## Rural Mail Carrier Closes Long Career

Arthur Johnson, a rural carrier for nearly 47 years at Whittemore, retires May 31. His mail-carrying career covers a span from the horse-drawn vehicles to the modern automobile.

Johnson, who is now 70, served under five postmasters in the following order: Miss Mary Hottos, Mrs. William Curtis, Mrs. Archie Graham, Mrs. Elva Lee Freeland and John Dickey, who is postmaster at the present time.

The retiree relates he carried mail ranging from a handfull on his first trip, October 2, 1916, to 500 to 1,000 pieces today. He has traveled more than 650,000 miles delivering mail to his patrons in Reno and Burleigh Townships.

In 1916, the route was 24 miles in length and 85 families. After consolidating two routes in 1932, this has now been increased to 85 miles in length with 277 families. There are only about one-half dozen of his original patrons (heads of families) still living.

"With the improved roads and modern automobiles, one can perform the work today with less effort than was required in the horse and buggy days on the unimproved roads," said Johnson.

"When I first began as a rural letter carrier, I had only 2 1/2 miles of gravel road. All of the rest was dirt and a major part of that was red clay. I now have 23 miles of paved roads, 47 miles of improved gravel and 15 miles of improved dirt roads."

During his long career, Johnson has used a total of 10 different horses and 13 automobiles. His first motor transportation was an Overland touring car.

Johnson recalls that muddy roads, sleet and heavy snow gave him plenty of trouble over the years, but there were very few days when he was unable to deliver mail because of weather conditions.

It was only this past winter when he missed his first day on the route because of sickness. "I had a touch of the flu and was just unable to make the rounds. During those 47 years of federal service, I was eligible for a total of 279 days of sick leave and that was the first time I ever have used one," he stated.

Johnson graduated from East Tawas High School in 1913 and, after writing the state examination, taught school for three years. After starting with the postal department in 1916, his only absence was for 13 months during World War I when he served in the United States Army.

He has been a member of the

Masonic Order for nearly 40 years and a past master of Whittemore Lodge No. 471, F.&M. He has been secretary of the lodge since 1939.

During retirement, Johnson said he plans to "work a little, rest a little and play a little." He and his wife, the former Faye Yawger of Hale, plan to make a few vacation trips "just as long as they are not too long."

The Johnsons are parents of a married son, Dean, and a daughter, Mrs. Louis (Glenda) Ribeaud, both of Bay City. They have one grandchild.

## Chamber Opens Membership Drive

Tawas Chamber of Commerce opened its 1963 membership campaign last Wednesday night and will continue through August 23.

Teams have been organized in each community to conduct the drive and the winner will enjoy steaks at the expense of the losing team at the close of the campaign.

"The losing team will be treated to hot dogs by the winners," states President Ralph Western. "This contest should provide a little incentive for everyone to get out and push our membership campaign."

Arthur Wuggazer is captain of the Tawas City team while Carl Thunberg is captain of the East Tawas unit.

Tawas City campaign members include Richard Egli, Del Myles, Hugo Wajahn, Anthony DeFilippi, Clarence King, Donald Watson, Kenneth Conn, Gordon Huck, James DeWise, H. Freeman, Hugo Keiser, Cecil Cabbie, Steven Sventko, John Hosbach and Floyd Ketcherside.

Team members at East Tawas are Western, Gordon Dunham, Gene Spica, W. D. Nunn, Carl Helmer, Edward Nelkie, O. E. Ostrander, John Pinter, John Austin, Perry Crocker, Donald Moonew, James Martin, Thomas Pintkowski, Kenneth Brinks and Leonard Calabrese.

Each team captain may add other working members by reporting names to the chamber office. Winners will be classified by the following: One-half point will be given for obtaining an associate member; one point for obtaining a regular member; two points for a new member and one point for each dollar collected.

A progress report is to be made at the May 22 meeting.

## Tawas Set Program for Michigan Week Observance

Tenth anniversary of Michigan Week, an unique undertaking to stimulate awareness and promotion of Michigan's many assets, will be observed May 19-25 in Iosco County and across the state.

Osman Ostrander, 1963 Michigan Week chairman for Iosco County, expressed hopes the celebration will prompt further citizen alertness locally to needs and potentials of Michigan and of their opportunities to serve it.

Michigan Week, he said, is the peak of a year-around program to promote Michigan and unite its citizens to work for the state's greater future.

The observance will open Sunday, May 19, with observance of Spiritual Foundations Day, which for a decade has marked the start of the week-long celebration.

One of the principal observances here will be Monday's Government Day, featuring the annual exchange of mayors.

Here in the Tawas, Mayor George Tuttle of Tawas City will

go to Marysville in St. Clair County in exchange with Mayor Joseph S. Johns.

East Tawas mayor, Clarence McKenzie, will go to Evart in exchange for Mayor James H. Elder.

A full schedule of activities is planned for entertaining visitors Monday. In charge of arrangements for Tawas City are Mayor Pro Tem Cecil Cabbie and Reginald Bublitz, superintendent of public works.

Lewis Besancon, city hall manager at East Tawas, and Lyle Mooney have charge of the program in that community.

The visiting mayors will tour public buildings in both communities Monday morning. Mayor Johns and his party will be guests at a noon luncheon sponsored by the Tawas City Businessmen's Association at the Barnes Hotel.

Mayor Elder will be guest of honor at a noon luncheon held at the Holland Hotel, sponsored by East Tawas businessmen.

Monday afternoon's program includes a tour of Wurtsmith Air Force Base by both visiting mayors and others wishing to attend. The entire group will meet at the East Tawas post, Michigan State Police, 1:30 o'clock, as the starting point for the trip to Oscoda.

That evening, Mayor Elder and his party will be guests at a banquet held at the Barnes Hotel. Attending will be Tawas City councilmen, other city officials and their wives. Regular meeting of the council is scheduled for 8:00 p. m., one-half hour later than usual.

A similar banquet will be held at the Holland Hotel for Mayor Elder and party. Councilmen, city officials and their wives are to attend.

A special attraction during the week at East Tawas will be a sidewalk sale and merchant's jack pot running from Thursday through Saturday. Merchandise specials will be displayed in front of participating stores. Mrs. Stanley Stasik will be in charge.

One of the principal events at Tawas City will be a judo tournament Saturday, May 25, at the Tawas City Park. The meet is scheduled to get under way at 2:00 p. m.

This Tawas invitational meet has been organized by Gene Balingier, Richard Egli and Paul Harvey, white belt holders and members of Delta College's judo team.

Four contests will be held, sanctioned by the National Amateur Athletic Union, and approximately 30 men are expected to participate. Trophies are to be awarded winners in each belt degree following the meet. In the event of rain, the tournament will be held at the high school auditorium.

The invitational meet is under the auspices of the Tawas City Businessmen's Association through cooperation of local representatives of the Delta Judo Club.

Wurtsmith and other air force bases in Michigan are to send teams to the meet and invitations have been extended to other judo groups around the state.

Tickets are now available for merchants' jack pot days being sponsored during Michigan Week at East Tawas. A total of \$200 in prize money is to be awarded next

week Thursday, Friday and Saturday.

Drawings are to be held as follows: May 23 and 24, 4:00 p. m., \$50 each day; May 25, 11:00 a. m. and 4:00 p. m., \$50 each drawing.

Handling arrangements for the jack pot are Robert LaVoy, chairman, Donald Mooney and Joseph Branham.

## School Board Plans Huddle With Architect

Tawas Area Board of Education and its architect, Brysselbout, Starke and Hacker of Bay City, will soon meet to discuss proposed construction of an addition to the East Tawas elementary unit.

This addition, which would include an all-purpose room, superintendent's and board of education offices, cafeteria and rest-room facilities, was included in a five-year bonding proposition passed by voters two years ago. Construction would start next spring.

A question was raised Monday night as to the feasibility of constructing the addition so as to become an integral part of the existing building. It has been suggested that the new structure be constructed as a separate building, being connected to the present school by a breezeway.

Reason for such construction, it was explained, is due to compliance with state fire laws. Should the new structure be added directly to the present building, certain modifications may be required to the old building.

It was stated, however, that the board may ask the state fire marshal to inspect the old building and make recommendations as to possible alterations.

Trustee Leonard Sarki expressed the opinion that additional classroom facilities be constructed there so as to move one grade from the Tawas City unit. This would allow moving the eighth grade from the high school building to the Tawas City unit. In addition to providing classrooms for sections of kindergarten through grades four of the fifth, sixth and seventh grades.

The bonding proposition provided funds for construction of a junior high wing or additional classrooms at the high school building. Stating that the district was not faced with the problem of a "ballooning" enrollment, as it was two years ago, Supt. Reynold Mick pointed out that construction of needed shop facilities and moving the eighth grade to Tawas City may provide any needed classrooms at the high school.

In other business, the board discussed the

reassignment of two Wurtsmith Air Force Base officers was announced last week.

Maj. Gen. Harold E. Humfeld, commander of the 40th Air Division, will be reassigned to Headquarters, Strategic Air Command, as deputy director of operations. The assignment will be effective June 20.

Col. Raymond J. Lacombe, base commander at Wurtsmith since April 1962, will be reassigned as base commander of Altus AFB, Oklahoma, in early July.

General Humfeld has been commander of the 40th Air Division since its inception April 1, 1960. As commander of the division, he has directed the growth of the four assigned wings until they have become four of the top units within SAC.

The 40th Air Division is the largest in area and number of units in Second Air Force. The division is comprised of four wings, equipped with B-52H and GAM-77 "Hound Dog" air-to-ground missiles.

General Humfeld was recently selected to serve as vice chairman of a special studies group for the joint chiefs of staff in Washington, D. C.

Colonel Lacombe, a veteran of 20 years service, has been assigned to Wurtsmith since May 1960. He held the position of director of personnel prior to becoming base commander.

His last assignment before coming to Wurtsmith in 1958 was at Chennault AFB, Louisiana, where he was base director of personnel. He was promoted to colonel March 7, 1962, just prior to his assuming the base commander post at Wurtsmith.

No successor has been named as yet for Colonel Lacombe.

## Richard D. White Named Recipient of Sousa Award

Richard D. White, senior first chair French hornist, was named Friday night as the 1962-1963 recipient of the John Philip Sousa Award sponsored by Tawas Area Music Booster Club.

Presentation of this annual recognition to Tawas Area's most outstanding bandsman came during the band's annual spring concert. Making the presentation was Thomas Horning, club president. White's name, joining other Sousa winners at Tawas, will be engraved on a plaque which is re-

tained by the school. He received a small trophy and certificate.

His selection for this honor came as a result of a vote by fellow band students, Director Edward Rima and a committee composed of booster club members.

A member of the music program here since the sixth grade, White has held first chair in the French horn section in three of his four years in the senior band.

Highest honor received by White this year was at the state solo and ensemble festival held at

Kalamazoo in March. He received an 89 rating out of 100 in proficiency III.

Among his accomplishments have been selection to the all-state intermediate band at Interlochen in 1960-1961, greater all-star band in 1962, Central Michigan Honors Band in 1962 and all district band for three years.

He has been accepted by the University of Michigan Music School starting next fall.

Friday night's program was the band's final concert performance of the year, although it will present a program before a student assembly on May 22. The band will also participate in Memorial Day services in the Tawas and provide music for commencement and baccalaureate services in June.

## McCready Named District Governor of Lions Clubs

East Tawas Lions Club announced this week that William McCready of Tawas City had been elected district governor to represent Lions of Michigan District 11E, Regions One and Two.

McCready was elected by unanimous vote of delegates from 27 counties in an election held during the 43rd annual convention held Sunday at Lansing.

The district comprises 27 counties and 30 Lions Clubs. Michigan is divided into eight districts and 11E begins at the north line of Bay County and extends to the Straits of Mackinaw and west to Ludington.

McCready, blind prosecuting attorney of Iosco County, has been active in Lionism since 1957. He has given hundreds of talks to clubs and organizations throughout the entire state.

He was one of the originators of the East Tawas Lions Club, which is regarded as one of the top clubs in Michigan. He has a perfect attendance record.

McCready is the first blind person ever to hold a district office in Michigan. He graduated from the Leader Dog School at Rochester, one of the beneficiaries of the Michigan Lions Clubs.

Elected as officers for 1963-64 were Neil Katterman, Tawas City, president; Gary Schwab, Standish, vice president, and Laurel Book, Houghton Lake, secretary. The Rev. Charles Boeder of Hale was elected pastoral advisor.

The leaguers heard James Hensel speak on the important work of the church which is presently going on in the inner-city of Detroit. Leaguers of the various groups then presented the semi-annual talent festival which was won by Tawas City. Square dancing followed.

The rally closed with the installation of new officers and devotions led by the Rev. Elmer Schack of Houghton Lake.

**Christian Science Lesson-Sermon**

A Bible lesson on the subject of "Mortals and Immortals" will be read this Sunday at Christian Science Society.

Golden Text: "This corruptible must put on incorruption and this mortal must put on immortality" (I Cor. 15:53).

Related readings from Christian Science textbook includes these lines: "Either here or hereafter, suffering or Science must destroy all illusions regarding life and mind, and regenerate material sense and self. The old man with his deeds must be put off" ("Science and Health with Key to the Scriptures" by Mary Baker Eddy, p. 296).

### Report Household Help Wages—Save Time and Money

Paul M. Ellifritz, Social Security district manager, stated today that persons employing household help can save time and money by reporting each employee's wages correctly and on time. To be timely, the return must be filed some time during the month following the calendar quarter in which the wages are paid. To be correct, return must show the employee's name, social security account number and the total wages. Getting the correct name and account number from the employee at the time the person goes to work saves time and filing the return when due, saves money. If not filed when due, interest and a late filing charge are involved. The employer is responsible for making the report and for sending in both the employer and employee tax, each portion 3 5/8 percent in 1963. Mr. Ellifritz said that there are exceptions to the requirement for reporting of wages paid household help. One is that reports are not required if the household employee was paid less than \$50 in cash wages during the calendar quarter. Another is where a son or daughter employs a parent. The third exception is where a parent employs a son or daughter under age 21. Amounts paid in

these cases are not covered under social security and should not be reported. Mr. Ellifritz added that his office is always glad to furnish information on reporting requirements. A representative of the Social Security Administration will be in Tawas City at the Iosco County Building Thursday, May 23, 10:30 a. m.

HAVE GUIDE — WILL TRAVEL . . . Molly McGuire, 18-month-old Essexville gal plans her vacation with the help of East Michigan's new, 1963 "Playtime Country Guide." She hopes her mother and father will take her to some of the resort areas shown in the guide now available without charge from the East Michigan Tourist Association, Bay City, Michigan. Vacation planners will find complete information including a directory of over 500 resorts, motels, hotels, restaurant and tourist attractions. This is the 21st edition of the colorful 172-page guide, which also contains county and city maps for the eastern and central Michigan region served by the association.

### Lose 2-0 in First Round of Tournament

Tawas Area Braves, losing a 2-0 heart-breaker to Flint Bendell, were eliminated in the first round of the high school baseball tournament Saturday at Mt. Pleasant.

Turning in another great performance on the mound was Dick Doak, senior pitcher, who has not allowed an earned run in three games.

Three fielding errors by Tawas players in the fourth inning figured in the two runs being scored by Flint. Until that time, Doak had retired opposing batters in order and then retired nine successive batters to finish out the game.

Tawas batters, on the other hand, had little luck against the Flint pitcher, Revord, and missed scoring opportunities in five of the seven innings. Both teams connected for two hits apiece.

Flint scored the game's only run when, after Doak fanned the lead-off batter, Foutch reached first base on an error. Myers singled to advance Foutch to third. Fairchild's outfield fly was caught by Centerfielder Jim Herriman, but Foutch scored when Herriman's throw was wide at first, Myers taking second. Roberts singled to score another run.

Only hits by Tawas were a single by Shortstop Don Lear to lead off the fourth and Herriman's single in the sixth.

This was the third straight loss for the Braves, who opened the season by defeating Gladwin. Tawas was scheduled to play at Oscoda under the lights last night.

### Mixed Golf League Meeting Called for Sunday, May 19

A mixed golf league meeting has been called for Sunday, May 19, 3:30 p. m., at Tawas Golf Clubhouse to finish organizing and setting up plans for play. Everyone is invited.

Tentative plans do not call for a regular league schedule because of everyone's inability to commit himself for every Sunday during the summer. Instead, at 3:30 p. m. each Sunday, the ladies will draw for partners from a box, containing names of men present. A drawing will then be made to determine the tee from which the various foursomes will begin.

All play will start simultaneously at 3:30 and all should finish approximately at the same time.

After play is over a drawing will be made of three holes, on which everyone's handicap will be based. Prizes to low scoring couple with handicap will depend upon the kitty made up by those present when play starts. Participants will play every Sunday that is possible. There is no penalty or make up match if a Sunday's play is missed.

Rules of play will be formulated May 19 and followed by a round to see how well they work.

Peter Liechty, an airman stationed at Wurtsmith Air Force Base, killed a rattlesnake Monday afternoon at the Herman Hoshbach residence on Wilber Road.

### Whitemore Wins in NEM League Opener

Whitemore, making its first appearance in the NEM League in many years, defeated Hale in the season opener Sunday, 9-6.

The game featured two home runs by Budget for Whitemore and one home run by Ellsworth of the losers. Kohn topped Whitemore with three hits in four trips to the plate.

Whitemore batters pounded Ellsworth and Walls of Hale for 13 hits, while Hale connected for 11 hits off the slants of Hall and Thompson.

### WILBER NEWS

Mr. and Mrs. Kenneth Frasher of Glennie and the Robert Smiths of East Tawas visited their parents, Mr. and Mrs. Francis Dorey, Sunday.

Monday, Mrs. Alton Abbott was at Vassar.

Mr. and Mrs. Herbert Lacy of Tawas City visited at the Francis Dorey home Saturday evening.

Mr. and Mrs. Glenn Terryah of Midland were week-end guests of Mr. and Mrs. Herbert Phelps.

Mr. and Mrs. Alden Phelps were at Whitemore Wednesday.

### TA Kindergarten Registration Set for May 23-24

Registration for children who will enroll in kindergarten at Tawas Area School in the fall has been set for Thursday, May 23, at the East Tawas unit and Friday, May 24, Tawas City unit.

Parents will be notified by mail concerning the day, time and school where their child will register. Dr. E. A. Hasty, district health director, and Mrs. Irene Wight, county nurse, will be present to examine children.

Newcomers to the community should call the office of the elementary principal, Forest 2-3151, for an appointment.

### Juvenile Grangers To Have Michigan Week Display

Whitemore Juvenile Grangers met at the Grange Hall Friday evening with Master Susan Bellville conducting the business session at which the children voted to have a Michigan Week display again this year. The display will be at Fuerst's Hardware from May 19-25.

A poem, "Family Verse," was read by David Hall and Joan Halbert.

Members are again studying about Wim and Jo Blankers, members of the Greek team, who are working in Greece. This is a self-help program with the World Council of Churches. The program focuses attention on the need for world understanding and world peace. It also helps to awaken an interest in history's teachings and its importance to us.

Games were played and lunch served.

### To Show Pakistan Movies at Open Grange Meeting May 24

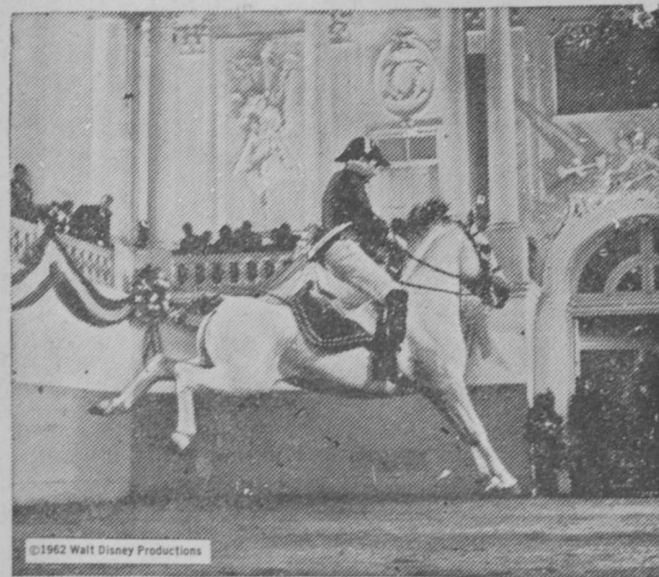

Members of the Whitemore Grange met Monday evening for their regular meeting with Master Brian Bellville in charge. Plans are being made for an open meeting Friday evening, May 24, when pictures of a tour to Pakistan will be shown by Jack Luebke of Petoskey. Mr. Luebke was one of six chosen to represent the three major farm organizations on a seven-week tour of East and West Pakistan last fall.

Square dancing will be enjoyed following the pictures. Everyone in the community is cordially invited to attend.

Mrs. Francis Clegg showed slides of the places she and her husband visited during the winter. Her tour of the World's Fair and results of the frost in Florida were some of the interesting scenes shown.

Pot-luck lunch completed the evening.

Michigan Week starts Sunday.

STARTS TONIGHT at The Family Theatre in East Tawas—"The Miracle of the White Stallions," a Walt Disney production, starring Robert Taylor, Lilli Palmer and Curt Jurgens.

### TA Track Team to Participate in Meet at Gladwin Thursday

After a week of inactivity due to weather conditions, Tawas Area High School's track team will participate Thursday in the Gladwin invitational meet. Some 13 schools are expected to take part.

Tawas thinclads, after winning first place among B schools at the Oscoda invitational May 6, are favored to win in their class in the regional meet Saturday at Mt. Pleasant.

Although stating that he would rather not have the "favorite" label, Coach Robert McDonald said Monday that he expects to have at least eight boys eligible for the state meet following Saturday's qualifying rounds.

Tawas displayed great first place strength in the Oscoda in-

vitational, taking six top ribbons. Cold weather and rain forced cancellation of the Northern B Conference meet Saturday night, which was scheduled at Bay City Handy. This meet has now been set for Wednesday, May 22, at the same location.

### To Attend State Chiropractic Meeting May 14-16 in Lansing

Dr. James J. LaRue of East Tawas will attend the first annual convention of the Michigan State Chiropractic Association May 14-16 in Lansing. The association was formed last year in Detroit by the merger of the Michigan State Chiropractic Society and the Michigan Academy of Chiropractic.

Program highlights this year will include the state posture queen pageant on May 14. Queen contestants around the state will compete for the title of "Michigan's 1963 Posture Queen." The winner will enter the world finals in St. Louis, Missouri, July 25.

### East Tawas Shows Power in 21-0 Rout

East Tawas batters collected 15 hits in a 21-0 rout over Prescott in the NEM League opener Sunday on the loser's home field.

Included in the barrage were a grand-slam home run by Johnson in the first inning and a three-run blast by Larry Frank in the eighth.

Besides being one of the hitting stars of the day, Frank turned back Prescott batters with only three hits. He struck out 11 batters, walked five and hit one.

East Tawas turned the game into a scoring marathon in the first inning, pushing eight runs across the plate on six hits.

Four other players shared in batting honors with Johnson and Frank. Jim Bethard, Jordan, Berry and Sventko had two hits each. Fegan had two of Prescott's three hits.

SIXTY members of the District Four Supervisors' Association attended a meeting held last Thursday at the Iosco County Building. Earl Larson, center, Standish, was elected association president. Other officers named were L. S. Little, left, Iosco County, vice chairman, and Floyd J. Socia, Bay County, secretary-treasurer. The association comprises boards of supervisors from the Counties of Bay, Midland, Isabella, Gladwin, Arenac, Roscommon, Ogemaw and Iosco. William Dennison, secretary-treasurer of the state association, outlined legislation passed during the past session which effects townships and counties.—Tawas Herald Photo.

### Needlecraft News by Nancy Baxter

IT'S spring, and if we have anything to say about it, more and more young girls' fancies will turn to—needlecraft! When you think about it, there's absolutely no reason why the fancies of even the youngest shouldn't be so directed. After all, needlecraft is for women of all ages to undertake and enjoy. Gone are the days when it was a difficult art, to be tackled only by the experts; and, gone are the days when the only available patterns were for such time-consuming projects as afghans, tablecloths, dresses and the like.

**NEW LOOK—NEW EASE**  
 Today's patterns can be made by anyone who can pick up a needle and follow a simple chart. A particularly excellent example of this new look and new ease is the blouse pictured here. It's been designed exclusively for the younger set—to make and to wear. (However, we certainly wouldn't complain should a more experienced needle-crafter try her hand at our blouse. In fact, we're sure that she, too, would get a tremendous kick out of it!)

**WHIMSICAL EMBROIDERY**  
 This blouse, which is made of checked gingham, features an embroidered design. Look closely and you'll see a not-too-dangerous looking whale. His mouth is opened and it appears that he's about to

gobble up the little embroidered fish. The fish has nothing to worry about, however; he's already been hooked, as we can see from the embroidered line which curves its way up the right hand side of the blouse. This whimsical scene is depicted in the cross stitch—the simplest, quickest needlecraft technique we can imagine. Why not try the cross stitch, or recommend it to any young lady you know. Instructions are available, free of charge. For your copy, just mail a stamped, self-addressed envelope and your request for Leaflet No. PE 1712 to the Needlework Editor of this newspaper.

**SPRING and summer are just about the best times of the year to enjoy the company of your family and friends. There are so many things you can do together and so many wonderful experiences to share. Picnics, barbecues, beach parties... these are just a few of the ways to have a wonderful time while storing up a host of beautiful memories to last until the next gathering.**

**SUMMER SWIMWEAR**  
 Our needlecraft pattern this week is intended to show that fashion stands out just as dramatically under a summer sun as under the winter sky. I think the stunning bathing suit pictured here proves just that point—in a most attractive way. And—if you begin it now, you can easily complete the suit long before it's time to pack up the family for that long-awaited trip to the seashore, the mountains, or points, North, South, East, or West.

**SIMPLE BUT STURDY**  
 It's easy and inexpensive to make a bathing suit yourself with Red Heart Superfining yarn. The woman who prefers to wear a simple, fitted suit will find this style perfect for her figure. The suit's outstanding feature, however, is the stitch in which it's made. It's tight and sturdy and is guaranteed to hold its shape perfectly in the water. Scarlet and white garter stitched snap-on bib and matching pocket add a tri-color touch to the warm skipper blue of the suit. It's knit in two front and two back panels and, best of all, it costs only about four dollars to make a size ten suit.

If you would like to make a suit for yourself, just write to the Needlework Editor of this newspaper and ask her for Instruction Leaflet No. PK 9791. It will be mailed to you, free of charge, if you enclose a stamped, self-addressed envelope with your request.

Clockwise from bottom: Jet-smooth Chevrolet Impala, Chevy II Nova 400, Corvair Monza Spyder

Summer's coming, get going!  
 If this isn't a great time to get yourself a new Chevrolet—well, we just don't know when is. Why, you'd almost have to be anti-summer not to let one of these four convertibles get to you. Or any of Chevrolet's sedans, wagons, sport coupes and sport sedans, for that matter.  
 And there are a lot of other buy-now reasons besides the season. Like the care-free feeling you get on a long vacation trip in a brand-new car. And it's a smart time to trade, what with your Chevrolet dealer all stocked up for a busy summer. Chances are, he has just the model and color you want—be it Chevrolet, Chevy II, Corvair or Corvette—ready to go right now.  
 So maybe now you're all wound up? Then spring into summer at your Chevrolet dealer's.

## Receives Award for Method of News Story Improvement

Airman Third Class Robert R. Donley of East Tawas has received a cash award for his military improvement suggestion which has been accepted at Tinker Air Force Base, Oklahoma. He suggested a method of improving coverage of hometown news stories.

Airman Donley, an information specialist in the United States Air Force Hometown News Center there, is the son of Mr. and Mrs. Charles R. Donley of East Tawas. He attended Wayne State University, Detroit, and the University of Oklahoma extension branch.

The military improvement suggestion program provides for awards and recognition for personnel who submit beneficial suggestions that will assist in conserving manpower and materials.

Army MSG Charles W. Viar, 37, son of Mrs. Imogene Hewgley, East Tawas, recently received the army commendation medal while serving with the 178th Ordnance Company at Fort Bragg, North Carolina.

Sergeant Viar received the award for his performance of duties during his recent assignment in Vietnam.

He entered the army in 1944. The sergeant attended Eastern High School in Detroit. His wife, Ruth, is with him at the fort.

## Large Scouters Held District Recognition Meeting at Oscoda

Scouters from Largo District of Paul Bunyan Council met recently for their annual district scouters' recognition meeting in Oscoda High School.

The event started with a pot-luck dinner with Chaplain H. Lewis of Wurtsmith Air Force Base, Oscoda, giving the invocation. Scouts from Troop No. 90, sponsored by the 60 Lakes Tourist Association of Hale, conducted opening and closing ceremonies.

Lt. Col. Russell Woinowski of Wurtsmith, Largo District vice chairman, was evening toastmaster. Arthur Hanry of Midland, council scout executive, gave a presentation on the development of the Paul Bunyan Scout reservation located near Rose City. Dr. John Pankey, also of Midland, explained the methods to be used in selling tickets for the forthcoming Paul Bunyan scouting exposition in Midland June 12-16. Each unit leader present received a package of tickets to distribute to the boys. Through the sale of these tickets boys are eligible for prizes.

Richard Powers of East Tawas, Largo district commissioner, presented den mother certificates of appreciation to Audrey Koehler of Pack No. 90 and Florence Scobee of Pack No. 101, Wurtsmith.

Presentation of district trail blazer awards by Col. Don Bailey of Wurtsmith, Largo district chairman, highlighted the evening. Awards for this year were issued to Herbert Early, neighborhood commissioner, Wurtsmith, and Jack D. Sausaman, scoutmaster of Troop No. 101.

## School Board

(Continued from page 1.)  
cussed construction of a steel building at the rear of the high school for storage purposes. At its last meeting, the board authorized obtaining estimates on constructing a cement block addition at the rear of the building.

Estimated cost of constructing a 24 by 48-foot steel building, which would provide space for storing four buses in addition to other maintenance equipment and supplies, is \$3,655. Cost of constructing a 14 by 38-foot addition attached to the band room would be \$1,568.

A prefabricated steel building, similar to the one under discussion here, is being constructed in the area and is to be inspected by the board before any final action is taken.

The board authorized advertising for bids for removal of the roof on the old Tawas City annex and replacing it with a new one.

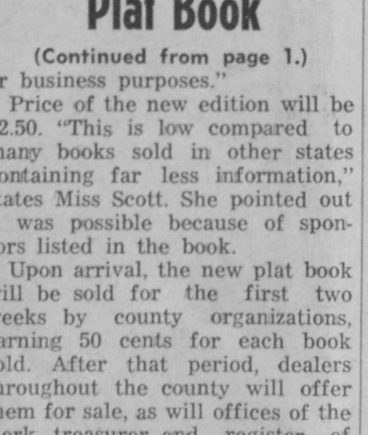

## Tawas Band

(Continued from page 1.)  
and the school were paid high compliments Friday night by Dr. Graham T. Overgard, guest conductor, who called the Tawas band one of the outstanding high school musical groups in the state. He said this reflected great credit upon the entire school system and community.

Last week's performance drew a capacity house at the high school auditorium. In addition to selections by the senior band, one part of the program was devoted to the junior band.

Dr. Overgard directed the band in five numbers of his own composition.

## Cancer Crusade in Iosco County Now in Progress

Iosco County's crusade for the American Cancer Society is now in progress under the leadership of Norman Salsbery, campaign chairman. The campaign is to run through Memorial Day.

Mrs. Herbert Hertzler and Mrs. Harvey Watson, co-chairmen of volunteer activities, have appointed local chairmen, who in turn have named committees. Some 100 workers are conducting neighborhood door-to-door visits.

Local chairmen are:

East Tawas—Mrs. W. A. Evans, First Ward; Mrs. Joseph Hennigar, Second Ward; Mrs. Gerald Rapp, Third Ward.

Tawas City—Jerry Cotter, business district; Mrs. Fred Landon, First Ward; Mrs. Walter Nelson, Third Ward. No chairman has been announced for the Second Ward.

Tawas Point—Mrs. Rosalie Schaeff, Mrs. Helen Cotter; Ottawa Beach (US-23 north)—Mrs. Joseph Allen; Tawas Lake—Mrs. Lester Erb.

Alabaster—Mrs. Fannie Walstead; Hale—Mrs. Joseph Sestak; Whittemore—Mrs. Irene Jordan.

The committee has extended its thanks to Joseph Barkman for his cooperation during past years for storing articles in the loan closet. Mrs. Harold Peterson of Tawas City is in charge of loan closet items. Anyone requiring dressings may notify Mrs. Muriel J. Horton.

## 10th Dist. Republicans To Meet at Clare May 16

Tenth District Republicans will meet Thursday night, 7:30 o'clock, at the Doherty Hotel, Clare, according to Alfred LaPorte of Standish, district chairman.

The 10th district includes Alcona, Arenac, Bay, Clare, Crawford, Gladwin, Iosco, Isabella, Mecosta, Midland, Ogemaw, Osceola, Oscoda and Roscommon counties.

The meeting is one of a series of district organizational work sessions being staged by the Republican Party throughout the state during May.

## TA School Board Authorizes New Electronic Equipment

Tawas Area Board of Education has authorized purchase of electronic equipment to be used in foreign language instruction.

According to recommendations of the school administration and Mrs. Edward Rima, foreign language instructor, the school will purchase a Fleetwood language laboratory.

Total cost is \$4,932.50, of which slightly more than 50 percent would be furnished by a National Defense Education grant.

In other business Monday night, Lyle A. Berry's request for release from his 1963-1964 teaching contract was granted. Berry has been offered a contract to become the head football coach at Farwell High School.

Some 10 applications have been received for Berry's position as director of elementary physical education at the Tawas City unit. He is also a science teacher.

Plans are now under discussion for installation of three sets of bleachers at the football field. Purchase of the bleachers may become a joint project of the school's varsity club and student council, with participation by the board of education.

## Reading Plans for TCHS 6-Year Reunion

Plans are now being made for a reunion July 20 of the classes of 1930-1931-1932-1933-1934 and 1935 of Tawas City High School.

Mrs. Laurence Clements of Tawas City announces this week that committees are being appointed to contact members of each class.

Co-chairmen are Mrs. Robert Richter, Mr. and Mrs. Elwood Daley are co-chairmen for the program.

A committee meeting will be held in the near future to prepare a list of names and addresses of class members.

## Per Pupil Cost to Taxpayers in TA Less Than State Average

According to a report from Supt. Reynold Mick, per pupil cost to taxpayers of Tawas Area School District is considerably lower than the state average for fourth class school districts.

Grand total of expenditures per pupil last year was \$407.43. The state average for per pupil cost is \$520.

A breakdown of expenditures per pupil was as follows: Administration, \$15.10 as compared to a state average of \$17.07; instruction, \$204.23, compared to \$233.66; operation, \$37.64, compared to \$40.31; maintenance at Tawas Area, \$8.30, was seven cents higher than the state average; fixed charges, \$3.20, as compared to \$3.73; auxiliary, \$20.11, as compared to the state average of \$22.51.

The above general fund costs were listed under current expenditures. With a capital outlay of \$11.52 per pupil, as compared to the state average of \$12.75; cash reconciliation of \$14.95, as compared to a state average of \$1.47 and supplementary expenditures of only \$12.30, compared to \$46.63 for the state average, Tawas Area had a total general fund expenditure of \$327.40 per pupil, while the state average was \$383.42.

A breakdown of other expenditures shows that Tawas' per pupil cost for the building and site fund is \$50.69, as compared to \$81.37 as a state average, and \$29.34 for debt retirement, as compared to \$54.03. This brings the grand total of expenditures per pupil to \$407.42 at Tawas, while the state average is \$520.

## District Nurses to Meet at WAFB May 22

**DIAZINON**  
INSECTICIDE

You'll find it pays to spray with Diazinon—just one residual application on dairy barn walls and ceiling, kills flies for weeks.

Diazinon saves time and labor, gives you lower cost per day of protection. So spray less . . . pay less for effective fly control. Ask your farm supply dealer for Diazinon—one of the safer phosphate insecticides.

## GRASSROOTS GLEANINGS

by Bill Stokes

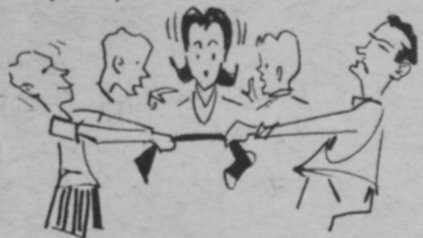

Have you ever been afraid to do nothing? It happened to the Senate Judiciary Committee of the Wisconsin Legislature, according to the *Port Washington (Wis.) Pilot*. A bill which the committee had been assured by experts would really do nothing, was laid aside for further thought.

There are a number of us who would be interested in the success of the meeting reported in the *Mitchell County (Iowa) Press News* in which boys were invited to learn something about clothing selection.

I wish my boys could have attended. The way they select clothing is to fight. The winner wears whatever is being fought over, and the loser screams to his mother that someone is wearing his socks or undershirt. Our boys don't only fight over each other's socks, they fight over mine too, which leaves me sockless about ninety percent of the time.

This, of course, means that I get into the sock fight some mornings, and there are pre-breakfast wrangles with three or four of us claiming the same sock.

About the only thing of mine that the boys haven't "selected" to wear are my trousers. The reason for this is obvious, and it isn't because the legs are too long. My wife tells me that if I would do fifty sit-ups a day, my waistline might recover its lost youth. I don't want it to recover, because then the boys would wear my pants, and I at least like to think I'm wearing the pants in my family.

There are probably a few farm dogs left around the country that contribute something to the national effort, but these pooches are frequently so impressed with their own importance that they are totally impossible. We had a dog like this once. He got so carried away that he wouldn't chase cows until you said "please."

I wish I could have heard the psychologist's talk on "Emotional Disturbances in the Classroom," that the *Storm Lake (Iowa) Tribune* reported some time ago. I would like to know if the talk was on the emotional disturbances of the students or the teacher. I know beyond a doubt that facing a classroom full of kids day after day would sure enough disturb my emotions.

In checking over a son's homework the other night, I came across a question which asked, "What grave problems faced the nation at the end of the Civil War?" His answer — "There weren't enough people left to bury the dead soldiers."

That's a grave problem, and it is also emotionally disturbing. I'm glad I caught it before it got into the classroom.

The *Boonville (Ind.) Standard* reported a while back that the Yankeetown Fire Department would hold a meeting to discuss a water system for Yankeetown.

This is a municipal activity that makes pretty good sense. It is tough to think of a better agency than the fire department to hold a meeting on a water system.

A dog's life isn't so bad, according to the *Gratiot County (Mich.) Herald*. The Herald reports that dogs are living longer and more comfortably thanks to better nutrition, veterinary medicine and vaccines.

It ought to be said right here and now that another reason for a dog having it pretty nice is that most of them go direct from puppyhood into semi-retirement and never have to grub out a living.

Most of the dogs I know lounge around the house and hiccup from over-eating.

The *Sullivan (Ill.) Progress* states that the average dollar bill remains in circulation for only ten or twelve months before it is so worn that it must be replaced.

At the rate I hang onto a dollar bill — at least five minutes — this means that the greenback is handled by 105,120 people before it is retired. This is figuring that money is circulated twenty-four hours a day, which is the way it would have to be in order for most of us to go through so darn much of it.

The people of Nashville, Mich. are brave. The *Nashville (Mich.) News* reports that the students are going to be allowed to name the new school. All the children from kindergarten through 12th grade were to have submitted suggested names some time ago. I don't know if the contest is over, but I'm prepared to bet that among the entries were: "The Prison, Torture Chamber, Cage, Zoo," and others. Any takers?

An item in the *Crookston (Minn.) Daily Times* said that Canadian women are more courageous about the overweight problem than men.

A survey showed that twenty-eight percent of French-speaking males and seventeen percent of English-speaking males felt they were overweight, while forty percent of French-speaking women and forty-four percent of English-speaking women felt their figures were too ample.

As a spokesman for my sex, I take issue. I think the survey only shows that the ability to speak French makes you heavier — if you are a man, that is.

I don't see where courage enters into the picture at all. I know any number of fat, brave men.

Dear, I think the dog wants to go out.

#### HAWAIIAN YEAST ROLLS

3/4 cup drained crushed pineapple	1 pkg. active dry yeast
1/2 cup brown sugar (packed)	1 egg
1/4 cup soft butter	1 tbs. granulated sugar
1/2 cup warm water (not hot—105-115°)	2 1/2 cups biscuit mix
	2 tbs. butter
	1/4 cup brown sugar (packed)

Mix pineapple, 1/2 cup brown sugar, and 1/4 cup soft butter. Divide among 12 large greased muffin cups.

Dissolve yeast in warm water. Mix in egg, 1 tablespoon sugar, and biscuit mix; beat vigorously. Turn dough onto surface well dusted with biscuit mix. Knead until smooth, about 20 times. Roll into a rectangle, 16 x 9-inch. Spread with 2 tablespoons butter and 1/4 cup brown sugar. Roll up tightly beginning at wide side. Seal well by pinching edge of dough into roll. Slice into 12 slices. Place in prepared muffin cups. Cover with damp cloth and let rise in warm place (85°) 45 minutes to 1 hour. Heat oven to 400° (mod. hot). Bake 15 minutes. Invert pan and serve.

## Couples Supper Club

#### MOLDED STRAWBERRIES 'N CREAM RING

1 pint ripe strawberries	1 1/2 cups cold water
2 packages strawberry flavored gelatin	1 tablespoon lemon juice
2 cups boiling water	1 package (3 ounces) cream cheese
	1 cup evaporated milk

Wash strawberries. Reserve 4 choice berries for garnish. Hull and slice remaining strawberries. There should be about 1 cup sliced berries. Place gelatin in mixing bowl. Add boiling water and stir until gelatin is dissolved. Stir in cold water and lemon juice. Arrange sliced strawberries in bottom of 1 1/2 quart ring mold. Measure two cups of the gelatin mixture and slowly pour over berries. Chill until almost firm, about 1 hour. Meanwhile place remaining gelatin in a warm place to prevent it from setting. Place cream cheese in small size bowl and soften at room temperature. Blend in milk a tablespoon at a time. Add to remaining gelatin. Spoon gently into the mold over strawberry layer. Chill until firm. To serve, unmold on serving platter and garnish with reserved strawberries dipped in sugar. Yield: 8 to 10 servings.

# Couples Supper Club

By Jan Palmquist

Delicious food makes any occasion seem more festive, and if your turn is coming up to entertain your couples club soon for supper and an evening of cards, you'll be looking for novel foods to serve. Whether the hostess furnishes the main dish and vegetables and the others bring salads and dessert, or whether you plan it all yourself, you'll find new ideas welcome. How to achieve a festive menu without too much fuss and bother is often a problem. To help with this we offer several supper suggestions.

We recommend serving your supper buffet style, possibly using a chafing dish for your entree which in any event should probably be of casserole nature. Yet it should be something with a new look and an intriguing taste. Choose a salad which is pretty — one that will add glamour to your meal. And plan something easy but delicious in hot rolls along with various intriguing side dishes. For the final touch, let your dessert prove picturesque and delectable and you've your whole supper solved. Remember, too, that often it's the little touch that sets your meal.

## SUPPER PARTY TURKEY

$\frac{1}{4}$ cup butter or margarine	2 tablespoons white dinner wine
$\frac{1}{2}$ cup all-purpose flour	2 cups diced cooked turkey
$1\frac{1}{4}$ teaspoons salt	1 cup cooked or canned peas
2 cups milk	$\frac{1}{4}$ cup toasted slivered blanched almonds
1 tablespoon instant minced onion	Cooked browned rice

Melt butter; blend in flour and salt. Add milk; cook and stir until mixture boils and is thickened; stir in onion and wine. Add turkey and peas; heat thoroughly. Just before serving, stir in part of almonds. Sprinkle remaining almonds on top. Serve on browned rice. Makes 3 or 4 servings.

## SMORGASBORD PIE

CRUST:  $\frac{1}{4}$  cup softened butter or margarine  
54 crackers, finely rolled (about 2 cups crumbs) 2 tablespoons water

Blend cracker crumbs, butter and water. Press firmly against bottom and sides of a 9-inch pie plate. (The easy way is to press crumbs into place using an 8-inch pie plate.) Bake in moderate oven (375°F.) 10 minutes. Cool.

### FILLING:

Soften  $\frac{1}{2}$  teaspoon unflavored gelatine in 2 tablespoons cold water, dissolve over hot water. Add to  $\frac{1}{2}$  cup mayonnaise, mix well. Combine  $\frac{1}{2}$  cup of mayonnaise mixture with a 7-ounce can tuna, flaked;  $\frac{1}{2}$  cup chopped celery and 2 tablespoons pimiento chopped. Arrange tuna mixture in a ring around the outer portion of the cracker crust.

Combine remaining  $\frac{1}{2}$  cup mayonnaise mixture with 5 hard-cooked eggs, chopped;  $\frac{1}{2}$  cup chopped celery, and 1 tablespoon minced anchovies. Arrange egg mixture in a ring next to the tuna salad.

Fill center of crust with  $\frac{1}{2}$  cup cottage cheese. Add a ring of  $\frac{1}{2}$  cup chopped stuffed olives between the tuna and egg salad; and a ring of  $\frac{1}{2}$  cup chopped ripe olives between egg salad and cottage cheese. Refrigerate for approximately 10 minutes. Cut in wedges to serve. Makes 8-10 servings.

## HALF SAVED IS DEAD WRONG

### Fight scours from both sides of the infection with Terramycin Scours Tablets

How do you know where the trouble is when germs first hit? In the gut where scours start . . . or the blood where pneumonia and other diseases spread . . . or both? *You don't!*

That's why you should always use Terramycin Scours Tablets to save your calves.

It works both ways—in the gut *and* in the blood.

Most other antibiotics and nitrofurans sold in farm stores today work only in the gut; of the few that do get into the blood, none matches Terramycin's long-lasting broad-spectrum power.

They break down more rapidly or are inactivated more (tied up) by proteins or calcium in the blood. That's why Terramycin gives you high, long-lasting blood levels without injection to fight diseases throughout the body . . . not just the gut alone.

See why Terramycin Scours Tablets are the largest selling antibiotic tablets. Because you don't have to bet your calf's life with half-right treatments . . . Terramycin works *both* ways—in the gut *and* in the blood.

Heavy yields, year after year, may be causing you big trouble even though you have seemingly been using adequate rates of fertilizer. If your corn, and other crops, don't seem to respond to high rates of fertilizer any more like they should, the trouble may well be MICRONUTRIENT DEFICIENCY.

In a recent nationwide survey among state experiment stations, virtually all states reported micronutrient shortages. Boron deficiency was the most widespread, being deficient in 41 states. Thirty-eight states reported boron deficiency was seriously cutting their alfalfa yields.

Other micronutrients which are known to be deficient in some soils are copper, iron, manganese, molybdenum and zinc. Recognition of zinc deficiency in corn is recent in many states, which further suggests the need for applying micronutrient elements as yields are stepped up.

What approach to the problem can you take? Get assistance from your county extension specialist who can obtain help from the state agricultural experiment station in diagnosing your problem. You can start in the early stages of crop growth . . . the signs will already be there and there'll still be time to take some corrective measures.

If only part of your field shows signs of micronutrient deficiency (less growth, yellowing of plants or even death in some cases) you will need to obtain samples of the plants from the troubled areas, as well as samples from the more normal areas. Foliage tests can be run on both for comparison. However, some state experiment stations are not equipped to run tests for all micronutrients.

Probably the best micronutrient tests can be run by you . . . right on your own farm, using test strips of single micronutrients either on the soil, or as a foliage spray. It must be pointed out, however, that regular amounts of nitrogen-phosphate-potash fertilizers should be used in both your control strips and the trace element application areas.

This may seem like a lot of trouble, but it may prove highly profitable. In Nebraska a recommendation for the application of 10 to 20 pounds of zinc is made whenever topsoil is removed in the process of leveling land for irrigation or building terraces. This practice has resulted in the difference between farmers obtaining no crop when not treated and 75 to 100 bushels of corn when treated. Considering that zinc can be purchased for as low as 40 to 45 cents per pound of metal and that the cost of corn production runs about 100 times that amount whether or not a single bushel is produced, there's a tremendous return on the investment.

In iron deficient fields in eastern Nebraska 50 cents worth of iron sprayed on foliage has doubled the yield of soybeans from 12 to 24 bushels.

Sometimes micronutrient deficiencies do not occur until higher yield levels are reached. In Wisconsin, for example, zinc and copper were sufficient for corn at a 100-bushel level. Increasing the major nutrient level (N-P-K) upped the yield another 25 bushels . . . but the addition of 2 pounds of copper oxide and 10 pounds of zinc sulfate further increased the yield by 16 bushels.

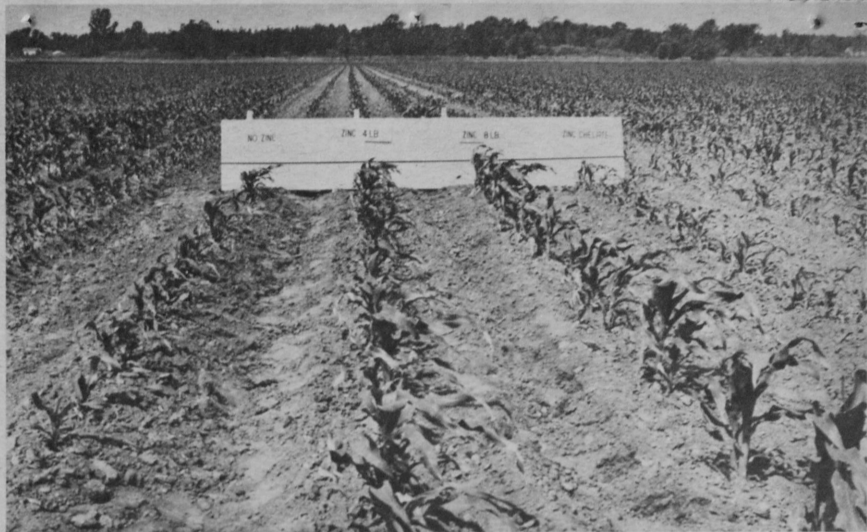

A word of warning . . . be careful not to put on more micronutrients than recommended . . . nor should you put micronutrients on indiscriminately. Yields have sometimes been depressed rather than helped under these conditions. It's best to get the recommended rates from your state experiment station, or commercial companies who specialize in such matters.

Many commercial fertilizer manufacturers add micronutrients to their regular grades. Usually this does not supply enough micronutrients to correct visible micronutrient deficiencies, but when scientifically added to N-P-K fertilizers to fit the area and crop, the yield difference is often startling . . . if nothing else it at least helps maintain the storehouse of micronutrients in the soil.

Zinc made this difference in corn.

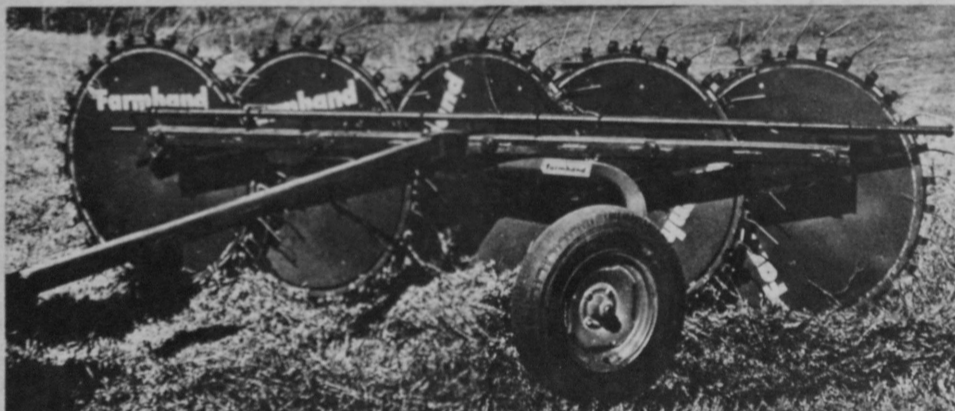

Molybdenum deficiency did this to cauliflower.

Manganese made this difference in soybeans.

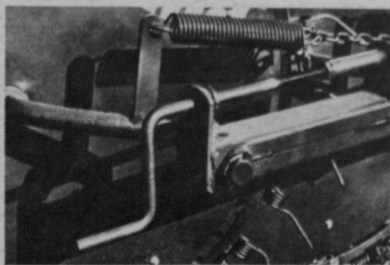

## Farmhand Model 25... Rakes cleaner, faster.... costs less!

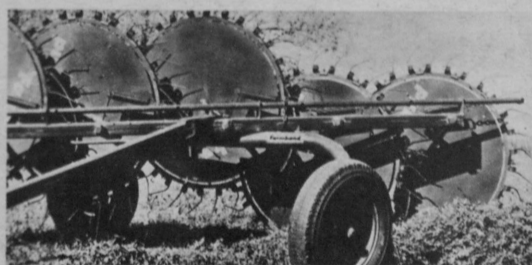

FARMHAND'S MODEL 25 COSTS YOU AT LEAST \$100 LESS than most other rakes. Yet it does a far better job... picking up all the hay there is to get—light or heavy—on even the roughest or rocky terrain. Since hay velocity is 45% lower than with bar type rakes, you save valuable leaves and seeds. Since windrows are fluffy, hay dries quickly and you have a better chance to beat the weather. Lightweight Model 25 follows tractor easily over any terrain. No PTO, gears, belts, ratchets, pulleys... virtually no maintenance.

Today—ask your Farmhand dealer for a demonstration.

**HAND CRANK** simultaneously lowers all five raking wheels to exact raking pressure you wish... raises wheels quickly for fast transport at highway speeds behind car, truck, tractor. Farmhand Model 25 has simple one-pin hook-up and only 10 lbs. drawbar weight—a child could handle it!

**FOR WINDROW TURNING**, lower the rear two raking wheels. They'll neatly roll the windrow completely over, putting damp hay on top. Another feature: you can offset rake so that tractor wheels do not pass over unraked hay. Optional wheel shields prevent tangling of hay in windy weather.

New **FAB** has more than just a detergent—

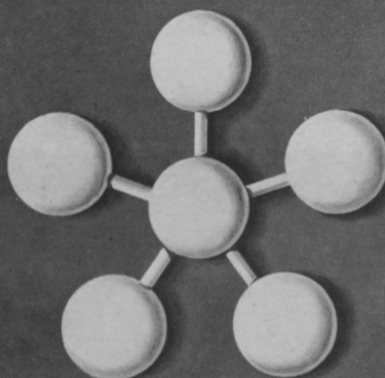

# FAB adds 5 extra laundratives

to get wash  
not just detergent clean  
but Clean Clear Through!

*See the difference between FAB and the detergent alone!*

DETERGENT

FAB

The detergent granule is only one laundry ingredient. But FAB has more than just a detergent—adds 5 extra laundratives to every single granule!

FAB with 5 extra laundratives removes deep-dirt problems as the detergent alone cannot do!

New FAB gets wash far cleaner than the detergent alone can do because FAB has more than just a detergent. FAB adds 5 extra laundratives to every single granule!

That's why FAB attacks deep-dirt problems as the detergent alone

fails to do. FAB penetrates deep to 1) adsorb deep grit, 2) neutralize stain acids, 3) destroy odor deposits, 4) dissolve grease, and 5) soften stiffness. No wonder FAB gets wash not just detergent clean, but clean clear through!
