DONATIONS of life-giving blood will be received from Iosco County residents during the bloodmobile visit next Monday. Headquarters will be at St. Joseph Social Center.—Tawas Herald Photo.

Red Cross Bloodmobile Coming Next Monday

The American Red Cross bloodmobile will visit Iosco County Monday, April 6. Headquarters will be the St. Joseph Social Center, East Tawas, from 2:00 to 8:00 p. m.

Activities of the day will be under supervision of the Tawas Kiwanis Auxiliary. Tawas Hospital Auxiliary will have charge of the center.

"Never underestimate the power of a pint of blood," states Louis Awalt, bloodbank chairman. "It furnishes gamma globulin to fight measles, polio and hepatitis; serum albumin for shock, burns and to combat kidney and liver diseases; fibrinogen for childbirth hemorrhage, cardiac and lung surgery.

"It also furnishes whole blood for the day-in-day-out fight for life in accident and illness; anti-hemophilic globulin for hemophiliacs and other types of bleeders; reserve of plasma and blood fractions for shock in disaster."

The state health laboratory is the only place in the world where anti-hemophilic globulin is produced. It is free to anyone in Michigan because of blood donations to the American Red Cross.

"Help protect yourself, your family, your community and your nation," said Awalt. "It is painless and harmless. It takes about an hour from registration to center."

Persons may give blood if they are between the ages of 18 and 60 and in good health. A Red Cross nurse-doctor team will be at the center to check donors.

A light meal is desirable before

Reported Safe After Alaskan Earthquake

A former Tawas City girl and her family, now living at Anchorage, Alaska, were reported safe after Friday's devastating earthquake.

AIC and Mrs. Dale Bahr (nee Nila Trinklein), their two children, Kathy and Rita, were reached by telephone Sunday by her parents, Mr. and Mrs. L. J. Trinklein of Tawas City.

The Bahrs live at a trailer park near Anchorage and, except for the trailer being knocked crooked on its foundation, everything was "OK" with the family. The Trinkleins had been trying to reach them since word of the earthquake was flashed to the nation.

COMMANDER TO SPEAK

Col. Bruce B. Knutson, commander at Wurtsmith Air Force Base, will be guest speaker at the Thursday noon meeting of Tawas City Businessmen's Association. An invitation is extended all to attend the luncheon at Barnes Hotel.

National Gypsum Tells Plant Expansion Plans

Expansion and modernization of National Gypsum Company plants over the next three years, including those in Michigan, was announced at a news conference at Detroit last Thursday night by Chairman Melvin H. Baker.

One phase of the 102 million dollar program calls for the Huron division to boost the cement capacity of the Alpena mill—already the world's largest.

Although other Michigan plants were not named specifically, a breakdown of capital outlay includes plants at Allentown, Pennsylvania; Richmond, California; and to build new gypsum plants at Long Beach, California; Tacoma, Washington, and at an undisclosed location in the Great Lakes area.

Thirty million dollars is to be expended for the expansion and modernization of the company's existing plants. Baker told the news conference that the company's eight plants in

Michigan last year pumped \$31,697,000 into the state's economy. The outlays were for wages, salaries, capital expenditures, purchases, contributions and taxes.

Optimistic about the business outlook, Baker said, "The entire Great Lakes area has a bright economic future."

"The recent federal tax cut figures in our decision to go ahead with this 102 million dollar capital expenditure program," Baker added. "The reduction permits us to retain additional earnings which can be used to modernize and enlarge capacities and create more jobs."

Noting that home building is running 19 percent ahead of last year, the NG founder observed that the outlook for the construction industry continues to be very favorable. He predicted that home building will rise from its current 1.5 million annual level to 1.8 million by 1970.

RACES MAY SPICE APRIL 6 VOTE

Fluoridation-Aldermen Contests at East Tawas

Three races for city offices and an advisory ballot on fluoridating the municipal water supply will feature the annual spring election next Monday at East Tawas.

The lone race listed on the ballot finds Robert C. Bolen and Merton F. Killey vying for the Third Ward alderman post being vacated by Edward Siefert Jr., who chose not to run for re-election after completing his term.

Edward Higgins is listed on the ballot as candidate for Second Ward alderman to succeed Ralph Meyers, who chose not to run for re-election. Higgins is being opposed by a sticker candidate, James R. Dotter.

The third race is for justice of the peace. No candidates are listed on the ballot and voters must write in the name of the person he wishes for this position. Campaigning for the post, vacated by Mrs. Celia Berzhinski Jackson after the dead line for filing nominating petitions, are George Duff and Carl Eckman.

Unopposed in the non-partisan city election are Mayor C. L. McKenzie, Clerk F. B. Lomas, Treasurer Grace C. Pelton and First Ward Alderman James Campbell.

Added interest in the spring election is expected to be generated with the advisory vote on fluoridation. This special ballot

was authorized by the city council after the water board had recommended that the city treat its water supply with sodium fluoride to reduce tooth decay.

Promoting the water treatment have been the Tawas Kiwanis Club and Dr. Earl Hasty, district health director.

Youth Arraigned on B&E Charge

A 17-year-old Oscoda youth was arrested and a 15-year-old was turned over to probate court authorities last week on charges of breaking and entering.

Nestor A. Velasco waived examination when arraigned in justice court Monday. He was bound over to circuit court.

The two boys were apprehended Friday night during a burglary at the Wabun Resort south of Oscoda. Arresting officers, Jerry Kruse and James Finley of the Iosco Sheriff's Department, had been watching the building for three nights.

Breaking and entering of the resort, which had been closed for the winter, was discovered the previous Tuesday night. A dozen bottles of high-priced champagne had been stolen from the resort's bar.

On investigation, officers believed that the burglars would return. In cooperation with the Oscoda Township Police Department, Kruse and Finley spent three nights hiding in wait.

After entering through a basement window, the boys were apprehended as they were about to leave with nine bottles of champagne in their arms. Several other youths have been implicated and the theft is still under investigation.

Parcel Post Rates Increased Today

Postmaster Martin Kasischke reminded residents of Tawas City that an effective date of April 1 has been set for new domestic parcel post rate increase.

The parcel post increase, approved recently by the Interstate Commerce Commission and averaging about 13.1 percent, is expected to yield about 75.4 million dollars annually.

Catalog rates will be increased approximately 13 percent and will produce added revenue of about 2.4 million dollars if 1962 volume is maintained.

The higher rates do not effect air parcel post or international parcel post.

The local office has been advised by Postmaster General John Gronowski that the decision of the ICC will assist the post office department in carrying out its objective of reducing the drain on the federal treasury by 100 million dollars.

The last parcel post increase was on February 1, 1960. To illustrate the effect of the new rates, a six-pound parcel, which is the average weight, for local area delivery will cost 37 cents instead of 32 cents.

CIGARETTES GO
By request of the American Cancer Society and Michigan Department of Health, the cigarette machine in the lobby of Tawas Hospital has been replaced with a candy machine, according to an announcement from Sister Olivia, SSJ.

POSSIBLE SOLUTION to a parking problem at the state park in East Tawas may be reached this week. Tentative approval has been given for construction of a 60-car parking lot left of the harbormaster's office (above left), with a turning

area around the building. A considerable number of parking spaces will be lost along US-23 when the highway department starts its new construction this year.—Tawas Herald Photo.

Parking Lot-Turning Area Win Tentative Approval

Tentative approval for locating a 60-car parking lot east of the harbormaster's office to relieve a parking problem in the state park, along with a turning area at the foot of Newman Street, has received tentative approval of the state conservation commission.

According to Carl Babcock, who has spearheaded this drive for the City of East Tawas, all that remains now is working out details for the final exchange of property with East Tawas and development of the parking lot.

"The conservation commission was very receptive to our proposal and expressed the desire to cooperate," said Babcock. Final approval remains with the commission.

ARTHUR ELMER, parks and recreation chief for the Michigan Department of Conservation, along with his assistant, Robert Dodge, met here last Thursday with Babcock and the council-appointed committee composed of Chamber of Commerce President Ralph Western, Hotel Owner John Pinter and Councilman James Campbell.

Need for such a parking lot was stressed recently when it was pointed out to the city that a large number of parking spaces along US-23 near the Newman Street intersection would be lost when the state highway department insti-

tutes its highway rebuilding program.

"The parking situation has been growing in the past few years, even faster than we have been able to develop, and we look for an even faster growth this season and in the future," stated City Attorney Michael Freil when the committee appeared before the commission. "However, the center of all this is where we are now going to be deprived of existing parking facilities."

FREEL SAID the City of East Tawas has, from time to time, obtained vacant areas near the business section and developed parking facilities. Certain business people have developed areas of parking at their own expense.

However, at the present time, there is no more area available to absorb the parking that will be required for visitors to the state park when it is banned from US-23.

The city attorney also pointed out that a safety factor should be considered. At the present time, without adequate room at the foot of Newman Street, it is necessary for cars parking between the present park entrance and the dock to back up a considerable distance in order to turn their car around to exit from the area. This is a dangerous maneuver with the large number of children and

adults walking to and from the park and to the dock, as well as from downtown.

The city engineer prepared plans providing for a turning area as well as a parking lot, all of which would be developed by the city. The plan would utilize only that area which has been a marsh along the beach in the past, where on the wastes from dredgings done by the waterways commission were deposited last fall. This does not utilize any area presently used to any advantage by the public.

IN A LETTER Monday, Elmer told Babcock that the matter was to be reviewed this week by the conservation director and the waterways commission. Favorable action is expected.

"Mr. Dodge and I discussed the problem of garbage removal and general clean up of the parking area and hope that this can be defined as a city responsibility," said Elmer. "We decided that we would require the parking lot to be fenced so that cars could not be driven off the lot into the park when the lot is filled."

Elmer said that the department would furnish the fence and posts with the understanding that construction would be a responsibility of the city.

PLAN BEAVER DINNER

Plans for an April 13, 6:00 p. m., beaver dinner will be discussed at the April 3 meeting of Jesse C. Hodder American Legion Post members. All members are urged to attend this 8 o'clock session at the Legion Hall, Tawas City.

One 'Write-In' Candidate for T. City Council

All but one incumbent officer is running without opposition in Tawas City's spring election Monday, April 6.

Clarence Oates announced early this week that he would be a write-in candidate for Second Ward alderman.

Running for re-election as mayor is George W. Tuttle. Other members of the "official family" seeking re-election are Clerk Walter C. Nelson and Treasurer Ruth Albertson.

Supervisors seeking re-election are Clement Stephan, First Ward; John Hoshbach, Second Ward; Clarence Everett, Third Ward.

First Ward voters are to select two aldermen, Daniel Ulrich, two-year term, and Clark Tanner, one-year term; Clyde Evril seeks re-election as Second Ward alderman and Howard Hatton is running for another term as Third Ward alderman.

Both Ulrich and Tanner were appointed to fill vacancies during the past year.

Filling out the council are Alderman Earl B. Davis, Second Ward, and Cecil Cabbie, Third Ward, who have one year remaining on two-year terms.

Republicans held their last caucuses and city convention here in February. In the future, candidates for city offices are to be selected by the nominating petition-primary system.

Tawas City's Total Assessed Valuation Slightly Higher in '64

Tawas City's total assessed valuation, as determined by the recent board of review, is \$2,264,500. This is an increase of \$8,900 over the total for the three wards last year.

The principal increase came in the First Ward where new construction boosted real property from \$608,700 in 1963 to \$619,000 in 1964. Personal property, with a total of \$141,200, showed a \$200 loss.

The Second Ward showed a decrease in real property from \$425,800 in 1963 to \$423,600 in 1964. Personal property showed an increase from \$45,600 in 1963 to \$48,300 in 1964.

Third Ward values remained at about the same level. Personal property total was \$915,400, a loss of \$200 from last year. Personal property total, showing inventory adjustments, was \$117,000, a loss of \$1,500.

Seek New Members for Hospital Auxiliary

As an effort to recruit new members for Tawas Hospital Auxiliary, the regular meeting has been postponed until Thursday, April 16. In the past, these sessions have been held on the first Tuesday of the month. If the third Thursday proves to be more convenient, it will be considered as a permanent date.

Members of the board assemble at 7:30 p. m. in the hospital cafeteria with the regular meeting beginning at 8:00 p. m. All interested persons are invited to attend.

Discussions Set on Future Role of Local Government

Township and county government may see a great change in the near future—Michigan's new constitution will permit counties to make their own changes.

A series of three meetings is planned in Iosco County in which Dr. David Booth, political science professor, will speak on the changing role of township and county government. The meetings are sponsored by the Iosco County Cooperative Extension Service.

The first meeting will be at the AuSable Inn, Oscoda, Wednesday noon, April 8. The Oscoda Kiwanis Club will host the meeting. Anyone interested in attending should contact James Abney of Oscoda.

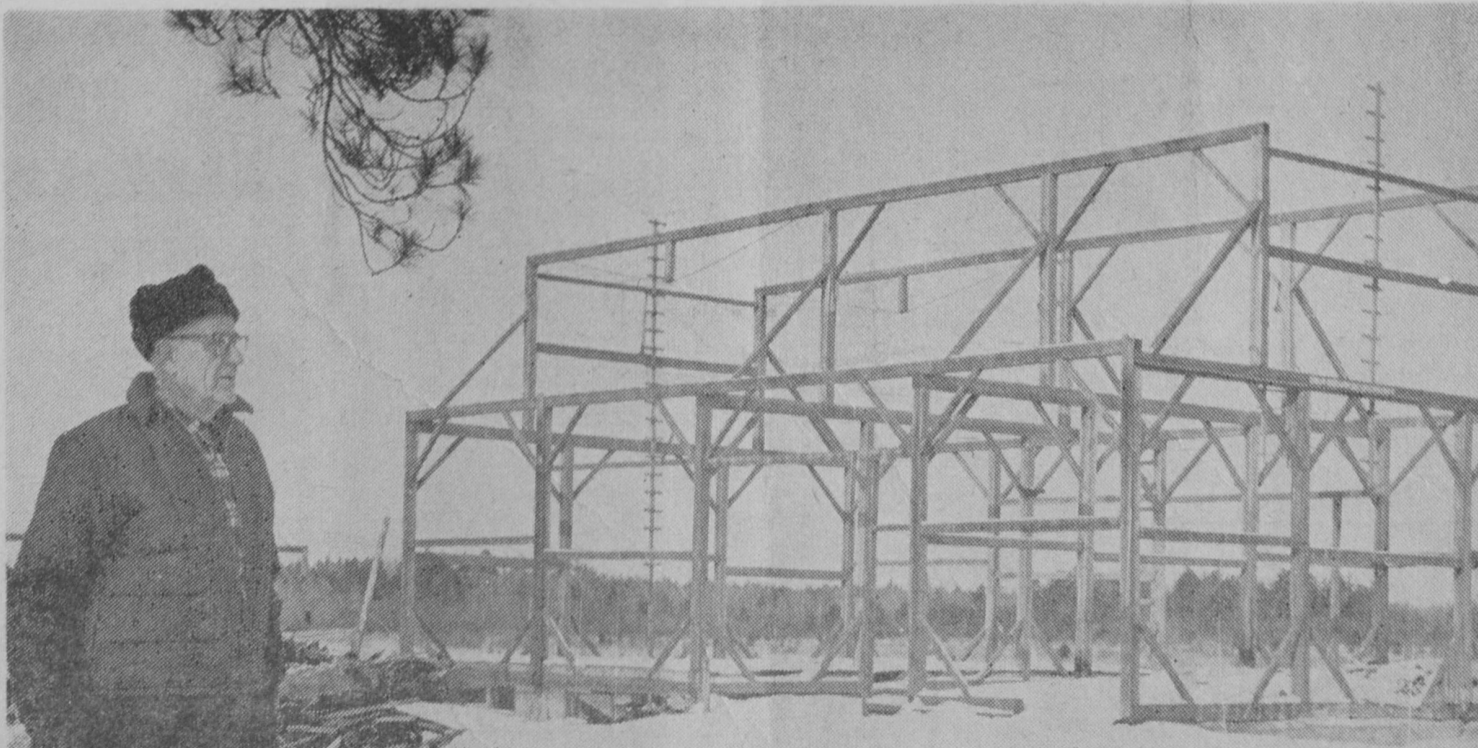

Second meeting will be held at Hale High School from 2:00 to

3:00 p. m. on April 8. This meeting is open to the public. Several Farm Bureau and extension groups have planned to attend.

The evening meeting will be at Tawas Area High School starting at 8 o'clock in the cafeteria. The public is invited to attend.

"Township government was designed for a rural society," states County Extension Director Marvin Davenport. "Inefficiencies in the use of the tax dollars and how township government will change are going to be part of Dr. Booth's discussion."

Anyone wishing further information about these meetings should contact the county extension director at the Federal Building, East Tawas, phone 362-3449.

LOOKING OVER property on which the county board of supervisors hopes to locate its new medical care facility is Clarence Everett, chairman of the board's welfare committee. The proposed site is an 80-acre tract once owned by the Bradley family at the

west limits of Tawas City. It was purchased by Iosco last year. The old farmhouse has been removed and only the frame of the barn remains standing. Actual location of the facility would be slightly north of this area and closer to Harris Avenue.—Herald Photo.

I pledge allegiance to the flag of the United States of America and to the republic for which it stands; one nation, under God, indivisible, with liberty and justice for all.

N. E. and W. N. THORNTON, Publishers

Wanted: Pure Water!

During the past several weeks, this newspaper has opened its columns to anyone who had something to say about the proposed fluoridation of Tawas' water supply. Letters to the editor have been published both pro and con on this subject of national controversy.

Publishers of the Herald take this opportunity to say they oppose fluoridation of the municipal water supply. We personally think it is a waste of money. The benefits are not that substantial. The gallons of water that go down the drain one way or another seem like a way of getting rid of sodium fluoride, rather than giving children the benefit of it from drinking a few glasses of water a day.

Why does the Herald oppose fluoridation? Perhaps this question can best be answered with a question: Why have those millions of voters from Cincinnati, Ohio, to San Diego, California; Seattle, Washington, and Portland, Oregon, recently rejected or discontinued fluoridation by decisive margins? There must be a reason!

Here are some of our reasons for opposing fluoridation:

Artificial fluoridation is forced mass medication of an entire population throughout life for a non-contagious condition. Even promoters of this measure can claim no benefit to children over 10 years of age.

Fluorides have never been proven essential to human nutrition, according to latest releases from the Food and Drug Administration. Moreover, any claim that either the FDA or the American Medical Association endorses fluoridation is contrary to fact.

Assuming that fluorine treatment is beneficial and safe, we wonder whether fluorine application is superior and more rational than other measures: such as, curbing the excessive use of soft drinks containing a high content of sugar or trying to teach the population the importance of proper diet, improving dental care, etc.

It should be emphasized that fluorine is not added to the city's water supply in order to improve the water, to make the water safe from bacteria or more palatable for drinking. The sole purpose of the addition of fluorine is to use the water supply as a vehicle for administering this chemical to the population. One can only speculate what will be the health department's next step suggested in this direction.

Anyone who wants fluorine treatment should be able to take this medication in tablet form, or have it applied on the teeth by his dentist. Since federal law requires a prescription before fluorides such as those used in artificial fluoridation can be purchased, how can water plant operators be asked to assume a responsibility which has already been assigned to our physicians?

In a free society, the individual patient should have the right to reject treatment and choose an alternative. THE CENTRAL ISSUE OF FLUORIDATION IS ONE OF COMPULSORY VERSUS VOLUNTARY ACCEPTANCE OF A PUBLIC HEALTH MEASURE, WHEN NO PROBLEM OF CONTAGION OR POLLUTION IS INVOLVED.

Too many chemical compounds are now being poured into our food and too many toxic compounds pollute the air. Should we increase this or should we not try to limit it to the best of our ability?

The Tawas community has one of the best drinking water supplies in the country. Let us keep this water clean, healthy and as free as possible from chemical additives.

The Health Department and Fluoridation

By E. A. Hasty, M. D.
Director of Public Health
District No. 2

We people in public health endorse the fluoridation of water supplies because we feel that it is a great public health program and a tremendous advance in preventive medicine. It should not be a controversial question in this town or in any other town in America.

No public health measure has ever been as well documented and backed up by such an overwhelming body of proof.

The same organizations that made it possible for you to have your children immunized against poliomyelitis, diphtheria and tetanus are endorsing the water fluoridation programs across the country; namely, the American Medical Association, the American

Academy of Pediatrics and the United States Public Health Service.

In spite of all the accusations and charges made by the opponents of fluoridation, they still have yet to show a single concrete example of the alleged harmful effects. The proponents of fluoridation are asking you to believe that the United States Public Health Service, the state and local health departments, the medical and dental associations are together working against the health of the people. They thereby discredit the entire healing and public health professions in this nation.

I am certain that the fine people of East Tawas are too intelligent to buy this type of propaganda. The choice is yours—vote with those in whom you put your trust.

March 30, 1964

Dear Editor:
In recent issues of your paper, I have read with amusement, and at times, utter amazement the arguments put forth by some of the people in their discussions of this proposal of the fluoridation of our drinking water.

May I add my "two cents worth?" I am not one to be led by a lot of hearsay, by a group of "rabble-rousers." I would rather consider myself as an average thinking man of the Tawasites.

Why do these out-of-town people concern themselves with our decision of whether or not to induce fluoride into our drinking water? Seems to me it is none of their business. We as local citizens should realize that this is a part of a nationwide group that likes to stir things up; the sort of undermining techniques that communists use to break down the morale of peoples.

This person that compared death rates with two Michigan cities is full of "hot air" in my books. It is like saying, "Arizona is not a healthy place to live, because more people die there from asthma than any other place in the country." The statement is true. The truth is asthmatic people go there because the climate gives them so much relief, and many of these people make it their permanent home, hence many of them do die there. See how facts can be twisted to suit the needs of the individual? It is about as foolish as saying, "People are dying this year that have never died before."

Fluorine is no stranger to the people in Tawas City. The former deep wells that the city used as a source of water, contained the fluoride ion. Most of the wells on the neighboring farms do contain a trace of fluoride. This is brought about by an act of nature. Since "nature" is the handwork of God, I figure this way. If it is all right with God, then it certainly is all right with me. How about you?

I would urge the voters of the Tawas to be sure to get out and vote for fluoridation. If you stay home, this other radical bunch will beat you to the punch. For once in your lives, show these people you have your own two feet and you are going to stand on them.

In closing, may I mention a few names of people you know that are behind this program: Dwight D. Eisenhower; Pres. John F. Kennedy (deceased); Dr. C. W. Mayo; Mavor Richard J. Daley of Chicago, largest city in the world with fluoridation; George Meany, president, AFL-CIO.

To this list, I add my name, Your fellow citizen Donald E. Watson

Dear Editor:
Did you know that President Eisenhower did not drink fluori-

'The Easter Story' Given at WSCS Circle Meeting

The Easter story taken from books of the New Testament was presented by Mrs. W. A. Evans at the Tuesday evening, March 24, meeting of East Tawas Methodist WSCS Hope Circle at the home of Mrs. Edward Doak. She also played a recording of Easter music.

During the business session, committees were appointed for the mother-daughter banquet. Serving on the ticket committee are Mrs. Clarence McKenzie, Mrs. William Inglis and Mrs. Clifford Wilkinson; menu committee, Mrs. Donald Eklund, Mrs. John Moffatt and Mrs. Evans. May 8 is the date set for the event. Mrs. Peter Lichtfusz, WSCS president, attended and distributed dishcloths to the group for the money-making project.

The lace-covered table was centered with an arrangement of artificial nasturtiums and corn flowers and candles. Mrs. Evans had received the centerpiece from her sister in Florida. Miss Ruby Evans, Mrs. Alfred Swales and Mrs. J. A. Carlson, hostess committee, served cream puffs, coffee and tea to 12 members and three guests.

Conduct Bond Drive to Sell Bonds for New Home for Aged

Martin Luther Memorial Home, Incorporated, an association of Wisconsin Synod Lutheran congregations in the State of Michigan, is currently conducting a drive for the sale of \$500,000 worth of first mortgage, bearer bonds for the purpose of erecting a new home for the aged in South Lyon.

The home, which has been designed by Begrow and Brown, architects of Bloomfield Hills, will house 76 residents. It is intended as a combination retirement-conventual home made up of five wings connected by a central core which provides space for dining,

relaxing, reading and recreation with craft project facilities. Garden and courts around the home provide walking and sitting area for residents.

The bond issue is to finance construction of the home and the bonds will be sold in denominations of \$100, \$250, \$500 and \$1,000.

They will be offered to members of association churches and other Lutheran congregations in the state, after which they will be available to the general public.

The bonds will bear five percent interest, payable on April and October 1 of each year.

The bond sales office is located at 32900 Five Mile Road, Livonia, Alvin Burkhardt of Saline, one-time treasurer of the Michigan District of Wisconsin Synod churches, is general chairman of the bond drive.

The Rev. Robert Mueller of Peace Lutheran parish is chairman of the board of directors and Conrad Fisher of St. Paul's Lutheran Church, Saginaw, is the co-chairman of this area.

Martin Mrook is parish chairman for Emanuel Lutheran Church, Tawas City.

Martin Mrook is parish chairman for Emanuel Lutheran Church, Tawas City.

Bride-Elect Honored 'Round-the-Clock'

Miss Nancy Frye of Tawas City was honored guest at an around-the-clock bridal shower Tuesday, March 24, at the East Tawas home of Mrs. Paul Sayles. During the evening's entertainment, Mrs. Alfred Miller, Mrs. Henry Frye, Miss Corrie Clements and Miss Arlene Leslie won prizes which were presented to the bride-elect.

Following games, the honoree opened many lovely gifts. Mrs. Douglas Ferguson, Mrs. Laurence Clements and Mrs. Sayles served lime sherbet with strawberries, angel food cake, coffee and tea to 14 guests.

Miss Frye and Terry Priebe will be married April 11.

Engagement Announced

Mr. and Mrs. Frank L. Burridge of St. Johns, Newfoundland, have announced the engagement of their daughter, Penelope Elizabeth Anne, to James Fredric Mark III. He is the son of Mr. and Mrs. James F. Mark Jr. of Grand Rapids and the grandson of Mrs. James F. Mark of Tawas City.

The bride-elect is a graduate of Mount Allison Conservatory of Music, New Brunswick, Nova Scotia, and attended the Royal College of Music, London, England. Her fiancé holds a bachelor of music degree from Eastman School of Music and also studied at the Royal College in London. He is now a member of the United States Air Force Concert Band, Washington, D. C.

A summer wedding is planned.

Plans August Wedding

An August 15 wedding is being planned by Miss Margaret Berry of Lansing and William Laidlaw of Tawas City. Miss Berry is the daughter of Mrs. Ed Berry of Lansing and the late Mr. Berry. Her fiancé is the son of Mr. and Mrs. Walter Laidlaw of Tawas City.

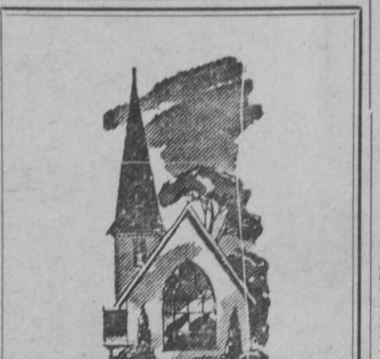

The bride-elect is a graduate of Michigan State University where he was affiliated with Gamma Phi Beta Sorority. Mr. Laidlaw is also a graduate of Michigan State University where he was a member of Phi Delta Theta Fraternity. He is presently entering his senior year at the University of Michigan Medical School, is a member of Phi Chi Medical Fraternity and Galens Honorary Medical Society.

Illness Causes Honor Program Postponement

The program scheduled to honor Mrs. Nellie Misener, a 50-year member of Irene Rebekah Lodge No. 137, was postponed Wednesday, March 25, due to Mrs. Misener's illness. Lodge members discussed the March 28 Easter bake sale during the regular meeting held at the Oddfellow Hall.

At the close of the evening, lunch was served by the refreshment committee.

Tawas Area Player Named All-State on AP Class B Team

Herb Humphrey, center of the NBC Champion Tawas Area Braves, became the first Tawas athlete ever named to the first squad of an all-state team.

In selections announced last Thursday, the Associated Press named Humphrey to the class B all-state basketball squad. He joined the ranks of such prep cage elite as Willie Betts of River Rouge, Ron Hintz of Rudyard, Doug Ostendorf of Hudsonville and Ron Kidney of Wayland.

Humphrey, the only junior on the first five, gained a place among the tops in the state with his all-round five. He is considered one of the best players ever from the Tawas area.

The six-foot, four-inch Tawas sparkplug scored 364 points during the past year by sinking 49 percent of his shots from the floor. He led his team in rebounds with an average of 14 per game. Herb is a star in the classroom, too, where he is an A student.

Receiving honorable mention in the poll were Chuck Anschuetz, Tawas Area senior; Mike Turner, West Branch junior; Ed Butler, Oscoda senior.

Golf Association to Hold Annual Meet Friday, April 17

Tawas Golf Association will hold its annual meeting and election of officers Friday, April 17, 8:00 p. m., at the Tawas Golf Club. Rules of play for the coming year are to be established. All golfers interested in signing for a league are urged to attend.

Pro Wrestlers Here This Friday Night

The best in professional wrestling returns to this area Friday night at Tawas Area High School. The all-star card, sponsored by the East Tawas Lions Club, features eight of the nation's top wrestling stars.

The Great Mephisto will meet Jerry Maiburg in one of the main encounters.

Mephisto, considered one of the most diabolical of all mat rough men, takes great relish making his opponents' defeats painful ones. His constantly brutal tactics, in the ring, coupled with his sneering manner, makes Mephisto one of the most hated matmen in the nation.

Another featured bout will see Ricki "The Crusher" Cortez take on top Canadian performer, Gino Brito.

Cortez, another of matdom's tough men, is a "crusher" in the true sense of the word. Born in the slums of one of Mexico's largest cities, Cortez had plenty of opportunities to see what real brutality is and evidently he has not forgotten it. His wrestling style reflects this.

Two of the world-famous "Mighty Midgets" will also appear in a grappling contest of their own. The other heavyweight bout will pit Johnny "Dynamite" Gates against Tom Londos.

As a special feature, there will be an eight-man mixed Australian tag team bout—midgets and wrestlers in the ring at the same time.

Receipts from the program will go toward financing the Lions Club skating rink program.

ALL-STAR PROFESSIONAL WRESTLING
FRIDAY, APRIL 3rd
TAWAS AREA HIGH SCHOOL
Featuring 8 TOP STARS
★ THE GREAT MEPHISTO vs. JERRY MAIBURG
★ RICKI "CRUSHER" CORTEZ vs. GINO BRITO

Reno News

Lesson on Furniture Construction Presented at Extension Meeting

Members of the Reno Extension Group met Wednesday afternoon, March 11, at the home of Mrs. John Cobb with Miss Beatrice Barnum, co-hostess. Miss Dorothy Scott presented a lesson on furniture with information regarding material used and construction of various types of furniture with tips on the important things to look for when purchasing furniture.

Plans were made for the group to attend the April 14 session of the state legislature at Lansing.

Dr. David Booth will speak at the Hale Area High School April 3 from 2:00-3:00 p. m. Since this is the regular club meeting date, members will attend the meeting followed by lunch at the home of Mrs. Irene Mott.

Sunday, Kenneth Robinson came from Swanton, Ohio. His wife and two children returned with him after spending two weeks here with the Edward Robinsons

and Willard Millers in West Branch.

Elsie Ortleb is spending her spring vacation from Wayne State University with her parents, Mr. and Mrs. Ernest Ortleb.

Mr. and Mrs. Robert Vaughan of Lansing, Mr. and Mrs. Arthur White of Prescott were visitors at the Edward Robinsons Saturday afternoon.

PFC Russell Redmond, who is stationed in Denver, Colorado, is enjoying a two-week leave with his parents, the Walter Redmonds. The Redmonds also entertained their daughter, Mrs. Lloyd Hutchison, and family and son, William Redmond, and Mrs. Redmond of Saginaw Sunday.

The Rev. and Mrs. Alvin Miller and family of Hillman, Mr. and Mrs. Harold Woollever of Saginaw spent Sunday with their sister and parents, Mr. and Mrs. Albert Clemens.

Miss Janet Clemens, who has been confined to Tolfree Memorial Hospital, West Branch, is improving in health.

Mrs. George Wood and son, Grant, were visitors at the Edward Robinsons Thursday evening. Grant will return to his base in Virginia the first of April.

College students from this community who enjoyed the Easter

vacation with their families included Janice, David and James Sturtevant; Jean Sugden; Debra Nichols; Mary Alice and Lynn Waters; Byron, Wanda and Sharon Charters.

Miss Sharon Charters returned to Grand Rapids Sunday after spending a 10-day vacation with her parents, the James Charters. She will resume her student teaching at Creston High School for the next few weeks.

Sunday evening, a number from here attended the Easter cantata at the Hemlock Baptist Church.

Mrs. James Goff and children of Wabash, Indiana; Miss Debra Nichols of Cleary College, Ypsilanti, spent the past week with their parents, Mr. and Mrs. Earl Daugharty.

Mr. and Mrs. Gordon Dodder and boys of Pinconning enjoyed Easter Sunday with his parents, the Jacob Dolders.

Easter Sunday guests at the James Charters home were Halton Charters, Mr. and Mrs. Jack Sweetman and girls of Pontiac and Mrs. Vernon Papple of Alger.

The Rev. and Mrs. Virgil Redmond, formerly of Grand Rapids, now missionaries at Sterling, Alaska, visited the Walter Redmond family Sunday afternoon.

Mr. and Mrs. Larry Kief, Mr.

and Mrs. Harry Kief and children of Pontiac were week-end visitors of their mother and grandmother, Mrs. Rachel Kief and Mrs. Jenny Thompson.

SHERMAN

The Frank Smiths entertained their children, Harvey Smith and Mrs. Stephen Lewicki of Bay City, their families and Mrs. Walter Smith and children for Easter.

The William Bamberger family, Mr. and Mrs. Victor St. James took Mrs. Ray Haska and children back to Lansing Saturday after the Haskas had spent a week here with them.

The George Smiths entertained the LeRoy Schlagel family of Flint, Mr. and Mrs. Floyd Smith and children of Adrian, the Robert Dickson family of Midland for Easter.

During the past week, two large grass fires at the Bernard Koehn and Alfred Jordan homes were extinguished by the fire department.

Robert Kavanaugh of Bay City spent the week-end at his home here.

Mrs. Walter Smith and family visited Sunday with her parents, Mr. and Mrs. Theodore Anschuetz of Tawas City, who recently returned from a Florida vacation.

Mrs. George Jordan and Mrs. Graham Freeland were at Bay City Monday.

The Lawrence Jordans were Tuesday night callers at the Silas Thornton home.

Dale Brown of Pontiac spent the week-end with his parents, the Floyd Browns.

Over the week-end, Mrs. Gerald Koehn Jr. and family of Flint were guests of his parents, Mr. and Mrs. Gerald Koehn.

Donald Grabow spent the week-end with his family here.

WILLIAM SAVAGE, 34, is the newest member of the Iosco Board of Supervisors. He was appointed in January to fill out the unexpired term of Burdge Ashton, AuSable Township supervisor since 1959. A chiropractor, Savage is president of the Oscoda-AuSable Industrial development corporation.—Tawas Herald Photo.

Cited for Helping Base Paper Win Top Recognition

AIC Paul N. Wilson, son of Mrs. Grace Wilson of Canaseraga, New York, has been cited at Sembach Air Base, Germany, for his part in helping the base paper, the Missleer, win top recognition in the air force-wide newspaper contest.

Airman Wilson serves as photographer for the Missleer. The Missleer was the only United States Air Force paper in Europe (USAFE) to win in world-wide competition. In 1962, it was first in the USAFE contest and second in the world-wide event.

The paper is published for members of the 38th tactical missile wing which helps guard Western Europe with combat-ready missiles.

The airman's wife, Nancy, is the daughter of Adam Birkenbach of National City and Mrs. Mary Birkenbach of East Tawas.

'Swing Into Spring' April 5 First Rally for Sports Car Club

The Huron Motor Sports Club executive council announced the motoring schedule for the spring session at its Monday, March 23, meeting.

The kickoff event will be "Swing into Spring" rally Sunday, April 5, starting at 1:30 p. m. at the Oscoda A&P parking lot. Rally Chairman Greg Gaudet promises an outstanding run that will challenge the imagination and skill of driver and navigator. The route will be intricate but moderate and loaded with speed changes with the full scale of penalties. The event is open to public and all cars of any class, providing they pass the safety inspection, under the supervision of the Oscoda Police Department. Final results will be determined at the rally conclusion and trophies will be awarded at the next meeting.

The April 14 meeting will be devoted to the reorganization structure with a film on gymkhana techniques and one for speed enthusiasts.

Scheduled events include an April 19 gymkhana; May 2, a night rally; May 12 meeting and a time trial; May 17.

For further information, call 739-9856 or 739-9566.

Superior Adds New Processes to Line of Cleaning Services

Superior Maintenance, now in its third year of business at Alpena and Rogers City, has added rug, carpeting and upholstery cleaning to its line of services.

Established in December 1960 by Ralph Karschick, the firm recently purchased the Pat Cain Floor Maintenance Service in the Tawas area.

The newest and best machinery, equipment and cleaning compounds and chemicals are used in winning wide acceptance of Superior Maintenance's procedures for floor cleaning and waxing, wall washing, window cleaning and restroom sanitation.

The same modern approach is applied in the rug, carpet and upholstery cleaning service now being added to the line of services.

BALDWIN

Richard Zaharias, who attends Northern Michigan University, Marquette, is home for the Easter vacation.
