of Him whose teachings of humility, faith, responsibility and love hold the answer to most of the world's problems.

A sublimation of human nature which resulted in fewer actions being motivated by greed, jealousy, and hope of selfish gain would make it mandatory for nations to observe a code of honor in their dealings just as responsible individuals must. It is not too much to believe that the spiritual force that created the marvel of the human mind will show the way to the wisdom and strength necessary to make this a better world—one of peace founded on fair dealing and trust between all peoples.

#### The Barnesboro Star, Barnesboro, Pa.:

The world is not everything we would like it to be. We have a talent for organization, and a positive genius for manufacturing machines that are marvelously intricate and precise. Yet, among ourselves we have never been able to fashion anything except the unearliest kind of peace on earth, a hesitant, suspicious attempt at goodwill toward man.

But once a year, at Christmas, the vision is available to us. Dinely we catch a glimpse of what the world might be if our ability to produce could be matched by an ability to understand.

The miracle of the birth of God's son is the most thrilling experience the world has ever known. Read it, meditate on it; and then get closer to God by following the perfect example of His only son.

#### The Catskill Mountain Star, Saugerties, N. Y.:

Reams of paper are covered yearly with attempts to put into words the exact meaning of Christmas. Stripped of its commercialism, Christmas means joy, peace and love. It is the joy of a child on receiving a long-desired, oft-promised sled or puppy. It is the joy of a father glimpsing his squirming, redfaced first-born. It is the joyous relaxation a mother experiences as she first holds her baby. It is the exultation we all feel as we think of the tiny Babe, nestled in His Mother's arms, bringing hope to the world.

Christmas means peace. It is the quiet contentment of a family circle gathered around a fireplace, or a Christmas tree or a lovely manger. It is the peace of the quiet countryside, the gentle lowing of the cattle, the warm rustling of animal dam and her young. It is the peace that spreads over blood-stained battlefields on Christmas Eve. Christmas holds the hope that some day there will be no blood-stained, oomb-scarred fields over which troops by common consent stop their killings for one day.

Christmas means love. It is expressed by a few blood stains on a pot holder fashioned by unskilled hands. It is shown by work-roughened, calloused hands gingerly fingering delicate lingerie to choose something fine enough for his wife. Love beams as Sis hoards her lunch money to buy big brother a gadget he's been hinting about. Love motivates the sharing of gifts with friends, and with those whom we know little except that without help, their Christmas would be barren. May your Christmas be one of joy, of peace and of love.

#### The Standard, Falls Church, Va.:

Christmas has a deep significance to all Christian peoples. It is the celebration of the birth of the One they hold to be the Saviour of Mankind.

We are not theologians—every minister, pastor, priest, and preacher in the various branches into which the Christian faith has been split will deliver one or more sermons during this week on the true meaning of the Saviour's birth.

But we are certain that many, many people throughout the world wonder, as we do, what the observance of this most sacred occasion has become for some of us and our contemporaries.

We're all human, no one denies it. But by that very token, wouldn't it be the gracious, the thoughtful, the considerate thing to do (even though we may boast that we don't "work at" our religion) to give some serious thought and meditation to the One about whose birth all the celebration revolves? Even though some of us don't set foot in a church from one year to the next, it would do each and every one of us good to attend at least one Christmas church service—if we go with joyous hearts and the true, thoughtful desire to honor Him whose coming to the world brought hope, love and a rebirth of the spirit of human dignity.

#### The Independent, Fuquay Springs, N. C.:

Who does not remember the New York Sun's famous editorial in reply to a little girl who had asked whether there was indeed a Santa Claus? "Yes, Virginia, there is a Santa Claus," said the writer. And he went on: "A thousand years from now, Virginia, nay, ten times ten thousand years from now, he will continue to make glad the heart of childhood."

The truth of this has been reaffirmed many times, both in print and in the hearts of men and women, during the more than 60 years since those words were written. But suppose now that someone, dismayed by the mundane gaiety of this yuletide season, by the glitter of tinsel and colored lights, were to ask, "Is there a Christ in Christmas?" Would the affirmative be as resounding and as heartfelt as the earlier assurance about Santa Claus?

This we ask with no thought of sacrilege. On the contrary, the question is put in all humility. And it is, beyond doubt, the central question to be asked by each true celebrant of Christmas.

For if the Saviour whose birth we commemorate is not uppermost in the minds of Christians on this day, if His presence and His message are obscured by the tinsel and lights and parties and feasting, then the best of the holiday has been lost. Now the rush and agitation of the pre-Christmas season are past. This is a good time to focus mind and heart for a while on Him without whom Christmas has no meaning.

## There are stars in the sky as well as thunder and lightning

There is goodwill in the hearts of men at Christmas. There's a warm welcome for the neighbor—a deep desire for friendship between nations—a determination to achieve lasting peace. ● Clouds scud along the horizon, sometimes building up to frightening thunderheads. Angry voices thunder without reason—and threats, like lightning, break and crash over people's heads. ● Yet the eternal stars are there—stars of Hope, of Faith, of Love—now dimmed or hidden by the clouds... now breaking through with a clarity and brilliance and strength that will not be denied.

● May these stars be seen and followed by the wise men of all nations.

May they light the path to peace. That is the Christmas prayer of the people.

# ABOUT HOLLY

The popularity of holly as a Christmas decoration is not merely because the plant retains its prickly green leaves and bright red berries after winter's cold has withered other forest greenery.

Before the Christmas, Romans sent gifts of holly to friends to mark the December festival of Saturn. The superstitious Druids kept holly in their dwellings, as an invitation to the "spirits" to enter and seek shelter from winter cold and winter winds. The early Germans used holly in an observance which marked the return of the sun from its southward pilgrimage.

In medieval times, holly was used as a remedy to treat a variety of aches and ailments. Some early American Indians even attached twigs of holly to their shields, in the belief that some special powers within the holly would make them more formidable in battle.

Holly, like mistletoe, is surrounded by legends and superstitions, dating back to pagan rites and rituals. We moderns attach no particular significance to our use of holly as a Christmas decoration—other than that it is "traditional" and "pretty." Yet, we use so much more holly than our ancestors used that today the plant has all but disappeared in some sections of the country.

rade its "injustices." Push old moral and religious values into the limbo of the past. Reveal them as mere prejudices of a bygone society. "We must keep pace with 'change,' you know!"

Sound Familiar?

Does any of that sound a bit familiar? Well, it fits with the Communist program in America. Do the symptoms of such teaching show in America's youth today? The answer is left to the

reader, but be a careful and thoughtful observer.

Freedom cannot exist unless a people has the opportunity and the training to think for themselves—both constructively and critically. The right to criticize is at the core of freedom. Only through free critical action can an unsound government be replaced with a sound one.

### Tawas Braves Squeak by W-P for 3rd Win

Tawas Area protected its undefeated record and stayed in the thick of the NEM Conference leadership race by staying off a determined Whittemore - Prescott five Friday night, 63-59.

The Braves remained in a three-way tie for first place with West Branch and Houghton Lake, all with identical 3-0 records after Friday night. All teams will take a breather during Christmas vacation with action scheduled to resume the first week in the New Year.

As for Friday night's clash, the Braves barely squeaked past a Cardinal team which was looking for its 12th consecutive win on home hardwood. Whittemore-Prescott had never been defeated in its new gymnasium until the Braves moved into town.

The game was also the first meeting between the two schools since 1956. Whittemore - Prescott had operated as an "independent" for several years and the two schools were unable to get together because of schedule conflicts. The Western Iosco County team is now a member of the NEM Conference.

The re-match could not have been better as both teams were "up" for the big game and fans were treated to a nip-and-tue affair.

Had the Cardinals been able to make good on their foul shots in the first half, the final result might have been different.

Both teams got off to a shaky start as far as hitting the buckets was concerned and the Braves held a 10-8 edge at the end of the first quarter.

The McIntoshmen then found their sights and outscored Whittemore-Prescott to lead 28-16 at the half.

It was this first half battle for the Braves which meant the difference as Whittemore-Prescott had quarter leads in the second half, 22-18 and 21-17.

The Cardinals hacked away at Tawas Area's lead and came within one point of tying the game on two occasions. Tawas held a 55-54 lead in the late minutes of the fourth quarter and then, with two minutes, six seconds remaining the score read 58-57.

A bucket by Center Ken Murphy and one by Guard Herman Rollin coupled with two free throws, put Tawas out in front for good.

Forward Rex Gibson, who scored only five points in the first half, accounted for 23 points in the

### Ed Dudo Honored by Cards

Small in stature, but big in heart—residents of this community turned out to honor just such a man—on his big night.

Head Basketball Coach Ed Dudo of Whittemore - Prescott Area Schools whose teams have won 100 games while losing only 24 during the past seven years, was honored during a between-games surprise ceremony Friday night.

Dudo's Cardinals rang up their 100th win December 9 against Arenac Eastern and the ball which was used in that game was presented to him by Rex Gibson, captain of the varsity.

Members of the 1960-61 team autographed the ball. An inscription on the ball read: "Congratulations to Coach Ed Dudo on the 100th victory for Whittemore-Prescott Cardinals from 1954 to 1960."

Since coming to this community in 1954, Dudo's teams have had spectacular results. With an 18-2 record his first year, the Cardinals went on to win five district championships, one regional championship, has been regional finalist once and state semi-finalist once.

His 1955-56 Cardinals had the best record in the history of the school, being undefeated in regular season play and reached the semifinals in the state tournament. The Cards were defeated by Chassel, who won the state class D championship the following night, after running up 25 consecutive victories.

After his Cards posted a 16-3 record last year, Dudo faced a complete "rebuilding job" this season. Thus far, his team has a 1-2 record in Northeastern Michigan Conference competition.

Looking at his junior varsity squad which boasts three boys who will probably top the six-foot

mark next year, along with his present sophomore-studded varsity squad, Dudo has plenty of cage potential for years to come—much to the delight of this "basketball mad" community.

May all the many wonders of this Holy Season be yours!

second half to keep the Cardinals in the running. Otherwise, the losers had no other consistent scoring threat as the Braves had a near-perfect defense against Forward Ron Armstead, who scored but eight.

Tawas Area had three men in double figures, topped by Murphy's 14 points. It was the rebounding of Murphy and Ken Pitts, who made the difference for Tawas.

Guards Jim Mick and Rollin had 11 and 10 points, respectively.

Referees called a total of 50 fouls during the game, 28 against Tawas Area and 22 against Whittemore-Prescott and each team lost three players with five fouls charged against them.

The Braves made good on 23 out of 35 shots from the free throw line while the Cardinals made 27 out of 50 charity tosses.

Because of the game-delaying action at the foul line, the final eight-minute quarter required 25 minutes to complete.

## REV. PAUL SUTTON SPEAKER AT LITERARY CLUB MEETING

The Rev. Paul Sutton, rector of Christ Episcopal Church, East Tawas, chose "The Christian Year" as his topic when he spoke at Ladies Literary Club tea Wednesday evening, December 14. The annual event was held at the clubrooms in East Tawas.

John Solomon, violinist with the Saginaw Symphony Orchestra, presented three numbers. Christmas selections were sung by Misses Roberta Brookbank and Mary Lou Stump, accompanied by Miss Lynda Wight. Mrs. Rex Kochenderfer had charge of the musical portion of the program.

Refreshments were served from a tea table, decorated in gold and white by Mrs. Theodore Dimmick. Hostesses were Mrs. Lloyd McKay Sr., Mrs. Clarence Everett, Mrs. George Gifford, Mrs. Cecil Cabbie and Mrs. H. Eugene Hanson.

## MRS. JOHN HENRY HOSTESS TO EXTENSION GROUP

The home of Mrs. John Henry was decorated in Christmas motif for the E-Z-Do-It Extension Group Christmas party December 13. An outstanding arrangement was a Bible, opened to the Christmas story, with an old kerosene lamp beside it, set in red velvet and surrounded by greens. The decorations were made by Mrs. Henry.

Exchange of gifts and a delicious luncheon were enjoyed by nine members and one guest. Mrs. Kenneth O'Brien. The ladies extended Christmas greetings to other extension groups in the area.

Mrs. Lewis Rodman will entertain the group at its meeting Tuesday, January 10.

## ATTEND BRIDAL SHOWER AT LAPEER

Mrs. Robert Bischoff, Mrs. Charles Bennington and Mrs. Harvey Abbott recently attended a bridal shower for Miss Joy Owen at Lapeer. Miss Owen is the bride-elect of James Bennington, son of Mr. and Mrs. Earl Bennington of Lapeer.

Other out-of-town guests attending were Mrs. C. Owen and daughter of Pontiac, mother and sister of the bride-elect, and Mr. and Mrs. Wilton Finley of Lansing.

Miss Owen and Mr. Bennington plan a February 4 wedding.

## HOLIDAY DECORATIONS SHOWN AT GARDEN CLUB

Several members of East Tawas Garden Club displayed Christmas decorations they made at the club Christmas meeting, held at Ladies Literary Clubrooms Thursday, December 15. They explained how each decoration and arrangement was made.

Mrs. Lewis Besancon reported that members had made 36 wreaths and swags at the annual greens making day December 7. It was voted to provide Christmas remembrances for patients at Huron Convalescent Home again this year.

A 6:30 pot-luck dinner will feature the January 9 meeting of the group at Tawas Area High School.

## FANTASY GIVEN AT ALABASTER SCHOOL

"No Books for Christmas" was the title of a fantasy given by students of Mrs. Irvin Erickson's fifth grade at Alabaster. The series of playlets took place in Santa's workshop where elves had forgotten to prepare books for Christmas. Scenes from various types of stories showed why children like books.

The 28 youngsters presented the play for their parents and other Alabaster students Friday afternoon. They wore appropriate costumes, made by Mrs. Erickson. Dialogue for the play was written by the children, using books and stories they had read throughout the year. Stage settings were designed by Carol Rossman.

## TOWNLINE FARM BUREAU ENJOYS PARTY

A Christmas tree and ornaments decorated Tawas Township Hall December 10 for the annual Christmas party of Townline Farm Bureau Group. A turkey pot-luck supper and exchange of gifts were enjoyed by all the members but Mr. and Mrs. Arthur Freel, who were unable to attend.

The members sent get-well wishes to Mrs. Freel, who has been quite ill.

## TAWAS HOMEMAKERS ENJOY CHRISTMAS PARTY

Mrs. William Tracy and Mrs. Ernest Jordan were hostesses at the Christmas party of Tawas Homemakers Extension Group December 14. Christmas games and exchange of gifts highlighted the event, held at the home of Mrs. Tracy. The hostesses served refreshments.

Work on feather hats will continue at the January 18 meeting. The group will meet at the home of Mrs. Marvin Christensen.

## Marriage Rites Solemnized at Alabaster Community Church

MR. AND MRS. RICHARD PFAHL

Red poinsettias, white chrysanthemums and a Christmas tree decorated Alabaster Community Church Saturday, December 17, for a candlelight ceremony in which Miss Judy E. Freel and Richard Pfahl, both of Tawas City, exchanged wedding vows.

The double ring service was performed by the Rev. C. H. Symons, uncle of the bride, at 7:30 o'clock. Organist Richard Ferguson of East Tawas accompanied Miss Lois Vane of Tawas City, vocalist.

Parents of the couple are Mr. and Mrs. Norton Freel and Mr. and Mrs. Fred Pfahl, all of Tawas City.

Escorted to the altar by her father, the bride chose a floor-length gown of nylon chiffon over taffeta with short gathered sleeves and gauntlets. A square neckline, outlined with brocade, complemented the bow accented skirt. Her fingertip veil was secured by a rhinestone tiara and she carried an arrangement of roses and holly, centered with an orchid.

Matron of honor was Mrs. Donald Webb of Garden City, sister of the bridegroom, and Mrs. Donald Lake of Dearborn was bridesmaid. They wore Christmas red dresses of chiffon and lace with satin cummerbunds and carried bouquets of red carnations, white chrysanthemums and holly. The bride's sister, Karla Freel of Tawas City, flower girl, wore a red lace dress, complemented by an arrangement of white chrysanthemums and red carnations.

Leslie Pfahl of Utica was best man for his brother and the bride's brother, William Freel of Tawas City, was groomsmen. Guests were seated by Edward Freel of Tawas City and Donald Lake of Dearborn. Randy Herriman of Detroit was ring bearer.

A reception was held in the church basement following the ceremony.

For her daughter's wedding, Mrs. Freel wore a blue dress with black accessories. Mrs. Pfahl

chose a dark blue dress with blue and black accessories. Their corsages were of red roses.

Upon their return from a short wedding trip, the newlyweds will reside at Hale.

Both graduates of Tawas Area High School, the bride attended Northeastern School of Commerce, Bay City, and the bridegroom was a student at Bay City Junior College.

Hostesses at showers honoring the bride were Mrs. C. H. Symons, Mrs. Kenneth Thibault, Miss Janet Freel, Mrs. Webb, Mrs. A. J. Featheringill and Mrs. Kenneth Herriman.

## Engagement Announced

TSgt and Mrs. Joseph Bridges of Wurtsmith Air Force Base, Oscoda, announce the engagement of their daughter, Sandra Jo, to Louis Robert Alverson, son of Mr. and Mrs. Louis H. Alverson of Wilber Township. Wedding plans are indefinite.

NANCY ALLEN, a 1960 graduate of Tawas Area High School, is shown here with Dr. William D. Revelli, director of the University of Michigan Symphonic Band.

## Nancy Allen to Accompany U of M Band on European Tour

Nancy A. Allen, daughter of Mr. and Mrs. Joseph Allen of East Tawas, will accompany the University of Michigan Symphonic Band when it makes a four-month tour through Europe and Russia starting in February. As a finale to the tour, a concert will be played at Carnegie Hall, New York, on June 2.

Miss Allen is a freshman in the school of music at U of M and has fifth chair clarinet in the symphony band.

The tour is sponsored by the state department and band members will enjoy an all-expense-paid trip.

While attending Tawas Area High School, Miss Allen had first chair clarinet in the school band

as a ninth grader and held that position for four years. She graduated in June of this year.

She spent two summers at Interlochen National Music Camp and had first chair clarinet in the 175-piece all-state band in 1959. She won the camp scholarship and returned in the summer of 1960 when she held second chair clarinet in the national symphonic band, which listed members from all sections of the United States.

In a letter received by Tawas band director, Edward J. Rima, Dr. William D. Revelli, director of University of Michigan Symphonic Band, is quoted as saying: "Nancy is one of the most talented young ladies we had at Michigan in some time."

**Observance Was Once Against Law**  
At one time it was illegal to observe Christmas in this country. In 1659 the Massachusetts Bay Colony's general court passed the following resolution: "Whoever shall be found observing any such day as Christmas or the like, either by forbearing labor, feasting, or any other way, as a festival, shall be fined five shillings."

It is believed that the first "legal" observance in this country was in 1687 when Governor Andros conducted services in Boston's town hall. However, it was not until 1856 that the Massachusetts State Legislature passed laws making Christmas a legal holiday.

## A3c Cannon is Named 'Airman of the Month'

A3c Robley B. Cannon of the 379th Combat Defense Squadron was congratulated this week by his commander, Capt. Michael Spryn Jr., after being chosen as his unit's "Airman of the Month" for November at Wurtsmith Air Force Base, Oscoda.

Cannon was chosen over three other candidates, who had been nominated from the squadron's other three flights.

"Airman Cannon's appearance, conduct, attitude, initiative toward self-improvement are well above the standards set up by the Strategic Air Command," stated SSgt Clifford R. Dalton, Cannon's NCOIC.

The son of Mr. and Mrs. Robley B. Cannon of Knoxville, Tennessee, he was a 1959 graduate of Central High School in Knoxville. Cannon is presently enrolled in Central Michigan University night classes and is working toward completion of a ECI legal course.

As a reward for his good work, Cannon received \$10 and a three-day pass.

### LETTERS to the EDITOR

December 15, 1960

To The Editor:  
To Whom It May Concern:

It is on rare occasion that I voice my sentiments in public on any action or law which may be enacted by local government as these are usually the result of much study and primarily enacted for the good of the community. However, "what goes" with the recent ruling prohibiting the use of "trailers" within the city limits as permanent dwellings? If much thought has been given to this ruling, then it must be based on biased facts. I can assume that this action is directed basically at trailer dwelling, however, sad to say, includes also mobile home dwelling. In my opinion, there is quite a differential. Space limits a lengthy discourse, but I would like to mention a few facts on basic difference.

Since the mobile home industry has made such terrific strides in recent years in providing compact housing (competing in essence with prefabricated homes), trailers should not be classed with mobile homes. Trailers are usually classed as being small enough to be conveniently conveyed about by means of auto or small truck, however, incorporating certain convenience features making them habitable on a year-round basis if so desired. I would be the last to say they do not have a definite place in our American economy system. Mobile homes, however, usually range in widths of 10 feet or 12 feet and lengths of 36 feet through 65 feet (some 70 foot units) and movement in this category is under strict highway regulations. Persons choosing to live in this latter category are usually motivated to purchase such a unit because they wish to obtain a form of compact living quarters to eliminate the care and upkeep of larger homes and also in so doing, can if occasion requires, remove to another locality without actually breaking up housekeeping.

Although there are quite a few

of these units which move frequently, by and large they are procured with permanent parking in mind. Basically there is also quite a differential in price involved, mobile homes usually running in the neighborhood of \$5,000 to \$11,000.

According to statistics compiled for the Mobile Home Manufacturers Association, mobile home dwellers are quite average in living habits in that they move only once in every 2.2 years as compared to the national average for the considered permanent dweller moving every 2.5 years (based on 1960 census). Again, income for the mobile home dweller is more than \$1,000 per year over national average.

I believe that inducing such a type person to locate within a community would be a definite asset, then, why prohibit his residence with such a law? Mobile home living is now a definite part of American living and should be an accepted fact. To me, the problem at hand would seem to have a two-fold requisite:

No. 1, require the established parks to supply and maintain adequate health and safety standards to handle client who choose park living; No. 2, zone a certain suitable area for placement of mobile homes on individual standard size lots with a preset minimum dwelling cost the same as being used for permanent dwellings. This latter will be no barrier to the true mobile home dweller as he will spend as

much on his equipment and lot as the average person will spend on a permanent home.

Then too, the enactment of subject law seems to have confliction of interest. By this I mean that the community morally supports a mobile home industry on its doorstep, a large number of people enjoy the financial benefits of being able to consider the operation as a means of livelihood, everyone in the area benefits financially by the money earned and spent therefrom, yet, the council says in effect, that although they enjoy the industry in its area, please do not ever consider using the product of your hands here at home.

I would respectfully request that study of the matter be continued for a more equitable solution and suggest that other interested parties contact their council in this matter. Photostatic copies of statistics as well as a copy of this letter are being mailed to the interested parties.

Respectfully submitted,  
Arnold Hosbach

The turbofan engines will also give a 30 percent increase in takeoff thrust, thus eliminating the need for engine water injection systems.

The improved engine incorporates two major design changes in the J57 jet engine used on previous B-52's.

Engineers have explained the turbofan system as similar to adding propellers to the jets.

Other advancements found in the SAC B-52H include a more dependable interphone system, improved armament and electronic systems, added crew comfort features for extra long range missions and provisions for carrying hypersonic Skybolt air-to-surface missiles which will add considerably to the new B-52's offensive capabilities.

## Wurtsmith to Get New B-52's Soon

(SAC PS)—Wurtsmith Air Force Base, Oscoda, will be the first Strategic Air Command base to receive an advanced model of the B-52 Stratofortress, the B-52H.

First unit to receive the B-52H will be the 379th Strategic Wing, now at Homestead Air Force Base, Florida, but due to arrive at Wurtsmith early next year. The advanced Stratofortress will follow their arrival early next spring. The 379th is now equipped with B-47 Stratojets.

The five additional bases to receive B-52H's are Homestead Air Force Base (19th Bomb Wing, 28th Bomber Squadron); Grand Forks Air Force Base, North Dakota (4133d Strategic Wing, 526th BS); Kincheloe Air Force Base (4329th Strategic Wing, 93d BS); K. I. Sawyer Air Force Base (4024d

Strategic Wing, 30th BS), and Minot Air Force Base, North Dakota (4136th Strategic Wing, 525th BS).

Delivery of the H-models to these wings is planned to be completed by July 1962.

One of the major improvements of the H over earlier B-52 models is the installation of turbofan engines to increase

Thousands Visit Holy Land

Jerusalem and the Holy Land at this time of the year attracts thousands of Christians from throughout the world. They come by every means of transportation to visit the shrines and Holy places so important to the Christian world.

In Bethlehem they find the Church of the Nativity, traditional scene of the birth of Christ, which is cared for by monks of many sects.

From the Mount of Olives, where Jesus prayed and wept over Jerusalem, visitors can see the great beauty of the Holy City and the great wall that Herod built. Beyond it is the Dome of the Rock which tradition says marks the place where Solomon built his temple and Jeremiah hid the Ark of the Covenant.

The Garden

Near Jerusalem is the Garden of Gethsemane where Jesus prayed the night before he was killed. Some of the olive trees are said to date from the time of Christ's entry into the Holy City. The garden is cared for today by Franciscan fathers.

The tomb of Mary, mother of Christ, is near here and attracts many pilgrims.

Visitors to Jerusalem today can not enter by the Golden Gate. It has been blocked and they must use the Dung Gate which leads into the North African Quarter.

The Holy Place

From inside this gate one can see the holiest places in Christianity—the Church of the Holy Sepulcher, erected over the place where Christ was crucified and buried.

It was completed in the twelfth century by the Crusaders and many different Christian orders have shrines here.

One of the many traditions of the church is that the keys are kept by a Moslem of the family of Nusaibeh. This custom has been in practice since the time of Saladin, who was Sultan of Egypt and Syria from 1174 to 1193.

Supposedly by letting the family of Nusaibeh keep the keys to the church it will keep peace among the many Christian factions.

These are but a few of the many shrines and Holy places that have attracted millions of pilgrims throughout the centuries and will continue to do so for centuries to come.

Social Security Act Liberalized by New Amendments

There is good news for many retired persons and for the widows and children of working people who have died. Because of 1960 amendments to the Social Security Act, less work under the social security is now required for benefits to be payable to a worker or to his surviving family. According to Paul M. Ellifritz, manager of the Bay City Social Security office, approximately one-third less credit for work under social security is now needed. Under the old law, for instance, a person reaching retirement age, or dying in 1960, would have needed credit for 18 or 19 calendar quarters of work under social security. Because of the amendments, however, credit for only 12 such quarters (about three years) is now needed.

Payments under the new law can be made beginning with the month of October. Mr. Ellifritz suggests that anyone whose application for old-age or survivors insurance benefits has been denied because of insufficient work under social security, recontact his office. It will then be possible to check the worker's social security account to see if benefits are payable under the new law.

A leaflet, OASI-1960-1, may also be obtained from the Bay City office explaining this and other changes in the law. The leaflet, which is free for the asking, has a chart showing how much credit is now required for benefits to be payable. If you are near the office, stop by and pick one up. If that is not possible, write and a copy will be sent to you in the mail.

A representative of the Social Security Administration will be in Tawas City at the Iosco County Building Thursday, December 29, at 10:30 a. m.

A FAMILY CHRISTMAS

We hear many complaints today about the modern generation's lack of that old-time Christmas spirit. Maybe this is because in times past, much of the pleasure was derived from preparing for the holiday. The whole family worked together in order to get ready.

In those days, there were no ready-made Christmas trees. The men of the family went to the nearest hillside or wood plot and chopped one of their liking. Tinsel, angel's hair, ornaments, and electric lights could not be bought anywhere. All the tree decorations were homemade and it was custom for the entire family to take part in their preparation.

Old Spirit

It would be foolish indeed, not to take advantage of today's many beautiful ornaments and decorations made possible by modern industry. Yet, we can still recapture a little of that old-time Christmas spirit by making some of the decorations as a family project.

A variety of ornaments are possible from such materials as plastic foam. A cookie cutter, for instance, can be used to outline such shapes as snowmen, Santa Clauses, gingerbread men, dolls, clowns, and stars on a one inch sheet of plastic foam. After the shapes are cut out with a sharp knife, each member of the family can decorate an ornament. They can glue sequins to the figures to form features. The foam can be tinted with food coloring or felt can be glued to the ornament to add extra details, such as hats, ties, and buttons. A pipe cleaner inserted and glued to the top of the ornament provides a hook.

Decorating the tree, is usually a family project, enjoyed by both young and old. Preparing the decorations for the tree can be equally enjoyable and memorable.

where they had been for the past three weeks.

Dr. and Mrs. Arthur Bloesing will spend the holidays at Athens, Ohio.

Mr. and Mrs. Frank Humberger left Monday for Dayton, Ohio.

Mr. and Mrs. J. C. Munroe of Whittemore returned Friday from a visit at Glenco, Ontario.

Miss Elaine Strauter, who is attending Bay City Junior College, is at her home in Sherman Township for the holidays.

Miss Kaye Webb of Hale left Monday for California.

SEEING SANTA . . . Visiting Santa to inform him in advance of the things to put under the tree is a yearly tradition just about everywhere. Santa is a kindly, big man—sometimes, it seems, too big for the very young, especially if mommy happens to get more than a couple of feet away. Santa, stout-hearted fellow that he is, seems to take it all in stride. Just part of a day's work, you know.

CHRISTMAS DOLL . . . All dressed up in the finery of the season, as if she had just emerged from a life-sized doll box, Mona Freeman makes like a lady Santa, her way of wishing the happiness of the season to one and all.

About Holly

Superstitious Britons considered it unlucky to bring holly into the house before Christmas Eve. Even today, the superstition persists that if the leaves of holly brought into a home at Christmas are smooth (rather than rough) the wife will "rule" the household during the following year.

## Christmas Tree Industry Grows To Big Business

The growing, cutting, and marketing of Christmas trees has grown, within the last 20 years, into an important industry. This year, for instance, approximately 45 million trees will be harvested. Forest areas no longer supply enough quality trees to meet growing demands. Many farmers, in all sections of the country, grow Christmas trees as a supplementary crop.

The demand has required that the industry become more mechanized, especially in the Northwest where millions of trees are harvested each year.

Big Business  
Trees are stacked by the thousands in collection yards. Conveyor belts carry them directly into railroad freight cars for shipment to all sections of the nation.

A spokesman for the Christmas tree industry reports there is a trend toward nursery-raised trees. Big picture windows are partly responsible. Home owners want neighbors and friends to see trees that are symmetrical or unusual.

Also, there is a great demand for very small trees. They are for trailer dwellers.

Popular Size  
The most popular size of tree is from five to seven feet. This is due, in most part, to the passing of high ceiling rooms and modern home construction.

Commercially grown Christmas trees have been shipped from the United States to many distant lands. There seems to be a growing demand for them in Hawaii, Mexico and Cuba.

FILE CABINETS—Standard card, one drawer unit for 4x6 cards; 1,600 card capacity. For sale at The Tawas Herald, 408 Lake Street, Tawas City.

Toys, of course, are the first thing we think of when we start running down the list of young folks on our gift list. For the very young, that is. When we start deciding what to give to the pre-teen and early teen set, we have to use a bit of imagination—as well as a bit of realistic thinking. Too often, we overlook the wonderful world of books.

To the impressionable youngster, good books open the door to adventure, travel, mystery, to endless hours of entertainment, recreation and education.

Books are easy to select and give. All one must know is the age, reading ability and capacity, and interests of the youngster for whom the gift is intended. While books are ageless, youngsters are not; they have their own individual likes and dislikes and a book on a subject in which they are not interested would be as useless to them as a shirt four sizes too big. The same is true if the subject matter of the book is "too old" or "too young." There is no such thing as a book for youngsters "6 to 16." The age span is too wide and the diversity of interests will be even wider.

Buy Wisely  
Some well-intending persons buy books or book sets for the school-age as gifts for infants, thinking they are purchasing a "lasting" gift. Actually, they are wasting their money. If the books are not torn or misplaced by the time the child is old enough to read and appreciate them, most likely the information contained in the books is outdated.

Books for youngsters are written for a select age group—not for a select age. At 13, two boys may have entirely different reading tastes—as well as reading abilities.

Books make excellent gifts for persons of all ages. But, like a glove or a shoe, they must "fit" the recipient if they are to be fully appreciated.

MARY JANE GOODALE TENT ELECTS OFFICERS  
Election of officers was the main order of business at the December 14 meeting of Mary Jane Goodale Tent No. 50, DUV, at the home of Mrs. Clarence Benson. Elected were Mrs. George Featheringill, president; Mrs. Ada Schenck, senior vice president; Mrs. Walter Deering, junior vice president; Mrs. Benson, chaplain; Mrs. John Klenow, treasurer; Mrs. Jennie Meyer, Mrs. Schenck and Mrs. Deering, council members.

Installation was set for January 11, 1:30 p. m., at the Benson home. Following installation, the president will appoint and install other officers and chairmen.

The ladies enjoyed a ham potluck dinner and exchange of gifts preceding the meeting. Mystery package was won by Mrs. Meyer.

### Team Trophies Awarded to Three

Twenty-two members of the 1960 Tawas Area Braves football squad were guests at a steak dinner given Monday night by Mr. and Mrs. Perry Crooker, owners of the Mid Way Drive-In, Tawas City.

Among faculty members who attended were Head Varsity Coach Herbert Escott, Assistant Coach Steve Sventko, Junior Varsity Coaches Bill McIntosh and Lyle Berry and Track Coach Robert McDonald.

Presentation of trophies were made to outstanding players for the past season.

Award winners: Coaches' award, Bud St. James, who received all-state recognition this year; Robert Frank, oil can award, and Randy DeWyse, most improved football player of the season.

Escott and Sventko purchased. Sell it with a want ad.

the trophy for the coaches' award. It will remain in the school's trophy case and names will be added in years to come to recognize deserving players.

Milk for the dinner was donated by Sealtest Company.

**RICHARD N. FOWLER** Richard Neil Fowler, 14-year-old son of Mr. and Mrs. Clarence Fowler of Bay City, died December 14 at the family home. He had been ill since birth.

Funeral services were held Friday at Moffatt Funeral Home, East Tawas, with burial in Greenwood Cemetery. The Rev. Fr. Henry Eichholtz officiated.

Born August 17, 1946, at East Tawas, he is survived by his parents; one brother, James; two sisters, Lorna June and Kelly Ann, and his grandparents, Mr. and Mrs. Clarence Fowler Sr. of Bay City.

Mrs. Fowler Jr. is the former Lorraine McCartney of East Tawas.

### Fraud Hearing Goes to Pre-Trial on March 7

After hearing argument all day Wednesday, Circuit Judge Allan C. Miller modified a restraining order which he signed December 2 in a case brought against the general contractor for construction of Capehart housing units at Wurtsmith and Kincheloe Air Force Bases.

Judge Miller permitted substitution of a \$1,000,000 surety bond in place of a \$1,250,000 cash bond, which was requested by attorneys for J. W. Bateson Company, general contractor.

J. W. Bateson, J. T. Hubbell, O. A. Fountain and several so-called "dummy" corporations owned by the general contractor, have been charged by Catsman Company, a Flint subcontractor in the Capehart housing construction, with fraudulently conspiring to obtain subcontracts for the completion of housing units.

If the surety bond is posted, the Iosco circuit judge will lift a temporary restraining order against Bateson which prevents them from closing out the contract with the federal government in this project. The company claimed it was losing in excess of \$500 a day due to the delay in closing.

Judge Miller ordered that Bateson also make available \$250,000 in closing of the contract to be paid to such materialmen and subcontractors as approved by the Catsman Company and its bonding attorney, American Fidelity and Trust Company.

An additional sum of \$54,148.14 is to be tendered to Catsman when uncompleted work is approved for payment by representatives of the United States Air Force.

Miller ruled that premiums on the \$1,000,000 bond are to be paid by Bateson.

Next step in the litigation is for attorneys of both Bateson and Catsman to exchange lists of witnesses whom they will call during discovery proceedings on the fraud charges.

Each company will have until February 28 to investigate each others records. A court reporter will take testimony on these depositions, which will be read into the pre-trial discovery proceedings.

Judge Miller set March 7 for a pre-trial hearing in Iosco Circuit Court.

### Kiwanis Club's Goodfellow Drive Was Success

According to Dr. E. C. Silverthorn, chairman of the Tawas Kiwanis Club's Goodfellow Drive, the 1960 campaign to raise funds for needy children is one of the best on record.

More than \$1,000 was collected during the drive, which represented proceeds from the sale of an especially prepared Kiwanis Goodfellow newspaper and advertising which appeared in the edition.

About 1,200 newspapers were sold on the streets of the Tawas Saturday by Kiwanis boys and about \$400 was netted.

The club's boys and girls committee has prepared a list of needy families and Christmas baskets are already being distributed. Needy children also receive trading certificates which will be redeemable at local stores.

Silverthorn expressed his appreciation, on behalf of the club, to those who purchased newspapers and those business places which were listed on the advertisement appearing in the paper.

**2 IOSCO BOYS MEMBERS OF ALPENA LUMBERJACKS SQUAD** Two former prep cagers of this area, Ray Moore, 1959 graduate of Tawas Area High School, and Dave Goupil, 1960 graduate of Whittemore - Prescott Area are members of Alpena Community College's basketball squad. Both freshmen have seen action in the three games played by the Lumberjacks this season.

### Buch

(Continued from page 1.) hams were branching out into a new and unknown field—the commercial use of radio, and by February 1922, Buch was pulling in such broadcast stations as WJZ, KDKA, WGY, WDY and the then new WWJ transmitter at Detroit, which came in "loud and clear."

Although he constructed a combination CW (key) and phone transmitter in 1923, he used only the key because the cost of keeping a phone transmitter on the air was prohibitive. There were no AC powered radio tubes at that time, the equipment being powered by batteries.

Buch had some interesting experiences in those early days of radio. For instance, he heard messages from Wireless North Pole when Commander Donald B. MacMillan was exploring that area. When MacMillan was here in 1951 to present a lecture on his adventures at a meeting of the Tawas Kiwanis Club, Buch told him that he had monitored his broadcasts from Etah, Greenland.

"Amateur radio is one way of making friends. You talk to a person over the air and when you meet him personally you are acquainted," said Buch.

Today, Buch is still active in amateur radio. He is president of the Tawas Radio Club, which he helped to organize and instruct novice members; a member of the Michigan Emergency Network and Quarter Century Network Association. He is also district communications officer for the United States Coast Guard Auxiliary.

Buch, who for years was associated with his late father and brother in a grocery business here, has been register of deeds for Iosco County since 1945.

### P-TA Meeting Featured Christmas Selections by Quartet

Several Christmas selections, sung by a quartet composed of Mrs. Dan Cater, Mrs. Alden Phelps, Clyde Soper and Richard Ferguson, opened the Tawas Area P-TA meeting December 20. Dancing to the music of the high school dance orchestra, directed by Edward Rima, followed by Christmas cookies and punch, served by Mrs. John Roiter, completed the social hour.

Miss Clara Bolen read an article from the National P-TA Magazine and Mrs. George Prescott announced that Dana Rose, vice president of Michigan Bell Telephone Company, will be speaker for the P-TA founders' banquet in February. Supt. Reynolds Mick, who heard him this fall at the superintendent's convention on Mackinac Island, endorsed him as the best speaker he had ever heard.

The membership voted to send a resolution to the committee on resolutions for the 44th annual convention of Michigan Congress of P-TA, backing the Michigan Association of School Principals in asking for a state law to open hunting seasons on week-ends instead of in the middle of the week.

Thomas Pintkowski brought a report in answer to a question posed at an earlier meeting as to whether the honor roll should be on a B average basis or require that all grades should be B or better as is currently the case. Teachers' opinions, according to the report, were equally divided.

Five exchange students shared their experiences in 10 minute talks and their parents were introduced. Speaking were Hannelore Stinemann of Berlin, who lives with the Herman Moehring family; Pirkko Hyvarinen of Finland, who lives with the Richard Harwoods; Andrea Kunau of West Germany, who lives with the William Browns; Julie White and Kenneth Davenport, both of East Tawas.

### PERCY O. CREGO

Percy O. Crego, western Iosco County farmer, died Wednesday, December 14, at his home. Mr. Crego was born May 10, 1897, at Whittemore. In 1917, he married the former Irene Stockdale at Omer. Mrs. Crego preceded him in death April 15, 1924. Surviving are a daughter, Mrs. Josie Voorhies of Prescott, and a son, Col. John Crego of the United States Air Force in Germany, who arrived here Friday, and two grandchildren. Funeral services were held Sunday afternoon at the Logan Free Methodist Church. The Rev. Herbert Marsh officiated. Interment was in the Whittemore Cemetery.
