This commission, organized under laws of the State of Michigan, is to handle applications and other necessary details in connection with federally-sponsored programs of rural area development, agricultural readjustment and the accelerated public works program.

Named to the commission were: Cecil Cabble, Tawas City, and Adolph Siegrist, Whittemore, agricultural and forestry committee; George Blust of Whittemore, Glenn Long of Tawas Township, government; John Pinter, East Tawas, recreation; Robert Fullerton, Oscoda, communications.

William Inglis, Tawas City, and Richard Harris, East Tawas, industry; Ralph Degesie, Burleigh Township, labor; Samuel Gravitt, Hale, education; Ralph White, East Tawas, commerce.

In other business during its June session, the board named Arthur Johnson of Whittemore to succeed the late William Curtis as a member of the Iosco Welfare Board.

An appropriation of \$1,000 was made to the four chambers of commerce of Iosco County to help support and encourage advertising the area on a larger scale. The appropriation had been requested by officials of chambers of commerce from Tawas, Oscoda, Hale and Whittemore.

The board authorized the City of Tawas City to spread \$1,439.74 on the 1963 tax roll for Ward Two. This tax for Tawas Area School District's building and site fund had been spread incorrectly and the December tax is to reflect a

Proposed Tawas City Park Development . . .

SECOND PHASE of Tawas City's master plan, presented last week, included proposed developments to two parks. The above sketch shows proposed future developments to the Tawas City Park, considered to be one of the most important elements of the city's recreation program. Because of the natural attraction of Tawas Bay and the beach, this park has potential for becoming a major vacation and tourist attraction. Up to the present time, this potential has not been fully realized because of the size and condition of the existing park area. The proposed development plan indicates three general stages by which needed improvements and ex-

pansion could be accomplished. During the first stage, emphasis would be placed on improving the over-all appearance and quality of the present park area. This could be done by improving the quality of the swimming beach and giving the park a more attractive appearance from US-23 by planting, landscaping and construction of a sidewalk and perhaps a rolled curb. Later, additional beach area and new facilities could be provided. It is recommended that the park be expanded to approximately nine acres in size, an increase of slightly more than five acres from the present area and would also add nearly 1,000 lineal feet of shoreline.

park is being recommended on city property west of the Tawas City Elementary Unit. Proposed as a future city-wide facility, the park is located on approximately 15.7 acres of land baseball diamond is located there and the proposed plan calls for construction of a second diamond. The sketch shows a circular driveway entering from Harris Avenue with parking Dead Creek stream bed.

places and several picnic areas. Construction of this park could also be accomplished in several stages and a considerable amount of work has already been started. One of the important things to be recognized, states the report, is the presently owned by the city. At present, one need to reserve this public land for future park purposes. Development for some other purpose would be rather difficult because of the fact that the area is almost isolated by the former

AMBULANCE SERVICE

JACQUES FUNERAL HOME

FOrest 2-2991 Tawas City

Last night our family viewed a program on television that has made my blood curdle. A mature

woman with a child declared, she was an atheist. This statement, along with the

fact there are gullible people in the world, probably has sent the communists into great celebration. This is one more victory for them. My 90-year-old father-in-law recently told me, with tears in his eyes, how he fought for his life; hid in the woods by day; crawled

by night, to gain the freedom of

this country. Now as a diabetic with two legs amputated, he must

sit in his wheel chair and watch the communists creep up on him. All he has is his faith in God and our country and memories so filled with fear that the whole

world should listen and take heed. May God have mercy on us all. Mrs. Marie Smyczynski
