NUMBER 15

WELCOMING two new members to the Iosco County Board of Supervisors Tuesday morning was Chairman Glenn Long, right. At left are Mayor-elect Clarence McKenzie and Councilman Edward Lixey of East Tawas.—Tawas Herald Photo.

Supervisors Name Long to Serve as Chairman

Iosco County Board of Supervisors opened its statutory April session Tuesday morning at the county building. Although the board usually meets the third Wednesday of each month, this session is set by law and is expected to run the entire week.

Principal business during the April session is approval of a preliminary county budget for the next year, footing of assessment rolls to determine the total assessed value of the county and equalization of the various taxing units.

Glenn Long, veteran chairman of the board, was re-elected to that position Tuesday morning. Henry Oates was named chairman pro-tem.

Two "new" supervisors were on hand for the start of the session. They were Mayor Clarence McKenzie and Alderman Edward Lixey of East Tawas.

McKenzie, former Third Ward alderman of that city who had served previously on the board of supervisors, was elected mayor last week.

Lixey, who served as an East Tawas alderman from 1947 to 1953, also has previous service on the board.

Two other new supervisors were unable to attend the opening ses-

sion. They are Cecil Lamb, who succeeds Fred Brabant as Second Ward supervisor of Tawas City, and James DeRosia, who is in his second year as an East Tawas alderman.

Committee appointments of (See SUPERVISORS, page 10.)

Wife of Alleged Impersonator Faces Federal Charge

Mrs. Mary Smith of Oscoda, whose husband, Richard, is held by federal authorities for impersonation of a federal officer, was arrested by FBI agents Tuesday morning.

She is charged with aiding and abetting her husband in enrolling young women in an organization he called the "American Underground." Smith, 27, is held under \$1,500 bond at Bay City while awaiting trial in federal court.

Assisting FBI officers in the arrest of Mrs. Smith was Iosco County sheriff's deputy, Mrs. Barbara Burch.

Mrs. Smith is to be arraigned before United States Commissioner Clarence S. Pettit at Bay City. Because of the couple's three small children, it is expected that she will be released on personal bond.

According to officers, Smith claimed his organization was formed for the purpose of training people to defend themselves against the Russians should they invade this country. He allegedly told them he had been employed by the FBI for the past four years.

Make Plans for Mayor's Exchange Day

Mayor's exchange day during Michigan Week, May 20-26, will find East Tawas' mayor, Clarence McKenzie, trading places with Wayne M. Black, village president of Romeo.

According to information received recently, Tawas City is to exchange with Lake Odessa, but Mayor George Tuttle said that no confirmation had been received as yet.

Program for Tawas City's annual observance of the mayor exchange, May 21, will be under auspices of the Tawas City Businessmen's Association. The city council has charge of the program at East Tawas.

DRIVE-IN OPENS

William Kitchen, manager of the Tawas Drive-In Theatre, announced today that the drive-in would open its season April 20.

Iosco Airport May Have Scheduled Airline Service

Tawas may have daily scheduled airline service, according to information received this week from the Alpena-Detroit Flying Service.

In a letter to the Iosco Aeronautics Committee, Robert C. Welch, airline president, said his company is considering the possibility of making a daily stop at Tawas on its scheduled service between Alpena and Detroit.

This would consist of a southbound flight leaving Tawas at 7:50 a. m. and a northbound flight arriving here at 7:00 p. m.

Welch wished to know what the charges would be for use of the new county airport and what facilities could be expected there.

"We would like to know what reaction we could expect from the Tawas people if we should attempt to run this schedule," said Welch. Henry Oates, chairman of the county aeronautics committee, was to present this letter Tuesday to the Iosco County Board of Supervisors at the start of its April session.

School Board Asks State Inspection of Alabaster Wiring

State inspection of recent electrical work at the Alabaster unit is to be requested by the Tawas Area Board of Education.

At Monday night's meeting, attention was called to the fact that this work had not been approved as yet by an electrical inspector and Supt. Reynold Mick was directed to communicate with the state electrical board.

The school had contracted with Bob's Electric last May to install a new fire alarm system and entrance service, to be completed by July 15. Part payment has been made on the contract but the remainder has been withheld until an inspection report is received.

In other business Monday night, Superintendent Mick reported that 46 teachers had signed contracts for the 1962-63 year. Before the start of the new school term next fall, some 51 teachers are to be signed to contracts.

Investigation is to be made into the possibility of a food catering service in hot lunch programs at East Tawas and Tawas City elementary schools.

Mick said that by adding special equipment at the high school kitchen and transporting hot dishes to the elementary schools, it may be possible to save considerable money through elimination of equipment duplication.

Special equipment would include insulation boxes to transport the hot food and vehicle required for the program.

Members of the kitchen staff are to investigate this program when they attend a meeting at Gladwin, where it is presently being utilized.

A new method of paying census enumerators, in order to equalize work and compensation of those who take the annual census of school age youngsters, was approved by the board.

Instead of paying a flat rate of \$15 for each of the former rural school districts, enumerators would be paid at a rate of 15 cents for each registration. Last year, (See SCHOOL BOARD, page 10.)

Announce Names of Honor Students at Whittemore-Prescott

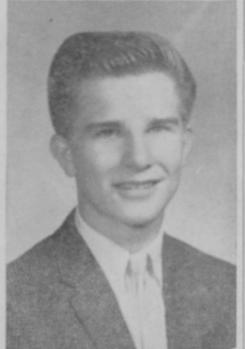

Honor graduates of the class of 1962 at Whittemore-Prescott Area High School were announced recently by Principal Aaron L. Manning.

Named valedictorian with a 3.64 scholastic average out of a possible four points was Pearl Ann Forster. Salutatorian honors went to Byron Charters, who compiled a 3.5 average.

The only child of Mrs. Dorothy Forster and the late Michael For-

PEARL ANN FORSTER

BYRON CHARTERS

ster, Pearl had participated in junior varsity and varsity cheerleading, Future Homemakers of America, student council secretary, the junior play, newspaper staff and is presently editor of the school paper. She is also active in her church choir and takes part in summer sports.

She plans to attend Northeastern School of Commerce, Bay City, next fall.

Byron, son of Mr. and Mrs. James H. Charters, has participated in basketball, baseball, band, senior play, yearbook staff and the youth group at church.

He has been a member of the student council, a delegate to Wolverine Boys State last summer and is now vice president of the senior class.

His future plans are to attend Central Michigan University at Mt. Pleasant this fall.

Other students in the top 10 are: Janet Koosis, 3.48; Judy Cliff, 3.41; Fred Zemke, 3.19; Roger Mott, 3.17; Kenneth St. John, 3.16; Richard Bee, 3.13; Sue DeGuvera, 3.10; Joan Stoner, 3.09.

Legion Makes Plans for Beaver Dinner

Fifteenth annual beaver dinner sponsored by Jesse C. Hodder American Legion Post, Tawas City, will be held Thursday night at Vic and Zel's Restaurant.

Serving will start at 6:00 p. m. and the general public is invited. Any profit from the dinner is to go toward the Legion Hall building fund, according to Commander Howard Hatton.

Members of the committee in charge include Carl Libka, tickets; John Brugger, food; Reginald Bublitz and George Westcott, serving.

A get-together will follow the dinner at the Legion Hall.

PROGRESS on the new main office building of Farmers and Merchants State Bank of Hale is pictured above. This view was snapped Friday morning and plate glass windows were installed on Monday of this week. General contractor is the Gregory Construction Company, Bay City. The building was designed by S. R. Bragg and Associates, Ann Arbor.—Tawas Herald Photo.

Operating Budget of \$603,068 Approved by Tawas School Board

An operating budget of \$603,068, representing an increase of \$5,310 over the 1961-62 year, was approved Monday night by the Tawas Area Board of Education.

The new budget is to be submitted to the Iosco County Allocation Board for approval this week.

Tawas Area School District will ask an allocation of three mills on a state equalized valuation of \$26,087,831.

The slight increase in operational costs was brought on by the higher cost of transportation, capital outlay in buildings, public utilities, maintenance and additional teachers.

Expenditures in some categories of the budget would be lower than last year. This includes furniture and equipment, down \$2,000, and outlay for buses, down \$6,000.

"Where we stand exactly at this time in regard to operational costs is impossible to determine, but we will still need to take care of increased costs," stated Supt. Reynold Mick.

With a balance on hand of \$87,000, the three mills would net the district operating taxes of \$217,346 and debt retirement of \$45,403.

Remainder of the budget would be made up principally by state aid of \$243,214, one of 13 other categories on the receipt side of the budget. Other major receipts would include \$29,000 as the state's share of transportation and \$10,000 for federally impacted students.

Youngsters Make Posters for National Library Week

As young friends of the Iosco-Arenac Regional Library, boys and girls of the fourth, fifth and sixth grades in Iosco and Arenac schools put their talents and imaginations into posters for National Library Week, April 8-14.

Mrs. Kenneth Blake and Mrs. Robert Brookbank of East Tawas and Mr. and Mrs. Harold Peterson of Tawas City served as judges in selecting five posters from each room of Tawas Area Elementary School and Immaculate Heart of Mary School. All posters will be displayed during the week at branch libraries and at library headquarters.

Youngsters whose posters were selected for special display are: Fourth graders—Pamela Webble, Vicki Anderson, Ricky Martin, Becky Minard, David Hilbert, Carol Horne, Veronica Shedenhelm, Terry Kindell, Philip Anderson, Janine McCoy, Carol Whitten, Arlene Washburn, Alicia Thompson, Patti Grindatti and Verna Herriman; fifth graders—Pamela Jenkins, Shirlene Nelson, Jacqueline Davis, James McMurray, Laurie Ezo, Gall Bischoff, Nadeen Loy, Susan Peters, David Meyer, Kitty Mitchell, Nancy Hennigar, Marti McCormick, Diane Simons

TAWAS STUDENTS TOUR BAY CITY INDUSTRIES

Agriculture and drafting students at Tawas Area High School toured several Bay City industries last Wednesday. They were accompanied by Robert Reanser, faculty member.

Plants visited included Pete Packing Company, Made-Rite Potato Chip Company and Aladdin Homes.

Feeding Program May be Answer to Deer Problem

Members of the Iosco Deer Survival Club are firm believers in a program of feeding deer during the winter to eliminate possibility of starvation.

Some 75 members toured the area west of Oscoda last week and found only four deer which were believed to have starved.

The club started feeding alfalfa hay and corn to the herd early in February and believe that this was one reason why the mortality rate was low.

Alabaster Township Adopts Budget

A budget of \$10,061 was adopted by the Alabaster Township Board at its meeting March 31. This was a \$604 decrease over the previous year's budget.

Breakdown of the budget shows \$3,000 for operating expenses, \$3,882 for road maintenance, \$200 for cemetery maintenance, \$1,462 for fire protection, \$467 for liquor law enforcement, \$500 for election expense, \$200 for zoning ordinance administration and \$350 for township dump maintenance.

With a balance on hand of \$2,051, the township expects to receive \$2,500 from sales tax, \$471 from intangible tax, \$467 from liquor licenses, delinquent tax of \$100 and building permits, \$42.

The county allocation board will be asked to levy nine-tenths of a mill on state equalized valuation. This would bring the township \$4,430. Last year's levy of one mill brought \$4,300.

In other business at the annual meeting, voters agreed to continue Peoples State Bank of East Tawas as depository for township funds and decided to continue monthly meetings of the township board on the second Tuesday of each month.

No changes were made in compensation of officers or other township employees. Henry Lake was named sexton of the township cemetery.

Preliminary plans were discussed in regard to dust control on a limited mileage of township roads during the coming summer months, according to Henry Oates, supervisor.

Centennial Group to Meet Weekly Until Observance

With only 10 weeks remaining before East Tawas' centennial, meetings of the centennial committee are now being held every Monday night at the Tawas Chamber of Commerce office.

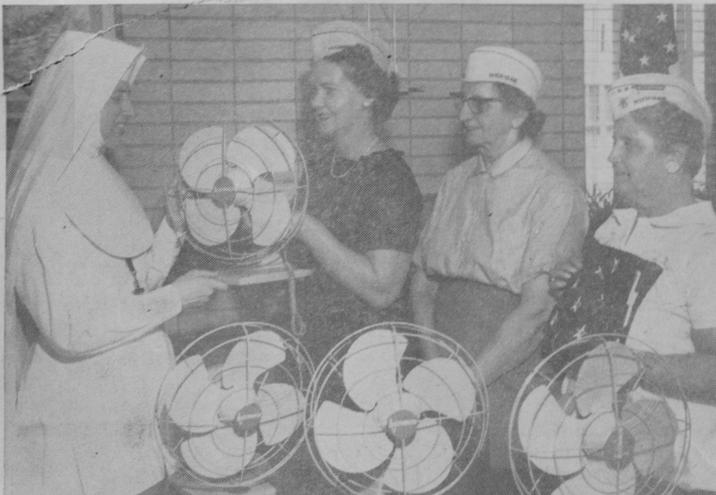

Anyone interested in assisting with plans for the observance and working on committees is invited to attend. Meetings start at 7:30 p. m.

At Monday night's meeting, it was reported that one unique feature of the centennial would be of real historic interest.

According to Conservation Officer A. G. Leitz, skindivers located several old sunken logs in Tawas Bay last summer which remained from the lumbering days.

These logs, which have been preserved by the water and still have the original brands of owners, are to be raised and floated to shore. They are to be placed on display during the observance.

Correspondence was received from Cong. Elford A. Cederberg acknowledging a letter from the committee. Investigation is being made into the possible visit of a United States Navy training vessel during the centennial.

PATIENTS at Tawas Hospital will receive the benefit of these fans purchased by the Women's Auxiliary of Iosco Post No. 5678, Veterans of Foreign Wars. Presenting the fans to Sister M. Olivia, SSJ, hospital administrator, were Mrs. Frank Hill, community service chairman, and Mrs. William Ohst, auxiliary president. Mrs. Opal Kyser, Americanism chairman, holds an American flag which the group presented to the hospital. The auxiliary raised money for this project by selling cookbooks.—Herald Photo.

I pledge allegiance to the flag of the United States of America and to the republic for which it stands; one nation, under God, indivisible, with liberty and justice for all.

Read Isaiah 61:1-7; Luke 9:57-62
Go thou and preach the kingdom. (Luke 9:60.)

When Blaise Pascal was young, he already was marked as a genius. By the age of 16, he had published an essay in the field of higher mathematics. While still a student, he had rediscovered by himself over 30 of the propositions of Euclid. At 20, he created an instrument which embodied the basic principles of modern calculating machines.

But Pascal is known also for something other than his scientific and mathematical contributions. He is known for his religious writings for his passion as a Christian.

Who sparked his religious experience? It is attributed simply to a sermon preached by Mr. Singlin at Port-Royal-de Paris on December 8, 1654. The preacher may not have realized in his preparation and delivery that he was to have the opportunity, by God's grace, to influence one of the greatest minds of all time.

Every Christian, whether layman or clergyman, has the responsibility of being God's witness. The Word must be proclaimed. That is every Christian's duty. God reaps the harvest in His own time.

PRAYER

O God eternal, who art ever working in the "Now," lay upon our hearts our responsibility to be Thy witnesses. Fill us with confidence and skill to preach the gospel. For Jesus' sake. Amen.

LOOKING BACKWARD—

Small Pox Rages In Sherman; In Epidemic Stage

April 11, 1962—An epidemic of smallpox is raging in Sherman Township. Health authorities of the township are making every effort to cope with the situation, but many people who have been exposed to the disease continue to travel around at large. The Tawas City Common Council passed a resolution Monday night to the effect that no resident of Sherman Township be allowed to enter the city until the epidemic ends.

Eli Dutton of Whittemore was a business visitor here Saturday.

Gus Waack has purchased the Dr. McIntosh residence.

The steam barge, Dunbar, was the first boat to load at the Prescott dock this season.

Miss Lou Crandall is the new clerk in the dry goods department at the C. H. Prescott and Company store.

Miss Hazel Brown returned Monday from Ann Arbor.

John McArthur of Bay City has opened a restaurant in the Bradley Building at East Tawas.

Rudolph Stark and family have returned from Chicago where they have spent the past few years.

Supervisors elected last Monday: John McFarland, George Sutherland, W. H. Simpson, A. F. McDonald, P. Rosenthal, H. A. Brown, AuSable; T. G. McCausland, Alabaster; G. C. Karus, Baldwin; A. H. Wiltzie, Burleigh; C. W. Luce, W. O. Emery, J. G. Dimmick, W. H. Warren, East Tawas; William H. Warren, Grant; Edward Ely, Oscoda; Leander Gardner, Plainfield; Thomas Jackson, Reno; Thomas A. Wood, Sherman; J. M. Waterbury, W. W. Ramage, L. J. Patterson, Tawas City; Thomas McLeod, Tawas; John Searle, Wilber.

T. A. Thompson returned Tuesday from a visit in Saginaw.

April 9, 1937—The smelt are running in Tawas River. The river banks are crowded with fishermen every night.

Mrs. Amelia Strauer is spending a few days in Flint.

Miss Bernice Klumb is visiting her mother at West Bend, Wisconsin.

Mr. and Mrs. John St. James left Wednesday for a visit with relatives in Lansing.

Ralph E. Crowell of Duluth, Minnesota, has succeeded Warren T. Murphy as supervisor of Huron National Forest.

Miss Denesge LaBerge has returned from a visit of a month in Detroit.

Mrs. C. R. Garlock left Monday for Detroit where she will spend several days.

Mr. and Mrs. Edward Robinson, Mr. and Mrs. Alex Robinson of Reno Township and Mrs. Charles Beardslee are visiting relatives in Canada.

April 11, 1952—Sugden and Sevier were the successful bidders for the M-65 highway project from Twining to Whittemore.

The voters of Iosco County authorized a bond issue for the construction of a new courthouse at last Monday's election.

Davison and Rose Builders have opened an office in the Babcock-Hertler Building.

Emanuel Lutheran Church has received a gift of a Vibrachime carillon from Paul Anschuetz of Tawas Township. It will be dedicated Easter Sunday.

Mr. and Mrs. William Struthers of Tawas Township are spending a few days in Flint.

TAWAS CITY WSCS ELECTS NEW OFFICERS THURSDAY

Mrs. Charles VanHorn was elected president of the Tawas City Methodist WSCS at its meeting Thursday evening. Elected to serve with her were Mrs. Howard Staebler, vice president; Mrs. Waldo Leslie, recording secretary; Mrs. Geraldine Smith, treasurer; Mrs. John Hatton, secretary of children's work; Mrs. Donald Deering, secretary of social relations; Mrs. Eber Wetzel, secretary of missionary education and service; Mrs. Charles McLean, secretary of promotion; Mrs. Reynold Mick, secretary of spiritual life; Mrs. Carl Schaaf, secretary of student work; Mrs. William Galliker, secretary of supply work; Mrs. Albert Conklin, secretary of youth work; Mrs. Nelson Ulman, secretary of local church activities; Mrs. Ira Horton, secretary of literature and publication.

Mrs. George Liske, retiring president, thanked the members for their support throughout the year. Mrs. Mick gave devotions for the 35 persons in attendance at this annual meeting.

A cantata, "Because I Live," was presented with Mrs. George Leslie

APPOINTED CHAIRMAN OF APRIL 29 DINNER

Mrs. Arnold Kuerbitz was appointed chairman of the congregation's planned pot-luck dinner April 29 at the Zion Lutheran Ladies Aid meeting Thursday evening. The dinner, which will precede the dedication services of the new school, will begin at 12 o'clock noon. Assisting Mrs. Kuerbitz will be Mrs. Harold Johnson and Mrs. Arnold Guilford.

Plans were also discussed for the Easter breakfast beginning at 8:00 a. m.

CHRISTIAN SCIENCE—

Christian warfare, in which spiritual good overcomes the evil in human thinking, is a theme of the lesson-sermon to be heard Sunday at Christian Science Church services.

Scriptural selections will include Paul's exhortation: "The night is far spent, the day is at hand: let us therefore cast off the works of darkness, and let us put on the armour of light" (Romans 13). "Are Sin, Disease, and Death Real?" is the title of the lesson-sermon.

This citation from "Science and Health with Key to the Scriptures" by Mary Baker Eddy will also be read: "Christians must take up arms against error at home and abroad. They must grapple with sin in themselves and in others, and continue this warfare until they have finished their course. If they keep the faith, they will have the crown of rejoicing" (p. 29).

ORDER OF EASTERN STAR SCRAPBOOKS—White with emblem stamped in gold. On display at the Tawas Herald, 408 Lake Street, Tawas City. Phone FO 2-3487.

100 Years Ago This Week...in THE CIVIL WAR

(Events exactly 100 years ago this week in the Civil War—told in the language and style of today.)

Signal Hub

A typical signal tower as constructed during the Civil War. On clear days, flag messages could be seen—by both sides—from as far as 20 miles away.

Northern Spies Hijack Georgia Locomotive

Daring Stunt Triggers Chase, 20 Operatives Finally Seized

MARIETTA, Ga.—April 12—About 20 Union spies stole a locomotive near here today, setting off a chase that led to their capture several hours later.

The daring theft occurred at Big Shanty, some eight miles northwest of this Georgia city. Object of the operation was "The General," a handsome new locomotive of the Georgia State railroad.

The 20 northerners were among passengers on the mail train when it stopped at Big Shanty early in the morning to allow crew and riders to eat breakfast.

While the others piled into a railroad cafe, the 20 men, in civilian clothes, seemed to loiter around the locomotive, witnesses reported.

Suddenly, and with obviously elaborate planning, they unhitched the front end of the train—the locomotive, tender and three box cars—and headed north toward Chattanooga, some 100 miles to the north.

An astounded Southern sentry witnessed the larceny but did nothing to prevent it.

JAMES J. ANDREWS of Kentucky led the raiding party, acting under orders of Maj. Gen. Ormsby Mitchell.

The dramatic chase was led by the train's conductor, W. A. Fuller; other crewmen and a road superintendent, Anthony Murphy. After witnesses burst into the restaurant to report the seizure

of the locomotive, Murphy commandeered a handcar and set off in pursuit of the chugging locomotive.

AFTER 20 miles of this, the rail official came upon a steamed-up locomotive near Etowah, assumed control of it, and continued the chase.

Frequently, the Union raiders stopped to tear up rails and destroy telephone lines—their original purpose. In each case, the pursuing Southerners hastily re-laid the rails and continued with the chase.

About 18 miles short of Chattanooga, the chase came to an end after the Union raiders ran out of fuel and took to the woods.

Militiamen soon tracked them down and they were hauled off to Ringgold, Ga., and later to Chattanooga, where they were held for trial.

Kernstown Losses

KERNSTOWN, Va.—April 14—Official losses in the recent battle between North and South here have been pegged at 716 Confederates killed and 590 Union fatalities.

(Copyright, 1962, Hegerwisch News Syndicate, Chicago 25, Ill. Photo: Library of Congress.)

Losses at Shiloh Stun Both Sides

Hear 3,500 Die; Gen. Johnston A Casualty

PITTSBURG LANDING, Tenn.—April 7—The bloodiest battle to date in the Civil War ended here today with an estimated 3,500 dead and 17,000 wounded.

Among the dead was Gen. Albert Sidney Johnston of the Confederate Army, commander of the rebel forces engaged. He was opposed by Maj. Gen. Ulysses S. Grant of the North, who has scored a notable number of successes since pulling his troops out of Illinois to invade Missouri and Tennessee.

Focal point of the fierce fighting was Shiloh Church, a modest house of worship fitted snugly into the wooded fields that became scene of the carnage.

THE ACTION began yesterday when Johnston, commanding some 40,000 troops, hurled them against Grant's 42,000 soldiers encamped at this Tennessee River town.

Both forces were made up of many units never before engaged in battle.

At dawn yesterday, Missouri division patrols stumbled upon spearhead units of Johnston's force, advancing in strength on the Union division commanded by Grant and Maj. Gen. William Tecumseh Sherman.

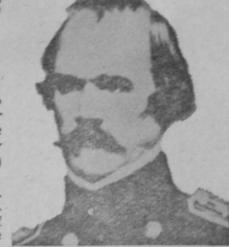

The Missouri troops, led by Brig. Gen. Benjamin M. Prentiss, regrouped at a spot dubbed the "Hornet's Nest" and held off the attackers for a while.

But other outfits under Johnston poured into the lines commanded by Sherman and Brig. Gen. John A. McClernand, inflicting heavy casualties.

One of the first Union officers to fall was Brig. Gen. W. H. L. Wallace, mortally wounded in the Hornet's Nest assault.

Gen. Johnston, one of the South's strongest commanders, was shot in the hip during today's fighting. He died within an hour.

VICTORY went clearly to the

GEN. JOHNSTON Killed in Battle

North only after the arrival of some 20,000 troops commanded by Maj. Gen. Don Carlos Buell and another 5,000-man division led by Maj. Gen. Lew Wallace of Indiana.

Gen. P. G. T. Beauregard, Southern hero of Ft. Sumter, who assumed command after Johnston's death, regrouped his units for a frontal attack, but the offensive never came off.

Grant, with the fresh Buell and Wallace troops in the fore, regained their original position early today and drove the Confederates from the field surrounding Shiloh.

Estimates are that 1,700 Union soldiers were killed, with 8,500 wounded and some 2,700 missing. Southern losses were placed at 1,800 killed, 8,000 wounded and 1,000 missing.

Grant, with the fresh Buell and Wallace troops in the fore, regained their original position early today and drove the Confederates from the field surrounding Shiloh.

Estimates are that 1,700 Union soldiers were killed, with 8,500 wounded and some 2,700 missing. Southern losses were placed at 1,800 killed, 8,000 wounded and 1,000 missing.

Eighth in a series—

PLOTTING A COURSE

In the two previous discussions, charts and compasses have been discussed. Now these two boating aids will be teamed so as to be able to plot a course on a chart and then be able to travel from the starting point using a compass to reach the destination with reasonable accuracy.

Most everybody is aware from their early schooling in geography that the north magnetic pole and the true north pole are not at the exact same location. For this reason, a compass point to the north magnetic pole instead of the true north pole. And, too, there are other magnetic forces in the earth itself effecting the direction in which the compass points. The difference in any compass reading at a particular point and the true north reading for that same point is called variation.

In developing a chart for an area, the corps of engineers determines the average variation for that area and so states on the compass rose of the chart. It might, for example, read four degrees west or two degrees east, as the case may be. The compass rose, by the way, is made up of circles divided into 360 degrees, one inside the other. North is considered as being at 0 degree. The outer circle represents true readings and the inner circle, magnetic readings. The difference between these two circles will be whatever the variation is for that area, like our example of four degrees west or two degrees east.

The line you draw on your chart and representing your course is always considered a true course. The bearing of that course in degrees can be determined by transferring the line to the compass rose by use of a parallel rule or other means. Careful comparison with the inner circle of the compass rose will tell you your magnetic course. Or if you want to figure it out with a pencil you can determine your magnetic course by adding the westerly variation or subtracting the easterly variation shown on the compass rose to or from the true course.

In our previous article on compass, we discussed the development of a deviation table for your own

compass for your boat. Such a table might look like this, in part:

Compass heading, 0 degree; deviation, five degrees east.

Compass heading, 15 degrees; deviation, three degrees east.

Compass heading, 30 degrees; deviation, one degree west.

Compass heading, 45 degrees; deviation, three degrees east.

To translate the true course, you have drawn on your chart to its equivalent reading on your compass, we have two steps to go through, from true to magnetic to compass course. First take the true course reading from your chart, add westerly variation or subtract easterly variation (shown on the compass rose of your chart, remember?) and this gives you the

magnetic course. Now take this magnetic reading and again add westerly deviation or subtract easterly deviation (taken from the nearest compass heading on your boat's deviation table, as above). The resulting reading is the heading or course you steer by your compass to follow the course drawn on your chart.

Example: Suppose the true course on your chart reads 45 degrees. Add westerly variation of four degrees (from compass rose) which equals 49 degrees magnetic. The nearest reading on your boat's deviation table is 45 degrees which has an easterly deviation of three degrees, which you subtract from your magnetic course (49 degrees) and the result is 46 degrees. You,

therefore, steer your boat with the compass pointing to 46 degrees. Take your chart and plot several different courses using the above explanation slowly and step by step. A little practice will soon make you quite proficient.

EAST TAWAS' CENTENNIAL YEAR ---- 1962

Faces Out of the Past—Young Men of the CCCs

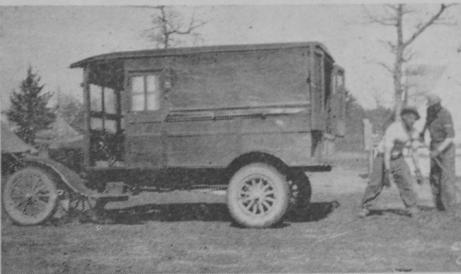

Returning to Camp After Working in the Woods

CCCs Developed Many Recreation Sites in Huron

Cook Tent at CCC Camp

Evening "Police Call"

Of the numerous depression-bred agencies established by the federal government, perhaps the best-remembered and most appreciated by residents of this area was the Civilian Conservation Corps.

Born at the depth of hard times, the CCC was short-lived as compared to other agencies created in the 1930s, many of which are still in existence.

The Cs operated only about nine years here—from 1933 until 1942—but work of the "Chocolate Covered C (K)ids" can still be seen and enjoyed in the Huron National Forest.

Today, Camp Silver Creek is only an open clearing along Monument Road west of the Tawas, its buildings having been removed years ago. But, in the mid-1930s, this was "home" to some 212 young Michigan men. Nearly 1,000 men were located in four other camps in the Huron.

Many of these young men, their ages ranging from 18 to 21, came from the metropolitan areas. Most were down on their luck... jobs were scarce. Others in the ranks came from the local area and a good many family men of today can recall the cold winters, hard work and companionship at Silver Creek.

The CCC was a semi-military organization. Housing, feeding and supervision was administered by regular officers of the United States Army. Supervision of work details was handled by the United States Forest Service or Michigan Conservation Department, depending upon the locale of work to be done.

An enlistee in the Cs was paid \$30 a month and received his food, clothing, housing and medical care from the federal government.

First to be established in the Huron was Camp Luzerne and later in 1933 came Camp Silver Creek. The men spent their first winter in squad tents, but frame buildings were constructed the following year.

Location of the forest service headquarters at that time was in the home of the present ranger, Joseph Blake, at East Tawas.

The forest service hired about 10 foremen from the local area, all with considerable experience in the woods, to supervise work of the Cs. In addition, the department's college-trained foresters were on hand to oversee and plan the work.

Much lasting good came from the Civilian Conservation Corps. Not only did it offer a "second chance" to many a young man off the city streets, but camp grounds at Corsair Park, Silver Valley, High Rollways and Loud Dam were constructed and are still in use.

In addition, the Cs built the Silver Valley winter sports area and maintained it for several years, constructed housing facilities at fire tower locations, planted trees, cleared truck trail fire breaks,

worked on timber stand improvements, collected tree seeds, raised nursery stock, expanded Beale Nursery at East Tawas, improved lakes and streams, not to mention its work in the field of fire suppression.

And they learned to work with their hands in a healthful and invigorating atmosphere.

Operating under a regular army routine, the men would fall into formation following morning mess call and then would be turned over to the forest supervisors for the work day. Noon meals would be served in the field and the men would be turned back to the army at 5:00 p. m.

Following evening mess call,

the men would attend classes in wood working, welding, automobile maintenance and other crafts taught by foreman and forest supervisors.

Instruction in regular high school subjects was approved by the state department of education and many young men received their high school diplomas in camp.

Today, the CCC is no more, having gone out of existence during the early years of World War II. Work of these young men should not be forgotten as these camp sites and recreational areas in the Huron are still being maintained more than 20 years later by the United States Forest Service.

Tawas City PW Approves Four Building Permits

Four building permits were approved last week by the Tawas City Department of Public Works. Approved was a new 24 by 40 frame home submitted by Kenneth Frank, Sixth Avenue. Estimated cost was \$8,000.

A 20 by 40 fruit market of block construction was approved for James Compo of Pinconning. This building is to be constructed near the intersection of M-55 and

US-23. It is to be located on the site of a temporary fruit stand last year. Estimated cost was \$2,500.

Fred Brabant, 228 Second Street, received approval for remodeling the interior of his home. Estimated cost was \$1,500.

Application by Arthur Allen, 629 German Street, was approved for construction of a 24 by 26 garage. Estimated cost was \$650.

Even at 50 degrees, ice can form in your carburetor and stall your engine. Read how Super Shell's anti-icer helps to fight these mysterious stalls.

How one of Super Shell's 9 ingredients fights the mysterious icing stalls that can strike when the temperature is above freezing

Odd as it may sound, you're more likely to need Super Shell's anti-icing ingredient at this time of year than in the middle of winter.

Another odd fact explains why: carburetor icing is most likely to stall your engine when the outside temperature is above freezing—even as high as 50 degrees.

How carburetors can get cold

When air flows into your carburetor, it makes the fuel evaporate. This lowers the temperature inside the carburetor.

To get some idea of what happens when the fuel evaporates, moisten the back of your hand. Notice how the skin suddenly feels quite cool? That's due to the moisture evaporating. The same thing happens inside the carburetor of your car.

Now that you know how carburetors can get cool, it's easy enough to understand how ice can form. Here's the sequence:

1. You can't have ice without having moisture first. When the temperature goes below freezing, there tends to be less moisture

in the air. But when it warms up a bit—during the spring, for example—the air can pick up and hold much more moisture.

2. With your engine running, your carburetor takes in great quantities of air. At this time of year, it's very likely to be moisture-laden air.

3. The refrigerating process inside your carburetor can turn that moisture to ice almost instantly.

4. Once that ice sticks to vital carburetor parts and starts to build up to a critical level, you're an A-1 candidate for an icing stall.

How Shell's anti-icer works

Super Shell's anti-icer fights ice buildup in your carburetor by coating vital carburetor parts with a thin protective film. This film helps carburetor surfaces to shrug off the ice before it can build up to a critical level and cause you to stall.

Since you now know the facts on Super Shell's anti-icer, check the box on the right for a capsule report on the other ingredients in today's Super Shell. Then you'll know why it can give top performance all year.

Super Shell's 9 ingredients for top performance

- #1 is TCP* for power, mileage, and longer plug life.
- #2 is Pentane mix for fast warm-ups.
- #3 is anti-knock mix to resist all kinds of knocks.
- #4 is gum preventive to help keep carburetors clean inside.
- #5 is Butane for quick starts.
- #6 is "cat-cracked" gasoline—for power.
- #7 is an "anti-icer" to help check cold-weather stalling.
- #8 is Alkylate to help control "high-speed knock."
- #9 is Platformate for extra mileage.

*Requirements for Shell's unique gasoline additive. Gasoline containing TCP is covered by U.S. Patent 2880212.

Hale Track Team Wins Season Opener Against Arthur Hill

Hale Area track team piled up five firsts to take a 66-34 decision over Saginaw Arthur Hill last Wednesday.

Winning firsts were Ronald Brinkman in high and low hurdles, Mike Clayton in 100-yard dash, Don Booker in the 440 and Calvin Bell in pole vault.

Tom Quandt took a second in broad jump and shot put, Dave Emmons was in a tie for second in pole vault and Cliff Redmond won a third in the mile.

Next meet slated for Coach Bill Morris' thinclds will be held April 19 at Oscoda. This meet is to be followed April 24 against Bay City Handy JV, May 4 at the Central Michigan Relays, May 11 at the Unionville Invitational, May 14 at the Oscoda Invitational, May 19 at the regional meet, May 23 at the North Star League meet and May 23 at the state meet.

In addition to winners in the meet last week, other returning lettermen include Barton Caverly, Robert Hiltz and Ronald Drengberg.

Dale Bielby Named Second All-League Team in North Star

Dale Bielby, Hale Area senior, was recently named to the second team of the North Star All-League basketball team. Receiving honorable mention was John Heilman, Hale Area junior.

According to William Morris, league secretary and Hale Area coach, the first team was composed of Clare Pearsall, senior, Fairview; Richard Dunn, senior, Onaway; Donald Fitch, junior, Onaway; James Basch, senior, Atlanta; Harry Kihn, junior, Hillman.

In addition to Bielby, other second team members were Austin Briley, senior, Atlanta; Doug Green, senior, Rose City; Gary Wyckoff, senior, Mio; Tim Cooley, senior, Rose City; Charles Bontrager, senior, Fairview.

Receiving honorable mention along with Heilman were Allen Miller, senior, Fairview; Victor King, junior, Onaway; Richard Whaley and Lloyd Kaufman, seniors, Mio.

COACH BILL MORRIS WITH MIKE CLAYTON AND DON BOOKER

Hemlock News

The Rural Women's Study Club met April 4 at the home of Mrs. Charles Timreck with husbands as guests. Judge Allan C. Miller was guest speaker.

Mr. and Mrs. Milton Unkel entertained Mr. and Mrs. Ed Moggo of AuGres and Mrs. Kate Herman last Tuesday.

Mr. and Mrs. Earl Herriman visited a day last week at Pinconning with Mr. and Mrs. Peter Runduk.

Mr. and Mrs. Victor Herriman hosted the prayer meeting last Thursday evening.

Week-end guests of Mrs. Charles Brown were Mr. and Mrs. Raoul Hermann and daughter.

Mrs. Lester Biggs, Mrs. J. D. Borders and children visited at Bay City and Saginaw a few days last week.

Mrs. Earl Herriman and Mrs. Olen Herriman visited Friday at West Branch.

Mr. and Mrs. Walter Otis of Sand Lake left Thursday on a three-month vacation in Europe.

Friday guests of Mrs. Clara Smith and Harvey McIvor were the Ronald McIvor family of Maple Ridge and Mr. and Mrs. John Wehrman.

NAME NEWLY-APPOINTED NOTARIES FOR IOSCO CO.

Secretary of State James M. Hare today released the list of notaries who were newly-appointed or reappointed during the first quarter of 1962. Those in the Iosco area are: Bruce Myles, Tawas City; Donald Goodrow and Richard L. Pfahl, Hale, Dorothy J. Smith, Frank W. Birkenbach and Delos E. Collier, East Tawas; John A. Larson and Mary Anna Ballor, Oscoda.

Tawas Delegates Attend FHA Confab at Grand Rapids

Rose Crocker, Kitty Kolonich and Patricia Davenport, delegates for Tawas Area High School, attended the 16th annual state meeting of the Michigan Association of Future Homemakers of America, as the delegates of the Tawas Area chapter.

They were among the 1,500 teenagers who attended the three-day meeting in Grand Rapids April 4-6. Theme of the meeting was "Fashion Your Future with F. H. A."

Highlight of the three-day meeting was the appearance of Dr. Evelyn M. Duvall, noted family and youth counselor, who spoke to the group on Thursday. Her speech was "Pressures To Conform—Everybody's Not Doing It."

At this time, the new state officers from 1962-63 were presented. State homemaker degrees of achievement were awarded and the scholarship awards were presented to outstanding future homemakers who will major in home economics in college next fall.

Laurence J. Taylor, vice president for leadership development for Hillsdale College, assisted the state staff of the Homemaking Service as general consultant to the annual meeting. Mr. Taylor spoke on "Life's Strange Pattern, Imperfection."

F. H. A. Chapters in Michigan are sponsored by the home economics departments in the local schools and the home and family life education service of the State Department of Public Instruction.

Mrs. Dorothy Clark, homemaking teacher, is the F. H. A. advisor of Tawas Area High School Chapter. Mrs. Perry Crocker of East Tawas accompanied the group.

Mrs. Bannister is Host to FB Committee

Mrs. Joseph Bannister entertained the Iosco County Farm Bureau Women's Committee at the Hale Community Hall Wednesday, April 4.

At the business meeting, Mrs. August Lorenz told of a spring district meeting to be held at the Rust Township Hall at Montmorency. The meeting is to be held from 10:00 a. m. to 3:00 p. m. There will be a pot-luck lunch.

All ladies of the Farm Bureau are cordially invited to attend. Mrs. Arthur Muir and Mrs. Marjorie Karker are to be speakers. There is to be a program by the National Livestock and Meat Board.

After Wednesday's business discussion, Marvin Davenport, county agent, spoke of future farming in Iosco County.

Next meeting is to be held at the home of Mrs. Harold Siegrist of Whittemore on May 2, 1:30 p. m.

Hot Lunch Menu Told at Tawas Area Schools

Hot lunch menu for Tawas Area Schools is as follows:

Wednesday, April 11: Meat loaf, mashed potatoes and gravy, green beans, bread and butter, apricots, milk.

Thursday, April 12: Chicken salad, cheese sticks, peas, rolls, chocolate pudding, milk.

Friday, April 13: Salmon loaf, mashed potatoes, buttered corn, bread and butter, fruit gelatin, milk.

Monday, April 16: Barbecued pork on bun, hashed brown potatoes, peas and carrots, bread and butter, diced peaches, milk.

Tuesday, April 17: Goulash, bread and butter, cheese sticks, tossed salad, up-side-down cake, milk.

Wednesday, April 18: Potato salad, hot dog on bun, celery and carrot sticks, apple sauce, milk.

Thursday, April 19: Macaroni and cheese, green beans, cole slaw, bread and butter, cherry cobbler, milk.

Officers Elected at Annual Meeting

Mrs. Elizabeth Holland was re-elected president of the Twentieth Century Club at its annual meeting April 4. Other officers elected were Mrs. Douglas Ferguson, first vice president; Mrs. A. J. Sevens, second vice president; Miss Bessie Brown, secretary, and Mrs. Donald MacDonald, treasurer.

Richard Ferguson, David Featheringill, Max Beach and Robert Richter, members of the Tawas Community Chorus, will give a music day program April 11, instead of April 18 as previously announced. Mrs. Ira Horton is music chairman.

Miss Leonora Hass thanked the club for the drapes presented to the Tawas City Branch Library. It was voted to present a gift to the school in appreciation for the use of the library for club meetings. Gifts of money were also voted to Red Cross, cancer, march of dimes, nickels for nurses fund, penny art fund and Indian scholarship.

Local girl scouts were guests and entertained with a novel fashion show. Spring hats created by the girls were on display as well as dolls dressed by them. Mrs. Geraldine Smith, Mrs. Reginald Bublitz and Mrs. Stanley Wagonis are girl scout leaders.

Refreshments were served by Mrs. George Rice, Mrs. George Leslie, Mrs. George Liske, Mrs. MacDonald and Miss Arlene Leslie.

Mr. and Mrs. John Reynolds and sons of Saginaw were Saturday visitors of Mr. and Mrs. John McCormick.

Prospective Members to Attend Meeting

Ladies Literary Club members are to bring prospective members to the April 18 meeting at the clubrooms. Reynold Mick will be guest speaker with education as his topic.

A gift to state scholarships and a report on the state convention are listed on the agenda of this 8:00 p. m. meeting.

Hostesses are Mrs. Peter Lichtfusz, chairman, assisted by Mrs. L. G. McKay Sr. and Mrs. Rex Kochenderfer.

Celebrated 6th Birthday With Anniversary Party

David Mielock Jr. of East Tawas celebrated his sixth birthday anniversary with a party Friday afternoon. Six of his friends attended the party at which games were played with prizes going to highest and lowest contestant.

Richard Whitford, William Carter, Michael Hughes, Kevin Elliott, Gregory Hackborn, Andrew King and Kevin Mielock were served a luncheon concluding the afternoon.

Rainbow for Girls Give Initiatory Work at Meet

The altar at Iosco Chapter No. 71, Order of Eastern Star, meeting Friday evening was draped in honor of James F. Mark, W. Mark Sexton Assembly, Rainbow For Girls, gave their initiatory work before the regular meeting.

Refreshments were served by Mrs. W. A. Evans, Mr. and Mrs. Arthur Evans and Miss Ruby Evans.

Honored With Bridal Showers the Past Week

Miss Shirley Patterson of Tawas City, May 5 bride-elect, was honored with two showers over the week-end. Saturday evening, Mrs. James Killingbeck hosted a miscellaneous shower with 13 attending.

A linen shower Sunday afternoon for Miss Patterson was given by Mrs. Henry Oates. Twelve were present.

Marriage Vows Exchanged at Augusta, Georgia

Julia Lea Kleeb of Augusta, Georgia, and Frank W. Bowman of East Tawas were married in the formal gardens of First Presbyterian Church at 4:00 p. m. March 27. The Rev. James L. Goodwin performed the single ring ceremony for the daughter of Mr. and Mrs. Frederick E. Kleeb of Augusta and the son of Mr. and Mrs. Lloyd L. Bowman of East Tawas.

The bride, who will be residing at 519 Maxwell House, Augusta, attended Richmond Academy, Augusta, and St. John's College, Annapolis, Maryland. Mr. Bowman, who is serving a tour of duty with the United States Army, attended Tawas Area High School and Michigan State University.

See Flower Slides at Garden Club Meeting

Slides of lilacs, peonies and shrubs were narrated by Mrs. Paul Harvey at the East Tawas Garden Club meeting Monday evening. Mrs. H. Eugene Hanson hosted the group at her home.

Arrangements by Mrs. Herbert Hertzler and Mrs. Frank Wilkusi were on display.

Mrs. Albert F. Allmayer, a member of the state federation board, will give a talk on "Standard Flower Shows" at the May 14 meeting. This meeting at the Tawas Area High School will be guest night.

Mr. and Mrs. Maurice Campbell of Bay City visited Sunday with Mrs. Frank Berzhinski.

Hester-Jordan Nuptials

MR. AND MRS. DONALD HESTER

Living at 511 Adams Street, East Tawas, are Mr. and Mrs. Donald Hester, who were married April 7 in Grace Lutheran Church by the Rev. William C. Lindholm. White snapdragons and yellow daffodils decorated the church for the double ring ceremony in which the son of Mr. and Mrs. Earl Hester of East Tawas claimed Miss JoAnn Jordan, daughter of Mr. and Mrs. John Jordan of National City, as his bride.

Mrs. Richard Frank sang "O Perfect Love," accompanied by Mrs. Charles Nash.

A chapel train graced the bride's floor length gown of silk organza and imported French Chantilly lace. A jeweled crown added charm to her hand-rolled veil of bridal illusion. Her bouquet consisted of white orchids and stephanotis with ivy and white satin streamers.

Wearing yellow satin over taf-

feta dresses with matching rose headbands were Mrs. Allen Hockersmith, sister of the bride, matron of honor, and Miss Barbara Hester, sister of the bridegroom, bridesmaid. White gardenias and yellow roses created their bouquets. Miss Marilee Jordan was flower girl in a white nylon sheer dress and matching headband. She carried a white basket filled with yellow daffodils.

Robert Hester assisted his brother as best man. Groomsman were Larry Jordan, Gale Wojahn and William Anderson. William Hester was ring bearer.

Mrs. Jordan greeted guests in a beige silk organza sheath with a rose corsage pinned to her shoulder. Mrs. Hester chose a rose corsage to complement her navy blue silk, sheath-jacket dress.

A reception followed the ceremony in the church parlors.

Elected President of AIA Association

Lurissa Forsten of Tawas City Chapter No. 303, Order of Eastern Star, was elected president of the AIA Association at its meeting Thursday afternoon. Iosco Chapter No. 71, OES, hosted the meeting at the Masonic Temple. Other officers elected and installed were Burdette Ashton, Pine Tree Chapter No. 264, Oscoda, first vice president; Elizabeth McArthur, Lake Huron Chapter No. 184, Harrisville, second vice president; Theresa Schram, Lincoln Chapter No. 509, third vice president; Lucille Davis, Hale Chapter No. 482, secretary; Alma Pake, Whittemore Chapter No. 426, treasurer; Edna Shoe, Violet Chapter No. 78, Standish, chaplain; Edna Pitts, Iosco Chapter No. 71, East Tawas, marshal; Ida Rahl, Grace Chapter No. 41, Omer, organist.

A sextet and piano duet from Tawas Area High School presented a musical number during the afternoon meeting. Also on the afternoon's agenda were presentation of flags by Omer chapter, presentation of Bible by Hale Chapter, president's greeting by Eleanor O'Brien, Beryl Lichtfusz's address of welcome with Florence Sterling of Harrisville giving the response, roll call of officers and minutes of September's meeting by Alpha Forshee, treasurer's report by Mrs. Pake.

"Song of Paradise" and "I Walked Today Where Jesus Walked" were sung by Lois Musolf of Oscoda chapter.

530 Lake St. Tawas City

Following a dinner served by the Tawas City Chapter, entrance of AIA officers began the evening session. First Vice President Elmer Freeland gave a greeting. George Soden of Lewistown presented the worthy grand patron's address. A saxophone quartet from Oscoda High School performed for the group.

A memorial service was given for James Mark, past grand patron, Tawas City Chapter.

The meeting was closed by Mrs. Forsten, newly-installed president, after the installation of officers.

Grand officers in attendance were Mr. Soden; Genevieve Nauman, grand secretary; Evelyn Parks, grand treasurer; Alice Volink, grand Esther; Irene Roberts, grand Electa. Mrs. Soden, president of the Wolverine Association, and Lina Bell, matron of the OES Villa at Adrian, were also introduced.

Speaks to Garden Club on Native Finland

Miss Ulla-Maija Toivonen, exchange student from Finland, was guest speaker at the Tawas City Garden Club meeting April 3. Slides of Finland were used to illustrate her talk.

The home of Miss Ferne Mark and Mrs. Elizabeth Holland was the scene of the meeting attended by 35 members and five guests. Roll call was "Some Day We Dream."

Mrs. P. N. Thornton showed slides, taken by her son, Neil, of her garden and the Tawas City Centennial.

The May 1 meeting will be at the home of Mrs. Paul Koepke with May baskets for shut-ins and exchange of plants by members as main activities.

Lower Hemlock

The Byron Grosbecks of Menominee are house guests of Mr. and Mrs. Glenn McLeod for several days.

Mrs. Harold Katterman attended the Zion Ladies Aid sewing circle at the home of Mrs. O. J. Westcott of Tawas City on Wednesday.

The William Allens of Alpena were last Sunday afternoon visitors of the Lloyd Kattermans.

The LCC party at the Laidlawville school last Friday evening was well attended and a pot-luck supper was much enjoyed. The Cowan family, whose home was destroyed by fire, received many nice gifts.

Last Sunday dinner guests at the Waldo Curry home were: Mr. and Mrs. James Dawson and daughter, Diane, Mr. and Mrs. James Curry and baby of Whitmore Lake; Ennis Proulx and son, Dale, and Mrs. Walter Kelchner of East Tawas. Henry Fahselt spent the past

week-end in Saginaw with the William Gottleber family.

The Harold Kattermans entertained her parents, Mr. and Mrs. Charles Simons Sr., Friday evening in honor of Mrs. Simons' birthday anniversary.

Refreshingly Delicious ICE CREAM

Did you say you must be getting old and lost your taste for ice cream?

OH NO! Could be you're just getting sick and tired of this commercial stuff.

Are you hungry for a real good dish of old fashion, homemade ice cream? Wouldn't you pay 10 to 15c more for a pint or quart of real ice cream and have that real product of tasty goodness and still get more than enough for your money?

Then come in to Marion's and ask her to hand pack you a pint or quart of that rich, tasty goodness that you'll be proud to serve to your finest company, or come in, sit down and enjoy a dish of ice cream. You'll come back, she'll guarantee!

Whittemore News

Mrs. Cecil Ruckle, who is a patient at Tolfree Hospital, West Branch, with a fractured hip is improving.

A school of instruction was held by the Masonic Lodge Saturday night at the Masonic Hall. District Deputy Colbert of Oscoda was in charge.

Mrs. Herman Wesenick and grandson, Jay Wesenick, were callers at the home of Mrs. Henry Pake Saturday. She reported Mr. Wesenick a little improved at Mercy Hospital, Bay City.

Word has been received of the birth of a daughter to Mr. and Mrs. William St. James of Flint. Jennie St. James is the wife of Mr. and Mrs. Roy Leslie. She was born at Phoenix, Arizona, to spend a month with their son-in-law, Harold Swenson, and their grandchildren. They accompanied Mrs. Leslie's sister and friend of Flint, Mrs. Fred Bell, superintendent of the Eastern Star Villa at Adrian, spent a few days here with Mrs. John Barrington and attended the AIA Association in Tawas City Thursday.

Mrs. Donald Eklund, Mrs. Edgar Jones and Mrs. William Ross, all of East Tawas, spent Tuesday with Mr. and Mrs. George Freeland.

Mr. and Mrs. John O'Farrell spent Wednesday at Rose City with Mr. and Mrs. George O'Farrell.

Eddie Duengel of Davison spent Tuesday and Wednesday in town.

Mrs. John Barrington enjoyed Tuesday afternoon and Wednesday afternoon with her daughter, Dorothy.

Keith Charters of Mt. Pleasant spent Sunday here at his home.

Mrs. Henry Pake spent Wednesday forenoon at East Tawas.

Mr. and Mrs. George Freeland have returned home from St. Petersburg, Florida, where they spent the winter.

Mrs. Arden Charters spent from Tuesday through Thursday in Saginaw with Mr. and Mrs. Ronald Gawne and took her little grandson, Mark, home. He had spent a week here while his mother was in the hospital.

The Martin Kasischke family of

Tawas City spent Saturday evening here with relatives.

Recent callers at the Edward Bowsby home were Mr. and Mrs. Devere Burch of Bentley, Nellie Burch of Midland, Mrs. Bertha Crosby and Mrs. Amy Dalduka of Flint and Mr. and Mrs. Henry Provoast.

Mr. and Mrs. Elgin O'Farrell and two sons spent Sunday afternoon in Bay City.

John Higgins, who was a patient at Standish Hospital, returned home Tuesday and is convalescing.

Those from here who attended the AIA Association of the Eastern Star at the Masonic Temple in Tawas City Thursday afternoon and evening were: Mrs. Henry Pake, Mrs. John Barrington, Mrs. Theodore Bellville and Mrs. Roy Charters. They were accompanied by Mrs. Fred Bell of Adrian.

Mr. and Mrs. Clarence Provoast and John Barr are attending the World-Wide Conference of the R.L.D.S. Church at Independence, Missouri.

Mr. and Mrs. Edward Bowsby and John Bowsby from here and Edward Bowsby of Tawas City attended the funeral of Eva Snell in Sandusky Tuesday.

Reno News

Mr. and Mrs. Byron Latter of Lansing spent a couple days this week visiting their sisters and brother-in-law, Mr. and Mrs. William Waters and Miss Iva Latter.

Mrs. Grant Lapham entertained the Reno Missionary Society at her home Wednesday afternoon.

Halden Charters spent four days this week in Pontiac.

Mr. and Mrs. John Cobb had at their Sunday guests Mr. and Mrs. Clinton Powell and grandchildren, Frank, Donald and Bethany Riddle, of Flushing and Mr. and Mrs. Norman White of Henderson.

William Waters spent Wednesday afternoon visiting Hamilton Hutchison at Whittemore.

Bruce Putnam of South Branch is employed on the Lester Robinson farm. Mr. and Mrs. Putnam and three children have moved into the house recently vacated by the Donald Robinson family.

On Wednesday, Mr. and Mrs. John Cobb entertained Mr. and Mrs. William Horton and daughter, Mrs. Robert Hyzer and George Horton, all of Caseville, and Mrs. John Strret of Kinde, William and George Horton are Mrs. Cobb's brothers and Mrs. Strret, a sister.

Mr. and Mrs. Chester Smith of Flint called at the William Waters home Sunday. The Smiths were on their way back to Flint after spending the week-end visiting their daughter, Mrs. Richard Webster, at Black Lake.

Herman Wesenick is reported somewhat improved following his accident March 14 when he was struck by a truck in Standish.

Mr. and Mrs. Burton Partlo and Lori, Mrs. Charlotte Black and Mrs. Earl Partlo spent Friday at Bay City and visited James Thompson and Herman Wesenick at Mercy Hospital.

SHERMAN

Mr. and Mrs. John Rhodes of Flint spent the week-end with the Lydon Bogers.

William Gustafson and friends of Davison spent Saturday at the George Gustafson cabin.

Mr. and Mrs. Matthias Jordan Jr. and daughter, Mary, of Pontiac spent Saturday with relatives here.

Receiving best wishes from friends and neighbors are Mr. and Mrs. Harold Thompson (Mrs. June Head), who were married Friday.

Mr. and Mrs. Allen Hocker-smith and family of Flint spent the week-end with their parents.

The William Bamberger family

spent Sunday with relatives at Davison.

Lawrence Jordan was a Saginaw visitor Saturday.

The George Smiths enjoyed Saturday at Flint, Saginaw and Bay City.

The Ronald Schroeder family of Pontiac spent the week-end with their parents, the Floyd Browns and Herbert Schroeders.

Several from here attended the minstrel show at Whittemore Saturday evening.

The James Boomer family of Bay City visited friends Saturday and also spent the week-end at their cabin at Big Island Lake.

Gerald Boger has obtained a new milk route at Ypsilanti.

NOW THERE'S A DODGE IN EVERY SIZE!

Compact. New size. And big. Your Dodge Dealer has 'em all. Each has a unitized, rustproofed body. An alternator electrical system for quicker, surer starts. 32,000 miles between grease jobs. Pick a size, pick a price, pick a Dodge. You can't go wrong.

AMERICA'S FIRST SPORTS COMPACT DODGE LANCER

For a compact that does more than just save gas—Lancer is the answer. Standard 101 hp. engine.

LANCER GT. Bucket seats, full carpeting, padded dash, deluxe wheel covers and special interior trim are standard. This is a lot of luxury at a practical price. \$2251.*

LANCER 170 2-DOOR SEDAN. Lowest priced Dodge car. Like every Lancer, it has the power you pay extra for in most other compacts. Great buy. \$1951.*

LANCER 170 WAGON. Unlike most compacts, this wagon does seat six people. And it's got 67.7 cu. ft. of bona fide cargo space. The ride is Torsion-Aire \$2408.*

SIZED RIGHT IN THE MIDDLE OF THE BIG AND LITTLE—NEW SIZE DODGE DART

Two feet shorter than America's longest car; two feet bigger than the smallest. Room and economy.

DART 2-DOOR SEDAN. Lowest priced Dart. Easy to steer and park. Chair-high seats. Lots of headroom, legroom, trunk-room. Self-adjusting brakes. \$2241.*

DART 330 WAGON. 84.4 cu. ft. of cargo space. Lots of family-size comfort for six people. And Dart gives you the most powerful standard 6 or V8 near its price. \$2739.*

DART 440 CONVERTIBLE. This sports-loving Dart has all-vinyl upholstery, full carpeting, a fold-down center armrest up front for bucket-seat comfort. \$2945.*

CUSTOM MADE FOR THE BIG CAR MAN DODGE CUSTOM 880

This one's big, all right. Big room. Big ride. Big power. A 361 cubic inch V8 belts out 265 hp.

CUSTOM 880 4-DOOR SEDAN. This is for the family that likes their car big. The doors are big, open wide. The trunk has a mammoth 33 cu. ft. capacity. \$2964.*

CUSTOM 880 4-DOOR HARDTOP. The upholstery in this model is luxurious vinyl and cloth. Like all 880's, it has sill-to-sill carpeting and chair-high seats. \$3109.*

CUSTOM 880 WAGON. The cargo deck is 10.1 ft. long, with second seat and tailgate down. 91.5 cu. ft. of cargo space. Luxurious comfort for six people. \$3292.*

*Manufacturer's suggested retail price exclusive of white wash and destination charge. Dart prices based on 6-cylinder models.

LEGAL NOTICE

STATE OF MICHIGAN

The Probate Court for the County of Iosco

In the Matter of the Estate of Hazel Galliker, deceased.

At a session of said Court, held on March 20, 1962

Present, Honorable H. Read Smith, Judge of Probate.

Notice is hereby Given, That all persons interested in said estate are directed to appear before said Probate Court on April 24, 1962, at 10:00 A. M., to show cause why a license should not be granted to Paul Harvey, administrator of said estate, to sell or mortgage the interest of said estate in certain real estate described in his petition, for the purpose of paying debts and costs of administration of estate.

It is Ordered, That notice thereof be given by publication of a copy hereof for three weeks consecutively previous to said day of hearing, in The Tawas Herald, and that the petitioner cause a copy of this notice to be served upon each known party in interest at his last known address by registered or certified mail, return receipt demanded, at least fourteen (14) days prior to such hearing, or by personal service at least five (5) days prior to such hearing.

MABEL KOBS

MORTGAGE SALE

Notice is hereby given that a mortgage made by George D. Meomber and Rozella Meomber, husband and wife, to the AuGres State Bank of AuGres, Michigan, dated November 24, 1954, and recorded in the office of Register of Deeds for Iosco County, Michigan on November 30, 1954 in Liber 38 of Mortgages on page 203 on which there is due on the date of this notice the sum of \$1,581.36 will be foreclosed by a sale of the premises therein described to pay the amount due on said mortgage with interest, legal costs and attorney's fees, at the front outer door of the Courthouse in the City of Tawas City, Iosco County, Michigan on June 22nd, 1962 at 11 o'clock in the forenoon of said day, which said premises are described in said mortgage as follows:

The North half of the Southwest quarter of Section thirty-five, Town twenty-one North, Range five East, Burleigh Township, Iosco County, Michigan.

Dated March 28, 1962

THE AU GRES STATE BANK OF AU GRES, MICHIGAN
by Irvin E. Reichle, Cashier

Harry E. Converse
Attorney for Mortgagee
326 Orchard
Standish, Michigan 13-12b

CONFETTI—Rose petal and assorted colors for parties and weddings. The Tawas Herald, Forest 2-3487.

Moved by Nunn seconded by Aulerich that Harold Hill be employed as foreman on the State highways retroactive to March 1, 1962. Yeas Nunn, Curry and Aulerich. Motion carried.

Upon motion seconded and prevailing the Board adjourned.

LEGAL NOTICE

STATE OF MICHIGAN

The Probate Court for the County of Iosco

In the Matter of the Estate of Clare C. McGuire, Deceased.

At a session of said Court, held on March 28, 1962

Present, Honorable H. Read Smith, Judge of Probate.

Notice is hereby Given, That all persons interested in said estate are directed to appear before said Probate Court on May 7, 1962, at 10:00 A. M., to show cause why a license should not be granted to Margaret Lansky, Administratrix of said estate, to sell or mortgage the interest of said estate in certain real estate described in her petition, for the purpose of distribution of the estate.

It is Ordered, That notice thereof be given by publication of a copy hereof for three weeks consecutively previous to said day of hearing, in The Tawas Herald, and that the petitioner cause a copy of this notice to be served upon each known party in interest at his last known address by registered or certified mail, return receipt demanded, at least fourteen (14) days prior to such hearing, or by personal service at least five (5) days prior to such hearing.

MABEL KOBS

COUNCIL PROCEEDINGS

Meeting of the council held at the Tawas City City Hall March 19, 1962.

Meeting called to order by Mayor George Tuttle.

Roll call: Cabbie, Davis, Evril, Hutton, Murray, Wegner and Attorney Cotter.

Minutes of the previous meeting were read and approved.

The following building permit was read to the council by Supl. Reginald Bublitz: Clarence Barriger, 706 First Street, raise roof on garage estimate cost, \$350.00.

Approval of permit made by Superintendent Bublitz.

George Ruth was present and gave the report of the police department for the month of February.

Motion by Davis and seconded by Murray that the report be accepted as read. Motion carried unanimously.

Motion by Hutton and seconded by Cabbie that Mr. Colpean, representative of the firm of Yeo and Yeo be asked to attend the next meeting of the council to be held April 2, 1962.

Roll call: Ayes, Cabbie, Evril, Hutton and Wegner; nays: Davis and Murray.

Motion by Cabbie and seconded by Wegner that the rate of pay for the election inspectors for the Spring Election be set at \$16.00.

Roll call: Ayes, Cabbie, Davis, Evril, Hutton, Murray and Wegner.

Motion by Hutton and seconded by Murray that the following wages be paid the employees of the City of Tawas City for the year:

City treasurer, \$300.00 per year plus one percent collection fees.
Mayor, \$100.00 per year
City Clerk, \$600.00 per year
Fire chief, \$50.00 per year
Aldermen and city attorney, \$3.00 per meeting attended.
Supervisors, \$150.00 per year.

Roll call: Ayes, Cabbie, Davis, Evril, Hutton, Murray and Wegner.

George Tuttle, mayor
Walter Nelson, clerk 15-1b

REGULAR MEETING

March 15, 1962 7:00 P. M.

The Board of Iosco County Road Commissioners met at their office for their regular meeting. Meeting called to order by Chairman Aulerich and upon roll call present: Commissioners Nunn, Aulerich and Curry also Supt. Henry. Minutes of previous meeting read and approved.

Moved by Nunn seconded by Curry that we accept the Plat of South Cedar Lake Subdivision, Oscoda Township, Yeas Nunn, Curry and Aulerich. Motion carried.

Superintendent Henry reported on the regular work now being done which is mostly snow removal.

Moved by Curry seconded by Nunn that the bills and pay rolls in the amount of \$21,817.53 be allowed and warrants written for the same. Yeas Nunn, Curry and Aulerich. Motion carried.

Supervisors' Proceedings

MARCH SESSION

March 21, 1962

Pursuant to February adjournment, the Iosco County Board of Supervisors was called to order in March session at 9:30 a. m. by the chairman who ordered roll call.

The following supervisors were present: Ashton, Belleville, Blust, Everett, Gerard, Little, Long, Miller, Oates, Smith, Webb, White, Nays: None.

Mr. Little read the following report of the finance committee: Honorable Board of Supervisors Gentlemen:

The finance committee recommends that we make an appropriation to re-build the parking lot at Fargo Springs to the amount of \$300.00 to the Oscoda Township Park and Recreation Commission.

Signed: Little, C. E. Smith, C. S. Everett, Belleville

It was moved by Little supported by Smith that the report be accepted. The motion carried upon the following roll call: Ayes: Belleville, Everett, Gerard, Little, Long, Miller, Oates, Smith, Webb, White, Nays: Blust.

It was moved by Little for the finance committee that the invoice for the Michigan assessor be filed. The motion was supported by Smith and carried unanimously.

Mr. Smith read the following report of the judiciary committee: Honorable Board of Supervisors Gentlemen:

We, the judiciary committee, concur with the Cheboygan County Board of Supervisors opposing any form of income, payroll or like tax legislation which would permit municipalities to levy to taxing municipalities only. Copies to be sent to our representative and senator.

Signed: C. E. Smith, Geo. G. Webb

Upon motion by Smith supported by Webb, the report was unanimously adopted.

Mr. Smith read the following report of the judiciary committee. Honorable Board of Supervisors Gentlemen:

We, the judiciary committee, do not concur with the Lapeer County Board of Supervisors, granting a \$5,000.00 exemption for farmers, businessmen and all other person's or personal property. (Re) Iosco County Farm Bureau.

Signed: C. E. Smith, Geo. G. Webb

Upon motion by Everett supported by Oates, the report was unanimously adopted.

Mr. Little again brought up the matter of a report of the road commissioner for a projected construction and maintenance plan for the year.

Mr. Smith reported that the industrial development committee was now organized and functioning.

Miss Leonora Hass appeared at the board's invitation to discuss moving the library books from the courthouse to make those quarters available to the board of supervisors for other county use.

Mr. Smith moved that the county furnish the regional library with temporary quarters in the recently purchased Short property for a period of six months rent free. In addition, the county is to furnish heat and lights and the necessary labor to move the books from the courthouse to other building. The motion was supported by Little and carried upon the following roll call: Ayes: Blust, Everett, Gerard, Little, Long, Miller, Oates, Smith, Webb, White, Nays: Belleville.

Upon motion supported and prevailing, the board recessed until 1:30 p. m.

AFTERNOON SESSION

Upon call to order to 1:30 p. m., roll call was ordered by the chairman. The same supervisors were present as at the morning session.

Committees were ordered to their respective duties balance of the board to be at ease subject to the call of the chair.

Upon call to order at 4:00 p. m., Mr. Oates read the following report of the aeronautics committee. Honorable Board of Supervisors Gentlemen:

Your aeronautics committee recommends the purchase of 5,300 gallons of aviation gasoline for the new county airport from Barber Oil Co.

Signed: H. Oates, C. S. Everett

Upon motion by Oates supported by Miller, the report was accepted by the following roll call: Ayes: Belleville, Blust, Everett, Gerard, Little, Long, Miller, Oates, Smith, Webb, White, Nays: None.

Mr. Little read the following report of the finance committee: Honorable Board of Supervisors Gentlemen:

Signed: L. S. Little, Belleville, C. E. Smith, C. S. Everett

It was moved by Little supported by Belleville that the report be accepted. The motion carried upon the following roll call: Ayes: Ashton, Belleville, Blust, Everett, Gerard, Little, Long, Miller, Oates, Smith, Webb, White, Nays: None.

Mr. Little read the following report of the finance committee: Honorable Board of Supervisors Gentlemen:

The finance committee recommends that we make an appropriation to re-build the parking lot at Fargo Springs to the amount of \$300.00 to the Oscoda Township Park and Recreation Commission.

Signed: Little, C. E. Smith, C. S. Everett, Belleville

It was moved by Little supported by Smith that the report be accepted. The motion carried upon the following roll call: Ayes: Belleville, Everett, Gerard, Little, Long, Miller, Oates, Smith, Webb, White, Nays: Blust.

It was moved by Little for the finance committee that the invoice for the Michigan assessor be filed. The motion was supported by Smith and carried unanimously.

Mr. Smith read the following report of the judiciary committee: Honorable Board of Supervisors Gentlemen:

We, the judiciary committee, concur with the Cheboygan County Board of Supervisors opposing any form of income, payroll or like tax legislation which would permit municipalities to levy to taxing municipalities only. Copies to be sent to our representative and senator.

Signed: C. E. Smith, Geo. G. Webb

Upon motion by Smith supported by Webb, the report was unanimously adopted.

Mr. Smith read the following report of the judiciary committee. Honorable Board of Supervisors Gentlemen:

We, the judiciary committee, do not concur with the Lapeer County Board of Supervisors, granting a \$5,000.00 exemption for farmers, businessmen and all other person's or personal property. (Re) Iosco County Farm Bureau.

Signed: C. E. Smith, Geo. G. Webb

Upon motion by Smith supported by Webb, the report was unanimously adopted.

It was moved by Smith supported by Ashton that Supervisors Everett, Miller and Oates be authorized to purchase the necessary furniture to equip the room vacated by the regional library. The motion carried upon the following roll call: Ayes: Ashton, Belleville, Blust, Gerard, Little, Long, Miller, Oates, Smith, Webb, White, Nays: None.

Mr. Blust read the following report of the committee on claims and accounts No. 2.

Honorable Board of Supervisors Gentlemen:

It was moved by Blust supported by Smith that the report be accepted. The motion was carried upon the following roll call: Ayes: Ashton, Belleville, Blust, Everett, Gerard, Little, Long, Miller, Oates, Smith, Webb, White, Nays: None.

Mr. Gerard read the following report of the committee on claims and accounts No. 1.

Honorable Board of Supervisors Gentlemen:

It was moved by Blust supported by Smith that the report be accepted. The motion was carried upon the following roll call: Ayes: Ashton, Belleville, Blust, Everett, Gerard, Little, Long, Miller, Oates, Smith, Webb, White, Nays: None.

Mr. Gerard read the following report of the committee on claims and accounts No. 1.

Honorable Board of Supervisors Gentlemen:

It was moved by Blust supported by Smith that the report be accepted. The motion was carried upon the following roll call: Ayes: Ashton, Belleville, Blust, Everett, Gerard, Little, Long, Miller, Oates, Smith, Webb, White, Nays: None.

Mr. Gerard read the following report of the committee on claims and accounts No. 1.

Honorable Board of Supervisors Gentlemen:

It was moved by Blust supported by Smith that the report be accepted. The motion was carried upon the following roll call: Ayes: Ashton, Belleville, Blust, Everett, Gerard, Little, Long, Miller, Oates, Smith, Webb, White, Nays: None.

Mr. Gerard read the following report of the committee on claims and accounts No. 1.

Honorable Board of Supervisors Gentlemen:

It was moved by Blust supported by Smith that the report be accepted. The motion was carried upon the following roll call: Ayes: Ashton, Belleville, Blust, Everett, Gerard, Little, Long, Miller, Oates, Smith, Webb, White, Nays: None.

Signed: C. E. Smith, Geo. G. Webb

It was moved by Smith supported by Webb that the report be accepted. The motion was carried upon the following roll call: Ayes: Ashton, Belleville, Blust, Everett, Gerard, Little, Long, Miller, Oates, Smith, Webb, White, Nays: None.

Mr. Smith read the following report of the judiciary committee: Honorable Board of Supervisors Gentlemen:

We, the judiciary committee, concur with Lapeer and Grand Traverse County on their resolution as favoring the retention of the present division of monies in the proposed constitution.

Copies to be sent to our representative, senator and Hon. Herman Dehnke.

Signed: C. E. Smith, Geo. G. Webb

Upon motion by Smith supported by Webb, the report was unanimously adopted.

Mr. Smith read the following report of the judiciary committee. Honorable Board of Supervisors Gentlemen:

We, the judiciary committee, concur with Lapeer, Grand Traverse County on their resolution favoring the restoration of the 15 mill tax limitation in the proposed constitution.

Copies to be sent to our representative, senator and Con Con representative.

Signed: C. E. Smith, Geo. G. Webb

Upon motion by Smith supported by Webb, the report was unanimously adopted.

It was moved by Smith supported by Webb that the resolution in regard to veteran exemptions be filed. Motion carried unanimously.

It was moved by Smith supported by Ashton that Supervisors Everett, Miller and Oates be authorized to purchase the necessary furniture to equip the room vacated by the regional library. The motion carried upon the following roll call: Ayes: Ashton, Belleville, Blust, Gerard, Little, Long, Miller, Oates, Smith, Webb, White, Nays: None.

Sign Up Period Extended Under Feed Grain Program

The sign up period for making application under the 1962 Feed Grain Program has been extended through April 16, 1962. Any farmer who planted corn and/or barley in 1959 and/or 1960 is eligible to file application under this program if he expects to reduce his 1962 corn and/or barley acres by at least 20 percent from the acreage planted in these two years.

The 1962 Feed Grain Program is a voluntary program. However, farmers who raised corn or barley in 1959 or 1960 are urged to contact the county ASCS office in the Federal Building, East Tawas, to get information how this program would affect them. It could be especially interesting to those farmers who do not plan to plant corn or barley in 1962. Any farmer who, at a later date, wishes to change his mind and plant corn rather than participate may do so without any penalties. This again should be a reason why a farmer should contact the county office immediately or at least prior to April 16 and sign an application to take part in this program. He has no greater insurance that he will at least obtain some income from his farm should weather conditions or some physical handicap or other unavoidable occurrence prevent him from farming in 1962.

Supervisors

(Continued from page 1.)
Chairman Long, as approved by the board, were as follows:
Claims and Accounts No. 1—Pollard, Gerard, Webb, Stephan.
Claims and Accounts No. 2—Blust, Smith, DeRosia, Lamb.
Equalization — Oates, Webb, Blust, Ashton, LaVoy.
Finance—Little, Everett, Bellville, Smith, McKenzie.
Footings—Lamb, Creamer, LaVoy, Pollard, Lixey, Blust, Ashton, McKenzie.
Drains and Ditches—Webb, Gerard, Creamer.
Roads and Bridges—White, Ashton, LaVoy.
Building and Grounds—McKenzie, Everett, Lamb.
Judiciary — Smith, DeRosia, Stephan.
Conservation — White, Blust, Smith.
Officers Bonds — Bellville, Creamer, Lamb.
Civil Defense—Stephan, Ashton, Lixey.
Insurance — Gerard, Bellville, Pollard.
Aeronautics — Oates, Everett, Lixey.
Officers Salaries — DeRosia, Bellville, Lamb, Creamer.
Cooperative Extension—Ashton, White, Blust, Webb, Pollard.
Rules of Order—Lixey, Bellville, Gerard, McKenzie.

School Board

(Continued from page 1.)
enumerators at East Tawas and Tawas City were paid \$135 and \$110, respectively. Under this program, they would receive approximately \$149 and \$116.

Several of the smaller districts would be combined under the new program, which is not expected to show any substantial increase in cost. The census is to be made next month.

The board authorized the high school band to participate in a band festival this spring at Bois Blanc Island.

Next meeting of the board of education is to be Monday, April 30. Regular date of the meeting was to have been April 23 but, because of spring vacation, it has been set one week later.

SPEAKS ON 'COLUMBIA' AT TC AUXILIARY MEETING

Miss Helen Applin was guest speaker at the Tawas City Jesse C. Hodder Unit, American Legion Auxiliary, meeting Monday evening. Her topic was Columbia. Mrs. John N. Brugger was hostess, assisted by Mrs. Grace Miller.

The Gold Star Mothers' banquet will be held at Vic and Zel's Restaurant, Tawas City, May 14.

REVIVAL MEETINGS SET AT BAPTIST CHURCH

The Rev. Jack Steward of Southwestern Seminary, Fort Worth, Texas, will be guest speaker at the East Tawas Baptist Church's revival meetings beginning this Sunday at the 11:00 a. m. service.

This will be the first of a week's series of evangelistic meetings to be held at the new church. The evening sessions will begin at 7:30 p. m.

IRENE REBEKAH LODGE TO MEET THURSDAY AFTERNOON

Irene Rebekah Past Noble Grands Club will meet for a pot-luck luncheon Thursday, 1:00 p. m., at the home of Mrs. Eugene Hanson.

Iosco Sends Fourth 'Trainee' to Leader Dog School

Iosco County has scored again in the Leader Dog training program. The fourth dog from this area to be accepted by the Rochester Leader Dog School was presented last week.

Latest to be accepted, a German Shepherd, was contributed by Floyd Peters of 359 Forest Drive, East Tawas.

The dog was accepted by William McCready on behalf of the East Tawas Lions Club, which made arrangements for its transportation to Rochester.

McCready, blind prosecuting attorney of Iosco, whose leader dog, "Storm," is familiar to nearly everyone in this area, said that the Rochester school is always in need of dogs.

"Roughly one out of 10 dogs complete the three months of intensive training," said McCready.

The Lions Club, continuing its program of aid to the blind, will sponsor white cane week here April 28. The Leader Dog School at Rochester is one of the beneficiaries of the white cane sale.

WILBER NEWS

Mr. and Mrs. Bertram Harris spent part of last week at Flint where they attended the funeral of a nephew.

Mrs. William Phelps visited over the week-end with Mrs. Elizabeth Simmons at Tawas City.

Kenneth Frasher and Sandra Dorey accompanied Mr. and Mrs. Richard Frasher of Glennie to Lansing over the week-end.

Mr. and Mrs. Alton Abbott were at Flint for a few days last week.

Mrs. Ray Cross gave the Lenten message Thursday evening at the church supper.

Linda Dorey, a member of Tawas Area Junior Band, and Lois Alda, a member of Oscoda School Band, were at Whittemore Saturday.

Election of officers will highlight the WSCS meeting Wednesday evening at the church.

The Rev. Clifford Devore of Prescott will give the Lenten message Thursday evening. A family pot-luck dinner will begin at 6:30 p. m.

Mr. and Mrs. Roy Holmes are residing here after living for several years at VanEtan Lake.

Mr. and Mrs. Charles Cross and family of Muskegon visited over the week-end here. His mother returned with them for a visit.

Junior Class to Present Annual Play Thursday - Friday

Junior Class of Tawas Area High School will present its annual play, "Wouldn't It Be Wonderful," Thursday and Friday nights at the high school auditorium.

A three-act comedy, the play will be directed by Lawrence DeBeau. Student directors are William Hatton and Nancy Borosch.

The cast includes Mary Pitts, Connie Clements, Sona Vance, Penny Klenow, Richard Moehring, Ernest Lixey, William Western, Charla Donley, Timothy O'Connor, Alana Chaney and William Wilson.

Stage crew manager is Ronald Klinger, assisted by Frank Potts, Arthur Busha, Daniel Ulrich, Jerry Youngs, Brian Helmer, James Fohey and James Stawke.

Lighting will be handled by Donald Binder and Randy DeWyse, while sound will be under the direction of Brent Babcock and Edward Weaver. Dennis Cross is to be announcer. Property manager is to be Jerry Hoshbach, assisted by Robert Geller, Robert Smith and Marianne White.

Top corn belt farmers by the thousands this year will join in the big parade to the easy corn-weeding route. And, like others who got a head start in recent years, they'll probably get higher corn yields to boot. ● Instead of making numerous trips across the field with a cultivator, they'll make a single pass with a pre-emergence chemical right after planting. Do the job right, and many of them won't have to go through the field again until harvest time. ● The upward pace in the use of chemicals to kill weeds in corn will accelerate at a faster clip, predict government and private weed control experts. "Once farmers discover the advantages of a new technique for themselves, it doesn't take them long to shift to it," says Dr. W. B. Ennis, Jr., chief of Agricultural Research Service's Crop Protection Branch at Beltsville, Md. ● Chemicals applied before the weeds come up — either at corn planting time or shortly thereafter — have been mainly responsible for the rapid herbicide growth the past couple years. ● "The simplest and surest means of having a weed-free corn field is to prevent the weed growth before it starts," points out Purdue Plant Pathologist O. C. Lee. "Applying an effective herbicide when the corn is planted keeps the weeds away from the corn plants when they're small and helpless; that's when it's of utmost importance." ● Weeds actually steal more moisture and plant food and rob farmers of much more in crop yields and quality than most of them ever realize. Total annual U.S. crop loss due to weeds is an astounding \$5 billion. ● The photo on the right shows a typical farm test. Rows on the left were treated with a pre-emergence application. Rows on the right were not treated. Both plots were cultivated once. The treated rows on the left are weed-free and the yield was 120 bushels per acre. The weedy rows on the right yielded only 103 bushels per acre. ● Corn growers who last year applied pre-emergence materials for the first time were surprised to find they not only could reduce or eliminate cultivating, but that certain chemicals often did a better job than a cultivator. ● "The most promising chemicals for pre-emergence weed control in corn are members of the Triazine group, such as Simazine and Atrazine," points out Dr. J. R. Shay, head of Purdue's Department of Botany and Plant Pathology. ● Because of their special chemical composition, Atrazine and Simazine do just what a weed killer in corn should do — kill virtually every annual plant in the field but the corn . . . the grasses as well as the broadleaves. ● "The results we've had with Atrazine and Simazine have been absolutely amazing," says USDA's Dr. Ennis. "When we broadcast 4 lbs. per acre of Simazine as a pre-emergence spray on

TOP farmer REPORT | I weeds i

DON'T STAND A CHANCE

a field of corn, crabgrass, ryegrass, other grasses, lambsquarters, mustard, pigweed and other broad leaves, the chemical knocked out 100% of the weeds and affected the corn much less than a single cultivation would have." ● In an Iowa experiment where part of an uncultivated, fertile corn field was treated with blanket applications of various pre-emergence chemicals and the rest left untreated, the Simazine area averaged 131 bu., per acre; Atrazine, 126 bu., and the untreated plot, 79. "These two chemicals out-performed, by far, two others tested," says E. P. Sylwester, Iowa State University plant pathologist. "Excessive rain throughout the season made for weedy plots, except those with Simazine and Atrazine which remained practically clean throughout the season." ● "They cost more than either Radox or 2,4-D," says Purdue's Professor Lee. "But Radox is a grass killer and should not be relied upon to kill broadleaf weeds. On the other hand, 2,4-D does not control annual grasses such as giant, green and yellow foxtail." ● While Corn Belt agronomists are generally quick to cite the possibilities of pre-emergence chemicals, most aren't urging skeptical farmers to go "whole hog" the first year. "We're encouraging all our farmers to try an acre of one or two of the most promising materials under their own conditions, type of soil, moisture, temperature, organic matter content, and their own specific hybrids," explains Iowa State's Sylwester. "As another weapon in our struggle against weeds, pre-emergence chemicals are here to stay."

Weedy area at left was untreated, uncultivated. But a broadcast pre-emergence application of 3 lbs. of Simazine per acre kept the rest of the field virtually weed-free.

14-inch band of Atrazine herbicide over the rows protects young corn as it emerges. Weeds between the rows can be removed by cultivating.

Geigy *creators of chemicals for modern agriculture*

how to grow corn without weeds...

—at planting time apply

ATRAZINE or **SIMAZINE** HERBICIDE

One application of Atrazine or Simazine herbicide eliminates weed nuisance—controls broadleaf weeds and grasses right through to harvest.

These safe, modern weed killers can reduce or eliminate cultivations, save seasonal labor demands, and help you get higher yields by keeping weeds out of corn.

FREE WEED CONTROL MANUAL

Learn the latest methods in the science of weed control. Mail a postcard for your free 32-page full color manual of instruction for Atrazine and Simazine herbicides. Address Geigy Agricultural Chemicals, Saw Mill River Road, Ardsley, N. Y., Dept. RG-2.

Geigy herbicides are available as

- ATRAZINE 80W (80% wettable powder)
- SIMAZINE 80W (80% wettable powder)
- ATRAZINE 20G (20% granules)
- ATRAZINE 10G (10% granules)

TOP farmer REPORT

is it for you?

"Continuous corn has proved as good or better than rotation corn on this land," says Harold Steele, who grows 700 acres of corn a year on 870 acres just west of Dover, Illinois. Eighty percent of Steele's crop is continuous corn on these same lands year after year. Yields have been averaging above 100 bushels per acre.

The idea of corn following corn or a continuous corn cropping program has been growing for a number of years among midwestern farmers. In this area it generally means more total production from a farm and an adequate supply of good feed for an extended livestock program. Both actual practice and experimental work have indicated that it is possible to get good corn yields when corn is grown continuously on more or less level areas where erosion isn't a problem. Of course, a high powered fertility program is necessary to maintain a balance of nutrients for one big corn crop after another.

One hundred and twenty-five bu. to the acre for the

1962 corn after 1963 corn, year after 1964

whole farm is a fairly respectable total scored by Dave Treinen, dairy and hog farmer near Lodi, Wisconsin.

Standing head and shoulders above all the rest of the farm is a field of about 17 acres on which Dave has piled up as much as 147 bushels to the acre. This is a field that has been in corn continuously for the past 13 years.

Treinen's hog operation—between 400 and 500 head a year—needs a lot of corn. Add on the 75 head of Holsteins and that boosts the corn needed also. He has around 155 tillable acres out of his 200-acre place. This figures out to half his work ground in continuous corn.

Continuous corn has been planted by Treinen both drilling and by wheel track methods. He likes wheel track planting but cutworm problems turned up in his fields this past year. Rather than buy an attachment to add insecticide by wheel track, he has gone back to drilling in the field. Insecticide is put on by broadcasting. This past year two acres out of the seventeen previously mentioned were taken out. This means that the remaining 15 acres popped up with about 161 bushels to the acre according to the fertilizer people, but Dave is a bit more conservative; he's calling it good even 140 bushels crop.

Many forces have prompted farmers to ask about corn monoculture. These include: (1), the farmers' desire for greater intensification and specialization; (2), the farmers' desire to get the quickest maximum profits from high priced land; (3), the farmers' desire to get more seasonality out of the work load on the corn—Miami rotation—corn culture in the summer and a vacation to Miami, Florida in winter. And (4), popularly priced commercial fertilizers among others.

While research results and considerable farmer experience with continuous corn have not been tested long enough to show whether high corn yields can be maintained, research has already shown that liberal amounts of commercial nitrogen combined with minimum tillage will maintain yields considerably higher than only a few years ago. There is little doubt that many corn farmers can increase their productivity with good cropping practices and commercial fertilizers without turning to con-

Want Yield? Plant DEKALB!

YIELD PROOF TRIUMPH!

2891 farmers in 26 states and Canada demonstrated the remarkable "on-the-farm" yield power of DeKalb Corn, when they averaged 123.38 bushels per acre* in the 1961 National Selected 5-Acre DeKalb Corn Growing Contest. This was an all-time record in this exclusive 23 year old corn event, and again brings a fuller meaning to the old adage "It Pays to Raise DeKalb Corn."

COTTON-CORN KING!

Russell Cotton of Danville, Ky. had the top yield among all of the 2891 contestants—206.91 bushels* per acre—repeating the 1960 victory of Kentuckian Charles Werline. Five farmer contestants from the Danville area alone averaged 187.4 bushels*.

VERSATILITY

Many well deserving high individual corn yields have been recorded in the past. But an average of 123.38 bushels per acre* on 2891 different farms in 26 different states and Canada, adds a new significance to DeKalb's bred-in yield power. It means DeKalb Hybrid Varieties have the bred-in adaptability to make good average yields under a wide variation of conditions—bad and good weather—poor and good soil—insect attacks—disease infestations—drouth, etc. Such performance spells over-all, long-time reliability.

NOT ONE OR TWO—BUT MANY

It takes many different varieties to meet the different growing conditions on America's farm lands. DeKalb has those varieties—each adapted to do a job under

particular circumstances. In the 1961 Contest many different DeKalb varieties were used...18 different ones alone by the 26 State winners and Canadian champ. There's one or more DeKalb varieties to fit YOUR farm. Let them work for you.

IT'S YOUR CHOICE TO MAKE

Do you want high corn yields? Do you want corn that FITS your farm? Then consider DeKalb. THE corn developed through years of unmatched research...with yield power bred-in for farms from Canada to the Gulf. Next time—plant ALL DeKalb!

FOR 22 STRAIGHT YEARS—MORE FARMERS HAVE PLANTED DEKALB THAN ANY OTHER BRAND

tinuous corn. Let's examine evidence from America's oldest experiment field, the Morrow Plots on the University of Illinois campus.

During 19 years the plots grew continuous corn, the corn oat rotation and the corn, oats, clover rotation and produced corn yields of 40, 53 and 69 bushels per acre, respectively. The superiority of the corn oats clover rotation is primarily the result of the inherent ability of the well inoculated clover to fix atmospheric nitrogen for use by the corn plant.

Soil tilth in the plots where corn has been growing continuously without soil treatment is notably poor compared to the corn, oats clover rotation. The decline of organic matter on the untreated plots since 1904 was 40% in continuous corn, 23% in corn-oats, and 20% in the corn, oats, clover rotation. Even on the treated plots the decline in organic matter was somewhat greater in the continuous corn plots than under the other two cropping systems. The decline in nitrogen content on untreated soil was greater with continuous corn than with the corn-oats and corn-oats-clover systems. In other words it appears that a good crop rotation is superior to corn monoculture.

It is interesting to note in the new series of work begun at the Morrow plots previously untreated corn yielded 33 bushels per acre in 1954 yielded 86 bushels per acre in 1955 and 113 bushels in 1956 after fertilizer treatment. In the treated corn oats clover plots no yield increases were apparent and it follows that the combination of

Harold Steele, Dover, Illinois, used to buy corn for feed when he followed a four-year rotation plan back in the mid-fifties. Now he is carrying more livestock and growing all the feed he needs for 2,000 head of hogs a year plus 100 to 250 head of cattle on feed, and last year for the first time he had a surplus of corn to sell.

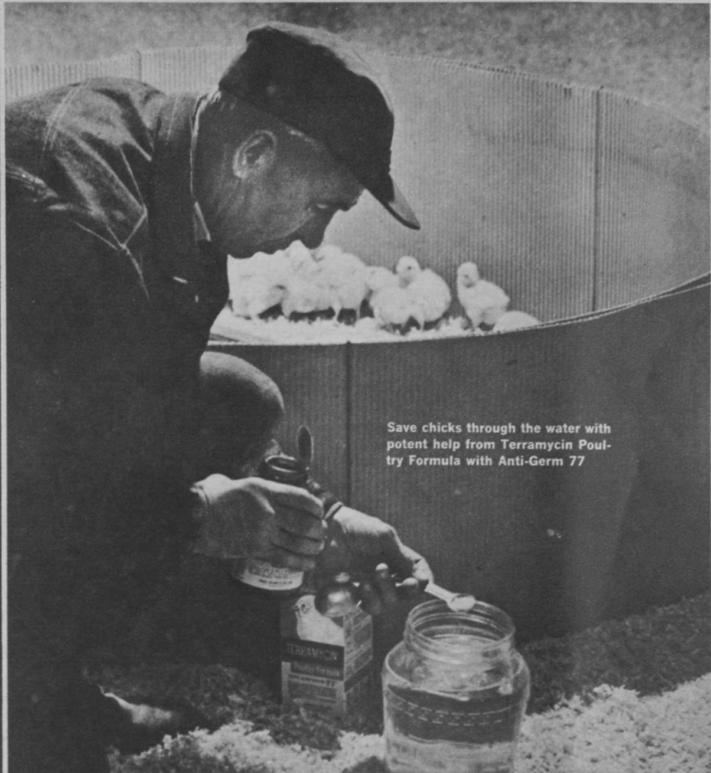

Romelos Bradley farms a half section of land near Sheffield, Illinois, and it is all in corn. In 1958 Bradley made an average of 110 bushels per acre on 240 acres. He says, "Yields can be maintained or improved with continuous corn if we use enough fertilizer and keep weeds and insects under control."

a good rotation and a high fertility program maintained fertility. High nitrogen rates have failed to maintain yields as high in continuous corn as have been obtained in rotation corn. At Iowa State College, yields of continuous and rotation corn have averaged about the same at six locations over the past six years. In another experiment, one set of plots has been in continuous corn since 1915 but when adequate fertilizer was applied starting in 1952 yields on those old continuous corn plots shot up to levels as high as the rotation corn.

Continuous corn should never be grown on steep or rolling lands. It is feasible only on level or nearly level fields of medium textured soil and on slopes of more than two percent it is advisable to adopt such practices only after careful study has been made of erosion problems. It would be extremely unwise to grow continuous corn on slopes of more than 5 percent even under any conditions. Such fields should be kept in meadow or a good long rotation.

It should be remembered that some yield losses can be sacrificed in continuous corn plots since the net return on the rotation plots may be lowered because of the effect

Save chicks through the water with potent help from Terramycin Poultry Formula with Anti-Germ 77

Terramycin® Fights Early Mortality

BRAND OF OXYTETRACYCLINE (MCI)

ONLY TERRAMYCIN GIVES YOU ALL THESE ADVANTAGES:

Broad range—to fight the many kinds of germs—which hit chicks—that are susceptible to Terramycin. No other antibiotic or drug is effective against more disease organisms than Terramycin.

Complete solubility—to give chicks all the medication you put in the water . . . even at high concentrations through automatic medication systems.

Greater stability—to get its disease-fighting activity into chicks at high levels. Terramycin is the only broad-range antibiotic for farm use with the potency-protected molecule.

Greater absorption—to get broad-range antibiotic carried by the blood to the site of infections.

Kills drinking water germs with Anti-Germ 77. Germ-killing action on organisms that cause paratyphoid, pullorum, fowl cholera, infectious diarrhea and enteritis. Only Terramycin gives you the broad-range solubility, stability and absorption you need.

Don't risk losing chicks when nothing else has all the advantages of Terramycin. See your animal health supplier today. Chas. Pfizer & Co., Inc., New York 17, N. Y.

Science for the world's well-being®

TERRAMYCIN® POULTRY FORMULA with Anti-Germ 77®

of the non-cash crop. Many farmers will continue to prefer continuous corn even though they will sacrifice yields in favor of a higher profit under a more intensive cropping system. In many cases this choice is entirely feasible and perfectly logical, however, you should be constantly alert for these danger signals. (1), the power to plow the plow may be greater each year because of increased soil compaction. (2), the field will be slow in drying which in turn delays spring plowing. (3), soil tilth becomes poorer with plotty soils difficult to work. (4), yields may decline noticeably even though adequate fertilizers are applied. And (5), the field dries more slowly after rains so the resulting delay in cultivation.

If any of these danger signals manifest themselves, you should consider revising your cropping system to restore a favorable soil physical condition and productivity level. Should you grow corn after corn every year? The choice is yours, but in any case, don't jump into it with your eyes shut. Remember your soil is the most valuable asset you have in your possession.

TOP farmer ROUNDTABLE

If you had a chance to sit down with some of the country's leading agricultural authorities and ask them for their comments concerning your farming operation, what would you like to know? These farmers had that chance. Read what they asked and what the specialists had to say. Perhaps some of their comments will apply to you.

FROM SIDNEY LEGG, WINDFALL, INDIANA:

"I farm 330 acres in partnership with my mother. Since 1937, the main business on this farm has been the production of certified farm seeds. In addition we now feed out 200 to 300 head of feeder pigs a year and we maintain a small beef breeding herd (10 to 15 cows) to clean up waste land and crop residues.

"Indiana soybean fields were very weedy in 1961. We need a pre-emergence herbicide to kill both grassy and broadleaf weeds. Is there an answer?"

BURGER:

"While there is no substitute for proper preparation and timely cultivation to control weeds in soybeans, weeds do become firmly established, especially if rainy weather prevents especially good cultivation. Three pre-emergence herbicides, namely, Alanap, Randox, and CIPC, have been approved by the Federal Drug Administration for weed control in commercial soybeans. Where grasses are the major problem, Randox, which is specific for annual grass weeds, may be used. Since Randox is seldom injurious to the germinating soybean and both CIPC and Alanap may be deleterious to soybean stands, farmers will readily use Randox. Both annual grasses and nearly all broadleaved weeds are controlled by Alanap. Alanap rarely controls annual smartweed, which is fairly common in soybean fields. A combination of Alanap and CIPC is used in some states to control the annual grasses and the broadleaved weeds, including annual smartweed, even though there is risk of getting injury to germinating soybeans. For the proper function of these pre-emergence chemicals, the active killing agent must be carried into the soil profile, where the weed seedlings germinate, but not so deep that the germinating soybeans are primarily affected. It is fortunate, therefore, that the kind of weather that prevents timely cultivation is also the type which is needed

for effective weed control by pre-emergence chemicals.

"Preliminary tests using Amiben have shown promise. However, this chemical has been approved for use on soybeans grown for seed only."

FROM ROBERT STOOPS, TIPTON, INDIANA

"I farm 355 family owned acres of prime land in one of the best corn counties of Indiana—except for one 40 acres located quite a ways from the home farm which is tenant-operated. We emphasize hogs in our livestock program but feed steers when we are satisfied with the market outlook. In my cropping program, I still like a rotation with corn, soybeans, wheat and clover. It seems to reduce my fertilizer—and still keep my yields well above 100 bushels per acre.

"For several years we have tried to follow a sound rotation policy and produce according to demands for our products. We maintain about 30 per cent of our acreage in corn, 40 per cent in soybeans and small grains, 30 per cent in rotation pasture. In the past this has given us satisfactory returns on investment and labor. However, in face of what looks like a move to increased control of production and marketing by government, should we go all out in production of grain crops in order to have sufficient base so there will be some choice left in trying to farm on a sound economic basis?"

"Improved seeds and more productive cropping techniques keep building up the mountain of surplus grains. Yet government agencies and agricultural colleges continue to put major emphasis on production in research programs. Isn't it high time to divert the biggest share of this effort into research on how to utilize what we are already producing? What progress is being made in utilization research?"

KUTISH:

"Your best alternative today is the same as it always is—to produce as much corn as your farm can sustain over the long pull. This is your answer as an individual producer. As a member of the farming profession, you are interested in seeing the production balanced with the demand... but you can do this only as a member of the profession and in conjunction with others, not as an individual. Sound farm management tells you to get the highest sustained crop income possible from your farm.

"The progress in utilization research is not promising. Nothing on the horizon at present indicates that chemistry offers any hope of solving the surplus problem in the next 5 years. Some increased use of food is possible through the Food for Peace program where food is used as an item of capital development in less-well developed countries of the world.

"The point is this—our yields have been going up

faster than our needs; our output per man has been going up faster than our needs. If we are going to continue to develop and adopt these output increasing innovations, we just don't need as many acres or men in crop farming as we have had in the past.

"But on prime land like yours, the only sound alternative for you as an individual is to crop it to give the highest income. If later some adjustment program calls for an equal reduction by all producers, you should start to reduce from your optimum level of production, not some lesser level."

FROM BERNARD CAMPION JOHNSON COUNTY, IOWA

"I feed out 300 head of cattle and raise 700 to 800 hogs per year. I use both high moisture shelled corn from a silo and mature ear corn. From a nutrition standpoint, what is the difference in feeding value between the two?"

MORRISON:

"Actually there is little nutritional difference in the dry matter contained in high moisture shelled corn and the grain part of mature ear corn, for either hogs or beef cattle. However, it must be realized that the high moisture shelled corn will contain about 25- to 30% moisture whereas grain from mature ear corn will contain about 16-20% moisture as commonly fed on the farm. Thus, it is often necessary for the animals to consume more of the high moisture corn.

"On the other hand, high moisture corn seems to be more palatable to animals particularly hogs and especially towards the end of the feeding season when farm stored crib corn dries out to moisture levels of between 12-16%. It is also logical to suspect that high moisture corn will contain a higher vitamin

"So far, the experimental results with beef cattle with respect to high moisture corn feeding have been somewhat variable, but in general we can state that rates of gain and efficiency of feed use by cattle fed dry or ensiled high moisture corn are quite similar. When shelled grains are used, those cattle on high moisture corn will usually eat enough more high moisture corn to compensate for the less dry matter in the corn.

"Now, as far as the direct comparison of dry mature ear corn and high moisture shelled corn is concerned, the daily gain of cattle on the high moisture shelled corn will be slightly better than those cattle on dry mature ear corn, simply because they will be consuming more total digestible nutrients in their feed. Under normal conditions we might

expect about 0.2 lb. daily gain less for the cattle on the ear corn. It should be pointed out that if a farmer is using high moisture corn storage he should always grind the grain or ear corn, either at the time of filling or else at time of feeding for the best results.

"For pigs, average daily gains of growing-finishing pigs are quite similar when fed either high moisture or dry shelled corn. Although variable results have been obtained, it generally takes somewhat more feed per hundred pounds of gain with ensiled shelled corn than with dry shelled corn.

THE PANEL

Francis A.
Kutish

well known extension farm economist for Iowa State University in charge of farm outlook and economic information activity. He has been on the Iowa State University staff for 22 years during which time his economic advice has appeared in numerous publications.

Dr. A. W.
Burger

a leading agronomist from the University of Illinois. He was born and reared on a 263 acre corn farm near Jasper, Indiana. Dr. Burger is an author of many publications of field crops management and is a recognized authority.

Dr. Spencer H.
Morrison

holds a doctor of veterinary medicine degree from the University of Georgia as well as the Ph. D. degree in animal nutrition and animal husbandry from Cornell University. He has been on the staffs of Cornell University, University of California, and University of Georgia. Dr. Morrison is the editor and co-author of FEEDS AND FEEDING.

12x18L

11x17L

**FROM WILBUR LANTZ,
GREENFIELD, INDIANA**

"I farm 584 acres in partnership with my brother, Gerald. This includes 160 acres owned by our father. We buy 120 to 130 head of 500-pound steer calves a year, fed to high-good or low-choice grade. In addition, we have been raising 2,000 head of hogs a year. On this farm both cattle and hogs get high moisture corn fed from a Harvestore. Corn is fed whole to hogs through a system of small augers connecting the silo with self feeders. We grind the corn for cattle as it comes out of storage.

"Our cropping program includes 275 acres of corn, 150 acres of soybeans and 75 acres of wheat under present allotments. In addition, we graze sheep on 80 acres of pasture land. Some of our fields have been growing corn continuously for the past 14 years with improvement in yields over this period.

"My problems are: "Virus pneumonia is cutting the profit out of our hog business. We are thinking of selling off every hog on the place, waiting six weeks and then starting over with clean breeding stock. Which would likely be the more profitable move: (1) to buy eight weeks old SPF gilts at \$50 a head, or take our own sows to the SPF Lab for delivery at \$60 a sow and sacrifice the sow and the boar pigs; or (2) to shop for gilts farrowed and reared normally in a clean herd? We have heard a lot about lack of immunity in SPF pigs. To what extent is this true, and how serious?"

"We have been implanting Stilbestrol in our cattle on feed, using three pellets in the ear every five months. Would we get better results, or cut costs, by including Stilbestrol in the feed instead?"

MORRISON:

Mr. Lantz you have several important questions which will be answered in the order raised.

1) In my opinion the decision of whether or not to take your own sows or gilts to the SPF lab or buy 8-week old gilts from the lab depends almost entirely upon two factors: (a) The quality and type of your own sows and gilts as far as farrowing and weaning performance is concerned from a strict breeding standpoint. Of course, this may be quite difficult to determine if virus pneumonia has been bad on your farm. Perhaps some indication may be ascertained by going back over the records for several years, (b) The quality and type of sows being bought by the SPF lab for producing the gilts offered for sale. Unfortunately, many SPF labs have not really paid much attention to this important point and have only met

rather mediocre standards of production which can rather easily be secured by the normal efficient hog operator. It would be highly desirable for more labs to use only performance tested sows in conjunction with SPF pigs. If you feel that the quality of your pigs is equal to that of the lab, I would personally take the sows to the lab for delivery and sacrifice the sow and boar pigs.

2) Since your primary concern is virus pig pneumonia, I would go the SPF route rather than attempting to purchase pigs from "clean herds".

3) In regards to the lack of immunity of SPF pigs we must understand what the SPF program accomplishes. The SPF program is aimed at the elimination of viruses, particularly virus pig pneumonia and atrophic rhinitis. It will not eli-

minate microorganism or diseases still prevalent on the farm. A proper immunization program must be followed with these pigs for hog cholera, swine erysipelas, brucellosis, and leptospirosis, etc. The SPF program is no short-cut in management and no solution to the problems of raising and selling better pork. Care must be taken to keep the premises disease-free as possible by restricting movement of trucks, visitors, varmints, etc. If this is done, "disease free" pigs do as well and often quite a bit better than other good hogs, particularly in terms of daily gain and feed efficiency. Proper programs are also necessary for both internal and external parasite control in SPF hogs.

4) The implanting method is cheaper to use than the in-the-feed method of using stilbes-

trol. This is particularly true if you are well set-up to handle the cattle with a minimum amount of fuss and if you do your own work. One disadvantage of the implant method, however, is the fact that you cannot "unplant" implanted cattle. Thus, if certain individuals have high tail heads or "ride" other cattle, or otherwise show side effects little can be done other than to remove them from the lot so they will not annoy the rest. On the other hand, within-the-feed stilbestrol it is either possible to reduce the usage level or else withdraw it entirely from the ration.

I personally recommend about a 24 mg. implant of stilbestrol for fattening cattle with somewhat less for heifers. I do not recommend reimplanting until at least 6 months time has elapsed.

turn
to big
earning
power
**BIG
NEW**

BIG SIZE . . . and more earning power. The new Allis-Chalmers D-19 has both.

Big—in horsepower (70* PTO hp gasoline, 65* PTO hp LP gas and diesel), in weight (up to 7700 lbs. including liquid ballast, but without wheel weights), in work capacity (5 plows, 20-ft. disc harrows, chisel plows to 18 ft.).

Big Size! Long and stable for big implements, 12 feet 10 inches from end to end. Big tires (15.5-38, 16.9-34*, or 18.4-34*), to handle big jobs. (*Optional at extra cost.) **Big work capacity!** Five plow bottoms. Big disc capacity! New Allis-Chalmers T-BAR hitch system gives bonus weight for big pull-type implements.

NEW FARM-EASY FEATURES YOU'LL LIKE First of its kind—a new oilless air cleaner with automatic Dust-Ejector for longer engine life, simpler servicing!

New! Quieter! Spark-safe exhaust silencer on gasoline and LP engines. Exhaust-driven turbo-charger provides quiet diesel operation.

New! Two independent hydraulic systems: 1. TRACTION BOOSTER system. 2. Complete hydraulic system to operate both mounted and pull-type tools.

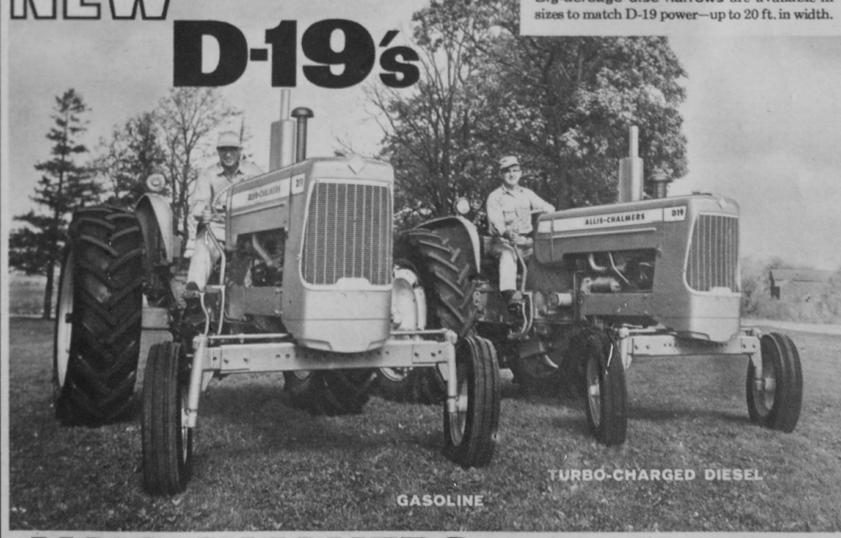

Investing in bigger earning power is sound farm management. Look at the new D-19 soon, at your Allis-Chalmers dealer's. You'll discover there's a big difference in big tractors. Allis-Chalmers Farm Equipment Division, Milwaukee 1, Wisconsin. *Manufacturer's estimate (corrected)

Your choice of big plows. 5-bottom semi-mounted, 5-bottom pull type, 4-bottom fully mounted, 3-bottom deep-plowing spinner type—all can be used with the fuel-saving advantages of the TRACTION BOOSTER system.

Big-acreage disc harrows are available in sizes to match D-19 power—up to 20 ft. in width.

ALLIS-CHALMERS POWER-CRATER and TRACTION BOOSTER are Allis-Chalmers trademarks.

Add a Continental Touch

Learning about foreign cookery can be as thrilling as a trip around the world — and far easier on the budget. Get on our magic carpet, ir to our jet propelled plane, or just curl up in a comfortable chair and take off for far-away places as we search for ideas giving our food travelogue collection a continental touch.

Swiss foods prove a gourmet's delight — take their Alpine Onion Pie — a seasoned mixture of onion and cheese forms the filling between two layers of flaky pastry which can be baked in the traditional round pie pan and cut in wedges, or baked in a rectangular pan and cut into easy-to-serve "fingers".

Words never do justice to French cookery where even a Parisian Omelet has a subtle charm all its own . . . their French Pastry is out of this world . . . and their flaming desserts prove an exciting challenge!

Whisked on to old world Vienna we find Viennese Stew as harmonious as a Straus Waltz — a dish with macaroni combined smoothly and tastefully with veal . . . Tongue twisting names of Hungarian delicacies translate into some of the most delectable food we've ever tasted . . . A piquant raisin sauce adds an authentic touch to German Pot Roast.

If we were to visit a Danish restaurant, famous for its smorgasbord, we'd find among their specialties thin, crisp pancakes, fried in butter and wrapped around vanilla ice cream. Scandinavian Fruit Pancakes are quite similar and something we can make ourselves.

Heading back toward home as we pass over the British Isles, we catch a whiff of Casey's Casserole, a favorite of the Irish because it's such a penny-proud dish with corned beef and carrots smothered with a horse radish cream sauce. This foundation is then topped with mustard-flavor drop biscuits, making the savory casserole almost a meal-in-one.

Our trip may be over but we've found some mighty interesting dishes to add to our food travelogue collection.

if they love your Toll House Cookies

You're sure to wow the whole crowd when they taste this fabulous fudge! The Nestlé's chocolate flavor is "the most"! Every bite is absolutely mmm-marshmallow-y . . . and dreamy, creamy-smooth! Fixes in minutes, can't turn grainy. Why wait? Get the same great Nestlé's® Semi-Sweet Morsels that make your terrific Toll House® Cookies—and GO!

MARSHMALLOW CREAM FUDGE.
BRING to full boil—stir constantly: one 5- to 10-oz. jar marshmallow cream; ½ c. evaporated milk; ¼ c. butter; 1½ c. sugar; ¼ tsp. salt.
BOIL 5 min. over moderate heat, stirring constantly.
REMOVE from heat. STIR in 'til melted; two 6-oz. or one 12-oz. (2 c.) Nestlé's Semi-Sweet Chocolate Morsels; 1 tsp. vanilla; ½ c. walnuts, chopped.
POUR in greased 8" square pan.
CHILL 'til firm. YIELD: approx. 2¼ lbs.

NESTLÉ'S MAKES THE VERY BEST CHOCOLATE

ALPINE ONION PIE

Pastry
1½ cups enriched flour
¼ teaspoon salt
½ cup shortening
3 to 5 tablespoons cold water

Mix together thoroughly flour and salt. Cut or rub in shortening. Sprinkle with water, mixing lightly until dough begins to stick together. Wrap in waxed paper and let stand while preparing Cheese-Onion Filling. Divide dough in half. Roll out one half to circle ¾-inch thick and line 8-inch pie pan with it. Fill with Cheese-Onion Filling. Roll remaining half of dough to make top crust. Arrange over filling. Trim edge and flute. Bake in moderately hot oven (400°F.) 35 minutes.

Cheese-Onion Filling

1½ cups chopped onion
½ teaspoon salt
½ teaspoon dry mustard
¼ teaspoon paprika
1 cup shredded American cheese (¾ pound)

Combine onion, salt, mustard and paprika. Mix well. Spread on bottom crust of pie. Sprinkle shredded cheese over onion mixture. Arrange top crust on pie.

CONTINUED

PARISIAN OMELET

8 ounces elbow macaroni	4 eggs, separated
1/2 cup crumbled, cooked bacon (6 slices)	1 teaspoon salt
3 tablespoons butter	1/4 teaspoon pepper
1/4 cup enriched flour	1/4 cup finely chopped green pepper
1 cup milk	

Cook macaroni in boiling salted water until tender, for 7 minutes. Drain. Cook bacon in skillet. Melt butter in saucepan over low heat. Blend in flour. Remove from heat and stir in milk. Return to heat. Heat to boiling and boil one minute, stirring constantly. Beat egg whites until stiff but not dry. Add salt and pepper to yolks and beat until thick and lemon-colored. Fold white sauce into beaten egg yolks. Combine egg yolk mixture, macaroni, bacon and green pepper. Fold egg whites into macaroni mixture. Drain all but 1 tablespoon bacon drippings from skillet and heat slightly. Spread omelet mixture evenly in skillet. Cook over moderate heat for 10 minutes. Then bake in moderate oven (350°F.) 15 minutes or until top is dry and light brown. Serve immediately. Makes 4 to 6 servings.

VIENNESE STEW

2 tablespoons fat	1/4 cup chopped celery leaves
1/4 cup enriched flour	1 teaspoon Worcestershire sauce
1 teaspoon salt	1/4 teaspoon Tabasco sauce
1/4 teaspoon pepper	1/2 teaspoon salt
1/2 pound veal stew meat	2 cups sliced carrots (about 4)
3 cups water	4 ounces elbow macaroni
1 bay leaf	
1/4 cup chopped onion	

Heat fat in skillet. Mix flour, salt and pepper. Dip meat in flour mixture and brown well in skillet. Add water, bay leaf, onion, celery, Worcestershire sauce, Tabasco sauce and 1/2 teaspoon salt. Cover and simmer until meat is tender (about 1 1/2 hours). Add carrots and elbow macaroni. Simmer 30 min. longer. Serves 4.

KOENIGSBERGER KLOPS

4 cups water	3 slices bread
3 tablespoons instant minced onion	1 pound ground lean beef
4 tablespoons lemon juice	1/2 teaspoon pepper
4 bay leaves	2 eggs
8 whole allspice	1 tablespoon cornstarch
8 peppercorns	3 tablespoons butter
2 teaspoons salt	Hot buttered noodles

Heat water to boiling. Add 1 tablespoon instant minced onion, lemon juice, bay leaves, allspice, peppercorns and 1 teaspoon salt; boil 15 minutes. Meanwhile, soak bread in a little water. Squeeze out excess water and mix bread with beef, remaining 2 tablespoons instant minced onion, 1 teaspoon salt, pepper, 1 whole egg and 1 egg white. Shape into 2-inch balls. Drop into boiling seasoned liquid and cook, turning occasionally, for 15 minutes; remove meat balls. Measure liquid, adding if necessary enough water to make 2 cups. Mix cornstarch with a little cold water; stir into hot liquid and cook until thickened. Add butter and remaining beaten egg yolk, stirring briskly. Do not permit sauce to boil after egg yolk is added. Return meat balls to gravy. Serve over hot buttered noodles. Serves 6.

with the

GIANT TUB SPEED QUEEN

AUTOMATIC WASHER

The stainless steel tub in the new '62 Speed Queen is 20 to 30% bigger than most other automatics. This means that much bigger loads can be washed with freer water circulation to get every piece clean and to protect fabrics.

Don't be misled by exaggerated "poundage" claims. Compare tub sizes. That's what counts. See the new, big-load Speed Queen automatic washer at your Speed Queen dealer or for literature write SPEED QUEEN, A Division of McGraw-Edison Co., Ripon, Wisconsin.

Speed Queen Home Laundry Appliances include Automatic Washers, Electric and Gas Dryers, Combination Washer-Dryer and Wringer Washers.

CASEY'S CASSEROLE

3 tablespoons butter
 1/4 cup chopped onion
 3 tablespoons enriched flour
 1/2 teaspoon salt
 Dash pepper
 1 1/2 cups milk

2 cups cubed, cooked corned beef (12-ounce can)
 1/2 cup cooked sliced carrots
 2 tablespoons minced parsley
 2 teaspoons prepared horseradish

Tangy Biscuits

Melt butter in saucepan. Add onion and brown lightly. Stir in flour, salt and pepper. Add milk and cook until thickened, stirring constantly. Add corned beef, carrots, parsley and horseradish, mixing until well blended. Pour into 1-quart casserole and top with Tangy Biscuits.

Tangy Biscuits

2 cups enriched flour
 3 teaspoons baking powder
 1 teaspoon salt

2 teaspoons dry mustard
 1/4 cup shortening
 1 cup milk

Mix together thoroughly flour, baking powder, salt and dry mustard. Cut or rub in shortening until mixture is crumbly. Add milk, mixing until flour is moistened. Drop by spoonfuls around edge of casserole making small biscuits. Drop remaining biscuit batter on ungreased baking sheet. Bake in hot oven (425°F.) about 20 minutes for Casey's Casserole and 15 minutes for drop biscuits. Makes 4 servings and 8 extra biscuits.

ITALIAN PERCH PARMIGIANA

6 perch fillets, 4 ounces each
 1/2 cup flour
 2 eggs, well beaten
 1 teaspoon salt
 1/4 teaspoon pepper
 1 cup fine bread crumbs
 1/2 cup grated Parmesan cheese

1/2 cup (1 stick) butter
 2 cups (2 8-oz. cans) tomato sauce
 1/2 teaspoon crushed basil
 1/2 teaspoon crushed oregano
 6 slices (1 oz. each) Mozzarella cheese

Dredge fillets with flour. Combine eggs, salt and pepper. Dip fillets into egg, then coat well with bread crumbs combined with Parmesan cheese. In a fry pan, melt butter and sauté fillets slowly until golden on both sides. Arrange in baking dish and cover with tomato sauce. Sprinkle on basil and oregano. Top each fillet with a slice of Mozzarella cheese. Bake 15 minutes. Use shallow, 2-quart baking dish and a preheated 350° oven. Makes 6.

GERMAN STYLE POT ROAST

4 pounds chuck or rump of beef
 2 teaspoons salt
 1/4 teaspoon pepper
 1 onion
 3 bay leaves
 1 teaspoon peppercorns
 1/2 teaspoon allspice

2 cups vinegar
 2 cups water
 Fat for browning meat
 1/2 cup seedless raisins
 1 tablespoon sugar
 8 gingersnaps

Rub beef well with salt and pepper. Place in large bowl. Add sliced onion, bay leaves, peppercorns, allspice, vinegar and water. Turn meat in marinade several times. Cover. Store in refrigerator 3 or 4 days, turning meat occasionally. Drain meat and brown well in fat. Add onion, spices and 1/2 cup marinade. Cover and simmer 3 to 4 hours, until meat is tender, adding a little water as needed. Remove meat to serving plate. Add raisins to liquid in pan. Thicken slightly with flour mixed to smooth paste with a little cold water as desired. Stir in sugar and gingersnaps rolled into fine crumbs. Serves 8 to 10.

Gold Ribbon Winner at the Wisconsin State Fair suggests you try her

DOUBLE FEATURE DINNER ROLLS

"I've won twice with this recipe," says Mrs. La Vern Bethausser of Mauston, Wisconsin. "But, of course, I took my really big prize last year when I won the Gold Ribbon for the best yeast baking at Wisconsin's State Fair. I hope you'll bake up my rolls often. But be sure to make them with Fleischmann's Active Dry Yeast every time. Fleischmann's is so dependable, always rises fast. You just know your baking will turn out right with Fleischmann's Yeast."

DOUBLE FEATURE DINNER ROLLS (Makes 4 dozen)

1/2 cup sugar
 2 teaspoons salt
 1/2 cup Fleischmann's Margarine
 2 cups milk, scalded
 1/4 cup very warm water
 1 package or cake Fleischmann's Yeast, active dry or compressed
 9 1/2 cups sifted flour, about
 3 eggs, beaten

Measure sugar, salt, and Fleischmann's Margarine into a bowl. Add scalded milk and stir until margarine has melted. Cool to lukewarm. Measure very warm water into a large bowl. Sprinkle or crumble in Fleischmann's Yeast. Stir until dissolved. Add lukewarm milk mixture. Add 3 1/2 cups of flour and beat until smooth. Cover. Let rise in a warm place, free from draft,

for 1 hour. Add eggs and beat until smooth. Add and stir in remaining flour to make a stiff dough. Knead until smooth and elastic, about 10 minutes. Place in a greased bowl, turning to grease top. Cover. Let rise in warm place, free from draft, until doubled in bulk, about 1 hour 15 minutes. Punch dough down. Turn out onto lightly floured board. Shape into rolls. Cover. Let rise in warm place, free from draft, until doubled in bulk, about 30 minutes. Bake in hot oven (400°F.) 15 to 20 minutes. After removing from oven, brush tops with melted margarine.
