NUMBER 38

An 18-year-old Bay City youth, who decided to hitch-hike to Alpena instead of waiting for his parents to drive north, sustained serious injuries in an accident Saturday.

Edward A. Marcott was rushed to AuGres hospital for treatment of injuries after he was struck by a car south of Alabaster. He suffered a compound fracture of the left leg, his pelvis was fractured in two places and tendons in his right hand were severed.

Marcott had received a lift as far as the Quary Road near United States Gypsum Company Stepping out on the highway, he turned to wave "thanks" to the motorist who had been kind enough to give him a ride.

He failed to see a car approaching from the north, how ever, and was struck down as he ed out in front of

#### NEW LOOK FOR "ANY DEER" PERMIT

Something new has been added this year to application cards for "any deer" permits. Designed to aid law enforcement, that something is a perforated tag on the permit half of each card which will bear the hunter's special season area, his name, address, license number and signature, numbers matching days of the season, and a reinforced eyelet for sealing. Each successful hunter will be required to attach this tag to his deer with the regular metal seal (as successful hunter will be required to affact fins fag to his deer with the regular held seal (as shown above) and punch out the date of kill. He will carry the other section of his permit for identification. Although the card has been changed, steps in applying for permits will be the same as last year. Applicants should carefully study the "1960 Deer Hunting Guide" before filling out cards. More than 13,000 applications failed to make last year's drawing either because they were incomplete, incorrectly filled out, lacked proper postage, or failed to be postmarked by the deadline. Applications must be postmarked by midnight, October 10, and mailed to the Department's Lansing office. Stamps, rather than metered postage, should be used.
