## June Term Starts Before Visiting Judge Glennie

Calendar for the June term of Iosco County Circuit Court was read Monday morning before Judge Philip J. Glennie of Alpena. Judge Glennie is sitting in for Circuit Judge Allan C. Miller, who is presiding over the Oakland County Circuit Court this week.

Pre-trial on the petition of Mr. and Mrs. Victor Zaharias to vacate the plat of Huron Gardens Subdivision in Tawas City is to be set sometime after July 5 by Judge Glennie.

Judge Miller, who once served as city attorney here, disqualified himself from hearing the case and Judge Glennie received the assignment.

Also held Monday morning was the public sale of the Tawas Golf Club. Alvin Zaharias entered an upset bid of \$62,000 for the property, the only bid presented to the court.

Zaharias had sold the property to Howard C. Dietzel some years ago and foreclosed on a contract. The sale was to satisfy the balance of principal and interest owned to Mr. Zaharias.

In his decree signed April 21, Judge Miller set \$62,188.66 as the price which Mr. Dietzel could redeem the property from Zaharias, who had assumed possession in April.

## Townline Road Contract to be Awarded June 21

Construction contract on five miles of modernization on Townline Road west from US-23 at Tawas City, including grading and drainage structures, is to be awarded June 21 by the state highway department at Lansing.

This is actually a county road project and will receive 50 percent federal aid in the secondary program. The highway department is acting as the representative of the federal bureau of public roads.

Plans for the project were prepared by the Iosco County Road Commission.

The project is scheduled for completion November 15. County Road Engineer Rodney Meade said Tuesday that the successful contractor would probably start work about mid-July.

## TV Appearance With Badger Costs Local Man \$17.50

A recent television appearance by an Alabaster Township man resulted in a quick trip before a local justice of the peace.

James Smith was fined \$10 and assessed costs of \$7.50 on conviction of having a fur bearing animal in his possession out of season.

Smith was arrested by Conservation Officer Arthur Leitz last week. He had appeared on Mort Neff's Michigan Outdoor television program with a "pet" badger which he had captured about six weeks previous.

Leitz, who was watching the show at his home, said he almost dropped through the floor when he saw Smith and the badger. "Fur bearing animals are protected out of season," he explained.

Leitz said he was called immediately following the program by his district supervisor. A statewide audience was watching, too.

## Sanford Boy Loses Life in Tragic Crash

The start of school vacation ended in tragedy for a Sanford family last Friday.

Daniel Kirby, six-year-old son of Mr. and Mrs. Delbert Kirby of Sanford, was dead on arrival at Tawas Hospital after being struck by a car on a rural road west of Tawas City.

"Danny," his parents, brother and sister came here to spend the week-end with Mrs. Kirby's parents, Mr. and Mrs. Gilbert Shover, who live 1.3 miles west of M-55 on Plank Road.

The Kirby children, along with three other youngsters, were playing in a gully adjacent to Plank Road at the Shover farm.

The boy darted out in front of a car driven by Benjamin D. Clayton, 45, of Hale about 7:45 p. m. He was rushed to Tawas Hospital by ambulance but died en route. Following investigation by Michigan State Police from East Tawas, the driver was released.

Funeral services were conducted Monday afternoon at Bradley's Funeral Home, Midland. Burial was in Midland Cemetery.

## White Withdraws Name from School Board Election

Although five persons have been qualified as candidates to fill two vacancies on the Tawas Area Board of Education, Board President Stuart White announced Monday night that he would not be a candidate in the July 12 election.

White sent a letter to Board Secretary Walter Niles Tuesday formally withdrawing his nominating petition.

Candidates who were qualified Monday night were Waldo Curry, Merton Killip, Bruce Myles and James Campbell. Curry is the other incumbent.

White has been a member of the board of education since his appointment December 22, 1953, to fill the unexpired term of Earl Wight. Since that time, he has been re-elected twice and has served as president since January 1957.

"I have surveyed the list of nominees who filed for the board of education and feel that they are all of good stock," said White. "I have spent eight years on the board and have come to the conclusion that it would be best that I withdraw at this time."

Stating that it would be an opportune time to reorganize the board, White said that he had come to the conclusion that he had some "new blood" would bring new ways and ideas into the board's operation.

He also listed personal and other obligations he could not properly fulfill as reasons for his decision to withdraw.

"I think my fellow members have been fair and cooperative during the past years and I believe it has been a very successful board," said White. "I wish to express my sincere appreciation to the many organizations and individuals who have cooperated and assisted me in the supervisory capacity as president."

White said his withdrawal was a tough decision to reach. "As a board member, one learns new things everyday and can take pride in serving young people and others in every walk of life," he said.

## Tawas City Starts '61 Street Program

A \$6,500 street building program started last week in Tawas City. Before completion, expected about the last week in June, one mile of city streets will be seal-coated.

Supt. of Public Works Reginald Blublitz said Tuesday morning that the 1961 program would differ from past years. It had been the policy to resal streets the second year but this year the work will be all new seal-coating.

Streets included in this year's program include: Fourth Avenue, from Mathews Street to Whittemore Street; Ninth Avenue, from US-23 to railroad tracks; First Avenue, from First Street to North Street; Maple Street, from railroad tracks to German Street.

Also included is River Street, from railroad tracks to North Street; North Street, from railroad tracks to River Street; Second Avenue, from First Street to North Street.

Blublitz said that about half of the total cost of the construction would be for seal-coating.

"In order to get the streets ready for seal-coating the last week in June, a great deal of work will have to be completed in bringing the streets to grade," said Blublitz.

## Tuttle Elected Regional MML Chairman June 1

Mayor George Tuttle of Tawas City was elected chairman of Region IX of the Michigan Municipal League held June 1 at Alpena.

Other officers named were William MacDonald, Alpena councilman, vice chairman, and Allister Hayward, Cheboygan city manager, secretary.

More than 35 mayors, village presidents, councilmen and other elected and appointed officials from league member cities and villages attending the meeting heard sessions on property assessments and general municipal problems.

Region IX comprises the counties of Alcona, Alpena, Cheboygan, Crawford, Iosco, Montmorency, Ogemaw, Oscoda, Otsego, Presque Isle and Roscommon.

## Waives Examination on Larceny Charge; Held at Iosco Jail

A 17-year-old Oscoda man was bound over to circuit court Monday after waiving examination in justice court on a charge of larceny.

Darwin Wagner, who is held at Iosco County Jail in lieu of \$500 bond, is charged with stealing \$140 from the Harold Adams service station at Hale.

Iosco County Sheriff's Department officers said that Wagner allegedly stole the money from a cash register over a period of time.

## FBI Agent Speaks at Law Meeting

Forty-seven persons attended the Monday night meeting of the Northeastern Michigan Law Enforcement Association at the Harrisville Methodist Church.

Following dinner, FBI Agent John Quinn of Detroit presented a program on methods of entry used in burglary of safes.

## Saginaw Father and Son are Victims of Pt. Lookout Fire

A fire roared through a lake shore summer home at Point Lookout early Sunday morning killing a Saginaw man and his son. Two other children and their 17-year-old baby sitter escaped.

Killed were William Symons, 43, and his nine-year-old son, Robert. Symons was a labor relations consultant at Saginaw.

Making their escape from the blazing home shortly after 4:00 a. m. were Mary Symons, 13, her brother, Scott, three years old, and Karen Levi, 17-year-old baby sitter of Saginaw.

Coming here to spend the summer, Mr. Symons and his wife, Barbara, had entertained some Saginaw friends, Mr. and Mrs. Harold Blanchet, at dinner Saturday evening.

Later, the two couples went to the Blanchet home where they played bridge until early morning. Mr. Symons returned home before his wife.

The Blanchets and Mrs. Symons were having a cup of coffee when they learned of the fire. A row of trees and another summer home is situated between the Blanchet and Symons residences and the fire was not noticed by them.

Miss Levi said she awoke to hear the crackling of the fire above her on the second floor where the Symons family slept.

Miss Levi said she ran outside, where she found Mary, who had led her three-year-old brother to safety.

The three Symons children were sleeping on the ground floor of the tri-level frame home which was built on a steep bank overlooking Saginaw Bay. Mr. Symons is believed to have been sleeping in a front bedroom on the third floor.

Arenac County Sheriff Edward Bessinger and Michigan State Police from East Tawas said that apparently Mr. Symons had come downstairs on discovering the fire. They believe he was trying to rescue the children as his body was found at the rear door of the house near a bedroom where Robert died.

Miss Levi told officers that she ran around to the back door of the house once she had made her exit. She said that apparently something was blocking the back door from the inside as she could not open it.

She said that she heard Mr. Symons say in a normal tone of voice, "I can't get out this way." He then began to pound on the door and police believe that the flames had trapped him in the hallway.

Miss Levi also heard the screams of Robert, who was trapped in his bedroom, but the girl was unable to go to his rescue.

A neighbor, Robert Grant, whose summer home is located adjacent to the Symons, told officers he was awakened by a light shining in his bedroom. Getting up to investigate, he saw the flames and immediately aroused his family and notified the AuGres Fire Department.

Grant then went to the Symons home and learning from Miss Levi that Symons was still in the hallway, attempted to force the door open. He was unable to do so and it was only until another neighbor, Dr. R. J. Bordeau, arrived that the two men were successful in battering down the door.

Once the door was opened, however, the two men were forced back by a wall of flame and smoke.

AuGres firemen responded quickly to the call but they were unable to enter the building to rescue the two victims as the fire was beyond control. Firemen then devoted their efforts to saving the Grant home, which by this time had caught fire and was badly scorched.

Bodies of the two victims were recovered about 7:30 a. m. by firemen, sheriff's officers, state police and Clare Forshee, Arenac County coroner.

Although the exact cause of the fire is undetermined and may never be learned, officers and firemen said that the blaze apparently started in the upstairs bedroom in which they believe Mr. Symons had been sleeping.

Both Mrs. Symons and Miss Levi said that Mr. Symons had been doing some electrical work in the bedroom on Saturday.

## Promote Program for July 4 Observance Here

Plans for promoting a comic kids and pet parade at the Tawas City Park as a preliminary to the July 4 fireworks display will be presented at the Thursday noon luncheon of the Tawas City Businessmen's Association. Anyone interested is urged to attend.

## All's Quiet Along Fishing Front

All's quiet on the fishing front, at least with unknown net slashers and commercial fishermen.

Quite a stir was created last week when commercial fishermen from Oscoda reported that several boxes of gill nets had been destroyed on the outer rim of Tawas Bay.

Conservation Officer Jack La-Fear of Oscoda said that the nets were definitely slashed by knives, but had no leads as to the persons responsible.

He warned that anyone convicted of damaging commercial fishermen's nets could be fined \$500, jailed for six months, or both. Anyone convicted could also open himself to civil damage suits.

Setting of nets across the mouth of Tawas Bay has been a point of controversy here for several months. Resort operators and sports fishermen have complained to the chamber of commerce that these nets were preventing fish from entering the protected waters of Tawas Bay.

Petitions were circulated by resort operators in the Oscoda and Tawas areas to have the state law amended to force commercial fishermen to place their nets in deep water.

Commercial fishermen have entered into a gentlemen's agreement whereby they would keep their nets in at least 15 feet of water and three-quarters of a mile offshore after June 15.

The nets slashed last week were set in about 35 feet of water. After the slashing incident, commercial fishermen moved their nets to the waters around Charity Island. Although it is believed to have no connection, hook and line fishing improved in Tawas Bay this week.

## No More Pencils, No More Books . . .

SCHOOL'S OUT—These elementary pupils at the Tawas City unit are happy about the coming of summer vacation, judging from the expression on their faces above. They are pictured as they streamed out of school last Friday morning with report cards and books in hand. A slow shutter speed was used in order to catch the action as the youngsters dashed out the doors. Standing in the background are Principal Emma Sloan and elementary teachers, Mrs. Clyde Evril, Mrs. Carl Schaaf and Miss Viola Groff, who probably welcome the vacation, too.—Tawas Herald Photo.

## Businessmen Invited to See Chapel Lake Film

Businessmen and women of Iosco County were invited this week to attend a preview of a color motion picture of the 1961 highlights at Chapel Lake Indian Ceremonials, nine miles west of Tawas City on Plank Road.

According to an announcement by the Rev. O. James Crews, director, the film will be shown at Chapel Lake Stadium Tuesday, June 20, 9:00 p. m.

"This showing is to advance area tourist enthusiasm," states Mr. Crews. "If we know what we have and use it, it means more business."

The color film was taken by Dennis Glen Cooper and was presented recently on "George Pierrot Presents" over WWJ-TV, Detroit.

The showing is not open to the general public. Mr. Crews urged businessmen to bring their employees.

## BUTTERFIELD RECEIVES MASTER DEGREE

## MARINE EDUCATIONAL CARTOON STARTS TODAY

A new marine educational cartoon series by Capt. Fred E. Lawton, sailing master of the America's Cup championship yacht, Columbia, begins today for boating readers.

Entitled "Capt. Fred's Log," the weekly cartoons will offer helpful hints to increase your boating safety and fun throughout the season.

Captain Lawton, a master mariner for more than 30 years, has also captained such famous yachts as Vim, Bolero and Figaro. An expert in the marine safety field, he is director of marine safety and educational aids for Raytheon Company in Lexington, Massachusetts. He was recently featured as "Boatman of the Month" by Popular Boating magazine for his contributions to boating safety.

A popular speaker before boating groups across the country, Captain Lawton sailed Bolero when she set the record for the best time ever recorded on the island run. During World War II, he skippered navy destroyer escorts.

### The Upper Room

THE UPPER ROOM, NASHVILLE, TENNESSEE

Read Luke 12:41-48

The Lord said, Who then is that faithful and wise steward, whom his lord shall make ruler over his household? (Luke 12:42)

If we are not experiencing the blessings of Christian stewardship, we have missed the essence of Christianity. Jesus instructs us in becoming better stewards.

I recall seeing a woman so crippled that she had great difficulty getting about. I saw her sweeping snow from the church walks. Here was a person who loved the Lord so much that despite her handicap, she offered her willing hands in service.

This is the kind of dedication which will be rewarded. The sacrificial gift is the one most precious in God's sight.

This type of steward will be the one of whom the Lord says, "Well done, good and faithful servant; thou hast been faithful over a few things, I will make thee ruler over many things; enter thou into the joy of thy Lord."

## PRAYER

Dear Lord, we thank Thee for the blessed opportunity of stewardship. Help us joyfully to fulfill our responsibility as Christians. In the name of Jesus, who taught us to pray, "Our Father who art in heaven... Amen."

MANY OF US who have watched the satellite Echo move across the night sky realize that the project gave America a clear lead in space communications. However, the longer we delay in setting up the first satellite system, the more we risk losing our lead.

The Bell Telephone System has offered to build and pay for experimental satellites. It is willing to pay for their launching and for the ground stations in the U. S. (Foreign ground stations would be owned by foreign communications agencies.) There would be no cost to the taxpayer.

The Bell System's interest in space stems from the fact that a space communications system would be a natural extension of networks used in providing service to the public today. Bell seeks no monopoly and does not wish to exclude other international carriers either from establishing satellite communications systems or from sharing use of the system it proposes. This system would be operated under government regulation just as today's communications systems are operated.

What could offer a better means to serve the public's interest in a broader communications network for tomorrow!

**EVER WONDER** how a telephone lineman knows the safety strap he wears when working atop poles is dependable? Like all equipment our people use, the straps must meet rigid standards. Nothing is left to chance. These safety straps are made of several layers of tough fabric. When the outer layer wears thin, the contrasting color of the next layer shows it's time to get a new belt. A small thing—but one reason why telephone people are six times safer than those in most other industries.

# 100 Years Ago This Week...in THE CIVIL WAR

(Events exactly 100 years ago this week in the Civil War—told in the language and style of today.)

## 7th Illinois Group Gets New Leader

### Grant, Obscure Galena Clerk, Arrives in Mufti to Take Over

SPRINGFIELD, Ill.—June 16—Col. Ulysses S. Grant of Galena, Ill., arrived here today to take command of the state's 7th district regiment, which awaits a call to federal service.

Grant, a U.S. Military Academy graduate and former regular army officer, was commissioned only yesterday by Illinois Gov. Richard Yates.

Since the beginning of the war with the South, Grant had been clerking in the governor's Springfield office at \$2 a day, processing the flood of new soldiers joining the Illinois volunteer army.

His arrival here was as un-distinguished as it was unexpected.

Accompanied by a friend, John E. Smith of Galena, Grant went by horse-car to nearby Camp Yates, wearing a worn, shabby coat and a dented plug hat.

Troops at the camp—mostly raw volunteers, frankish and undisciplined—greeted his appearance with horseplay and catcalls.

But the quiet, forceful Grant soon shut them up and began enforcing what he termed "regular army discipline."

GRANT resigned his captain's commission in the regular army seven years ago while stationed at desolate Fort Humboldt, in northern California.

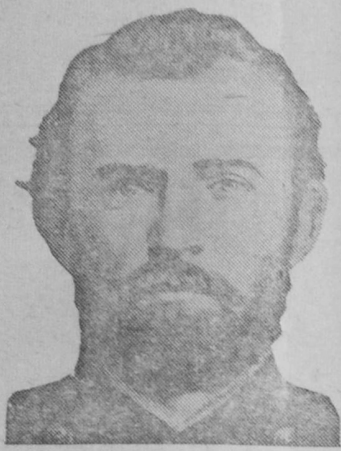

Since 1854 he has drifted around the midwest, failing as a real estate dealer in St. Louis and failing again as a farmer.

He finally settled in Galena and was helping his father Jesse run a leather goods store when the war began and he went to Springfield.

IN THE hectic days immediately after Fort Sumter, Grant aided in forming a company of volunteers in Galena, but did not join them when they mustered in.

During the Mexican War Grant served as a quartermaster. From the appearance and equipment of the ragged troops whose leader he became today, his skills in that field will be sorely needed.

### FROM LYON'S DEN

## Missouri Chief, Aides Forced to Go South—Fast

JEFFERSON CITY, Mo.—June 15—Union troops led by Gen. Nathaniel Lyon today hounded Missouri Gov. Claiborne Fox Jackson and his staff out of this capital. Lyon's force of some 2,000 chased the chief executive and his 200-man guard to Booneville, routed a force of some 1,300 Missouri militiamen there, and sent the entire group southward at a run.

The action followed a meeting earlier this week between Lyon and Jackson in St. Louis at which Jackson challenged the rights of federal troops to occupy Missouri.

JACKSON reportedly contended that Missouri was a neutral state and that neither northern nor southern soldiers should be permitted within its borders.

To this, the fiery, short-tempered Lyon reportedly asserted he would not be "dictated to" by the state. The conference adjourned abruptly at that point.

## LEGISLATIVE REPORT

It has been said that a legislative session should be judged, not by the number of laws it makes but by the number that it discards, after study and debate on bills that are introduced. By this yardstick, the 1961 session of the Michigan Legislature would certainly measure up well, for it had a record number of bills introduced, both in the house and senate but added few new laws, most of the legislation passed was to revise or clarify present statutes.

Six hundred eighty-one bills were introduced in the house, together with 33 joint resolutions and 65 concurrent resolutions. All of these items were considered in committee, where some of them were killed but most of them were reported to the floor for the consideration of the entire house. Of this huge assortment of bills, 104 were approved by the house and sent to the senate, where they also were approved. Thirty-one of these measures were given immediate effect by the house.

While the house was busy with the bills, the senate had 395 bills introduced, 10 joint resolutions and 64 senate resolutions. Forty-four of these measures were approved in the house. Many measures were in conference committees during the recess between May 12 and June 8. Out of the whole thing, there will be something less than a half-dozen new laws.

It is easy to jump to the conclusion that the legislature is not working hard. Most of the real work of the members is done in committee rooms, often without comment by press or other news media, of the long hours of study, holding hearings and then discussion by members of the committee, before bills are released for action by the entire membership. Without this exhaustive study and work, legislation would be impossible and the feverish activity which would result if all of this were to be done on the floor, might to the initiated, be considered work and activity, the net result would be chaos.

It is always interesting to those in the galleries, when there is a lively debate on the floor of the house and often visitors probably wonder why so many of the members appear to be doing everything but paying attention to what the speaker is talking about. We soon learn that such oratory produces far more noise than light about any of the subjects. Any member who is anxious to serve both his state and his constituents has already studied the committee reports and is not being misled by the floor debates.

Some of the measures that brought out lively debate on the floor during the present session were bills to set up new unemployment compensation rates, together with changes in the present law to clarify the intent of the legislature, which would have repealed the supreme court de-

cision in the Ford-Canton case and would have set new standards which would have compelled those whose employees were a heavy drain on the fund, to pay a higher rate. Another measure that brought lively debate and it had bi-partisan flavor, was a bill that would have allowed cities and other local government to set up an income tax. What brought out the oratory was an amendment that would have

prevented collecting from people living outside their corporation boundaries, although they may have been employed in the city. We had quite a flurry over the action of the governor in ordering the state police to stop sponsoring the showing of the film, "Operation Abolition," and its companion film, both dealing with communist activities in this country. How to regulate milk prices to stop use of milk as a "loss leader"

in the state's big supermarkets and a bill to give the state's potato growers the machinery to get better quality of Michigan potatoes for market, also brought out considerable discussion.

## Band Program Announced for Summer Series

Summer program by Tawas Area High School Band was announced this week by Edward J. Rima. Any person who wishes to play should contact Mr. Rima, FO 2-2381 or FO 2-2304, for an audition.

First rehearsal will be held Monday, July 3, 7:00 p. m., at the band room. The band will present its annual July 4 concert this year at the Tawas City Park.

Rehearsal will be held Monday, July 10, and a concert will be held at the Tawas City Park July 13.

On July 17, a rehearsal is scheduled at the band room with a concert to be held July 20 at the East Tawas State Park.

The Tawas band will take part in the Gladwin centennial parade scheduled Saturday, July 22.

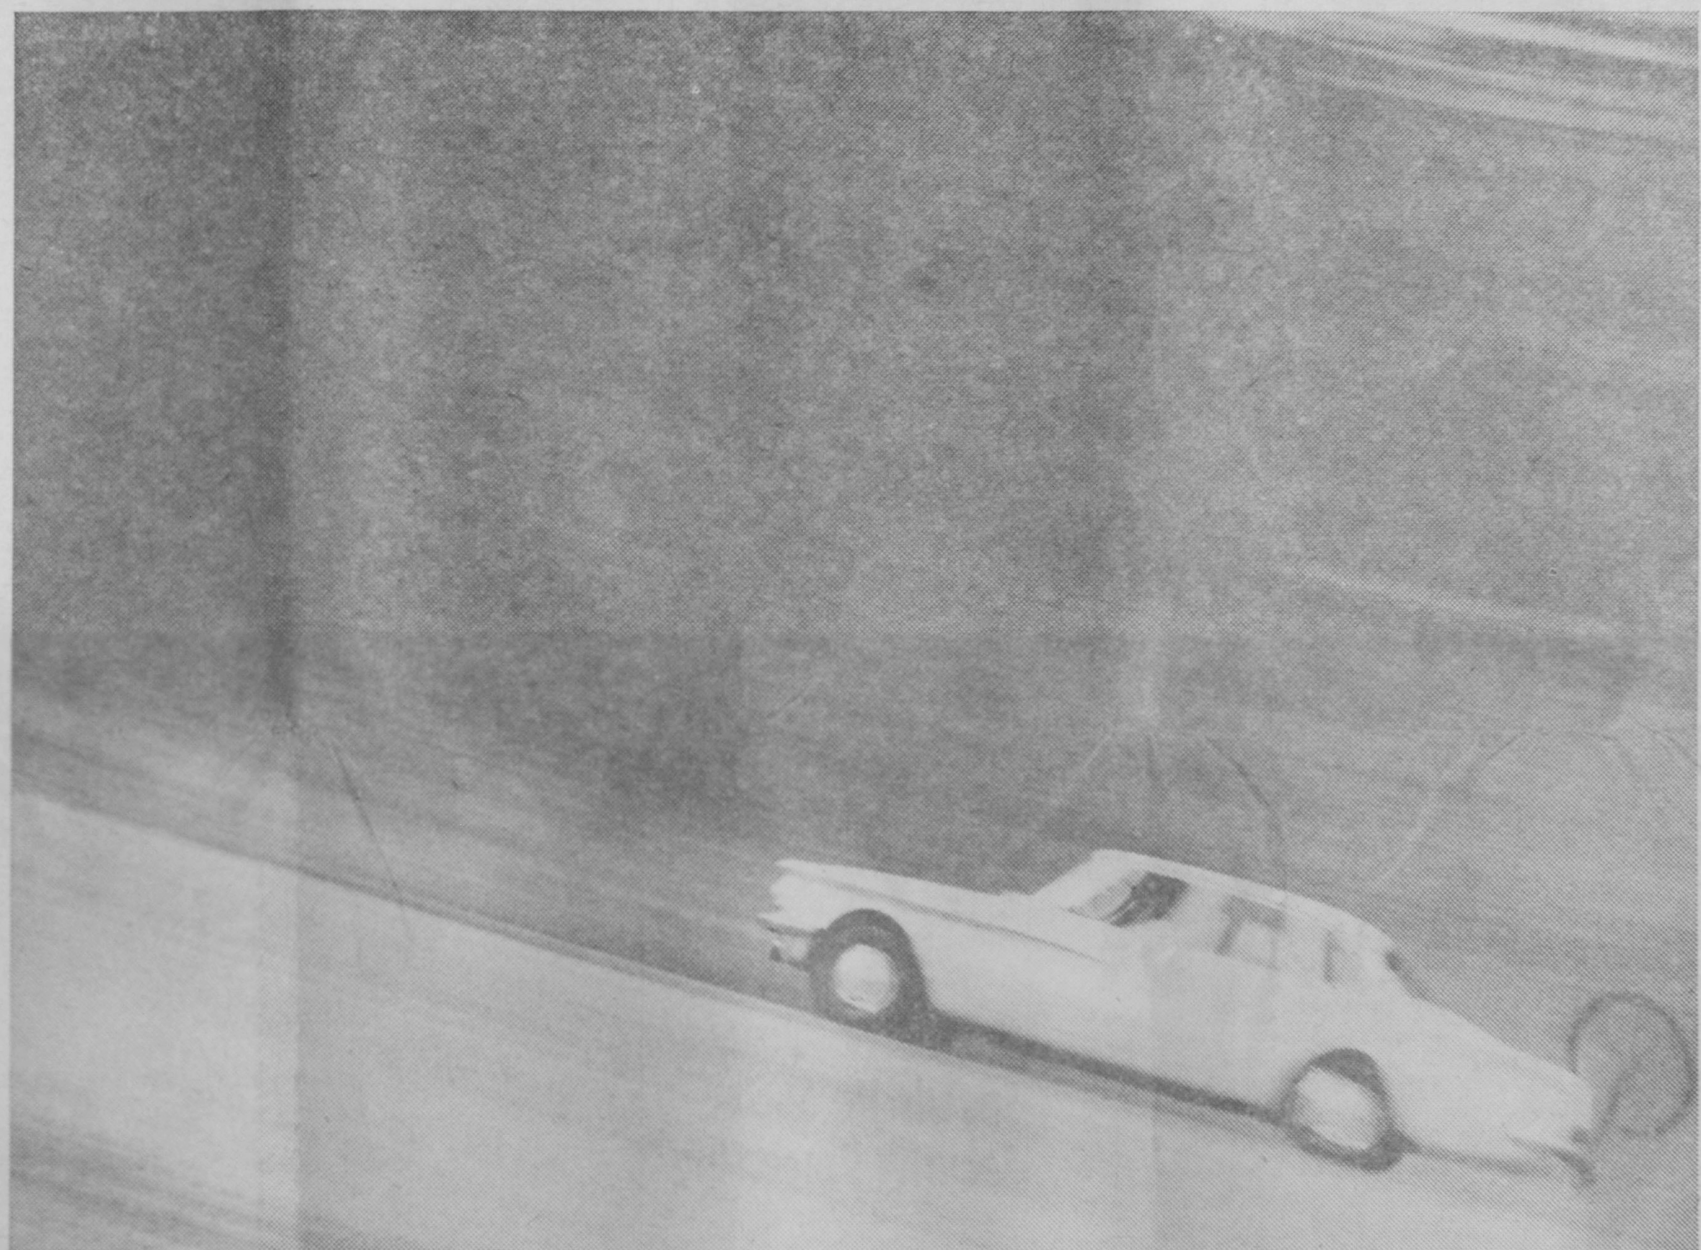

Rehearsal will be held July 14 and the season's final concert will be held July 27 at the East Tawas

Park. This will not end summer band activities, however, as the band will participate in the parade at the annual Iosco County Fair to be held at Hale Saturday, July 29.

All rehearsals will last about 1½ hours. Concerts will be about one hour long. "Let's be prompt for all rehearsals and performances," urged Mr. Rima. "The success or failure of any performance depends on your complete cooperation."

Shell experts test for knock by accelerating up steep grade. In another test, that "fifth wheel" in the back is lowered onto the road to measure mileage precisely.

# TOP PERFORMANCE:

Shell test crew reveals five ways to test your car for top performance—and how the 9 ingredients in today's Super Shell can help you get it

To John Baker and John Watson (below) of Shell Research, top performance is a scientific standard. They measure it with precision instruments. But any good driver can run a version of their basic tests. Here are five they recommend.

### Test #1. Quick starting

Count the seconds it takes to start your car. The engine should "snap to" in about two to three seconds. A slow start drains your battery. And it may flood your cylinders, causing performance troubles.

If your engine is balky, try Super Shell. It's blended with a frisky ingredient called Butane—

to give you quick, easy starts.

### Test #2. Smooth running

Pay close attention to your engine in traffic. Does it vibrate roughly when you stop for a traffic light? Does it seem to "surge" as you pull away, then falter and fade?

The problem may be the wrong blend of gasoline.

In summer, for example, excessive heat can make winter grade gasoline bubble in the fuel line. Bubbles can interfere with the flow, causing rough running.

Shell scientists don't let that happen with Super Shell. When hot weather threatens, they adjust Super Shell's 9-ingredient formula to give it the correct volatility for smooth summer driving.

### Test #3. Reserve power

On a turnpike, in light traffic, accelerate suddenly from about thirty miles an hour to the legal limit. Now ask yourself:

1. Did your car accelerate smoothly—with no faltering, no bogging down?

2. Do you have plenty of power to spare?

If you feel you've "run out of engine," it's time to do something about it.

Super Shell may be your answer. It contains TCP,\* to help restore power lost to combustion chamber deposits.

And another Super Shell in-

redient, called Platformate, contains components that release 11 per cent more energy than even the finest of 100-octane aviation gasolines.

### Test #4. Knock

Accelerate up a long, steep hill and listen carefully. If you hear a sound like marbles falling into an empty oil drum, you've got knock. It could cause engine trouble.

Take no chances. Switch to Super Shell. Its formula includes no less than three ingredients to fight the various causes of knock.

### Test #5. Miles per gallon

Don't trust your fuel gauge when you measure miles per gallon. Take these three simple steps and be sure.

1. Start your test by filling your tank. Make sure the gasoline comes up to the brim. Write down your mileage reading.

2. Drive in your normal manner for at least three tankfuls—

keeping a record of the exact amount you buy.

3. Finally, fill your tank to the brim again. Add up all the gallons you've bought (not counting the initial fill-up in step 1.) Divide this amount into your total miles driven. This gives you your miles per gallon.

Try this test with three tankfuls of Super Shell. You'll see what top performance really is.

A Bulletin from Shell Research—where 1,997 scientists are working to make your car go better and better.

**Super Shell's 9 ingredients for top performance**

Super Shell now contains 2 octane boosters, 1 mileage booster, 1 quick-start component, 1 anti-knock ingredient, 1 anti-rust preventive, 1 anti-stall ingredient, and new, improved TCP. These nine ingredients all work together to give your car top performance.

\*Trademark for Shell's unique gasoline additive. Gasoline containing TCP is covered by U.S. Patent 2889121

### ELIGIBLE TEACHERS MAY APPLY FOR SOCIAL SECURITY

All teachers eligible for social security benefits may apply for compensation for the summer months, the research division of the Michigan Education Association announced.

Any woman teacher aged 62 or over and any man teacher aged 65 or over who has met the work requirements for social security

is advised to contact his local social security office at once to apply for such benefits during June, July and August.

Teachers who qualify may be eligible even though they are paid on a 12-month basis since they earned the money during the school year.

The research division's findings are confirmed by the Lansing social security office.

## Joint Educational Meeting to Better Serve Educators

A move destined to better serve the educational needs of the State of Michigan comes with the announcement of the first joint annual convention of the Michigan Association of School Boards and Michigan Association of School Administrators to be held in Detroit's Cobo Hall September 14-16.

Frank Zeiler, MASA president, and Earl H. Place, MASA president, explained that their respective groups, meeting jointly for the first time in the state's history, will enter into an exchange of ideas on the latest information,

the area of 5,000 school board members from all parts of Michigan as well as some 800 school administrators and other personnel from among the state's school districts.

The exhibits and business meetings will be conducted at the ultra-modern Cobo Hall in the heart of Detroit's waterfront development. The Pick-Fort Shelby Hotel has been designated as convention headquarters.

Complete details on all phases of the convention and concurrent exposition are available through Wood, who may be contacted at 830 West Vernor Highway, Detroit 1, or call Woodward 2-1436.

Techniques and materials in the educational field with the avowed result of "doing a good job even better for the people of the State of Michigan." They have named R. George Wood, a 25-year veteran in the convention-exposition field, as convention manager.

## Mobile X-Ray Unit in County June 20-30

The mobile X-ray unit will be in Iosco County on June 20 through June 30, announces Dr. E. A. Hasty, director of Public Health District No. 2.

The unit will be at Whittemore on Tuesday, June 20, 10:00 a. m. to 12 o'clock noon and 1:00 to 7:00 p. m.; Wednesday, June 21, at Hale, 12 o'clock noon to 6:00 p. m.

Oscola will be visited June 22-23, from 2:00 to 8:00 p. m. on Thursday and 9:00 to 12 o'clock noon and 1:00 to 6:00 p. m. on Friday.

The unit will be at the East Tawas community building during the week of June 26-30. Hours are as follows: Monday, 2:00 to 8:00 p. m.; Tuesday, 9:00 a. m. to 12 o'clock noon and 1:00 to 6:00 p. m.; Wednesday, 11:00 a. m. to 4:00 p. m. and 5:00 to 8:00 p. m.; Thursday, 9:00 a. m. to 12 o'clock noon and 1:00 to 6:00 p. m.; Friday, 9:00 a. m. to 12 o'clock noon and 1:00 to 4:00 p. m.

Every adult should have his chest X-rayed once each year, states Dr. Hasty. If this were done, tuberculosis would soon be eradicated.

Diabetes testing in this program is made from blood tests taken at the unit. The tests reported are no positive diagnostic tests but screening tests that are presumptive of diabetes. All tests found above the accepted level will be referred to the patient's family doctor for evaluation and definite diagnosis.

## BUCKET SEATS ALONE DO NOT A MONZA MAKE

■ Gee! ■ Little did we know, when we introduced the Corvaair Monza last year, that we were starting a Big Thing. We just thought it would be pleasant if you could buy a car that treats you, the driver, like you want to be treated. ■ The bucket seats, of course, are the most obvious evidence of our desire to please you. But they're not the most important thing. No sir. What's really vital is the way a Monza handles—something nobody in the U.S. has yet copied. Or can copy. Because Corvaair is the only rear-engine car made in this country, and you know what that means: steering light as thistle-down. (You even park this one more easily, it steers so briskly.) Beautifully balanced braking—the car stays level even under panic braking, which we hope you'll never have to do. Traction and more traction, so you don't become a stick-in-the-mud. The kind of cornering that's sheer joy to experience. ■ You get more: a fully independent suspension that blots out road shocks before they can ruffle you. Clean, crisp styling. Thoroughgoing economy, from purchase price to operating cost. ■ You're not going to be satisfied with bucket seats alone, are you?

## Marriage Vows Spoken at Saginaw

Miss Leona L. King of Saginaw became the bride of Kenneth J. Thibault Saturday afternoon before the Rev. Harold Molzahn in Bethlehem Lutheran Church, Saginaw.

A daughter of Mr. and Mrs. Daniel G. King of Saginaw, the bride selected a silk taffeta gown fashioned with a fitted bodice, scoop neckline and a full length skirt which cascaded into a chapel train. A crystal crown held her imported illusion veil. She carried a cascade of white roses and lilies of the valley.

Miss Suzanne Loeblein, maid of honor, and Misses Ruthanne Boelter and Marjorie Sherman, bridesmaids, wore ice blue nylon organza over taffeta gowns. They carried cascades of pink carnations and roses with lemon leaves.

Susie Birchmeier was her cousin's flower girl. Another cousin, Jerome Nizinski, was ring bearer.

Douglas Mallette was best man. Donald Free of Whittemore and Edward Free of Tawas City, bridegroom's cousins, and William King and Michael Fox, cousins of the bride, seated the guests.

The bridegroom is the son of Mr. and Mrs. Kenneth A. Thibault of Tawas City. The newlyweds, who greeted 250 guests at their reception in Coffman's, will live at Chicago. The bridegroom is stationed at Great Lakes Naval Training Station.

## Feature Article on Ferris Lists Tawas Girl

A recent feature article in the Grand Rapids Press told of the many changes in Ferris Institute's trade and industrial division. The most noticeable change probably has been in the ever-increasing number of coeds within the department.

Numbered among the trade and industrial division's coeds is Sara Prescott, 20, daughter of County Clerk and Mrs. George Prescott of Tawas City.

Sara, a senior, who is studying to become a printer, is helping earn her way through college by working as a Linotype operator for a Reed City newspaper.

Only one other girl has earned a printing degree at Ferris. Sara will graduate in August.

## 17th Annual Iris Show June 18 at Fairview

"Around the World with Iris" has been chosen the theme for the 17th annual Northeastern Iris Show June 18 at the Fairview High School Gymnasium, announced Hazel Cook, publicity chairman.

Mrs. George Margon of Flint will judge the tall bearded iris and Mrs. Arthur Valentine of East Tawas will be judge for flower arrangements.

Entries are free and a person need not be a member to enter. All entries must be submitted by 11:00 a. m.

Divisions for the show are Oriental Poppies, Siberian Iris, Day Lilies, Aril Iris and their hybrids.

## TC Garden Club to Tour Lawe's Garden

Lawe's Iris Garden at Whittemore will be toured Wednesday, June 14, by the Tawas City Garden Club. The group will leave from Tawas City Hall at 1:30 p. m. For the June 8 meeting, the group visited the Abitibi Plant at Alpena with Gordon Hatch as host. Lunch was served to the 21 members and guests attending at Tubby's Restaurant preceding the tour.

TAWAS CITY, MICHIGAN

# Indies Win 7 to 6 in 11 Inning Duel

Two 11th inning doubles gave Tawas City a 7-6 victory over Melita Sunday in a slam-bang overtime duel in NEM League play.

The game, first to be played on the local diamond this year, saw Right Fielder Bill DeLosh connecting for his fourth hit of the afternoon and Manager-First Baseman Jerry Gracik countering with another double to drive DeLosh home with the winning run.

Up to that time, the two teams had been deadlocked at 6-6 after Tawas City came from behind to tie the score with one run in the seventh inning.

It was an uphill struggle all the way for the locals as Lefty Herm Rollin, who went the distance, was touched for six ringing hits in the first five innings. Coupled with four errors in the field and several glaring mistakes which cannot be marked in the book, Tawas City trailed 6-3 at the end of five innings.

After that, however, Rollin settled down and Melita was able to get only three balls out of the infield, two of them being outs to the fielders and the third an 11th inning single, which went to no avail.

Opposing him on the mound was Basil Sheperd, whose "junk" pitches have confounded NEM batters for years. The slender right-hander was touched for 16 hits, however, as Tawas City batters continued their rampage with the hickory.

The locals now have 76 hits in six games and need only a tighter defense to overcome their two losses registered so far this year.

Over the 11 innings, Rollin allowed seven hits, walked two batters and struck out eight. Sheperd walked two and struck out six.

Top batter of the day was DeLosh, who broke into a starting position for the first time Sunday. He had two doubles and two singles in five trips. Gracik had two doubles and a single and Ken Blust had three singles to follow for top hitting honors.

R. Gratopp was the only Melita player to get more than one hit. He had two singles.

This Sunday, Tawas City will play host to its cross-town rival, East Tawas, at the local diamond.

## ET Shuts Out Comins for 6th Straight Win

Behind the six-hit pitching of Pete Bolen, the East Tawas Indies posted their sixth win of the season Sunday, shutting out Comins, 6-0, on the winners' home field.

East Tawas jumped to a two-run lead in the first inning when D. Green, losing pitcher, walked the first two batters who faced him. After retiring the next two batters, Sanders doubled to score both runs.

After that, East Tawas had its own way, scoring two in the third and two in the fourth.

Jordan and Martin were top hitters for the winners, each banging two hits. Jordan had a double while Martin came up with a seventh inning triple.

Bolen, who struck out nine and walked four, had good support from his mates. Only one error was charged against the winners and they came up with three double plays during the nine innings.

East Tawas will place its undefeated record on the block when it meets Tawas City this Sunday.

**WHITTEMORE GRANGE MEETS**  
Members of Whittemore Grange met on Monday evening for their regular meeting with Master John Cobb presiding. A scrambled flower game was played with Mrs. Anna Thompson and Sterling Cataline as the winners.

TAWAS CITY received delivery on its new police patrol car and Chief George Ruth is shown here with the new car in front of the city hall. Motorists will have little trouble in identifying the patrol car—it is painted "fire truck" red with black trim. "Several people have asked why such an easily identifiable color was used for the patrol car," said Ruth. "The reason is rather apparent when one realizes that a patrol car is on the highway to warn motorists to slow down and take it easy, not just to apprehend speeders. They will be able to see us coming in this one." The Tawas City car is equipped with two-way radio operating on the Michigan State Police network. The chief has a monitor radio in his home to receive calls when off-duty. He can be reached easily by phoning the state police post at East Tawas, who will relay the call by radio.—Tawas Herald Photo.

# BOB'S GOSSIP COLUMN

Hi, ho, I have returned, along with summer. Speaking of summer brings to mind the story about the lady that was so big that whenever she went swimming, she was launched with a bottle of champagne. As the summer got hotter, the more swimming she did and the more champagne she used, of course. She could afford being launched with champagne because she used the money she saved by getting her quality furniture at Bargain Town.

Say, what did you think about that rain we had last week? I stopped by Bargain Town after the storm. The water was so deep around the door Stan didn't know what to do. But I cheered him up with this short verse—"Let the old man fight, the kids drown, while you shop at Bargain Town."

## COUNCIL PROCEEDINGS

Meeting of the council held at the City Hall May 15, 1961.

Meeting called to order by Mayor Tuttle.

Roll call: Cabbie, Davis, Evril, Hatton, Murray, Wegner and Attorney Jerry Cotter.

Minutes of the previous meeting were read and approved.

The following building permits were read to the council by Supt. Reginald Bublitz: Mrs. Ella Startzman, 229 Fourth Avenue, 639 addition, at an estimated cost of \$200.00; Mrs. William DeLosh, 218 Wheeler Street, remodel home, \$900.00; Frank Byrd, 219 Second Avenue, tool shed, \$200.00. Approval of permits made by Superintendent Bublitz.

George Ruth was present and gave the report of the police violations for the month of April.

Motion by Evril and supported by Murray that the report of the chief be accepted as read.

Attorney Cotter was present and presented a chart of the subdivision of North Park Acres and Huron Gardens. He pointed out that property which is requested by the owners to replat and change two streets. The council authorized Attorney Cotter to write the parties concerned and explain the views of the council on their decision.

A letter received from Mr. Korthals in regard to the acceptance of the position as electrical inspector for the City of Tawas City. Mr. Korthals is to be present at the next meeting and go over the ordinance now in use in the City of East Tawas and adopt the same in our city.

Motion by Cabbie and supported by Davis that the clerk write a letter to the FCC, Washington, Mr. Minnow, in regard to the retaining of WIOS Radio Station in the community as a needed public service.

Mayor exchange day is on May 22, 1961, and the banquet to be served at Vic and Zels. It is requested that all members and elected officers of the city and their wives attend. Several places of interest are being scheduled to take the visiting mayor on tour.  
No other business, meeting adjourned.

The Board of Iosco County Road Commissioners met for their regular meeting. Meeting called to order by Chairman Curry and upon roll call present: Commissioners Nunn, Aulerich and Curry all Engr. Meade, Supt. Henry and Attorney Harvey. Minutes of previous meeting read and approved.

Moved by Aulerich seconded by Nunn that we purchase one Dodge Phoenix car and one International Travel All from the Otawa Equipment Company. Price of the Dodge to be \$1,494.00 and the Travel All \$2,683.43. Yeas Nunn, Aulerich and Curry. Motion carried.

Harold Dorsey came before the Board with "AuSable River Forest" plat for acceptance. It was decided that before it could be accepted that we must have a drainage easement through it. Mr. Dorsey also discussed a proposed plat on Long Lake.

Moved by Nunn seconded by Aulerich that we accept the plat of Norway Pines in Oscoda township. Yeas Nunn, Aulerich and Curry. Motion carried.

The deligation (Funk-Lockhart and Cross) of the hourly employed persons came before the Board for decision of hourly raise. They were advised that they could accept a 5 cent hourly increase. The deligation will again come on June 7, 1961.

Moved by Nunn seconded by Aulerich that we sign the plans for the construction of the Town-line road, Project No. 35-38. Yeas Nunn, Aulerich and Curry. Motion carried.

Moved by Aulerich seconded by Nunn that we accept the plat of Green Woodland Acres No. 2, Oscoda township. Yeas Nunn, Aulerich and Curry. Motion carried.

A letter from Colonel Hudson requesting speed limit signs be placed on Old 171 was received. Steps are to be taken to instigate this speed limit.

Moved by Aulerich seconded by Nunn that the bills and pay rolls in the amount of \$19,501.94 be allowed and warrants written for the same. Yeas Nunn, Aulerich and Curry. Motion carried.

Upon motion supported and prevailing, the board adjourned.

Clarence Curry, Chairman  
Lois F. Kobs, Clerk 24-1b

WORK IS PROGRESSING RAPIDLY on the 400,000-barrel terminal of American Fuel Oil Company at Harrisville. When completed, this huge installation will serve Wurtsmith Air Force Base at Oscoda. The company has received permission from the Michigan Department of Conservation to construct unloading facilities in Lake Huron for lake carrier transportation. A pipeline will move fuel from the ships to the terminal. The top picture shows Clifford Curry, left, resident engineer for Dwyer and Kite Construction Engineers, Kansas City, Missouri, and E. H. Force, right, superintendent for General American Transportation Corporation, Chicago, Illinois, contractor for constructing the tanks. Five huge storage tanks are being constructed north of Harrisville on US-23. Each tank, pictured at top in the background, holds 80,000 barrels of fuel. About 30 men are working on the tanks, which are being constructed of three-quarter inch plate. The tanks will have a floating roof. The pictures below show two welders framed in a tank aperture at left and at right a section of plate is being installed on a tank. The terminal is expected to be ready by September 1. —Tawas Herald Photos.

## Eligible Peacetime Vets' Children May Receive VA Aid

Children of deceased peacetime veterans may find that they are eligible for orphans' educational assistance, R. M. Fitzgerald, manager of the Veterans Administration Regional Office, Detroit, said today.

A little known provision of the war orphans' law permits VA educational assistance in the event the child's veteran-parent died of disease or injury incurred in or aggravated in line of duty during active service.

Mr. Fitzgerald explained that the law had originally restricted this aid to children whose deceased parent had served during World War I or the Korean Conflict. The law has been expanded to include the "induction period." Several applications under the new law are scheduled for counseling.

VA is authorized to pay \$110 monthly to eligible orphans who take full time courses for up to 36 months of school attendance beyond high school.

Some 600 Michigan students are expected to receive this aid when the fall college term starts, Mr. Fitzgerald said.

## What Grows Goes By Truck!

Like Michigan's factories, offices, shops and homes, her important farming industry depends on motor transport. Trucks play a vital part in getting crops planted, cared for, and harvested—and they are the means by which the harvest gets to market. For example, nearly 90% of fruits and vegetables moving into Detroit come directly by truck. And this is relatively true of other cities throughout Michigan. . . In addition, virtually all farm products travel by truck at least part of the way to market. So you see how very much the dynamic farming industry relies on the trucking industry in this great State of ours.

### Transferred to Blissfield Post

Cpl. Edsel Duvall, who has been stationed with the Michigan State Police Post at East Tawas since October 1956, is being transferred to the Blissfield post effective July 1.

Replacing Duvall here will be Cpl. Wilbert Treichel, who transfers from the Bridgeport post.

Duvall, who came here from Lansing, has been a member of the state police since September 1940. He has three children, Sharon, Wayne and Edsel Jr.

The new corporal entered the state police in 1948 and served at Jonesville and Reed City before moving to Bridgeport. He is married and the father of four children.

## Editorial . . .

### Slow Down . . . Live and Let Live!

After watching two tractor-trailer units barreling through Tawas City Tuesday afternoon, the writer cannot help but think that the drivers of these two trucks should have used better judgment.

With the summer season approaching, traffic along US-23 is on the increase. Although probably not representative of most truck drivers, who are a credit to the highways, these two drivers traveled down the center line—passing all private motor vehicles in the lane . . . at a high rate of speed.

All drivers, whether they be in a truck or passenger car, must use extreme caution, especially at this time of year when youngsters are out of school. One slip may cost a life.

With the recent headlines telling about gasoline transport crashes in Michigan, we cannot help but shudder to think what would happen if one of these trucks was involved in a crash along US-23.

The police cannot be expected to apprehend every speeding vehicle. But drivers are expected to exercise good judgment, especially the professional . . . the man who makes his living behind the wheel.

The two drivers mentioned here were from out of town. It is too bad they cannot be reached.
