

LOIS ANN GAUTHIER, four-year-old daughter of Mr. and Mrs. Ervin Gauthier, 423 Eighth Avenue, Tawas City, will enter University Hospital, Ann Arbor, March 18, to undergo a delicate heart operation. Except for a slight blue tinge to the lips, it is difficult to realize that the little girl was born with a heart defect. Surgery required to seal the defect in her heart will be expensive and members of losco County VFW Ladies Auxiliary No. 5678 have started a fund-raising campaign to help the Gauthiers meet part of this expense. Anyone interested in making a contribution may contact Mrs. Geraldine Wellna, president.—Tawas Herald Photo.

New Parsonage Consecrated Sunday

Some 175 members of the congregation and friends attended Sunday's consecration of the new parsonage for East Tawas and Tawas City Methodist Churches. The new parsonage is located at 308 West Westover, East Tawas.

The Rev. Herbert Brubaker, Saginaw Bay district superintendent, and the Rev. Ralph Edwards, pastor led the service of consecration using the family altar as the worship center.

Mrs. Alden Phelps accompanied the singing of two hymns, "Happy the Home When God is There" and "Oh Happy Home, Where Thou Art Loved the Dearest."

Cookies, coffee, tea and punch, furnished by ladies of both churches, were served from the dining room table. An arrangement of baby chrysanthemums and white snapdragons formed a centerpiece for the serving table.

Christian Science Lesson-Sermon

"Soul" will be the subject of the lesson-sermon this Sunday at Christian Science Society.

Bible readings will include this passage from Psalms (42:11): 'Why art thou cast down, O my soul? and why art thou disquiet ed within me? hope thou in God: for I shall yet praise him, who is the health of my countenance, and my God."

Other passages will emphasize the Christian Science teaching that man's real soul is not something in the material body but the one infinite Soul, or God. Also included will be this sentence from who would know Him better and "Science and Health with Key to the Scriptures" by Mary Baker Eddy (p. 60): "Soul has infinite resources with which to bless O God, creator of all men, guide mankind, and happiness would is from the darkness of greed be more readily attained and and intolerance to the campfire would be more secure in our

complishments in our Civil De-4,180 fense program. The early months of the year were devoted to training. Both in first aid and procedures to follow in the event of a 215 natural disaster. Surplus property inventories consumed 254 deal of time and effort in the early months. It seems that there is not much activity in Civil Defense during the summer months, probably due to the fact that many of the Civil Defense personnel are busy at that time of year, however, we did manage to hold a meeting every month. On August 23, our emergency hospital unit was moved from Dobson's Warehouse to its present location in 2 the old Whittemore High School The board of supervisors passed 13 the Civil Defense resolution setting the wheels in motion for the 24 completion of our county Civil De-424 fense plan, which was completed January 8, 1963, with all county 275 officers accepting their responsibilities in Civil Defense and signapprox. 4,200 ing the annexes in the county 75 plan. This special program is the third in a series of farm seminars designed to acquaint every corn grower in the Iosco County area with the latest and most efficient practices, materials and equipment to help him to increase his net income. Knowledge of the ever-changing moisture and fertility relationships in the soil is requisite to good farm management. This knowledge can save time, labor and equipment while improving the soil and increasing

The front, three inches below counter top, is perfect for cooking foods that need stirring and beating. You'll use the units on the back level for cooking foods that need less attention, like soups and stews. Has side-mounted controls with single dial

oven control. This Westinghouse is easiest to clean, too. Surface units lift up and out. Oven heaters plug out and the oven door lifts off. Come in! Let us demonstrate these and the many other features of the new Westinghouse Electric Terrace Top range. You can be sure ... if it's Westinghouse.

fective zone defense and switched to a man-for-man starting the second quarter. Coach Bill McIntosh substituted Dick Doak for Dennis Blata, who has been having his troubles after a good start this season, and the Braves were on

their way. Before intermission, the Braves took over the lead and held a 28-25 edge at the whistle. Scoring during the quarter saw Guard Don Lear pump in two field goals, Forward Chuck Anschuetz hit for two fielders and two foul shots, Doak completed two field goals, Guard Jim Mick meshed one and one while Forward Herb Hum-

phrey bombed one field goal. Tawas held a three-point lead at the half and, after Doak started the third quarter with a lay-up to make it five points, Oscoda came to life and pumped in three field goals in a row to hold a 31-30 margin. This was the last time Oscoda held the lead as Tawas held a 21-18 scoring edge during the quarter. Anschuetz pumped in four buckets, Doak had two field goals and a foul shot, Mick and Humphrey each meshed two field

Tawas strengthened its lead in the final stanza, outscoring the visitors, 18-11. Humphrey was the big gun in that quarter with three field goals, followed by Lear and Mick with one field goal and two foul shots each, along with field goals by Anschuetz and

Four Tawas players scored in double figures with Anschuetz leading the pack with 21 points. He and Humphrey, who meshed 15 points during the night, controlled the backboards for Tawas and that meant the difference. Mick had 12 points, Doak contributed 11 and Lear hooped eight to complete the scoring. Oscoda had three players in

double figures but lacked the one big scorer. Schmidt was tops with 16, followed by Richardson with 14 and Hechlik's 12. NBC action this Friday night will see the Braves traveling to

What does Perchville mean to nerchants of the Tawases? Just this-when the idea was originated back in 1950, the Tawases received considerable national and state publicity from this chamber of commerce enterprise. It helped to bring fishermen into the Tawases during the "off" season and people who read about it were often drawn here in the summer.

This is the first big promotional job undertaken by the chamber this year under its new president. With cooperation shown by some merchants in this under-
