Jury Trial Set in \$250,000 Slander Suit A \$250,000 slander suit filed

last November by J. Morley Stevenson, former Hale bank executive, against Deuell D. Pearsall, president and director of Farmers and Merchants State Bank, scheduled for trial by jury Monday, July 1.

At a hearing Monday, a motion was granted by Circuit Judge Al-lan C. Miller to add Farmers and Merchants State Bank as a party defendant to the cause.

Stevenson had been employed by Farmers and Merchants from April of 1958 to July 18, 1962, in the capacity of executive vice president and cashier.

The slander suit arises out of an alleged statement made by Pearsall to a third party in the banking industry, which allegedly was false and which damaged Stevenson's ability to procure a position within the industry.

Stevenson charges that he has sustained damages as follows: Injury to feelings, \$50,000; injury to reputation, \$50,000; injury to business and occupation and loss of future earnings in banking business, \$100,000; punitive damages,

Korean Vets Have 6-Months to File for **Insurance Dividend**

Approximately 7,100 Michigan Korean conflict veterans have about six months in which to take ad vantage of approximately \$794,000 in special insurance dividends to be paid to those exchanging "RS" insurance policies bearing the let

Robert M. FitzGerald, Veterans Administration's regional mana ger for Michigan, said today that this special dividend offer expires September 13, 1963.

It applies only to Korean con flict veterans whose insurance policy number is preceded by the letters "RS." No other government life insurance policyholders are eligible

To get his dividend, the "RS" policyholder must either:

(1) Exchange his "RS" term policy for a "W" term policy at, generally, only one-third of the cost he is now paying. Although the term cannot be renewed after age 50, protection can be continued by converting to low-cost permanent plan insurance policy at any time while the term is in force.

(2) Convert his "RS" policy to a low-cost "W" permanent plan insurance policy now.

"RS" policyholder takes either of these steps on or before September 13, 1963, he will reeive his special dividend. These dividends average about \$100, depending upon the age of the polcyholder and the length of time he has held his policy.

He must act on or before September 13, however, or the divi dend cannot be paid.

About 48,000 Korean conflict policyholders throughout the United States have already changed "RS" policies to "W" policies. Approximately \$38,000,000 since the bill establishing this dividend became a law on Septem

Corvair Monza Club Coupe

Who needs muscles?

Do you know how easy it is to take a corner with a Corvair or park one? Turn this newspaper sideways and it will give you a pretty good idea. The wheel handles just about that easily. The Corvair's engine is in the rear, for

not only greater traction, but more balanced weight distribution. And that's what makes the steering so completely effortless.

The engine is air cooled, too. No radiator. No water or antifreeze. No boiling

over or freezing up to worry about. It takes

the weather and the terrain as it comes.

So think about those trips to the beach this summer, those bright sunny days and balmy moonlit nights.

And besides, looking at it from a very practical point of view, it's Trade 'N' Travel time right now at your Chevrolet dealer's. He's got some beautiful buys. But you had better hurry before somebody muscles in ahead of you. Spring's here. Summer's coming fast. And with these sporty good-looking Corvairs selling the way they

are, he who hesitates will want to kick himself.
