## Court Procedure Set for NG Claims

An order vacating an Iosco County Circuit Court decree of July 21, 1958, and the establishment of procedure for determination of damage claims against National Gypsum Company was signed Monday by Circuit Judge Allan C. Miller.

In addition, plaintiffs in the case against the gypsum company have asked the court to recover \$13,242.95 which they say represents their costs in the lengthy litigation concerning the Port Gypsum installation south of Tawas City.

A hearing for determination of damage claims by the bay shore property owners has been tentatively set for mid-November by Judge Miller.

In the meantime, bay shore property owners who have damage claims against National Gypsum are to file supplemental petitions with the court during the next 20 days.

A motion by attorneys for the plaintiffs to establish an advisory jury to act on claims was denied by Judge Miller. He advised that if the plaintiffs wished to renew their request at a later date they could do so, but the motion was denied for now.

The order Monday was in accordance with a Michigan Supreme Court ruling of last September which vacated a decree signed by former judge, Herman Dehnke. In that order, the high court established precedent regarding use of submerged lands between the shore line and navigable depths of water.

Allowing the continued use of the lake loading facilities, the ruling opened the way for cottage owners whose water front property may be impaired to collect damages in court.

The high court also ruled that plaintiffs in the case were to recover their costs of court litigation. A hearing on this phase of the case was set for August 15 by Judge Miller.

The Iosco circuit judge issued a perpetual injunction restraining the department of conservation from executing or delivering any deed of conveyance or transfer of title to submerged bottom lands to National Gypsum.

This was in accordance with the supreme court decree. National Gypsum was to have obtained the land on which its loading installation is situated through Act 176 of Public Acts of 1957 passed by the state legislature.

The supreme court decision climaxed a four-year court battle between the company and bay shore property owners, along with the Michigan Department of Conservation.

National Gypsum Company obtains rock from its new quarry west of Tawas City and conveys it over the shallow water of Saginaw Bay to reach ore ships of deep draft.

It built a permanent dock extending 1,076 feet into the bay and dredged more than a mile of channel from deep water of the bay to the dock. Dredging was completed after a favorable court decision by Judge Dehnke.

Judge Dehnke, who retired in December 1959, ruled that National Gypsum was to pay for the dock.

ALTHOUGH Sunday's old-timers' day baseball game was rained out, plans were announced immediately to hold the game Sunday, September 3. Three old-time ball players are shown here registering with Clare Herriman, right, who has charge for the Tawas City Baseball Club. From left are Walter Laidlaw, who was Tawas City's catcher and field captain for nearly two decades; Harold DeLosh, an outstanding first baseman at Alabaster for many years, and C. J. ## Feat of Pilot Draws Praise from Officials

Outstanding airmanship of a B-52H pilot, who landed his burning aircraft safely at Wurtsmith Air Force Base Monday night with no injury to personnel in the plane and comparatively little damage to the 10-million-dollar aircraft, drew high praise Tuesday from air force officials.

A giant B-52H which had departed at approximately 9:30 o'clock Monday night from Wurtsmith experienced a fire shortly after take-off. This airplane, on a routine training flight, developed mechanical difficulty which resulted in a fire in its number three engine.

Maj. William J. Grampré, instructor pilot assigned to the 524th Bomb Squadron at Wurtsmith, displayed outstanding airmanship with a heavyweight aircraft. He landed, bringing the airplane to a stop on the runway in a minimum distance, thereby permitting the fire fighters to quickly combat the flames.

Hundreds of residents in the Tawas-Oscoda area saw the plane limping back to Wurtsmith with one of its engines in flames. The plane, capable of carrying a nuclear payload in the nation's defense, passed over Tawas Point and northeast over Tawas Lake. The pilot judiciously avoided flying over populated areas.

Michigan State Police Post at East Tawas was immediately swamped with phone calls from residents, who reported the plane was in trouble. Estimates of its altitude here varied from below 500 feet to a much greater distance above ground level.

Traffic on M-171 west of Oscoda came to a standstill as residents poured into the area near the base to watch fire fighters go to work on touchdown.

The aircraft was in constant contact with the wing command post and its flight station was known at all times. Location of the aircraft was under control throughout the incident.

Upon landing, the fire was fought for approximately 10 minutes and was contained by vigorous and efficient efforts on the part of the Wurtsmith Fire Protection Crash Rescue Division.

The fire was extinguished and there was no injury to personnel. Each of the craft's four engines costs approximately \$225,000.

This was the first incident involving one of the new B-52H airplanes since they became operational at Wurtsmith earlier this summer.

An investigation will be conducted with engineering specialists from the Boeing Company and the Oklahoma Air Materiel Area, in conjunction with flying safety personnel from Strategic Air Command headquarters.

A Wurtsmith spokesman said that it was quite a feat for Major Grampré to land the huge plane under these circumstances without incident. "A fire is the worst thing that can happen to an aircraft in flight, outside of a wing coming off," he said.

Personnel inside a burning aircraft are in a bad way inasmuch as they cannot get out when flying at a low altitude shortly after take-off.

The spokesman said that design of the aircraft had a great deal to do with the safe landing of the plane. The huge jet engines are slung about five feet under the fuel-laden wings. Had the engines been mounted in the wings, the fire could have been disastrous to the plane and men. Most American-made jets are designed in this manner.

## Plans for US-23 to be Discussed at Meeting

### Exciting Rides Set for TC Kids' Week

A giant ferris wheel and other exciting rides will be the attraction during "Kids' Week" in Tawas City, August 8 through August 13. The event is being sponsored by the Tawas City Businessmen's Association.

Kiddies' rides will be located next to the Bublitz Pure Oil Company office on US-23. In addition to five children's rides and the ferris wheel, there will be a merry-go-round and the new "Frolic." They are to be operated by Deluxe Ride Company of Taylor.

Coupons will be available from retail members of the businessmen's association which will be worth 10 cents off the regular charge of 25 cents per ride.

Chairman of kids' week committee for the businessmen is James Dillon.

A community education program concerning announced changes to US-23 through the Tawas will be held Tuesday, September 26, at Tawas Area High School Auditorium.

According to a report from Donald Watson at last week's meeting of the Tawas Chamber of Commerce, John Meyers of the state highway department will have charge of the program.

Watson said that Meyers would bring several highway department engineers with him to explain how changes in US-23 would affect this area.

The program is to be under the sponsorship of the Tawas Kiwanis Club. Councils of both communities are to attend and an invitation is extended to all interested persons.

In other business brought before the chamber's board of directors, Mrs. Herbert Hertzler reported on the arts and crafts show to be held at the Tawas City Park August 26. To be sponsored by the chamber of commerce, the committee in charge is headed by Vernon Pugh and Gary Davidson.

### Hubbs Tops Myles in Race for GOP Con-Con Slot in 28th

Lewis T. Hubbs of Gladwin topped George W. Myles of Tawas City in last week's primary election to nominate the Republican candidate to the state constitutional convention.

A margin of 432 votes separated the two candidates in the 28th Senatorial District. Hubbs had 3,592 votes to 3,160 for Myles.

Myles had an 827-223 margin in Iosco County but a 203-815 edge for Hubbs in Gladwin County west of Crawford, Arenac, Clare, Oscoda and Ogemaw Counties.

In addition to Iosco, Myles had the edge in Alcona, Osceola and Roscommon Counties.

Iosco voters, who followed the state-wide trend in avoiding the polls in this election, cast only 1,219 votes. This amounted to less than 20 percent of the registered voters.

Tawas City gave Myles 287 votes to 20 for Hubbs. East Tawas gave 165 votes to Myles and 77 to the Gladwin County man.

Opposing Hubbs in the September election will be Hubert C. Evans, Democrat, also of Gladwin County.

Retired Circuit Judge Herman Dehnke, who ran unopposed, received the Republican nomination in the Alpena District.

### WISCONSIN MAN RETURNED TO FACE BAD CHECK CHARGE

Vincent Corcoran of Milwaukee, Wisconsin, was returned to Michigan from Fond du Lac, Wisconsin, by Deputies Leon Putnam and Robert Langlois on Saturday. He was bound over to circuit court and bond was set at \$1,000.

Corcoran is charged with uttering and publishing worthless checks in this area.

### AIRMAN TREATED FOR SELF-INFLICTED GUN WOUND

A 25-year-old airman shot himself in the left foot with a 22 caliber rifle last Friday night. Treated at Wurtsmith Air Force Base Hospital was A-1c Donald R. Maxwell.

Investigating officers said that Maxwell accidentally shot himself while seated in the living room of his home at Oscoda. He was alone at the time.

### Iosco Blood Bank Has Speakers Bureau

Iosco County's blood bank now has a speakers bureau, according to Judge Allan C. Miller, Red Cross chapter chairman. The local unit will provide a speaker to acquaint any organization with the operation of the blood bank.

At its meeting last Wednesday night, the blood bank made plans for the next visit of the bloodmobile on August 29.

Louis Awalt, chairman, said that the blood bank plans to develop a new quota system. Each club or organization in the area will be asked to give a certain quota during each visit of the bloodmobile.

"This measure is being taken in order to place Iosco on an automatic system of meeting its quota during visits of the bloodmobile," said Awalt.

Mrs. Harold Grise was named blood bank secretary.

## Local Couple Touring Europe Tell Experiences

Nearing the end of their European tour are the Rev. and Mrs. Leonard Newman of Tawas City, who write from Augsburg, Germany, that the trip has been "more wonderful than we ever imagined it."

Mr. Newman, who is pastor of Emanuel Lutheran Church here, had planned the trip since last January. They left their six children at Benton Harbor with relatives.

The Newmans left here June 25 and write that the flight from New York to Copenhagen, Denmark, was a very interesting experience in itself.

"It was like a dream to ride the bus into Copenhagen and see the European style houses with red tile roofs, the neat garden plots and so many people riding bicycles—often a mother with one or two children on a bike.

"We visited part of Northern Germany, spent several days in Holland and Belgium and four wonderful days in Paris. Then we moved south along the Rhine River, enjoying the vineyards on the hills, the old castles and all just as we pictured it."

The Newmans then traveled through the Black Forest and into Switzerland, which they described as the best scenery of all—"so peaceful, clean and flower boxes bursting with geraniums on all the chalets."

From there, they moved into Northern Italy, then to Venice where they enjoyed the Palace of the Doges, St. Mark's Cathedral and square. They also had a ride in one of the famous gondolas.

"We came north again into Austria and visited Salzburg, also a charming old city, and now we have spent two days in Augsburg. Perfect strangers have treated us like long, lost relatives here, showing us their gardens and inviting us into their homes."

The Newmans state they could write a book about any one day of their vacation—"so much that is interesting happens every day. We are also looking forward to our return to our children and to Tawas—still the best place of all for us."

### GOIN' FISHING

"Business (fisher) men" will go on their annual fishing trip on Tawas Bay Thursday, August 10. The date and 1:00 p. m. starting time were decided upon at the regular meeting of the Tawas City Businessmen's Association Thursday noon.

Any businessmen wishing to attend should contact James Dillon, secretary of the association.

## Tawas CG Flotilla to Participate in Harbor Dedication

Participating in the dedication of Harrisville's new small craft harbor August 5-6 will be the United States Coast Guard Auxiliary of Tawas, along with the Alpena Auxiliary and the Alpena Diving Club.

"We believe the ceremonies indicative to this dedication will be well worthy of the attention of all auxiliary members as well as boaters along the shore line," states A. J. Sevener, commander of the Tawas flotilla.

"We should all appreciate the extensive work and expense which has been involved in constructing this harbor to provide safety and protection for travelers on the water," stated Sevener.

Activities which are planned for Saturday and Sunday, which will also coincide with the dedication of Harrisville's new post office, will consist of a parade, tugboat rides in the harbor, skin diving demonstrations, boat inspections, demonstrations of rescue breathing and various other activities which should be of interest to water enthusiasts.

The Tawas Auxiliary is tentatively planning on a group of boats making the trip to Harrisville early Saturday morning to participate in or watch these ceremonies. The flotilla extends an invitation to all interested boaters to accompany the group either for the day or for the week-end.

### AMERICAN LEGION PLANS SECOND ANNUAL GAS-O-RAMA

Jesse C. Hodder, American Legion Post, Tawas City, plans to hold its second annual Gas-O-Rama Wednesday, August 16. Details and location are to be announced next week.

## Old-Timers' Game Washed Out; Rescheduled Sept. 3

Wet grounds forced postponement of the annual old-timers' day baseball game and reunion which was scheduled Sunday at the Tawas City athletic field.

"Because of the interest shown by those who traveled considerable distances to attend this event, we have decided to reschedule the old-timers' game for Sunday, September 3," states Clare Herriman, who has charge for the Tawas City Baseball Club.

"We expect that our new program will be even more interesting than the one planned for last Sunday," states Herriman. "We will have a full month in which to make plans and the September 3 date should prove to be better, inasmuch as it falls the day before Labor Day."

In spite of a heavy rain which fell just prior to the scheduled start of the event, a large number of former Northeastern Michigan League players were on hand.

Included were three members of the 1916 Omer baseball team, the year in which the NEM was first organized. They were Roscoe Warren of Omer, C. J. Valley of Bay City and Raymond Meade of Detroit.

Warren was the veteran of the group, having played in the amateur league as late as 1950.

Of great interest to those attending was a large collection of scorebooks, pictures and old newspapers which Mr. and Mrs. Warren brought with them.

Herriman said that a concerted effort would be made to obtain more old scorebooks and newspapers for the September 3 game.

The three former Omer players said they would return for the September 3 date and would contact other former NEM players to publicize the event.

Others who registered include M. P. DeLosh, Detroit; Harold DeLosh, Detroit; George Lappens, Twining; Harry E. McLean, Saginaw; Mervin Lixey, East Tawas; Joseph Bannister, Hale; Lee Bannister, Port Huron; Charles Bannister, Coldwater; Reg Bublitz, Tawas City; Olen Herriman, National City; George Dee Snyder, Lupton; Joseph E. Frank, Adrian; Marvon Morgan, Hale; Joseph Noel, East Tawas; Barney Cliff, Prescott; Walter Laidlaw, Tawas City.

Several other former players from the local area, who did not register, were on hand to reminisce with teammates and opponents.

The game scheduled between Hale and Tawas City was postponed to a later date.

## Good Response to Sale But Fund Drive is Short

Good response to the house-to-house ticket sale conducted by the Tawas Knothole and Pony Leagues last Friday night was reported by Robert Elliott Jr., league president.

In order to finance its summer program, the organization must raise \$1,025.27 through the sale of all-star tickets to pay off a note at the bank.

"As of Monday, a little more than \$600 has been collected by the youngsters," stated Elliott. "We hope that the balance will be raised between now and game night."

Elliott said that each of the 275 youngsters participating in the program has two tickets to sell. The ticket entitles the purchaser to admittance to two all-star baseball games.

The Knothole League's all-star game will be held August 13 and Pony League game is scheduled August 20. Both are to be played under the lights at the Tawas Area Athletic Field.

"Because of the rain last Friday night, we did not collect as much as we anticipated," said Elliott. "Money and unsold tickets are to be turned in to the treasurer Friday night and we need the support of local residents during the next few days to insure success of the program."

ONE OF THE LARGEST northern pike ever caught in Tawas Bay was landed last Saturday by Audley Curtis of New Carlisle, Indiana. Curtis who was fishing near Jerry's Marina located on Coast Guard Road, caught this 19-pounder. It measured 43 1/2 inches long. He used light tackle to bring it in.—Tawas Herald Photo.

### Three Flint Youths Shovel Damage County Shovel

Three Flint youths pleaded guilty to malicious destruction of property when arraigned before Justice of the Peace Emmitt L. Collins Monday morning. They were sentenced to make restitution to the amount of \$412.

Using a rifle, the boys damaged a power shovel belonging to the Iosco County Road Commission. It was located in Grant Township.

In addition to restitution, they were given 20-day jail sentences which were suspended. They paid court costs of \$5.

A 15-year-old boy present at the time was not arrested.

### TURNER CHURCH READY FOR ANNUAL FESTIVAL

Games with prizes and a smorgasbord dinner will feature the festival of Our Lady of Lourdes Church to be held at the Turner church ground Sunday, August 6.

Prizes to be awarded include \$100, \$50 and \$25 United States Savings Bonds.

A smorgasbord dinner will be held from 11:00 a. m. to 5:00 p. m. in the church basement.

### Barbecue Set Sunday by Plainfield Firemen

Sixth annual firemen's barbecue, sponsored by the Plainfield Township Fire Department, will be held Sunday, August 6, at Rollways Camp Grounds on the Au-Sable River.

A 12-foot aluminum boat plus other prizes will be given away.

Members of the fire department are now selling tickets to the barbecue or they may be purchased at the picnic grounds.

Read Mark 10:13-16

Verily I say unto you, except ye be converted, and become as little children, ye shall not enter into the kingdom of heaven. (Matthew 18:3)

Three incidents involving children came to my mind. Little Paul accidentally pushed Mary to the floor. She was frightened and cried. Paul came to her and said, "Me sorry." Still she cried. He came the second time saying, "Me sorry." Finally, he said "Me so, so sorry." She wiped her eyes, stopped crying and soon both were playing again.

My friend was baby sitting with two little sisters. They had quarreled all morning. At lunch time, the four-year-old said her regular table grace. She hesitated, then added, "Help us to forgive the one who sits next to us."

I was walking from the church to the parsonage next door with our pastor's little daughter. Just to make conversation, I said, "Where do you live, Jane?" She said, "Oh, I live next door to God."

If we truly want to make our homes Christian, we, too, must be willing to say I am sorry and forgive those who sit next to us if we would live next door to God.

PRAYER Dear God, forgive us when we are unkind and hurt others. Help us to be understanding toward those who sit next to us that we may be instruments of Thy will. In Jesus' name we pray. Amen.

CHRISTIAN SCIENCE—The spiritual foundation of divine healing will be emphasized at Christian Science services Sunday.

Included in the lesson-sermon entitled "Spirit" is the account in Matthew of the healing by Christ Jesus of the man with the withered hand.

One of the citations to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy (p. 51) describes the basis of Jesus' healing mission in these words: "Jesus was unselfish. His spirituality separated him from sensuousness, and caused the selfish materialist to hate him; but it was this spirituality which enabled Jesus to heal the sick, cast out evil, and raise the dead."

The Golden Text is from Zechariah (4): "Not by might, nor by power, but by my spirit, saith the Lord of hosts."

Game not called on account of darkness

Great banks of lights in the ball park do more than light up a game.

They symbolize the tremendous abundance of electric power that gives America more time for enjoyment... and more time for accomplishment.

Most of this power comes from the investor-owned electric light and power companies.

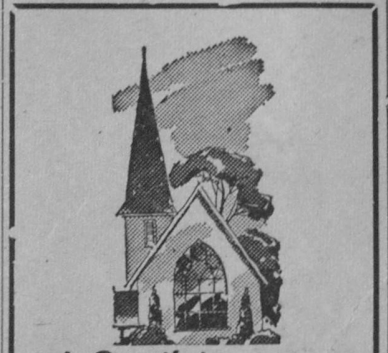

They have made America the world's greatest electric nation, with so much electricity that we almost take it for granted, like the air we breathe.

The investor-owned electric companies serve 4 out of 5 homes and businesses... double their supply of power each 10 years... always stay ahead of needs.

By 1970, for example, America will need twice as much power for new jobs, homes and businesses—and investor-owned companies like this one will be prepared to supply it.

They have experience and capability that the nation can rely on to Keep America Powerful.

### Whittemore Boy Graduates From Art School

Donald R. Freel of Whittemore has graduated from the Famous Artists Schools of Westport, Connecticut. Mr. Freel specialized in commercial art and illustration during his three-year course with this home study school.

Heading the art institute is a faculty of distinguished artists among whom are Norman Rockwell, Albert Dorne and Jon Whitcomb.

**MRS. MABEL MAE THOMPSON** Funeral services were held Sunday afternoon, July 30, at the Forshue Funeral Home, Tawas, for Mrs. Mabel Mae Thompson of Whittemore. Mrs. Thompson died suddenly at her home the previous Friday.

Born April 7, 1886, at Amador, she came to Whittemore while a child. On May 9, 1906, she married Henry Thompson, who preceded her in death in 1956. With the exception of several years spent at Tawas City where Mr. Thompson operated a service station, she had spent most of her life at Whittemore.

The survivors are two sons, Clare of Whittemore and Thomas of Frankenmuth; nine grandchildren; 18 great grandchildren, and a sister, Mrs. Hannah Willisie of California.

The Rev. Earl Redman officiated at the funeral services. Burial was in the Latter Day Saints Cemetery, Whittemore.

### W-P Ag. Teacher On Conference Program at MSU

Kenneth N. Tidey, vocational agriculture teacher at Whittemore-Prescott Schools, was on the program of the 42nd annual Conference for Teachers of Vocational Agriculture July 24-28 at Michigan State University.

The educators were advised to revise their teaching programs to

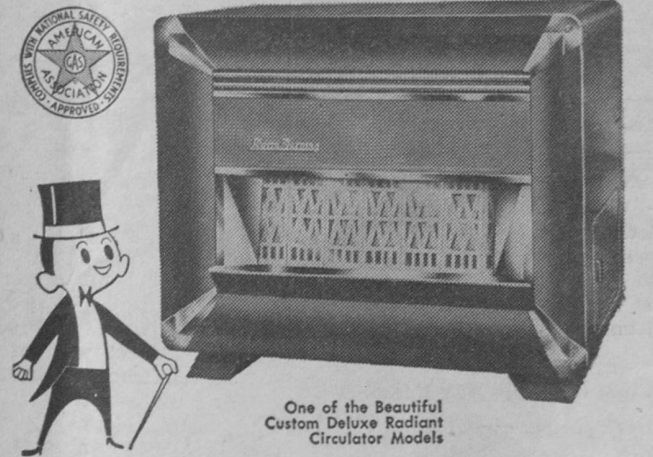

meet the present and future needs of their respective communities by Luther Hardin, vocational agricultural teacher at Searcy, Arkansas, and past president of the National Vocational Association of Teachers of Agriculture. "I believe," he commented, "that if we fail to stay abreast of the daily changes in agriculture

and apply them to our teaching programs, we are failing those that we serve."

Once again, awards were presented to those teachers with five, 10, 20 and 30 years of continuous service to vocational agriculture.

# East Tawas Wins 5-3 at West Branch

East Tawas ended its three-game losing streak with a 5-3 win over West Branch Sunday on the losers' home field.

The winners scored five runs on five hits in the first three innings and winning pitcher, Pete Bolen, held the Branchers in check, although nicked for 10 hits.

East Tawas picked up one run in the first inning on a walk to Jordan and singles by L. Bethard and J. Bethard.

Two more unearned runs were scored in the second when Sanders walked, Mick was safe on an error, one of four committed by West Branch during the day, and scored on Berry's single.

East Tawas finished its scoring in the third when Bolen singled, J. Bethard walked and both runners scored on Sanders' hit.

Although nicked for hits in every inning but the fifth and

eight, Bolen breezed along through the game as West Branch scored once in the third and twice in the seventh.

NEM games on tap this Sunday include East Tawas at Comins, Tawas City at Melita, West Branch at Prescott and Skidway Lake at Hale, all in the National Division.

## MICHIGAN IS GOOD ROADS

Michigan's highway system—the finest in the nation—is a magnet that attracts industry. The people of Michigan are determined to maintain the state's highway leadership. Our current roadbuilding program is moving ahead at a rate nearly twice that of the national average. Since 1957 Michigan's freeways have multiplied five times. These freeways are of great importance to national and international industry in the efficient movement of raw materials to the plant and finished goods to the customer.

Under present plans there soon will be four-lane divided highways to all Michigan cities of 50,000 population or more—freeways that will serve industry in planned industrial districts, adjacent or close by freeways that will serve this industry quickly, safely and cheaply. Help carry Michigan's message to the nation. Clip this ad and mail it to someone in another state with your own comment. Let's talk up Michigan and its advantages for industry. Together, we can assure a greater future for all of us.

# TURKEY

Part Two of a Four-Part Series  
By T-Sgt. JOHN ROLLINS  
Former NCOIC of Public Information Section, Wurtsmith Air Force Base, Oscoda

Practically every Turk is a Moslem. Known to the Asiatic world as "Islam," the religion was founded by Mohammed in 612 at Mecca, Arabia. Through conversation and conquest the Islam religion has spread until today it has more than 200 million followers throughout the world, mostly in the Middle East and Asia.

At first glance, Islam and Christianity do not seem similar. Moslems and Christians have different ways of carrying out the practice of their faith. Yet, beneath the surface of both Christian and Islamic cultures lies a common base which has created similar forms of religious life and thinking.

The common base is older than either of the two religions. It developed in the Middle East, and many people had a hand in its creation. Religiously Islam and Christianity spring from the same concept of God. This concept grew out of the religious life and experience of the Hebrews as recorded in the Old Testament.

Because of this common Semitic root, Islam and Christianity both see history in the light of God breaking into the lives of men in the form of a prophet, who through his life established an eternal point between men and God. In this respect, Christianity and Islam have similar origins.

Geographically, the relationship is even more evident. Jerusalem, Mecca and Medina, virtually next door neighbors in the Middle East are the three centers where, according to both religions, God came to men. Christianity centers in Jerusalem, while Islam belief centers on Mecca and Medina.

Not only do these two religious faiths spring up from the same geographic area, but each shares a common tradition of prophets. Jesus Christ assumes an important place in the Koran (the Moslem's Bible), and the Moslems feel that He is their prophet as well as Mohammed.

Consequently, most Turks know a great deal about Christianity,

Christians, however, unless they have made a special study of the faith, do not know much about Islam.

Outward evidence of Islam is to be seen everywhere in Turkey. The slender minarets that sprout from the Moslem churches, or mosques, dominate every town. The pious Moslem is called to prayer five times a day from a platform on these minarets by the caller of the Mosques.

The massive beauty of the Sultan Ahmet Mosque (Blue Mosque) on Istanbul is a breath-taking experience. The only Mosque in the world with six minarets, the Blue Mosque is one of the most impressive of more than 500 such houses of worship in Istanbul.

Foreigners are permitted to enter Mosques, but are required to remove their shoes, and women must cover their heads and wear long sleeved garments.

Islam, like Judaism, prohibits eating pork in any form. This custom is observed by most Turks. The Koran also forbids drinking alcoholic beverages.

There are two major religious holidays and one major religious observance each year in Turkey. Known as "Bayrams," the holidays are "Seker Bayram" and "Kurban Bayram." The major religious observance of "Ramazan" involves an entire month of daylight fasting.

"Ramazan" comes at varying times in the Christian year since its dates are based upon the Moslem or lunar calendar. During this period, Moslems who observe the laws of Islam neither eat nor drink nor smoke between the hours of sunrise and sunset.

"Seker Bayram" or the Candy Festival is a three-day feasting period immediately following the Ramazan.

Custom dictates that Moslems visit relatives and close friends during Seker Bayram and, in turn, receive them in their own homes. Candy is traditionally offered to guests who call during this time. Candy, along with money presents, is also given to servants at this time.

The Sacrifice Festival, "Kurban Bayram," comes approximately two months after Seker Bayram. During this festival, sheep are sacrificed in memory of God's gift of a ram to Abraham as a substitute for his son whom he was about to sacrifice at God's command.

(Next week: Moslem Religion, continued.)

# '60 Wool Payments Made to Farmers in Iosco County

Payments under the 1960 national wool program have been made in Iosco County, Burton Partlo, chairman of Iosco County Agricultural Stabilization and Conservation Committee, has announced. The payments are in connection with marketings of wool and unshorn lambs during the year from April 1, 1960, through March 13, 1961.

On shorn wool, the rate of payments is 47.6 percent of the dollar returns the producers received from the sale of shorn wool during the year or \$47.60 for every \$100 received. This is the amount necessary to bring average wool prices up to the announced incentive level of 62 cents per pound under the national wool act. On unshorn lambs, the rate is 80 cents per hundredweight of live animals sold.

This self-help program, authorized by the national wool act, is carried out by the American Sheep Producers Council, Incorporated, which was established for that purpose. Deductions from payments were approved by producers in a referendum held in 1959.

# NEW CHANCE FOR NAVY VETERANS

Recent changes in regulations have made it possible for navy and coast guard veterans to join the naval air reserve in the rating held at time of discharge, regardless of time elapsed.

In an effort to recruit well qualified, experienced personnel, the navy has relaxed its rules for rejoining the naval air reserve. In the past, veterans released to inactive duty for periods of more than six months were required to take a reduction rating to rejoin.

Many veterans failed to rejoin before expiration of the time limit and were hesitant to lose the rating they had worked so hard to attain. It is now possible for these veterans to take advantage of this second chance to help strengthen our nation's defenses by offering their services to the naval air reserve.

Veterans residing in this area are urged to contact the Recruiting Department, United States Air Station, Grosse Ile, for further details.

# 42 MEMBERS AND PARENTS AT COMMUNITY CLUB MEETING

At a meeting of the Burleigh Community Club, 42 members and parents were present. Dean Cole, reporter for the gun safety group, told members that their group had Arthur Leitz, conservation officer, at a recent meeting to talk about conservation regulations.

William Fuerst of Whittemore met with members at another meeting and explained the various kinds of guns and their uses. Judy Siegrist gave a report to the community club regarding their vegetable and flower garden meetings.

# Your Favorite Hymn? Send in Yours, Take Part in National Tally

By BILL McVEY  
The Christian Herald Singer

(EDITOR'S NOTE: This is the second in a series of stories on hymn singing in America, published by The Tawas Herald as part of the national newspapers hymn poll. Every reader of the Herald is urged to write the name of his favorite hymn on the official ballot printed with this story. Mail it to Audience Analysts Incorporated, Bela-Cynwyd, Pennsylvania, so your vote can be included in the national tally.)

"I want to sing, daddy." These words spoken by my 3 1/2-year-old daughter were her greeting to me when I called home one day from out-of-town.

She was happy, so she wanted to sing. I listened to at least four unrecognizable verses after which she stopped, caught her breath and said, "I'm happy now."

BILL McVEY

My little daughter has discovered something that most of us have forgotten, everyone can be happier by singing.

Singing hymns leads us to a higher plateau of devotion, of understanding God's love and our fellow man.

For instance, a stranger in Bermuda got on a public bus filled with children returning from a Sunday school picnic. They were singing hymns and he recognized "In The Garden." He sang with the young choristers and

found he was no longer a stranger.

Great experiences seldom happen to most of us but you can turn any Sunday morning, any family gathering, any social get-together into a great experience, really singing those hymns.

Perhaps a revival of hymn singing will re-echo around the world and serve as notice behind the iron curtain of our greatest strength, our Christian unity and brotherhood, reaffirming our determination that all men shall be as free as we are to sing the hymns they choose to sing.

# 100 Years Ago This Week...in THE CIVIL WAR

(Events exactly 100 years ago this week in the Civil War—told in the language and style of today.)

# Rebel Brass Stewing Over Cooper's Clout

RICHMOND, Va.—Aug. 5—Top Confederate Army brass is in a collective tizzy over appointment by President Jefferson Davis of his old friend, Samuel Cooper, as highest-ranking general in the military.

Cooper is adjutant and inspector general with the title of full general, outranking all other officers in seniority. He is a Northerner by birth—his home is Hackensack, N.J.—but married a Virginia woman and for years has had numerous friends in the South.

He resigned from the Union army, in which he had served since graduation from West Point in 1815, and immediately volunteered for duty with the South. His appointment to the key adjutant's post by Davis was seen as a reflection of his service with the Federal army as adjutant general, a job he assumed in 1852.

AS RANKING general, Cooper—who has seen little actual warfare—is ahead of several combat-hardened general officers. He is followed in seniority by Generals Albert S. Johnston, Robert E. Lee, Joseph E. Johnston and Pierre G.T. Beauregard, all of whom were fighting men before the outbreak of the current hostilities.

It is within this quartet of outranked generals that the resentment over Cooper's exalted status is said to be sharpest.

# Congress OKs Harsh Law Authorizing Confiscation

WASHINGTON, DC—Aug. 6—Congress today passed an act authorizing seizure by the Union of all property used for "insurrectionary purposes" against the federal government.

The measure also voided ownership of any slave who, with his owner's consent, joins the Confederate armed forces or works for the South's war effort in any other capacity.

Under the controversial new law, all property confiscated would be the subject of condemnation proceedings in a U.S. District court.

PORTIONS of the legislation were considered retaliatory to the confiscation proviso adopted by the Confederate government last May 21. Under these laws, any funds owed to Northern firms or individuals—with a few exceptions in the border states—became payable to the Richmond government in exchange for 5 per cent Confederate States bonds.

# Truckers Subject to Highway Use Tax Must File Return

R. I. Nixon, district director of internal revenue, recently emphasized the requirement for all truck owners subject to the Highway Vehicle Use Tax to file tax returns on Forms 2290.

The normal date for this return is August 31 but the law provides that returns may be due on other dates during the year depending upon the dates taxable trucks are acquired and first used.

Even though the Highway Vehicle Use Tax has been in effect since 1956, it is especially important for truck owners this year because of the Federal Aid Highway Act of 1961 recently passed by Congress. This new act provides for an increased tax rate from \$1.50 to \$3 per 1,000 pounds and also for a new installment method for payment of the tax.

During enforcement activities by the Internal Revenue Service, many truck owners have stated that they were unaware of this tax so Mr. Nixon urges all truck owners to inquire about the taxable status of their vehicles. Generally, the tax applies to vehicles with a gross weight in excess of 26,000 pounds, or unloaded weight of varying amounts, if the vehicles are used on public thoroughfares.

Question and answer pamphlet, publication No. 349, may be obtained at any office of the Internal Revenue Service.

Mr. Nixon warns that the law provides penalties for failing to file a return, for late filing and for filing a false and fraudulent return.

## Social Security Law Changes Affect All Over 62 Years Old

Changes in the social security law signed by Pres. J. F. Kennedy on June 30 directly affect about 4,420,000 persons aged 62 or older, giving them social security benefits for the first time or increasing benefits already payable to them. Paul M. Ellifritz, manager of the Bay City social security office, said today.

The new law makes the following changes:  
Men now have an option of retiring at age 62 with lower benefits or of waiting until age 65 and collecting higher benefits, widows' benefits are increased by about 10 percent, minimum benefits are raised, the amount of work under social security needed to get benefits is lowered, people who receive only part of their benefits for a year because they earn over \$1,500 will have a smaller amount deducted, social security taxes go up slightly beginning January 1, 1962.

Under the new provisions, men can begin collecting benefits at age 62 if they choose, just as women have been able to do since 1956. But workers who decide to take benefits before they are 65 will get less per month than they would if they waited until age 65, Ellifritz said.

The sooner a worker takes his benefits after age 62, the greater the reduction in his benefits will be. However, the reductions are figured so that on the average, people may expect to receive about the same amount if they get reduced benefits beginning before age 65, or wait until they reach 65 and collect higher monthly amounts.

The new amendments raise the aged widow's benefit from the present 75 percent of the husband's retirement benefit to 82.5 percent, a 10 percent increase in individual benefits, beginning August 1961, Ellifritz said.

The same increase will be made in the benefits of aged dependent widowers and those of aged parents if there is only one dependent parent surviving.

An increase of up to \$7 in the minimum old-age, survivors and disability insurance benefits is due beginning with the benefit check for the month of August, Ellifritz said. The present minimum is \$33; the new minimum payment will be \$40. Under the change, about 2,175,000 persons will receive increased payments.

Another change lowers the amount of work credit required for old-age and survivors benefits. The new law makes payments possible for a person who has work credit for one calendar quarter of each year after 1950 and up to the year he reaches 65 (62 for a woman).

Another change in the law makes it possible for people eligible for social security benefits to earn up to \$1,700 and receive more in total earnings and benefits than under the old law.

Under the new law, \$1 is withheld for each \$2 earned from \$1,200 to \$1,700, and then \$1 for each \$1 earned over \$1,700. Thus, under the new law only \$250 in benefits

is deducted when the beneficiary earns \$1,700 during the year. Under the old law, \$350 would have been withheld.

To help finance the changes, the amendments call for an increase in social security taxes beginning January 1, 1962. Employees and employers will each pay an additional one-eighth of one percent on earnings up to \$4,800 a year—a total of three and one-eighth percent in social security taxes.

Self-employed persons will pay 4.7 percent on net earnings up to \$4,800 a year, instead of the former 4.5 percent rate.

The disability insurance program remains unchanged, Ellifritz said, except that workers with long-standing disabilities are given another year, until June 30, 1962, to file claims for benefits.

Some other people affected by the amendments to the law must apply before their benefits can be started. Among them are older workers who formerly did not have enough credit for work under social security to receive benefits, workers between 62 and 65 who wish to retire now with reduced benefits and dependent widowers or fathers.

These people should get in touch with their local social security office, Ellifritz said.

## 95 4-H Club Members Exhibit at Iosco County Fair

Ninety-five 4-H Club members arranged 167 exhibits at the 1961 Iosco County Fair. From this number, selections were made for state 4-H Club show exhibits at the Michigan State University campus August 23 through September 1.

Included are: Clothing: Dress revue delegate, Janice Sturtevant; exhibit, Lynn Waters. Both are members of Reno Topnotchers 4-H Club, as is Jean Sugden, whose exhibit will be sent to the state fair in September.

Food preparation: 4-H girl entertains, Patricia Davenport; quickbread, Cheryl Lyke; brownies, Steve Dorsey; cake squares, Darlene Wilson. Patricia is a member of Ottawas 4-H Club, Cheryl, Steve and Darlene are among the Hale Happy Hustlers.

Photography: Patricia Trevethan of Wilberites 4-H Club will send her exhibit in first project photography.

Conservation: David Stouffer, a member of the Wilberites 4-H Club, had his exhibit on "conserving the land" selected for exhibit at the state 4-H Club show.

A junior leadership record will be displayed by Miss Sturtevant, who has lent a helping hand in many 4-H spots this past year, especially with girls in clothing projects.

"Mannequins at Midnight" won compliments as theme for a dress revue presented by 4-H Club girls as a part of the Friday night 4-H Club program during the fair. Working with the girls to stage this number were Mrs. Irene Mott, Miss Sturtevant, Mrs. John Cobb and Mrs. Richard Samson.

Musical numbers included: Ac-

cordion solo by David Bernard of Hale; piano solos by Shelly Siegrist and Dwight Youngberg of Burleigh 4-H Club.

A new activity had its initiation during the fair—a pig scramble. The Iosco County Agricultural Society authorized the purchase of 10 young pigs for the "scrambles" as a way of starting a 4-H feeder pig marketing project.

Boys and girls, ages 10-13, took part in the morning scramble while young people over 14 years old competed in the afternoon scramble. Winners of the 10 pigs were: Marlene Wilson, Hale; Nadine Provost, Whittemore; James Katterman, Tawas City; Lawrence Stewart, Tawas City; Carl Youngberg, Whittemore; Gregg Reinke, Tawas City; James Stewart, Tawas City; James Sturtevant, Whittemore; Dennis Cross, East Tawas, and Roger Mott, Whittemore.

Winner-at-large of a pig provided by Nelson Provost for a scramble among those eight-12 years of age was Grant Davenport. Mr. Provost donated the pig in the name of the North-eastern Michigan Feeder Pig Marketing Association.

Gerry Survant of the Burleigh 4-H Club had his two beef animals on exhibit and they will be shown at the Detroit Junior Livestock Show in December.

## Major Henderson Retires from AF After 20 Years of Service

After 20 years of continuous outstanding service in the United States Air Force, Maj. Harold W. Henderson closed out his military career when he was handed his retirement certificate by Col. John H. Kunkel Jr., 379th Bomb Wing commander, at Wurtsmith Air Force Base, Oscoda, earlier this month.

The recipient of two air force commendation medals, Major Henderson has spent six years and eight months overseas. He was stationed in the Solomon Islands from January 1942 to August 1944, in Japan from June 1952 to May 1955 and in Alaska from June 1959 to May 1961. He first entered the regular air force in January 1941.

The major has filled such posts as motor pool maintenance officer, port air materiel officer, chief of traffic section, air force liaison officer in Yokohama, Japan, transportation squadron commander and his last job was that of transportation staff officer for the 5010th Maintenance and Supply Group at Eielson Air Force Base, Alaska.

Major Henderson, who is a native of Alma, is the holder of an associate of arts degree from the University of Seattle.

Mr. and Mrs. Henderson and family reside at 131 Elwell Street, Alma.

## Heart Attack Fatal to Ohio Motorist

A 64-year-old Piqua, Ohio, man, Guy Maino, was dead on arrival at Tawas Hospital last Friday after suffering a heart attack while driving along US-23 near East Tawas.

Wife of the victim told officers that her husband pulled off to the side of the road when he felt the attack coming. A passing motorist, Robert Sheehan of Natick, Massachusetts, saw the couple in distress and stopped to give assistance.

Sheehan called state police and an ambulance was dispatched to the scene. Before its arrival, however, another ambulance which had just delivered a patient to Tawas Hospital and was returning to Lincoln stopped and took the patient to the hospital.

It was the opinion of the ambulance driver that the man had died before he was placed in the ambulance.

## Reasner Attends Vo-Ag Conference at Michigan State U.

Robert C. Reasner, vocational agriculture teacher of Tawas Area Schools, was reminded that "the vocational agriculture teacher of today is virtually responsible for tomorrow's agriculture" at the 42nd annual Conference for Teachers of Vocational Agriculture at Michigan State University July 24-28.

The conference was told that the future of vocational agriculture is shining brightly, although it is obscured by a great degree by the clouds of nearsightedness, indolence, indecision, indifference and a lack of knowledge of the program by some of our influential leaders," by Luther Hardin, vocational agriculture teacher from Searcy, Arkansas, and past president of the National Vocational Association of Teachers of Agriculture.

Other conference topics for discussion included the various aspects of technical agriculture, young farmer programs, adult farmer programs and rural civil defense.

## Damage Claims

(Continued from page 1.)

tional Gypsum Company should be permitted to proceed with carrying out its plan at its own risk. However, he set forth certain obligations under which it would be allowed.

One restriction was court retention of jurisdiction for purposes of granting an injunction and assumption of liability by the gypsum company for payment of damages to the property owners.

Shortly after the decree was signed here, complainants appealed the decision to the Michigan Supreme Court. The high court remanded the two cases involved to be conducted by Judge Miller, successor to the former circuit judge.

Listed as plaintiffs were Dr. Malvern F. Obrecht, Arthur L. Johnson, the Rev. Fr. Robert Neuman, Earle B. Clark, Mr. and Mrs. Elmer Slaven, Walter J. Hellenberg, T. B. Shively, Howard C. Davis, Albert F. Piggott and Maurice E. Brown.

Court costs listed by the plaintiffs included the following witness and consultation fees: Ernest F. Brater, hydraulic engineer, \$460.20; L. A. Baier, naval architect, \$114.83; Dr. W. L. Mallman, \$72.40.

Engineering and consultation fees in preparation of the case included: Michigan Associates, consulting engineers, \$3,452; Scott Engineering, \$418.30; Russell M. Small, surveying, \$135.

Expenses of Obrecht in preparation of the case and arranging for witnesses, telephone conferences and a correspondence amounted to \$1,500. Other costs listed included Smith, Brooker and Harvey, attorney fees, \$7,045; Alabaster Township, \$45.

## Good Roads in Michigan Are a Valuable Asset

Michigan is good roads!

To most of us, this statement means that we can travel from where we are to where we want to get quickly and safely over Michigan highways and freeways. It means to the tourist that he can get to Michigan's vacation and resort areas easily and have a pleasant journey as soon as he crosses Michigan's border.

There is another role of highways, important to each of us, but one which we may be prone to accept without giving it proper significance. Michigan's good roads are an asset to industry. Our outstanding system of good roads, which is expanding daily, is important in the distribution of the goods manufactured in our industrial plants. Almost any place in the Great Lakes market area can be reached from anywhere in Michigan, over good roads, in a matter of hours. This places Michigan industry in a good location. Our good roads make it possible for our workers to get to their place of employment easily. Supplies and finished products are carried over our highways with a rapidity that is of benefit to industry.

The importance of good roads to industrial development is pointed out in a public service advertisement sponsored by the industrial promotion committee of the Michigan Press Association and the Michigan Economic Development Department. The advertisement appears today in The Tawas Herald. You can help our local industrial development program if you clip this advertisement and mail it to someone outside of Michigan. Do it today!

## State University Seeks Historical Items for Museum

Marvin R. Cain, curator of history at Michigan State University Museum, has solicited the assistance of all newspapers in Michigan to facilitate state-wide manuscript collecting.

The museum is engaged in collecting and preserving manuscripts and artifacts which will provide for a research center of unestimable value for both students and the general public.

Cain said that the museum is primarily interested in letters, diaries, ledgers, record books of all kinds, land deeds, store accounts, etc.

"Often family collections, which include these manuscripts, have great historical value and are reposing in some forgotten attic, vacant house or dark basement," states Cain.

"We are attempting to obtain such material so we may preserve it for posterity in fireproof, dry storage space and, after proper cataloging, make it available to students, scholars and the general public."

People who have manuscripts that they might wish to donate or information regarding such material may contact Cain at the museum. He will arrange to visit them to discuss the matter. Any correspondence from interested persons would be welcome regardless of whether or not they have manuscripts as often information is equally as valuable.
