## AuSable Canoe Race October 5-6

With giant racing paddles flashing, two-man canoe teams will attempt to master the famous AuSable River on a 240-mile race from Grayling to Oscoda Saturday and Sunday, October 5-6.

The two-day race, with a stop-over at Mio, is expected to attract the best canoe racing teams from the Midwest and Canada in this 16th annual AuSable River Valley Canoe Race.

Total prize money of \$3,050 will be divided among the top 10 teams.

The 240-mile race will again be staged in two laps, the first to begin at Grayling at 10:30 a. m. Saturday, October 5, with the finish at Mio about 4:00 p. m. The second lap will start from Mio at 6:30 a. m. Sunday with the winners expected to cross the finish line in Oscoda by 4:00 p. m.

Last year's race attracted 26 canoe racing teams. According to this year's race committee, headed by Eric Post of Grayling, this number may well be doubled.

East Michigan Tourist Association Manager James Hall stated the AuSable race week-end could well attract a record number of spectators for both the canoe race and enjoyment of Michigan forest lands in brilliant fall colors.

A pole position sprint race is to be staged Friday, October 4, on Lake Margrethe near Grayling. The teams will leave Grayling on Saturday morning at 15-second intervals in the order of their finish in the sprint race.

Until 1962, the race was staged as a nonstop marathon, but this proved to be rough on the paddlers and the spectators as well with night paddling extremely hazardous. The two-day all day-

light race has attracted many more competitors.

Top prize money to the winning team will be \$1,200. The first 10 canoes across the finish line will receive cash prizes and participation medals.

Cooperating organizations for this year's race are the Crawford County and Mio Chambers of Commerce, Townships of Oscoda and AuSable, Consumers Power Company and the East Michigan Tourist Association.

## Would Organize Tawas Community Chest Tonight

Formation of a Tawas Community Chest seemed one step closer to reality following a meeting Wednesday night between business sponsors and a representative of Oscoda's United Fund Drive.

An organizational meeting is to be held September 25 (tonight), 8 o'clock, at the East Tawas City Hall. Churches, fraternal orders, service clubs and other organizations in the Tawas area are to be invited to send two or more delegates to the meeting.

A temporary chairman would be elected at that time and a final determination made as to the actual amount of support which an united collection campaign could expect. A board of directors would then be elected, which in turn would name its own officers.

M. W. (Scott) Catto, president of Oscoda's United Fund, said that such an organization had been in operation there for the past four years and that it proved very suc-

cessful. It is now associated with the Michigan United Fund. Principal benefit derived through such a system, he said, was elimination of many small collection campaigns and combining into one drive.

Oscoda's experience has been that more money has been collected for the various charities in one drive than what was contributed during many different campaigns.

Five different groups have benefited from the combined drive, including boy scouts, girl scouts, polo and the American Red Cross. In addition, a disaster emergency fund is maintained to give immediate assistance to local families in need.

It was reported during the meeting that the American Cancer Society would conduct its annual campaign for funds in Tawas and Iosco County and local representatives asked that the organization not be included in the proposed community chest.

Mrs. Herbert Hertzler and Mrs. W. A. Evans said that the local chapter's work was conducted year around and that the annual cancer crusade, conducted each May, was also used to distribute information concerning cancer. More than \$3,000 was collected last spring, half of which remains in the county for loan closet and education expenses.

It has been the policy of the American Cancer Society not to accept money which has been collected during united fund campaigns. A \$1,200 check from Oscoda was refused by the national association.

Ten persons were in attendance at last Wednesday's meeting at the Tawas Chamber of Commerce office and sponsors hope to see a larger representation of the community at tonight's organizational meeting.

THIS SCENE will be repeated Thursday night during the Best of All Days Cooking School and the minute techniques on baking, freezing, plus Style Show at Tawas Area High School. Miss Shari Gruits, home economist, will give up-to-unusual household hints.—Tawas Herald Photo.

Best of All Days—

## Cooking School Set Thurs. Night

Thursday, September 26, is THE day for area homemakers. The Tawas Herald Best of All Days cooking school will be held that day beginning at 7:30 p. m. in Tawas Area High School. Doors will open at 6:30 to permit viewing of merchandise displays set up by local merchants. Of interest to the men will be an exhibit by Roland Brown of Sterling, who will show his Colt revolver, edged weapon and antique gun collection.

The Best of All Days event, sponsored by the Herald, is coming to the Tawas as a public service of this newspaper. In this issue of the paper are included the advertisements of local merchants who have turned Best of All Days into a city-wide selling bee.

Doing the demonstration and

lecturing at the cooking school will be Shari Gruits of Chicago, Illinois. She is a nationally-known food lecturer who has put on cookeries to be given away and numerous other prizes which will be awarded. Local merchants have generously contributed to the door prize array.

Every homemaker attending the school will be given a free Best of All Days cookbook.

The Best of All Days event is participated in by such nationally reputable companies as VanCamp's, Pillsbury, Nestle's, Fleischmann's Yeast, Brer Rabbit Molasses, Alcoa, Kraft Foods and Swift and Company.

Appliances used and demonstrated on the stage by the home economist are furnished by Consumers Power Company, Tappan electric ranges; W. A. Evans Furniture Company, Speed Queen washer and dryer; Bargaintown, RCA refrigerator and dinette table.

## Ag. Council Views National Forest

Six members of the Michigan Agricultural Council, Lansing, were conducted on a tour through the Tawas district of the Huron National Forest last Friday.

Purpose of the trip was to examine the multiple use of government land in the Tawas district. Correlation between timber management, recreation development, wildlife, soils and water were discussed and examined in the field.

Members of the agricultural council making the tour were Dr. Lloyd Turk, director of the state experiment station, East Lansing; Dr. Asa Winter, director of agricultural research service of Michigan; Harry Nesman, director of vocational agricultural education, State Department of Public Instruction, Lansing; Fred Carrol, state director ASCS, East Lansing; Richard Bell, assistant director of Cooperative Extension Service, Michigan State University; Dale Ball, assistant director of State Department of Agriculture, Lansing.

The forest service was represented by Louis Pommerening, supervisor, Huron-Manistee National Forest; Earl Hansen, fire control officer, Huron-Manistee National Forest; and Joseph Blake, Tawas district ranger.

## Board Meets

Iosco County Board of Supervisors will hold its September session this Thursday. Regular meeting of the board was slated for September 18, but was postponed until this week.

## Auto Insurance Required by School

Students who drive their cars to school have been notified that it is mandatory for the owner to have public liability and property damage insurance before entering Tawas Area School property.

This policy, which was announced last week at school by the administration, was adopted Monday night by the board of education.

Officials of Tawas Area School are to demand from each student driver a letter from his insurance agent showing that necessary requirements have been met.

In addition, an auto to be eligible to enter the school parking lot must have passed the safety check conducted last week.

"Actually, no youngster has to drive a car to school except those in athletics," said Supt. Reynold Mick.

In other business, the audit report of Yeo and Yeo Certified Public Accountants, East Tawas, was accepted by the board of education.

Contract to furnish 10 legal size files at a cost of \$596.50 was awarded to the low bidder, Michigan School Service.

Authorization was given to make plans for leveling the area west of the bus service area so it would drain itself and also widen so an-

## Board of Education Adopts Statement of Superintendent as Policy on Tenure

A statement prepared and read Monday night by Supt. Reynold Mick in regard to mandatory tenure for all school teachers in Michigan has been adopted as the policy of the Tawas Area Board of Education.

Mick said the Michigan Education Association is going to initiate petitions with 300,000 signatures. This would require the state legislature to consider tenure for all teachers in Michigan.

"If the MEA is successful, then boards of education, parent-teacher associations and teacher groups need to be ready to express themselves to the legislature," said Mick.

Mick said it was his contention that schools of Michigan are planned, function and are evaluated on the contribution they can make to the welfare of the children of Michigan.

"It is my further contention," he said "that teachers are adequately protected by present legislative and organization from capricious, irresponsible and vindictive control agencies in the state."

Continuing his statement, Mr. Mick said "The Michigan Education Association as a professional organization has not, at this time, established a system whereby it can police the malcontents and unethical members of the association and prevent children from being deprived of a wholesome atmosphere in the schools of Michigan. If this privilege is removed from boards of education—

"During 30 years as a teacher and administrator, I only remember one occasion where the board of education considered removing a teacher without adequate provocation. In this case, within one week, this board of education, checked by community sentiment, withdrew its action and rehired the individual."

Mick said any teacher may appeal to the equity committee of the MEA and have the case reviewed and any board of education which has been through this procedure will be careful that all dis-

missals are only those which would result from flagrant faults.

"It is beyond my comprehension why anyone would desire to stay in a position where they were not wanted by a majority of the citizens of a community. I further doubt if they could render a service to the community," he said.

The Tawas Area superintendent said he had never had to "fire" a teacher during his long career. "A single conference between the teacher and the administration has usually shown how the best advantages for the teacher could be gained by changing positions."

He also said that during this time, he had many more teachers ask for and receive releases from contracts than the number who have been advised to leave.

The MEA hopes to acquire the necessary number of signatures on teacher tenure and present them to the state legislature in November.

## Deer Counted Near Lumbermen's Monument

A deer-counting drive was held September 17 by the United States Forest Service in cooperation with the Michigan Department of Conservation and Tawas Area School.

The drive started one mile east of Lumbermen's Monument and ended two miles south on the Buck Creek Road.

Fifty students, under Robert Reasner, drove the area. Counters were forestry personnel from the Tawas district.

Twelve deer were driven from the north square mile and eight from the south square mile.

Purpose of the drive was to evaluate the effect of plantations of red pine on the deer herd.

## GOVERNOR ROMNEY TO VISIT AREA

Gov. George Romney will be at Bay City Monday, October 7, 2:00-3:30 p. m., and in Clare from 4:30-5:30 p. m. to convey his tax reform program. Local people are urged to attend.

DET. CHARLES V. FRANK

## State Police Transfer Detective to E. Tawas

Transfer of Det. Charles V. Frank to the East Tawas post was announced last week by State Police Commissioner Joseph A. Childs.

Frank enlisted in the state police March 22, 1948, and served first at Ypsilanti before being transferred December 18, 1949, to Pontiac and then February 1, 1954, to the department's racket squad. He was promoted to detective February 19, 1956, remaining with the squad.

Frank was born August 28, 1926, at Detroit and graduated from high school at St. Clair. During World War II, he served in the United States Marine Corps for 21 months, 16 of them overseas. He is married and has one child.

He replaces Det. Sgt. Leftoy McCler, who has been transferred to headquarters at East Lansing.

## Iosco Cancer Unit Names Officers for Coming Year

Iosco County Unit of the Michigan Division of the American Cancer Society held its annual meeting at the Holland Hotel last Thursday afternoon. Hostesses were Mrs. Lloyd Cooper, Mrs. Carl Eekman and Mrs. Joseph Hennigar.

Representatives from all areas of the county were present. The treasurer's report showed a balance of \$1,907.87 to be used locally in the coming year. Annual reports were heard from the following chairmen: Mrs. Muriel Horton, service; Mrs. Cooper, memorial; Mrs. Harold Peterson, loan closet.

Dr. Harvey Brinkman, medical chairman, addressed the group

and recommended the purchase of a pair of bed rails and two more walkers. At present, the unit's supply includes one hospital bed, one walker, one lift and six wheel chairs which are all in use.

Nurses scholarships were awarded to Lynda Wight, Sharon Saxe of East Tawas and Darlene McKenzie of Hale. Other scholarships are available.

Gail Smith and Maynard Reghi from the Lansing office, congratulated the local group in putting Iosco County and the Michigan Division "over the top" during the 1963 crusade. Reghi stressed that half of the money raised remains in the county for a three-fold program—service, research and edu-

cation. All money received by the American Cancer Society is from its own individual drive on a national and local basis.

So far, the only cure for cancer is early diagnosis, which makes the education program of the seven danger signals, by door to door workers and special films for public showings, very important.

Mrs. W. A. Evans read the report of the nominating committee for 1963-1964. The new slate of Iosco officers will be: Dr. Brinkman, medical chairman; Mrs. Robert Grimes, secretary-treasurer; Mrs. Horton, service; Mrs. Peterson, loan; Mrs. Cooper, memorials; Mrs. Lewis (See CANCER UNIT, page 8.)

## Plainfield Twp. OKs Fire Dept. Bond Proposal

Plainfield Township voters approved a \$45,000 modernization program for its fire department by slightly more than a two to one majority in Monday's special election.

Proposition No. 1, which sought authorization to bond the township in the above amount, passed by a 192 to 95 majority. The second proposition, which authorized a levy of one mill for a period of 20 years, passed by a 185 to 96 margin.

The program calls for construction of a new block and brick building to house fire-fighting equipment. To be located on township property near the community building, cost of the structure would be \$25,000.

The building is to include storage area for three trucks, generator trailer, rescue boat and equipment. It would also provide space for the Hale Health Council loan closet, fire department meeting room, telephone and radio communication room. A water storage area is to be located under the floor.

The proposition approved Monday also calls for purchase of a new \$20,000 fire truck. This pumper would replace one which has been in use for the past 18 years.

## Sgt. George Burnette Goes to SP Operations

Sgt. George R. Burnette, commander of the state police post at St. Ignace and formerly stationed at East Tawas, has been promoted to sergeant IIIA and transferred to the operations bureau at East Lansing.

Burnette enlisted in the state police August 18, 1941, and served first at Mt. Pleasant before being transferred May 1, 1942, to the East Lansing post and December 16, 1943, to East Tawas. He was promoted to corporal May 1, 1955, and assigned to Ypsilanti, then promoted to sergeant July 19, 1959, and transferred to command at St. Ignace. He has one citation for meritorious service.

Burnette was born January 3, 1920, at Detroit where he graduated from St. Martin's School. He is married to the former Evelyn Pfeiffer of Tawas City and has four children.

## REPUBLICANS ENDORSE JFK

Iosco County Republican Committee endorsed President John F. Kennedy's tax cut program Monday and recommended "that you husband all republican resources to see to it that promises are honored to reduce federal expenditures substantially."

## PRACTICE ATTACK

Wurtsmith Air Force Base will conduct a 12-hour practice wartime exercise October 4 under simulated enemy nuclear attack conditions. The base will be closed to the general public except for emergency use. The public is asked to refrain from telephoning Wurtsmith.

## Hearing Today on Tawas Lake Dam

Hearing to consider and review descriptions of lands within the proposed Tawas Lake assessment district is to be held in Iosco County Circuit Court starting at 10:00 a. m. Wednesday (today). A judicial determination as to the district which would benefit from a proposed dam on Tawas Lake would then be made by Judge Richard G. Smith of Bay County Circuit Court, who is filling the bench here.

FRED MUSOLF, 65, Tawas City, retired last week after a 38-year career with the United States Gypsum Company at Alabaster. Musolf started in the maintenance department of USG in September 1925 and had been employed in the same department since that time. He first learned his trade with the Detroit and Mackinac Railway Company, where he worked from 1915 through 1924. One of Musolf's outstanding contributions, according to Works Manager Maynard VanOrnum, was development of a high-speed twist bit for rotary drills used in the quarry. The bits designed by Musolf and manufactured by him in the USG shop proved to be far superior to those purchased commercially. He is shown looking at two of the bits in the above picture. Musolf is an avid hunter and fisherman and now devotes much of his time to the pursuit of his hobbies. He and his wife make their home at 311 East Lake Street. —Tawas Herald Photo.

## Takes Part in Navy Yard Ceremony

Kenneth J. Thibault, engineman fireman, United States Navy, son of Mr. and Mrs. Kenneth A. Thibault of Tawas City, participated in the traditional "stepping of the mast" ceremony recently conducted aboard the USS Stickell, a radar picket destroyer undergoing conversion at the Philadelphia naval shipyard.

In the ceremony, symbolic coins and a sheepskin scroll listing the crew members are placed under the ship's new mast immediately prior to its installation in the ship. The custom stems from the superstition that this provides protection from mishaps at sea.

In Stickell's observance of this navy tradition, crewmen placed a mixed packet of coins from the original mast and unrecirculated 19-63 coins commemorating the conversion.

The rites are attributed to the ancient Romans, who placed coins in the mouths of their dead to insure safety in the hereafter. In Greek mythology, the coins went with the dead as payment for Charon, ferryman of the underworld, who bore the newly-dead across the river, Styx, to Hades.

Scheduled to rejoin the Atlantic fleet in early 1964, Stickell will serve as an antisubmarine destroyer.

Stickell now operates out of Philadelphia, Pennsylvania.

Richard J. Look, engineman first class, United States Navy, son of Mr. and Mrs. Richard F. Look of East Tawas, serving aboard the tank landing ship, USS Westchester County, recently participated in joint air-navy amphibious landing exercises on the beach of Pohang, Korea.

Dubbed "Bayonet Beach," the amphibious assault operation involved the navy's seventh fleet units and the army's seventh infantry division. It started August 29 when the attack transport, USS Henrico, flagship of Commander Joint Amphibious Task Force, began loading assault troops at Inchon. At the same time, five other navy ships took on supporting equipment, vehicles and supplies needed for the landings.

Westchester County's primary role in "Bayonet Beach" consisted of landing the heavy trucks and tanks on the beach after the assault troops had gained a beachhead.

The successful assault landings demonstrated the combined efforts of the army and the navy in supporting the amphibious motto, "United We Land."

Westchester County normally operates out of Yokosuka, Japan.

SSgt. Harold E. Lindsey of Louisville, Kentucky, has arrived at Spangdahlem Air Base, Germany, for a period of temporary duty under the air force's overseas rotational assignment program, Operation Short Spurt.

Sergeant Lindsey, an aircraft ground equipment technician, will return to his permanent assignment at Wurtsmith Air Force Base, following his Short Spurt tour. Overseas assignments under the program are of only a few months duration.

The sergeant, son of Mrs. Laura E. Lindsey of Louisville, is a former student at Ahrens Trade School.

His wife, Elise, is the daughter of Mr. and Mrs. Franz Brisart of Kohn, Germany. Sergeant Lindsey's wife now resides at Oscoda.

## Expect great things from Chevrolet again-for '64

## Today...Jet-smooth Luxury '64 CHEVROLET

'64 Chevrolet Impala Sport Sedan—one of 15 Jet-smooth luxury Chevrolets.

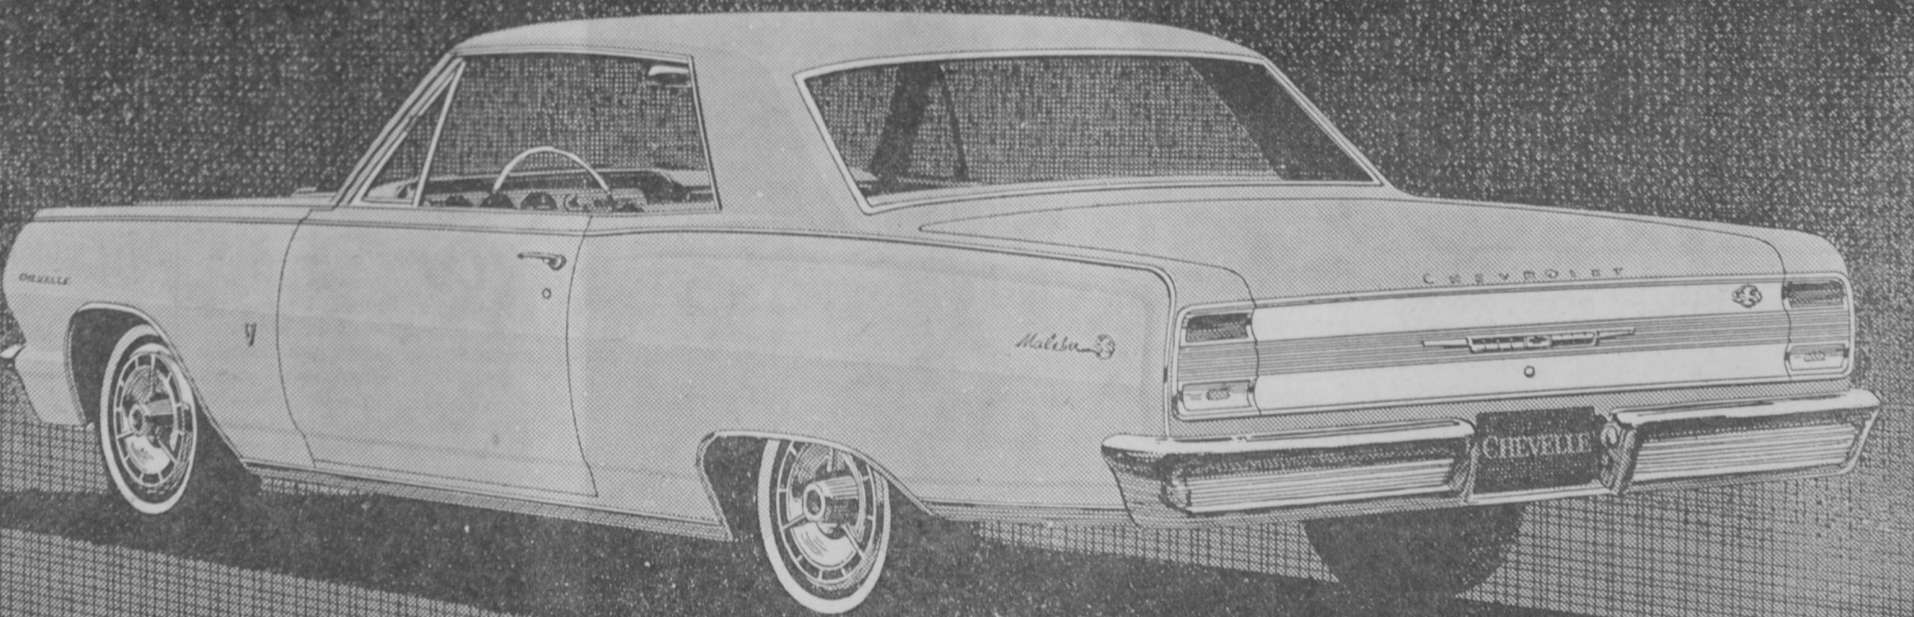

Chevrolet was luxurious before, but you should see it now. With smart new styling, the '64 Chevrolet looks even longer (but isn't). There's even a whole new series this year—the Impala Super Sports—with front bucket seats

as standard equipment. (The new Impalas and Bel Airs are more luxurious, too. Even the lowest priced Biscaynes have new foam-cushioned seats front and rear and are fully carpeted.) Of course, you expect more than just

luxury from Chevrolet. A choice of 16 power teams, for instance—a 6 and six V8's up to 425 hp (optional at extra cost). And quieter transmissions. Jet-smooth ride with Full Coil suspension. Flush-and-dry rocker panels, Delco-

tron generator, self-adjusting brakes and other low-upkeep features. If you've ever wondered how luxurious Chevrolet could get—with all the extra-cost options there are to choose from—that's entirely up to you.

## Take your first look at the first CHEVELLE!

## CHEVELLE! by Chevrolet

New Chevelle Malibu Super Sport Coupe—one of 11 models in three great series.

You've never seen anything like this totally new line of cars before. Chevelle is new in everything but Chevrolet quality. Chevelle is a good foot shorter than the big cars, so it parks easily. Yet the interior of its Body by Fisher gives you a generous

supply of passenger and luggage room. The ride is surprisingly smooth with a rugged coil spring at all four wheels. And not so surprisingly for Chevrolet, the new Chevelle offers a choice of engines ranging from an economical 120-hp 6 to a 220-hp

V8 (optional at extra cost). Choose the Chevelle you like best from the three series—the Malibu Super Sport, the Malibu and the 300 Series, eleven models in all—at your Chevrolet dealer's. (This good-looking Malibu Super Sport maybe?)

## Open 79th Year with Chicken Dinner Sept. 18

The Ladies Literary Club opened its 79th year with a family-style chicken dinner at the Tawas Country Club September 18. Greetings from Mrs. Rex Kochenderfer, president, were followed by a short business session.

Mrs. Warren S. Bennett, first vice president, was elected delegate to attend the Northeastern District Convention of Federated Women's Clubs at Mt. Pleasant October 1 and 2.

Following discussion regarding the relative merits of contribution to specified charitable funds, as opposed to coordination of all groups under one banner, the club went on record as favoring an annual United Community Drive.

Philip Esser, a native of Omaha, Nebraska, sang a medley of folk songs. Mr. Esser recently won an entertainers contest in California and a contract with Warner Brothers.

Speaker of the evening was Miss Irene Warsaw of Bay City, poetess. Miss Warsaw has had light verse published in more than 45 magazines in the United States and Canada, with reprints appearing in digest magazines here and abroad. A compilation of her poems will be published in book form next spring.

Dinner arrangements were made by Mrs. J. Richard Newman, Mrs. Clifford Wilkinson and Mrs. Raymond LaViere.

The October meeting will be held at the clubrooms in East Tawas with Mrs. William J. Vester of Big Rapids, chairman of Girls-Town Foundation, speaker.

## Fall Arrangements Theme at Meeting

The fall season brings forth many things to delight the hobbyist, especially those who must budget their finances. Dried materials, such as grasses, wheat, oats, rye, milkweed pods and many other things are available at this time of year. These dried pieces, combined with driftwood, produce beautiful arrangements to be used as centerpieces, such was the theme for the September meeting of the E-Z-Do-It Extension Group.

Mrs. Arthur Leitz showed slides on dried material and grasses with narration by Mrs. Charles Bjork. Making an attractive wall plaque from milkweed pods and straw flowers was demonstrated by Mrs. John Henry.

Mrs. Norman Howarth and Mrs. Robert Pyne were hostesses for the group of 10. Mrs. Wilmer Smith of Baltimore, Maryland, and Mrs. B. C. Bedford of Detroit were guests.

October's lesson, "Your Money's Worth in Meats," will be given at the home of Mrs. Lynden Lee.

## Wurtsmith Entries Take Top Bridge Honors

## History of TC Chapter Reviewed at Club Meet

For the Tuesday, September 17, program of Tawas City Chapter No. 303, OES, history of the chapter for the past 60 years was reviewed by Mrs. James Mark, chairman, Mrs. Waldo Leslie and Mrs. Albert Chaney.

During the short business session, 10 members decided to attend the AIA meeting at Harrisville Saturday.

Mrs. Charles McLean served as chairman of the refreshment committee.

WINNING TOUCHDOWN—End Joe LaBlance (34) speeds along the sidelines late in Friday night's game against West Branch to score the deciding touchdown. A key block had been thrown a moment earlier by End Herb Humphrey, on the ground with a West Branch player behind Fullback Don Harten (44). Out in front and ready to

spring LaBlance with a block is Guard Don Evans (62). Quarterback Dale Harten (12) is second from right. West Branch defenders identified are Leith Curtis (39) and Richard Putnam (35).—Tawas Herald Photo.

## Eagles Edge Atlanta, 13-12 to Even Record

Hale Area Eagles evened its won and loss record at one and one Saturday afternoon by edging Atlanta, 13-12. The game was played on the Western Isoco County team's new football field.

After a scoreless first period, Fullback Cal Bell scampered 39 yards to put Hale into the lead. A pass from Pat Bernard to Ellsworth added the PAT.

Hillman scored in the second quarter and again in the third stanza but missed both attempts for point after touchdown. This was costly as Bell scored again in the third quarter. Even though the PAT was missed, the play put Hale into the lead for good as both teams were scoreless in the final quarter.

In 22 carries during the afternoon, Bell picked up 177 yards. Mike Crenshaw and Bernard were defensive standouts for the winners.

Hale plays this Friday afternoon, 1:30 o'clock, at Onaway.

## Pinconning Takes NEM Title

Pinconning was crowned champion of the Northeastern Michigan Baseball League Sunday after taking 7-3 decision from the East Tawas Indies. This was the final match in a three-game series played between the American and National Division winners.

East Tawas batters shelled Zuchnik, winning pitcher, for 14 hits. Two key double plays by the Pinconning infield got the visitors out of serious trouble.

Pete Bolen was nicked for 11 hits by Pinconning but struck out 12 opposing batters and walked only two. Three East Tawas errors figured in the scoring.

East Tawas took an 1-0 lead in the first inning but Pinny tied the fourth and two in the fifth gave Pinny a 4-1 edge which was held until East Tawas scored one in the seventh.

Pinny scored three big runs in the ninth when Revord singled after Waters struck out. Knochel popped to short. Szafenske singled. Mike then walked to load the bases. Kocisky then belted a drive into left field for a triple, driving in three runs.

East Tawas staged a rally in the ninth after two were out. Jordan, Frank and R. Johnson connected for consecutive singles for one run but the game was over when Sventko's drive was caught in center.

## Braves Win on Long Runs

Tawas Area still wears the NBC's undefeated football crown, but West Branch put a few dents in it Friday night.

After his Braves came from behind twice to defeat an upset-minded Oriole team, 18-14. Coach Herb Escott commented that he would prefer not to have any more so-called "breathers" to start a season—he is out of breath.

The Braves, although winning both games, had their head feathers ruffled by both the Whitte-

more-Priscott Cards and then the Orioles and now face a severe test from another flock of birds bent on ending Tawas' 10-game winning streak.

Going against the Braves this Friday night will be the Oscoda Owls. This game, Tawas Area's first at home during the 1963 season, is a traditional battle between Eastern Isoco County schools. Both schools are counted on as contenders for the 1963 Northern B Conference title.

The Braves showed considerable improvement in their offensive game over a week ago and, as long as its blocking held up last Friday night, Tawas showed substantial gains.

During a scoreless first half, Tawas moved the ball well on two different series but ran out of gas when entering enemy territory. On the other hand, West Branch took advantage of two mistakes by Tawas—a fumble on TA-16 and later, during a fourth down situation, a hike from center sailed over the would-be Tawas kicker and West Branch recovered on TA-12. Only two goal line stands saved the Braves from trouble.

The Braves picked up a touch-

down shortly after the start of the third quarter. Tawas kicked off to West Branch and the Orioles fumbled on fourth down and Guard Don Evans recovered on the 48. In eight plays and a five-yard penalty, Tawas Area Junior Braves rolled to a 34-13 victory over the West Branch JV under the lights here last Thursday night.

Coach Bill McIntosh of Tawas called the visitors the best West Branch junior varsity team in four years.

Both teams scored in the first quarter. Midway in that quarter, Dennis Harten blocked a West Branch pass and Randy Roach recovered the ball, moving to the West Branch 19. From there, Halfback Ed Cain went around end on the first play for a 19-yard touchdown. Quarterback Dick Grebe ran the PAT.

West Branch bounced back with a good drive and racked up nine first downs to score. The point after touchdown was missed.

In the second quarter, Tawas took a short kick on the 46. In seven plays, the Junior Braves picked up three first downs to the 20 where Grebe scored on a bootleg of 20 yards. Harten ran the PAT.

On the first play from scrimmage after kickoff, Ken Tarnosky recovered a fumble for Tawas on the WB-33. Five plays later, Roach ran around end for a 12-yard touchdown. The PAT attempt was missed.

Midway in the third quarter, Makinen blocked a punt on the 25 of West Branch. Harten picked up 27 yards in three carries for a touchdown and scored the PAT when Grebe hit him with a 13-yard pass.

Tawas recovered a fumble on the West Branch 29 and Grebe went up the center for two yards and a touchdown after Harten had picked up 15 and Cain gained six yards. Roach ran the PAT.

West Branch controlled the ball during most of the fourth quarter and scored just before the game ended.

The two outstanding defensive players for Tawas during the night were Defensive Signal Caller Larry Killey and Herriman, who was moved from a defensive halfback position into a key linebacker slot.

Tawas was penalized 45 yards while 70 yards were marched off against the home team. West Branch had seven first downs as compared to four for the Braves.

Other games in the NBC saw Oscoda defeating Pinconning, 20-6, and Standish-Sterling defeat Gladwin, 6-0. Quarterback Pete LeRouech accounted for 195 yards running and passing for Oscoda and scored two touchdowns. Going into the fourth quarter of a scoreless game, Gladwin recovered a Standish-Sterling fumble. Not settling for a tie, Gladwin went to the air and a pass was intercepted by Central's Ralph Pestrue, who scored from 35 yards out.

## TA Junior Braves Rolled to 34-13 Win Thursday Night

Action became fast and furious in the final stanza. On the first play from scrimmage after the kickoff, Halfback Jim Herriman raced around end, shook off two Oriole defenders who had their hands on him and rambled 71 yards for a touchdown. The all-important extra point was missed and Tawas held a 12-7 lead.

Not to be outdone by the Braves, West Branch came up with its best sustained drive of the night. However, the Oriole cause was greatly strengthened when a 15-yard personal foul was marched off against Tawas for roughing the kicker on fourth down. The Braves had stopped the Orioles, but with this new life, the Branchers picked up four first downs to the two-yard line where Jameson slashed in for a TD. The extra point try was good and West Branch held a 14-12 lead with only about two minutes to go.

West Branch, which successfully jammed the center of Tawas' line all night to stop its ground game up the middle, again fell victim to a tricky long end run. This time it was an end around play with Joe LaBlance getting a key block from End Herb Humphrey as he turned the corner. The speedy Brave, who just happens to be an outstanding performer on the school's track team, then raced 75 yards without a hand touching him. This put Tawas into an 18-14 lead.

West Branch had one more chance to score but, after three incomplete forward passes, punted to the Tawas 27 where Quarterback Dale Harten ran out the clock in three plays.

**ALLAN SIEGRIST, 18, who says he has been "fooling around with guns" for the past five years, completed work last week on this beautiful full-stock flintlock rifle. A 1962 graduate of Whittemore-Prescott Area High School, Allan's father, Martin Siegrist, owns and operates a farm six miles south and west of Whittemore. Although there have been no cabinet makers or gunsmiths in the Siegrist family, young Allan has been encouraged by his father to develop his apparent natural knack for hand craftsmanship. The American (popularly called Kentucky or Pennsylvania) rifle pictured here, was patterned after the graceful firearms developed by**

pioneer gunsmiths in the mid-1700s around Lancaster, Pennsylvania. Siegrist patiently carved and shaped the long stock from a solid piece of curly maple. A 40-inch octagon barrel of .40 caliber was inletted in the wood, along with flintlock, double-set trigger, patch box, trigger guard, curved butt plate and small inlays. Many hours of work went into hand rubbing the stock. This was his first attempt at building a full-stock rifle, although he had built a "squirrel rifle" and a caplock pistol last year. Allan helps his father and uncle with farm work and is also employed at the Smith Gun Shop in East Tawas.—Tawas Herald Photo.

**N. Anshuetz Family Hosts Pakistan Student**

Spending a month as a guest of Mr. and Mrs. Norman Anshuetz at South Bend, Indiana, is Mohammed Zafer Iqbal, 25, a college student from Lahore, West Pakistan.

Holder of a master degree in economics from Panjzb University in Lahore, he will soon start his studies at the University of Chicago under a Fulbright Scholarship.

He is a guest of the Anshuetz family under the Experiment in International Living Program.

Mr. and Mrs. Anshuetz (nee Mary Schumacher) are former residents of the Tawas.

There is still time for the kids to earn a basketball and hoop, or football and helmet. See page 8 of section two for details.

**Hale Creek Club Urged to Read Rules**

At Friday evening's meeting of the 5500 Acre Hale Creek Club in Iosco County, held at Love Hall, members were urged to read their rules. If extra copies are needed, Mrs. Florence Dooley, secretary, will supply them.

Some members have not put up their signs at designated distance making a very difficult situation for the adjoining property owner. Each member was asked to write "not responsible for accidents" on permits issued.

Signs and identifications are available from Willis Wagner, president, or Mrs. Dooley.

## About the Kitchen

with Betty Brown

Home Service Director, The Tappan Co., Mansfield, Ohio

If you were to count the hours in a lifetime that you spend cleaning, scrubbing, washing and polishing equipment, appliances, floors, walls and furniture, you would be staggered by your years of devotion to sanitation. And you'd be surprised that seasonal cleanings—which at the time seem like an interminable project—account for only a small part of the constant upkeep activity. It's the little nuisance chores of daily clean-up and weekly polishing that take so much time.

But they take much less time when materials in furnishings and appliances lend themselves to quick cleaning, and when construction eliminates dirt-collecting nooks and crannies. In today's wonderful world of modern appliances, easy-to-clean features are built into our equipment right along with utility and style.

Take the range, for example, because its cleaning once was the most tedious and messy task in kitchen hygiene. No longer does it require a whole morning for periodic and thorough cleanup. Nor does a woman—who else would take on the job—need to bury her head in the oven, stretching and straining around the door to reach the innermost depth of dark porcelain.

Oven chambers now are equipped with removable liners for both sides, bottom and back, all of which lift right out to go to the dishwasher for the easiest kind of cleaning. Out they come, sparkling clean to be snapped

back in a jiffy. In Tappan's current models, these removable interiors come in chrome as well as in porcelain with an extra hard finish that prevents food from burning on.

And how many times have you wished that the oven door were out of the way, or that your arms were longer, so you could reach the spots that an oven seems to keep in hiding or just out of reach? Well, now the door comes off, quickly and easily. Move it out of your way for final interior polishing. Replaced, the door closes on the most spotless oven in the age of modern appliances.

Today's most modern gas range models boast burners in a new, two piece design that eliminates the tiny old-fashioned gas jets that clogged with grease and spilled over. The parts separate and lift out for dishwasher cleaning. Just as much of a breeze to keep tidy is the electric top-of-the-range heating element. The entire unit lifts out to be sponged free of light spills or scrubbed clean of serious ones. Spillover bowls are, of course, removable too. On the electric range, the entire cooking top pops up to let you search out that last bit of dirt that somehow always managed to get to the bottom of it all.

Impossible, you say? Not so, says the test kitchen at Fleischmann's! "Coconutty Crunch Loaf," "Apple Cinnamon Loaf" or "Frosty Fruit-Nut Loaf"—all different, all delicious—and all from the same basic dough. Let your family pick and choose!

### ALWAYS POPULAR WITH THE KIDDIES—PEANUT BUTTER

Fleischmann's offers something new for between meal munching... "Peanut Braid"... sure to be a favorite of the sand-box set. Frosted and topped with chopped peanuts, "Peanut Braid" will lead the list of "appetite spoilers."

#### PEANUT BRAID

BAKE at 375 degrees for 15 to 20 minutes. MAKES 2.

Soften... 2 packets Fleischmann's Active Dry Yeast (or 2 cakes Fleischmann's Compressed Yeast) in ½ cup warm water in large mixing bowl.

Combine... ½ cup hot scalded milk ½ cup sugar and ¼ cup margarine and 1½ teaspoons salt. Cool to lukewarm.

Add... 2 eggs and the softened yeast.

Gradually add... 4½ cups Pillsbury's Best All Purpose Flour, beating well after each addition, to make a stiff dough.

Knead... on lightly floured surface until smooth and satiny, about 8 minutes. Place in greased bowl. Cover with Alcoa Wrap.

Let rise... in warm place (85 to 95 degrees Fahrenheit) until light and doubled in size, about 1 hour.

Divide... in half. Divide each half into 3 pieces. Roll each piece to a 14-3-inch strip. Spread filling down center of strips. Bring edges to center and pinch to seal.

Shape... 3 strips into a braid, seal ends. Repeat with remaining 3 strips. Place on greased cookie sheets. Cover.

Let rise... in warm place (85 to 90 degrees Fahrenheit) until light, about 1 hour.

Bake... at 375 degrees for 15 to 20 minutes. Cool and frost with a powdered sugar icing. Sprinkle with chopped peanuts, if desired.

Peanut Butter Filling Combine 1 cup Planters Creamy Peanut Butter and ½ cup margarine. Mix until well blended.

If it's dates and nuts you prefer, you might like to try this very special "Date Braided Coffee Cake." Perfect when those unexpected callers drop by.

## Needlecraft News

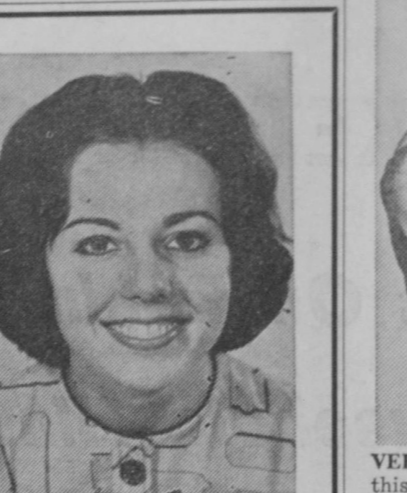

by Nancy Baxter

KNITTING has become the "Great American Pastime" for women of all ages. Even in this age of ready-mades, needleworkers find a source of enjoyment and relaxation in making something themselves. Picking up the knitting needles and seeing a lovely sweater emerge is a hobby that most women love to indulge in.

A CARDIGAN SWEATER... is a necessity for any complete wardrobe and the one we are featuring today you needleworkers can make yourselves—in a fine, 3-ply yarn. The sweater is particularly designed for those who wear larger sizes and who may have difficulty finding a proper fit. The design is a modified cable in attractive, curved motifs; accented by fine ribbing and pearlescent buttons. The sleeves are bracelet length and the sweater itself reaches just below the waistline.

PERFECT FOR... throwing over your shoulders on cool summer evenings and for autumn wear with a slim, tweed skirt perhaps. For your copy of free instructions on how to make this cardigan sweater, please send a stamped, self-addressed envelope with your request for leaflet No. PK 2364 to the Needlework Editor of this newspaper.

Shari Gruits

VERSATILITY is the keynote of this dashing chevron design pull-over. The hood buttons in for cold weather sports; buttons out for lounging around the fireside later on. Instructions for making a different matching yoke and for the mittens pictured here are included on the same leaflet, No. PK 1523. It's yours, free of charge, with your request and a stamped, self-addressed envelope.

SKIERS 'N SKATERS alike will stay snug in this toasty knitted set; the hood, socks, and mittens are all made of heavy knitting worsted which works up quickly in a simple stockinette stitch. Horizontal stripes add gay color to the set and the perfect finishing touches are fluffy pom poms which match each striped color. So, all you sportsters, get out your knitting needles and have fun making and wearing this set. For free instructions, mail a stamped, self-addressed envelope and your request for Leaflet No. PK 2842 to the Needlework Editor of this newspaper.

ARE YOU PLANNING A PARTY? If so, then you are sure to be looking for party menus and recipes. The food is an important part of any party and with easy-to-prepare dishes the hostess can enjoy the party, too.

Something to please everyone is the All-American Frank. Franks are quick and easy to fix and can be served "dressed up" with a variety of accompaniments. But for parties or family meals, for casseroles, skillet dishes, or on a bun, always be sure of high-quality franks by selecting the package with the two most trusted words in meat—Swift's Premium.

The main dish for this quick-to-fix party menu is Tangy Franks. Chopped French onion rings and cheese or mustard add that extra zing. These franks will be popular served in a bun with potato salad and crisp relishes. So for your next party why not try these Tangy Franks?

- Tangy Franks
- Buns
- Potato Salad
- Brownies
- Crisp Relishes
- Beverage

#### Tangy Franks

8 Swift's Premium Franks ½ cup processed cheese spread or ¼ cup prepared mustard  
3½-ounce can French-fried onion rings ¼ cup French dressing  
Crush onion rings. Slit franks and fill with cheese or mustard. Put French dressing in a flat dish; coat franks with dressing. Roll in crushed onion rings. Broil franks 4 to 5 minutes.

# STAR OF THE SHOW -- Tappan Electric Range

★ ★ ★ ★ ★ ★

WITH THE AUTOMATIC CONTROLS—That are available in today's ranges, you can gain welcome independence from your kitchen. Set the automatic control to bring the heat to the right temperatures at the appointed time and go gadding with friends while your range does the waiting and watching. This model from Tappan features a "Set 'N Forget" burner that measures the heat of the pan and adjusts the element heat to provide the exact cooking temperature needed. Tappan Electric Ranges will be used by Home Economist Shari Gruits at the September 26 cooking school.

What better spot could there be for an oven than at eye-level, shown at lower right, and easy arm's reach. This free-standing range with a built-in look from the Tappan 400 series takes its place on a countertop. The burner unit, including a hardwood cutting surface, slides back out of sight and out of the way when not in use.

## One Dish Meal Takes On A New Look in...

... A "Beans and Wiener Basket"—ready to serve from the oven. "Burger N' Bean Snack Sticks"—the kids will really go for these! "Polynesian Pot Luck"—a rare treat indeed! All are quick and easy to make—ideal for the busy homemaker.

### IS THERE A CAMPER IN THE CROWD?

"Camper Bean Treat" . . . VanCamp's Pork and Beans and kidney beans.  
Leftovers maybe? Just put them together with VanCamp's Pork and Beans!

### BEANS AND WIENER BASKET

BAKE at 350 degrees for 20 to 25 minutes.  
SERVES 4.  
Turn . . .  
1 can (1 lb.) VanCamp's Pork and Beans into a 1-qt. casserole.  
Add . . .  
1 tablespoon dry onion soup mix  
1 tablespoon brown sugar  
1 tablespoon prepared mustard  
3 tablespoons catsup  
Mix well.  
Cut . . .  
1 pound wieners in half cross-wise and standup around edge of casserole.  
Place . . .  
2 strips bacon, fried, across beans.  
Bake . . .  
at 350 degrees for 20 to 25 minutes until hot.

### POLYNESIAN POT LUCK

BAKE at 350 degrees for 25 to 30 minutes.  
SERVES 6 to 8.  
Turn . . .  
2 cans (21 oz. each) VanCamp's Pork and Beans into 2-qt. casserole.  
Place . . .  
1 can (12 oz.) pressed luncheon meat, scored on top, in center of beans.

Stud with 8 to 10 whole cloves  
Spread . . .  
¼ cup pineapple preserves over meat.  
Bake . . .  
at 350 degrees for 25 to 30 minutes.

### BURGER N' BEAN SNACK STICKS

BAKE at 400 degrees for 18 to 20 minutes.  
SERVES 6 to 8.  
Brown . . .  
½ pound ground beef and ¼ pound pork sausage in skillet.  
Drain off fat.  
Add . . .  
1 can (1 lb.) VanCamp's Pork and Beans  
½ teaspoon salt  
Sift together . . .  
2 cups sifted Pillsbury's Best All Purpose Flour  
3 teaspoons double-acting baking powder  
1 teaspoon salt  
¼ teaspoon dry mustard and ¼ teaspoon chili powder  
Cut in . . .  
¼ cup shortening until particles are fine.  
Add . . .  
¾ cup milk. Stir until dough clings together. Knead on floured surface 6 to 8 times.  
Divide . . .  
in half. Roll out each half on floured surface to a 15x8-inch rectangle. Place on greased cookie sheet. Spread half of meat mixture lengthwise on half of dough to about ½-inch of edge.  
Shred . . .  
1½ cups cheese. Sprinkle half

over filling. Fold dough over; seal edge. Repeat with other half.  
Um . . . delicious!

BAKE . . .  
at 400 degrees for 18 to 20 minutes until golden brown. Cut in strips. Serve with catsup.

For the teen-age crowd—"Quick Bean Bake"—your choice of bacon, franks or hamburger, topped with corn meal biscuits. Spice up VanCamp's Pork and Beans . . . "Nippy Fashion" . . . and serve with toasted cheese sandwiches at lunch time; VanCamp's suggest "Pork and Beans in a Standing

Salad," served in hallowed out green peppers—chill and serve.

### CAMPERS BEAN TREAT

BAKE at 350 degrees for 25 to 30 minutes.  
SERVES 4 to 6.  
Saute . . .  
1 pound ground beef in 1 tablespoon shortening until browned.  
Add . . .  
1 can (1 lb.) VanCamp's Pork and Beans and  
1 cup VanCamp's Kidney Beans, drained.

## Something Special for the Men—

Combine . . .  
¾ cup catsup  
½ cup water  
2 tablespoons prepared mustard  
2 teaspoons vinegar and  
1 package dry onion soup. Add to bean mixture.  
Turn into 2-qt. casserole.  
Bake . . .  
at 350 degrees for 25 to 30 minutes.

Especially for the men in the audience at the cooking school is a display of Colt revolvers, edged weapons and antique firearms. Owner of the collection is Roland Brown of Sterling.

The auditorium will be open one hour before the 7:30 p. m. show time. This exhibit, along with other merchandise displays, may be viewed during this time and at intermission.

### Young America Bakes— Cheese Pimiento Rolls

COLORFUL ROLLS have cheese, pepper, and pimiento added for special flavor. Ideal for autumn supper parties.

#### Easy To Do—Delicious To Eat

Beginning cooks choose recipes with a double standard: finished dishes should look complicated, but should be easy to do. Teenagers need to be inspired to continue their newly-found interest!

What young girl wouldn't be inspired when her friends rave about her freshly-baked yeast rolls? Cheese-Pimiento Rolls save precious time, for just one rising is necessary—after the dough has been spooned into muffin cups. These would be ideal for early

fall supper party, after a trip to the beach or lake. The rolls will rise while the young hostess prepares the rest of the meal. Luscious color and a very special flavor are added with sharp Cheddar cheese, pimiento and green pepper. The imaginative girl will probably want to try them next time with another flavor of cheese and chopped chives in place of the green pepper.

#### CHEESE-PIMIENTO ROLLS

- 1/2 cup milk
- 1/4 cup warm water (105°-115° F.)
- 1 package or cake Fleischmann's Yeast, active dry or compressed
- 1 3/4 cups unsifted flour
- 1/2 cup (1 stick) Fleischmann's Margarine, softened
- 2 tablespoons sugar
- 1/2 teaspoon salt
- 1 egg
- 1/4 cup grated sharp Cheddar cheese
- 2 tablespoons chopped green pepper
- 1 tablespoon chopped pimiento

Scald milk; cool to lukewarm. Measure warm water into large warm mixer bowl. Sprinkle or crumble in Fleischmann's Yeast; stir till dissolved. Add milk, 1 cup flour, Fleischmann's Margarine, sugar, salt and egg. Blend at low speed; beat 1 minute at medium. Dough will be very soft. Add remaining flour, grated cheese, chopped green pepper, and chopped pimiento; beat 1 minute. Spoon into 12 greased muffin cups. Cover; let rise in warm place, free from draft, until doubled, about 1 hour. Bake in hot oven (400° F.) 15 to 20 minutes or until golden brown.

## Electric Heat Home . .

AN ELECTRIC HEAT HOME gives room by room control. Here J. P. Doll, Rose City, sets the thermostat, (the only moving part in an electric heated home system) to the desired tempera-

ture for his dining room. There is no need to pay extra to heat the whole house when you need only certain rooms warmer.

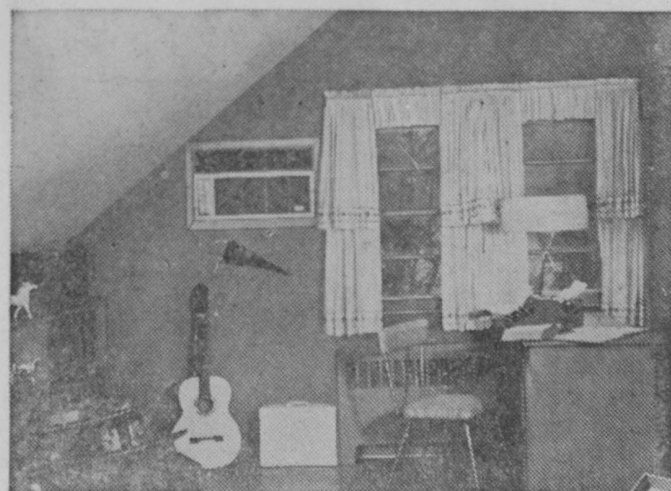

ADD CHARM AND WARMTH . . . to any setting—with attractive placemats bordered in a crocheted trim that perfectly complements the gay checks of gingham as they peek out from under your favorite tableware. You may have free instructions by sending a stamped, self addressed envelope to this newspaper. Ask for Leaflet No. PC 3014.

ELECTRIC HEAT has the most modern design in appearance and operation. Here is a base board unit in the living room of J. P. Doll's home in Rose City. Space saving, modern electric heat costs less to install also.

### Private Room for Study Boosts Youngster's Grades

NEW study-bedroom in attic has been insulated with mineral wool for year-round comfort and to make heating and cooling economical.

One way parents can help a child achieve the grades he needs is to provide him with a comfortable, distraction-free place to study. It should be well-lighted, quiet, and equipped with a good-size desk and comfortable chair. Ideally, a student should have a room of his own for sleep and study. If he does not have one now, a good place to make one is in the expansion attic of many post war homes or the catch-all space under the roof found in most older houses. How simple or lavish you make the bedroom-study area is mostly a matter of personal taste and finances, but extra care should be taken with the key elements be-

cause of their importance in providing both comfort and utility. To dispel darkness and help make a converted attic bright and cheerful, make full use of windows. If possible, the desk should be placed near a window so that natural light passes over the left shoulder of the right-handed person and vice versa. Good artificial light is important, too. Don't cut corners on the desk lamp, since one that is poorly designed can cause eye fatigue. A good place to turn for advice on proper lighting is the local electric power supplier. A key to year-round comfort in any attic conversion is insulation

### Needlecraft News by Nancy Baxter

IT'S NOT NECESSARY TO WAIT for free time to start the things you want to do. There are many pastimes that can be done within the framework of household routine. This is particularly true of needlecraft. Embroidery, crochet, knitting, or any style of needlework can be done at anytime during the day or evening, and it's portable — you can take it with you and do it anywhere!

#### ALL ARE FAVORITES

If I had to name the one style of needlework that gives me the greatest pleasure, or the one item I most enjoyed making, I couldn't, because, when I've finished one project, I begin looking forward to the next. What will you make next? Whatever you choose, it will be time well spent.

#### WHAT TO PLAN

The sweater pictured here would be an excellent choice. It's smartly styled with a three-quarter sleeve and alternating panels in the diamond and stockinette patterns, which lend an interesting texture. As shown, it is light grey with pearlized buttons. Free directions for knitting this beautifully fashioned cardigan are available for the asking. Request Leaflet No. PK 2689 from the Needlework Editor of this newspaper, and include a stamped, self-addressed envelope. Directions are given for size 14, but changes for sizes 16, 18, and 20 are included. Novice or experienced needle-crafter, you will want to consider this for your next easy-knit design.

A SWEATER like this one is sure to lure any man away from his pipe and slippers and out to the ski slopes. The rugged manly texture of this ski sweater is the result of the simple stockinette stitch which is knitted throughout with a double strand of yarn. No complicated charts are necessary to make the yoke design. The simple changing of colors creates the pattern for you. For your free copy of Instruction Leaflet No. PK 1625, just mail a stamped, self-addressed envelope and your request to the Needlework Editor of this newspaper.

#### LASTING INTEREST

There's no need to hurry your needlecraft project either, because there's a special pleasure you'll enjoy well before you're through and have the completed piece ready to use. It's the pleasure of watching your work take shape. And I wonder now if the very peak of interest isn't at that point when you're just about half-way through — when you clearly see the design that you've been working on and realize the control that you have over the materials you're using.

## Iosco Sheep Raisers Urged to Attend Annual Ram Day

Since no ram truck will visit Northern Michigan this year, sheep raisers are urged to attend the annual ram day at the live stock pavilion, East Lansing, Monday, September 30. Purebred breeders will offer a good selection of the more popular breeds. All rams will carry a tag giving their age, weight and price. It is expected that more than 100 rams from which to choose will be available. It is a one-stop visit to many of the best purebred flocks in Michigan.

Sheep raisers within Iosco Coun-

ty could get together and take a trailer or pickup truck to East Lansing. This will save several persons making the same trip. Prior to the MSU ram day, Iosco County sheep raisers can take part in the "ram exchange day" Saturday, September 28, at the railroad yards in West Branch.

Sheep men should bring their rams to see if they can exchange with someone else. The program will start at 9:00 a. m. and will conclude at 3:00 p. m., according to Marvin Davenport, county extension director.

1 package (1/2 pound) Swift's Premium Brown 'N Serve Sausage Links  
6 English muffins or 6 sandwich buns  
6 tablespoons tomato paste  
1 cup shredded sharp cheddar cheese  
Oregano

Cut each sausage link in half lengthwise and crosswise, or into penny-wise slices. Split and toast English muffins or sandwich buns. Place on baking sheet. Spread surfaces with tomato paste. Top with Brown 'N Serve Sausage pieces and the shredded cheese. Season lightly with oregano. Broil individual pizzas until sausage is browned and hot and cheese bubbles. Serve immediately.

Saturday Night spaghetti suppers, as popular with grown-ups as pizzas are with teen-agers, can now be served up with the built-in mood of a Continental cafe. Simply use a brand new paperware pattern, appropriately called Chianti.

Marketed under the Boneware label, this red-and-white checked pattern, warmly reminiscent of gay cafe tablecloths, provides a colorful setting for many informal occasions: supper with family friends; Sunday brunch parties; stop-by-after-choir-practice night; Bowling Night Buffet, for a few. It also makes a gay setting for children's parties.

The coating of a layer of plastic, smoothly bonded to the paper, has done much to give paperware a new and glowing life indoors. Plastic-coated paperware products now are suitable for serving casseroles, stews, gravies and sauces.

The Chianti pattern joins two other new Boneware patterns: Blue Delft, a fresh blue-and-white floral pattern, and Bar-B-Que, a modern stylized design in sharp relief. All plates are available in the 9-inch size. All are products of Continental Can Company and are sold nationally at prices comparable to similar competitive products.

Here, Chianti sets the scene for a Saturday Night supper with friends—informal, colorful and friendly. A wide-noodle version of the Italian lasagne looks tempting on plastic-coated paper plates. Wicker placemats are used to under-

## Electric Home Heating Now Becoming Popular in North

Until about 10 years ago, electric home heating was considered a luxury that only the well-to-do in warmer parts of the nation could afford.

Recently, because of a combination of factors, electric home heating has become so popular even in the cold north that utilities like Consumers Power Company have initiated special rates for customers who use power for heat.

The factors which are contributing to the popularity of electric heat, besides the lower space heating rate, are modern construction techniques and new developments or refinements in the appliances baseboard heaters, radiant heat in which heat electrically, such as stallions in ceilings and floors, and so on.

The new heating appliances are far different from the little heater which glows a dull red and sends electrically-heated air into a small bathroom or kitchen.

New heating appliances, insulation materials which are cheap enough to be used in quantity and savings in original construction costs are strong selling points for this kind of home heating. A completely electric home, for instance, needs no furnace or duct work.

Perhaps the strongest selling point for electric heat is convenience: Every room can have its own temperature, if properly wired with thermostatic controls operating the electric heat fixtures in each room.

Ten years ago, Consumers Power had only a handful of heating customers on its electric lines; the number has grown so that today, in its Bay City division alone, some 200 customers qualify for the electric space heating rate. The rate provides for a lower unit cost as the use of power increases.

The future of electric space heating is bright, according to the company's marketing experts, because of its suitability for cottages and cabins, inhabited only for brief periods during the year and because of its convenience and "zone" or room-control features in year-round homes.

Technically, electric space heating is not for the "do-it-yourself" homemaker. The company's experts on the subject recommend the services of an electrical contractor of good reputation who will install electric space heating if your new home or addition to your older home is properly wired and insulated, and not before.

### Editorial—

It's Best of All Days time in the Tawas. The Tawas Herald is bringing the highly-acclaimed Best of All Days town-wide promotion and cooking school.

Already Shari Gruits has been here. This personable, professional home economist has met many of our residents during her brief visit. And she will be back to conduct the cooking school portion of the promotion.

Prior to Miss Gruits visit to the Tawas, we never fully realized what a great place—a Best of All place—we live in. Look at what we have: Beautiful Tawas Bay, numerous inland lakes, fine schools, hospital and many alert townfolk working toward a better Tawas area. That's why our community is Best of All.

We of the Tawas Herald feel extremely proud to be chosen as one of few newspapers in Michigan to host a Best of All Days. As has been told to us, "Only the Best of All newspapers get the Best of All promotion."

Being a newspaper, we spend much of our time furthering the projects of our civic and fraternal organizations. This is another reason why we like Best of All Days. Here, the Herald is offering to area advertisers and Herald readers an event both entertaining and educational.

Best of All Days is for you—the reader. We want you to come and enjoy yourself on September 26, courtesy of the Herald.

# Cooks Go For Molasses Too!

Now that we have you on the track of baking with Brer Rabbit Molasses, why not try cooking with it?

"Glazed Meatloaf" would be a good start—and the secret is in the glaze. Your family is sure to notice that "extra-special" Brer Rabbit flavor.

If you like pork chops, do try "Pork Chop 'N Apple Casserole"—Brer Rabbit Molasses does great things here.

"Canadian Bacon Roll With Orange Molasses"—flavor perfection, and again, it is Brer Rabbit Molasses that makes the big difference.

### CANADIAN BACON ROLL WITH ORANGE MOLASSES

BAKE at 350 degrees for 40 to 50 minutes. SERVES 8. Place . . .

Combine . . . 1/2 cup Brer Rabbit Molasses 1/2 cup orange juice 1/4 cup sugar and 1/4 teaspoon dry mustard. Pour over bacon.

Bake . . . at 350 degrees for 40 to 50 minutes, basting frequently until bacon is glazed and well browned.

### PORK CHOPS 'N APPLE CASSEROLE

BAKE at 350 degrees for 1 1/2 to

1 3/4 hours. SERVES 4. Sauté . . . 4 loin pork chops in

1 tablespoon shortening until brown Sprinkle with salt. Combine . . .

4 cooking sliced tart cooking apples 1/4 cup raisins and 1 tablespoon grated lemon rind Place in greased 2-qt. baking dish.

Pour . . . mixture of 1/4 cup Brer Rabbit Molasses and 1/4 cup water over apples. Top with pork chops. Cover with Alcoa Wrap.

Bake . . . at 350 degrees for one hour. Re-

move cover. Bake for 30 to 45 minutes longer.

### GLAZED MEATLOAF

BAKE at 350 degrees for about 1 1/2 hours. SERVES 6 to 8.

Combine . . . 1 1/2 cups soft bread crumbs and 1/2 cup warm water in large mixing bowl.

Sauté . . . 1 medium onion, minced in 2 tablespoons butter until golden brown.

Add . . . 2 1/4 pounds ground beef 2 teaspoons salt 1/2 teaspoon dry mustard and 1/4 teaspoon pepper to bread crumbs; blend well.

Add . . . 3 well-beaten egg yolks Beat . . .

3 egg whites until stiff but not dry. Fold into meat mixture. Shape into a loaf. Place . . . in oblong baking dish or pan.

Combine . . . 2 tablespoons melted butter and 1/4 cup Brer Rabbit Molasses; pour over meat.

Bake . . . at 350 degrees for about 1 1/2 hours, basting occasionally. Garnish baking dish with vegetables.

If a more perfect shape is desired, pat meat into loaf pan which has been rinsed with cold water. Turn out onto baking dish.

From Kraft Kitchens—

## Solved: The Problem of a Perfect Meringue Every Time

So many homemakers have said, "I'd love to try those beautiful desserts . . . but I can't make a decent looking meringue."

Ladies, here is the answer—"Good and soft—and they stay that way, too!" Of course, we're talking about Kraft Miniature Marshmallows—

because they take the waiting and the worry out of meringue making. This recipe just can't fail . . . and the secret is in the Miniatures!

When you attend the cooking school, you'll see the Best of All Days home economist prepare right before your eyes all those luscious desserts that up 'till now, you've been afraid to tackle. She'll show you how easy it is with Kraft Miniature Marshmallows.

If you like, get an early start—have a party in your kitchen with "Baked Alaska Neopolitan" or "Snow-topped Cherry Tarts." You're sure to agree—it's so easy with Kraft Miniatures.

### Black Raspberry Revel Pie

Beat 1/2 cup black raspberry jelly or preserves (other flavors may be substituted) with fork. Prepare vanilla filling. Spoon half of filling into baked shell. Drizzle half of jelly over filling. Repeat with remaining filling and jelly. Cut through with knife to reveal.

**COOKING IDEAS? COMING UP!**  
Kraft Miniature Marshmallows can give a new look to family favorites, too—for instance, "Celestial Casserole," the difference between ordinary sweet potato casserole—Kraft Miniatures!

**CELESTIAL CASSEROLE**  
BAKE at 350 degrees for 15 to 20 minutes.

PLACE . . . 1 can (1 lb., 7 oz.) sweet potatoes, drained and sliced and 1 unpeeled orange, sliced and quartered in casserole.

Top with . . . apple jelly or currant jelly.

Dot with . . . margarine

Bake . . . at 350 degrees for 15 to 20 minutes. Sprinkle with . . . 1 cup Kraft Miniature Marshmallows Return to oven until lightly browned.

# Grand National Bake-Off Recipes

Each year, homemakers across the country wait patiently for Pillsbury Grand National Bake-Off recipes to be released, along with the names of the winners.

Maybe some of you have entered your favorites—if so, you know a little bit about the judging. If not, you are content with the thought . . . these recipes have been tried, tested and judged . . . you can be sure of one thing—when you bake with Pillsbury's winning recipes, you are baking with the best!

Special, too, for all ladies attending the Best of All Days cooking school on September 26 . . . see demonstrated first hand by the home economist, many of this year's prize-winning recipes. At the door, your special Best of All Days cook book, containing even more winners. Bake your way to fame—with your family! Be it pies, cakes or cookies—they're Best of All if they're Pillsbury's.

Here are some winners for you to try!

### LEMON LUSCIOUS PIE

BAKE at 450 degrees for 10 to 12 minutes.

MAKES 9-inch pie. Sift together . . . 1 cup sifted Pillsbury's Best All Purpose Flour and 1/2 teaspoon salt into mixing bowl.

Cut in . . . 1/2 cup shortening until particles are the size of small peas.

Sprinkle . . . 3 or 4 tablespoons cold water over mixture, while stirring with fork until dough is moist enough to hold together.

Form . . . into a ball. Flatten to 1/2-inch thickness; smooth edges.

Roll out . . . on floured surface to a circle 1 1/2 inches larger than inverted 9-inch piepan. Fit into pan. Fold edge to form rim; flute. Prick.

Bake . . . at 450 degrees for 10 to 12

minutes until golden brown. Cool.

### Sour Cream Lemon Filling

Combine . . . 1 cup sugar and 3 tablespoons cornstarch in saucepan. Add 1/4 cup butter 1 tablespoon grated lemon rind 1/4 cup lemon juice and

## Needlecraft News by Nancy Baxter

**IRIS**, as most of us think of the word, is a beautiful flower with delicately contoured petals. To the ancient Greeks, however, Iris was a woman—Goddess of the Rainbow. Later, her name was used to refer to any rainbow-like play of colors. So, the Iris we know — a floral perennial appearing in a variety of hues — is more than true to this "rainbow" image.

### PURPLE PASTELS

In selecting an Iris design that would express this image and capture the same feeling of movement found in nature, I chose the place mat set shown here. The Iris itself is embroidered in shades of purple, with careful accents of gold, and the natural touches of green. Adding perspective to this thoughtfully patterned arrangement is that harmless and welcome ambassador of nature, the Dragonfly.

### FOR BEGINNERS, TOO

This may well be the most beautiful piece of needlecraft art you've ever made, and it's easy enough for a beginner to successfully complete. The design is worked in the satin and stem stitches so popular in Crewel work, and bordered with a hemstitched edge that adds just that special touch. Complete directions for a four-piece set are absolutely free, and include a re-usable transfer sheet which gives up to 6 impressions. With this multi-impression transfer, tracing the pattern is eliminated, and each design is accurately imprinted in just 2 to 3 seconds! All you have to do to get started is request Leaflet No. PE 2710 from the Needlework Editor of this newspaper. Be sure to include a stamped, self-addressed envelope.

**SOFT AND SEPARATE . . .** describes the way this nightgown case will keep your things in drawer or suitcase. It also makes an ideal garment envelope for just about anything else you can think of—lingerie, hose, scarves . . . As shown here it's made of aqua gingham. The design has been embroidered in black and white with "watermelon" accents. Free instructions are yours for a stamped, self-addressed envelope mailed to the Needlework Department of this newspaper. ## Quite a variety!!! Chevrolet offers 43 models for '64

**FOR 1964, THE CHEVROLET** Motor Division will offer a total of 43 models in five separate passenger car lines. Each line is distinguishable by its own styling and wheelbase. Above, reading down: The 108-inch wheelbase Corvair Monza coupe; 110-inch wheelbase Chevy II Nova four-door sedan; the newest car in the Chevrolet family — the Chevelle Malibu four-door sedan, which has a wheelbase of 115 inches, while the Chevrolet Impala sport sedan is built on a 119-inch wheelbase. Not shown is the Corvette Sting

Ray, which sports a 98-inch wheelbase. Chevrolet dealerships will have a representative showing of all models when the new cars are introduced September 26. L. G. McKay Jr., owner of McKay Sales Company, local Chevrolet dealer, invites everyone to view the new Chevrolets at his showroom. New models will also be on display in the Tawas Area High School parking lot in conjunction with the Thursday evening cooking school.

## Shari Gruits Drives Chevrolet Exclusively

FOR THE PAST SEVERAL YEARS, SHARI GRUITS HAS DRIVEN NOTHING BUT CHEVROLETS AND AVERAGES 30,000 TO 40,000 MILES PER YEAR. SHARI'S COMMENT IS—"CHEVROLET RIDES LIKE A DREAM, DRIVES LIKE A DREAM."

NANCY BAXTER PRESENTS—

# Holiday Minded Needlecraft

Send self-addressed, stamped envelope to The Tawas Herald for free patterns.

HERE'S AN IDEA FOR CHRISTMAS that's practical as well as pretty. It realistically takes into account the fact that a good part of your Christmas day might be spent in the kitchen. Yet, it manages to add a festive note to even the most mundane of kitchen chores. Making this little apron and potholder set is simple if you're familiar with the cross stitch. If not, you'll find that this technique can be mastered in a jiffy. Instructions are yours, free of charge. Simply mail a stamped, self addressed envelope to the Needlework Editor of this newspaper and ask for Leaflet No. PE 2478.

HOLIDAY TOGGERY here reaches out to embrace the younger set. This woolen jerkin is crocheted using heavy knitting worsted and is made extra-festive by the addition of a gay felt snowman on one side. The texture of this perky little coverup only looks complicated; it's actually based on the simple combination of single and double crochet stitches. Instructions are available free of charge. Simply mail a stamped, self addressed envelope and your request for Leaflet No. PC 1560 to the Needlework Editor of this newspaper.

"HARK, THE HERALD ANGELS SING . . ." Well, these angels don't sing, but they do everything else in terms of providing a handsome table or tree decoration for the holiday season. Made with mercerized crochet cotton in alternate rows of double and single crochet, they're trimmed with beads for that extra "heavenly" look. Starch and a ribbon covered wire frame make them firm enough to stand up. For your copy of free instruction leaflet—No. PC 1976—just mail your request and a stamped, self-addressed envelope to the Needlework Editor of this newspaper.

MORE IDEAS in the Christmas spirit; these made with felt, stuffed with cotton, trimmed with glittery sequins and beads, and hung prominently on your Christmas tree. You'll be amazed at what our needlecraft wizardry can do for an ordinary evergreen tree. Instructions are yours, free of charge, upon request. Just send a stamped, self addressed envelope to the Needlework Editor of this newspaper and ask for No. PE 2925.

From the Nestle Kitchens

## New for Nibbling

Has your cookie jar taken on the "Mother Hubbard" look? Let Nestle's help you change all that—and they will, if you are stocked up on either Semi-Sweet Chocolate Morsels or Butterscotch Morsels!

Still warm from the test kitchen, the complete collection of new nibbling delights will be demonstrated by the Best of All Days home economist when you attend the cooking school—and they will be all yours, too, in the Best of All Days cookbook, for you when you attend.

You are sure to be a lady of action, so we will not make you wait to get started. Here are a few mouth-watering secrets smuggled to us by our "spy in the kitchen."

If it is chocolate you prefer, by all means try these semi-sweet morsel creations— "Chocolate Cracklers" . . . the ever-popular drop cookie, topped with walnut halves; "Quick Party Bars," quick, indeed, because you can bake them just before dinner and top later, in time to serve.

### CHOCOLATE CRACKLERS

BAKE at 375 degrees for 8 to 10 minutes.

MAKES about 2 dozen.

Sift together . . .  
1 cup sifted Pillsbury's Best All Purpose Flour  
1 teaspoon salt and  
½ teaspoon double-acting baking powder

Melt . . .  
1 cup (6 oz. pkg.) Nestle's Semi-Sweet Chocolate Morsels.

Cool.  
Cream . . .  
½ cup butter. Gradually add  
1 cup sugar and  
1½ teaspoons vanilla, creaming well.

Blend in . . .  
2 unbeaten eggs; beat well. Blend in the melted morsels, then the dry ingredients.

Stir in . . .  
1½ cup chopped nuts.

Drop . . .  
dough by rounded tablespoons onto ungreased cookie sheets. Place a whole walnut half on each, if desired.

Bake . . .  
at 375 degrees for 8 to 10 minutes.

### QUICK PARTY BARS

BAKE at 350 degrees for 15 to 20 minutes.

MAKES about 1½ dozen bars.

Cream . . .  
½ cup butter. Gradually add  
½ cup firmly packed brown sugar and  
1 teaspoon vanilla, creaming well.

Blend in . . .  
1 unbeaten egg; beat well.

Add . . .  
½ cup sifted Pillsbury's Best All Purpose Flour and  
½ cup rolled oats. Mix thoroughly.

Turn . . .  
into well-greased 11x7-inch pan.

Bake . . .  
at 350 degrees for 15 to 20 minutes. Cool slightly.

Melt . . .  
1 6-oz. (1 cup) Nestle's Semi-Sweet Chocolate Morsels with

1 teaspoon shortening. Spread over cookies. Sprinkle with . . .  
½ cup finely chopped nuts. Cut into 3½x1¼-inch bars.

### To the Butterscotch Lover . . .

. . . A tip of the Nestle hat! "Butterscotch Apple Crisp"—an old favorite but so much better when made with butterscotch morsels—and so perfect for that mid-afternoon coffee break.

### BUTTERSCOTCH APPLE CRISP

BAKE at 375 degrees for 15 minutes, then for 25 to 30 minutes. SERVES 8.

Sift together . . .  
½ cup sugar  
¼ cup Pillsbury's Best All Purpose Flour and  
¼ teaspoon cinnamon.

Add . . .  
5 cups thinly sliced and pared apples. Stir until apples are well coated.

Turn . . .  
into well-greased 8x8-inch pan. Bake . . .  
at 375 degrees for 15 minutes.

Melt . . .  
1 cup (6 oz. pkg.) Nestle's Butterscotch Morsels over hot (not boiling) water.

Stir in . . .  
¼ cup soft butter.  
Blend in . . .  
¾ cup sifted Pillsbury's Best All Purpose Flour and  
1-8 teaspoon salt until mixture resembles coarse crumbs. Sprinkle over hot apples.

Bake . . .  
for 25 to 30 minutes. Serve warm, plain or with whipped cream.

Company Coming? Need Extra Help?

You'll never need extra help in the kitchen—because it is right there, at your fingertips! Alcoa Wrap Aluminum Foil! You can cook, bake and serve—all in foil—just be sure to have an extra supply on hand, because there is no end to Alcoa Foil's usefulness.

First of all, you will want to set a pretty table. Alcoa Foil's "Centerpiece Tree" adapts to any special occasion or simply as a holder for fresh flowers.

Next, keep your guests nibbling happily from your Alcoa "Olive Tree" while you finish your kitchen preparations.

Short on serving dishes? No need to worry—if you serve "Lobster AuGratin" . . . heavy duty Alcoa Wrap makes its own—or if it's ham you prefer, get ready for compliments . . . because Alcoa Heavy Duty Aluminum Foil kept all that flavor in while baking.

Time for dessert? A "Sweetheart Cake" maybe—baked in Alcoa Foil pans.

Gather up your leftovers and reach for Alcoa Wrap—your guarantee for freshness and flavor.

Dishes? Well, hardly any! You have actually "thrown them away!" See how easy it is!

Noted Designer Says—

# California Kitchens Are Colorful

"This is a California kitchen—color it with imagination," says Mrs. Mary Ann Kruec, California kitchen designer, to her customers.

"Women—at least those in my part of the country—are much more daring about the use of color in kitchens than they used to be. In the past, most kitchens were either yellow or white. Today's homemakers do not hesitate to use two and often three different colors," according to Mrs. Kruec, owner of Western Kitchens in Pomona.

"There is a strong preference for appliances in colors. Many prefer matching colors, but others like to use contrasting colors," Mrs. Kruec added.

"The use of labor-saving automatic appliances in our kitchens is just about mandatory and among these, built-ins lead the way. Automatic electric dishwashers, for example, are classified as standard equipment in virtually every home above \$12,000," she said.

Mrs. Kruec urges families to select a quality dishwasher because, she says, "It's the most-used appliance in the kitchen." The pace-setter in electric

ranges, according to Mrs. Kruec, consists of separate built-in wall ovens and surface units. The next most popular is the type that features an oven or double oven above the surface cooking units. These high-oven ranges, which hang on a wall or set on a cabinet, are excellent for use by renters. They look built-in but can be taken along when a family moves.

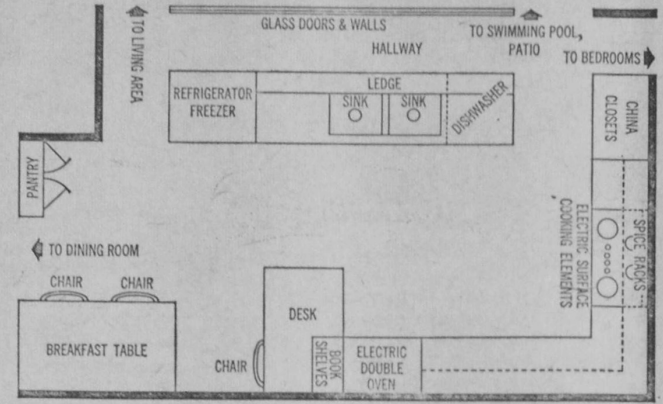

Most of her clients specify two ovens, Mrs. Kruec said—one for meat and one for baking. "Two ovens plus the marvelous automatic controls they have today help give the housewife a lot more freedom and she is a better cook, too, because results are consistently good. And electric double ovens require a minimum of space," she added.

The trend in electric refrigerator-freezers is toward larger capacity and also toward combination refrigerator-freezers that never need defrosting, Mrs. Kruec noted.

"In 1946," she said, "refrigerators were eight, nine or 10 cubic-foot units. Today, for the same price, 18 and 20-cubic-foot units are available—and they do not take up any more floor space than the old ones."

Mrs. Mary Kruec tests efficiency of new, all-electric kitchen she designed for the Walter Sterling family of Claremont, California. As floor plan shows, working area is compact, yet there is ample storage and counter space, plus room for several people to work. Sliding glass doors give view of pool and patio from dishwasher sink area in foreground.

And what about Mrs. Kruec's own kitchen? It is adequate, she said, but it does not come close to the

dream kitchen she has designed for the new house she and her husband are soon to build.

"It will have electric appliances throughout, plenty of room to move around, ample counter space, separate refrigerator and freezer units."

To Each Homemaker—

## Best of All Days Cookbook Given at Show

Passed out to every homemaker as she enters the door at the Best of All Days cooking school on September 26 will be the all-new, illustrated Best of All Days cookbook.

Recipes included in the colorful cookbook are the tested favorites from the kitchens of Pillsbury Flour, Nestle's, Fleischmann's Yeast, Stokely-VanCamp, Brer Rabbit Molasses, Alcoa Wrap and Kraft Foods.

All of the recipes are family tested and special emphasis is placed in preparing the cookbook by including only recipes which would fulfill the title, Best of All.

All totaled, there are over 40 easy to prepare, outstanding recipes appearing in the new edition of the Best of All Days cookbook. Theme of this year's recipes is "dare to be different" in your cooking and baking.

There are the quick 'n easy kind, new and different yeast breads, Best of All main dishes and casseroles, Best of All cookies, pies, cakes and desserts.

In addition to reading the recipes in the cookbook (and having a new cookbook to bring home with them after the cooking school), homemakers at the school will be able to follow the demonstrating home economist as she prepares foods on the stage from recipes taken directly from the Best of All Days cookbook. In other words, the cookbook will be used as a sort of program during the cooking school.

The Best of All Days cookbook has been hailed as one of the brightest, most appealing cookbooks ever to be produced. And these words of praise have come from members of the home economics field throughout the country.

The demand for last year's edition of the Best of All Days cookbook was so great that the printers could not keep up with the requests for additional cookbooks. This year's edition is considered by food experts as even better. Only those homemakers attending the cooking school will receive a free cookbook.

JOHN WAYNE (above) stars in the internationally acclaimed hit, "The Longest Day," showing at The Family Theatre, starting tonight, Wednesday, September 25. Forty-two international stars are featured.
