who also sat at the Lord's feet, and heard his word. (Luke 10:39.ASV.) I had been making professional calls in the house of a Hindu lawyer with heart disease. One morning, to my surprise, I found on his pillow a New Testament in English. I asked where he got it. He answered, "My brother who is studying in a Christian college came to visit me and he placed the New Testament here so that it will

give me comfort." I told him, "That is fine, but Mrs. Fred Halberstadt was a that is not enough. You have to study it and pray to the Lord Jesus Christ to give you His peace Miss Elaine Partlo of Saginaw and comfort." He began to read it daily.

If we expect to have and maintain a godly home, it is necessary Sherman Johnson of Flint is vis- to read and meditate daily on the feet and heard His word. Family worship is essential if a home is to be a Christian institution. Worship, study of the Word and service help to make the home godly.

PRAYER O Lord, help us in our homes Mrs. Fred Blust of Pontiac to meditate on Thy Word. Open came Tuesday for a visit with our minds to understand it and our hearts to receive Thy spirit So strengthen us in faith and devo-Mrs. Frank Nelem is spending a tion that our homes may become

WILL PARTICIPATE IN **EAST TAWAS CENTENNIAL**

Plans for participation in the East Tawas Centennial was discussed at the Zion Lutheran Ladies Aid meeting May 3. Miss Ulla-Maija Toivonen, guest speaker, showed slides of Finland to the 55 members and guests attending.

SUNDAYS 9:30 A. M. WIOS - 1480 kc 9:45 A. M. CKLW - 800 kc New Christian Science Radio Series

Attend Augustana **Lutheran Conference** At Moline, Illinois

Four local persons recently remeeting of the Augustana Lutheran Church at Moline, Illinois, prior to the forming of the new Lutheran Church in America at Cobo Hall, Detroit, in June. Those attending were the Rev. William Lindholm of East Tawas, Mr. and Mrs. Joseph Wemert of Tawas City and Mrs. Roy Bergstrom of

For the first time in the history of the conference, it was ac dressed by an official of the Lutheran Church-Missouri Synod on the theme, "Wider Lutheran Cooperation." Reports listed member ship gains of 2.1 percent during 1961. Thirty-five new congrega tions were formed in this area in the last 10 years.

Receiving the widest national press coverage were the three social resolutions which passed These resolutions reiterated the Augustana Church's strong stand against communism but alerted its members now to the right wing extremist groups who are constituting a threat to the American way of life; second, put the church again on record as against racial prejudice and especially in hous ing, employment, education and recreation; third, the conference support for legislation helps the maintenance medical and social needs of older people and which still retains and encourages the principles of selfhelp and family responsibility in proper perspective.

MONEY-SAVERS

Answers to 8 questions on car care that Shell dealers often hear

Shell dealers answer thousands of questions every year. Here are 8 that crop up all the time. The answers have helped many motorists save money. They may do the same for you.

L cars make some noise. But be particularly alert for any squeals, squeaks, clicks, or rattles that crop up suddenly. Could be

anything from a sticking valve lifter to a loose wheel lug. Ask your Shell dealer to help you track down any unusual noise. You may save yourself a big repair bill

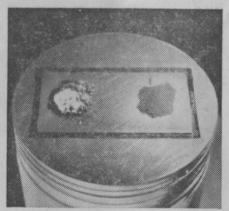

• How can I get more mileage from my tires? Rotate all tires, including the spare, every 6,000 miles. Drive at moderate speeds. Tires can wear twice as fast at 70 miles per hour as at 45. Avoid fast cornering, "jackrabbit" starts, sudden stops. Try not to bang tires against curbs. And check your tire pressure frequently.

3 Do I really need a lube job every thousand miles? Yes—unless you have one of the newer models that doesn't require it. But with any car, remember that frequent lubrication offers your serviceman a chance to spot trouble before it costs you a lot of money. That's why Shell dealers give you a bumper-to-bumper inspection with every Shellubrication.

Can knock hurt my engine? Usu-4 ally it's more annoying than harmful. But persistent knocking hampers perform-

What's that funny noise I hear? All ance and can lead to engine damage. That's why Shell scientists are such sticklers about knock. They even listen for it with stethoscopes and insist that Super Shell contain no fewer than three knock-fighting ingredients.

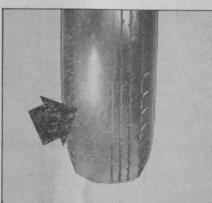

> How can I make my battery last longer? Here are four suggestions: 1. Let your Shell dealer check your car's electrical system. Worn wires and loose connections can drain power. 2. Always maintain battery water to the proper level. 3. Avoid prolonged idling with radio turned on. 4. Go driving! Long drives help charge your battery.

What does TCP do? Shell's unique TCP* is a combustion control additive. The hot piston device above shows one way TCP works. The glowing deposit on the left has not been neutralized with TCP. In your engine, glowing deposits can ignite fuel too soon, wasting fuel and power. Deposit on right has been "fireproofed" by TCP. No glow - no

How often should I change oil? The American Petroleum Institute recommends an oil change every 30 days in winter, every 60 days during summer.

Note: New Shell X-100® Premium is the first premium motor oil that leaves no additive ash deposits. It fights four other internal troubles that can shorten engine life.

Why do my tires wear out on just one side? Most likely cause: wheels out of alignment. Result: your tires drag against the road and wear unevenly. Unbalanced wheels can also cause uneven wear and make your car shake or shimmy. That's why it's a good idea to keep tires balanced and have wheel alignment checked twice a year.

Now a question for you

Is your car giving you top performance? If there's any doubt in your mind, try a tankful of today's Super Shell. It contains 9 ingredients including a gum preventive, three knock-fighters, "cat-cracked" gasoline, a mileage booster, an anti-icer, quickstarting Butane, and Pentane mix for fast

*Trademark for Shell's unique gasoline additive. Gasoline containing TCP is covered by U. S. Patent 2889212.

Where to get Super Shell, the gasoline that helps engines run smoothly and quietly

Now... beautiful buying days during Chevy's

GOLDEN SALES JUBILEE!

Spring's a-wasting! So why wait any longer to satisfy that new-car urge of yours? Especially when your Chevrolet dealer has such beautiful buys busting out all over the place. Like in fourteen Jet-smooth Chevrolets. Or eleven new-size Chevy II models. Or a whole crew of frisky Corvairs. So come on in and pick and choose to your heart's content at your Chevrolet dealer's One-Stop Shopping Center.

NEW IMPALA SPORT COUPE

It couldn't look more like a convertible unless it were one! . . . A steel top molded into the crisp contours of a convertible. Chalk it up to Body by Fisher finesse. Here's luxury and riding comfort that add up to everything you expect in an expensive carexcept the expense.

NEW CHEVY II NOVA STATION WAGON Space and spice in a new kind of saver. And it's just one of three new Chevy II wagons. Very parkable. Very packable, too. Has a load floor that's over 9 ft. long with second seat and tailgate down.

The trim sportster that started the bucket seat brigade. Here's rear engine scamper wedded to the road with tenacious traction and quicksilver reflexes. And this one's as easy to own as it is to drive.

NEW BEL AIR 4-DOOR SEDAN This popular priced Jet-smoothie rides like a family room on wheels. Got a mammoth cave of a trunk, too, with bumper-level loading and a handy deep well for bulky items. Plus a choice of six or V8 skedaddle.

elegant. With up to a whopping 97.5 cu. ft. of cargo space-including a compartment in the floor where you can stow golf clubs and other valuables out of sight.

See the new Chevrolet, Chevy II and Corvair at your local authorized Chevrolet dealer's

A TRANSFER and two promotions at the National City plant of National Gypsum Company were announced this week by John Pitts, plant manager. Alfred Wehrsdorfer, former quality supervisor, has been promoted to board line superintendent at New Haven, Connecticut. Moving up to quality control supervisor is John Katterman, a 14-year employee, shown at right. Katterman, a former sales supervisor, will supervise testing of incoming raw materials and out-

going finished products. He and his wife, the former Mary Birkenbach, have three children and reside on M-55. Earl Shover, shown at left, is the new sales supervisor. A 12-year employee at National City, Shover has served as mill foreman, sales clerk and laboratory assistant. He and his wife have three children and they reside on Meadow Road. "We are always happy to promote local men to responsible positions in the company," said Mr. Pitts.-Tawas Herald Photo.

BETTER LIVING FROM TREES

Packaging Corporation of America WOODLANDS DEPARTMENT: FILER CITY, MICHIGAN

Field Offices in MIO, ATLANTA, ROSCOMMON, WEST BRANCH

A shipment of 141,000 pine trees has been received from the state nursery at Higgins Lake and the trees are being planted through a cooperative effort by the Iosco Soil Conservation District and land owners.

Part of a four-year reforestation project in the county, last week's shipment included spruce, red, white and Austrian pine seedlings.

The four-year-old trees will be planted by land owners with the assistance of Elmer (Shorty) Anschuetz. The trees are purchased by the land owners.

Harry Krueger, chairman of the Iosco Soil Conservation District, said that in the past four years about one million trees have been planted in the county.

Included among cooperators are farmers and owners of hunting clubs. In addition, United States Gypsum Company and National Gypsum Company make annual plantings of trees on "spoil" areas of local quarries.

Richard Rose, soil conservation specialist, states that planting trees tends to prevent soil erosion and also assures a timber stand for future generations.

Needlecraft News by Nancy Baxter

Tost of today's young women live as much out of doors as Most of today's young women to they do in. And, though our young ladies engage in more active living than did their grandmothers, they hesitate, nevertheless, to forfeit the least little bit of chic and femininity in their casual clothing. Our designers are very much aware of this fashion axiom. In fact, it guided their creation of the exclusive design that we are featuring today.

LONG ON STYLE

It's a simple coat cardigan designed along the flattering new hip-hugging lines. Made in knitting worsted, it boasts a dramatic overall K4 P2 rib. A row of shiny buttons glide smoothly into a perky middy collar, knitted in your favorite contrasting shade. A PERFECT STARTER

The experienced knitter

will recognize immediately

that here we've achieved

maximum styling with minimum knitting knowhow. This makes it a wonderful gift to bestow either upon yourself or upon any young lady you know. Its simplicity gives it a dual function since, if the lady you have in mind is one you are angling to initiate into knitting circles, a sweater like this will provide the perfect impetus. When she sees her new cardigan and when you confess how easily it was made, I'm sure she'll want to start one herself. Free instructions for COAT CARDIGAN PC-9556 are available upon request. Team it with skirts, slacks or shorts and you'll have a most versatile addition

know is fashion-right—casual yet chic. 66 [urioser and curioser," said Alice on one of her adventurers in Wonderland. Alice, as we know, gave us the all important key for appealing to a child's imagination. She taught us that the delightful way around, most often, is the shortest route to follow when trying to capture a child's fancy.

to your wardrobe. You'll have the look that all American women

SHAGGY SHEEPDOG This week's feature is made from all the fun in Wonderland and is guaranteed to introduce all that fun into your household. He's a shaggy sheepdog in the form of a hand puppet. And-he's the perfect listener for any child to confide his innermost secrets to. With just a twist of the wrist and a few words in the ventriloquist manner, you can make his nod sadly or enthusiastically and then proceed to give an understanding verbal reply.

TEEN AGE COMPANION, TOO

Colorful, unusual, completely safe—this toy's a perfect gift for any baby you know. But baby's not the only member of the clan who'll appreciate this knitted pet. Our shaggy sheep dog is just zany enough to appeal to the teenage miss of the brood who'll add him cheerfully to her collection of stuffed animals. He's so simple and such fun to make—why not begin right away? Free instructions are yours for the asking. Just mail your request for Leaflet No. PC-2232 to the Needlework Department of this newspaper, and enclose a stamped, self-addressed envelope. Then start thinking of all the people you'd like to be recipients of this

Does Change-of-Life Make You Feel Older Than You Are?

In doctor's tests, special medicine relieved those hot flashes, weakness, nervousness for woman after woman...then they could enjoy a happier middle-age! Does change of life leave you so weak, irritable you feel *older* than you are? Suffocated by hot flashes,

In doctor's tests, using Lydia Pinkham's Compound, woman after woman got glorious relief. Hot flashes subsided. Nervousness

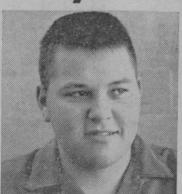

constantly tense?

was calmed. Then they could go "smiling through" these trying years of change-of-life.

If change-of-life makes you feel older than you are, get Lydia E. Pinkham's Vegetable Compound. See how fast it helps you feel like your happy, active self again. SLEEP 8 HOURS-WAKE UP TIRED?

When due to simple iron-de-ficiency anemia, take Pinkham Tablets. Iron-rich, they start to strengthen your blood in 1 day!

Today's Teen

TODAY'S TEEN is Jerry Youngs, 16-year-old Tawas Area High School. He has a 3.11 scholastic average and his subjects this year include algebra II, American History, English and chemistry. He is a member of the varsity baseball team and was a stage crew member of the recent junior class play. He is the son of Mr. and Mrs. Wilfred Youngs of Tawas Township,-Tawas Herald Photo.

9.8 hp ...weighs no more than most 5½ hp motors . . . only 55 lbs.

There hasn't ever been an outboard motor so light in weight with so much hp. The Merc 110 trolls like a 3, weighs like a 5½, performs like a 12 hp!

GENERAL RULES

Rule 1—Entries close Wednesday, July 25, 1962, 4:00 p. m. Rule 2-Any person living in

Iosco County, 18 years of age, is eligible to vote at the annual meeting.

Rule 3-ENTRY FEE: As listed under each Department. Rule 4-Premiums are offered

and will be awarded on exhibits owned by residents of Iosco, Alcona, Oscoda, Ogemaw and Arenac Counties only.

Rule 5-Exhibits: Exhibits may be eligible for premiums in more than one class if properly qualified.

Rule 6—DECLINING ENTRIES: The management reserves the right to refuse to accept an entry, to cancel any entry and to cancel awards of prizes without claim of damages.

Rule 7—RESPONSIBILITY: The management will not be responsible for any loss, damage, or injury to any animal exhibited, or article destroyed or in any way injured. Each exhibitor will be responsible for an injury that may be occasioned to any person or to the property of any person by any animal owned or exhibited by any exhibitor; and shall idemnify the management against all claims or injury occasioned by any animal owned or exhibited by him, or arising from the acts of negligence of the person in charge of any such exhibit.

Rule 8-STANDARD EXHIBITS: All exhibitors must comply to standard exhibits, which are as fol-

2 quarts of wheat.

2 quarts of rye. 2 quarts of oats.

2 quarts of barley. 2 quarts of alfalfa, clover or

other grass seed.

10 ears of yellow dent corn. 10 ears of white dent corn.

10 ears of any other.

32 potatoes.

5 garden vegetables except cabbage and vine crops.

2 heads of cabbage.

2 squash, pumpkin or other vine crops. 5 apples, peaches or pears per

plate.

3 bunches of grapes. 10 plums per plate.

1 jar of jellies, jams or pre-

1 jar of canned vegetables, fruits or meats.

Rule 9-In case of only one entry in a class, prizes will be awarded at the discretion of the judge.

Rule 10-In any case where there are fewer entries than premiums offered, prizes will be awarded at the discretion of the judge.

Rule 11-The judge's decision shall be final in all cases.

Rule 12—Each purebred animal must be accompanied by its registration papers in order to be eligible to receive premiums.

Rule 13-All livestock must be known to be free from disease (Continued on page 4.)

ENTRY FEE-10% of 1st Prize.

Superintendent-Perry Shellenbarger.

STATE OF MICHIGAN DEPARTMENT OF AGRICULTURE BUREAU OF ANIMAL INDUSTRY LANSING, MICHIGAN

Department of Agriculture Regulation No. 133 Regulation Relating to the Public Exhibition of Poultry

By virtue of the authority provided by Act 181, Public Acts of 1919, as amended, the following rules and regulations are hereby established:

1. Feed and water containers provided for exhibition coops shall be new or properly cleaned.

2. Feed or water containers from which birds have eaten or drunk must be refilled so as not to contaminate the common supply of feed and water. Feed or water containers may not be removed from exhibition coops except for the purpose of cleaning.

3. Exhibition coops must be constructed and placed as to provide adequate light for proper inspection of poultry for evidence of transmissible diseases.

5. Litter for exhibition coops must be of clean material and renewed daily or oftener as needed.

6. Shipping crates used in shipment of birds by common carrier may not be used as exhibition coop. Shipping crates shall be cleaned and disinfected after birds have been removed for exhibition and before being used again.

> IN WITNESS WHEREOF, I have hereunto set my hand and affixed the official seal of the Department of Agriculture this 3rd day of May, 1949.

MICHIGAN DEPARTMENT OF AGRICULTURE

G. S. McINTYRE, DIRECTOR

-Rules-

Exhibitors are requested to read carefully rules and regulations covering exhibition of poultry.

All exhibits shall be (a) purebred (b) cross bred from purebred parents.

All birds showing any general disqualifications according to the Standard of Perfection shall receive no award.

Provided the birds are typical of the breeds which they represent, the placing of awards shall depend upon the following:

A. Pullets:

1. Rapidity of growth. 2. Depth of pigment.

3. Uniformity of shape and size.

4. Promise of egg production. 5. Absence of defects and disqualifications.

B. Mature Birds (Hens): Degree of bleaching.

Condition of abdomen (spread and pliability). Absence of new primary wing feathers.

4. Alertness of head and eyes. 5. Body weight, conformation and fitness.

6. Absence of defects and disqualifications. It is suggested, especially for fairs held late in September and October, that all birds exhibited go directly from the

Fair to market for slaughter so that none of them will be taken back to the farm. The reason for this precaution is that the birds may take back some disease to the farmer and injure his egg production of his farm flock, if such disease is infectious and of the type which will lower his egg production.

A pen entry shall consist of two females and one male. (Classifications: Cock, Cockerel, Hen, Pullet.)

HEALTH REQUIREMENTS

for Livestock Exhibited in

Michigan 1962

GENERAL

Requirements provided in Michigan Department of Agriculture Regulations No. 116 and 117.

1. Livestock affected with a communicable disease must not be exhibited at nor brought to fairs.

2. At least seven days before an exhibition of livestock, the buildings and yards shall be thoroughly cleaned of all manure, litter and unused hay and straw. Following such cleaning, all structures shall be thoroughly sprayed with an approved disinfectant. After cleaning and disinfection, no livestock shall be placed in such pens until admitted for exhibition.

3. All exhibitors must furnish their own feed bucket, water buckets and other equipment. Common water tanks are not per-

CATTLE

Requirements provided Michigan Department of Regulations No. 117 and 126 and Act No. 181 of the Public Acts of 1919, as amended.

All cattle for exhibition must be free from infections and contagious disease. (a) Cattle from Michigan:

1. Tuberculin test not required unless from herd under quarantine for tuberculosis.

2. Passed blood test for Brucellosis (Bang's disease) from official laboratory as follows:

(a) Male or female cattle over twelve months of age (except as provided in paragraph 3 below) must be accompanied by official passed blood test chart showing test made within 90 days of exhibition; OR

(b) Evidence of origin from fully accredited (Bang's disease free) herd; OR

(c) Evidence of origin from herd in process of accreditation which has had two clean herd tests within one year.

3. Vaccinated young stock exempt from blood test requirements for one year after vaccinations if all the following requirements are

(a) Vaccinated with an approved Brucella Vaccine between the ages of four and eight years.

STATE OF MICHIGAN LANSING

February 13, 1962

STATE OF MICHGAN
MICHIGAN DEPARTMENT OF Agriculture
INVIECASS MILLEND

R. K. STOUT Mershall KAY D. SLEIK Iron Mountain

GREETINGS TO ALL MICHIGAN RESIDENTS:

County fair time is a special time—one that has a particular place in the hearts of Michigan residents in every part of our state.

Each year the county fair serves to emphasize the vital contribution of agriculture to Michigan's economy, and the creativeness of our people.

Fair time is as much a part of our lives today as It was many decades ago. To lose this would be to deny all of us its holiday atmosphere, its pleasures, and the value of its educational and informative features from which we learn so much.

With best wishes.

To Members of the Board of Directors and Patrons of County Fairs:

Again it is my privilege to extend greetings to the thousands of people who will be attending county fairs throughout the summer, and to commend those men and women who have given so unselfishly of their time and abilities to make this year's event the best in history.

This is a year of importance to Michigan agriculture for it is a centennial year. It was one hundred years ago that the Morrill Act was passed setting up the land Grant College system. It was about this time also that fairs were getting started. Bothwere developed for the purpose of providing education in the field of agriculture. Both have served their purpose long and well. We may be grateful that each was conceived and developed in the United States, for each in its own way has contributed to our high standard of living.

May your 1962 fair be one of the best.

JOHN B. SWAINSON Governor of the State of Michigan

G. S. McINTYRE Director, Department of Agriculture

DEPARTMENT XI-HARNESS RACING

5.00 3.00 1.00

... 6.00 4.00 2.00

..... 7.00 5.00 3.00

Superintendent of Speed-Thurman Scofield Assistant—Adolph Siegrist Assistant—Elwood Ruckle

Member Northern Michigan Fair and Racing Association.

United States Trotting Association rules to govern, with ex-

Six to enter-five to start all races. Two heat plan—Every heat a race.

76 Home garden beginner ...

77 Home garden junior

78 Commercial garden junior

Money divided 45-25-15-10-5 each heat. Fifty percent added if more than 12 starters. If 2:30 class has more than 12 starters, the trotters will go separate if six declare in.

Association reserves the right to change order of the day, change classes that do not fill, reject any entry and deny stall space to anyone for sufficient reasons.

Starting gate will be used. Entries must be made day before race. Entries close at 10:00 a.m. Entry fee 2½ percent.

Michigan-owned horses only.

Not responsible for injuries or accidents.

MHHA rules to govern colt stakes.
