WILL DEDICATE NEW ST. PAUL SEMINARY

Thursday, June 29, has been announced as the dedication date for the new 3.5 million dollar St. Paul Seminary at Saginaw. The dedication day falls on the Feast of Saints Peter and Paul.

Two years in the building, St. Paul Seminary serves the Catholic population in the 16-county diocese of Saginaw area of the Thumb and Northeastern Michigan. Each Catholic wage earner was asked to contribute \$100 or more over a three-year period so that the school for future priests might be built.

Current plans call for dedication ceremonies at the seminary at 4:00 p. m., followed by a dedication banquet at Saginaw's Bancraft Hotel at 7:00 p. m.

The seminary opened for its first classes last September. Enrollment for the first year is 70 students in the first two years of high school. One year will be added annually until the seminary offers four years of high school and two years of college.

After leaving St. Paul's, the future priests will be assigned to senior seminaries for philosophy studies before completing their theology courses at St. John's Provincial Seminary at Plymouth. A young man who enters the seminary after the eighth grade normally studies for 12 years be-

Read John 5:31-39

Blessed is he that readeth and they that hear the words of this prophecy and keep those things which are written therein: for the time is at hand. (Revelation) 1:3.)

During the past two years in my nursing field, I have been through many temptations and hardships. It was so great a burden on me that I almost forgot there was a God. Suddenly, change came to my mind; instead of studying my lessons one rainy night, I took my Bible and opened it to the book of Revelation. After reading that part of the Bible, I was frightened because I had forgotten God's book which is meant to be everybody's guide.

Accepting the Lord as my Saviour and reading the Bible as my guidebook, I have now become very happy. Many changes have come into my life since then. I have overcome the many temptations that confronted me. The Bible is the key to all my doings. My advice is to believe in Jesus and read the Bible every

PRAYER Almighty God, creator and ruler of all heavenly and earthly things, may our worship of Thee have more vitality and our lives encourage others to follow Thee. Lead everybody to read the Bible and spread the good tidings. For Christ's sake, Amen.

Sleep 8 Hours-Wake Up Tired?

Discover the Wonderful Blood-Strengthening* Action Of This Women's Iron Tonic!

After a good night's sleep, do you still feel tired out? Often this rundown feeling is due to "Iron-Hungry Blood" (*simple iron deficiency anemia). Then it's needless to suf-

fer such awful weariness.

Take Lydia E. Pinkham Tablets, only iron tonic made especially for women. Rich in iron, Pinkham Tablets start to strengthen your blood within one day! Thus quickly help build rich, red blood . . . to restore strength and energy so you feel fine again fast! If your blood is so starved for iron that you just drag through the day, get Pinkham Tablets from drug stores. See if you don't soon feel like a "new" woman again.

X-ray Unit to Visit losco County **Throughout June**

All residents of Iosco County 21 years of age and over, will have the opportunity to have free chest X-rays for tuberculosis and other lung and heart disorders plus blood tests for diabetes and venereal disease, according to Dr. E. A. Hasty, director of public

The unit will be at the Whitte-more Community Building, June 20; Plainfield Township Hall, Hale, June 21; Oscoda Community Building, June 22-23; East Tawas Community Building, June 26-30. Dates and hours of operation for these services will be printed in local papers at a later date. Schedules for this program along with information on diabetes and tuberculosis are being circulated throughout the county through the churches, service clubs, the Farm Bureau and ladies auxiliary groups of various organizations. Diabetes kills more Michigan

people than the highways. In 19-59, 167 more people in Michigan died of diabetes than were killed on Michigan highways. Except for the weather, we read and talk more about deaths on the highway than about any other topic. In spite of all this publicity, we seem to have accomplished little about reducing the death rate from highway accidents. Perhaps we should talk more about diabetes, a disease which can be controlled. What can be done about it? One big factor in combating the diabetes death march is public education. People should know Walter L. Hook et al to Walter about the hereditary tendency of C. Page, Lot 20, The Stockman's diabetes, about the age groups and types of individuals most Carl A. DIRECT DISTANCE DIALING?

It's fast, easy—and so convenient!

Now you can dial most of your own Long Distance station calls.

You'll be amazed at the speed and convenience of this exciting new across-thestate, across-the-nation service.

Direct Distance Dialing of station calls is the ideal way for you to keep in touch with out-of-town friends, relatives and business associates.

Whenever you give your telephone number to anybody in another part of Michigan or another state, it's a good idea to give your Area Code, 517, too. That will help speed incoming calls.

Station calls are faster than person calls . . . and cost less.

"Since I bought my REFRIGERATOR-FREEZER, I can stock up on food bargains when the prices are low"

Says; MRS. LYLE BEZILE 4200 Dartmoor Lane Jackson, Michigan

It's Just Like Having a Supermarket in Your Home

If you are budget-conscious—and who isn't these days—you take advantage of every opportunity to save food money. If you have a Refrigerator-Freezer, like Mrs. Bezile, you buy when food prices are low-eat when prices are high. You take advantage of bargains by buying meat, frozen food and other foods in quantity and in seasonyou keep these food-values, 'til needed, in your Refrigerator-Freezer. Not only does a Refrigerator-Freezer help you save money, it's a time and work saver, too.

Needlecraft News by Nancy Baxter

Here it is summer all over the country, and we face the annual question: what to wear to the beach—and shopping—or just for lounging on a leisure afternoon? The question comes up every year, at just about this time. And every year there seems to be a different answer to it. Maybe a color is new-or the cut of a

particular garment - or the length of a shirt. But these fads seem to last the summer and that's it. They're not items to keep for several seasons. They hardly seem a good investment.

BUT THIS OUTFIT IS DIFFERENT!

Like the standard song, it bears repeating-again. -and again! Because its basic line is always good, you'll find yourself wearing it with shorts, skirts, long pants - even over your swim suit. And it will seem like a new outfit every time. The v-neck is flattering to almost any face . . . and the splashy bone buttons give a dash of carefree elegance that perfectly complement the sporty line. Jacket is knit-

ted in "knit-cro-sheen"a strand that has the strength of cotton but the look of softer worsted. And you can use a metallic variation, if you want, threading gold or silver through your favorite color.

TRY MATCHING BAG TO COMPLETE THE SCHEME The matching carry-all is crocheted—and you can do it in alternating colors if you want. Be sure to line it with plastic so it will carry anything. You'll need bone rings so you can pull crocheted ties through-and four corks to finish ends of ties. When you've made both jacket and bag, you'll have a coordinated play ensemble that's not only stylish and a good investmentit will also be uniquely your own! So send now for your free directions. Ask for Leaflet No. S-731.

Hale's ninth inning run came after two men were out. Shaum singled and Bielby was safe on a fielder's choice. Potts then walked Bannister and Shellenbarger to force in the run.

Herman Rollin, Tawas City southpaw, started the game and pitched eight and one-third innings. He retired in favor of Potts in the eighth inning after giving up nine hits, walked four and hit two batters.

Tawas City collected 18 hits off the slants of Grant Mousseau, winning pitcher, while Hale rapped 11 hits.

Nearly all of the local scoring came in the third inning when they belted eight hits and seven runs to overcome a 4-1 lead held by Hale.

The winners kept pecking away at this bulge, however, scoring one run in the fourth, two in the Junior Baseball seventh, two in the eighth and

one in the ninth. Tawas City collected seven hits after the big third inning uprising but were able to score only once, leaving six men stranded on

base in the last six innings. Top batter of the day was Manager Jerry Gracik of Tawas City who belted two doubles and two singles. He was followed by Clare Herriman with three singles. Three Hale batters had two hits.

THEY'RE NEW-ALL THROUGH!

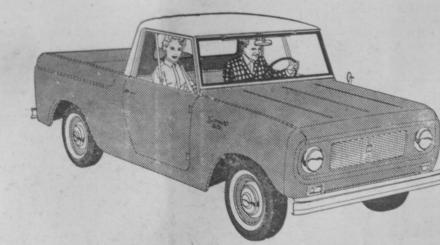

Size up the BIG WAGON!

The new Travelall® by INTERNATIONAL is stylishly low in height, but big and roomy inside. With all 3 seats in, it carries up to 9 big people. With seats adjusted, up to 6 and big loads, or up to 3 and giant loads. INTERNATIONAL V-8 power is standard. Some models offer torsion-bar front suspension and rugged box-type frame construction.

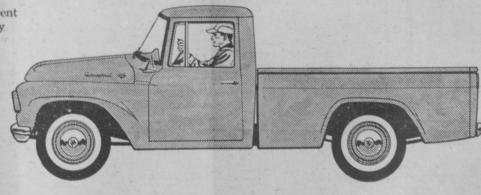

MEET THE SCOUT!

It's made for work-and plenty of it-with a dash of fun thrown in. It carries 3 people up front. Its all-steel body hauls man-size loads of cargo. An International. 4-cylinder Comanche engine saves on gas and oil. And optional all-wheel drive provides traction for work or play anywhere. The Scout strips for action in minutes-doors, windshield and top come off. The Scout can be converted to a town delivery with an optional steel Travel-Top complete with side and rear windows, and lift gate.

PICK OUT A PICKUP!

INTERNATIONAL'S new light-duty trucks are different inside, outside and underneath. They offer plenty of head room, yet are stylishly lower in overall height. They offer extra ground clearance, too-because mufflers and gas tanks do not hang down below frame level. INTERNATIONAL V-8 power is standard. Some models offer torsion-bar front

What has developed a multi-billion dollar automobile industry in Michigan? The very same advantages that have attracted many other industries to this state—abundant sources of raw materials, a limitless supply of water, unmatched transportation facilities, and a labor force with an average employee productivity that is 18.3 percent above the national average.

Michigan has manufacturing operations in over 80 per cent of the 453 separate industry groups recognized by the U.S. Bureau of Census. A good percentage of these are only remotely related to the auto industry, such as the manufacture of concrete products, office furniture, food products, machinery, transmission equipment, cereal breakfast foods, refrigeration machinery and pharmaceutical preparations. Michigan is Industrytruly diversified Industry.

Help carry Michigan's message to the nation. Clip this ad and mail it to someone in another state with your comment. Let's talk up Michigan and its advantages for industry. Together we can assure a greater future for all of us.

ARMY HAS OPENINGS FOR YOUNG MEN

"Young men, contemplating their responsible military service, would do well to find out about the advantages of a three-year enlistment," says SFC Leonard J. Stickney, local United States

Army recruiter. Sergeant Stickney will furnish more information and literature without obligation at the United States Army Recruiting Station, Federal Building, East Tawas, every Friday from 11:00 a. m. to 1:00 p. m.
