

CHIEF JERALD JOHNSON

## Johnson Retires After 20-Year Navy Career

Chief Jerald Johnson, 40, who has been navy recruiter at the East Tawas branch station for the past two years, will retire from active duty effective March 1. Johnson spent more than 20 years in service.

Taking over Johnson's duties at the Federal Building is Joseph Mitchell, SN-1, who comes here from Detroit.

Johnson, his wife, Joyce, and four children are to leave soon for Bay City where they will make their new home. He will be employed by the Defoe Ship Building Company as a naval machinery inspector.

The retiring navy recruiter's career started when he enlisted in 1939 at Wichita, Kansas. A native of Lewis, Kansas, Johnson boarded the USS Ogala, a mine layer, soon after boot camp. He was on the vessel when it was sunk during the Japanese attack on Pearl Harbor, December 7, 1941.

The remainder of his war service was spent aboard the USS New Orleans, a heavy cruiser, which saw action in the Coral Sea, and the battles for the Marshall, Gilbert and Mariana Island groups.

During the Korean conflict, he served aboard a destroyer which operated along the east coast of the Korean peninsula. About 16 of his 20-year service was spent aboard ship.

While serving with the fleet training group at Pearl Harbor, Johnson requested transfer to recruiting duty and he was assigned to the East Tawas station.

Since moving to this area, Johnson has been active in the Tawas Area Parent-Teacher Association, of which he was president for 1959-60. He was scoutmaster for the East Tawas Boy Scout Troop and Sunday school superintendent.

"I have enjoyed my stay in the Tawas and will remember the many fine associations I have had here during the past two years," commented Johnson.

## Candidates Named for P-TA Offices

A slate of candidates for offices of Tawas Area School Parent-Teacher Association was presented at the February 15 meeting of the group, held at Tawas Area High School Auditorium.

Nominated for the presidency for a two-year term were Mrs. D. Arthur Evans and Clyde Soper; teacher vice president, two-year term, Mrs. Ruth Lee and Edward Rima; father vice president, one-year term, Richard Haglund and Vernon Hughes; mother vice president, one-year term, Mrs. Ray Cross and Mrs. John Roiter; secretary, two-year term, Mrs. Raymond LeViere and Mrs. William Robey; treasurer, one-year term, Mrs. Richard Harwood and the Rev. Charles Mercer; historian, two-year term, Mrs. Norman Payne and Mrs. Ernest Jordan. Members of the nominating committee were Mrs. John Proctor, Carlton Haglund and Paul Beyer.

During the program, the group viewed a short film entitled "One-Half Inch of Selfishness" and heard a report of the school curriculum committee by Judge Allan Miller. The committee will meet again February 29 at 7:30 p. m.

Jerry Johnson, outgoing president of the organization, gave a short talk and Mrs. Evans reported on the P-TA magazine.

Refreshments were served by mothers of the second grade students.

The next meeting is planned for March 21.

## STUDENTS CONTRIBUTE \$30

Tawas Area School fifth and sixth grade students, who attend classes at the Alabaster unit, recently donated \$30 to the March of Dimes. The money was raised through candy sales at the school.

## Gives Opinion on Education System

(Editor's note: The following article is by Jerry Johnson of East Tawas, who retires March 1 after serving 20 years in the United States Navy. A navy recruiter here for the past two years, Johnson resigned as president of the Tawas Area Parent-Teacher Association last week and will soon leave for his new home in Bay City.)

The cry from every university across the land is, "Send us students that are better prepared."

The nation needs teachers, doctors, physicians, engineers, chemists and statesmen, yet the average high school graduate is not prepared to actively engage in any of these careers.

The medical colleges readily admit that one year could be cut from their preparation if the students had a good background. There is a constant "re-training" in the basics. Often, a high school graduate with a "B" average finds it hard to stay in college at all or he will wash out after the first semester.

There are four very pronounced reasons for this condition:

1. Classes are too large in the lower grades. Regardless of how hard a teacher tries, she cannot do justice to the students or the subject material with an overcrowded classroom. When the class reaches a total of 25 to 28, a state of emergency should be declared. Here is where the trouble starts.

2. Sometimes teachers detract from their period of instruction by lack of enthusiasm. This is a very subtle influence, but very real. Just as enthusiasm is contagious, the lack of it is also contagious. Teachers should constantly seek to make their subjects more attractive.

3. Starting salaries are far below the minimum required. According to recent publication, the average wage of the factory worker is \$100 per week. This reference made no mention of skilled labor. It said average factory worker! There should be no comparison between a teacher and a factory worker; not in the importance of their job nor the amount of training and education necessary for the job. They do compare favorably, however, in salary only. Starting salaries should be raised appreciably.

4. We need to take a hard look at the value of school time. There is danger that the extra-curricular usurps the basic subjects. The honest, searching question must be asked, "how much is this subject going to help the student?" The extra-curricular activities are designed to produce the "well-rounded" student. This rotundity could be developing into obesity and this obesity is mostly in the head.

When sufficient people are agreed that these conditions should be corrected, the mental capability of the high school graduate will greatly improve.

## Hope to Establish Revolving Fund for Sewer Construction

Tawas City Water Board is studying the possibility of using part of its federal grant for assistance in constructing additions to the municipal waste treatment plant as a means of financing construction of sewer mains in the city.

According to an idea presented by Mayor George Tuttle Monday night, a revolving fund would be established using part of the \$17,000 grant. This money is presently invested in bonds and the city will receive an additional \$19,000 in federal funds after final inspection of the new plant.

According to the proposed plan, when requests are received for

sewer construction the money would be used to finance work. New sewer mains would be financed by creating special assessment districts, whereby the property owners would pay back cost of the construction on a three to five-year basis, the money being returned to the revolving fund.

At present, when sewer construction is requested, each land owner must pay his share before work is started. Citing the need for a definite construction policy, Mayor Tuttle stated, "In many cases, people do not have that much money to spend at one time and this plan would make repayment easier by charging off a smaller amount each year on the individual's property taxes."

When Tawas City taxpayers voted last February for a \$130,000 bond issue to finance construction of new additions to the waste treatment plant, city officials had no assurance that federal funds earmarked for pollution control would be received. Tawas City was listed below several other Michigan communities and there was no money available. It later turned out that this city moved up on the federal grant list when other communities failed to meet requirements.

City officials are to meet with Clifford Spicer, city engineer, to determine whether such a revolving fund could be established legally and to determine if part of the money could be used to reduce millage on the \$130,000 bond issue. Sewer rates are also to be studied in order that actual users pay a percentage of the cost of the bond issue.

## Skiing Week-end Planned at Valley

A full week-end of skiing activities is planned at the Silver Valley winter sports area in Huron National Forest, it was announced Monday night by L. G. McKay Jr., committee chairman.

The ski area will open Friday afternoon, weather permitting, at the reduced rate of 75 cents. Anyone desiring snow conditions may call the Silver Valley chalet.

Along with the regular skiing Saturday afternoon, there will be night skiing starting at 6:00 p. m. and continuing until 9 o'clock. There will be one tow operating and the ski shop and food concession will be open.

Sunday will be father-son day and, if there is enough interest shown, competitive races will be held. When a father purchases his ski tow ticket at the regular rate his son is admitted at one-half price.

The winter sports committee announced Monday night that it authorized payment of \$1,800 on its note at the Peoples State Bank. This leaves a balance due of \$300.

## Supervisors Apply for Point Property

Iosco County Board of Supervisors, in a letter to General Services Administration, has requested application forms used by that department for request to purchase the Tawas Point property which was recently declared surplus by the federal government.

The Iosco County Board of Supervisors and Michigan Department of Conservation have both corresponded with you with respect to the property formerly used by the coast guard." Prosecuting Attorney Paul Harvey stated in the board's letter.

"While the conservation department is attempting to appropriate legislation to obtain this property, the board of supervisors desires to have its application on file in the event this legislation fails or if for any other reason the state department of conservation does not finally acquire the land.

Discussion on the Tawas Point property took up much of last week's one-day session of the (See SUPERVISORS, page 8.)

## Area Ranch Operation is Featured in Farm Journal

An article describing the cattle raising operations of Warren Huff, owner of the Rowala Ranch at Prescott, appeared in the March issue of Farm Journal Magazine. Entitled "I can't afford Western feeders anymore," the article told how Huff was raising his own feeder cattle here.

Huff purchased the property about two years ago from State Senator Charles T. Prescott. The ranch, located at the Iosco-Ogemaw county line west of Whittemore, had been owned by the Prescott family for many years.

This winter, 800 head of cattle on feed in Huff's Washtenaw County feedlots were raised at the Rowala Ranch. Huff's move into the ranching business, the article stated, was prompted by the ever increasing prices of Western calves.

Huff believes that ranches like his could be developed on the thousands of acres in northern parts of Michigan and other midwestern states. The ex-Texan stated that he scoured the western states for a ranch, but found that a good one would cost \$600,000 for a 1,000-cow ranch.

He compares that figure with the \$55 an acre he paid for his Michigan ranch, plus the \$45 an acre he expects to spend on pasture improvement and fertilizer.

By stocking a cow and calf on each two acres, he figures to be in the ranching business for \$200 per unit. Huff has 1,200 bred cows on his ranch now and believes it will carry 2,000 head.

He cites the fact that Michigan has twice the rainfall of the West and that because his feedlots are "within a few miles of the highest-paid workers in the world—Detroit's labor force, transportation costs are lower, there are no commission, yardage, auction or dealer costs; no shipping disease and very little shrink."

## Ward Caucuses to be Held Here Saturday

Tawas City Republicans and Democrats will hold ward caucuses and city conventions starting at 8 o'clock Saturday night, February 27. Republicans will hold their meetings at the city hall while Democrats will meet in the courtroom of the Iosco County Building.

Three candidates for city aldermen and the board of supervisors are to be named at the caucuses for the April election. At the city convention, the two parties will name candidates for the offices of mayor, clerk and treasurer.

## Hale Area Voters to Decide on Bond Issue Next Monday

Shall the 15 mill limitation be increased five mills—shall authorization be given for a \$200,000 bond issue? These two questions are to be decided by voters of the Hale Area School District at a special election Monday, February 29.

On that day, Hale Area voters will be asked to vote on the question of permitting the school district to borrow \$200,000 on tax limited bonds for the purpose of building an addition to the school and making improvements

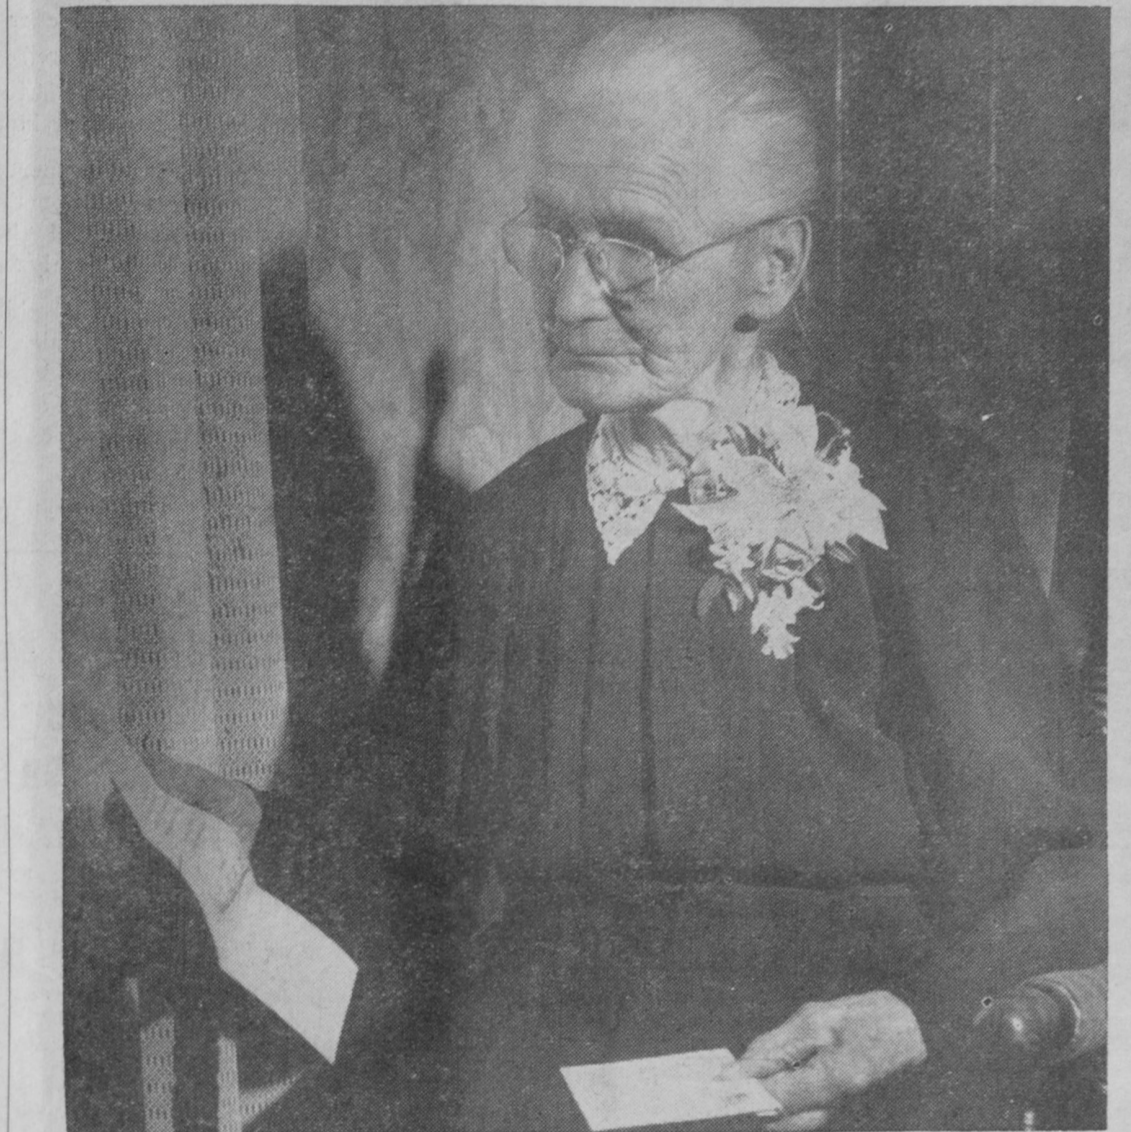

in the gymnasium building. In order to issue such bonds, voters first need to authorize raising the debt limitation by five-tenths of one percent (five mills) on assessed valuation of all property in the school district for a period of 14 years, 1960-1973, inclusive.

Plans, as worked out by school officials and a citizens advisory committee, call for constructing an addition to the present building. It would include a new study hall and library, science class-

room and equipment, a combined agriculture and drafting room, a new room for manual training, renovation of the gymnasium and a new heating plant.

The district was to have asked voters to approve an additional \$12,000 for a lighted athletic field but this question has been canceled for the present.

In a brochure mailed to voters last week, Supt. Dale Buch said that the millage for debt retirement on the old bond issues, which covered the gymnasium

I hope that this anniversary will be a joyful and memorable occasion for you."—Tawas Herald Photo.

## Mrs. Eisenhower Sends Greeting—

## Wife of Pioneer Merchant Observes 90th Birthday

Mrs. Aurelia Buch, wife of a pioneer Tawas City merchant, celebrated her 90th birthday with an open house for friends and relatives Tuesday, February 23.

Among the many birthday greetings received by Mrs. Buch this week was one from Mrs.

Mamie Doud Eisenhower, written on White House stationery. Mrs. Buch was born February 23, 1870, in Grant Township. Her father and mother, Herman and Henrietta Dommer, had homesteaded there in 1868. Their home was one mile west and south of Sand Lake on the old state road.

At the time, there was a settlement in that vicinity consisting of the Sand Lake House, lumber mills and stores. In those days, there were apparently more people living in the Sand Lake area than in Tawas City.

As a child, Mrs. Buch recalls that her father took the family to church and to town in a wagon drawn by oxen. On May 16, 1897, she was married to Emil H. Buch, who operated a grocery and meat market until his death in 1944.

Mrs. Buch is quite active in tending to her flower garden and keeping her house for her son, Albert. She reads the newspapers, watches television and is interested in the topics of the day.

In 1957, she made an auto trip to Williamsburg, Virginia, and toured the reconstructed city. On the way home, a stopover was made in Washington, D. C., where she saw the White House and other points of interest.

Among those who attended the birthday party Tuesday were her

two sons, Fred and Albert, and her daughter, Mrs. Ida Wuckert of Saginaw. Mrs. Buch has 21 grandchildren and 28 great grandchildren.

## Bell Telephone Asks for Rate Increase

Michigan Bell Telephone Company has filed new rate schedules which would increase the price of residence service a dime a month here.

The proposed schedules, subject to approval by the state Public Service Commission, were submitted in Lansing in compliance with a recent commission order granting the company a revenue increase.

The new schedules would increase the price of all classes of residence main service 10 cents a month and most classes of business service 15 cents a month.

The price of private branch exchange (PBX) trunklines would go up 25 cents a month.

Other increases would apply here only to miscellaneous items such as service connection, automatic telephone answering and recording equipment, and PBX night answering service arrangements involving special equipment.

## Physical Fitness Tests Proposed for Area Youth

Two local chiropractors attended a youth fitness kick-off meeting and dinner February 14 at the Olds Hotel, Lansing, sponsored by the Michigan Chiropractic Society. Attending were Dr. James E. Thomas of Tawas City and Dr. J. J. LaRue of East Tawas.

The association plans to expand the Kraus-Weber testing program on a state-wide basis. The national association is devoting its entire public relations effort this year to the American youth fitness program first launched by President Eisenhower in 1956.

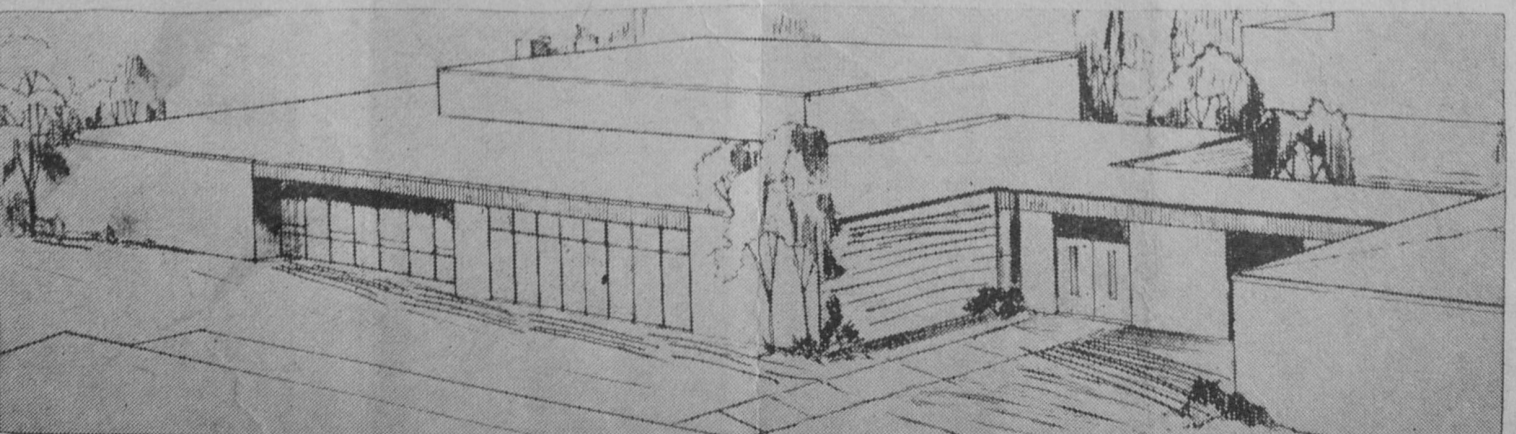

"We hope to work through the school to bring this test to all youngsters in the area between ages of six and 16," said Dr. Thomas. He was to have met with the Tawas Area Board of Education last night to present information.

In tests given representative groups a few years ago, it was shown that 80 percent of American youths failed in some phase of minimum fitness tests com-

pared with only nine percent failed among a comparable group of foreign students.

Local chiropractors quote Dr. Shane McCarthy, executive director of the president's council on youth fitness, as laying the blame on ease and luxury as reasons for the failure of so many American youths to pass the tests. In national and state campaigns, the organizations hope to spotlight attention on the need for greater education and fitness through schools.

The six minimum fitness tests include: 1. Touching the floor with heels together and legs straight; 2. Raising chest, head and shoulders, with hands clasped behind the head from a prone position; 3. Raising legs from prone position with shoulders and waist held down; 4. Rising from sitting position with legs held down; 5. Rising to sitting position with knees bent; 6. Raising legs from waist while lying on back. Hands are behind the head in all tests except the first.

THIS IS the architect's sketch of the proposed addition to Hale Area High School for which voters of that district will be asked to authorize a \$200,000 bond issue at a special election next Monday, February 29. The election will be held at the school gymnasium. Hale area voters will be asked to authorize a bond issue and raise the district's debt limitation.

UPPER ROOM OBSERVES 25th YEAR OF SERVICE

The Upper Room, a regular weekly feature of The Tawas Herald, is observing its 25th year of service to Christians of many denominations in 100 countries around the world.

EDITORIAL . . .

Why is it necessary for Tawas City school children to walk in the road? Students living within a 1 1/2 mile radius of the school are not transported by bus—many others must walk in the road to reach bus stops.

Owners of vacant property, summer residents and carefree vacationers have left their sidewalks unattended and the community's walking population is paralyzed.

Others besides school children face this problem. The one-car family is not unusual, many retired people reside within walking distance of the post office and stores and unavoidable circumstances often make foot travel necessary.

Why is this situation allowed to exist?

The city has an ordinance providing that sidewalks be cleaned within 24 hours of the snow-fall. Alert city fathers who enacted this ordinance in 1887 would be appalled at the city's crippled thoroughfares.

Enforcement of such an ordinance should not be needed. Personal pride and thoughtfulness should make residents extend "the right to pass" to their neighbors.

But, as always, the lack of cooperation throughout neighborhoods has spread until the vast majority of city streets is in shameful condition.

What is to be done about it? Advise your aldermen of your views on the subject. Serving as First Ward alderman are John N. Brugger and Arthur Wegner; Second Ward, Earl Davis and Clyde Evril; Third Ward, Cecil Cabbie and Howard Hatton.

The editor's mailbox is another means of expressing your viewpoint. Don't wait for your neighbor—he forgot to shovel his sidewalk—phone or write now!!

# Braves-Bobcats Clash Friday to Determine NEM Championship

## Braves Down Eastern Eagles Last Friday

Tawas Area Braves, fighting an up-hill battle in the NEM Conference all season, continued to hold one foot in the door of the league championship by defeating Roscommon and Arenac Eastern during the past week.

The wins set the stage for a play-off battle between league-leading Houghton Lake and the Braves at the Tawas Area Auditorium Friday night. Should Tawas win, the conference season would end with the two teams tied as co-champions.

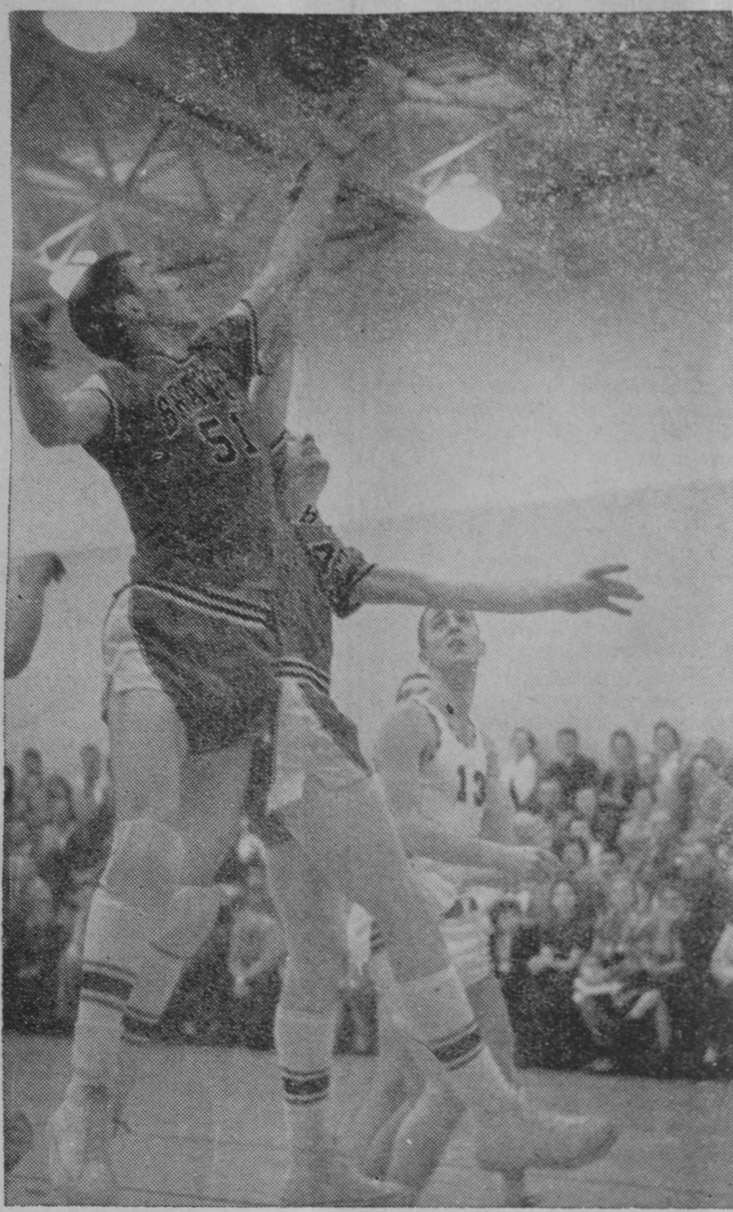

The McIntoshmen will be seeking revenge for a 49-47 loss earlier in the season at the hands of the Lakers. Tawas Area's only other loss was to Pinconning, 44-43.

The season's final conference game will pit two teams of contrasting styles. Houghton Lake is a break-away team, boasting a speedy offense which can run its opposition ragged. On the other hand, the Braves have a more deliberate passing attack, coupled with one of the better defenses in the northern area.

Because of the contrast in styles, the outcome of Friday night's game may hinge on which team breaks away from its accustomed offense and follows the style of play of the other team.

Last Friday night, the Braves defeated Arenac Eastern, 60-44, but not before the Arenac County team gave another good account of itself. Earlier in the season, the Eagles fell before the Braves in a hard-fought battle.

The two teams played on even terms for three quarters and it was not until late in the fourth quarter when the Braves were able to pluck an Eagle "feather" and put it in their win bonnet. Action in the first quarter found both teams in a "race-

horse" game, the type of play which does not suit the Braves favorably. The quarter whistle found Tawas Area holding an 11-8 margin.

The Braves settled down in the second quarter with a more deliberate passing attack, holding a 30-22 lead at intermission. The third quarter was a big one for the Eagles when they outscored Tawas Area, 13-12, but found themselves still seven points behind as the quarter ended.

Arenac Eastern was able to shave Tawas Area's lead to six points early in the fourth quarter but the Braves finally pulled away with an 18-9 count. Tawas Area had four players in double figures, Forward Arnie Stump topping the scoring ladder with 22 points. He was followed by Pete Bolen with 13 points, Dwayne Ulman with 12 and Larry "Doc" Anschuetz with 11.

Eastern's scoring was topped by Dale Suminski, who matched Stump's 22 points. Reid was the only other Eagle who reached double figures, scoring 10 points. Tawas Area Junior Braves racked up another win in the preliminary, defeating the Arenac Eastern reserves, 72-35. Tawas scored 29 points in the first half to Eastern's nine and that was it as far as the outcome of the game was concerned. Tom Pintkowski substituted at

the helm of the Junior Braves for Coach Howard Adams, who was ill Friday night.

Brown led Tawas with 14 points, followed by Humphrey with 12. Others who reached the box score were: Mercer, nine; Murphy, eight; Werth, Miller and Mick with six each; Colvin and Doak with four each, and LeViere with two points.

The Card JV squad lost a tough one when, after trailing all the last half, W-P came within three points of catching the Little Wolverines with only seconds to go. Ken St. John was awarded two charity tosses and after sinking the first one Coach Fegan planned on having him miss the next one giving the Cards a chance for the rebound and a two-pointer which would have tied the score. He watched in amazement as the ball dropped through the hoop leaving the Little Cards short one point as time ran out.

Armstead for the Cards and Wahr for the Wolverines each dropped in 20 points.

Methodist's unbested record for the season was broken Thursday night as they lost a 63-61 overtime game to IHM. At the end of regular play the score stood at 57-57. B. Elliott was top scorer for the winning five with 17. Leading the Methodist were R. Moore with 24 and B. McIntosh with 20.

The evening's second game saw Grace Lutheran, paced by K. Bublitz with 20, take a 61-52 decision over RLDS. C. Allen tipped 24 points for the losing team.

## W-P Cardinals Rack Up 11th Straight Win

Whittemore - Prescott Cards split two games at AuGres Friday night, the varsity winning its 11th straight game, 57-50, but the junior varsity dropped its game by one point, 49-48.

Coach Ed Dudo's varsity squad appeared to be in for a rough night when the AuGres five jumped off to an 8-0 lead but came to life for 11 straight points to leap out in front.

The Cards continued to lead until late in the second quarter and trailed at half time by four points, 33-29.

Coach Dick Smith's boys seemed on the road to a big upset as they held a six-point lead midway in the third quarter, continuing to get a large share of the rebounds from the taller Card five, which was missing many easy shots.

Dave Goupil, Ron Aulerich and Denny Fuerst started hitting late in the third quarter to pull the Cards to within one point of the smooth working AuGres squad at the three quarter mark. Goupil started the fourth quarter off with a quick bucket to finally put the Cards in front and their height started to make the big difference as they continued to put ahead until the final whistle.

AuGres Manor led the scoring with 24 points, followed by Goupil for the Cards with 19.

The Card JV squad lost a tough one when, after trailing all the last half, W-P came within three points of catching the Little Wolverines with only seconds to go. Ken St. John was awarded two charity tosses and after sinking the first one Coach Fegan planned on having him miss the next one giving the Cards a chance for the rebound and a two-pointer which would have tied the score. He watched in amazement as the ball dropped through the hoop leaving the Little Cards short one point as time ran out.

## New W-P Gym Site of C-D Dist. Tourney

District class C and D tournaments will be held in the new Whittemore-Prescott Area gymnasium March 1-5. Three teams will compete in class C, Alcona, Oscoda and Whittemore-Prescott. Alcona is the weak one of this trio, losing all members of its fine team last year by graduation and failed to win a game this season. The Cards have beaten the Oscoda squad twice this year and should have the edge, but Coach Pat Tate's Owls, with the stronger bench, cannot be counted out.

West Branch St. Joseph, Hale, Rose City, AuGres, Arenac Eastern and Pinconning St. Michael will compete for the class D crown. Arenac Eastern and AuGres appear to be the strongest of this group with AuGres having the best season record, but Arenac Eastern having played a stiffer schedule with the NEM.

H. Escott, who has tipped over 30 points per game for the Episcopal team in its last two games, scored 35 points in the game with Baptist Wednesday, February 17. The Episcopal five had 74 points while Baptist players looped 53, led by H. Herriman with 32.

Methodist's unbested record for the season was broken Thursday night as they lost a 63-61 overtime game to IHM. At the end of regular play the score stood at 57-57. B. Elliott was top scorer for the winning five with 17. Leading the Methodist were R. Moore with 24 and B. McIntosh with 20.

The evening's second game saw Grace Lutheran, paced by K. Bublitz with 20, take a 61-52 decision over RLDS. C. Allen tipped 24 points for the losing team.

## LOOK AT THE LOWER PRICES

List prices as much as \$76.05 lower on popular models with popular equipment

- The '60 Chevrolet models** most people buy, equipped the way most people want them, are actually priced lower than last year's models. This two-tone Bel Air V8 sedan, for example—with Turboglide, push-button radio and de luxe heater—lists for a whole \$76.05 less! Prices are lower for all comparable V8 models throughout the line. Also for all comparable 6-cylinder models with Powerglide. Yet Chevy's loaded with more of the things that put pleasure into owning a car. (Just look at the list!) It's the greatest year yet to get into a Chevy!
- Big brakes for quicker, surer stops.** Rivetless bonded linings mean they last longer, too.
- More room to relax in.** Chevy sedans offer roomier seating than any car in their class. Lower, narrower transmission tunnel means more foot room.
- Only full wraparound windshield** among the leading low-priced cars.
- Electric windshield wipers** keep sweeping even when you speed up to pass.
- Vent windows crank open and closed.** So much simpler than fighting those tricky little catches.
- Keyless locking of all doors.** Quick and easy. The same key opens door, glovebox, trunk and starts the car.
- Softer, more silent ride** with coil springs at all four wheels and new butyl rubber-cushioned body mounts.
- Economy Turbo-Fire V8.** Or how to get up to 10% more miles per gallon of regular and still have lots of "git."
- Thriftest 6 in any full-size car.** It's the '60 version of the engine that got 22.38 miles per gallon in the 1959 Mobilgas Economy Run.
- Widest choice of power teams.** 24 engine-transmission teams in all, with output up to 335 h.p.
- A trunk that's made for long trips** with up to 22.5% more actual luggage space. Sill's lower for easier loading.
- Fisher Body craftsmanship.** Look at the finish, the fabrics, the detail work. You'll see the difference.

Drive it—it's fun-tastic! See your local authorized Chevrolet dealer for fast delivery, favorable deals.

### BOOK REPORTS GIVEN AT LADIES LITERARY CLUB MEET

Seven interesting book reports were given by Mrs. Stuart White at the regular meeting of Ladies Literary Club Wednesday evening, February 17. The meeting, conducted by Mrs. Robert Richter, president, was held at the clubrooms.

Mrs. John Pitts of East Tawas was accepted as a new member and Mrs. Lloyd Bennett and Mrs. Raymond LeViere were introduced as guests.

Lunch was served from a table decorated in the valentine motif by hostesses, Mrs. Gordon Penman, Mrs. E. T. Pierson, Miss Edna Otis, Mrs. Richard Newman and Mrs. C. S. Everett. Mrs. Newman and Mrs. Everett presided at the tea table.

### MRS. JORDAN ENTERTAINED TAWAS HOMEMAKERS

Mrs. Ernest Jordan entertained 15 members of Tawas Homemakers Extension Group at the monthly meeting held Wednesday evening, February 17. A Civil Defense lesson was given by Mrs. Richard Bertch and Mrs. Joseph Palumbo.

The hostess served a lunch to the group from a table decorated in valentine motif.

The March meeting will be at the home of Mrs. William Wickert.

### PLANS COMPLETED FOR KIWANIS CLUB DINNER

Tawas City Chapter No. 303, OES, held its February meeting Tuesday, February 16, at the Tawas Masonic Temple, with Mrs. Mary Westfall, worthy matron, in charge.

Final plans for serving the Tawas Kiwanis Club dinner February 18 were made. The station of the marshal was honored. A Masonic family night is planned for April 29 and Marvin Davenport has been appointed general chairman.

Hale Chapter No. 482 extended an invitation for Wednesday, March 4, when they will observe friends' night.

Mrs. Nyda Bronson, a member of the Grand Chapter sunshine committee, explained the worthy grand matron's projects and plans for the year.

After the meeting, February birthdays were observed with several decorated cakes, coffee and mints served by the hostesses, Mrs. Clarice Davenport, Mrs. Evelyn Colby and Mrs. Martha DePotty.

### JUDGE MILLER SPEAKER AT 20th CENTURY CLUB MEETING

Judge Allan C. Miller was the guest speaker at the Twentieth Century Club meeting last Wednesday evening. His theme was "Faith in our Country" followed by a question and answer period.

Mrs. George Digby presented another lesson on Civil Defense and distributed booklets from the Michigan Office of Civil Defense. Meditation was given by Mrs. J. F. Mark and "America" was sung with Mrs. E. C. Silverthorn at the piano. It was voted to give the usual \$5 to the Red Cross.

Hostesses were Mrs. William Groff, Mrs. Elizabeth Holland, Miss Leonora Hass and Miss Arlene Leslie. They served glorified rice, coffee, crackers, candies and mints. Place cards were little United States flags and the attractive centerpiece was an arrangement of pink flowers. Several guests were present.

### WILL PRESENT CONCERT AT TAWAS AREA SCHOOL

A wood-wind quintet from Central Michigan University, Mt. Pleasant, will present a concert at Tawas Area High School band room Wednesday evening, February 24, at 8 o'clock. The group is on tour and performs primarily for high school music students. However, any interested persons are welcome to attend.

## Marriage Vows Spoken at Emanuel Lutheran Church

MR. AND MRS. ARTHUR E. ANSCHUETZ JR.

In a double ring ceremony Saturday, February 20, Miss Carolyn Sue Watts of East Tawas and Arthur E. Anschuetz Jr. of Tawas City exchanged wedding vows. The 7 o'clock service was performed by the Rev. Leonard Newman at Emanuel Lutheran Church, Tawas City. Mrs. Fay Fisher, vocalist, was accompanied by Mrs. Donald Sebald, organist.

The bride's mother chose a gray suit with black accessories and a pink corsage for the occasion. Mrs. Anschuetz was attired in a blue dress with blue accessories and a white corsage.

Following a short wedding trip in Northern Michigan, the couple is residing at 630 Westover Street, East Tawas. Graduates of Tawas Area High School, the bride works at Tawas Hospital and the bridegroom is an employee of Schaaf Lumber Company, East Tawas.

Out-of-town guests attended from Greenville, Ohio; Detroit; Saginaw; Bay City; Whittemore; and National City.

Pre-nuptial showers were given by Mrs. Ethel Fox and Mrs. Rhea Ulman; Mrs. Harold Anschuetz and Mrs. Jean Cook.

"SPELUNKERS"—Mrs. Frank Kubiak and daughter, Donna Lynn, of Tawas Point Road are shown entering an ice cave which formed about 150 yards off-shore from their home on Lake Huron. Only one of many such formations which appeared after a recent storm from the northeast, the cave glistens with hundreds of icicles which hang down from the roof. Caves, "natural bridges" and tons of broken ice which resemble huge piles of broken plate glass were formed by the pounding waves. Although safe to enter Sunday, thawing weather will soon make the caves dangerous.—Tawas Herald Photo.

6 SCHOOLS REPRESENTED AT DISTRICT FFA MEET

Six schools were represented in region seven, district two, Future Farmers of America district contest, held February 16 at Whittemore-Prescott Area School. Participating were Gladwin, West Branch, Standish, Hale, Twining and Whittemore-Prescott high schools.

Four contests were held with the following schools winning: Gladwin, parliamentary procedure, demonstration and farm forum; Standish, public speaking. The winning teams will be represented at the regional contest which will be held at Standish February 27.

Women's Baptist Missionary Society of Hemlock Baptist Church met with Mrs. Harold Busch at her home Wednesday, February 17. The next regular meeting is planned for March 16 at the home of Mrs. Earl Herriman. All ladies of the community are welcome to attend.

Hemlock Baptist Church is being redecorated and any assistance would be appreciated.

Mrs. Alfred Guoan accompanied her daughter and son-in-law to Ann Arbor Wednesday where they visited Mr. Guoan, who is a patient at University Hospital. They report he is doing as well as can be expected. Friends may write to him in care of the hospital, Ann Arbor.

Visitors at the Charles Brown home Sunday were Mr. and Mrs. William White of Reno Township and Mr. and Mrs. Chester Bielby of Hale.

Mr. and Mrs. John Wehrman are caring for Harvey Melvor while his mother, Mrs. Clara Smith, is a patient at Tawas Hospital.

Mrs. Melvin McCormick is a patient at Tawas Hospital. Her friends wish her a quick recovery.

Mr. and Mrs. Earl Herriman attended the dedication of the new Methodist church at Pinconning Sunday.

Mr. and Mrs. Fred Pfahl visited at the Albert Goff home at Tawas City Monday. Mr. Goff is very ill.

Dwayne Durant of Flint spent last week-end with his parents, Mr. and Mrs. Alton Durant.

Outdoors WITH EMERY

Anyone need some early fly fishing practice to get ready for the coming trout season?

After the ice leaves the inland lakes and the bluegills, rock bass, crappies or calico bass start moving into shallow waters to the spawning beds, they are easily taken on small dry flies, poppers and streamers.

Best results can be reached by drifting in a boat or canoe several hundred feet off the shoreline and casting toward the shore. The best time for dry flies is in the morning hours, late afternoon or evening.

Fishing with streamers or wet flies is somewhat harder as the bluegills normally move and congregate in schools. It may take time to locate them at first but when they start hitting the artificial flies the fun and sport begins.

Pan fish are not real fussy as to what pattern or color "fly or popper" is offered because they will feed on most any type of insect or water bugs which are in the lakes.

This type of fishing is good practice for the fly fishermen as he can improve his casting accuracy, retrieves and the setting of the hook after the strike.

Bluegills usually have an excellent taste at this time of the year after being in the lake's cold waters and it does not take much time to get enough "pan fish" to make a tasty meal.

Efforts to introduce a bill to increase fishing license fees in the state legislature have thus far failed and conservation department officials are doubtful that the fee increases will be enacted during the current session.

The general average rate of survival for hatchery raised brook, brown and rainbow trout restocked in streams amounts to about 20 percent have a chance to survive. For example, if 100 trout were planted in a stream (assuming that none were caught by fishermen), 80 of these trout would not survive during the first year in the streams. The next year, out of the remaining 20 trout, only four would survive.

These figures are rather high for hatchery trout losses and are not only the concern of the state's fishery department but are also being studied by fish experts in New Zealand, England and European countries.

LETTERS to the EDITOR

February 15, 1960

Dear Editor:

I trust that you will correct the statement in "Outdoors with Emery" in your issue of February 10, that Senator Prescott and Representative Peltz "did an about face" recently in asking the conservation commission to consider a buck only season for 1960. A reading of their entire letter to the commission will show; in their words, that they "propose a 'go slower' pace in our present sound method."

Also they do strongly recommend that the commission declare a moratorium on the killing of antlerless deer for as long as they see fit, at least for the 1960 season, and then study the results. It might result, they say, in a regulation to hunt "bucks only" one year and "any deer" the next year. But the crux of the argument these past few years is not whether doe shall be shot in any one year or how many and where, but who shall manage the deer herd; and these legislators continue to believe that it should be in the hands of the conservation commission and not in the state legislature.

For instance, their letter states: "There are those who believe that the present system of deer herd control, vested in those who have the knowledge, experience and know how and are paid to do the job, is the proper and best way to handle the situation. They believe that the majority of people agree with them. The records show that we are in the latter category."

Also: "It is not our purpose to retrench from our original position, which we have defended over the years. Neither is it our purpose to recommend any changes to the present deer regulations to this session of the legislature." By "the present deer regulations," they mean the regulations that give deer control to the conservation commission.

Think you will agree that these statements do not constitute an "about face." See the February issue of Michigan Out-of-Doors for the entire letter, portions quoted above.

It is sad here to note that Representative Emil Peltz, who gave so much of his precious energy and time to the house conservation committee, of which he was chairman, passed away just a few days ago.

Sincerely yours, Harold L. Smith

JOHN HEAD

John Head of Turner was killed Saturday, February 13, when his tractor overturned pinning him underneath. Mr. Head was 51 years old.

The accident occurred on the Riley Ross farm in Mason Township, Arenac County. It was witnessed by Mr. Head's 13-year-old daughter, Verna Jane, and Erdman Netslaff.

Mr. Head was skidding logs with the tractor to a place for loading. According to his daughter, when the accident occurred, he was attempting to drive out of a creek bottom. Apparently in order to make the grade, Mr. Head threw on more power and the tractor flipped over backwards, trapping him underneath.

Mr. Head was born November 9, 1908, in Sherman Township and lived on the farm all his life. He married the former Verna June Clark May 24, 1941.

Surviving are his wife; three daughters, Mrs. Verna Muckenthaler of Turner, Vera and Virginia, at home; one grandson; one brother, Edmund Head of Saginaw; two sisters, Miss Cora Head of Standish and Mrs. Nora Powlis of Turner, and several nieces and nephews.

Funeral services were held at the Forshee Funeral Home, Twining, February 16. The Rev. Thomas Beaven officiated. Interment was in Cedar Valley Cemetery.

Supervisors' Proceedings

FEBRUARY SESSION February 17, 1960

Pursuant to January adjournment, the Isosco County Board of Supervisors was called to order in February session by the chairman who ordered the roll call.

Communications were read and referred to the proper committees by the chairman.

Sealed bids were presented for the purchase of a police car for the sheriff's department.

Mr. Little addressed the board stating that the finance committee had checked the bond investment funds and only one change for the better had been made which would increase the interest income to the county.

At the request of the clerk, it was moved by Werth supported by Stephan that the minutes of the January meeting be approved as published.

It was moved by Little supported by Stephan that the sealed bids for the police car be opened and turned over to the finance committee for study.

Committees were ordered to their respective duties, balance of the board to be at ease, subject to the call of the chair.

Upon call to order at 11:00 a. m., Mr. Kelly addressed the board representing Chain Lakes Association and inquired what had to be done to get the petition of the property owners presented to this board some time ago out of committee so that proceedings could be commenced to establish a legal level for this lake.

Gordon DeLacy representing Manufacturers Life addressed the board asking if there was any interest in a retirement program for county employees.

Mr. Long asked the judiciary committee to make a report on homestead tax exemptions for veterans.

Mr. Smith, publisher of Isosco County News, presented the board with the advisory ballots his paper had received regarding the Tawas Point property.

Mr. Werth addressed the board reporting on the recent trip made to Lansing by some members of this board to confer with the conservation department about the Tawas Point property.

Mr. Werth reiterated his previous statements that Isosco County should keep its foot in the door along with the conservation department so that if the conservation department was unable to purchase the property for public use Isosco County would then be able to negotiate for purchase of the property.

Upon motion supported and prevailing, the board recessed until 1:30 p. m.

AFTERNOON SESSION

Upon call to order at 1:30 p. m., roll call was ordered by the chairman. The same supervisors were present as at the morning session.

E. H. Stiekney, drain commissioner, addressed the board stating that he had a request from the department of resource development at Michigan State University asking for information about man made lakes in Isosco County.

Mr. Smith moved that Clarence Eoff be appointed to fill the unexpired term of N. D. Vaughan on the Isosco-Arenac Regional Library Board.

It was moved by Burgeson supported by Bellville that the nominations be closed and that the clerk be instructed to cast the entire vote for Mr. Eoff.

The judiciary committee came before the board with Paul Harvey, prosecutor, to answer questions about veterans exemptions.

Mr. Harvey stated that any veteran owning taxable property both real and personal in the State of Michigan with an assessed valuation of \$7,500 or more was not entitled to any exemption.

Mr. Little for the finance committee moved that the bid of Orville Leslie & Sons for a 1960 Ford to serve as a police car for the sheriff's department be accepted at the price quoted in the bid except that the vehicle be an eight cylinder instead of the six cylinder quoted.

land under public law 616. The Isosco County Board of Supervisors and the State Department of Conservation have both corresponded with you with respect to the Tawas Point property formerly used by the coast guard, and while the conservation department is attempting by appropriate legislation to obtain this property, the board of supervisors desires to have its application on file in the event this legislation fails, or if for any other reason the state department does not finally acquire the land.

Very truly yours, Paul Harvey

Mr. Wilkusi moved that a late invoice for a veteran burial in the amount of \$200 be approved and added to the previously adopted report of committee No. 1. The bill was for Raymond E. Ristow. The motion was supported by Jordan and carried upon the following roll call.

Ayes: Ashton, Bellville, Blust, Brabant, Burgeson, Everett, Jordan, Little, Long, Rodman, Seifert, Smith, Stephan, Upton, Webb, Werth, White, Wilkusi. Nays: None.

**FRANK J. SOLAR**

Funeral services were held February 14 at McCabe Funeral Home, Detroit, for Frank J. Solar, retired school teacher and former director of the Detroit Free Press fresh air camp. Mr. Solar was well known in this area, having been a summer resident of East Tawas for the past 35 years.

A life member of Rosedale Civic Association, he was 72 years of age. Burial was in Woodlawn Cemetery. He leaves his wife, Hazel; two daughters, Mrs. Chester E. Johnson of Detroit and Mrs. Edward Beechum of Gaylord; three grandchildren; two brothers, and two sisters.

**MRS. ELIZABETH W. ZELLMER**

Funeral services for Mrs. Elizabeth W. Zellmer of Cochrenville, Pennsylvania, former resident of Tawas City and widow of the late Julius Zellmer, were held Thursday, February 18, at the Neely Funeral Home, Detroit. The Rev. Dr. Verner S. Mumbulo officiated. Mrs. Zellmer died at the home of her daughter, Mrs. Laura Wolford.

Mrs. Zellmer was born April 28, 1872, at Port Hope. She married Julius Zellmer April 13, 1890, at Oscoda. Mr. and Mrs. Zellmer resided at Oscoda until the Au-Sable-Oscoda fire of 1911 when they moved to Tawas City. While living here, Mrs. Zellmer was employed by the Iosco Hotel, at that time operated by the late Henry Kane. Her husband died and Mrs. Zellmer went to Detroit where she resided until the death of her son, Julius. Since that time, she had made her home with Mrs. Wolford in Pennsylvania.

Besides Mrs. Wolford, she is survived by her daughter, Mrs. Elizabeth Cowan of Detroit, two grandchildren and two great grandchildren. Interment was in Acacia Park Cemetery, Detroit.

**OSCAR SWANSON**

Oscar Swanson, life-long resident of East Tawas, died Wednesday, February 17, at Tawas Hospital where he had been taken six weeks previously suffering from burns. Mr. Swanson resided with his step-son, Howard Teall. During the day, he spent a good share of his time in a small one-room building near the house. Appar-

ently Mr. Swanson was burned when he attempted to start a fire in his stove with kerosene oil. A retired farmer, Mr. Swanson was born March 10, 1878, at Alpena. In 1912, he married Miss Jennie Goodrow, who died in 1922. He married Mrs. Mary Ellen Teall in 1932 and she died in 1952. Mr. Swanson was a member of Assembly of God Church. Surviving are three step-sons, Howard Teall of East Tawas, Clayton Teall of Garden City and Irwin Teall of Hale; two step-daughters, Mrs. Grace Williams of Hale and Mrs. Olive Engle of Tawas City.

Funeral services were held Saturday afternoon at the Assembly of God Church. The Rev. George Krush officiated. Burial was in the Greenwood Cemetery.

board, held Wednesday at the county building.

Supervisor Elmer Werth reported on the recent meeting in Lansing between members of the board and the conservation department. He reiterated his previous statements that Iosco should "keep its foot in the door" in regard to the Tawas Point land purchase. He said that should the conservation department fail in its effort to purchase the property, Iosco County would then be able to negotiate purchase of the property for public use.

In other business, the board approved a recommendation read by William White, chairman of the conservation department, which authorizes necessary action to have the lake level of Chain Lake in Plainfield Township and Bass Lake in Grant Township established by the circuit court.

Clarence Eoff was appointed to fill the unexpired term of the late N. D. Vaughan on the Iosco-Arenac Regional Library Board. The bid of Orville Leslie and Sons, Incorporated, was accepted for a new sheriff's department patrol car.

Ann Guest, daughter of Mr. and Mrs. Dean Guest, was brought home last Wednesday from Tolfree Hospital where she had been a patient for a few days.

Mrs. Faye Ewing and Mrs. Addie Scofield called on Mrs. Mary Graves last Friday.

R. J. Slosser of Bay City visited his mother, Mrs. Vine Slosser, last Sunday.

Mrs. William Shellenbarger returned home last Tuesday from Tolfree Hospital where she was a patient for some time. Mrs. Doris Thayer also has returned home after a few days stay at that hospital.

Stanley Hudzinski and Howard McKenzie were at Tawas last Thursday.

Rosary Missionary Society met at the Roy Redmond home last week with Mrs. Hazel Graves assisting the hostess, Mrs. Peggy Redmond. A shower was held honoring Mrs. Carl Moses, who gave an interesting talk on missionary work in which she and her husband are engaged. A delicious lunch was served.

Mr. and Mrs. William Watson were visitors at Bay City last week.

Mr. and Mrs. Wayne Wilson returned last Thursday from a trip to Florida. Mr. and Mrs. James Mann, who had been staying at the Wilson home, returned to their home on the Towerline Road.

Michigan were 10.2 for operation and 6.1 for debt retirement, or a total of 16.3 mills, Bush said that last year the Hale district levied 8.0 for operation and 3.25 for school debt retirement, the total school taxes levied being 11.25.

By having a short term proposal for 12 years as opposed to 24 or 26 years, taxpayers of the district would save \$65,000 in interest on the total bond issue.

Actual tax levy if the bond issue is passed would be 4.07 mills on state equalized valuation for the first year. No other debt monies are owed.

"It is reasonable to assume that with this \$200,000 construction, more money will be needed to be raised on taxes. While this is true, it is believed that with what we have paid on the present debt retirement, it would only mean an increase of approximately \$1.50 per \$1,000 of local assessed valuation, or 75 cents per \$1,000 on state equalized valuation. The amounts levied per dollar of valuation would drop as new valuations are added," stated the superintendent.

CROWDS OF SHOPPERS lined up at Raymond's Department Store in Tawas City last Thursday morning waiting for the start of that firm's going out of business sale. This picture was snapped about two hours after the doors opened and shoppers were lined up at the entrance awaiting their turn to go inside. Harold Raymond, owner, describes the sale as very successful. The second week of the sale is now in progress.—Tawas Herald Photo.

... for the lady who pushes the cart ...  
IGA, in only 34 years, has grown to be the largest voluntary food chain in the world. Over 5,000 stores, owner-operated, stretch from coast-to-coast both in the United States and Canada. For 34 years IGA has been growing BIG because people have found that IGA offers quality foods, picked by IGA experts, and because IGA is individually owned, it is less expensive to operate, therefore IGA can have the lowest prices. Yes, for the Lady Who Pushes The Cart, IGA says welcome.
