New Bank Office Opens for Business on Friday

Open house for Tawas City's modern new banking facility will be held Thursday, April 6, and will be open for regular business the following day.

G. N. Shattuck, executive vice president and cashier of Peoples State Bank of East Tawas, today extended a warm welcome to all residents of the area to visit the bank's new office here.

Traditional ribbon cutting ceremony is scheduled for 1:00 p. m. Thursday. Participating will be bank and civic officials, as well as state banking authorities.

Managing the new office of Peoples State Bank will be John E. Hoshbach, assistant cashier at East Tawas since June 10, 1944.

Other members of the Tawas City office staff include Mrs. Bertha Montgomery, Mrs. Bernice Oates and Mrs. Janet Rapp, tellers.

Construction work on the new office was started in late July by O. S. Rose Builders, Incorporated, Tawas City.

The new 69 by 42 modernistic structure is faced with ebony colored glazed brick. Three large Thermopane windows make up most of the front of the building.

The structure contains a 36 by 14-foot lobby, manager's office, large work area, a 13 by 10-foot vault, a room for safe deposit boxes, an eight by 10-foot office, two coupon booths, four teller windows, large utility room and two restrooms.

Interior decor of the building is of walnut paneling. Work tops on tellers "cages" have formica tops and the floor is of tan-colored tile.

The design of the work space makes much use of indirect lighting. An aluminum diffusing "pan" over the work area forms the ceiling.

An 11 by 11-foot vestibule is located at the southwest corner of the building. Directly to the north of the entrance, the roof overhangs in order to allow room in case of future expansion.

A night depository is located at the east corner of the building. A large parking lot is located at the rear of the building and drive-in teller facilities face the parking lot. The new drive-in feature should prove to be very popular with patrons.

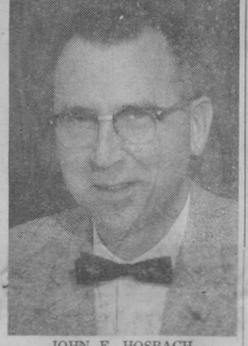

Tracing the new office from its inception about two years ago, a committee of the Tawas City Businessmen's Association approached officials of Peoples State Bank and requested that an office be established here.

Later, the board of directors gave its approval to such a plan

and authorized the purchase of a building site. Selected were six lots on US-23 west of The Tawas Herald office. The property fronts on both the main highway and on Court Street on the north.

James A. Spence, Saginaw architect, was contracted to design the building and ground was broken last summer.

"We were very proud and pleased to have received the invitation extended by the businessmen," (See NEW BANK, page 12.)

Find 20 More Cabin Break-Ins

After further investigation by area law enforcement officers, 20 more summer cabins in the Big Island, Floyd, Island, Sand and Chapel Lake area were found to have been burglarized.

Police said that this brings the total of breakings and enterings of summer cottages to about 40 and more probably will be discovered when owners check their property.

Last week, police said that the break-ins apparently took place after the last snow storm, as tracks were found leading to and from cabins.

Investigation is being conducted by Michigan State Police at East Tawas and the Isosco County Sheriff's Department.

TAWAS CITY BASEBALL MEETING SET FOR SUNDAY

A baseball meeting will be held at the city hall in Tawas City at 2:00 p. m. Sunday, April 9, for the purpose of electing new officers and organizing a team for league play. Anyone interested in baseball is invited to attend.

Mayor Tuttle Wins; Miller Leads East Tawas 'Sweep'

588 Voted at Tawas City to Shatter Record

George Tuttle and his entire slate of Republican running mates swept into re-election by a landslide victory in Monday's spring election in Tawas City.

Some 588 persons went to the polls, representing the largest number of votes ever cast in a spring election here. The total was 56 votes higher than the last previous high in 1959.

Tuttle defeated his Democratic opponent, Donald Watson, 402-177. The other two incumbent Republican city officers, Clerk Walter C. Nelson and Treasurer John Hoshbach, won over their Democratic opponents, Mrs. Robert Peters and Roy Bergeron, by approximately the same majority.

Charles McLean, Republican candidate for two-year term of justice of the peace, and Emmitt Collins, four-year candidate, won over their opponents, Robert Peters and Joseph Homberg, by about the same margins.

Ward results saw Clement Stephan for supervisor and William Murray, alderman, winning in the First Ward over Joseph Palumbo and Albert Duquette.

Fred Brabant retained his seat as supervisor and Earl Davis was re-elected alderman in the Second Ward, defeating their Democratic opponents, William Roberts and Fred Oates.

Clarence Everett won another term as supervisor and Cecil Cabbie will again be seated as alderman in the Third Ward, defeating their Democratic opponents, Wilbur C. Roach and Edward Cowan.

Although the Con-Con proposition won state-wide, Tawas City voters turned it down about three to one. Proposal No. 2 was also defeated here.

RODMAN DEFEATED
Lewis Rodman, veteran supervisor of Wilber Township, was defeated Monday in his bid for re-election. William Creamer, a sticker candidate, out-pollied Mr. Rodman, 61-53.

Last Official Action

Last official action of the 1960-61 councils of both Tawas City and East Tawas will take place Thursday night when meetings are held to canvass the ballots of Monday's election. In Tawas City, this meeting will start at 7:30 o'clock.

The new councils will officially take office at the next regular meeting, Monday, April 17.

Long Wins Tawas Twp. Supervisor

All Republican candidates in Tawas Township won re-election Monday, with Glenn Long, supervisor, winning over his Democratic opponent, Arthur Goddard, 176-131.

Also returned to office were W. H. Miller, clerk, over Faye Free; Treasurer Irene Lorenz won over her Democratic opponent Florence Stewart, and Edward Nelkie, trustee, won over Neil Revord, Democrat.

Only Democrat elected was Beryl Binder, who was the lone candidate for justice of the peace. Walter Laidlaw won as member of the board of review, defeating Carl Ulman, Merlin Look and Merlin Warner were named constables. The only Democratic candidate was Charles Simons Jr.

Forrest Streeter Loses in Plainfield

Monday's spring election at Hale saw one incumbent candidate defeated. This was Forrest Streeter, Republican, who lost his treasurer's post to Barbara Melcho, 241-220.

Veteran supervisor, George Webb, won over his Democratic opponent, Royden Parkinson, 268-193.

Other results saw Clerk Gilbert Follette defeating Delbert Hewitt; Trustee John Dooley defeated E. LaBerge; Serge Thomson, justice of the peace, defeated Walter Belcher, and Edward Koehler defeated Lawrence Lake for the board of review.

Elected as constables were Joe (See PLAINFIELD, page 12.)

3 Incumbents Topple; ET Had Record Election

As the result of Monday's spring election, East Tawas will have nearly an entire new city government, as a record of 892 votes were cast by city electors.

C. V. Miller, a write-in candidate in last February's non-partisan primary for mayor, swamped his opponent, Frank Wilkusi, 585-265. The latter was a sticker candidate.

Mrs. Grace Klenow won over incumbent treasurer, Earl McElheron, 601-207. The latter had filled out the unexpired term of former treasurer, Georgena Bergeron, who retired.

Another upset saw Frank G. Berzhinski defeating A. J. Goulet, incumbent justice of the peace, 474-385.

The second sticker candidate of the election, James DeRosa, won over Rex Kochenderfer for First Ward alderman, 111-76.

Returned to office without opposition were Wayne Pollard, Second Ward alderman; Clarence McKenzie, Third Ward alderman, and Clerk Fred Lomas.

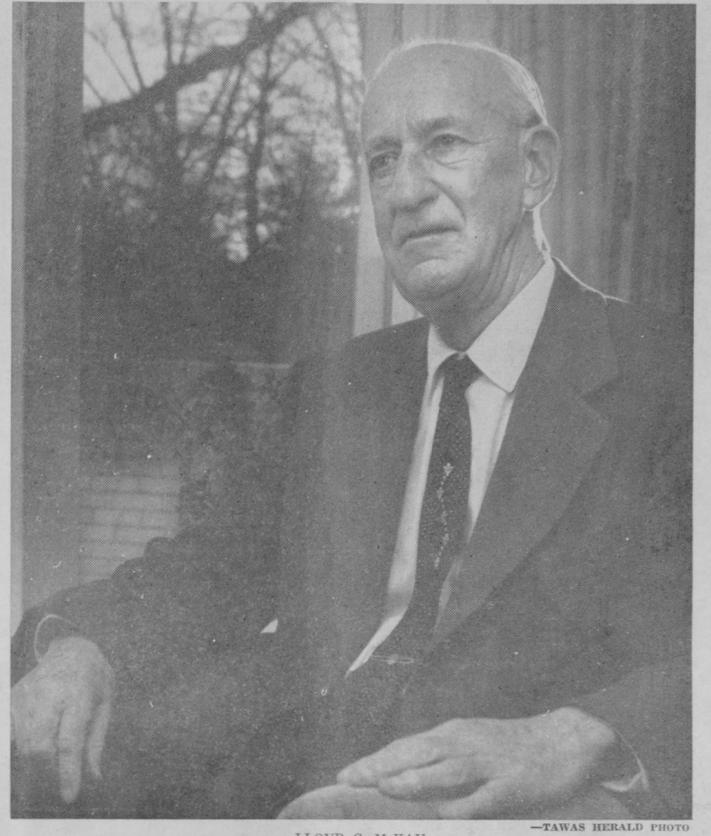

Voters interest in this election was shown by the fact that there were only 191 ballots cast in last spring's election. At that time, the city changed from party elections to non-partisan.

Butterfield Wins Over Sticker Candidate

Only one race in Monday's spring election saw Baldwin Township Clerk Dale Butterfield defeating his sticker candidate opponent, Peter Lichtfus, 182-46. There were 240 ballots cast in the election.

Returned to office were Supervisor Edward Burgeson, Treasurer Loretta Klenow, Trustee Mark DeBaugh.

Other officers are Dennis Richardson, justice of the peace; Emmett Cecil, member board of review; Charles Hunt and Cecil, constables.

Came Here in 1903, Lloyd G. McKay Has Long Career in Bank Business

In the spring of 1903, a young man was persuaded to leave his studies at the University of Michigan and come to East Tawas to work at the Carson, Ealy and Company Bank. He has remained here since that time.

For nearly 59 years, the name of Lloyd G. McKay has been associated with the banking business in Isosco County.

Thirty-four years ago, he founded the Peoples State Bank of East Tawas, which this week opens its new Tawas City office.

Born and raised on a farm in Tuscola County, Mr. McKay's father, William McKay, served that district as state representative and later as state senator.

Mr. McKay's start toward a banking career was influenced greatly by his brother, Robert, who had started in the Carson-Ealy bank at Akron and was then promoted to vice president and cashier of the West Branch bank.

Upon his graduation from Caro High School, Lloyd worked with his brother at the Akron bank and then followed in his footsteps to West Branch. (Another brother, James, later operated a bank at Prescott.)

After working at West Branch for 1½ years, Mr. McKay decided to further his education and it was while studying business law at the university that he received the urgent call to come to East Tawas.

The Carson, Ealy and Company Bank of Caro had organized a bank at East Tawas about a year previous to his arrival and a year cashier was needed. Mr. McKay accepted the position.

When he stepped off the Detroit and Mackinac Railway train that bright spring afternoon and saw the then new brick Holland Hotel with its three-story verandas, large lobby with the flooring, and even a ballroom, he was favorably impressed.

Across the street was the Emery Lumber Company office buildings with apartments on the second floor. The building was of brick, with copper trim.

Enroute to the bank, he and Mr. Carson found the boardwalk not too solid and the main street was typically pioneer—with blacksmith shops, livery stables and saloons along the main street.

The bank, however, was surrounded by a concrete walk (which happened to be the only one in town.) The bank building was strictly modern, for that period, with tile flooring, oak panel walls and a large vault.

Knowing that a new sugar factory was being built at East Tawas, he expected to find an agricultural area here comparable to that of the "Thumb."

As it turned out, the sugar factory only operated 1½ years here. Mr. McKay and a group of businessmen later formed a company to purchase real estate owned by the firm.

On the death of W. H. Carson, the bank was reorganized and Mr. McKay was taken into partnership. He became vice president and cashier of the new Ealy, McKay and Company Bank.

The new banking institution expanded its operations in Isosco County, establishing a Tawas City branch bank in 1906, along with a branch at Hale in 1911.

City Hall Suit Set Today

A show cause hearing was scheduled to be held this morning (Wednesday) in Isosco County Circuit Court over a taxpayer's suit charging misuse of city funds in building a new city hall at East Tawas.

Work was stopped on the controversial project Friday afternoon when city officials were served with a temporary restraining order issued by Judge Allan C. Miller.

The City of East Tawas and its building contractor, Gregory Construction Company, Bay City, were named as defendants in litigation started by Claude E. Nash, a resident and taxpayer.

Gregory had started preliminary work on the project Thursday and had moved construction equipment on the site.

In his bill of complaint, Nash's attorney, T. George Sternberg of Bay City, charges that the appropriation ordinance adopted by the city at a meeting last May did not provide for construction of a city hall.

Also, that it did not establish any specific fund for the purpose, nor did it appropriate or include in any existing funds any sum for such use.

Charging the city with violation of the Fourth Class City Act and Act 215, Public Acts of 1895, the bill also alleges that the contract entered into between the city and contractors is void because of these reasons.

"The plaintiff is aggrieved and brings this suit as a taxpayer for the reason that unless the city be restrained from carrying out the action undertaken, he would suffer the liability of his land to a lien for tax," stated the bill of complaint.

"This would be the inevitable result in consequence of the proposed misuse of funds on hand," it was stated.

After its November bonding election lost, the city council decided to build a city hall with funds on hand. It also sold the property on which the new city hall was to have been located.

During a recent meeting at which a group of taxpayers challenged the legality of such a move, Mayor Elmer Werth declared that the \$34,771 being

made available for construction was not from tax appropriation funds.

It was the opinion of City Attorney J. Richard Newman that the city had the right to use this money.

The surplus funds came from sales tax diversion money, parking (See CITY HALL, page 12.)

Whittemore Man Faces Felony Charge
A rural Whittemore man waived examination Tuesday morning when arraigned in justice court on a felony charge of receiving stolen property and aiding concealment.

Released on his own recognizance was Ernest R. Provoast. He appeared before Justice of the Peace A. J. Goulet.

State police from East Tawas charged Provoast with receiving stolen property from a recent breaking and entering at West Branch. Police allege that he received property from Roy G. Newman Jr., Route 1, Hale, and Gary W. Potts, Detroit.

The latter two men were sentenced on a nonrelated charge last week in circuit court, Newman receiving one to five years at Jackson Prison and Potts, three years probation.

SUMMER BASEBALL
Adults interested in the summer baseball program in the Tawas are invited to attend a meeting Friday night, 8 o'clock, at the American Legion Hall, East Tawas.

Deloise (Dewey) Durant said that plans would be made for the coming season for both the Knot Hole and Pony Leagues.

After working at West Branch for 1½ years, Mr. McKay decided to further his education and it was while studying business law at the university that he received the urgent call to come to East Tawas.

The Carson, Ealy and Company Bank of Caro had organized a bank at East Tawas about a year previous to his arrival and a year cashier was needed. Mr. McKay accepted the position.

When he stepped off the Detroit and Mackinac Railway train that bright spring afternoon and saw the then new brick Holland Hotel with its three-story verandas, large lobby with the flooring, and even a ballroom, he was favorably impressed.

Across the street was the Emery Lumber Company office buildings with apartments on the second floor. The building was of brick, with copper trim.

Enroute to the bank, he and Mr. Carson found the boardwalk not too solid and the main street was typically pioneer—with blacksmith shops, livery stables and saloons along the main street.

The bank, however, was surrounded by a concrete walk (which happened to be the only one in town.) The bank building was strictly modern, for that period, with tile flooring, oak panel walls and a large vault.

Knowing that a new sugar factory was being built at East Tawas, he expected to find an agricultural area here comparable to that of the "Thumb."

As it turned out, the sugar factory only operated 1½ years here. Mr. McKay and a group of businessmen later formed a company to purchase real estate owned by the firm.

On the death of W. H. Carson, the bank was reorganized and Mr. McKay was taken into partnership. He became vice president and cashier of the new Ealy, McKay and Company Bank.

City Adopts Budget of \$97,080 for Fiscal '61

A budget of \$97,080 for fiscal 1961-62 was approved by the Tawas City Council Monday night. This was \$6,480 higher than the budget for the preceding 12 months.

Actually, the total revenue last year exceeded the budget by \$4,546.87, while total expenditures were \$11,643.91 under the budget. This was due to the fact that hydrant rental was not included in receipts and a new city truck was purchased through a transfer of funds from sewer disposal plant money.

Presented by Supt. of Public Works Reginald Huhltz, the new budget reflected increases in anticipated expenditures of the fire department, new streets, local streets, disposal grounds and insurance.

Earlier in the meeting, a report read by Treasurer John Hoshbach indicated that \$29,973 had been collected in city taxes during the past year, or 92 percent of

those assessed. The remaining expenditure was made up of sales tax diversion money, motor vehicle fund, highway maintenance, etc.

Other taxes assessed in Tawas City, amounting to a total of \$8,803.75, included: County, \$2,428.30; county building, \$324.93; jail, \$190.56; school, \$4,766.09; school voted, \$1,093.87.

A combined total of \$41,211 was assessed against property and \$37,905 was collected.

According to Hoshbach's report, Tawas City reduced its accounts payable of \$18,202.04 remaining at the start of fiscal 1960-61 to \$11,400.76 at the start of this year.

Two highest disbursements for the year were local street maintenance, \$18,936.75, and city hall and garage, \$17,354.58.

The financial report indicated that sales diversion money was down \$197.12 during the past year and building permits were lower.

VFW AND PROGRAMS TO BE SUBJECT ON WJR-RADIO

The VFW and its programs will be subjects of a half-hour program on "Sunday Supplement" over Radio Station WJR, Detroit, on April 9 at 12:30 p. m.

Moderator James Vinnall will interview Department Commander Harold Barr and Department Legislative Officer Leon Buer during the broadcast.

Everyone who has the opportunity and can get WJR, 760 on the radio dial, is urged to tune in.

Program was arranged through James Quello, WJR general manager and active VFW member.

April 30 Deadline For Reporting Employees' Wages

April 30 is the deadline for employers to report their employees' wages, Paul M. Ellifritz, Social Security Administration manager for this area, announced today.

The earnings of anyone who worked at any time during the period January to March on any job covered by social security, Mr. Ellifritz pointed out, must be reported on or before April 30, to the Internal Revenue Service.

These wage reports must be filed on Internal Revenue Form 941 regardless of how small the earnings or whether one or more workers is involved, the social security official pointed out.

Employers of household workers including maids, cooks, handymen, cleaning women, etc., should use Internal Revenue Form 942 to report cash wages paid to domestic employees, if those wages amounted to \$50 or more during the calendar quarter.

Tax forms and reporting information are available at the nearest office of Internal Revenue. For social security information, you may visit a representative of the Social Security Administration, who will be in Tawas City, at the county building Thursday, April 13, 10:30 a. m.

100 Years Ago This Week...in THE CIVIL WAR

(Events exactly 100 years ago this week that led to the Civil War—told in the language and style of today.)

MONUMENTAL MIXUP

Ft. Sumter Relief Fleet Sails—Minus a Flagship

Skippers Outraces Pursuing Craft

NEW YORK, N.Y.—April 7—The dizzying story of the Navy's relief expedition to troubled Ft. Sumter—and of its runaway flagship—was being pieced together by outraged Navy officials today.

The flagship, U.S.S. Powhatan, outdistanced the rest of the expedition and steamed off for parts unknown.

All indications are that a monumental fiasco in Washington caused the confusion here.

VESSELS loaded with supplies for the South Carolina outpost left New York some 48 hours ago in compliance with an order issued earlier this week by President Lincoln.

The Powhatan, commanded by Lt. David D. Porter, raced away from the formation after Porter defied telegraphed orders from Secretary of State Seward to give up command of the vessel.

As Capt. Andrew H. Foote, commander of the Navy Yard here, related the series of events, Lt. Porter had ordered the expedition to sea a short time before the message from Secretary Seward was received at the Navy Yard.

Capt. Foote sent a messenger with the telegram in a fast launch to overtake the Powhatan.

According to Capt. Foote, Lt. Porter read the message, wrote a return wire to the effect that he was under direct orders of President Lincoln, and cast off, soon gaining full steam and eluding pursuers.

NAVY sources here learned that a confusion in orders involving Mr. Lincoln, Secretary Seward and Navy Secretary Welles touched off the Powhatan incident.

Porter was given command of the Powhatan in an order prepared by Seward and signed hastily by Mr. Lincoln.

Secretary Welles heard of the orders, visited Mr. Lincoln at midnight two days ago, and convinced him that the Porter assignment was an error.

Mr. Lincoln then directed Seward to cancel the order. Seward did this—under his own signature—in the telegram that reached the Navy Yard here just after Porter sailed.

BUT SINCE the erroneous orders were under Mr. Lincoln's signature and the correcting or-

ders under Seward's, Lt. Porter asserted he would obey the original directive—and took off.

Capt. Foote speculated that Lt. Porter might be heading for Ft. Pickens, at Pensacola, Fla., the only other Union stronghold left in the South.

Ft. Sumter, goal of the relief expedition now at sea, is threatened by guns such as the one above. It is a Parrot rifle at Morris Island, in Charleston Harbor.

The expedition was organized under direction of Gustavus Vasa Fox, acting as a special consultant to Mr. Lincoln.

Mr. Lincoln ordered the expedition readied for sea and provisioned in a dramatic decision four days ago. The force that left here—without its flagship—forms the hard core of it.

South Notified: Sumter Relief Force on Way

CHARLESTON, S.C.—April 8—Gov. F. W. Pickens of South Carolina was officially informed today that the Federal government will re-provision Ft. Sumter, in Charleston Harbor.

Robert S. Chew, a War Department employee, delivered to Gov. Pickens a message from President Lincoln to the effect that a relief expedition was heading for Ft. Sumter.

Gov. Pickens immediately telegraphed Confederate President Jefferson Davis, at Montgomery, Ala., for instructions.

Old Series E Savings Bonds Now Earn 3.75% Interest

"The latest extension offered on the oldest series E savings bonds at a full 3 3/4 percent annual interest rate is a boon to the thousands of Michigan residents who still hold bonds bought between May 1941 and May 1949," Paul Carnahan, state savings bond committee chairman, said today.

He referred to the recent announcement by the treasury dealing with E bonds that begin to reach the end of their extended maturity in May of this year. This second 10-year extension was promised back in 1959, but the terms and interest rate were not announced at that time. Under the new ruling, these bonds will return 3 3/4 percent each year, compounded semi-annually, based on their current cash value (well over face value).

"All of these bonds bought between May 1941 and May 1949 originally drew 2.9 percent interest," Carnahan continued. "In their first extension, they have been earning from 2.90 to 3.47 percent, if held to extended maturity."

"Now those loyal bond owners who have kept their E bonds for the full 20 years will be rewarded with a full 3 3/4 percent return each year on the full current value of their bonds. This should encourage them to reap the benefits of this high rate for another full 10 years."

The state bond chairman said nearly 15 billion dollars in 1941-49 E bonds still are outstanding in the country as a whole. He estimated about \$844,500,000 worth are owned by people in Michigan.

Selective Service Board Receives Appreciation

Selective Service Local Board No. 36, Iosco County, received a certificate of appreciation and a citation last Thursday from state headquarters in recognition of its 20 years of patriotic public service in meeting the nation's military manpower needs, it was announced by T. J. O'Connor, secretary.

The citation received from Col. Arthur A. Holmes, state director, stated that Michigan local boards have registered more than three million young men, accomplished the induction or enlistment of 1.1 million and insured essential civilian manpower for schools, farms and factories.

"To the current members of Iosco County Local Board No. 36, who are carrying on this high tradition of public service, go the respect and appreciation of a grateful community and state. In no small measure, they have contributed to our security and demonstrated how a free people can band together in the common defense," stated the citation.

Members of the Iosco County local board in addition to O'Connor are: Edward I. Dickey, Whittemore, chairman; Donald H. Jordan, Oscoda; John R. Morrison, Hale; Percy N. Thornton, Tawas City.

Individual certificates of appreciation in recognition of their years of service to the draft board in this community were also presented to the following personnel in a ceremony at the local board office: Herbert Hertzler, government appeal agent, 15-year certificate and pin; O'Connor and Thornton, board member, five-year certificates.

In transmitting the individual awards issued in the name of the president, the state director declared, "With this certificate goes sincere appreciation for your devotion to duty, your integrity and leadership and your demonstrated spirit of volunteer public service."

IN AMERICA'S BIGGEST, TOUGHEST 1961 ECONOMY CONTEST... Which man drove Rambler?

In the most realistic test of all-around gasoline economy ever staged—the NASCAR sanctioned 1961 Pure Oil Economy Trials at Daytona—Rambler won three trophies, held by driver Les Viland in the photo above.

No other make won more than one award... most won none.

Unlike other runs that put a premium on feather-footed driving, the Pure Oil Economy Trials closely parallel your own everyday driving experience.

Every U.S.-built production car is eligible. None are arbitrarily barred, as in some runs. In 1961, 145 cars representing all 5 U.S. makers competed.

Rambler American Custom with overdrive beat them all to win the cherished Overall Winner Trophy and captured the Class 6 trophy in competition with Falcon, Corvair, Lark and Tempest 4. In fact, it took the first 6 places and 8 of the first 10.

And Ambassador V-8 by Rambler won its Class, swept the first 8 places and 9 of the first 10 spots.

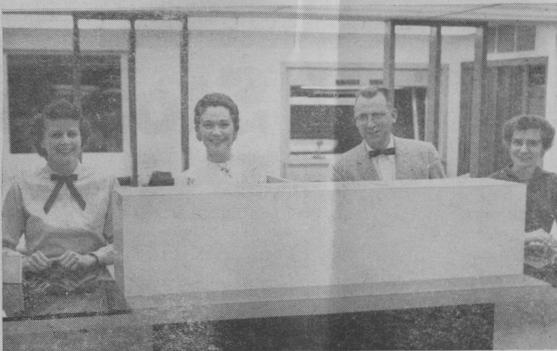

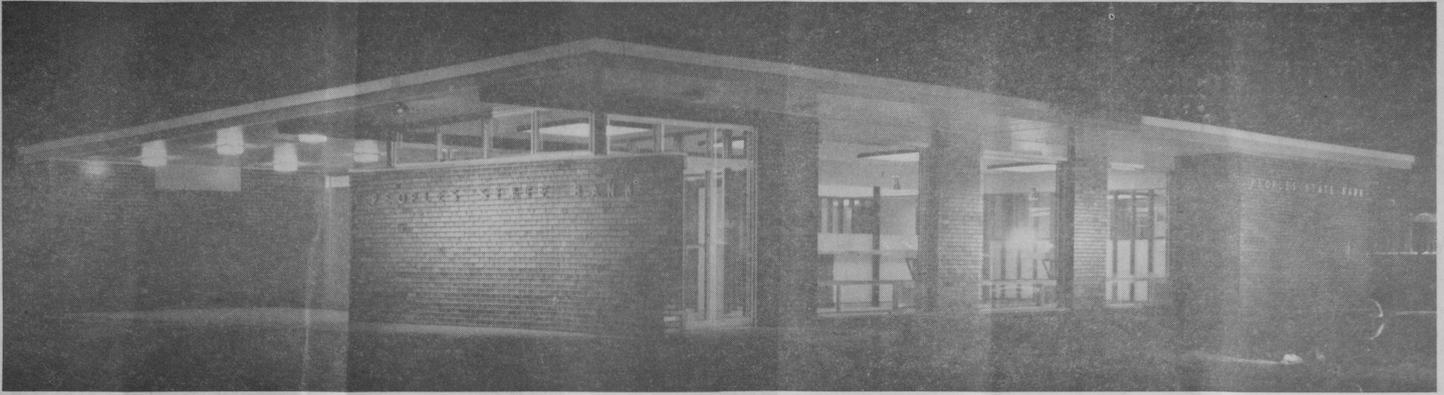

With speeds up to 65, and averaging more than 40 M.P.H., the winning Rambler American made 14 complete stops, shifted through the gears 15 times while circling the 3.7 mile course, and still averaged 26.86 miles per gallon!

This is the second straight year Rambler won the Pure Oil Economy Trials.

Want more proof of Rambler value? Then see your Rambler dealer. You'll find top gas economy is just part of your savings. Rambler costs less to buy, is voted most trouble-free by owners, has top resale value.

Rambler dealers sell twice as many compact cars per dealer as most other dealer groups. So, you get a better deal... on the best of the compacts. Rambler—world standard of compact car excellence.

Sugar-Bush Scene

Sweet are the fruits of labor of this farmer and hundreds of others like him who are in the midst of another maple syrup season in Michigan. Until sometime early in April, they will keep paths well worn between their trees and boiling houses, hauling buckets of maple sap. Some syrup-making operators use pliable tubing to pipe sap directly from trees to storage tanks at boiling houses. If things go well, particularly the weather, some 100,000 gallons of syrup will be produced in the state this spring at a value of around \$500,000. Michigan annually ranks fourth or fifth nationally behind Vermont, New York, Ohio, and sometimes Pennsylvania in maple syrup production.—Mich. Dept. of Conservation

Exchange Letters Replaced in Dial Phone Systems

The long-familiar two-letter, five-numeral system of numbering telephones will begin a gradual five-year retreat into history Saturday.

The Michigan Bell Telephone Company announced it will start to introduce all number calling (ANC) on a progressive basis throughout its territory.

Under the ANC plan, telephones will be known by all numbers—no letters of a central office name. A number such as Klondike 5-2368, for example, will become 555-2368.

William M. Day, Michigan Bell president, said that the supply of present two-letter, five-numeral numbers could soon be exhausted, pointing out the fact that about 17,000 telephones per day are being installed across the country. He said that the ANC numbering system, which will be in use nationwide eventually, makes about 50 percent more numbers available immediately.

Day said that as a general rule, the transfer of ANC numbering will be made whenever a customer's service request requires a visit to his home or office, along with a necessary change in the telephone directory.

As for ANC's advantages to the customer, Day pointed out that tests show most people find it

easier to locate numbers than letters on the dial. ANC eliminates the confusion between the letter "O" and the zero; between the letter "I" and the numeral "one." Chances of misdialing through misunderstanding or misspelling a central office name are fewer, all of which are factors to faster and better service for the customer, Day said.

Day said Michigan Bell expects to have about 20 percent of its telephones on ANC in a year. Almost all telephones in Bell territory will be on the plan in about five years, he said.

MICHIGAN'S NAMESAKE

Michigan is called the "Wolverine State," but no one is sure if its namesake ever lived here. Back in the early days when trapping flourished, Detroit traders bought wolverine furs taken from forests north of the state and that's probably how Michigan came by its nickname. The wolverine's absence in Michigan is a puzzle to wildlife biologists. He's as tough and smart as animals come. He can usually outfight wolves twice his size and has been known to travel long distances without rest (40 miles on one recorded sojourn). Cold weather doesn't seem to bother him. As for food, he prefers meat, but will eat anything he can get with his big, powerful paws. Early trappers were all too familiar with his cunningness (they called it cussedness). Many a time they found their traps raided of game and bait by wolverines.

NO OIL YET IN IOSCO—Oil exploration in Iosco County moves to a new location this week after a well drilled on the Neil Erickson farm in Burleigh Township was termed as a dry hole after drilling to a depth of more than 4,000 feet. A spokesman for J. H. Simpson Company said that traces of oil were found there, but apparently the quantity is insufficient to warrant further drilling at this location. The equipment is being moved to a site at the edge of Whittemore. Last week, drillers encountered a costly delay when a drill bit twisted off at the bottom of the hole. The huge rotary drilling rig is pictured above. The drilling crew is shown uncoupling a section of pipe at right.—Tawas Herald Photos.

Wurtsmith 'Aerie' Editor Gets Turkey Assignment

TSGT JOHN D. ROLLINS

TSGT John D. Rollins, who has been a member of the public information section at Wurtsmith Air Force Base since March 1952, leaves April 28 for a new assignment at Adana, Turkey. He will be in charge of an armed forces radio station there.

Rollins has been editor of the base newspaper, first called the Guardian and later the Aerie, for the past five years. Prior to that, he had been its associate editor.

A native of Portsmouth, Ohio, Rollins, his wife, Betty, and children, made their home at East Tawas for five years prior to moving on base in 1957. Their three children are Nancy, 10; John A. II, eight, and Mark, three.

Rollins spent 22 months in the army from 1947 through 1949, serving in the occupation of Korea. He entered the air force in 1951 and was assigned to Selfridge Air Force Base, later coming to Wurtsmith. He spent 15 months in Newfoundland before returning here.

The information section's NCOIC has witnessed and written news releases concerning the transition from a two-squadron defense-type base equipped with jet intercept planes to a 15-

squadron SAC base, with air defense units now being tenants. "Tawas has been very receptive to us during our assignment here," said Rollins. "We have been accepted not only as a part of the community, but as a part of the family."

Two of the children were born here, so this area will have quite a tie with the Rollins family, no matter where the next assignment may be.

Sergeant Rollins and his family will spend a leave in Ohio before moving on to the new assignment. Mrs. Rollins and the children will remain at Portsmouth and join the sergeant later at his new overseas base.

MRS. IDA E. CARROLL

Mrs. Ida E. Carroll, 79, of Decatur, Illinois, formerly of Tawas City, died Sunday, April 2, at the home of her daughter, Violet, at Decatur.

Mrs. Carroll was born August 8, 1881, at Linden, the daughter of Mr. and Mrs. Isaac Buck, formerly of Hale. She married Francis Carroll, who died June 13, 1939.

In addition to her daughter with whom she resided, Mrs. Carroll is survived by another daughter, Beatrice of Flint.

Services will be held at the Tawas City Baptist Church Thursday, April 6, 2:00 p. m., with the Rev. Alfred Miller and the Rev. George Bates of Decatur officiating. Burial will be in Evergreen Cemetery, Hale.

Friends may call at the Moffatt Funeral Home Wednesday evening.

Recent visitors of Mrs. Ada Schenck were her daughter and husband, Mr. and Mrs. E. Falkenberg of Taylor. They were here to help Mrs. Schenck celebrate her birthday anniversary.

Twenty-five guests attended the party with Mrs. Gladys Ohst, Mrs. Fannie Walstead and Mrs. Ruth Gauthier as hostesses.

PARTY GIVEN IN HONOR OF MRS. NAOMI BENNETT

A party for Mrs. Naomi Bennett, who leaves April 6 to reside at Grand Rapids, was given April 3 by the Iosco County VFW Auxiliary No. 5678 at the post home.

Games were played with prizes being won by Mrs. Daisy Smith, Mrs. Connie Hill and Mrs. Jennie Smith.

A pot-luck lunch was served, after which gifts from the members and friends were presented to Mrs. Bennett.

Members of the Iosco County VFW Auxiliary No. 5678 visited the VFW National Home at Eaton Rapids, March 30. Mrs. Naomi Bennett, national home chairman, took several boxes of preserves donated by the auxiliary members to the home.

Mrs. Opal Kyser and Mrs. Connie Hill accompanied Mrs. Bennett to visit the Michigan cottage at the home.

THANKS!

I wish to express my sincere appreciation to electors of Baldwin Township for the vote of confidence shown me Monday.

MR. AND MRS. ALVIN ROE

A wedding reception at the Alabaster Township Hall honoring Mr. and Mrs. Alvin Roe of Alabaster was held Sunday evening, April 2, with 250 guests attending from the Tawas, Alabaster and Freeland.

The couple was married at 2:00 p. m. at Freeland, where Mrs. Roe, the former Helen Geiger, had resided. Barbara Geiger and John Summers, daughter and brother of the bride, acted as attendants.

THE HOLLAND HOTEL TEAM, winner of the Friday night Minorette League at Tawas City Recreation, is pictured above. From left to right are Mrs. Mary Hilbert, Mrs. Lyda Nelkie, Mrs. Vivian Duff, Mrs. Mary Bergeron and Mrs.

Donna Oates. Winner of the first half of the schedule, this team defeated Huron Wood Preserving Wednesday night to claim the title.—Tawas Herald Photo.

Son of Former Resident Assaulted In Bay City

The son of a former East Tawas resident was brutally assaulted last week and left lying unconscious on a Bay City street.

At Bay City Osteopathic Hospital is Thomas Grein, 18, a senior at Central High School, Bay City. He is the son of Paul Grein, formerly of East Tawas and who now superintends the YMCA summer camp at Sand Lake every summer.

Thomas has been using crutches since suffering a polio attack when a boy. He was dragged from his car by two men as he was stopping at Fifteenth and Johnson Streets.

His father is a principal at Central High School. Police Chief Frank W. Anderson of Bay City said all members of the detective and youth bureaus, with Det. Capt. Robert Geis in charge, have been told to work on the case day and night until the assailants are apprehended.

Conservation Needs A Lift--Now!

Conservation faces an uphill journey in Michigan if it is to get back in step with the times. Boggled down by a continuing drop in hunting and fishing license revenue and flanked by zooming operating costs, many of the state's conservation programs are, at best, "spinning their wheels," unable to get back on the road to progress. Meanwhile, a growing population waits for these programs to deliver the goods for greater outdoor use. To meet this challenge, Michigan's Game and Fish Protection Fund (hunting and fishing license fees) needs more pull-power in terms of more revenue. The Conservation Commission is asking the Legislature to approve increases from \$2 to \$3 in resident fishing licenses and trout stamps and a general rod license for Great Lakes fishing to provide much of leverage needed. Without this help, conservation has only one way to go--downhill.

Award Given for Sponsoring Math-Science Scholarships

Two programs for strengthening high school mathematics and science courses won national recognition for their sponsor, Shell Foundation, Incorporated.

The foundation received the 1961 business-industry award of the National Science Teachers' Association. The award was presented during the business-industry-education luncheon at the Sherman Hotel, Chicago, last week.

The foundation received the award for its Shell Merit Fellowship Program, under which more than 550 high school science and mathematics teachers have been selected for advanced training at summer seminars held annually since 1956 at Cornell and Sanford.

Also, for its Shell Merit Scholarship program, under which 100 high school students planning careers as teachers of high school science or mathematics receive college scholarships.

L. G. McKay

(Continued from page 1.)

In Iosco County, along with frontage on Tawas Bay and Lake Huron.

"The development of the automobile had a great deal to do with the coming of age to the resort industry," said Mr. McKay. "Before long, roads were being constructed and improved to accommodate the automobile, which opened new avenues to the development of Iosco County as a resort center."

Having seen and heard of the new Chevrolet, which had just been put on the market, he obtained the dealership January 18, 1916, thus starting an association with that automotive firm which has lasted to this day. He is the oldest living Chevy dealer in Michigan and McKay Sales Company at Tawas City is operated by his son, L. G. (Ladd) McKay Jr., who is also a director of Peoples State Bank.

With the demise of the lumbering industry in the early 1900s, one of Mr. McKay's principal efforts toward bringing industry to Iosco County came in 1926. It has paid off handsomely for the area by providing employment.

Realizing the value of gypsum rock, he commenced test drilling operations in Sherman Township. A large deposit was discovered there and options were taken on the property.

With this property available, along with information on the gypsum deposit, Mr. McKay contacted National Gypsum Company, which had been organized in 1925 and operated a plant at Clarence Center, New York.

National Gypsum, through its president, J. F. Haggerty, negotiated the land purchase and a new plant and quarry were established here one year later.

The year 1926 is also remembered by Mr. McKay for other reasons. Events of that fall proved to be one of life's greatest challenges for him.

On October 31, he was notified that the Ealy banks at Caro and the Thumb had failed. Although the three Ealy, McKay and Company banks in Iosco were separate from the 13-bank chain in the Thumb, all operated under a co-partnership and, automatically, all were closed.

Understandably, the bank's closing came as a shock to Mr. McKay and the community, but he had confidence that the assets of the bank, together with his personal holdings, would pay off 100 percent. He assumed the responsibility of paying the \$650,000 obligation of the Ealy, McKay and Company Bank in full.

"It was a long hard struggle, but very rewarding," said Mr. McKay.

Meanwhile, businessmen and personal friends here urged Mr. McKay to organize a new bank. These friends rallied behind him with a subscription of \$30,000.

With this capital, Mr. McKay organized the Peoples State Bank of East Tawas. Its charter was

granted by the state banking commission on June 14, 1927.

Then came the bank holiday of February 22, 1933, during which all banks were closed.

Although a great many banks did not reopen, assets of Peoples State Bank were liquid and the state banking commission expressed confidence in Mr. McKay. Peoples State was authorized to resume complete banking operations the first week in March.

Over the years, Peoples State Bank has continued to flourish. This progress is reflected in its footings of today which have grown to more than \$7,000,000.

From a capital of \$25,000 and \$5,000 surplus in 1927, Peoples State Bank has grown today to a capital structure of \$650,000.

There have been many changes in the banking business since the day in 1903 when Mr. McKay first set foot on the D&M platform at East Tawas. Banks are chartered by the state, instead of operating on a private basis, and deposits are insured by the Federal Deposit Insurance Corporation.

One of the most notable changes, perhaps, is the use of electronically operated equipment in its records department.

In days gone by, postings were made by hand in large ledgers, but now this work is speedily accomplished by Postronic machines.

As the business has grown, so has the bank's office staff. Mr. McKay and Mr. Shattuck operated the entire business by themselves for many years in the old bank building. Miss Esther Look joined the firm in 1930 and later became assistant cashier.

The bank moved into its new, modern quarters at East Tawas on April 6, 1951—10 years to the day that the Tawas City office holds its open house—and some 19 persons are now employed by the bank.

Mr. McKay has been active in many civic organizations over the years. He was a charter member of the Iosco Chapter of the American Red Cross, organized in 1914, and was its treasurer for more than 20 years. He was one of the first sponsors of the Tawas Hospital and acted as treasurer until four years ago when he resigned.

An avid hunter, fisherman and golf enthusiast during most of his adult life, Mr. McKay's principal form of exercise today is walking to and from his office. He takes the same active part as ever in the operation of the bank.

Mr. McKay and his wife, the former Rose McDonald, whom he married in 1912, reside at 405 West Bay Street. Their home overlooks Tawas Bay.

Like her husband, Mrs. McKay has taken an active part in the American Red Cross chapter

and is active in social and community functions.

Their five children, L. G. (Ladd), RoseMary, Neil, Jean and William (Bud), all graduated from East Tawas High School and have many happy memories of living in East Tawas.

FIRE CHIEF SPEAKS AT SIXTY LAKES SUPPER

Sixty Lakes Tourist Association met Tuesday evening, March 28, following a pot-luck supper.

Plainfield Township Fire Chief J. Slosser spoke to the group at length regarding the need for more adequate fire protection in the resort areas, especially Long Lake, and of the necessity of trained personnel to handle fires and fire-fighting equipment.

A committee was named by Mrs. Arthur Peters, president, to attend meetings of Plainfield Fire Department and learn what can be done to correct the situation.

The club will hold a pot-luck supper April 13, 6:00 p. m., honoring the Hale Boy Scout Troop. Following the supper, a court of honor will be held and the members of this troop will receive their various awards. Parents and friends of the boys are urged to attend. Sixty Lakes Club sponsors both the boy and cub scouts.

The annual mother-daughter banquet will be held May 13. Mrs. Russell Anthony, Mrs. Frank Wells, Mrs. John VanPatten, Mrs. Joseph Anderson, Mrs. Donald Goodrow and Mrs. William Krueger are in charge of arrangements.

Next meeting will be held April 25. A pot-luck supper will be served at 7:00 p. m.; business at 8:00 p. m.

Did you know Gasoline is Taxed at a Rate 5 Times as High as Diamonds?

IN MICHIGAN, YOU PAY \$1.00 TAX ON 10 GALLONS OF GASOLINE

Gasoline taxes will be lowered—
if the latest temporary
Federal gasoline tax increase
expires on June 30th as scheduled by
the 1959 Federal Highway Act.

Along with all good citizens, we are in favor of building the roads that the motoring public needs. But, in the last 10 years alone, Federal and State taxes nationwide on gasoline have skyrocketed 51%—skyrocketed to a point where gasoline, a basic commodity, is actually taxed at a rate five times as high as luxuries like diamonds and mink coats.

Must gasoline taxes be so high? Most people believe that gasoline taxes are high because the money is needed to pay for our national highway program. This is not so. The fact is that out of every highway-user tax dollar collected last year by the Federal government, more than 40 cents was diverted to non-highway purposes.

If these highway-user tax revenues were spent for highways—as they should be—gasoline taxes could be lowered, and the highway program given a boost.

In fact, the Federal-Aid Highway Act of 1959 provides that when the added temporary Federal gasoline tax expires on June 30th, 1961, as scheduled, some \$802 million a year in highway-user taxes—now diverted to the U. S. Treasury's general fund—will instead be deposited in the Highway Trust Fund.

As a result, if the latest Federal temporary gasoline tax

increase expires on June 30th as scheduled—the national highway program will actually get \$225 million more each year than it now receives from the latest Federal temporary gasoline tax increase.

In January of this year, after an exhaustive 2-year survey of national transportation policy, a special U. S. Senate study group confirmed the wisdom of this decision.

This will be good news for you. You will be able to enjoy a steadily improving highway system, at a lower gasoline tax rate.

- HERE ARE THE FACTS ABOUT TODAY'S HIGH GASOLINE TAXES**
- In Michigan, you pay \$1.00 tax on 10 gallons of gasoline.
 - You pay 10¢ tax a gallon—4¢ in Federal taxes plus 6¢ in State taxes.
 - Gasoline is taxed at a rate 5 times as high as diamonds.
 - The average Michigan motor vehicle owner pays \$76 a year in gasoline taxes.
 - Since 1951 there have been three increases in the Federal gasoline tax alone.
 - In the last 10 years, gasoline taxes nationwide have skyrocketed 51%—yet the national average price of gasoline itself has risen only 5.5% during the same period.

Read Matthew 28:1-8

Fear not ye: for I know that ye seek Jesus, which was crucified. He is not here; for he is risen, as he said. Come, see the place where the Lord lay. (Matthew 28:5, 6)

During the dark days of World War I, Air Pilot Smith, now Bishop Angie Smith, heard Harry Lauder, the great singer of Scotland, when he sang to 1,100 officers and men at a chapel service at a camp in Arkansas.

Before singing, Harry Lauder said: "Comrades, my son, my only child, was killed in battle two years ago. My heart was crushed. I said I would never sing again. I looked down the road to dissipation to kill my grief.

"Then I decided to travel a road that was to lead me up a hill. I found it a rough and rugged road, but I traveled to the end. There I found the grave of my son and a cross upon it. There my burden of sorrow was lifted, and I received new hope and the impulse to sing again.

"Now I can sing with more assurance than ever before, for I know that because the one who died on the cross of Calvary lives, my son also lives, and some day I shall see him again."

PRAYER

Our Father, we thank Thee for Thy redeeming love, which, through Thy Son who suffered, died, and rose from the dead, saves us from sin and death. In His name we pray. Amen.

A pageant, "Events of Holy Week," comprised the program. Taking part were Mrs. Steven Peterson, Mrs. C. B. Cox, Mrs. Harold Hammond and Mrs. West-ern.

Mrs. Norman Merschel was the hostess and served refreshments after the meeting. A spring arrangement of colorful tulips centered the table.

Next meeting of the group will be held April 24 at the parish hall. The Rev. Paul Sutton will speak on the topic, "The Christian Faces Communism."

CHRISTIAN SCIENCE—

Those attending Christian Science services Sunday will hear a challenging call to overcome sin and sickness of every kind through wholly spiritual means.

Highlighting the lesson-sermon entitled "Are Sin, Disease, and Death Real?" is this Golden Text: "The kingdom of heaven is at hand. Heal the sick, cleanse the lepers, raise the dead, cast out devils: freely ye have received, freely give" (Matthew 10).

One of the selections to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy states: "God is as incapable of producing sin, sickness, and death as He is of experiencing these errors. How then is it possible for Him to create man subject to this triad of errors—man who is made in the divine likeness?" (p. 356).

This verse will be read from Psalm 145: "The Lord is righteous in all his ways, and holy in all his works."

MORE PEOPLE ARE BUYING CHEVROLETS THAN ANY OTHER MAKE!

When one car outsells all the rest the way this new Chevrolet is doing—there's got to be a reason. And we can think of some pretty good ones. The clean-etched looks of the new Body by Fisher, for example. The eager brand of "git" that's under the hood. The easy way it handles. Plus the added advantage of extra-cost options like triple-turbine Turbo-glide.

But to sample all these reasons together, you have to get a Chevrolet out on the road. And there's where that Jet-smooth ride takes over with its own gentle kind of persuasion. If you weren't absolutely sure, you'd imagine you were riding in a far costlier car.

No wonder people are buying more Chevrolets than any other make! Chevrolets have more of what it takes to please people!

AND JUST ONE JET-SMOOTH RIDE WILL SHOW YOU WHY!

Official R. L. Polk & Co. registration figures show full-sized Chevrolets outsold the second-choice make by a record-breaking margin in 1960—and Chevrolets continue to set the pace for the industry this year!

Key to Michigan's Future Greatness Lies in Education

The key to Michigan's future leadership and greatness lies in education.

This significant observation is pointed out in a public service industrial promotion advertisement which appears today in The Tawas Herald.

The importance of education to industrial development is recognized by leaders in our business communities, by government and particularly by our people who, from the beginning of our state and before, have supported our school system.

The constitution of the State of Michigan sets forth: "Religion, morality and knowledge being necessary to good government and the happiness of mankind, schools and the means of education shall forever be encouraged."

Our people have always encouraged government to meet the letter and the spirit of the constitutional admonition.

Our educational system trains boys and girls, young men and women to be good citizens. It teaches them the sciences, the professions and the arts. They are equipped, on leaving colleges and universities, to take their place in today's advanced world of commerce and industry. Our schools of higher learning provide facilities in research that will encourage even greater industrial progress in this age of the atom and the space vehicle.

Our schools provide for the families of workers and management personnel the opportunity for the finest education. Our schools educate people to the extent that they are among Michigan's finest assets.

An outstanding educational system is important to industrial development. Our facilities place our state in a foremost position because truly, Michigan is education.

AuSable Officials Association Issued Charter by NBC

The AuSable Officials Association in Michigan was recently reissued a charter by the National Baseball Congress in its 1961 National Association of Umpires.

Under terms of the charter, this group will have jurisdiction of approving all individual umpire memberships into the national association from Iosco, Oscoda, Alcona, Ogemaw, Alpena, Crawford, Arenac, Gladwin and Presque Isle Counties.

Officers of the group are David W. Fraser, president; Richard G. Simmons, secretary-treasurer; of Wurtsmith Air Force Base, Oscoda.

Only approved members of the NBC Association of Umpires are eligible to officiate in sanctioned district and state tournaments preceding the 27th annual national tournament in Wichita, starting August 18, Congress President Ray Dumont said.

MICHIGAN IS EDUCATION

Historically, the nation has always recognized Michigan's leadership in education. Michigan, from its earliest days, has recognized that education holds the key to future leadership and greatness.

Michigan's annual investment of nearly one billion dollars in education has resulted in an educational system, from kindergarten to college and beyond, unexcelled anywhere in the world.

For industry in Michigan, this educational system

provides skilled workers and managers, versatile technicians and scientists in number and quality equalled in few other places. One more reason Michigan is a great place for industry.

Help carry Michigan's message to the nation. Clip this ad and mail it to someone in another state with your own comment. Let's talk up Michigan and its advantages for industry. Together, we can assure a greater future for all of us.

Council Approves Fire Contract; Await Township Action

At Monday night's regular meeting, Tawas City Council gave its approval to a proposed fire protection contract between this city and Tawas and Alabaster Townships.

It was reported by Mayor George Tuttle that Tawas Township had already approved the contract and that Alabaster was to make its decision at the board meeting of April 11.

Alabaster Township gave tentative approval to the new contract at its annual meeting Saturday.

"This is a big step for both townships, inasmuch as both will be paying a substantially higher cost for fire protection than before," said the mayor. "However, sharing of fire protection costs will be on a more equitable basis and, in addition, better fire protection will be afforded under this new contract."

Under the new contract, the \$6,000 fire department would be shared on the following percentage, according to the number of fire calls during the past five years and valuation of each unit. Tawas City would pay 55.45 percent; Tawas Township, 16 percent; and Alabaster Township, 28.55 percent.

Originally, percentage was to be paid by each unit under the proposed contract, based on population and valuation. Any cost in excess of the budget will be paid by Tawas City.

Tawas City has agreed to purchase Tawas Township's 1948 fire truck at a cost of \$2,500, this amount to be credited to the township over a period of five years allowing \$500 per year.

The city intends to maintain two fire pumps and one tanker under the contract, but this is up to the discretion of the council.

The proposed agreement would become effective July 1, subject to the approval of the townships.

The council's purchasing committee recommended Monday night the purchase of fire apparatus from W. S. Darley Company at a cost of \$16,889, including truck.

The council is to ask dealers who supplied bids in trucks to extend for an additional two weeks, to give the committee further time to study proposals. Each dealer is to be invited to this meeting, set for next Monday night.

In other business, Mackinac Truck Lines asked the city to remove a stop sign at Maple and German Streets for the next two weeks. That firm is presently in the process of hauling gravel from the Detroit and Mackinac Railway yards for use on M-55. These signs will be replaced with yield right-of-way signs.

LITTLE WINS AS GRANT TOWNSHIP SUPERVISOR

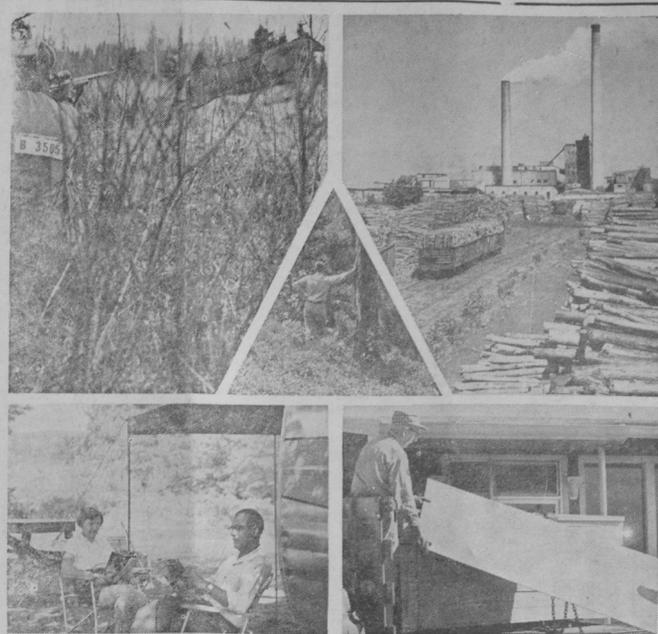

Lloyd S. Little was successful in his bid for re-election as Grant Township supervisor. Little received 137 votes in his favor, as compared to 31 for a sticker candidate, Melvin McCormick.

LIONS CLUB TO OBSERVE WHITE CANE WEEK

East Tawas Lions Club will observe National White Cane Week April 15 when members of the organization sell miniature white canes on the streets of the Tawas. In charge of the campaign is William McCready.

Starring in "The Grass is Greener," are Cary Grant and Deborah Kerr, above. The Paramount production will play at the Family Theatre, East Tawas, this Sunday, Monday, Tuesday, April 9-10-11.

Michigan's forests mean many things to many people. They offer recreation and places to relax; game and places to hunt and fish; trees for a growing wood products industry. Despite their already heavy use, the state's woods, waters, wildlife, and minerals are faced with even greater pressures brought on by a burgeoning population. Shifts in outdoor interests, increased needs for production and consumption, limitations in managing resources, and other factors call for constant weighing of conservation programs for a best over-all balance in uses. Underscoring today's job to meet tomorrow's challenge is this year's theme of National Wildlife Week, "Multiple Use—Balanced Conservation Planning for the Future," which will be observed nationwide, March 19-25.

WILL JOINTLY SPONSOR ATHLETIC AWARDS BANQUET

East Tawas Lions Club and Tawas Kiwanis Club will jointly sponsor an athletic awards banquet May 11 at Tawas Area High School. Awards are to be given to varsity letter winners. In charge for the Lions Club is Robert Elliott Jr. and handling arrangements for the Kiwanis Club is Cecil Cabbie.

EAST TAWAS TO ASK FOR FIRE APPARATUS BIDS

East Tawas is to ask for bids on a new fire apparatus as the result of action taken at Monday night's council meeting. No date has been set for receiving bids.

Separate bids are to be advertised for a truck chassis and fire apparatus.

The council authorized Supt. of Public Works Paul Ropert to purchase 300 yards of crushed stone for road repairs during the coming year.

City Hall

(Continued from page 1.) ing meters and from the sale of surplus city property. City Attorney Newman stated at the meeting that all laws cited by the objectors referred to the use of tax appropriated money and that they did not apply to the surplus funds in question.

Much of the recent trouble stems from the proposed location of the hall. Businessmen have objected, saying the site should be used for off-street parking, while city officials maintain that a city hall should be centrally located near the business district.

At present, city government is operating in a rented building, formerly occupied by a self-serve laundry. The old city hall, built during the 1880s and of frame construction, was razed during the winter.

Change to Paper Ballots When State 'Stops' Machines

Due to an error in setting up voting machines, the director of elections issued a stop order on using machines at 11:10 a. m. Monday. Only precinct in Iosco County so equipped is Osceda.

County Clerk George A. Prescott said that apparently the company which prepared machines for Monday's election had included both the state, township or city candidates in the same column.

All machines in the state which were arranged in this manner had to be changed as the director of elections ruled this illegal.

In precincts where trained personnel could make the necessary change, the state authorized this to be done. At Osceda, however, no one was familiar with the procedure in making the change.

Paper ballots for state candidates were borrowed from Tawas City, East Tawas and Baldwin Township. A new set of township ballots were printed.

ELECTED TO BUICK DEALER COUNCIL

William T. Look Sr. of William Look and Sons, Incorporated, East Tawas, has been elected to the Saginaw Zone Buick Dealer Council.

Look was named to the four-man council by fellow Buick dealers of his district. The zone council is the first stage of a three-stage nationwide organization chosen by Buick dealers to discuss retail phases of the automobile business.

Look, who has been an East Tawas Buick dealer since 1939, has served on the city council and the county board of supervisors. He is a member of the school board and Tawas Chamber of Commerce.

Thanks

I wish to thank the voters for their support in the spring election and also to compliment the people of Tawas City for their fine turn-out at the polls.
