## Mrs. Bronson Installed President of Rebekahs

Installed last night as president of the Rebekah Assembly of Michigan was Mrs. Nyda Bronson of Tawas City. She is a past noble grand of Irene Rebekah Lodge No. 137, East Tawas.

This is the highest honor ever accorded to a member of Irene Rebekah Lodge, although some years ago, the Rev. Russell H. McKenzie, a former master of Baldwin Lodge, IOOF, was grand master of the Grand Lodge.

Mrs. Bronson was installed during the four-day annual convention held at the Grand Rapids Civic Center.

Among the installing officers was Mr. McKenzie, now rector of Hazel Park Episcopal Church, who is grand treasurer. His wife, Laura, was appointed by Mrs. Bronson to act as assembly chaplain.

A member of Rebekah Lodge for 24 years, in 1957 Mrs. Bronson was selected as the assembly guardian and then advanced through the offices of conductress and marshal. Upon her election by state officers, she advanced through the chairs of warden, vice president and now president.

Among those attending the ceremony last night were Mrs. Bronson's husband, Elwood; son,

Terry, and her sister, Mrs. Donna Martin.

Among others attending from here were 14 delegates from Irene Rebekah Lodge including Mrs. Lydia Nelkie and Mrs. Trixie Colburn. Mrs. Nelkie is a twin sister of Mrs. Bronson.

The new state president will be honored October 23 at a dinner and reception to be held at the Holland Hotel. This event is being planned by Irene Rebekah Lodge.

## Supervisors Trim \$15,388 from Record High Budget

Iosco County's 1962 budget was trimmed \$15,388 last week by the board of supervisors. Total county operating budget for next year is now \$294,182.65.

Last April, the board brought in a tentative budget of \$299,570.65. With anticipated fees of \$25,000 from county offices, Iosco would have had to raise \$274,570.65 by taxation.

Because of lower welfare costs this year, the board, on recommendation of Supervisor L. S. Little and the finance and apportionment committee, decided to hold the line on further spending. With anticipated fees of \$25,000, a total of \$259,182.65 is to be raised by taxation.

The county allocation committee gave the board of supervisors 5.07 mills to meet the April budget, but because of the re-

duction, millage has been lowered to 4.79 on county operation.

This budget is still the highest in the county's history. Total budget last year was \$259,724, with \$234,708 raised by taxation.

Much of the work during the October session was concerned with the budget and establishing millage figures for the various taxing units in the county.

Although the board held the line on most requests for increases over April's tentative budget, it did grant an increase of \$810 which represents Iosco's share of the district health director's salary.

The district health department, according to Supervisor Charles Smith of Oscoda, had asked for an increase of \$4,000 over its 1961 budget. Iosco's share of this increase was \$1,600, but Smith re-

commended that only \$310 be allocated at this time inasmuch as the request was filed late.

The raise for Dr. Earl Hasty, district director, is to be effective July 1962.

The board of supervisors will be guests of the Iosco County Road Commission Thursday, October 26. Supervisor William White of Reno Township said that the commission had extended the invitation in order that the board might get a better picture of roads in the county.

The two groups will make a tour of all county roads and discuss construction plans for 1962.

Earlier in the session, Elmer Slaven of Alabaster Township, Charles McLean of Tawas City and George Grits of Tawas City and were reappointed to the county canvassing board.

## Council OKs Nine-Man Planning Commission

Tawas City will soon have a full-fledged planning commission, according to action taken by the council Monday night.

Following a discussion between the council and Hugo J. Keiser, who was appointed as commission chairman at the last meeting, City Attorney Jerry Cotter was instructed to prepare an ordinance establishing a legally constituted commission.

Keiser, Bruce Myles, James Dillon and John St. James attended the convention of the Michigan Association of Planning Officials held at Traverse City last week.

Following recent discussion here, Keiser and other members of the Tawas City Businessmen's Association asked the council to appoint an unofficial planning commission.

In talks with representatives of the state group, the Tawas City committee learned that it would be well to organize such a commission according to state laws. "If we are going to have one, it

should be legally adopted in order to take advantage of state and federal help," said Keiser. "It is my firm belief that we must have a legally organized commission."

Any community establishing a legal planning commission, it was pointed out, is eligible to receive state and federal funds in developing a master plan for the community.

Keiser said that in the past there had been some misapprehension here about a planning commission taking over authority of the council.

It was pointed out, however, that all actions of such a commission need approval from the council.

Cotter reported that state laws governing planning commissions provide for a board composed of nine persons who are completely divorced from city government or one consisting of six persons from the community, the mayor, a council member and another city official.

Members would serve without compensation.

It was the consensus of opinion that the planning commission should be composed of persons who have no connection with city government.

Mayor George Tuttle said that the commission would also become the city zoning board. One of the most important duties would be to re-zone the city.

"A master plan for the city would not be something to solve all evils," said Keiser. "It is not like shuffling a deck of cards. Some things in the community cannot be changed, but new construction can be placed in the proper location."

He said that, in his own mind, the community does not have a bad layout, but pointed out one of the biggest problems is the business district which may need some changing.

Recent discussion on the possibility that the state highway department would ban parking on US-23 in the near future was responsible for the renewed interest in forming a planning commission.

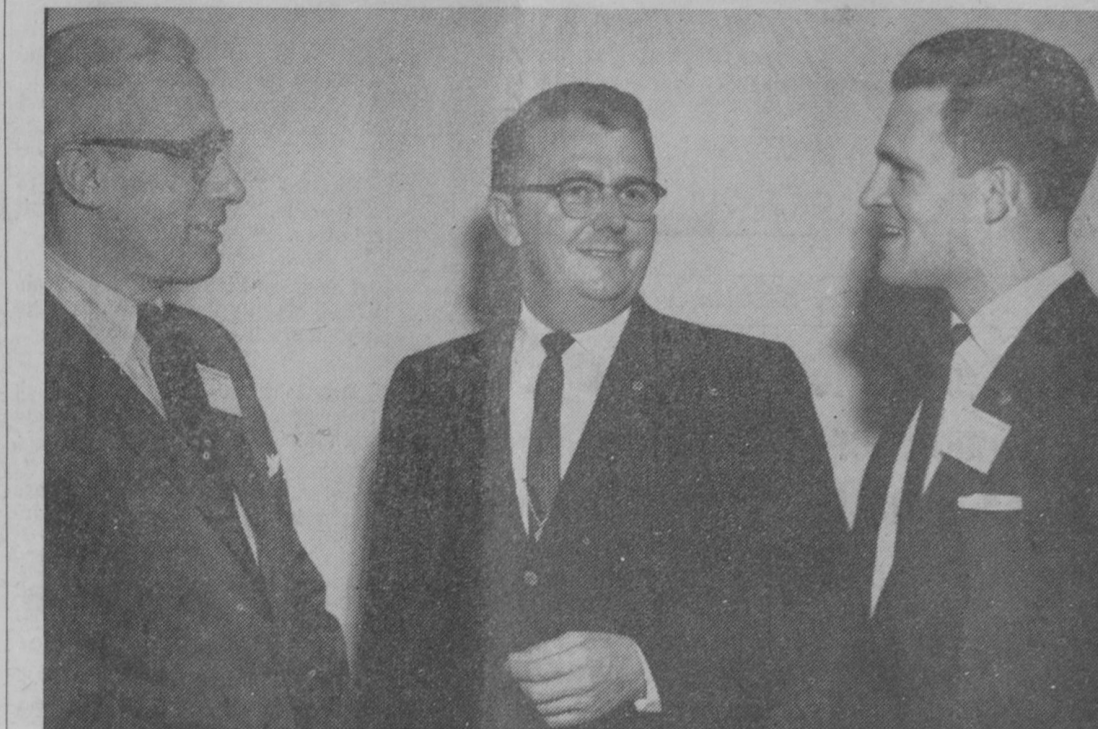

The money, which is set aside from gas taxes and license plate fees, helps defray cost of snow removal in counties which have heavy snowfalls.

## First Meeting in Enlarged Chamber

Tawas City Council held its first meeting in the newly enlarged and redecorated chamber at the city hall Monday night. All work has not been completed as yet.

Following the recent move of the library, a partition was removed which separated the old council room from the library. The new council quarters will facilitate larger gatherings.

Actually, the council chamber has been returned to its original size. When the library was moved into the building some years ago, a partition was installed dividing the room.

## National Gypsum Official Speaks at Jaycee Confab

Lewis B. Crowell, general production manager of National Gypsum Company, speaking before the Michigan Junior Chamber of Commerce here Saturday night, outlined the need for young men and women as management leaders.

His inspiring message came at the conclusion of the two-day fall board meeting of the state group. Nearly 500 persons registered at the Tawas Chamber of Commerce building and forums, as well as social gatherings, were held at the Holland and Barnes Hotels.

Drawing from his long experience in the management field, Crowell said that with one of the main objectives of the Junior

Chamber of Commerce—the development of leaders—"you should be able to appreciate the need for this work."

Before a capacity crowd following the organization's annual banquet at the Holland, Crowell told Jaycees that, "You, as young men, developing to take over the responsibilities of business and commerce, should have a personal interest in how and what makes the Tawas Chamber of Commerce building and forums, as well as social gatherings, were held at the Holland and Barnes Hotels."

Commenting that within a 50-mile radius of Tawas he has had more enjoyable outdoor fun than at any place in the country and that Michigan was the place in

which he spent his early working years, he pointed out that the state was also important to the firm with which he is associated.

"National began operations here in 1927, just two years after its inception, when it opened a quarry and gypsum plant at what was then called Emery Junction, now National City. National now has more employees in the State of Michigan than in any other state of the union."

"These people are in our paper plant at Kalamazoo and at our huge Portland Cement subsidiary at Alpena."

"Here at Tawas, National's original home base in this state, local people are engaged in producing rock at the huge Tawas quarry, at the loading dock which ships this rock to lake front plants and at the National City gypsum plant which is still an important part of our over-all gypsum operations after 24 years."

Telling Jaycees of National's rapid expansion, Crowell said that it was this rapid and continuing expansion that has given the company its biggest problem, which led to the subject of his talk, "Making Common Men Do Uncommon Things."

One of the biggest problems, he said, "Is not as you might think, the securing of funds, but the development of managers, leaders for the company's activities and growth."

Leaders have come up through many routes, but there are two basic things that are required to develop them, said Crowell.

"First, we must have people with leadership and executive potential and, secondly, we must have a program which provides conditions that will encourage and develop this potential."

Crowell outlined certain fundamental characteristics that must be present in any person who is to be a manager of people and a leader in any activity.

Among these were: He must be more interested in performance than conformance; his character must serve as a model for others; he must see and be interested in people's abilities rather than their disabilities; he must want to see other people develop; he must be willing to work hard when necessary; he must have the enthusiasm, persuasiveness and absorption in his objectives that will help him get people to do things they do not want to do and he must have emotional stability so that he remains calm and thinks clearly when others do not.

The most important requirement in measuring management abilities, said Crowell, is an uncompromising requirement on integrity of character.

## New Meat Department Manager at TC Kroger

Robert Skuse, 22, of Alpena is the new meat department manager at the Tawas City Kroger Store.

Employed by the company for three years, he worked at the Alpena store most of that time. He had worked here when the store first opened.

A graduate of Alcona Community School, Skuse is married and the father of one child. The family lives on Wilber Road.

## DRIVER TAKES EYES OFF ROAD—CAR HITS TREE

A 17-year-old Tawas City girl, Maletia L. Bariger, 706 First Street, received minor injuries Sunday night when the car in which she was riding struck a tree on US-23.

The driver, David Bariger, told officers he took his eyes off the road for a moment when a friend in another auto blew his horn.

The car ran off the road and struck a tree in front of the O. S. Rose residence.

Tawas City Businessmen's Association received a letter from Gov. John B. Swainson which stated that his office had requested the state highway department to meet with city officials of Tawas City in regard to highway plans for US-23.

## PRE-TRIAL HEARING NEXT TUESDAY FOR BOGART

Pre-trial hearing on six motions to dismiss or quash charges against John N. Bogart of Flint will be heard next Tuesday in Iosco County Circuit Court.

Bogart and A. Matthew Buder will stand jury trial November 7 for kidnaping.

The two men, who allegedly attempted a "citizen's arrest" August 1960 on former Genesee County prosecuting attorney, Jerome F. O'Rourke, will be tried separately.

In one of his motions, Bogart claimed that he was denied due process of law because of an "unwarranted five-month delay from the date of his arrest to the date of preliminary examination."

## Tell Centennial Plans at ET Council Meeting

Suggested plans for observing East Tawas' centennial were outlined before the city council Monday night by Miss Edna Otis, general chairman of the centennial committee.

Although no decision has been reached as yet in regard to the type of observance, Miss Otis recommended that Mayor C. V. Miller and Robert LaVoy be appointed as vice chairmen.

A meeting was to have been held Tuesday night to discuss centennial plans. A decision was to have been made on whether a professional promoter would be hired or if the centennial ob-

servance would be handled locally.

Miss Otis stated Monday night she was in favor of the latter plan and felt that many residents would be willing to assist in carrying out plans for East Tawas' 100th anniversary.

She urged formation of an executive committee composed of members of the East Tawas Council, Dale Butterfield and Arthur Leitz.

In other business, it was recommended by Mayor C. V. Miller that the community building be cleaned and painted.

The council instructed City At-

torney Richard Newman to check all insurance policies of the city, especially its liability coverage.

The council authorized purchase of eight carloads of road gravel.

Changes to the zoning ordinance were discussed. It is to be amended to allow provisions for penalizing violators.

Richard Harwood gave a report on the recreational program planned by the East Tawas Lions Club. He asked for financial assistance from the council on the project. Harwood is to report on costs of such a program at the next meeting.

## People to Vote Dec. 11 on Medical Care Facility

Monday, December 11, is the date set for a special election at which Iosco County voters will decide on a proposed new medical care facility for the aged.

Formal decision to place the question before the electorate came upon the unanimous adoption of a resolution Friday by the Iosco County Board of Supervisors.

After a final review of the needs of the county medical care facility between the welfare committee, the board of supervisors and the state welfare department, it was found that the original estimated cost would be inadequate to properly finish and equip the facility.

The final figure adopted by the board was raised from \$450,000 to \$550,000, Iosco County to furnish \$300,000 and a grant from Hill-Burton federal funds to furnish the sum of \$250,000.

The board of supervisors rescinded the original figure and authorized the committee to ask for a \$300,000 bond issue to be

spread over a 12-year period at .9 of a mill on equalized valuation.

The proposed facility is to be located on a site near Tawas Hospital. It would also be available to private patients.

Construction of a medical care facility has been a principal concern of the board of supervisors for many months.

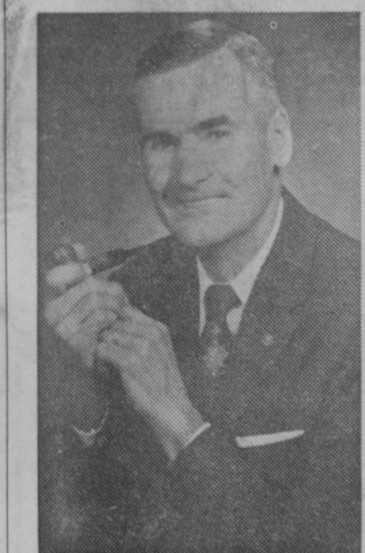

On October 24, 8:00 p. m., a meeting will be held at the county building to organize program planning committees in various communities of Iosco to assist in carrying out the medical care facility's bonding program.

Clarence Everett, chairman of the county welfare committee, has asked all supervisors to bring at least four of his constituents to the meeting. The board particularly welcomes any representatives of social clubs and service organizations of the county.

Principal speaker will be Joseph Gomboda, a representative of the state welfare department, who will outline county problems in caring for the aged.

## Three Building Applications OK'd by Tawas City

Three building permits, approved by the department of public works, were read before the Tawas City Council Monday night.

Applications were as follows: Leonard Hoshack, 200 Second Avenue, install aluminum siding and windows, \$2,000.

John D. LeClair, construct 30 by 125 block and brick commercial building, \$12,000. The building is now under construction next to the Kroger Store on US-23.

Perry Crooker, 143 Lake, construct storage building, \$350. A report by Supt. Reginald Bublitz indicated that 23 street intersections in Tawas City are without marking signs. He said that each installation would cost about \$12.

## Final Ride on Bay Was Wet One for Youth

A 15-year-old Tawas City boy, who took his speedboat out Tuesday afternoon for a final spin of the season, was rescued from about 12 feet of water by United States Coastguardsmen from Tawas Point.

Dale Mercure, 802 Lake Street, was pulled out of the water about 4:10 o'clock after his boat capsized off the McMurray dock. He was not injured.

The coast guard made the run from Tawas Point in the 40-foot rescue boat in about seven minutes.

## Discuss Projects to Raise Funds for Extra Equipment

A cake walk and a school fair are projects discussed by members of St. Joseph's Home and School Association at their first fall meeting October 9. The projects will be to raise money for additional equipment for the school playground and additional encyclopedias and dictionaries for the classrooms.

Mrs. Helen Helmer was elected chairman of the playground supervision by parents from 12:00 to 12:30 p. m. every day. Parents will take turns alphabetically.

A library committee was formed to meet with the Rev. Fr. Henry Eickholt to select books. Those serving on the committee are Jack Elliott, Dr. Raymond Sutton, Mrs. Peggy Busha, Jack Herrick and Mrs. Rosemary Kle-now. A donor had agreed to build additional book shelves for the school.

Mrs. Eva Foco was appointed to investigate the type of heating appliance needed to provide hot chocolate, etc., for early commun-icants.

Committee chairmen for the year are: Mrs. Gerry Scheill, social; Mrs. Dorothy Hackborn, public-ity; Mrs. Busha, membership; Mrs. Helmer, safety and health; James Campbell, cooperative civic and community; Mrs. Irene Malenfant, finance, and Mr. Her-rick, vocation guidance and con-stitution.

The room award was won by the first grade. Carl Helmer, win-ner of the jackpot, donated it to the book fund.

The Halloween theme was used for the refreshments served after the meeting by Mrs. Scheill, Mrs. Busha, Mrs. Helmer, Mrs. Campbell, Mrs. Malenfant, Mrs. Herrick and Mrs. Hackborn.

"Ye Shall Be My Witness" was the theme of layman day observed Sunday, October 15, in 30,000 Methodist congregations through-out the United States.  
Locally, Charles Anson and Rex Tettors of the University Methodist Church, East Lansing, preached the sermon and led the services of worship.  
Dinner was served in the after-noon with Mr. and Mrs. Anson, former members of the Tawas City Methodist Church, and Mr. Tettors as guests of honor.  
Mr. Tettors described the need for financial assistance in erect-ing a \$500,000 church in the midst of Michigan State campus to the 50 people in attendance.  
All Methodist churches of the state have been asked to help with the building of the church. Both Tawas City and East Tawas churches have pledged their sup-port.

# Cadillac

The word for it is... "Masterful!"

"Superb" . . . "luxurious" . . . "beautiful" . . . "brilliant"—there are many words that might be used to describe the new 1962 Cadillac car.

But if we were to select from the Cadillac vocabulary the one word that most completely captures the essence of this latest "car of cars" —we would choose "masterful".

For here is a motor car that has already estab-lished its mastery in everything that makes an automobile good and fine and desirable.

In appearance, it is clearly a Cadillac master-piece—graceful, clean-lined and elegant.

In performance, it is a revelation. Its power plant is a reservoir of silken power—and the car rides and handles with an instinctive ease and sureness.

In safety, it is in a class of its own—with a host of exclusive features, including remarkable new side cornering lights.

In craftsmanship, it is simply without rival. Every 1962 Cadillac will undergo more than 1400 inspections to assure its quality and goodness.

On and on the list could go. But however lengthy, that list could never replace the expe-rience of inspecting the car and driving it.

Your dealer will happily let you do both.

Once you have, you'll understand why the word has gone out so quickly that this is the finest motor car ever to bear the Cadillac name.

### Household Help Not Getting Social Security Credit

Many maids, cooks and other workers in private homes are not getting credit under social security, according to Paul M. Ellifritz, district manager of the Bay City social security office. If you work for someone in their private home, make sure you get social security credit for your work by following these simple rules: If your work is in a non-farm house and you receive \$50 or more in cash wages during any calendar quarter from any one employer, insist that the employer report your earnings and pay the social security tax. Also be sure your employer copies your name and social security number from your card. When you reach age 62, you may receive monthly old-age benefits but only if a certain number of quarters of work have been reported for you. The number you

need ranges from six to 40, depending on your age. For example, a woman who reached age 62 in 1957 or earlier needs only six quarters. If she is 62 this year she needs 10, or if she will reach 62 in 1970, she will need 19 quarters of work.

Workers who become unable to work any time before age 65 may receive disability benefits if they have enough quarters of work. If a worker dies at any age, benefits may be paid to her survivors. Make sure your earnings are reported—it's very important to you.

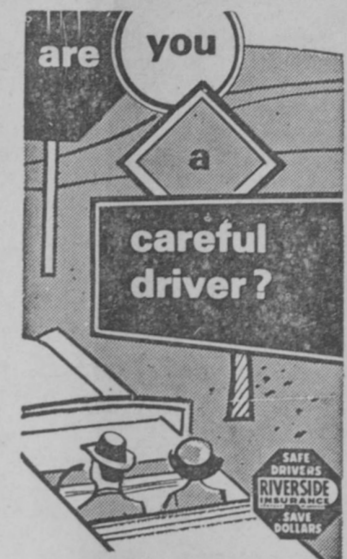

A representative of the Social Security Administration will be in Tawas City at the Iosco County Building Thursday, October 26, 10:30 a. m.

### Final Months Are 'Harvest Days' for Traffic Accidents

The last three months of the year are the harvest season for traffic fatalities in Michigan, nearly one-third of them occurring during this period," is the warning of Sgt. Frank Roti, commanding officer of the East Tawas state police post.

"The wise driver and pedestrian will need no further reminder of the hazards encountered in fall and winter driving or walking and will proceed with care and alertness," he said.

State police records for the last 25 years show that October, November and December account for an average of 30 percent of the annual toll of traffic deaths. Last year the loss in lives for the three months was 487, a frightful price to pay for disregard of the precautions and rules that mean safety.

"Many drivers and pedestrians, accustomed to good driving and walking conditions in the summer, fail to adjust themselves when these good conditions worsen with the change to unfavorable weather with its sleet, ice and snow, and the shorter days that mean many more hours of darkness," Sergeant Roti observed. "Their failure to do so means more injuries and deaths, all of which could be avoided by using prudence and driving or walking protectively."

Sergeant Roti offered these safety tips:

To drivers: Increase your vigilance. Take it easy in bad weather and after dark. Increase your caution at hills, curves and intersections as there may be ice or snow. Be careful at railroad crossings, especially where banks of snow may obscure vision. Faithfully obey the traffic laws and signs and watch out for the motorist or pedestrian who may not be watching you.

To pedestrians: Walking hazards in this season multiply, so beware of them. Don't block your vision with packages or other objects. Walk only where drivers expect you, but be on guard for the drivers who may not be watching you or are careless. Never cross in the middle of the block. Double your caution at night and in bad weather. Remember, if you want to be unharmed, assure your safety by always taking your best steps in traffic.

### Advice For Veterans

by Arthur M. Brokenshire, Jr., Service Officer

Dep't. of Michigan Marine Corps League

Compensation for service connected deaths before January 1, 1957: For survivors of deceased veterans of World War I and II, Korean and peacetime service. Death compensation payments are authorized for widows, children under 18 and dependent parents of servicemen or veterans who died before January 1, 1957, from a service-connected cause not the result of willful misconduct. If service connected death occurred after service, the veterans discharge must have been under other than dishonorable.

Widows: The widow must have lived continuously with the veteran from the time of marriage until the veteran's death, except where there was a separation due to misconduct of, or procured by, the veteran without fault on the wife's part. The widow must have been married to the veteran, before the expiration of 10 years after the termination of the period of service in which the injury or disease causing the death of the veteran was incurred or aggravated; or for five or more years; or for any period of time if a child was born of the marriage. The widow's remarriage following the death of the veteran makes her permanently ineligible for DIC, based on the death of that veteran unless the purported remarriage is void. Monthly payments of \$112, plus 12 percent of the monthly basic pay now being received by a serviceman whose rank and years of service are the same as those of the deceased veteran. Payment is rounded to the next higher dollar. Minimum payment is \$122. Payments are the same for both wartime and peacetime service connected deaths.

DIC Payments For Children: Where there is no widow entitled, the payments for children are as follows: One child, \$70; two children, \$100; three children, \$130; each additional child, \$25. Total is then equally divided.

DIC Payments For Parents: Rates vary according to number of parents, the amount of their individual or combined total income, and whether or not they live together.

Receipt of DIC payments from VA will not prevent an eligible widow or children from receiving any death benefits payable by social security.

any death benefits payable by social security.

Further information concerning these benefits may be had by contacting Arthur M. Brokenshire, the first Tuesday of every month at Tawas City. He will be in the Iosco County superintendent of schools' office, Iosco County Building, from 10:00 a. m. to 4:00 p. m.

WINNER, AAA TRAFFIC SAFETY POSTER CONTEST

Michigan's increasingly fine record in pedestrian protection shows that citizens of the state are paying closer attention to rules of the road. One of the most important procedures is "Keep From Between Parked Cars." Automobile Club of Michigan urges pedestrians never to enter a street at mid-block where parked cars may hide them from oncoming vehicles. To bring this advice to the state's children, Auto Club has distributed 11,000 copies of this poster in Michigan schools.

## 100 Years Ago This Week...in THE CIVIL WAR

(Events exactly 100 years ago this week in the Civil War—told in the language and style of today.)

### Who Goofed—Stone or McClellan?

## Union Losses Heavy In Ball's Bluff Fiasco

LEESBURG, Va.—Oct. 21—Confederate Brig. Gen. Nathan G. Evans directed a successful repulse of invading Union forces today at Ball's Bluff, a sheer 70-foot cliff rising out of the Potomac near here.

An estimated 50 Union soldiers were killed, 150 wounded and 700 missing or captured in the abortive foray. The Southern defenders counted some 30 dead and more than 100 wounded.

One of the Union casualties was the leader of the raid, Col. Edward D. Baker, former senator from Oregon and a close personal friend of President Lincoln. He was killed.

McClellan

**THE OPERATION** was ordered by Maj. Gen. George B. McClellan, commander of the Army of the Potomac, reportedly after Mr. Lincoln became angered over general inactivity of the north's troops.

McClellan sent Brig. Gen. Charles F. Stone, former commander of Washington forces, toward Leesburg with orders to feel out enemy strength and, if possible, to dislodge them from the woodlands along the Virginia side of the Potomac.

Stone led his men to the scene and dispatched a party of raiders under Col. Baker to the Virginia side.

Baker led men of the 1st California, the 15th and 20th Massachusetts and the 42d New York over the water in small boats, landing in the deceptive shadow of Ball's Bluff.

With only two pieces of artillery, the few Union companies pushed to within a mile of Leesburg without encountering trouble.

Then Evans, who had won a limited fame during the Bull Run, or Manassas battle, unleashed his troops and forced the Union invaders back onto the bluff.

The high rate of capture of the Northerners reflected their inability to retreat across the river. They had their choice of trying to make the leap and swim it back to Maryland, or be taken prisoner. Most chose the latter.

Another blunder; does he really know what he's doing? That's the '61 question in Washington these days.

### Baker's Death Stuns Lincoln

WASHINGTON, D.C.—Oct. 21—Aides of President Lincoln reported he was stunned by the death in combat today of one of his closest friends, Col. Edward D. Baker.

Baker fell to Confederate gunfire while leading an unsuccessful raid on Ball's Bluff, in Virginia some 30 miles upriver from here.

Mr. Lincoln and Baker had been close since early manhood in Illinois and one of the Lincoln children, now dead, was named after Baker.

Word of Baker's death reached Mr. Lincoln at the War department telegraph department. He was reported to have wept silently and to have groped his way from that bustling office.

### Uneasy Time for Pheasants and Telephone Company

There is no more welcome time of the year than this for the bird hunter but for his prey and for telephone companies, it is an uneasy period.

The pheasant season places an extra threat of damage to overhead cables and wire as they come in line of fire or are sometimes aimed at intentionally.

In repeating its plea for hunter care this season, the Michigan Bell Telephone Company points out that a single pellet from a shot can cut off scores of conversations—many of which could be exchanging vital information.

Cutting-off calls in rural areas could be serious to the farmer who might have to make an emergency call, or to the hunter himself who may need the telephone to call for help in case of an accident.

In addition to these aspects, says Michigan Bell, an average case of cable trouble costs the company from \$75 to \$100, often more, to repair. Hunters are reminded they can be held financially responsible for such damages. Willful destruction is punishable by heavy fine and imprisonment.

Dependent Parents: Parents are held to be dependent for death compensation if their income is insufficient to provide reasonable maintenance for themselves and for members of their family under legal age. Proof of dependency must be submitted.

Receipt of death compensation payments from VA will not prevent an eligible widow or children from receiving any death benefits payable by social security.

Dependency and indemnity compensation (DIC) for service connected deaths after January 1, 1957: For survivors of deceased veterans of World War I and II, Korean and peacetime service. DIC payments are authorized for widows, unmarried children under 18 and certain parents of servicemen or veterans who died on or after January 1, 1957, from a disease or injury incurred or aggravated in line of duty while on active duty.

DIC Payments For Widows: For a widow to be eligible to receive DIC payments, she must have lived continuously with the veteran from the time of marriage until the veteran's death, except where there was a separation due to misconduct of, or procured by,

By CHET MAHER, Manager

LIKE THE housewife who shops for all sorts of things to keep her home running smoothly, your phone company buys many "housekeeping" items of its own. Last year, for example, Michigan Bell and Western Electric Company, the Bell System's manufacturing and supply division, bought about \$62 million worth of supplies—ranging from trucks to work gloves—from about 1,400 Michigan suppliers. Add to that the wages and salaries of our employees, our construction expenditures and state and local taxes, and the total benefit to Michigan's economy was one-quarter billion dollars.

**YOU'RE GOING** to be hearing more and more about Bell Telephone scientists' work with a revolutionary device called the Optical Maser. It transmits the narrowest light beam ever achieved, along which can be sent enormous numbers of messages—many, many times more than by wire, cable, or radio. Light may become a whole new medium for telephone talk, TV images and data communication. It's constant research like this that makes possible the latest telephone service improvements for our customers at the earliest possible time and at the lowest possible cost.

GOOD IDEAS are valuable and at Michigan Bell our Employee Suggestion Plan is providing lots of good ideas on how we can serve you better, faster and even more economically. Last year, for instance, Michigan Bell employees came up with over 2,500 suggestions on how to do things better. For each one accepted the employee gets a cash award. So good ideas pay off in three ways: to the employee, to Michigan Bell which gains better methods of operation, and to you who enjoy the benefit of even more efficient service.

### Dam Site Selection May Involve Many New Problems

According to a report by Scott Engineering Company, selection of a site for the Tawas Lake Dam may involve many problems which had not been considered when it was first proposed.

Scott's recommendation to the Iosco County Board of Supervisors last week was that the proposed dam be located near the Tawas River Bridge along Monument Road.

He said that a dam located there would cost less money than one closer to the lake, as suggested by the property owners' association.

Reason for this, he said, is that the area closer to the lake is very swampy and there would be trouble with seepage of water under the structure. He said that a considerable amount of muck and marl would have to be removed for a dam at the mid-way point.

Another reason for his recommendation was that Monument Road, about five feet higher than the lake level, could be used as a dike.

However, it was brought out by Mayor C. V. Miller of East Tawas that the Newman Street culvert would lose approximately one foot of fall because the bridge location would not allow sufficient drainage for much of East Tawas.

The consensus of opinion was that the logical choice for a site would be about mid-way between the lake and the bridge. If a dam was located directly at the mouth, considerable land on the east side would be flooded.

Legal level of Tawas Lake was established some years ago at 582.5 feet above sea level by former circuit judge, Herman Dehne. This is about one foot above the normal summer level.

Scott said that spring floods raise the level to about 586 feet.

Should the dam be constructed mid-way between the bridge and lake, it would be necessary to construct dikes on both sides of the dam to hold back the water. Cost of this construction would be \$20-

THIS AERIAL VIEW by Scott Engineering Company of Alpena shows the area of Tawas Lake where a dam is to be located. The engineering firm recommends that the dam be located at the East Tawas bridge near the bottom of the picture. It was suggested, however, that the dam be placed about in the area outlined at center. Its eventual location is still in question.

000, half of which would be for dikes.

Property owners on the south and east side of Tawas Lake have long sought a dam to maintain a higher lake level during the summer months. Property owners on the north and west sides have opposed it.

Scott said that the dam would consist of a series of gates, dikes and a 70-foot spillway. It would also include a boat ramp.

The engineer emphasized that the conservation department had spent a considerable amount of research money on a location for the dam. He said that if a location could be determined, his office could go to work on plans.

Regardless of the dam, however, Scott said that eventually the lake would have to be pumped out to remove a heavy accumulation of muck. He said that areas for future expansion might be filled with this material.

Scott said that preliminary plans for US-23, as shown in the highway department's needs study, indicates that path of the new roadway will run through the area immediately south of Tawas Lake.

### EXTENSION GROUP DISCUSS NOVEMBER 3 DISTRICT RALLY

The November 3 district rally to be held at Standish was discussed October 10 at the E-Z-Do-It Extension Group meeting with Mrs. Lewis Rodman, hostess.

A letter from Mrs. Lawrence Trevehan, a former member who recently moved to Arizona, was read to the nine members and Mrs. Frank Pinage, a guest, present.

Mrs. Norman Howarth showed the group gift wrapping ideas and basket weaving. Mrs. Robert Pyne gave a talk and demonstration on liquid embroidery. Mrs. Charles Wilson showed how to make hairpin lace for a stole.

A noon luncheon and fashion show will feature the November 7 meeting at the home of Mrs. Wilson.

### To Observe Hospitaler Day October 22

Alpena Commandry No. 34, Knight Templar, will observe hospitaler day October 22 at Tawas City Baptist Church, 7:00 p. m. The public is invited.

Adana, Turkey, October 10, 1961

Dear Editor,

A few days ago, some old "friends" from Tawas City arrived in Turkey and believe me, Betty and I were sure happy to see them. Of course the "friends" of which I speak are copies of The Tawas Herald. You know, we are often prone to take our local newspaper for granted, because we see each issue shortly after it is published. But, when you are thousands of miles from your friends and neighbors, the hometown paper becomes a very important item in your everyday life. As far as I am concerned, a copy of the local newspaper is much better than a letter from home.

I have nothing against getting letters, but I find that the local paper brings you both the good and bad aspects of life in the local community. Folks who write letters usually take it for granted that most of the items appearing in the paper are not of particular interest to someone who is thousands of miles from the local scene.

Persons who are wondering what gift to send their friends and relatives this year for Christmas, should consider a subscription of the hometown newspaper. Especially if they have someone overseas with the armed forces. In all seriousness, if they want to bring home a little closer to those close to them, they should send the local paper. My wife and I spend several hours going over the Herald's that we receive. They come by ship mail, so we get quite a few copies at one time.

We are slowly getting settled here in our new home and Betty and the children are getting accustomed to their new way of life. We reside in Adana in one of the Turkish apartments that were designed for use by American personnel.

In the very near future I hope to get some human interest stories and pictures for you. My radio station is in pretty fair operating order, so I will have some time to devote to a few personal projects that have been pending for weeks—namely, getting the Herald some stories on Turkey.

T-Sgt. John Rollins.

(Editor's Note: Rollins was formerly stationed at Wurtsmith Air Force Base, serving in the public information section. He lived at East Tawas for a number of years. He now manages an armed forces radio station in Turkey.)

### Named NEM District Winner for Second Straight Year

The Michigan State Grange announced today that Whittemore Grange of Iosco County has been named Northeastern Michigan district winner for the second straight year in the annual community service contest. Sponsored by the National Grange and Sears-Roebuck Foundation, the 1961 contest was for the year ending August 31.

A community park developed several years ago by the Grange is still being maintained. Several hours of work went into maintaining it this year for picnics and ball games. Some members also are active in civil defense work and one member completed a first aid course.

In the spring, the Iosco County Red Cross chairman requested help in soliciting funds. Six members canvassed two townships. The Grange obtained and distributed 60 diabetes detection kits. Two members helped with a rummage sale for the county health council. One member helped in organizing a county blood bank and another member donated blood. Grangers also helped find a donor of a rare blood type.

"We are working to improve the interior of our hall so that it will be better equipped to serve the community, as our hall is used by other groups and for family parties and reunions," states Mrs. Edith Cataline, community service chairman.

Whittemore Grange also attempted to secure new industry in the community; contributed to cancer fund and UNICEF; cooperated in the cherry pie contest; took part in the county fair; cut brush and cleared roadsides; studied local government, and organized a Youth Grange.

A \$50 bond will be presented to this Grange October 18 at the State Grange convention at Coldwater.

The Grange has also been actively working toward zoning in one township.

#### HALE GROUP ATTENDS LEGION FALL CONFERENCE

Commander Robert Pember; Past Commander Edwin Sharp; Mrs. Donald Goodrow, child welfare committee member; Mrs. Robert Pember, second vice president, all of Glen Staley Post No. 422 and Auxiliary, attended the fall conference of the American Legion Department of Michigan and its Auxiliary at Muskegon October 6-8.

An inspiring point of the conference was the talks given by Gail Smith of Flint and Mrs. Alice Ducharme, child welfare chairman and case workers from the department's child welfare committee.

Other highlights of the conference were the instruction classes conducted by Department Commander Marshall Taylor; Adjutant Thomas Kouri; Mrs. Irving Gitzens, department president; Mrs. Neta Cornelisse, secretary, all of which were well attended.

All delegates agreed that the session was of great interest and stimulated interest in the wide spread program of the American Legion and Auxiliary.

#### HALE HEALTH COUNCIL HOLDS ANNUAL ELECTION

The Hale Chapter of the Michigan Health Council held its annual election of officers at the October 10 meeting at the American Legion Hall.

Of the 15 local organizations making up the council, 13 groups were represented and the following were chosen: Chairman, Mrs. John Dooley; vice chairman, Mrs. Lloyd Guest; secretary, Mrs. Royden Parkinson; treasurer, Mrs. Carl Adams; historian, Mrs. Daniel Thayer; publicity, Mrs. Edwin Sharp.

Installation of the new officers will be held at the opening of the November meeting and committee chairmen will also be appointed.

Several donations to the council have been received recently; namely, money from the Lutheran Ladies Aid group, supplies from Mrs. Merrit Schlaack, Mrs. Fred Wolf and others who are interested in assisting this worthy organization in its efforts to aid the families in the area in times of sickness and distress.

The Hale Chapter has a loan closet containing nearly every facility for sick room care and has voted to purchase a small size walker to add to these facilities.

Anyone who is interested in assisting this organization or learning about its operation is invited to attend chapter meetings, held the second Tuesday of each month, 1:30 p. m., or contact any of the officers or members of the chapter. It is a community service group working for all who need its aid.

Daniel Pearsall, who underwent surgery at University Hospital, Ann Arbor, recently is convalescing at his home and feeling much better.

Mrs. Fred Wolf, Mrs. Robert Pember and Mrs. Florence Mann were in East Tawas recently attending a home demonstration leaders' session on basket weaving, paint embroidery and gift wrapping. These ladies will present the lesson at the October 24 meeting of the Hale group to be held at the home of Mrs. Wolf. Anyone interested in forming a group in her own neighborhood may contact Mrs. Dewey Hutchins, Hale, or Miss Dorothy Scott, home demonstration agent, East Tawas.

Mr. and Mrs. Farnsworth of St. Petersburg, Florida, were recent visitors of Mr. and Mrs. John Mortenson. The Farnsworths, cousins of Mrs. Mortenson, were enroute home from New York.

Mr. and Mrs. Henry Attwell and family of Charlotte, Mr. and Mrs. Robert Dillon of Whittemore, William Huber of Great Lakes, Illinois, and Mr. and Mrs. Alvin Reimer spent Sunday of last week with Mrs. Pearl Huber. They are children and grandchildren of Mrs. Huber.

Mr. and Mrs. Lawrence Ketchum of Lansing visited Mrs. Ketchum's sister, Mrs. Ed Tottingham, recently and also called on Mr. Tottingham at the Huron Convalescent Home.

Mr. and Mrs. Serge Thomsson were in Boyne City recently for a few days.

Mr. and Mrs. Arnold Shellenbarger of Remus were recent visitors at the home of Mr. Shellenbarger's parents, Mr. and Mrs. Jess Shellenbarger.

HIGH POINT of Friday night's game for Tawas Area fans came early in the game when Fullback Ed Collier, 44, broke loose for a 65-yard touchdown run. He is shown here at about midfield sur-

rounded by Gladwin players. Several key blocks allowed him to go all the way.—Tawas Herald Photo.

WITH ABOUT 15 seconds to go in the game, Doug Redman of Gladwin broke through the Tawas defense in a great individual effort to score the winning touchdown. He is shown here as he nears

goal line. He was hit by several Tawas defenders, but was able to fight his way to paydirt.—Tawas Herald Photo.

## Braves' Win Streak Stopped at Four Games by Gladwin

HALFBACK BRIAN HELMER, 42, of Tawas Area is shown here trying for a pass intended for Doug Redman, 30, of Gladwin. The ball sailed out of reach of both players.—Herald Photo.

Tawas Area's unbeaten season finally came to a grinding halt Friday night as Halfback Doug Redman of Gladwin gave a superb demonstration on why he should receive all-state honors.

The Braves, suffering their first taste of defeat this season in five games, lost to the Flying Gs, 13-6, in a hard-fought contest before a capacity crowd here for dad's night.

If the last 20 seconds could be erased from the second and fourth quarters of the game, the Braves would have had a 6-0 win. But, it was not in the cards to turn out that way.

With 20 seconds to go in the first half, Gladwin recovered a Tawas fumble and Redman went for his first touchdown to tie the score at 6-6. With 15 seconds to go in the fourth quarter, Redman rambled 12 yards through the Tawas defense to score the winning touchdown.

This game was probably the hardest fought battle ever staged here. Both teams had 4-0 records going into the game and it is a credit to both schools that only 15 yards were assessed in penalties. Three five-yarders were called against the visitors.

Tawas fans, who can be mighty proud of the Braves, will now have to wait until October 27 before seeing them in action again. They play at Roscommon that night after a welcomed break in the NEM schedule.

Both teams were not up to strength at the start of Friday night's encounter and were in a groggy condition at the conclusion. Center Al Miller and Guard Mike Heenan were slowed by injuries received earlier in the week. Miller was out for most of the game while Tackle Bill Westerman missed the second half. On the other hand, Redman, slowed from an attack of the flu, was sidelined by a hard tackle in the fourth quarter. He came off the bench, however, to give a tremendous one-man effort.

Until that time, the Braves had been playing with their backs to the wall for nearly three quarters and Coach Herb Escott would have been happy to settle for a 6-6 tie.

As has been the case in every game this season, the Braves scored the first time they got their hands on the ball. Taking a Gladwin punt on their own 21, Tawas moved to a first down on the 31 in four plays. Then, on second down, Fullback Ed Collier received good blocking from his teammates and he rambled 64 yards off tackle to a touchdown. The PAT attempt was not good and Tawas held an early 6-0 lead.

At this point, it looked to Tawas fans as though the Braves were going to break the game wide open. The Tawas defense held early in the second when the Flying Gs gambled on fourth down end-sweep and the Braves took over the ball on Gladwin's 41.

Some fancy footwork by Halfback Jim Herriman and good blocking by his mates picked up 16 yards to the G-25 and a first down. The Braves picked up three yards in the two running plays and a pass from Quarterback Jim Mick to End Lewis Werth went incomplete on the goal line.

On fourth down, Mick hit Halfback Ernie Lixey with a beautiful aerial, but officials ruled that it was good for six yards and not enough for a first down.

That play actually ended Tawas Area's scoring threat for the night. The Braves, with two first downs in the first quarter and one early in the second, were never able to get another during the remainder of the game.

Gladwin's offense came to life after taking over on downs. Redman picked up 63 yards in six carries, the last of which was the old "Statute of Liberty" play which went 34 yards to Tawas Area's eight. This same play hurt Tawas about six times during the night.

With their backs to their own goal, the Braves' defense racked up Redman for a seven-yard loss and then dropped Halfback Dan Hayward for a five-yard loss. Redman lost one yard after recovering his own fumble. Redman,

who seemed to be at a different position every time the ball was snapped, made a sensational grab of a pass thrown by Quarterback Pat Card on the Tawas four-yard line, but it was not enough for a first down and Tawas took over.

While in other games this season the Braves have played their best offensive ball in the second half, it was not slated to be that way against Gladwin. They just could not move the ball without blocks.

Two beautiful third down quick kicks by Collier, one going 35 yards and the other 55 yards, helped Tawas Area's defensive cause, but the Flying Gs continued on the move.

After Redman picked up a first down in three carries, Quarterback Card found End Leonard Keen all alone behind Tawas

Area's defense and the latter speared his pass and romped into the end zone. The touchdown was called back because of a penalty and Tawas finally took over on downs.

Gladwin controlled the ball during most of the fourth quarter and a pass from Halfback Hayward to End Keen proved to be a key play as it picked up 22 yards to the Tawas 34.

Earlier in the series, Redman had been nailed by a hard tackle and had to be sidelined. Gladwin then proceeded to move the ball to the 12-yard line without the

services of their star. On third down and only 15 seconds remaining in the game, Redman limped back on the field to inspire his mates. He went off tackle for 12 yards and a touchdown, in spite of being hit by three Tawas defenders before he reached the goal line.

Gladwin gained 250 yards to Tawas Area's 120. The Braves had three fumbles and recovered one. Gladwin had one and did not recover it.

## Hale Eagles Win 6-0 Game from Eastern

Hale Area Eagles downed Arenac Eastern Saturday night in a 6-0 defensive battle on the latter's home field.

The only score of the game came mid-way in the second quarter when Quarterback John Heilman went through the middle for 11 yards. The TD was set up earlier on a 20-yard pass from Heilman to Gary French.

Arenac Eastern had two scoring opportunities but the clock ran out on them before the half and in the fourth quarter.

Bo Caverly was the outstanding defensive player for the Eagles. Tom Quant kept Arenac Eastern in their own territory most of the game with several fine punts.

Bill Holzheuer was Hale's leading ground gainer of the night. The Eagles now have a two win, two loss record. They tied the Tawas Junior Braves.

Hale will play host to Atlanta Friday afternoon, 1:30 o'clock, in a North Star League contest.

A FAIR KILL of local ducks was reported the first day of hunting season at Tawas Lake. Neil Guyette, left, and James Brooks are shown here after they each came in with a mallard and wood duck. They also bagged nine coot. They reported that wood duck seemed to be plentiful this year, although in bagging one, they filled their limit for the year.—Tawas Herald Photo.

## Owls Take Fifth Straight Win

The Oscoda Owls rolled their fifth straight win of the season and their 11th in the past two years by handing Alcona a 32-0 drubbing Friday night in a Huron-Straits Conference encounter.

Reggie Marshall scored the opening TD on a one-yard plunge in the first quarter and in the second period, Halfback Ken Rose hit End Ernie Scharfaar with a 37-yard scoring pass with Tony Richardson kicking the PAT.

Later in the second stanza, Rose hit Richardson on a 25-yard TD play and Tackle Jim Vergote intercepted an Alcona pass and ran

back 20 yards to score. Quarterback Bill Miller ended the scoring in the third period with a 25-yard pass to Richardson, who again booted the placement.

## Oscoda JVs Down TA Junior Braves, 14-13, Thursday

Oscoda's Junior Varsity held on to a 14-13 halftime lead Thursday night to down the Tawas Jun-

ior Braves. Tawas jumped off to an early 13-7 lead in the first quarter when Dennis Lorenz went 54 yards off left tackle to score and Dale Harten took a pass from Pete LaRouche to score and LaRouche hit Hawkins for the PAT. Youngs scored the final TD of the night and a pass from LaRouche to Hawkins won the game.

Both teams were held scoreless during the second half defensive battle.

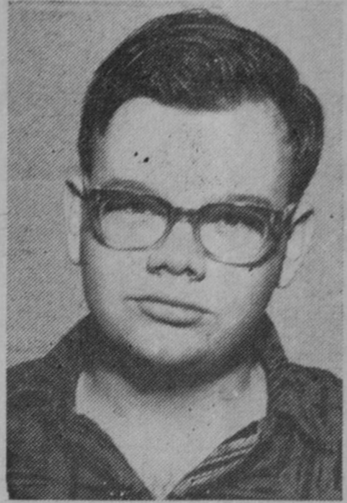

## Cards Lead at Half But Lose to Spartans

Pinconning Spartans defeated Whittemore - Prescott Cardinals, 26-13, Friday night in a NEM encounter.

Pinny moved to a 12-0 first quarter lead but saw their margin fade in the second period when the Cards counted twice and followed with a successful PAT to take a 13-12 halftime nod. The Spartans pushed over the winning TD in the third stanza and then added one more.

Scoring for the Cards was by Ron Armstead and Bill Thompson. Bruce Spitsen booted the extra point.

## Today's Teen

JOHN SOLOMON, 17-year-old senior, is the second student to be recognized by school administrators in this newspaper's new Today's Teen column. In his second year at Tawas Area, John is aiming toward a career of law and is majoring in English and history here. He hopes to study pre-law at Central Michigan University or Delta College. In addition to being a member of the student council and assistant editor of the Warhoop, John plays violin in the Saginaw Symphony Orchestra. He also enjoys hunting. His mother is Mrs. Elsie (Ahonen) Solomon.—Tawas Herald Photo.

**MICHIGAN IS CULTURE**

Culture is at the crossroads in Michigan, at all the crossroads. This is one more reason Michigan is a great place to locate an industry. Culture is a part of pleasant living. In itself, it is enjoyment. It is a means of surcease from the busy world of industry. It provides the opportunity for workers and management to come together in a spirit of mutual appreciation of the arts. Culture is essential to the full life. Michigan, with its libraries; world renowned museums and art galleries; its symphony orchestras, full and little; its theatre, professional and amateur; its concert stages; offers the ultimate in culture.

In Michigan there is an abundance of opportunity to enjoy the arts or to participate in them. This has a direct relationship in selecting location for a new industry or for industrial expansion. Cultural activity is important—and in Michigan it is almost everywhere.

Help carry Michigan's message to the nation. Clip this ad and mail it to someone in another state with your comment. Let's talk up Michigan and its advantages for industry. Together we can assure a greater future for all of us.
