

SATURDAY'S first annual Tawas Bay Waterfront Art Show proved to be a huge success. Nearly 50 Michigan artists exhibited work. Although rain forced moving location of the show from the Tawas City Park to the Isosco County Building, it was well received. In Spite of Rain Threat, Art Show Was Success

In spite of threatening weather which caused some inconvenience, first annual Tawas Bay Waterfront Art Show (exhibit and sale) proved to be a tremendous success last Saturday. Because of the threat of rain throughout the day, the show was moved from the Tawas City Park directly across US-23 to the Isosco County Building. "The move was welcomed by all exhibitors and, if at all possible, we hope to hold future events at the county building," stated Mrs. Herbert Hertzler, who originated the idea for the show and directed activities of the committee. A total of 43 artists and craftsmen had displays in the corridors of the county building, which ranged from oil paintings through lapidary, ceramics, sculpture, weaving and shellcraft. Sponsored by the Tawas Chamber of Commerce, Vernon Pugh had over-all charge of arrangements. Assisting Mrs. Hertzler were Mrs. Mervyn MacRae, Mrs. Harold Peterson and Mrs. William Krumm. Hostesses were Mrs. George Tuttle, Mrs. Howard Hatton, Mrs. C. S. Everett, Mrs. Cecil Cable, Mrs. Earl Davis and Mrs. Richard Egli. Exhibitors included: Mr. and Mrs. C. Roland Brown, Sterling Lapidary; Margaret Smith, Harbor Springs, lapidary and gem stone jewelry; Mrs. Gisela DeVeau, Oscoda, ceramics; Eveline T. Harper, Oscoda, ceramics; Mrs. Hertzler, East Tawas, ceramics; Mrs. Peterson, Tawas City, ceramics, pastel (See ART SHOW, page 8.)

Football Starts

Sixty candidates turned out for the start of preseason football practice this week at Tawas Area High School. Morning and evening sessions started Monday and will continue to the start of school. The Braves will open the 1961 season September 16 at Alcona. Assisting Head Coach Herbert Scott with the varsity is Steven Sventko. Handling the junior varsity are Bill McIntosh, Lyle Berry and Athletic Director Ronald Wiltse.

Battle Dance Features Chapel Lake Finale

The spectacular "Battle Dance of the Tribes" with fireworks will be presented Saturday night at Chapel Lake as a part of the Chapel Lake Indian Ceremonials program, 8:30 p. m. This will climax the season of Indian dances, legends and sacred ceremonies, which have been staged nightly at Chapel Lake on the beautiful wooded island stage. Should rain occur on Saturday night, the battle dance will be presented Sunday night, which is the final night for the season. On Sunday night, it is a gentleman free with a lady who pays! There is lighted free parking and a teepee village which opens at 1:00 p. m., offering souvenirs to visitors.

Now Under Construction—

D&M's Pipeline to 'Feed' Wurtsmith Bombers

Work is now well under way on a 19-mile pipeline which will feed military jet fuel from a new 400,000-barrel terminal at Harrisville to Wurtsmith Air Force Base, Oscoda. There, the fuel will power mighty B-52H Stratofortresses of Strategic Air Command. Being constructed by contractors for Ottawa Equipment Company, a subsidiary of the Detroit and Mackinac Railway Company, target date for completion of the pipeline is September 8. This date will coincide with completion of the huge terminal, owned by the American Fuel Corporation.

The new pipeline is a first for the D&M in its long history of providing transportation to Northeastern Michigan. It is also a first for Michigan railroads. When the United States Air Force announced intentions for letting bids on a new fuel terminal to serve Wurtsmith, Charles A. Pinkerton Jr., president of the railroad, and the firm's board of directors decided to submit a bid for providing common carrier service by pipeline. Stuart White, traffic manager for the D&M, has promoted development of the pipeline and has acted in a liaison capacity with the military. With its long-established right-of-way through this area, the move was a natural for the railway and was the successful bidder.

The new \$500,000 pipeline is being constructed parallel to D&M railroad tracks from Harrisville to the outskirts of Oscoda, where it turns north and enters the military reservation. With no previous experience in pipeline construction along the D&M, a considerable amount of study had to be made in this field before work was initiated. In addition to acquiring the services of a consulting engineer, the D&M has consulted with two western railroads which have a long history in the pipeline business. In charge of construction is James Campbell, vice president and assistant general manager of the D&M. Shamrock Construction Company, Lansing, has been contracted by the railway to build the pipeline. The Trenton Corporation of Ann Arbor is a subcontractor for that firm. A trench 42 inches deep and about three feet wide is being dug by means of a rotary trencher. The D&M's huge railroad crane was used to remove sections of pipe from gondola cars and place them along the trench. After these sections of pipe are welded together and joints inspected by means of X-ray equipment, the Trenton Corporation uses its patented process of encasing the pipe in a layer of hot wax, wrapping of polyvinylidene and an outer layer of either Kraft paper or asphalt-impregnated felt. The polyvinylidene material is manufactured by Dow Chemical Company, Midland, and the wax is a product of Leonard Refineries. Cleaning, coating and wrapping the pipe is accomplished in a single operation. Special equipment "rides" along the welded pipeline and about one mile of pipeline is completed in a day. This Trenton "mummy wrap" gives the pipeline a decent burial, so to speak. Pipeliners on the job are as meticulous with their work as the old Egyptians were in wrapping mummies. The special wax which encases the pipe has almost complete inability to absorb moisture and, once applied, it cannot be removed by mechanical means. It is pliable and will accommodate expansion, contraction and general flexing of the pipe surface. The pipe is thereby separated from the soil environment by a tough, permanent barrier. While inspecting progress of the line through the Greenbush Swamp Friday, White said that the first lake carrier load of jet fuel is expected to dock at General American Fuel Corporation's Harrisville installation sometime in October. Unloading facilities are being constructed about 7,000 feet off shore and will be connected to the terminal by pipeline. Five huge 80,000-barrel storage tanks are being constructed at Harrisville by the General American Transportation Corporation, Tank Division, Chicago, Illinois. Before the pipeline between Harrisville and Oscoda is placed into service, it will be subjected to high pressure water tests for two days. Still to be built by the railway is a 16 by 18 foot pump house at Harrisville. This will house a six-stage centrifugal pump and control panel for the operator.

WORKMEN are shown applying "mummy wrap" to the pipeline above. Watching progress at left is Stuart White, traffic manager for the Detroit and Mackinac Railway Company.—Herald Photo.

ISOSCO SCHOOLS RECEIVE STATE AID CHECKS

Isosco County schools have received \$99,862.50 representing the first apportionment of state aid from the primary school interest fund, reports Russell A. Rollin, county school superintendent. This money is divided as follows: Hale Area School District, \$8,872.50; Oscoda Area School, \$46,372.50; Tawas Area School, \$25,747.50; Whittemore-Prescott Area School, \$18,870.

Tawas Voters OK School Additions

Tawas Area School District voters approved two tax propositions last Thursday which will finance additions to present school facilities. The plan will raise \$390,000 over the next five years. Voters approved raising the district's debt limit by a 628-498 margin and okayed a three-mill tax levy for five years by a 581-482 tally. A total of 1,131 persons voted on the first proposition and 1,068 voted on the second ballot. Only taxpayers were eligible to vote on the latter. There were 10 spoiled ballots, report school officials. A breakdown of voting is as follows: Precinct No. One—East Tawas, Baldwin Township: Proposition No. One, 192 yes, 266 no; Proposition No. Two, 176 yes, 256 no. Precinct No. Two—Tawas City, Wilber and Baldwin Townships: Proposition No. One, 294 yes, 120 no; Proposition No. Two, 273 yes, 129 no. Precinct No. Three—Tawas, Grant and Sherman Townships: Proposition No. One, 97 yes, 73 no; Proposition No. Two, 97 yes, 71 no. Precinct No. Four—Alabaster and Whitney Townships: Proposition No. One, 45 yes, 35 no; Proposition No. Two, 35 yes, 35 no. The election victory cleared the way for additions to the schools to meet present enrollment increases and those expected during the next decade. It was the second time the propositions were offered to Tawas Area voters. The pay-as-you-go program was rejected by a slim margin July 10. First phase under the expansion plan would be the building of a six-classroom unit adjacent to the existing Tawas City gymnasium. Next would be the construction of a general purpose room and kitchen at the East Tawas unit, along with completion of the 10-room Tawas City elementary unit by addition of four more classrooms. This could be accomplished by 1963-64. Third part of the program would provide for construction of a junior high school and classroom addition to the present high school building.

Radical Change of US-23 Planned in NEM Area

Within the next 20 years, there will be a drastic change in the route and appearance of US-23 through Arenac, Isosco, Alcona and Alpena Counties. The new route would enter Isosco County in Section 31 of Alabaster Township, about 3 1/2 miles west of the present location of US-23. It would then cut through Sections, 30, 29, 21, 20, 16, 15, 10 and three of Alabaster Township, Sections 35 and 26 of Tawas Township and continue to the old Tawas City Airport. There, it would swing to the east, crossing M-55 and cut through the lower tip of Tawas Lake and the old Isosco County Airport and then swing up through Baldwin, AuSable and Oscoda Townships. According to the needs study map, interchanges in Isosco County would include Alabaster Road, Townline Road near Kobs Road, intersection of M-55 and Plank Road, intersection of Wilber and Monument Roads, one on the line of Sections 15 and 16 of Baldwin Township. (See CHANGE US-23, page 8.)

Area Youngsters are School Bound

An estimated 5,000 or more Isosco County school children will return to classrooms next Wednesday, September 6, when schools reopen for the fall term. Tawas Area, Whittemore-Prescott Area and Oscoda Area Schools will hold half-day sessions Wednesday morning to finish registration of students. Although there will be no school that afternoon, all teachers are to report for conferences. Students of these three schools will start their first full day on Thursday. Hale Area School's schedule differs from others in the county. Elementary pupils are to register Tuesday afternoon. Full sessions for all grades are to start Wednesday.

Michigan Bell Plans Building

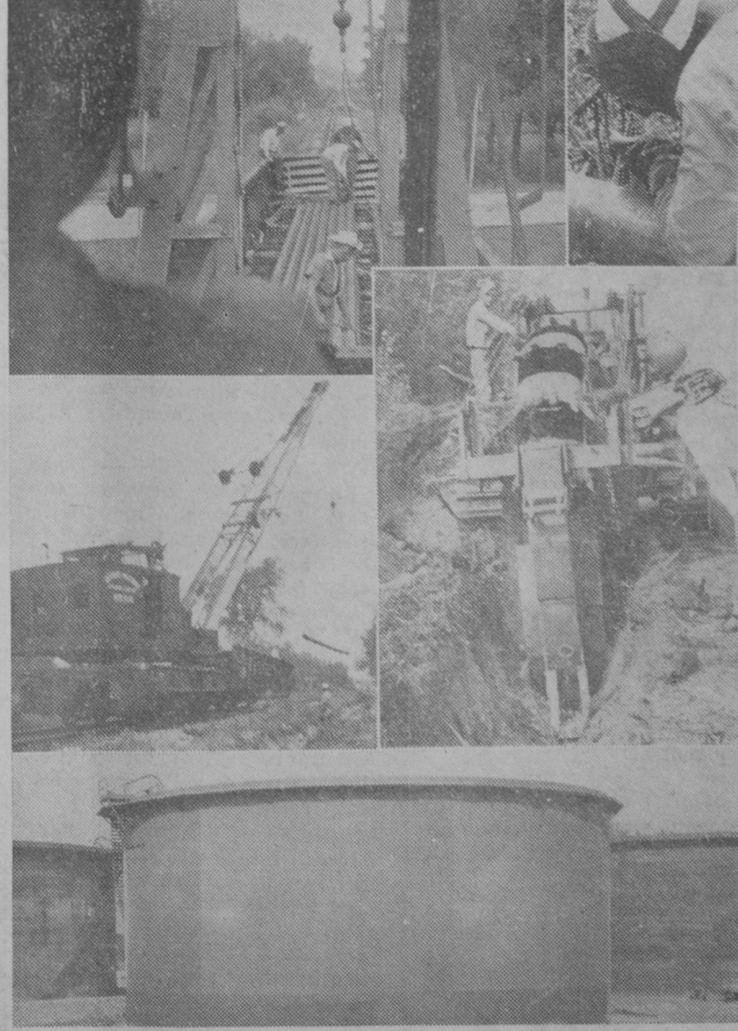

Tawas City Water Board approved extension of water and sewer facilities to serve a new building on Oak Street in the First Ward to be constructed by Michigan Bell Telephone Company. Okayed at its meeting Monday night was extension of a four-inch water main on Cedar Street to Oak Street and an eight-inch sewer main on Oak Street from First Street to the building site. According to plans submitted to Supt. of Public Works Reginald Bublitz, the new 62 by 99 building would be used for a garage and office. The permit also includes a large parking lot. In other business, the board authorized the department of public works to purchase a cabinet for storage of blueprints at the city hall.

Old-Timers' Game Slated This Sunday

Area old-time baseball players are again unlimbering their arms this week in expectation of action in the annual ball game for old-timers scheduled Sunday at the Tawas City diamond. This game was rained out a month ago and was rescheduled by the Tawas City Baseball Club, sponsor of the event. Clare Herriman, who has charge of the program, states that all baseball players who formerly participated in the Northeastern Michigan League are invited to attend. Activities are scheduled to start at 12:30 p. m. and last until the old-timers tire themselves out. At any rate, a game has been scheduled between present-day Tawas City and East Tawas teams at 2:30 o'clock, or thereabouts. Herriman again urges the old-timers to bring pictures of former teams with them. Several old pictures have been received, including those showing teams from Tawas City, Alabaster and Standish. Two pictures were furnished by F. E. Periberg, publisher of the Arenac County Independent at Standish, who has been NEM League secretary since its organization. These pictures are to be incorporated into a display at the grandstand. All are to be returned to owners.

Three Con-Con Candidates Speak at Library Meeting

Three candidates who seek election as delegates to the state constitutional convention were guest speakers last Thursday night at a meeting of library boards of Isosco, Arenac, Alcona, Gladwin, Oscoda and Ogemaw Counties. The meeting was held at the Barnes Hotel and the Isosco-Arenac Regional Library Board was host. Candidates present were Herman Dehnke of Harrisville, who seeks election to the Alpena Representative District; Lewis T. Hubbs and Hugh Evans, both of Gladwin, who seek election as delegate representing the 28th Senatorial District. Dehnke and Hubbs are Republican candidates while Evans is a Democrat. Miss Helen Kremer, consultant from Michigan State Library, was moderator during the discussion hour. Along with talks on how the constitutional convention will effect libraries, other discussion topics included future plans for libraries, how plans can be carried out by the legislature and co-operation in the rural library picture.

PIPELINE construction is shown in the above photos. At top left, a crane operator is visible at one edge of the picture as a gondola car is unloaded. The next picture shows the crane in action. At bottom center is one of the huge fuel storage tanks at Harrisville. A welder is shown at top right while a rotary digger is shown at center right.—Tawas Herald Photos.

Receives Call to Serve Hazel Park Episcopal Church

Acceptance of a call to serve St. Margaret's Church, Episcopal, at Hazel Park as its rector has been made by the Rev. Russell H. McKenzie, presently assistant minister at Grace Church, Port Huron, and vicar of All Saints' Episcopal Church, Marysville. Prior to serving as assistant minister at Grace Church, Mr. McKenzie served as assistant minister at Christ Episcopal Church, East Tawas.

Mr. McKenzie was born at Port Huron, the son of Charles and Emma E. McKenzie. He received his education in the schools of Detroit, Whittemore and Carsonville, graduating from high school at Carsonville. He furthered his education at Albion College and after a period spent in teaching in the public schools in Iosco and Monroe Counties, he was elected county clerk of Iosco County, holding that office from 1935 until the early part of 1951. In 1951, he resigned as county clerk to enter the employment of the Peoples State Bank, East Tawas.

Admitted as a postulant for Holy Orders in the Episcopal Church, on September 11, 1950, and having pursued the studies requisite for ordination, he was admitted as a candidate for Holy

Orders on September 25, 1957, ordained to the diaconate of the church on December 6, 1958, and to the priesthood on May 12, 1960.

The fathers of both Mr. and Mrs. McKenzie were Methodist ministers, having served in the Michigan Conference of that church. The Rev. Davis served in other conferences as well as in Michigan.

Mr. McKenzie will enter upon his new duties on September 1.

CHRISTIAN SCIENCE—

Strong assurance of man's God-given right to conquer every form of evil will be given Sunday in Christian Science church services.

Paul's striking words to the Romans (8) are included in the Bible readings in the lesson-sermon entitled "Man." "Who shall separate us from the love of Christ? shall tribulation, or distress, or persecution, or famine, or nakedness, or peril, or sword? ... Nay, in all these things we are more than conquerors through him that loved us."

A correlative passage from "Science and Health with Key to the Scriptures" by Mary Baker Eddy states (pp. 303, 304):

"Spiritual man is the image or idea of God, an idea which cannot be lost nor separated from its divine Principle. When the evidence before the material senses yielded to spiritual sense, the apostle declared that nothing could alienate him from God, from the sweet sense and presence of Life and Truth."

HEMLOCK CHURCH SCENE FOR SUNDAY HYMN SING

Today's MEDITATION from The World's Most Widely Used Devotional Guide

The Upper Room

Read Revelation 22:3-14

The world passeth away, and the lust thereof; but he that doeth the will of God abideth for ever. (1 John 2:17)

I like an illustration concerning time and eternity as told by Dr. Rufus Jones. Traveling across the continent by train, a gentleman talked with a little girl going to a neighboring city. She confided, "I wish we would never reach the old city, I hate to go there." Asked why, she explained, "My mother says it is too bad for me to leave the school where I learned the alphabet for now I'll have to begin all over again." The gentlemen kindly explained that he had been to that city and that they used the very same alphabet there. She could go on from where she had left off. Dr. Jones said that some things last and that real values we learn here will not have to be learned all over again in eternity. We will recognize them. Our part is to learn these eternal truths now and cultivate them.

PRAYER

We thank Thee, our Father, for that inner voice, which is Thy spirit, by which we know when we are on the right road to our eternal home. Warn us when we falter and confirm us in holy living. This is our prayer, in Jesus' name. Amen.

THOUGHT FOR THE DAY
 What I shall rejoice in finding in eternity, I cultivate now. Donald E. Kohlstadt, Washington.

1961-15 Years Service For TC Garden Club

Tawas City Garden Club observes its 15th year of community service in 1961.

On May 7, 1946, a group of women met at Tawas City High School to organize a garden club. Sponsored then by the Twentieth Century Club, the organization today numbers about 60 women and is a member of the Michigan Federated Garden Clubs.

First officers elected were Mrs. O. J. Westcott, president; Mrs. A. W. Colby, vice president, and Mrs. F. J. Bright, secretary-treasurer. Wilton Finley, county agricultural agent, spoke on the value of a garden club to the community, not only for the beautification of homes but for the town in promotion of the tourist trade.

Charter members were Mrs. Ernest Ross, Mrs. Westcott, Mrs. Bright, Mrs. Colby, Mrs. William Leslie, Mrs. Hugo Keiser, Mrs. Lena Rouiller, Mrs. Edward Lemke, Mrs. Walter Moeller, Mrs. Charles Quick, Mrs. Joseph Homberg, Mrs. Otto Kasischek, Mrs. Karl Bubblitz, Mrs. Harry Rollin, Mrs. G. A. Prescott, Miss Margaret Fitzhugh, Mrs. Charles Curry.

Among the many civic projects performed by the club during its 15-year history were landscaping at the Tawas City Hall, planting and care of the memorial bowl-triangle at the cemetery and the post office planter box, sponsored Christmas decoration projects, contributed Christmas favors for hospital trays and contributed to Tawas Hospital landscaping project.

In addition, the club has pro-

moled the "Litterbug" campaign and contributed promotional material to school children.

Three flower shows have been held by the club, all operating under standards established by the federated clubs.

Monthly programs of the club have featured talks, slide shows, panel discussions and films on all phases of gardening and flower arrangements. Particular emphasis has been placed on conservation of birds, wild flowers, trees and soil.

Many specialists have appeared at monthly meetings and spoke on horticulture, soil conservation, minerals, vegetable gardening, landscape planting and planning.

In addition to cooperating with other garden clubs in the area, the Tawas City club has sponsored tours of gardens in the community and other communities of the state, along with sponsoring a fall color tour each year.

Following Mrs. Westcott as president were Mrs. Frieda Ross, 1948-1950; Mrs. Don C. Huey, 1951-1952; Mrs. Westcott, 1953; Mrs. Nita Grear, 1954; Mrs. William Gregory, 1955-1956; Mrs. Geza Nemeth, 1957-1958; Mrs. Elizabeth Holland, 1959-1960; Mrs. Charles VanHorn, 1961.

The Roberts Celebrate 25th Anniversary

The 25th wedding anniversary of Mr. and Mrs. Joseph Roberts was celebrated Saturday, August 26, at the VFW Hall, Tawas City. Mr. and Mrs. Roberts were married August 29, 1936, by the Rev. Fr. Edwin Kirchoff at St. Joseph Catholic Church, East Tawas. Mr. and Mrs. William DeLosh were attendants for the couple.

Silver and white decorations were used throughout the hall. Red and pink roses decorated the gift table. A buffet luncheon was served to the 80 guests attending. Guests were present from Gladstone, Pontiac, Troy, Jackson, Flint, Detroit, Port Huron, Au Gres, Oscoda, Alabaster and the Tawas.

The party was sponsored by Mr. and Mrs. Alton Hill, Mr. and Mrs. Harlin Thompson and Mr. and Mrs. DeLosh.

The Claude Nash family and Mr. and Mrs. John Bolson and daughter of Saginaw were Sunday dinner guests of Mr. and Mrs. Herman Seehase.

Miss Louise Helen Lange of Chicago, Illinois, and Richard Hertzler of East Tawas were married August 19 at First Evangelical Free Church, Chicago.

The bride attended Wheaton College and the University of Illinois. Mr. Hertzler attended Michigan State University and the University of Illinois.

The couple resides at St. Louis, Missouri, where the bridegroom is an engineer for McDonald Aircraft Corporation and the bride will be teaching in the St. Louis area.

Mr. Hertzler's parents are Mr. and Mrs. Herbert Hertzler of East Tawas.

It's Back-to-School Time!

Safety is . . .
YOUR Responsibility,
When in Doubt, "STOP!"

DRIVE WITH CARE!

YOU, nobody but YOU controls YOUR car! If you are involved in an accident . . . if a child is injured or killed . . . YOU are responsible! Remember, children are hasty, unable to exercise judgment it is up to YOU to watch out for them, to be extra-cautious, extra-alert! YOUR judgment as an adult has qualified you for a driver's license . . . so YOU must accept the responsibility for the safety of our children by taking more than usual care, by being always on the alert! You can NEVER replace a life!

★

The first rule of safety is . . . **SLOW DOWN AND LIVE!** Those few extra moments you spend driving slowly may save a child's life, perhaps YOUR own! Be sure your car is in top mechanical condition! Poor brakes and slippery tires can, in an emergency, mean death instead of life! Best of all, learn to understand and obey traffic laws! They were written for good reason . . . in the interest of YOUR safety and the safety of others!

REMEMBER, SAFETY IS NO ACCIDENT!

Indians Crowned Champs of Tawas Knothole League

Crowned champion of the Tawas Knothole League Sunday was the National Division winner, Indians, managed by Jerry Landry. The Indians topped the Braves, American Division winner, 13-3.

Behind the four-hit pitching of

Howard Rollin and Pat Campbell, the Indians breezed to an easy victory by collecting eight hits off the slants of two Braves' pitchers.

The Indians scored three runs in the first, four in the second, four in the third and two in the fifth. The Braves, managed by William Krumm, scored two runs in the first and one in the third.

Top hitters for the winners were Bill Groff and Campbell with two hits each.

Starting pitcher for the losers was Tim Duff, who was followed to the mound by Ron Doak in the fifth inning.

The Indians finished the season with a 14-1 record while the Braves had a 12-2 season total.

St. James Works Out With Grand Rapids JC

Boynton (Bud) St. James, a 1961 graduate of Tawas Area High School, has enrolled at Grand Rapids Junior College and started working out with school's football squad August 21.

St. James was an outstanding tackle for the Tawas Area Braves during his high school days and was selected by The Detroit Free Press as a first team member to its all-state class B team following the 1961 season.

He is the son of Mr. and Mrs. John St. James of Tawas City.

Mio's Big Tree Welcomes Visitors to Oscoda County

The largest native white cedar tree still living on the Michigan mainland has been officially recognized as Big Tree and is ready to welcome visitors to Mio in Oscoda County.

The tree, which probably was growing when Columbus discovered America, was spotted last fall by a fisherman casting for trout along the banks of the Au-Sable River just below the village. Signs direct the visitor to the site.

The giant tree measures nearly 13 feet in circumference—about four feet in diameter. The Michigan Botanical Society confirmed the find, and approved the Big Tree designation.

As such, the cedar takes its place as part of Michigan's forest heritage with the majestic virgin white pine which annually attracts thousands of visitors to nearby Hartwick Pines State Park in Crawford County.

Not unusually tall, the tree is about 100 feet from the water's edge along a heavily fished stretch of the river. Experts speculate that its isolated riverbank location enabled the tree to escape fires that wiped out other trees its age.

100 Years Ago This Week...in THE CIVIL WAR

(Events exactly 100 years ago this week in the Civil War—told in the language and style of today.)

"A SPIRIT OF CAUTION"

Lincoln Raps Fremont's Martial Law Edict

WASHINGTON, D.C.—Sept. 2—President Lincoln today pulled the legal rug out from under the controversial declaration by Maj. Gen. John Charles Fremont of total martial law in Missouri.

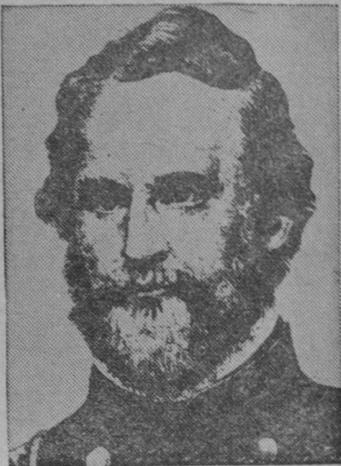

The unpredictable Fremont rocked the nation three days ago with a Ciceronian manifesto in which he:

—Split the state of Missouri in two with an imaginary line.

—Decreed that any person in the northern part of the state caught with arms destined for anti-Union purposes would be "court-martialed and, if found, guilty, shot."

—Threatened to seize the property of anyone "who shall take up arms against the United States or who shall be directly proven to have taken an active part with their enemies in the field."

—Promised that all slaves held by subjects arrested under terms of the proclamation would be "declared freemen." Apparently it was the last promise—the arbitrary freeing of slaves—that the President found most difficult to swallow.

GEN. FREMONT
Rebuked—but Softly

FREMONT'S brief stay in St. Louis has been a stormy one, and visitors from the East have been astonished at the operation of his headquarters.

He has stationed himself and staff in a plush mansion that rents for \$6,000 a month from a relative of his wife, Jessie Benton Fremont, daughter of Sen. Thomas H. Benton of Missouri.

His chief aides are Italian and Hungarians, most of whom were associated with Fremont in the historic treks through the West that earned him the name, "The Pathfinder."

These heel-clicking, gaudily-garbed European mercenaries are in vivid contrast to the dusty, ill-suited, slow-motion hill folk that form the non-rigid backbone of Fremont's force.

Rebels Occupy Columbus, Ky.

CAIRO, Ill.—Sept. 3—Confederate forces have occupied Columbus, Ky., on the bluffs of the Mississippi just south of this strategic Union station.

Aides of Brig. Gen. Ulysses S. Grant, new Union commander here, said the move-in apparently was bloodless.
