Whittemore Tavern Hit by Fire Sunday Morning

Fire severely damaged Sportsman's Bar in Whittemore early Sunday morning. Fast work by three fire departments confined flames to the interior of the building and saved adjoining structures.

The fire was discovered about 4:30 a. m. by Bruce Goupil, owner, Prescott and Hale fire departments were also called when the fire threatened to spread to the Whittemore Milling Company to the south and the Goupil residence to the west.

Seven pieces of fire equipment were pressed into service and four tankers were kept busy supplying the three pumpers with water.

After apparently being extinguished, the fire broke out several times Sunday morning keeping the Whittemore Fire Department on the alert most of Sunday. Only fast work and good cooperation by the three fire departments saved Whittemore from a serious blaze.

Interior of the bar is a complete loss. The building is also in a weakened condition and will be razed, Goupil said he would rebuild as soon as possible. Cause of the fire is unknown.

The building has had a long and varied life. It was a livery stable in the early days of Whittemore. School had been held in the building and the upstairs was once used for a basketball gym, dances, roller skating rink and justice court.

Arthur Dillon has resigned from the cemetery board. He had served as sexton since retiring several years ago as city superintendent. No replacement has been named as yet.

In other business, the council adopted ordinance No. 186 granting to Michigan Consolidated Gas Company the right to lay, maintain, operate and use gas mains and other necessary equipment in the city.

Supt. of Public Works Paul Ropert was authorized to construct a new sidewalk on East Westover from the alley behind Mooney's Ben Franklin Store to Main Street.

A resolution authorizing construction of sewer along Emery, Bay and Oakes Streets was approved.

Building applications approved included: Martha Klingler, repairs; Michael N. Freil, construct tool shed; Hugh E. Smith, repair; Norman A. Merschel, remodel store front; Thomas M. O'Brien Jr., install siding; Wesley Parrott, repair; Eugene Bonino, construct fence; Mildred Gardner, repair; Richard Look, construct cement block garage.

Plainfield Voters to Decide Fire Dept. Bonding Proposal

A special election is to be held next Monday in Plainfield Township which seeks approval of a \$45,000 fire department bonding proposition.

Authorization is sought to bond the township in the above amount for the purpose of paying the cost of erecting, furnishing, equipping a new township fire station.

Cost of the block and brick building to house fire-fighting equipment would be \$25,000. Also included in the proposition is a \$20,000 fire truck.

Over the past years, Plainfield Township has acquired a considerable amount of equipment and present quarters are said to be inadequate for storage.

Should the proposal receive voter approval, the new station would be located on township property near the community building.

Magazine is Preview to Cooking School Sept. 26

With this edition of The Tawas Herald is included the special women's section—Best of All Days—which is devoted entirely to wonderful foods and wonderful

times. The colorful section contains nothing but recipes from the most famous kitchens in the world. The magazine is a preview of the approaching Best of All Days cooking school to be held at Tawas Area High School Auditorium September 26. Home Economist Shari Gruits will present the demonstration. Assisting Miss Gruits will be Miss Margaret Mielock, Consumers Power home service representative.

Highlighting the event will be a fashion show, presented by Sis's Dress Shop, East Tawas, and Sally's of Tawas City.

Of interest to men in attendance will be a Colt revolver collection, edged weapon display and other antique firearms to be exhibited by Roland Brown of Sterling.

The list of door prizes to be awarded at the cooking school is growing daily. In addition to bags of groceries, numerous other items, donated by participating merchants, include bowls, lamp, Universal steam and dry iron, Lady Buxton leather goods, electric charcoal lighters, hair dryer and many gift certificates.

This is the third consecutive year for the Best of All Days magazine. Early reports have this year's edition marked down as the best one yet. Contrary to the editorial content of past editions, the current Best of All Days magazine has recipes which are just a little bit different. Editorial aim has been to show the homemaker how to prepare meals which are not run-of-the-mill or ordinary.

Many of the recipes in the Best of All Days magazine will be featured by Miss Gruits during the September cooking school. The event begins at 7:30 p. m.

CONSOLE on the new language lab at Tawas Area High School is shown being operated by Mrs. Betty Rima, foreign language instructor. —Tawas Herald Photo.

New Language Lab Benefit to TA Classroom Instruction

Tawas Area High School's new language laboratory is now being used in classroom instruction. This electronic equipment, a \$5,000 Fleetwood Lingua Center, was purchased through local funds and a matching National Defense Education grant.

The language lab has been set up permanently in one classroom and consists of 36 headset positions controlled by a master console operated by the teacher. Booths for each position are eliminated in this system in order

that regular classroom studies may be conducted.

Mrs. Rima said that the primary purpose of the language laboratory is to drill students in what has been learned during regular classroom instruction.

"The student receives plenty of practice speaking the language on his own time," she said. The student may listen to his own voice which is amplified through the individual headset.

"We are using new methods in teaching French," she points out. "Using this audio-lingual method, the student first learns to speak the language and then goes into the study of reading and writing."

It is possible to conduct four different programs at one time through the console. Commercial tapes may be used or the teacher may record lessons.

The teacher may address the entire class at one time or may converse with any individual without disturbing the rest of the class. The teacher may also "tune-in" on any student while he is practicing lessons.

Only High Spots in Fifth Ave. Ditch to be Removed, Assures TC Council

Assurance was given to property owners on the east side of Fifth Avenue Monday night that only the high spots would be removed from a ditch on the west side of the street.

The ditch would be dangerous to small children.

Mayor George Tuttle said that plans call for removing only six to 18 inches of sand in two high spots in the bottom of the ditch.

The mayor emphasized that the city was interested only in providing drainage for Fifth Avenue. A tube crossing under the road to a private ditch is not to be disturbed.

The council had authorized opening the ditch at its last meeting after attorney for a North Park Subdivision resident had requested action.

It was suggested by Alderman Howard Hatton that the project be delayed until next spring in order to determine the actual amount of water to be drained by the ditch.

In other business, ordinance No. 160 was adopted by the council giving its consent to Michigan Consolidated Gas Company to furnish natural gas service to the city. (The complete ordinance appears on page 7 of this newspaper.)

Plan for a 10-telephone fire alarm system was discussed by the council. An investigation is to be

conducted. (See COUNCIL, page 8.)

Fr. DuRusset had held pastorates at Saginaw, Alpena and Whittemore before assuming duties in Oscoda.

Hale Laundry Hit Friday by B&E

Breaking and entering of the Hale Coin Laundry and Cleaners last Friday is under investigation by the Iosco Sheriff's Department.

Coin operated machines showed evidence of tampering but no money was stolen.

City Adopts Resolution Concerning US-23 Plan

Tawas City Council has adopted recommendations of its planning commission and consultants concerning the proposed US-23 improvement program and is to forward this statement to the state highway department.

Appearing before the Monday night council meeting was Hugo J. Keiser, planning commission chairman, who outlined recommendations as prepared by Viljean-Lemman and Associates, Incorporated. Also in attendance was Paul Chevis, commission member.

The planning commission has taken the position of favoring a program for the improvement of US-23 within the city provided suitable agreement can be reached with the highway department.

In brief, the resolution adopted by the council takes the position that parking should not be removed from US-23 unless or until equal facilities are provided off-street or elsewhere; that if it is impossible, as indicated by the highway department, to continue the rolled curb in front of the city park, other facilities for parking in that area should be provided through state participation; that a much broader approach is needed in regard to gasoline service stations servicing within the right-of-way which would allow individual cases to be reviewed and decided on their own merits, and that overhanging signs which do not encroach on the traveled portion of the highway should not be removed.

At present, the highway project through Tawas City is at a standstill. Bids have been let on US-23 construction for 24.3 miles to the north and south of the city limits at a cost of nearly a million and a half dollars.

Bid letting for work in this community has been postponed because of local objections. Several meetings have been held during the past summer concerning the proposed construction, including one with representatives of the highway department.

Both planning commission mem-

bers said Monday night that Tawas City should notify the highway department that present plans for US-23 improvement here were not acceptable and that the city should suggest a plan which was acceptable.

A letter which is to accompany the resolution is to leave the way open for further negotiation with the highway department. Copies are to be sent to State Sen. Harold B. Hughes and State Rep. James P. Mielock.

Shelby Church Scene of Aulerich-Wagner Wedding

MRS. RONALD W. AULERICH

White chrysanthemums and gladioli decorated the altar of Shelby Methodist Church Saturday, September 14, for the double ring ceremony in which Ronald W. Aulerich claimed Catherine Elizabeth Wagner as his bride. The Rev. Donald Sailor officiated at the 7:30 p. m. rites at which John Kirk, vocalist, was accompanied by Mrs. Lester Oberlin.

Parents of the couple are Mr. and Mrs. Wilbert Wagner of Shelby and Mr. and Mrs. Arthur Aulerich of Whittemore.

Escorted to the altar by her father, the bride selected a floor length gown accented with sweetheart neckline, wristpoint sleeves and chapel train. A pearl and lace applique pillow held her English silk illusion veil and she carried a white Bible topped with white orchids and Stephanotis.

Identically-styled gowns of aquamarine satin peau were worn by Mrs. Larry Wagner of Lansing, matron of honor, and Mrs. Richard Aulerich of Lansing and Mrs. John Wagner of Hart, bridesmaids. Their gowns were complemented by pearl and petaled satin peau veiled headpieces. They carried cascade bouquets of white gladioli. For her role as flower girl, Miss Jo Dibert of Flint wore a floor length, aqua gown with white silk organza overskirt.

Mr. Aulerich was assisted by his brother, Richard Aulerich, best man, with Larry Wagner of Lansing, John Wagner of Hart, Larry Gawne of Bridgeport and David Sturtevant of Whittemore, attendants. Lance Wagner of Hart was ring bearer.

Following the ceremony, a reception for 175 guests was held in the church parlors.

For her daughter's wedding, Mrs. Wagner chose a dusty pink lace dress with green orchid corsage. A brown orchid corsage adorned Mrs. Aulerich's champagne dress.

The newlyweds will reside at 402 West Grand River, Lansing, following a trip to Northern Michigan.

Tawas Braves Squeeze by Cards

Tawas Area Braves scored two touchdowns in the final period Friday night and squeezed by a determined Whittemore-Prescott Cardinal team, 16-6, for its ninth consecutive win. The game was a non-conference affair between cross-county rival schools.

Although Tawas' offense was definitely cold in the season opener, the Cards displayed a great defense and time and again stopped the Braves' running attack. In addition, Whittemore-Prescott held a four-point lead during two quarters, a situation not experienced by a Tawas team since the previous year.

Coach Val Young, in his first year at Whittemore-Prescott, has assembled an excellent defensive unit and with more experience under their belts on offense, his Cards could become the terror of the Northeastern Michigan Conference.

The game was one of nearly complete frustration for Coach Herb Escott of Tawas, who had to watch from the sidelines as his Braves missed blocking assignments, hit wrong holes, fumbled the ball and made many fundamental mistakes.

A lot of work was ahead of the

Tawas varsity this week as Escott expects his charges to correct some of their mistakes in time for Friday night's NBC opener against West Branch.

Several changes are expected to be made in the defensive alignment, too. Senior Tackle Mike Heenan was injured on the second play of the game and will be out three weeks. Center Ken Sheldon took over a tackle slot for several plays and probably will be installed there on offense.

Bright spot for Tawas in the opener was the defensive play of End Herb Humphrey, who broke through the Card line on four or five occasions to drop opposing backs for losses. He also ran one and kicked one point after touchdown. Another defensive standout was Linebacker Joe LeBlance.

On the third play of the game, the Cards shook up Tawas' defense when End Earl Bronson caught a pass from Quarterback Tom Wojcicki and rolled 27 yards. The Whittemore-Prescott offense bogged down there.

Tawas scored two points on a safety late in the first quarter when Whittemore-Prescott's Wojcicki faded into the endzone to pass and was tackled.

Whittemore-Prescott took the lead in the second quarter when Wojcicki passed to Halfback Paul Cherry for a touchdown. The extra point was blocked.

Halfback Jim Herriman, who was injured during the first week of practice and has seen very little action, entered the lineup in the second half and gave the Braves a boost. Carrying the ball eight times, Herriman picked up 36 yards in about six minutes. Also missing at the outset was Guard Don Evans, who also saw second half action after being out with a leg injury.

Although Tawas controlled the ball during most of the third quarter, clipping penalties were costly and it was not until the final stanza that Quarterback Dale Harten faked a hand-off to Herriman and sent Fullback Don Lear up the middle on a trap for 50 yards to the one. From there, Harten sneaked in for the score. Humphrey was unable to kick from placement and ran the ball for PAT.

Tawas' defense, which stopped the Cardinal ground game all night, held during the fourth quarter and Lear took a W-P punt on the Tawas 48 and raced 52 yards

for a touchdown. The PAT was booted by Humphrey.

After a few fists were thrown during a spirited but brief battle following the kick from placement, the two teams finished out the game at midfield.

According to game statistics, Tawas was penalized 100 yards as compared to 20 for Whittemore-Prescott. Harten tried six passes, had one intercepted and completed one, while Cardinal quarterbacks completed four out of 12 and had three intercepted. Tawas had four first downs as compared to Whittemore-Prescott's three, but Tawas fumbled four times and lost the ball twice. The Cardinals did not fumble during the night. Tawas had 193 yards gained rushing, while Whittemore-Prescott picked up 88 yards passing and lost 36 yards in ground plays.

Oscoda Begins Season with 20-6 Win

Receiving a fine performance from Quarterback Pete LeRouch, the Oscoda Owls opened the 1963 football season Friday night by downing Alcona, 20-6.

Alcona gave Oscoda all it wanted for a half as it marched straight down the field with the opening kick off and sent Gary Somers into the endzone. The marker made a halftime tie possible as LeRouch's 32-yard touchdown scamper accounted for Oscoda's only six points.

The superior Oscoda power told in the second half as Alcona could net only eight yards. Tackle Tom Nuffer put Oscoda ahead in the third quarter by blocking a punt in the endzone and another lineman, John Williams, added six more points when he picked up a fumble and rambled 37 yards to score.

In the final quarter, Oscoda ran the show and LeRouch ran Oscoda. He set up a score on the two with a 37-yard pass play to Ed Butler and then carried it in himself.

LeRouch piled up 162 yards on the ground and the Butler pass for 37 in the air. Oscoda gained 299 yards in all on the ground.

BATTLING for this pass in last Friday night's opener at Twining are End Mike Crenshaw (81) of Hale and an unidentified Arenac Eastern player. Also shown in the picture is Lyle McKenzie (80) of the Hale Eagles.—Tawas Herald Photo.

Tawas Area JVs Roll Up Easy Win Saturday Night

Randy Roach scored first on a 58-yarder, followed by an eighty-yard touchdown run by Ed Cain. Dennis Harten scored the next three TDs on runs of 66, nine and 19 yards, while Dale McClean scored the final touchdown on a 14-yard run.

Point after touchdowns were run by Quarterback Dick Grebe.

The Junior Braves gained 353 yards as compared to the visitors' 68. Cain had three touchdown runs nullified by penalties.

Receive Checks on Time - Notify Social Security Office of Address Changes

If you are one of the many people receiving a monthly social security check in this area, you no doubt look forward to its arrival the first week of each month. Paul M. Ellifritz, district manager of social security in Bay City, advises that most of the difficulties associated with the late arrival of checks could be avoided if beneficiaries would notify the Social Security Administration well in advance of any change in address.

Here is what you should do in case you change your address. Notify your social security district office just as soon as you know the new address. Remember this: You have to sign the notice of the change in your address and it must be reported under your social security claim number. Just your name is not enough.

It is also a good idea to notify the post office of your new address. This gives you "double insurance" that you will get your check promptly. This will permit the post office to forward your check, if there should be a delay in getting the new address listed on the social security records.

The social security office and the post office will not know where you are living unless you tell them. A letter or a call at the social security office will save you time and worry. Better still, it will get your social security check to you at the right time. But remember—any written notice to social security about a new address should contain, in addition to the new address, the old address, the social security number and the signature of the person receiving benefits.

A representative of the Social Security Administration will be in Tawas City at the Isoco County Building Thursday, September 26, 10:30 a. m.

OUTGUSSING A GROUP OF YOUNGSTERS on their way to or from school requires special alertness, special skill, on the part of every driver. That's why Michigan Bell's safe driver training program

gets extra emphasis right now. Actually, traffic safety education is a year-round program with us, required of every employee whose job includes driving a company car or truck. It's one of the most important ways in which we try to be good citizens and good neighbors.

IN A STEW about lots of errands to do—when you have to stay home and cook a meal, too? If so, you need a handy kitchen extension phone! With a kitchen phone you can order groceries, call a TV repairman, check up on the youngsters at a neighbor's house, ask if that dress in the ad comes in blue... and still keep your eye on what's cooking. Besides, an extension phone adds just the right spot of color to your kitchen wall. Costs just pennies a day, after a small, one-time installation charge. Call us now and order yours.

"FAST AND ACCURATE"—that's the motto of Michigan Bell's Long Distance Operators when they take down information concerning calls you place through them. They use an "electrographic pencil" that writes at the merest touch, glides swiftly to the next line. A specially designed card is used for recording the exact information for each call. Of course, in many areas, customers can dial most of their calls direct. But it's nice to know that your calls placed through the Operator, too, will go through swiftly and accurately.

 SORROW
 By Edgar A. Guest
 You are lonely and you miss him, and you mourn him now he's dead.
 But to spare you all the heartache, would you call him back again?
 Would you want him to suffer all life's misery in your stead?
 Would you buy your days of comfort with his hours of endless pain?
 It was sweet to have him with you, and it's often now you moan,
 But would you have him suffer, just to keep him for your own?
 Be not troubled by the notion
 Heaven is very far away,
 It is nearer than men fancy, it is nearer than they know,
 And the loved ones who have left us every night and every day
 Seem to draw us closer to them as their memories brighter glow.
 They are safe in Heaven's keeping, they are free from hurt and pain,
 But to save us from our weeping we would call them back again.
 'Tis for them we bear this anguish, 'tis for them we stay alone,
 God has called them up to Heaven that they need not suffer more,
 To a fairer realm than this is, have their lovely spirits flown
 And they dwell in perfect splendor on that not so distant shore.
 Once we watched them in their anguish, once we saw them in their pain,
 Now, to spare ourselves this heartache, should we call them back again?

LEGAL NOTICE

ORDINANCE NO. 160
 THE CITY OF TAWAS CITY ORDINANCES:
 Section 1. Subject to all the terms and conditions mentioned in this ordinance, consent is hereby given to Michigan Consolidated Gas Company, a corporation organized under the laws of the State of Michigan, and to its successors and assigns, to lay, maintain, operate and use gas pipes, mains, conductors, service pipes and other necessary equipment in the highways, streets, alleys and other public places in the City of Tawas City, Isosco County, Michigan, and a franchise is hereby granted to Michigan Consolidated Gas Company, its successors and assigns, to transmit a local business in said City of Tawas City, for the purpose of conveying gas into and through, and supplying and selling gas in said City and all other matters incidental thereto.
 Section 2. The Company has made application to the City of East Tawas for a franchise to supply and sell gas therein. If such franchise is granted and continues in effect, and if the provisions and conditions herein contained are accepted by the Company, as in Section 6 hereof provided, then Michigan Consolidated Gas Company, after it receives such regulatory approval as may be necessary to convey natural gas to the City of East Tawas and the City of Tawas City, shall within a reasonable time thereafter commence the installation of a gas distribution system within the boundaries of the City of Tawas City and shall complete the same on or before September 1, 1964; provided however, that the Company shall not be held responsible for delays due to weather or labor conditions, inability to procure necessary materials, or other causes beyond its control; and provided further, that such initial installation and extensions shall be subject to the Main Extension provisions of the Company's Rules and Regulations for Gas Service as approved by the Michigan Public Service Commission.
 Section 3. Michigan Consolidated Gas Company, its successors and assigns, shall not unnecessarily obstruct the passage of any of the highways, streets, alleys or other public places within said city and shall within a reasonable time after making an opening or excavation, repair the same and leave it in as good condition as before the opening or excavation was made. The Company, its successors and assigns, shall use due care in exercising the privileges herein contained and shall be liable to said City for all damages and costs which may be recovered against said City arising from the default, carelessness and negligence of the Company or its officers, agents and servants.
 No road, street, alley or highway shall be opened for the laying of trunk lines or lateral mains except upon application to the City Council, or other authority having jurisdiction in the premises, stating the nature of the proposed work and the route. Upon receipt of such application, it shall be the duty of the City Council, or such other authority as may have jurisdiction, to issue a permit to the Company to do the work proposed.
 Section 4. The Company is now under the jurisdiction of the Michigan Public Service Commission to the extent provided by statute, and the rates to be charged for gas, and the standards and conditions of service and operation hereunder, shall be the same as those now set forth in the Company's Schedule of Rates, Regulations and Rates as applicable in the City of Clare or that shall hereafter be validly prescribed for the City of Tawas City under the orders, rules and regulations of the Michigan Public Service Commission or other authority having jurisdiction in the premises, provided, however, that the cost of extending service pipe from the Company's main to the Customer's nearest property line shall be paid by the Company; but the cost of installing pipe from said property line to the location of the meter on the Customer's premises shall be at the expense of the prospective Customer, which expense in all instances where the use of 3/4 inch or smaller pipe may be utilized, shall be (a) on the basis of \$47.00 for sixty (60) feet or less, plus \$1.25 per foot for additional footage in excess of sixty (60) feet; or (b) at a straight charge of \$1.25 per foot; Upon acceptance of this Ordinance by the Company, the City shall have an option in determining which of the two said methods of ascertaining said expense shall be applied, and the exercise of said option by the City shall be deemed final and conclusive of the method to be used so long as the Company's charge for the installation of 3/4 inch or smaller service pipe shall remain in effect under its Rules and Regulations for Gas Service as approved by the Michigan Public Service Commission.
 Section 5. The words "Michigan Consolidated Gas Company" and "the Company", wherever used herein, are intended and shall be held and construed to mean and include both Michigan Consolidated Gas Company and its successors and assigns, whether so expressed or not.
 Section 6. This ordinance shall take effect immediately after the date of publication thereof, which shall be within one (1) week of the date of its passage, and shall continue in effect for a period of thirty (30) years thereafter, subject to revocation at the will of the City at anytime during said thirty (30) year period provided, however, that Michigan Consolidated Gas Company shall, within sixty (60) days after the date of the adoption of this ordinance, file with the City Clerk its written acceptance of the conditions and provisions hereof.

ET Indies-Pinny Even in NEM Series

East Tawas Indies evened up the Northeastern Michigan League championship series with Pinconning Sunday by stopping the American Division winner, 5-3, on the loser's home field.

Larry Frank went the distance for East Tawas and scattered seven hits. Fegan of Pinconning was nipped for 11 hits by East Tawas batters.

Pinny jumped to an one-run lead in the third inning without a hit, East Tawas took over the lead in its half of the fifth with two unearned runs.

A double by Pete Bolen, a free trip to first to Backschie's, a single by John Erickson and a double by Pat Erickson sent two runs across for the winners in the eighth inning.

Pinconning scored one run in the eighth when Miske smashed a home run, but Frank retired the next six batters.

Top hitters for the winners were Backschie's with two singles and Pat Erickson with a double and a single.

A contest to decide the NEM championship is to be held between these two teams this Sunday.

Tells How TA Board of Education Makes Policies and Plans

After carrying out a short business session, about 150 people heard Supt. Reynold Mick tell of the Tawas Area Board of Education's role in formulating school policies and objectives. Mr. Mick introduced Miss Clara Bolen, elementary school principal, who discussed "segregation" as it applies to Tawas Area and also introduced the teachers of the elementary unit. Miss Bolen particularly pointed out that parents are always welcome to come and talk over their children's problems with the teacher. In reference to wild tales that lower grade children sometimes take home, she said that the teachers would not believe stories about the parents if the parents would not believe some of the stories told about the teachers.

Mr. Mick introduced High School Principal Ernest Jordan, who introduced members of the high school faculty and then gave a brief talk emphasizing some of the problems in transportation and ideas being developed to solve these problems.

Sportsmen's Club Plans New Range

Possibility of utilizing city-owned property east of Blair Road in Tawas Township as a new rifle range is being investigated by the Isoco Sportsmen's Club.

At Monday night's meeting of the Tawas City Council, Albert Duquette, sportsmen's club president, said that this was one of two sites being considered for range purposes. The other is located on federal property off the new airport road.

Duquette said that because of swampy conditions, available space on the city's 40 acres was limited. He said that an inspection had shown that enough space was available for rifle and pistol range.

Although no definite action has been taken either by the city or the sportsmen's club, Duquette is to investigate into the wording of a proposed use permit with the city. Also to be contacted is the Tawas Township Board for its permission to locate a range there.

Council

made to determine if the \$79 per month cost could be included in this year's budget.

Eight telephones would be installed in homes of volunteer firemen, according to the plan. The other two phones would be located at the city hall and county jail. Installation charges would be \$103.

Mayor Tuttle reported on his attendance at the 65th annual convention of the Michigan Municipal League September 5, 6 and 7 at Mackinac Island. Appointed as a vice president of the association during the past year, Tuttle was elected as a trustee.

The council authorized purchase of a used generator from Ottawa Equipment Company at a cost of \$175. This unit would be used to provide lighting for the fire department.

The council ordered removal of several boats now located on property leased by the city for its boat ramp east of Ninth Avenue.

Visiting the Tawas for two days last week was the Rev. Yona Okoth, an Anglican priest from Mbale, Uganda, Africa. The first stop on his American visit, Mr. Okoth preached during Wednesday night services at Christ Episcopal Church. He made the acquaintance of many families in the area on Thursday. He said that Christianity had come to his land late in the nineteenth century. Now an independent nation, gained only last year, Uganda is looking to Canada, England and the United States for assistance.

Breakfast Ideas for Early Birds

With a better breakfast, the new "you" will emerge. Get yourself out of the orange juice, toast and coffee rut, and on the wide-awake trail to breakfast variety.

No time for a big breakfast? Depend on aluminum foil to store your breakfast overnight, ready to pop into the oven. You can do the preparation just ahead of the supper dishes if you like, then clean up all china and utensils.

Come morning, all you have to do is take the food from the refrigerator and place it in a heated oven. Or, in the case of yeast rolls, shape them, let them rise and shine at a best of all breakfast!

Orange Rolls rise early in the morning from rich refrigerated dough.

Quick Praline Rolls are a quick bread and yeast bread too! They take only an hour from start to finish.

New Baked Apple recipe: Fill centers with raisins and currant jelly. Spoon more jelly on top. Bake at 350° 30 minutes, basting well. Top with miniature marshmallows, broil 2-3 minutes. Serve!

This breakfast arrives on the table in just 15 early morning minutes — starts the day fast!

ORANGE ROLLS

¼ cup milk
½ cup sugar
2 teaspoons salt
½ cup (1 stick) margarine
½ cup warm water
2 pkgs. or cakes yeast, active dry or compressed
1 egg
4 cups unsifted flour
1 cup sugar
¼ cup grated orange rind
½ cup raisins (optional)
¼ cup melted margarine
2 cups sifted confectioners' sugar
3 tablespoons orange juice

Scald milk; stir in ¼ cup sugar, salt and ½ cup margarine. Cool to lukewarm. Measure warm water into large warm bowl. Sprinkle or crumble in yeast; stir until dissolved. Stir in lukewarm milk mixture, egg and half the flour. Beat until smooth. Stir in remaining flour to make a stiff batter. Cover tightly with foil. Refrigerate dough at least 2 hours or up to 3 days.

When ready to shape, combine 1 cup sugar, grated orange rind and raisins, if desired. Divide dough in half. Roll out each half to an 18 x 9-inch rectangle. Brush with melted margarine. Sprinkle with sugar mixture. Roll up from long side. Cut into 1½-inch slices and place in two greased 9-inch cake pans. Cover; let rise until doubled, about one hour.

Bake in 375° oven about 25 minutes. Remove from pans and frost immediately with thin icing, made by combining confectioners' sugar and orange juice. Drizzle icing over orange rolls. Makes 24 rolls.

QUICK PRALINE ROLLS

Grand National Bake-Off Winner
Mrs. Alice Houghtaling

1 pkg. active dry yeast (or 1 cake compressed yeast)
¼ cup warm water
2¼ cups sifted all-purpose flour
2 tablespoons sugar
2 teaspoons double-acting baking powder
½ teaspoon salt
¾ cup butter
½ cup scalded milk, cooled to lukewarm
1 unbeaten egg
¾ cup firmly packed brown sugar
¾ cup walnuts, chopped

Soften yeast in water. Sift flour with sugar, baking powder and salt into mixing bowl. Cut in ¾ cup butter, using mixer or pastry blender, until particles are fine. Stir in milk, egg and softened yeast; mix well. (Dough may be covered with foil and stored in refrigerator several hours or overnight. Shape rolls; let rise and bake as directed).

Toss on well-floured surface six to eight times to coat with flour. Roll out to a 15 x 10-inch rectangle.

Cream ½ cup butter. Gradually add brown sugar; cream until light and fluffy. Spread half of sugar mixture over dough. Sprinkle with ¾ cup walnuts. Roll up, starting with 15-inch side. Cut into 1-inch slices and place cut-side down on greased cookie sheets. Flatten rolls to ½ inch and spread with remaining brown sugar mixture. Sprinkle with ¼ cup walnuts. Cover.

Let rise in warm place (85-90°) until light, about 45 minutes. Bake at 425° for 10 to 12 minutes until golden. Serve warm.

For coffee cake, cut 18 rolls and place, sides touching, in two 9-inch square pans. Let rise and bake 15 to 20 minutes.

FRENCH TOAST

2 eggs
1 cup milk
¼ teaspoon salt
1 tablespoon sugar
1 cup sifted all-purpose flour
9 slices day-old bread

Combine eggs, milk, salt, sugar; beat. Add flour; beat until smooth. Cut bread slices in half diagonally. Trim off crusts if desired. Dip each piece into batter mixture, allowing excess to drain.

Fry a few pieces at a time in deep, hot fat (375°), about 2 minutes or until golden brown. Drain on absorbent paper.*

Sprinkle each piece with confectioners' sugar and cinnamon. Makes six servings.

*To Make Ahead: Let toast pieces cool completely on absorbent paper. When cool, place three pieces for each serving in center of a square of foil. Fold to seal, and refrigerate overnight.

In the morning, preheat oven to 375°. Place unopened packages of French toast in preheated oven. Heat 10 to 15 minutes, as grapefruit halves broil.

For a complete oven breakfast, Canadian bacon slices may be fried the night before; cooled and wrapped in foil overnight. Place in oven along with French toast to heat through.

BROILED GRAPEFRUIT

Grapefruit halves
Honey
Butter

Core and cut around sections of each grapefruit half. Spread each half with 1 tablespoon honey. Place two or three dots of butter on each half. Place each half in the center of a square of foil. Bring up sides; press together over grapefruit. Refrigerate overnight.

For breakfast, open foil around grapefruit; push down to form cups. Place grapefruit 3 to 4 inches under broiler; broil until juices bubble and edges start to brown.

Decorations for any silver anniversary celebration, this tree of roses can celebrate a lovely birthday, too.

SWEETHEART CAKE

1 cup shortening
2 cups sugar
4 eggs, beaten
1 teaspoon vanilla
3 cups sifted cake flour
3 teaspoons baking powder
½ teaspoon salt
1 cup milk

Grease and flour two heart-shaped foil pans. Cream shortening until soft. Add sugar gradually, continuing to cream until light and fluffy. Add eggs and vanilla. Beat thoroughly.

Sift flour, baking powder and salt together. Alternately add in thirds, flour mixture, milk; beat well after each addition.

Pour into foil pans; spread evenly. Bake 30 to 35 minutes at 350°. When done, remove from oven; let stand 5 minutes. Turn out onto cooling rack; turn, top side up; cool. Frost with Fluffy Pink Frosting.

FLUFFY PINK FROSTING

2 egg whites, unbeaten
1½ cups granulated sugar
5 tablespoons cold water
1½ teaspoons white corn syrup
1 teaspoon vanilla
Few drops red food coloring

Place egg whites, sugar, water, corn syrup in top of double boiler; beat until thoroughly blended.

Place over rapidly boiling water. Beat constantly with hand or electric beater until frosting will stand in peaks on beater.

Remove from heat; add vanilla, red food coloring; blend.

CHOCOLATE CREME

1 pkg. (6 oz.) semi-sweet chocolate morsels
1 teaspoon water
1½ cups milk
6 tablespoons granulated sugar
7 tablespoons heavy cream
5 large or 6 small egg yolks

Slowly melt chocolate morsels in top of double boiler, with 1 teaspoon water. When chocolate has melted to a smooth cream, stir in milk. Place over direct flame and bring mixture to a boil. Remove from heat.

Beat sugar, cream and egg yolks together. Very slowly pour the hot chocolate mixture into the cream mixture, beating hard all the time.

Pour the mixture into individual cups or small custards. Set the cups in a pan with one-inch of water on the bottom. Bake in a 225 to 250° oven for 50 minutes. Let cool, then refrigerate several hours. Remove from the refrigerator one hour before serving. Don't be alarmed if this Creme isn't as thick as ordinary chocolate puddings—it isn't supposed to get very thick. This recipe makes four servings; repeat recipe as needed for number of guests. Do not double recipe.

BUFFET HAM

Wrap ham in foil, using double folds in foil to completely seal; bake in a preheated 425° oven for 25 to 30 minutes per pound. This is average time for a 6 to 8-pound ham.

If a meat thermometer is used, insert through the foil wrapper. Internal temperature should be 160° when ham is done.

About one-half hour before baking time is completed, remove ham from oven. Open foil and press down around meat. With sharp knife, make diagonal cuts ¼-inch deep and about ¼-inch apart, across entire fat surface of ham. Repeat at an angle to make squares or diamonds. Stud top of ham with cloves.

Spread with glaze and return to oven for 30 minutes, until ham is done and glaze is brown.

Marmalade Glaze: Mix one cup honey with ½ cup orange marmalade and dash of Tabasco.

Cranberry Glaze: Mix ½ cup light molasses with one cup canned whole or jellied cranberry sauce.

OLIVE TREE

Cover a 3-inch foam ball with foil. With scissors, punch a hole in the ball and slide over the point of a foil-covered candle. Anchor the candle with clay, sand or foil in a medium-sized foil-covered flower pot; spread artificial grass at the base of the candle.

Circle the top of the pot with two strips of bright ribbon; pin a perky bow midway up the candle. Insert about a dozen artificial leaves in the foam ball, circling it in a single line like petals on a sunflower. Stick olives into ball with toothpicks.

CENTERPIECE

Crush 12 x 4-inch strips of super-strength foil into ropes, then form them into smooth circles. Join six or seven circles into a ring, by tying together with string or tape. This is the base of the tree.

Make another slightly smaller ring, using fewer foil circles, and place it on top of the base. Continue adding smaller and smaller rings of foil circles until only one sits at top of the tree.

To add color, fresh or artificial flowers are attached among the foil circles with pins or ribbon bows. Top the tree with the appropriate numerals, or simply another flower.

CANAPES

For serving small sandwiches, cover a pineapple with foil, except for the sharp pointed leaves. Black olives, on toothpicks, go on the leaves; sandwiches stick to the fruit with picks.
