PLANNING an extended trip through the western United States following their retirement in June are Mr. and Mrs. Russell A. Rollin of Tawas City. Mr. Rollin retires as Isosco County school superintendent, a position he has held since 1939. Mrs. Rollin retires as an elementary teacher at the East Tawas unit.—Tawas Herald Photo.

Isosco County School Supt. Tells of Retirement Plans

Russell A. Rollin, Isosco County superintendent of schools since 1939, announced today that he will retire from that position effective June 30.

This date will coincide with the effective retirement date of his wife, Hildur, who has been a member of the elementary faculty of Tawas Area Schools since 1952.

Between them, the Rollins have a total of 54 years connected with the teaching profession. Both hold degrees from Central Michigan University.

"I'm going to miss all those little youngsters in school next fall," said Mrs. Rollin, who is a first grade teacher at the East Tawas unit. "But, we are going to have our grandchildren with us during the summer and then we plan on an extended trip to the west coast in September."

Mrs. Rollin, who was born in Alabaster Township and graduated from high school there, attended Isosco County Normal and began her teaching career in a one-room rural school in Reno Township. After two years there, she taught school at Alabaster for two years.

Her first "retirement" from teaching came in 1920. The Rollins were married in 1919 and she stayed on as a teacher for a year. Household duties of raising a family of five children, four boys and a girl, saw a lapse of 24 years before she again resumed her teaching career. In 1944, she returned to Isosco rural schools, teaching at the Townline and Vine Schools before reorganization of the Tawas Area School District in 1952.

She completed work toward her college degree on July 31, 1953.

Mr. Rollin, a native of Tawas City, graduated from high school here in 1914 and then attended county normal. After teaching one year at Delano in Arenac County, he attended Eastern Michigan College at Ypsilanti.

In the spring of 1917, Mr. Rollin enlisted in the United States Marine Corps and saw service during World War I.

He did not resume his teaching career following the war as he went to work for the United States Gypsum Company at Alabaster. He was employed there from 1919 until 1922 when the family moved to South Dakota where Mr. Rollin was employed by USG for three years. Before leaving this area, he had completed his work toward a life teaching certificate.

He returned to the Alabaster

plant in 1926 as a chemist and then left the firm to join National Gypsum Company as labor foreman during construction of the National City plant in 1927. He was mill foreman at National for 1 1/2 years and returned to the employment of USG during construction of the aerial tramway at Alabaster. He was tramway operator until 1932.

After 14 years of industrial employment, Mr. Rollin returned to the teaching profession. He taught three years at Whittemore, one year at Alabaster, two years at Rose City and one year at Hale.

In 1939, he was elected county commissioner of schools and the Rollins have resided in Tawas City ever since that time. He received a bachelor of science degree from Central Michigan University in 1947.

Mr. Rollin has been honored in the teaching profession by serving as president of the Michigan Rural Teachers Association, president of the County School Superintendent's Association, a member of the legislative committee of the Michigan County School Superintendent's Association for 12 years and a member of the national legislative committee for two years.

He said that work in his garden would keep him busy during most of the summer and then he and Mrs. Rollin would attend the Seattle World's Fair in September.

Their five children are: Russell A. Rollin Jr., Ann Arbor; William Rollin, Spearfish, South Dakota; Kenneth Rollin, Hale; John D. Rollin, Fort Dodge, Iowa; Mrs. Jay (Nancy) Foss, Highwood, Illinois.

Sheriff's Officers Attend School

Jerry Kruse and Francis J. Block, members of the Isosco County Sheriff's Department, are attending a three-day marine safety school this week at the Higgins Lake conservation training headquarters. The school is being sponsored by the Michigan Sheriff's Association.

For Centennial Museum—

Seek Historical Items for Display

Cooperation of all citizens of East Tawas and others interested will be needed if the museum planned for centennial week—June 24-30—becomes a special attraction for homecomers and local residents at the East Tawas celebration.

To be housed in the American Legion Hall, Joseph Barkman and his able corps of assistants will be in charge. All articles on exhibit will be labeled as to identity or use, also the name of the entrant will be given. The public will not only be informed as to the article itself, but will learn, also, who possesses the treasure or antique.

Mr. Barkman will have many photographs of former citizens and views depicting earlier days on display. He also has a unique collection of assorted items that will form the nucleus for the museum.

"However, Mr. Barkman realizes that there are many antiques or

old articles in the homes of our people, that, if placed on display, would make the museum an outstanding attraction," states Miss Edna Otis, centennial chairman.

The list of suitable articles that can be shown is large. With the thought in mind that naming a few of them might prove the added incentive for placing them on exhibition, the centennial chairman notes a few:

Articles of furniture with a local history, household furnishing of a generation or two ago, including homemade quilts, equipment for butter making, kitchen gadgets that show the changes of time, implements of common use on pioneer farms, McGuffy or Appleton school readers, log marks, old pictures and clothing that would show changing styles.

"You can show your interest in this phase of the celebration by notifying Mr. Barkman of your intent to enter articles for display," said Miss Otis.

Fire Danger High in Area

About 80 acres of grass and brush land was burned over late Monday afternoon in Section 28, Grant Township, northwest of Sand Lake. This was the season's first fire and officials warn that extreme caution must be exercised in wooded areas.

The fire was brought under control at 7 o'clock by the combined forces of the United States Forest Service, Michigan Department of Conservation, Whittemore and Hale volunteer fire departments, Glennie and Tawas ranger districts.

Between 45 and 50 men, using four tankers and two plow trucks, battled the blaze for slightly more than two hours.

The fire started in a field at the Charles Miller farm and quickly spread out of control to a wooded area filled with oak and aspen. The blaze was finally stopped near Vaughn Creek.

"Had this fire started earlier in the afternoon, it probably would have burned over several thousand acres before it could have been brought under control," a forestry department official stated.

Because of the high fire danger, the forest service has stopped the issuance of burning permits.

Monday's burning index in this area was at 25 and by Tuesday it had raised to 35. This is a very dangerous condition.

The area is presently experienc-

ing what is known as a "Hudson Bay High." Dry air accompanied by high winds greatly increases the fire danger.

During the past week, Tawas City and East Tawas volunteer fire departments have answered numerous grass fires. Latest came Tuesday noon at the former John Rapp farm on Meadow Road. Firemen extinguished a grass blaze before it reached a wood lot.

Oscoda Senior Appointed to USAF Academy

Kenneth R. Rose, Oscoda Area High School senior, has received an appointment to the United States Air Force Academy in Colorado.

This announcement was made Tuesday afternoon by Cong. Elford A. Cederberg from his Washington, D. C., office.

Kenneth, son of Mr. and Mrs. Ralph N. Rose of 4263 Bissonette Road, received the top grade among 11 nominees.

In addition to his high scholastic standing at Oscoda Area High School, Rose was also an outstanding athlete. He quarterbacked the Oscoda Owls' football team.

Navy Ship OK'd for Centennial Visit

The East Tawas Centennial committee has been assured that an United States Navy ship will enter Tawas Bay during the week of the East Tawas Centennial, June 24-30, to add to the attractions already listed for the event.

Through the efforts of 10th Michigan District Congressman E. A. Cederberg, the navy has scheduled USS Amherst (PCER853) to make the requested visit. USS Amherst is commanded by Lt. George W. Jensen.

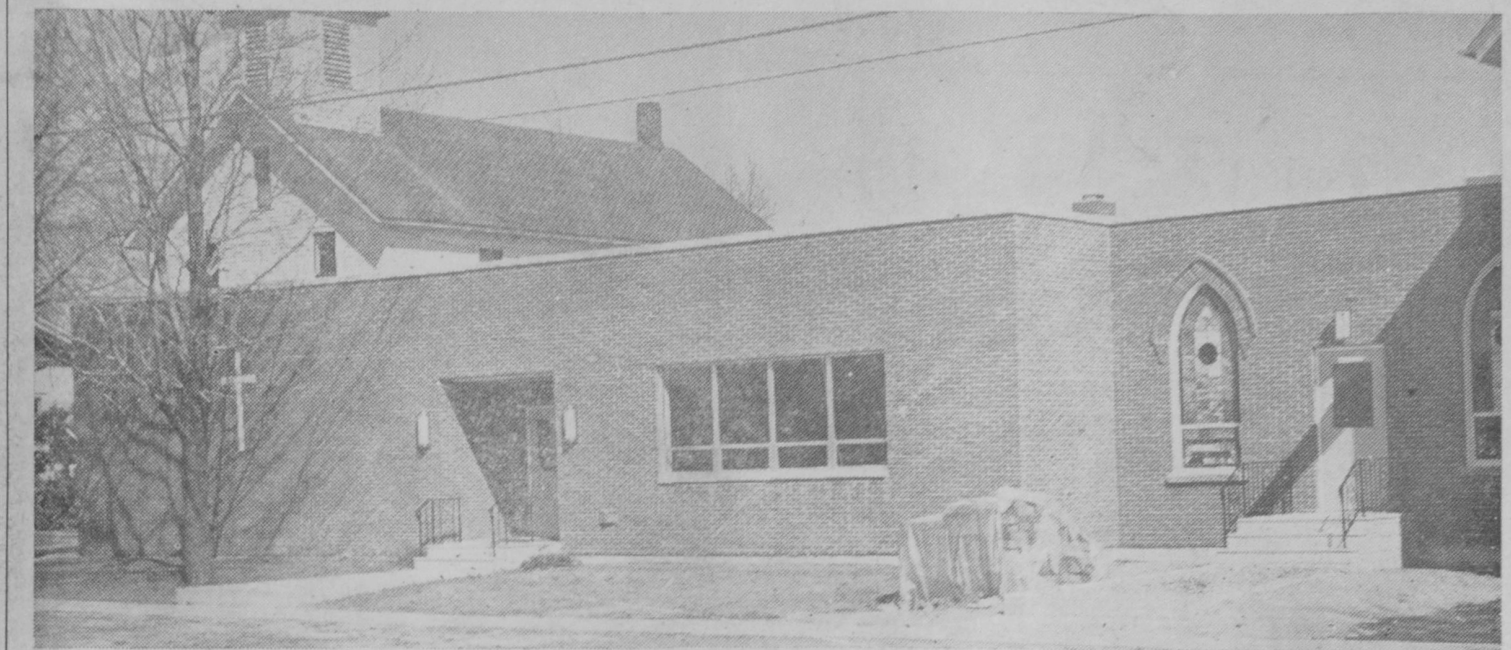

Vice Adm. C. D. Griffin, deputy chief of naval operations, through whom Congressman Cederberg was able to contact the department of the navy, writes his appreciation of the interest in the navy, and adds "We, in the navy, are delighted to have this opportunity to participate in East Tawas' centennial observance and are confident the officers and men of the USS Amherst will contribute appropriately to the celebration."

Fire Department Had Two Calls

Oscoda-AuSable Township Fire Department answered two fire calls Friday. The Bowman cottage on Cedar Lake was destroyed when about 20 acres of brush land burned over. The office of El Cortez Motel on US-23 was gutted Friday night. Firemen prevented the blaze from spreading to other parts of the building.

DEDICATION CEREMONIES for Zion Lutheran Church's new Christian Day School in Tawas City will be held Sunday. The new school, constructed at a cost of \$85,000, replaces the old which has served needs of the congregation for more than 65 years.—Tawas Herald Photo.

Clean-Up Days Set at East Tawas

Clean-up days in East Tawas are to be held April 30 and May 1. This schedule was set last week by the city council.

Supt. Paul Roper asks all residents to cooperate in this spring campaign. Boxes containing trash should be placed at the curb.

Petitions Available for School Election Slated June 11

Nominating petitions for the June 11 school election are now available at the school office or from the secretary of the board of education. It was announced last week by Supt. Reynold Mick.

Petitions must be signed and returned to the secretary by May 12.

There will be one trustee elected to the Tawas Area Board of Education for a four-year term. The term of Walter Niles expires this year. Petitions are being circulated for his renomination.

Gets Prison Term on Pay Phone Charge

Clyde O. Hendershot, 20, was sentenced Monday to serve six months in the Detroit House of Correction for breaking into pay telephones. He was also ordered to pay court costs of \$100 or serve an additional six months.

He was one of four airmen from Wurtsmith who were recently convicted of widespread pay phone break-ins throughout the Northeastern Michigan area. The other three men also received prison sentences.

Circuit Court Jury Acquits Detroit

After deliberating for about 30 minutes Thursday, an Isosco County Circuit Court jury acquitted Dusan Glavas, Detroit, of a charge of concealment and disposal of mortgaged property.

New Zion Lutheran School Set for Dedication Sunday

Zion Lutheran Church will dedicate its new \$85,000 Christian Day School in services Sunday, April 29.

Returning to preach the dedication service at 10:30 a. m. will be the Rev. Elmer E. Bickel, who directed original planning for the building campaign. He left Zion two years ago for his new pastorate at Trinity Lutheran Church, Merritt Township, Bay City.

Following the dedicatory sermon, the congregation will gather at the main entrance of the new building. Leading the procession conducted by ushers will be pastors and the church council.

Arthur Ziehl, supervisor of construction, will cut the ribbon and hand keys for the new school to Arthur Wuggazer, chairman of the congregation. He will unlock the door and the Rev. Walter C. Pieper, present pastor, will deliver the rite of dedication.

Following this service, a noon dinner will be served at the school by members of the ladies aid. The festival of worship will be conducted at the new school in the afternoon with a sermon of thanksgiving to be given by the Rev. Walter A. Pieper, pastor of St. John's Lutheran Church, Ludington. He is the father of the Tawas City pastor.

A lunch will be served following the afternoon services.

The new 65 by 96 block and brick school building is located adjacent and connected to the church at the corner of Second and Seventh Avenues.

Construction of a new school had been in the planning stages for several years and the building committee started its fund-raising campaign to finance construction about three years ago.

Final approval to proceed with construction was given by the congregation in March 1961. Ground breaking ceremonies, with Pastor Pieper at the controls of a dragline, were held last fall.

The modern new school building has two classrooms, a 32 by 65 multipurpose room, office, restroom and kitchen. The structure is heated with a hot water furnace.

The building is connected to the church by a foyer, which also serves as an overflow room during services. (See NEW SCHOOL, page 10.)

TC Water Board Approves Extending Main to Elms Garden Subdivision

At its regular meeting Monday night, Tawas City Water Board approved extending 400 feet of water main in Elms Garden Subdivision.

The new main would be constructed on Margo Street from Nanette to Grove Avenue. Request for this extension was made by Arnold Bronson and would serve a number of building lots.

The board authorized the department of public works to obtain engineering on this project.

Interested residents are to con-

duct a survey to determine if property owners are interested in establishing a special assessment district to finance cost of extending sewer service to Elms Garden Subdivision.

Approximately 1,300 feet of sanitary sewer mains in the First Ward are to be cleaned by a contractor presently working at East Tawas. Mains to be cleaned include Beech Street from railroad tracks to Fir Street and one block from Beech Street to North Street.

The board authorized the department of public works to extend sewer and water mains to a new home being constructed by Kenneth Frank, Sixth Avenue, on a cost basis.

Red Cross Drive Kicks Off May 1

Isosco County's one-week fund drive for the American Red Cross starts Tuesday, May 1.

New this year will be a Red Cross headquarters office in the temporary city hall, 106 East State Street, East Tawas. Hours will be from 1:00 to 5:00 p. m.

This means anyone is welcome to stop in and leave a contribution. If there are questions about Red Cross programs in the county, this is an opportunity to discuss them.

Mrs. George Rose, fund drive chairman, has written this open letter to everyone:

"When you give to the American Red Cross, you help make good things happen in Isosco County through first aid training, water safety, swimming instruction programs and nursing services. You help to preserve lives through the blood bank program.

"You also make good things happen for servicemen, their families, for veterans and their dependents; for disaster victims.

"To continue these good things, the American Red Cross, supported solely by contributions from the people, needs your gifts of money. "In each of the last two years

over \$6,000 has been spent locally by the Red Cross in Isosco County on these programs."

Isosco County's quota this year is \$4,900. Checks should be made payable to the American Red Cross.

Home service work through the Red Cross in this county has been conducted by Mrs. L. G. McKay Sr. This consists of verification of illness for servicemen and their families. Overseas men are notified in every emergency. This service provides assistance, too, in some situations where the serviceman is needed at home.

Gray Ladies are familiar to patients at Tawas Hospital. They provide many and varied services and assistance that make the stay of a patient more comfortable. (See RED CROSS, page 10.)

SWING YOUR PARTNER

A square dance will be held Saturday night, 8 to 11:30 o'clock, at Tawas Area High School Auditorium. Sponsored by the Tawas Area Parent-Teacher Association, Kirby Miler of Sand Lake will be the caller. Mrs. Carl Schaaf is chairman.

Betsy, died, the young preacher wrote these words in a letter to his friend, John Wesley: "Despair and killing anguish have drunk up my spirits and nearly consumed my body."

Wesley wrote in reply: "Our comfort is, He that made the heart can heal the heart. Your help stands in Him alone. To His tender care I commend you."

This reply of the great man of God points to the true source of light in the darkness of bereavement—to none other than the living Christ. It is He who causes His friends to rejoice, giving them "beauty for ashes, the oil of joy for mourning, the garment of praise for the spirit of heaviness;

that they might be called trees of righteousness, the planting of the Lord, that he might be glorified."

PRAYER
O Father almighty, Thou who didst raise from the dead Thy beloved Son, number us among the rejoicing friends of the living Saviour. Pervade our hearts with the light of His spirit. Grant us power to do His bidding. Render us joyful in service to our Saviour who taught us to pray, "Our Father who art in heaven—... Amen."

VISIT ARLINGTON NATIONAL CEMETERY ON RECENT TRIP

Mr. and Mrs. Clifford Bennington and daughter returned Monday from a trip through the Southern and Eastern States, visiting Washington, D. C., and other points of interest. While in Maryland, they were guests of Seaman and Mrs. Dennis Bennington at the Bainbridge Naval Base.

At Arlington National Cemetery, they saw Mr. Hanson, Denmark's minister of defense, place a wreath on the tomb of the unknown soldier.

The Laidlawville Farm Bureau Group met with Mrs. Ida Schmalz and Carl Schmalz last Saturday evening. Mrs. Bertha Binder and Mrs. Schmalz were co-hostesses. Mr. and Mrs. Clare Herriman

are spending several days in Arizona where they attended the wedding of her brother.

The Walter Kasichkes and Mrs. Emma Kasichke were Bay City visitors Tuesday.

Michael Blust Jr., who spent several months in California, returned home during the past week.

Mrs. Bernice Herriman was a recent visitor of Mrs. Louise McArdle.

The Walter Millers were weekend visitors in Detroit.

Mr. and Mrs. E. Dankert spent the Easter holidays in Chesaning with relatives.

Mr. and Mrs. Ervin Biggs entertained her parents, Mr. and Mrs. Walter Nelson, and Jackie of Tawas City Sunday of last week.

Arthur Povish and Dennis Bronson were at Mt. Pleasant Monday on business.

The Gayle Durant family of Flint visited the Clayton Ulmans and Alton Durants of Grant Township last week-end.

CHRISTIAN SCIENCE—
How divine guidance aids man in his efforts to make spiritual progress will be brought out Sunday at Christian Science church services.

The lesson-sermon entitled "Probation After Death" will include these words of the Psalmist: "As for God, his way is perfect; the word of the Lord is tried; he is a buckler to all those that trust in him. . . . It is God that girdeth me with strength, and maketh my way perfect" (Psalm 18).

This citation from "Science and Health with Key to the Scriptures" by Mary Baker Eddy will also be read (p. 324):

"The way is straight and narrow, which leads to the understanding that God is the only Life. It is a warfare with the flesh, in which we must conquer sin, sickness, and death, either here or hereafter,—certainly before we can reach the goal of Spirit, or life in God."

MRS. YOUNGS TO BE LADIES AID HOSTESS
Mrs. Wilfred Youngs will be chairman of hostesses at the Emanuel Lutheran Ladies Aid meeting April 26, 7:30 p. m., at the school.

Graduates from Women's Marine NCO School

Woman Marine Cpl. Bonnie Jackson, daughter of Mr. and Mrs. Morris H. Clement of Hale, was graduated April 13 from the Women Marines Non-Commissioned Officers Leadership School at the Marine Corps Schools, Quantico, Virginia.

The four-week school is conducted once each year for women marines from posts and stations throughout the nation and includes courses in leadership, drill, command ceremonies and military instructions.

Before entering the service, Miss Jackson was graduated from Academy of Holy Names, Tampa, Florida.

Capt. William H. Bergman, son of H. H. Bergman of Paola, Kansas, is being reassigned to Norton AFB, California, following his graduation from the United States Air Force Squadron Officer School at Maxwell AFB, Alabama, April 13.

The captain, a graduate of Paola High School, is married to the former Barbara J. Burt of East Tawas. They have one child, Michael.

The squadron officer school, a part of the professional officer education system of the air university, prepares young officers for command and staff positions at squadron and wing levels. Captain Bergman was selected because of his growth and development potential as a leader in the aerospace force.

New Orleans Seized; Citizens Signal Trouble

Butler's Troops Have Hands Full As Restive Populace Grumbles

NEW ORLEANS, La.—April 29—Capture of New Orleans was completed today with the landing of an 18,000 man occupation force commanded by Maj. Gen. Benjamin F. Butler.

The city's populace greeted the invaders sullenly. The defending force of 3,000 Southern troops commanded by Maj. Gen. Mansfield Lovell withdrew as Butler approached.

Arrival of Butler's forces followed by less than 24 hours the long-awaited surrender of Forts Jackson and St. Phillip, whose battered garrison mutinied yesterday and surrendered to Union sailors under command of Cmdr. David Porter.

Porter and a fleet of mortar boats had been left behind by Capt. David G. Farragut, who last week defeated the defending Southern fleet below the Forts and hurled tons of heavy shot into the forts.

BUTLER'S force had no sooner entered the city than they learned their occupation role here would be a difficult one, to say the least.

Private citizens viewed their preliminary activities with a deafening silence. The mayor, John T. Monroe, had refused Farragut's request for an official surrender.

Most astonishing to the Union troops as they scattered throughout the city was the attitude of well-dressed, richly-turned-out women who often taunted them and occasionally reddened the ears of the combat-scarred

troops with original, pungent curses.

One of Farragut's first official actions met with open hostility.

He had ordered the Union flag raised over the U.S. Mint here, which had been seized by Confederates after Ft. Sumter. A crowd headed by William B. Mumford, a gambler, tore the flag down and ripped it to shreds, disdainfully tossing the remnants into City Hall, where Farragut was trying to make peace with Mayor Monroe.

IT TOOK two officers and a detachment of heavily armed marines to get the Stars and Stripes hoisted over the Federal customs house. Another sullen crowd jeered these efforts.

In the face of these repulses, Butler reportedly went to work at once on a strict code to govern civilian activity.

A native of New England with no previous military experience, Butler was appointed to his high rank by President Lincoln after the start of hostilities, in an apparent tribute to his political activities. He is known as an efficient administrator and a stern disciplinarian.

Boating in a Series—

BOATING FIRE PROTECTION

Fire at sea can be a soul-searing experience and just as much so for the boat operator on a small body of water. Yet many boat owners put out from shore with no provision in the way of fire extinguishers or other fire prevention equipment.

Probably most people think of water as the best means of putting

out a fire and with water all around them, why bother with a fire extinguisher. Water, however, only spreads a gasoline fire and consequently is of little value as a fire retardant.

Outboard boats of less than 26 feet in length of open construction (with no enclosed spaces) are not required to carry a fire extinguisher. Outboards with enclosed spaces in which gasoline fumes could collect and all inboards are required to carry coast guard approved extinguishers.

Boats less than 26 feet in length are required by law to have at least one 1 1/2 gallon foam, 4lb CO2 or 2lb dry chemical extinguisher. Boats 26 feet to not less than 40 feet require two each of any of

the above, while boats 40 feet to 65 feet require three each of any one of the small extinguishers. Boats fitted with fixed CO2 equipment may dispense with one of the required small ones.

And beginning with January 1, the carbon tetrachloride type ceases to have coast guard approval for use on boats.

Extinguishers should be mounted where readily accessible in case of emergency and the boat operator familiar with their operation. Occasional checks should be made that each extinguisher is full and ready for use. If it becomes necessary to use an extinguisher, recharge it immediately.

In addition to fire extinguishers, there is a requirement that all in-board engine carburetors be fitted with flame arrestors.

County Boards of Education To Hold NMA Spring Meeting At Gladwin May 2

The Northern Michigan Association of County Boards of Education will hold its spring meeting at Gladwin Masonic Temple, 7:00 p. m., May 2. Before the business meeting, a dinner will be served by the Gladwin Order of Eastern Star.

All county board of education members are urged to attend as a fine program has been planned for the evening. Members from the department of public instruction will be in attendance and a report on current legislation as it affects the public schools of Michigan will be presented. It is expected that a progress report of the constitutional convention will be given at the same time.

EAST TAWAS' CENTENNIAL YEAR ---- 1962

UNITED STATES LIFEBOAT STATION has been a fixture on Tawas Point for many years. The top picture shows the station as it appeared in 1909. The bottom picture shows one of the lifeboat crews of an early day. Modern patrol craft have replaced the muscle-powered boats of yesterday. Crews such as this one practiced long hours to become a proficient team and there was considerable competition for the right to hold title as the fastest rowing crew. Tawas Point is also site of the first structure established on Tawas Bay, the original lighthouse having been built there in 1852. When Gideon O. Whittemore and Company made the first exploratory visit to this area in 1853, members were hospitably sheltered by Captain Colin Graham, then keeper.—Tawas Herald Collection.

Trout Gladness

A well-placed cast in a likely spot. A sudden jerk in the line telegraphs good news to this trout fisherman. A "brook" has taken his offering and the fight is on. The script is a familiar one with rainbows and browns adding a big share of craftiness to the plot. It unfolds Apr. 28 throughout Michigan's tempting trout waters and thousands of fishermen are anxiously counting the days until they can get into the act. For them, this marks the real beginning of spring—a time of trout gladness.—Mich. Dept. of Conservation

Braves Win from Arenac Eastern

Tawas Area Braves varsity baseball team racked up a 16-1 victory over Arenac Eastern last Friday, their second win of the season.

Sharing mound duties were Lewis Werth and Dick Doak, who took over in the second inning.

Tawas jumped on Gary Wait, Eagle pitcher, for seven runs in the first inning. The Braves coupled two hits with three walks and two Arenac Eastern errors.

The Braves again pushed seven runs across in the seventh on five hits, two walks and several fielding errors.

Batting star of the game was Jim Herriman, who had a triple and two singles in four times at bat.

Tawas Area JVs Take 4-1 Win From AuGres Wednesday

Led by the three-hit pitching of Ron Priebe, Tawas Area Junior Varsity baseball team downed AuGres, 4-1, last Wednesday night under the lights here.

Priebe, who fanned 12 visiting batters, was in trouble only once when AuGres came up with two hits in the fourth inning to score a single run.

Tawas scored three times in the bottom half of the fourth after two batters were out. Humphrey, Riley and Killey all walked and Priebe delivered a double to unload the bases.

The winners scored one run in the fifth inning when Katterman doubled to score Cadorette from second.

Named to Manage Tawas City Indies For 1962 Season

Harold Rollin, veteran manager of Alabaster and East Tawas amateur baseball teams in the Northeastern Michigan League, was named to head up the Tawas City Independents at the team's reorganization Saturday afternoon.

Rollin succeeds Jerry Grack, who had piloted the team for the past two years.

An infielder on Alabaster baseball teams for many years, Rollin was instrumental in reorganizing the Alabaster team in 1947 and piloted the squad to several league championships. When the "White City" team was disbanded several years ago, he managed the team at East Tawas for a number of seasons.

Preseason practices are slated for Tuesday and Friday nights and a full work-out is slated for Sunday afternoon.

The NEM League is scheduled to open its season May 6.

East Tawas Lions to Put on Drive During White Cane Week

April 25 through May 5 is National White Cane Week and members of the East Tawas Lions Club will be selling white canes April 28 in the Tawas and Oscoda to benefit the sight conservation fund.

The idea of the white cane for the blind is credited to George M. Bonham, who, in 1930 was president of the Lions Club of Peoria, Illinois, and through his efforts that club presented white canes to the blind of the city.

The movement was brought to the attention of other Lions Clubs and at an international convention in 1932, presentation of white canes was adopted as an international movement.

In 1936, the movement was brought to the attention of the Michigan State Legislature and the White Cane Ordinance was drawn up and passed, giving the blind person with a white cane the right of way. Many other states have passed similar laws requiring all vehicles to stop when

they see a person with a white cane.

The success of this movement in promoting safety of the blind is dependent upon the help and cooperation of every motorist and pedestrian. More than 14,000 blind people in Michigan depend upon a white cane or leader dog and the driving public to observe the state law.

Michigan law states: "Any driver of a vehicle who approaches within 10 feet of a person wholly or partially blind, carrying a cane or walking stick which is white or white tipped with red, or being led by a guide dog wearing a harness and walking on either side or slightly in front of said blind person, shall immediately come to a full stop and take such precautions before proceeding as may be necessary to avoid accident or injury to the person wholly or partially blind."

Blind people move from town to town the same as sighted people and it is for this reason that White Cane Week is being publicized throughout Michigan.

Practically 100 percent of the people in every town sometime during the year pass through villages and cities where blind people do reside and go to and from work carrying a white cane.

A Time for Touting Trees

Few of Michigan's prized natural resources have been more important in the past or are more highly valued today than its forests and the trees which make them. They are a steady source of raw materials for industry and agriculture. They affect the climate, water resources and soil. They furnish food and shelter for wildlife and are vital to the state's vast recreational and scenic areas. The annual production and manufacture of forest products in Michigan is valued at more than \$600 million. Income from the recreation "industry" is also estimated to be more than \$600 million a year. Trees also hold a special something for millions of sightseers and nature lovers that cannot be expressed in dollars and cents. For all these reasons, Michigan each spring stages Arbor Day to honor its trees. This year, two dates have been set for Arbor Day observances—Apr. 26 in the southern lower peninsula and May 10 in the northern two-thirds of the state. Local communities, schools, conservation clubs, and others will take part in these special days by planting trees.

'Arts and Flowers' Flower Show Theme

Theme of the Tawas City Garden Club's annual spring flower show is "Arts and Flowers." It is to be held Saturday, May 26, at Tawas Area High School.

Mrs. Caryl Ives and Mrs. George Liske, co-chairmen for the show, entertained the eight show chairmen at a luncheon Monday at the Ives home on North US-23.

Progress reports on plans were given by the committee chairmen. Schedules for the show are to be distributed next week.

Some 57 classifications are listed on the schedule, including three for junior growers.

Under the section of arrangements, there are 15 classes listed while there are six classes in potted plants and 27 classes in horticulture. There is also a section for trays.

The show will be open to the public Saturday, May 26, from 2:30 p. m. to 9:00 p. m. All classes are open to the public and all entries are free.

Miss Patricia LaVoy, a student at Central Michigan University, Mt. Pleasant, is spending Easter vacation with her parents, Mr. and Mrs. Robert LaVoy.

Get A Permit Before You Burn

Getting ready to burn leaves and rubbish around your home or cottage this spring? If so, don't forget you'll need a burning permit from the Conservation Department. It's easy to get one provided, of course, conditions are safe. Just drop into your nearest Department district or field office. A telephone call to either office will also do; your permit will be filled out over the phone and mailed to you. Permits are also available from conservation officers, fire officers, and towermen. An issued permit means that weather conditions are "A-OK" for burning in your area. It also tells Department field men where you'll be burning so they can come to your rescue in a hurry if things get out of control. It's an important piece of paper. And, it's free.—Mich. Dept. of Conservation

SHERIFF'S DEPT. INVESTIGATES DISAPPEARANCE OF DUCKS	
Iosco Sheriff's Department is investigating the theft of two mallard ducks from the Herman Bischoff farm near Tawas City, Bischoff told officers that two youths stopped their car near his farm and made off with two tame ducks from his pond.	
The sheriff's department believes the case will probably remain unsolved. The ducks were stolen Saturday, the day before Easter, and the "evidence" was probably served for Sunday dinner.

Michigan's First Fishermen

Spear fishing

Fishing Equipment

Fishing was serious business to Michigan's early Indians. Despite an abundance of fish, it was a continuous challenge to grow, shoot, and catch enough food for their needs. Thus, good fishing sites had a strong say in determining where Indians lived. Techniques used to catch fish depended upon the time of year, the type of fish sought, and sometimes the ability of the Indians. Nets made of wild hemp, nettles, basswood bark, and other fibres were popular and yielded great catches. Spear fishing was also popular. Spears were made of long poles, 18-20 feet long with a flat, sharply-pointed "dart" at the end. The dart was attached to a cord and when a fish was struck it separated from the pole and remained in the fish. Small fish-like lures were used to attract fish within striking range. While there were tremendous pressures in providing adequate food supplies, early explorers noted that the Indians were careful not to kill fish indiscriminately.

Miss Scott Tells of Mid-East Trip

By DOROTHY SCOTT

Easter had a new dimension this year, one I call the depth-dimension which is never fully appreciated from any picture, slide or movie screen. It comes, instead, from personal participation or actual presence in a place or situation. Once one has "been there" any reference recreates scenes and settings in a flash.

Many of you know that the Holy Land in Jordan was part of my Middle East trip in March. It was a conducted tour with 21 in the party. This size group is large enough for cooperative travel yet small enough to remain informal and friendly.

Jerusalem we loved, everyone of us. Maybe it was the welcoming atmosphere at the American Colony Hotel where we stayed and where the owner is highly regarded by the community. Her people founded the hotel having originally come to Jerusalem from the United States.

Incredibly rough landscape greeted us—picturesque hills, valleys and stones the likes of which we never saw before. Colorfully beautiful and modern are the many new homes and other structures literally hewn from hills and rock. The new city is clean and the people are very friendly. They speak English enough to get us by, fortunately for us, since we speak no Arabic.

Our guide was outstanding. He speaks English and French fluently in addition to his own Arabic. Originally from the section now Israel, he is a young man and well informed about the Holy Land.

We began our Jerusalem tour with a visit to the Church of the Holy Sepulchre, arriving there by traveling the Via Dolorosa with stops at the "stations" along the way. News reports this past week tell about the crowds of pilgrims and tourists following this route recreated vividly my own recent journey. We were told that local residents do not attend services on Easter or Christmas, leaving the churches for the huge number of visitors from everywhere.

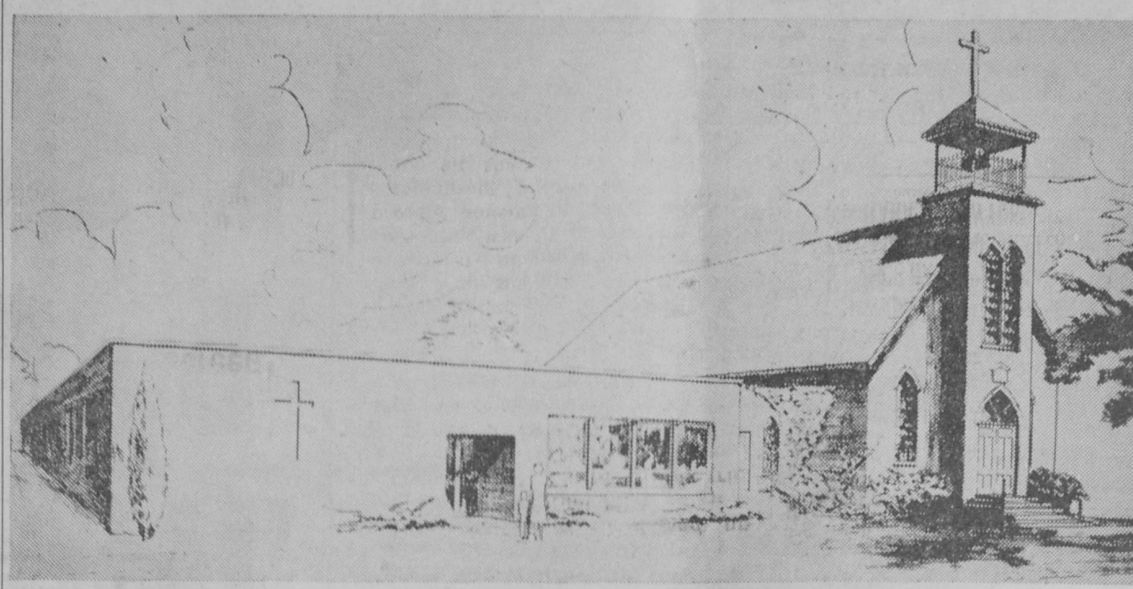

Each Friday at 3:00 p. m., a Franciscan procession, including pilgrims and tourists, retraces the steps of Jesus along the Via Dolorosa.

While the Church of the Holy Sepulchre is considered the traditional site of the crucifixion, burial and resurrection of Christ, other sites also are said to be the place where certain events took place.

One of the loveliest is the Garden Tomb, Golgotha, and the Garden of the Resurrection. Going through an entrance gate in a wall, one forgets the city entirely in the quiet dignity and beauty of this area supported by the Garden Tomb Association headquartered in London, England. There are evidences that this spot may be not only the burial place of Christ but also the location of Calvary Hill.

The people in charge are English, have a daughter and a son in the United States. They had become acquainted with one of our Michigan 4-H Club IFYE delegates who frequently visited the Garden while in Jordan.

Other sites mentioned in Easter services which were visited in-

THIS SKETCH shows Zion Lutheran Church and its new Christian Day School as it will appear when the church steeple is completed. The next project of the congregation is to remove the old school building.

clude the Church of All Nations in the Garden of Gethsemane. This church marks the place of Christ's prayer and agony on the night of betrayal and arrest. It is a truly magnificent place, built as the name indicates, by many nations including ours. I shall always remember the beautiful singing by a nun whose voice floated in to us from an unseen spot.

Among the many flowers in the Garden are those olive trees said to date back to the time when Christ was there. Relatively new and beautifully decorated is the Church of St. Peter-in-Gallicantu built at the Court of the High Priest. Here Peter thrice denied his Master and Jesus was imprisoned overnight. The Augustinian father who guided us is Dutch.

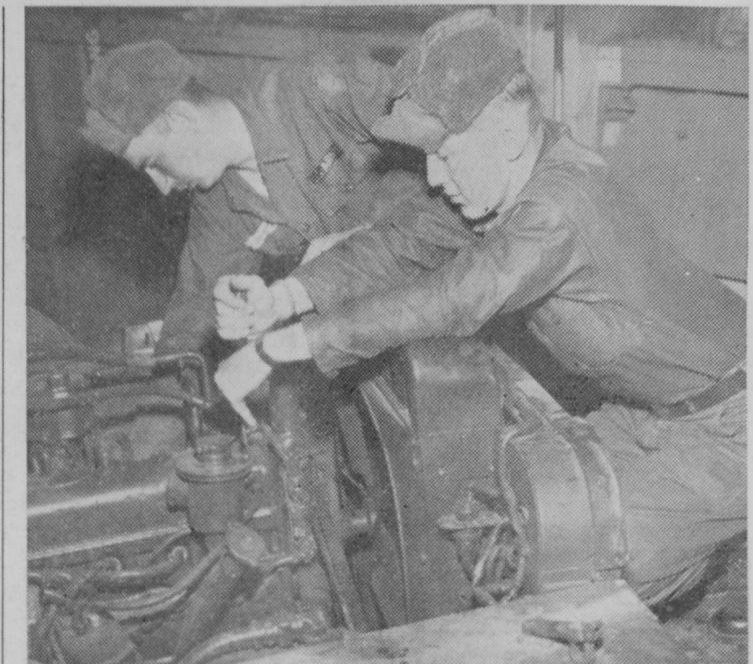

As in many spots, excavations indicate the earlier constructions were at a level 30 to 40 feet lower than today's city.

Sunday's radio story about Elisha's study with Elijah, preparing to take his place and their travels in the vicinity of Jericho, the Jordan River, the Dead Sea and Elisha's Fountain took me again to these places, as the story unfolded, in a way not possible before.

The Jordan is not a beautiful river by our standards for clear water; however, a stand offered bottles of it for sale.

Elisha's study with Elijah, sweetened with a handful of salt, is located near the highway. Nearby we climbed a hill to see Old Jericho, the Mount of Temptation, and excavations showing the distance down to the ancient city. In the distance, we could see acres and acres of refugees—some 35,000 people, we heard, living a meager existence in tents. Looking back to the well, we saw the women filling water jugs (or tin cans such as we see filled with five gallons of maple syrup). They carry them on their heads. The jugs look graceful but the tin cans are more useful than ornamental.

Passing along the road were donkeys loaded with fresh cut

MECHANICS AT WORK—Pvt. Gerald W. Anschuetz, left, and Pvt. Bruce K. Smyle work on an army truck engine as mechanic trainees at Fort Carson, Colorado. They are assigned to the 705th Maintenance Battalion, Fifth Infantry Division (Mechanized), one of the army's newest divisions which has begun training at Carson. Anschuetz is the son of Mr. and Mrs. Arthur E. Anschuetz, Route One, Tawas City. His wife, Diana, lives at Whittemore.

grass, dried brush for firewood, or whatever was to be transported. Along the highway we saw flowers growing in the fields and in the field not white but red.

Jericho is Jordan's supplier of garden produce. Citrus fruit orchards are being developed and increased. In general, people here have less money than in Jerusalem and other cities with different income sources.

These are among the memories made real for me, memories that will make the Holy Land, Easter, Christmas and all times in between more meaningful in the future.

If you can possibly arrange to travel outside the United States—do it—and include Jerusalem in your itinerary. Your experiences will be both rewarding and enjoyable.

patient more pleasant. This program is headed by Mrs. Frank Wilkusi, who arranged for these volunteer workers to help at the bloodmobile whenever it visits this area.

First Aid Instructor Francis J. Block received his training with the American Red Cross and is serving as deputy civil defense director for Iosco County. He has been well occupied filling requests for classes throughout the county this year. Currently there is a class with 29 enrollees at Hale Area School, including school bus drivers and others interested.

A similar class at Whittemore-Prescott Area School was finished recently with 13 persons receiving certificates.

Largest classes were in the Tawas area during January when an enrollment sponsored by the Home Economics Extension Council reached more than 100 people.

Deadline May 12 for Filing School Nominating Petitions

Deadline for candidates to file nominating petitions for the June 11 annual school election is May 12, according to Supt. S. A. Gravit of Hale Area Schools.

Office terms are expiring for Trustee Robert W. Pember and Board Secretary Perry Shellenbarger. Nominating petitions may be picked up at the school office or from Secretary Shellenbarger.

A total of 50 signatures of registered voters will be required to have a name placed on the June ballot.

LETTERS to the EDITOR

To the Editor, The Tawas Herald:

I just couldn't resist making a sincere reply to the article in The Tawas Herald and The Oscoda Press concerning proposed new housing units for Wurtsmith Air Force Base.

Speaking on behalf of military personnel and having been stationed here for the past six years, I have yet to see 75 for rent listings in all three Iosco County newspapers. Oh yes, there are homes to rent at \$125.00 per month or some at \$65.00 and up with a monthly fuel bill running around \$45.00 per, plus electric, which is no minor item. Also, I have bills to verify that even ordinary use of water can be quite a luxury. There are also some cottages, shacks really, which we were shown in the Oscoda area which I wouldn't put a dog in. It's about time some of these property owners are hurting as the military personnel was hurting before the present housing was open. Quit complaining, you are still making money off the military forces.

I really do not expect to see the above comments in either paper, but have the satisfaction of voicing an opinion.

Mrs. R. D. Straube
Wurtsmith AFB

By proclamation of Mayor George Tuttle of Tawas City and Mayor Clarence McKenzie of East Tawas, National Correct Posture Week is being observed here May 1-7.

Michigan chiropractors have been conducting the Kraus, Weber tests among school children throughout the state since early

1960. Of those tested, less than half passed. The Michigan failure rate was 54.3 percent as compared with the national rate of 57.9 percent and a European rate of 8.7 percent.

As Iosco does not have an authorized youth fitness testing program being conducted in its schools, Dr. J. E. Thomas of Tawas City is donating his time and office to test any school children.

This testing program will be every Tuesday evening, 6:30 o'clock, until school is out.

New School

(Continued from page 1.)

The building was designed by Leslie E. Cavanaugh of East Tawas. Basic lines of the school harmonize with architecture of the church. It is faced with red brick.

Zion Lutheran Church has about 350 communicant members.

You can sell it with a classified in The Tawas Herald.
