

Bloodmobile Visit Slated April 1-2

Iosco County Red Cross Chapter opens a dual drive next week as blood donors and funds are sought to carry on the local program.

Louis Awalt, county blood bank chairman, announces that a blood clinic will be held Monday, April 1, at the St. Joseph Social Center, East Tawas, and the following day will see the bloodmobile at Oscoda Community Building.

BLOOD DONORS who make appointments will be given first preference at the blood collection centers. Reservations may be made in the Tawas by calling Mrs. Harold Grise, Forest 2-2382, or Mrs. George Tuttle, Forest 2-3236. Appointments at Oscoda may be made by phoning Mrs. Clarence Eoff, SEneca 9-5412.

Blood collection centers in both communities will be open from 2:00 to 8:00 p. m.

Judge Allan C. Miller, chairman of the county chapter, reports that Iosco has been using blood at the rate of 600 pints per year. With four visits of the bloodmobile, 150 pints will be required next week.

Need for such a blood bank program in Iosco was again emphasized this week when it was learned that a four-year-old Tawas City girl required 25 pints of blood during heart surgery.

LOCAL RESIDENTS are asked to contribute blood in the name of Lois Ann Gauthier, daughter of Mr. and Mrs. Ervin Gauthier, Tawas City, who underwent a heart operation last week at University Hospital, Ann Arbor.

Through Iosco's participation in the blood bank program, the 25 pints of blood used during surgery were repaid from the district bank.

Because of the bloodmobile's visit here next week and Iosco's participation in the program, it is not necessary for donors to travel to Ann Arbor to replace the blood.

Object to Mandatory Provision of Bus Act

Tawas Area Board of Education has gone on record as disapproving the mandatory transportation of parochial students as provided in Senate Bill No. 1144, now before the state legislature.

Although it was reported that certain provisions in this bill had been amended, the board felt that the original bill, if enacted, would prove to be too costly to school operation.

Supt. Reynold Mick reported that original wording of the bill, sponsored by a Grand Rapids church with considerable support in the senate, provided that public schools "shall transport parochial students within eight miles of the border of a school district."

If this bill was enacted, Mick said that school buses could be required to go into other districts to pick up parochial children. He said that Oscoda and Whittemore public schools could even be required to transport parochial students to Tawas.

At present, Tawas Area School provides transportation of parochial children on a permissive basis. The board of education felt that this was the proper method.

"Someone has been sold a bill of goods," said Mick. "This senate bill has a lot of dynamite in it and I would recommend that the board send copies of its resolution opposing transportation of parochial students outside a school district to State Sen. Harold B. Hughes and State Rep. James P. Miellock."

Supervisors Reject Sunday Sales Ban

Iosco County Board of Supervisors exercised local option last Wednesday and voted 14-1 to exempt this county from Michigan's controversial Sunday closing law.

The statute involved was passed last year by the state legislature and signed April 30 by then-Gov. John B. Swainson, to take effect 90 days after the legislature adjourned.

It would prohibit certain retail merchants from selling specified articles on more than one of the two week-end days. Merchants would be required to either close their stores or stop selling certain goods on either Saturday or Sunday.

Iosco joins 11 other counties which have acted to exempt themselves and several other counties are preparing to vote. A copy of Iosco's resolution is to be sent to Gov. George Romney and to area representatives in the state legislature.

During the board's public hearing last week, a number of local merchants were in attendance. Among those who addressed the board were Gordon Dunham, T. S. Dimmick, Earl Hester and Joseph Barkman.

General consensus of board members was that Iosco is a tourist area and stores should be allowed to remain open as a convenience to visitors. It was also stated that the law was discriminatory in that it applied only to the larger stores with more than 4,000 feet of floor space.

tation of donors in the Tawas area Saturday will be members of local boy scout troops. Assisting in solicitation at Oscoda will be daughters of Kiwanis Club members.

Tawas Teacher Wins \$1,000 Scholarship

Herbert H. Escott, junior high science instructor at Tawas Area School, has accepted a \$1,000 scholarship to attend the National Science Foundation-sponsored summer institute for teachers of general science at Northern Michigan University.

Escott, who is in his fourth year at Tawas, is one of 40 teachers who were selected from 800 applicants for the institute. Instruction will take place on campus from June 24 through August 17.

Objective of the institute is to improve the competence of participating teachers by strengthening the foundation in the physical sciences—mathematics, chemistry, physics, space and earth sciences—and provide an understanding link between chemistry and biology.

County Planning Group May Get Official Status

Action on forming an 11-man county planning commission is to be taken next month by the Iosco County Board of Supervisors.

Organization of such a commission, which would coordinate planning activities between local communities, has been under discussion here for the past two months.

County Extension Director Marvin Davenport met with the board last Wednesday and explained state laws which enable establishment of a metropolitan county planning commission and told some of the functions of such a group should one be organized here.

IN ADDITION to coordinating planning activities between communities which have already formed commissions, the county group would provide a responsible agency to formulate a comprehensive plan as a guide for future sound development of the entire county.

One of the principal activities of the county planning commission would be to compile a portfolio analyzing existing economic, social and physical development of the county and determine needs in matters of health, safety, convenience, prosperity and general welfare.

Vote on Constitution Features Spring Election

Voters will receive four ballots when they go to the polls next Monday in the biennial spring election.

Ballots will include eight offices on the state ballot, two non-partisan justices of the supreme court, a referendum ballot on the proposed new state constitution and city or township ballots.

Expected to create the most interest in this spring election, which usually sees a small turnout of voters, is the highly publicized vote on the proposed new state constitution.

To indicate preference to the question, "Shall the revised constitution be adopted?" the voter merely has to mark an X in the box of his choice, "Yes" or "No."

Several interesting races are on tap at the township level, especially at Oscoda, AuSable, Alabaster and Sherman, where a number of sticker candidates seek election.

In Baldwin, the confusing situation exists where there are a large number of candidates but none are listed on the official ballot, following action of the state election commission last week. Because of the fact no authority could be found to hold a non-partisan election by a township, blank ballots had to be printed.

Although a Baldwin voter may write in the name of any person he may choose for office, the following candidates were to have

been listed on the ballot: Supervisor, Robert LaVoy and Richter Lixey; clerk, Dale M. Butterfield and Frieda Rempert; trustee, Paul Sobieski and Stuart H. White; board of review, Herbert Rempert and Floyd W. Peters; constable (name two), Ray Coleman, Emmett Cecil, Kenneth W. McLean, Charles Hunt. Unopposed for re-election in the primary were Mrs. Loretta Klenow, treasurer; Harold Brussel, highway commissioner, and John E. Chatel, justice of the peace.

While major interest in the Tawas will probably come from the state constitution vote, several contests are listed at East Tawas. Tawas City Democrats held no caucus this year and only a Republican ticket is listed.

Contests listed at East Tawas include a race for treasurer between Mrs. Grace C. Pelton, incumbent, and James L. Patterson.

First Ward Alderman James DeRosia is opposed by George W. Hutchinson, while Edwin Lixey,

Tawas Kiwanians to Host Division 13 at Spring Meeting

Tawas Kiwanis Club will host the spring division meeting of Division 13, Michigan District of Kiwanis International, in the afternoon and evening of Tuesday, April 2, at the Holland Hotel.

LAUREN J. WHITE, governor of the Michigan District of Kiwanis, Pleasant Ridge, and the Ferndale Kiwanis Club member, will make his official visit to division 13 and be main speaker of the evening. Attendance of all club officers in the division is expected and all Kiwanians are invited.

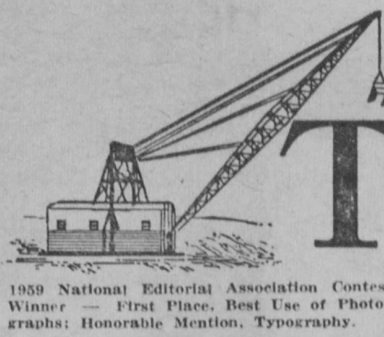

Walter L. VanOveren, district chairman of Grand Rapids, will present awards for 100 percent attendance months and discuss attendance and membership. Carter Combs of Bay City, zone chairman, will talk on the Kiwanis International convention scheduled for Atlantic City, New Jersey, in June.

OTHERS on the program are Lowell Schaeffer of Standish, zone chairman, who will review achievement reports; Frank O. Staiger of Port Huron, secretary and treasurer of Michigan District of Kiwanis, presentation of awards for perfect club rating score; Dr. John D. LeClair of Tawas City, lieutenant governor of division 13, who will report on the state of his division.

BASEBALL MEETING

Tawas City Baseball Club will hold an organizational meeting Sunday afternoon, 2 o'clock, at the city hall for the purpose of electing officers for the coming season. Manager Harold Rollin expects practice sessions to start about the middle of April.

Planning Starts on East Tawas School Addition

Preliminary work will start soon on plans for the new general purpose room at the East Tawas unit of Tawas Area Schools. Construction on this addition is to start in the spring of 1964.

At Monday night's meeting of the Tawas Area Board of Education, the school's architect, Bryselbout and Hacker of Bay City, was authorized to start on plans immediately.

In making this recommendation, Supt. Reynold Mick said that an early start would give the board of education plenty of time to develop plans for actual work a year from now.

CONSTRUCTION on this addition was included in the \$390,000 school expansion program approved by voters in August 1961. First phase of the program, financed by a three-mill tax levy for five years, was construction of a 10-room classroom addition at the Tawas City elementary unit.

In addition to construction of a general purpose room at East Tawas, plans there would also include providing kitchen facilities for a hot lunch program.

MICK recommended Monday night that the board also consider construction of offices for the superintendent and board of education in this new wing.

In his recommendation, Mick said that these offices should be separate from the high school unit. Included would be a vault for storage of board of education records. At present, these records are stored in cardboard boxes in the high school basement.

To Remove House at No Cost to Iosco

Iosco Board of Supervisors accepted a bid from Marshall Smith of Whittemore for removal of the county-owned dwelling adjacent to the jail.

Smith is to remove the building at no cost to the county and fill the basement. For this consideration, he is to receive all materials in the building.

All other bids received would have required payment of county funds for demolishing the structure and providing fill. The board stipulated that liability insurance must be provided by Smith, at no cost to the county.

In other business during the March session, the board accepted an agreement with the Michigan Department of Health for the purpose of storing a civilian defense emergency hospital for one year at the Whittemore Elementary School.

The board adopted a recommendation from its finance committee authorizing additional clerk hire by Iosco Extension Director Marvin Davenport. An extra clerk is to be hired for a period not to exceed six months at a salary of \$175 per month.

On motion of Supervisor Clarence Everett and supported by Supervisor Henry Oates, the board went on record as endorsing the new state constitution.

Annual report of Iosco-Arenac Regional Library was read by Miss Leonora Hass, director.

The board paid tribute to two members who attended their last meeting as supervisors, William White of Reno Township retires this year and William Creamer of Wilber Township chose not to run for re-election.

Special Assessment Dist. Re-Established for Dam

Iosco County Board of Supervisors directed Drain Commissioner E. H. (Bert) Stickney to proceed with re-establishing a special assessment district in the Tawas Lake area.

This action came on recommendation of its conservation committee last week, which noted that previous assessments were improperly made and unlawful for failure to comply with the appropriate statutory proceedings.

Last previous act of the board was a directive to the drain commissioner to proceed to construct a dam at the outlet of Tawas Lake for the purpose of establishing the level of the lake as determined by circuit court proceedings.

Since then, the drain commissioner had established an assessment district and levied an assessment for the purpose of constructing the dam. A substantial number of tax payments had been received by city and township treasurers.

In addition to this improper assessment, the board was advised that an assessment made the previous year for funds to finance preliminary plans and specifications incurred prior to actual construction of the dam were likewise improperly made.

The conservation committee recommended that the board's last action directing the drain commissioner to proceed with construction of a dam at the outlet of Tawas Lake and to assess costs and expenses to the property owners and property benefited be reaffirmed.

All funds previously collected under either of the assessments against property owners are to be

Tawas Econ-O-Wash Has New Owners

Mr. and Mrs. Omer Armstrong of East Tawas are new owners of Tawas Econ-O-Wash, located in the Moeller Building, Tawas City. Sale of the business was announced this week by Mr. and Mrs. C. Fred Donahue, who have operated the laundry here for the past seven years.

"We wish to thank all of our customers and friends for their patronage during the time we have been in business and hope they will continue to patronize the new owners," said Mr. and Mrs. Donahue.

Plans for the Donahues are indefinite as yet, but they will spend their summers here and hope to return here permanently when Mr. Donahue retires from the Chesapeake and Ohio Railroad.

Tawas Bandsmen Win High Honors

Five Tawas Area bandsmen received high ratings in proficiency at the state solo and ensemble festival held Saturday at Kalamazoo. Among 32 local bandsmen participating in the festival, which drew 1,400 entries from the entire state, 21 from Tawas won a total of 41 medals.

HIGHEST honor accorded a Tawas bandsman went to Richard White, French hornist, who received an 89 rating out of 100 in proficiency III. This is three steps above the state solo entry and not only required a prepared solo, but also minor and major scales and sight-reading.

Richard was recently notified that he has been accepted by the University of Michigan Music School for the fall of 1963.

Carol Nash, junior clarinetist, received a 91 rating in proficiency II. She is first chair clarinetist in the Tawas band.

Passing proficiency I were Nancy Borosch, oboist, with a 90 rating; Diane Beyer, bass clarinetist, with an 86, and Nancy Laidlaw, French hornist, with an 87 rating. Tawas medal winners were as

follows: Winning two firsts were Miss Nash and Miss Beyer, both juniors. Those winning one I and one II rating were Janice Guilford, Miss Borosch, Dennis Cross, Miss Laidlaw, William Hutton, White, Carolyn McKay and Holly Debaugh. Those with two II ratings were Barbara Edwards, John Roach, Barbara Bonino, Pamela Keiser and Lyna Vance.

Barbara Johnson and Janis Pollard received one I rating, while winning one II rating were Judith Short, Donald Seymour, Gary Binder, William Ruckle, Michael Bisehoff, Thomas Merschel, Donald Evans, Susan Welma and Glenda Roach.

Accompanying the Tawas bandsmen to Kalamazoo were Band Director Edward Rima, Miss Judith Gillies and Mrs. Charles Nash.

MORE THAN 40 junior high students will journey to Clare this Saturday to attend the district junior high solo and ensemble festival. Tawas Area will have 28 entries in this festival.

This is the final solo and ensemble festival of the year as junior high entries are not eligible for a state festival.

LET'S ADOPT THE NEW CONSTITUTION

The delegates have fulfilled their obligation, politicians and orators have had their say and, now, Michigan's proposed new constitution will receive the supreme test—on April 1, voters will go to the polls to adopt or reject the new document.

This newspaper urges each and every voter of Iosco County to make his presence known next Monday at the polls—and, regardless of political party preference, voters are urged to "VOTE YES" on the proposed new state constitution.

Our reason for urging a "yes" vote can best be summed up in these few words: The new constitution would enable Michigan to better deal with the problems of finance and taxation, representation, education, highways, protection of personal rights and many other aspects of today's and tomorrow's problems.

An affirmative vote would also show Michigan's confidence in the 144 very able delegates who worked so long and hard to agree on the final draft for the BEST document. Bringing it home a little closer, successful passage of this new constitution would also be a vote of confidence for two outstanding local men of our time, Herman Dehnke of Harrisville, retired circuit judge, who played such an important "behind-the-scenes" role as a Con-Con delegate, and Stephen S. Nisbet, a native son, who served as convention president.

What more can be said? Sure, most people want it or oppose it for intense personal reasons concerning one or two particular sections. There are a couple of provisions in this new document that we dislike. But, by and large, we believe it is a much better constitution than we have now. It is one that will best serve the interests of the entire state.

Reprinted below are a few words spoken a long time ago, which should be appropriate at this time:

"I confess that there are several parts of this constitution which I do not at present approve but I am not sure I shall never approve them: For, having lived long, I have experienced many instances of being obliged, by better information or fuller consideration, to change opinions even on important subjects which I once thought right but found to be otherwise.

"It is, therefore, that the older I grow, the more apt I am to doubt my own judgment and to pay more respect to the judgment of others. I wish that every member of the convention who may still have objections to this constitution would, with me, sign this instrument.—Benjamin Franklin, United States Constitutional Convention—1787.

HOW MUCH MORE DO YOU WANT TO PAY IN TAXES?

CONSIDER THESE FACTS WHEN YOU VOTE APRIL 1st ON CON-CON PROPOSAL No. 1

SALES TAX The present Constitution guarantees that "AT NO TIME SHALL THE LEGISLATURE LEVY A SALES TAX OF MORE THAN 4%." The proposed Constitution removes this guaranteed tax ceiling by applying the 4% maximum only to a sales tax on "retailers".

INCOME TAX THE PRESENT CONSTITUTION SAYS NOTHING ABOUT AN INCOME TAX. The proposed Constitution legalizes a flat-rate income tax and none other. This provision ignores the principle of ability to pay and prohibits, forever, the adoption of a fair and equitable tax program.

PROPERTY TAXES The proposed Constitution makes totally meaningless present guarantees of state aid for schools. The proposed changes in the school aid formula could force you to choose between lower educational standards or higher homeowner property taxes for schools.

TAX ASSESSMENTS The proposed Constitution shifts more of the tax burden from large corporations to home-owners and small business by lowering tax assessments on numerous industrial properties.

GASOLINE TAXES The proposed Constitution gives the Legislature power to raid highway funds for purposes other than road building. You would still pay gasoline taxes for highways, but there is no longer any guarantee that this money would be used to build the highways you pay for.

Consider these changes. Consider your pocketbook. Consider your future.

How often can you busy home-maker come up with a lunch-time idea which appeals to the family from toddlers to teens? Canned dry soup mixes can be your springboard to many enchanting ideas for these most important meals at midday.

Canned potato dry soup mix, for example, with all its light and delicate airs, can turn into a tummy-tickling Penny Frank Potato Soup which will delight the small fry. . . and those upper graders won't find it "kid stuff" either.

Add some thinly sliced frankfurters, green beans (for a delightful touch of color as well as being good for you), and cheese. Better make enough for seconds if there are more than two hungry offspring about. One little can makes 3 to 4 servings, but this soup will bring forth calls of "more!"

Ever-popular peanut butter sandwiches, made extra good with honey, and bowls of raspberry applesauce with happy marshmallow faces complete the meal . . . with milk, of course.

Penny Frank Potato Soup
3 frankfurters thinly sliced
2 tablespoons shortening
1 can (2 1/2 ounces) potato dry soup mix
2 cups cold water
1 cup milk
1/2 cup cooked cut green beans
1/2 cup shredded sharp Cheddar cheese
1/2 teaspoon prepared mustard

In saucepan, brown frankfurters in shortening; pour off excess drippings. Remove from heat. Stir in soup mix; gradually blend in water. Bring to boil, stirring. Partially cover; simmer 10 minutes, stirring now and then. Add remaining ingredients; heat until cheese melts. Makes 3 to 4 servings.

Needlecraft News by Nancy Baxter

If you've kept up the fashion trends lately, you've no doubt noticed a newcomer on the scene, I'm speaking of ribbon knitting—a technique which creates elegant dresses, blouses and suits by knitting them with actual ribbon. The finished product is extremely elegant and moves with ease into the highest fashion circles. There's only one problem—it moves with ease into the highest priced circles, as well, and since it is so fashionable, it doesn't move very easily out of them.

BATTLE OF THE BUDGET

If you are anything like me and are constantly waging the "Battle of the Budget" on the clothing front, ribbon knits were just things you read about in magazines and gazed wistfully at in store windows. The prospect of ever seeing one hanging in one's very own closet was rather dim. I've used the past tense here because that was the way it seemed before our designers went to work. They sympathized with the problems of those of us with precariously balanced budgets, so—they created a ribbon type knit of their own. This one is also in the highest of fashion, but there's a difference! It can be made without wreaking havoc upon the most meager of budgets.

KNIT WITH CROCHET COTTON

This fashion trick is turned with the aid of mercerized crochet cotton and knitting needles. The technique used is a back stitch stockinette, which means that each stitch is knitted through the back of the loops. Four different shades of crochet cotton are used throughout, and this blend results in a ribbon-like iridescent effect. Extra dividends: these directions are available in sizes from 12 to 18, so the woman with the fuller figure can look equally stunning in our knitted creation. Why not write for free instructions today so you can knit the suit in time for Spring. Just send a stamped, self-addressed envelope and your request for No. PK 1945 to the Needlework Editor of this newspaper.

Smart women are always one or two jumps ahead of the current weather conditions. While hubby trudges to work through snow-filled streets, contemplating fuel bills and frozen cars that won't start, the thinking woman is wondering just what shade of blue her new spring dress should be. Or, perhaps she's already begun to knit that dress.

Some of the best looking designs for spring and summer will, in fact, come off the crochet hooks and knitting needles of ambitious do-it-yourselfers. The elegant dress pictured here is a perfect example of just such a design. It has only one purpose in mind—to make you look stunning.

ADEQUATE TO ELEGANT

Metallic Knit-Cro-Sheen is the key to the secret of this dress' success. It is knitted in a lacy petal pattern; and a binding is knitted separately to insure a neat looking neck edge. An outfit like this is what is needed to transform a simply adequate wardrobe into a perfectly elegant one—or to make an elegant one even more so. If you begin now you can work this transformation in plenty of time for spring wearing.

WHY HESITATE?

Instructions for making this dress can be yours, free of charge. If you would like a set, just write to the Needlework Editor of this newspaper. Ask her for Instruction Leaflet No. PK 9432, and be sure to enclose a stamped, self-addressed envelope with your request.

A Gratifying Assurance . . .

DIGNITY—You will appreciate the dignity and understanding that keynotes our service. It will remain a cherished memory.

Jeep' drives ahead with two NEW HISTORY MAKERS!

'JEEP' WAGONEER—the first station wagon ever built to offer the comfort, speed and smoothness of a passenger car plus 4-wheel drive traction and safety. ■ The 'Jeep' Wagoneer is the only American car with an overhead camshaft engine as standard equipment. It's the first and only 4-wheel drive station wagon with optional automatic transmission and independent front suspension. It has the most usable cargo space... both high and wide. Also available in 2-wheel drive models, both with choice of 2-door and 4-door body styles.

'JEEP' GLADIATOR—First 4-wheel drive truck to offer passenger car smoothness on the highway, sure-footed 'Jeep' traction off the road. All new overhead camshaft engine. The only one in any American truck. The 'Jeep' Tornado-OHC produces higher torque at lower engine speeds, uses less fuel, needs less servicing than comparable conventional engines. ■ All 'Jeep' 4-wheel drive with simplified controls—just one 4-WD shift lever. Unique dashboard signal lights eliminate gearshift guesswork. And you can have automatic transmission—the first on any 4-WD truck. ■ The Gladiator comes in two series: J-200 with 120-inch wheelbase and 7-foot box, J-300 with 126-inch wheelbase and 8-foot box. Choice of body styles, with GVW's from 4,000 to 8,600 pounds.

RAMBLER 6 or V8 MOTOR TRENDS "Car of the Year"

Rattle-free, stronger Advanced Unit Construction, the years-ahead breakthrough in car building. Massive inside replaces many small parts.

MOTOR TREND Magazine's auto experts never handle the "Car of the Year" with kid gloves.

They slammed Ramblers over back-country roads and reported, "rough roads can be stormed with confidence."

They studied Rambler's Advanced Unit Construction—found it "so strong it'll take punishment longer."

Finally, they summed up Rambler '63 by saying: "It's an even better value than before."

Travel to New Orleans on Honeymoon

Lt. and Mrs. Kenneth Myles traveled to New Orleans, Louisiana, for their honeymoon following their March 13 marriage at Unitarian Church, Quincy, Illinois.

Mrs. Myles is the former Leslie Stebbins, daughter of Dr. and Mrs. T. L. Stebbins of Quincy, and the bridegroom's parents are Mr. and Mrs. George Myles of Tawas City.

For the ceremony, which was followed by a luncheon at the Stebbins home, the bride selected a street length, navy and white dotted dress fashioned with white front panel insert. Her colonial bouquet was of white flowers.

The former Miss Stebbins will resume studies at Scripps College, Claremont, California, where she will graduate in June. The couple will be united following her graduation in Germany where Lieutenant Myles will be stationed with the United States Army.

The bridegroom is a graduate of Central Michigan University, Army Adjutant General's School and attended University of Vienna, Austria, last summer.

Plans May 11 Wedding

Making plans for a May 11 wedding are Jewell Elaine McKeen and Theodore G. Ostapchuk. Parents of the bride-elect are Mrs. Anna Gall of Flint and Russell McKeen, also of Flint.

The prospective bridegroom, who makes his home in Fenton, is the son of Frank Ostapchuk of Yonkers, New York, and the late Mrs. Ostapchuk.

Mr. Ostapchuk received his bachelor degree in industrial engineering from General Motors Institute.

Miss McKeen is the granddaughter of Mr. and Mrs. Frank Bean of East Tawas.

Is Seriously Ill at Mt. Clemens Hospital

Mrs. Thomas Monks of St. Clair is seriously ill in Mt. Clemens General Hospital where she underwent major surgery last Wednesday. Mrs. Monks, the former Cora Parker, was a resident of this vicinity for many years when her father, the late Charles Parker, served as a member of the United States Coast Guard at Tawas Point. Her late husband also lived in the Tawas area at one time.

Mrs. Monks is a niece of Charles Randall of South US-23, Tawas City, and James Randall of East Tawas.

Skip the sulphur and molasses— get a CHEVROLET SUPER SPORT

Chevrolet Super Sports* have a charm that soothes your springtime yen for romantic adventure as fast as you can slip into a bucket seat. (Especially the Impala's, with its adjustable new Comfortilt steering wheel.) Front bucket seats are a great start, but Super Sports also feature special all-vinyl interiors, special interior-exterior trim in tasteful touches, and a veritable feast of goodies we call performance options*. Chevrolet and Chevy II Super Sports invite adventure in convertible or coupe form. That same Super Sport zing applies to the Corvair Monza Spyder, very breezy with its air-cooled 150-horsepower rear-mounted engine, and 4-speed shift*. Ditto for the new Corvette Sting Ray, a magnificent thoroughbred among pure-blood sports cars with not a single sacrifice in comfort. Both Spyder and Sting Ray come in coupe or convertible styles. All Chevrolet Super Sports are like spring days—you've got to get out in them to savor them. So catch yourself a passing zephyr and wait on down to your Chevrolet showroom.

Models shown clockwise: Corvair Monza Spyder, Chevrolet Impala Super Sport Convertible, Chevy II Nova 400 Super Sport Convertible, Center: Soap Box Derby Racer, built by All-American boys.
