### losco's Delinquent Tax List in Herald

Starting in this week's issue of The Tawas Herald is the annual delinquent tax list for unpaid taxes of 1961 and prior years. If 1961 taxes have not been paid, a description of the property will probably appear in this

tax list for sale in May. ACCORDING to Grace L. Miller, Iosco County treasurer, if the 1961 tax is paid before May 5, the description will not be offered in the May tax sale.

The complete list is printed on page 3.

## Tawas City's Last Caucuses Now History

Republican city officers of Tawas City will have no opposition on the spring election ballot. All incumbents were renominated without opposition at Monday night's Republican caucus and city convention and Democrats will not have a city slate as only three persons showed up for its caucus Saturday night.

All city officers were renominated unanimously at Monday night's city convention, including Mayor George Tuttle, Clerk Walter Nelson and Treasurer Ruth Albert-

About 40 persons attended ward caucuses and the only interruption of any kind came in the First Ward where a determination was to have been made Tuesday on a council appointee.

After naming Clement Stephan as candidate for supervisor, the caucus named Clark Tanner and Daniel Ulrich to succeed themselves as aldermen, the former on a one-year term and the latter for two years.

Ulrich had been appointed to fill out the remaining year of Arthur Wegner's term and Tanner had been named to succeed William G. Murray and a year remains on this term. There was a question as to whether Tanner should fill out the remainder of Murray's term or if his name should be placed on the ballot. The city attorney was to have investigated Tuesday.

John Hosbach was named the Republican candidate for Second Ward supervisor and Clyde Evril was named alderman. Clarence Everett was named candidate for Third Ward supervisor and Howard Hatton received the nomination for alderman.

These were the last caucuses and city convention to be held in Tawas City. Next year, the nominating petition-primary system will be used to name candidates.

### FEBRUARY CLEARANCE

SOMEONE ONCE SAID that the quickest way to a man's heart is through his stomach. But I can think of an even quicker way. And that's to make something - yourself - for him.

MEN ARE NAIVE

are very naive about cer-

tain things. They have no

idea how easy it really can

be to knit them something.

All they know is that you

take a ball of wool, a couple

of knitting needles and out

comes something like a

sweater or a vest or the

argyle socks featured to-

day. They-and that's hus-

bands, boyfriends, hoped-

for boyfriends, fathers,

uncles, brothers, cousins-

like a woman to be myster-

ious and feminine. And to

them there's nothing more

feminine than to see a gal do something they can't do.

They think it took time and

trouble to make them those

Scarfs have gone bright

MAKE IT IN A WHIZZ

Men, thank goodness,

socks. They like that. And they know it's more economical to make socks than to buy them. Of course they love that!

#### THESE ARE EASY

The socks we have for you today really are not difficult. You just watch your chart and use the basic knit one row, purl the next row stitch. And all you need is two needles. You might want to use the colors we've used-oxford gray, pearl gray and white. They're very attractive and go with any man's wardrobe. For free directions for knitting these socks just send a stamped, self-addressed envelope for Leaflet B 146 to the Needlework Editor of this newspaper. Why don't you start on these right away? You just might prove my theory on the shortest way to a man's heart.

THERE WAS A TIME, not too long ago, when knitting a scarf was like telling the world that you were just a novice knitter. They were flat and dull looking. And they were almost never worn, but only used as practice pieces. But today all that is different.

The scarf we have for you today is a gem of an example. You can make it in a whizz, because all it takes is the basic knit and slip stitch combination which forms a tube effect and has no seams. It measures 9 x 60 inches, excluding the fringe. And you'll love the fringe design and the bright colors. Do use bold shades. It gives so much zest to the scarf. We've done ours in scarlet and yellow, but there are no limits to the color combinations that will spark this scarf. For free directions just send a stamped, self-addressed envelope and your request for Leaflet No. B 152 to the Needlework Editor of this newspaper.

### **Grain Price Support Program Voluntary For Eligible Growers** Participation in the 1964 feed

grain program will be entirely voluntary, as in earlier years, according to Grant Bessey, Agricultural Stabilization and Conservation committee chairman. Only those growers who take part in the program, however, will be eligible for price support on the three feed grains, corn, barley and grain sorghum.

Producers on farms which grew any of these grains in either 1959 or 1960, or both years, will have the opportunity to sign up in the program during the period which ends March 27. In the meantime, ASCS office staffs will answer any questions growers may have. A new farm feed grain base may be established under the 19-64 feed grain program for farms which did not produce feed grains in 1959 and-or 1960 that meet' eligibility requirements, Mr. Bessey also announced. For further information, interested producers. who wish to file an application, should contact the ASCS office in the Federal Building, East Tawas.

### **VA Urges Vets to Keep Beneficiary** List Up to Date Veterans who have just mar-

ried-do not forget to change your insurance beneficiary. New wives of veterans, see that your husband makes that change. Otherwise, as in the case of one veteran, his bride of a year got nothing. His wealthy sister got \$10,000.

R. M. FitzGerald, the Veterans Administration regional office manager for Michigan, warned newly-married veterans today that VA can pay insurance claims only to the beneficiary named by the veteran. Each year, a number of cases are developed in which the widow, some with children, must see their husband's insurance go to beneficiaries he had named years ago and had forgotten to change.

The most common reasons for obsolete listings of beneficiaries include marriages, remarriages divorces and deaths, Mr. FitzGer ald explained.

If the veteran has forgottten his old beneficiary listing, the VA will help by sending him a micro film copy of the old listing as well as a new beneficiary designation to be filled in with up-to-date information. All the veteran has to do is write the VA office to which he sends his insurance payments being careful to give his full name and policy number. If he wishes to change beneficiaries, he should list both the old and new.

## SS Aim: Pay Right

his account number or with the make sure all of his wages have wrong name or number. It is the been reported correctly. This is responsibility of each worker to especially important if he change make sure that he gives his em- jobs frequently. He stated that ployer his correct name and social any person can check his own ac security number. He also ex-plained that every worker should card form provided by the social in the Tawas Herald! heck his account occasionally to ecurity office.

### Amount to Right Person at Right Time

"The aim of the Social Security Administration is to pay the right amount to the right person at the right time." This statement was made by Paul M. Ellifritz, district manager of social security in Bay City. He added that in most cases it is simply a matter of the person calling at the social security office, applying for benefits, and then waiting a few weeks for payments to begin. Of course, people in the Tawas area may find t more convenient to visit the social security representative, who is at the losco County Building, Tawas City, twice a month. He will be there Thursday, February 27, from 10:30 a. m. until 2:00 p

"In some cases, it is not that simple and the person filing a claim has some trouble and delay n getting his checks started," Mr Ellifritz pointed out. One of the reasons for this is that earnings are not always correctly posted to the person's social security rec ord

Mr. Ellifritz cited several reasons why errors may appear in a person's social security record. His earnings may not have been reported by his employer, or they may have been reported without

## ELECTRIC HOME HEATING is the ultimate

... yet, surprisingly, most installations are going into moderately-priced homes!

Electric Heating Costs Less To Install!	Electric heating costs less to install. No costly fuel storage tank, chimneys, duct-work, no furnace room.
Electric Heating Has Low Maintenance Costs!	Many electric heating systems have no moving parts while others have only a few. Keeps maintenance costs of electric heating equipment low.
Electric Heating Has Only One Operating Cost!	Electricity is the total cost while in other heating systems there is the cost of operating fans or other accessory equipment plus fuel cost.
Clean Electric Heating Saves On Redecorating Cost!	Quiet electric heat is as clean as sunshine. Draperies, carpet and furniture stay cleaner longer. Reduces household cleaning bills.
Electric Heat saves on Remodeling Costs!	Electric heat is ideal when modernizing or adding space because units can be built-in where you want them. Installation is easy and economical.
Electric Heat Adds Resale Value To Your Home!	The growing popularity of electric home heating today, keeps your home modern for tomorrow.

The Total-Electric Home, featuring electric heat, is the newest concept of living comfort. And, contrary to most thinking, expense is not a barrier to this convenient, comfortable, gracious way of life. When you consider all the cost factors, including upkeep and depreciation, plus all the advantages of instant, efficient electricity, All-Electric Living is worth far more than it costs.

Consumers Power Company has a REDUCED RATE FOR ELECTRIC HOME HEATING.

### Named as losco **Ticket Chairman for Democratic Dinner**

Frederic Oates of Tawas City has accepted appointment as Iosco County chairman of ticket sales for the 1964 Jefferson-Jackson Day dinner of the Democratic Party, to be held in Detroit Saturday, March 21, Frank Sierawski, gen eral ticket chairman of the dinner, announced this week.

+ A prominent national personality will be the featured speaker at the dinner, according to Mrs. Robert F. Ritzenhein, general chairman of the dinner. The event will be held in the Light Guard Armory, 4400 East Eight Mile Road, Detroit.

"A special luncheon and an outstanding afternoon program followed by a reception, attended by all Democratic state officials and party officers will also part of the dinner activities," Mrs. Ritzenhein said. The afternoon events will be open to the public without charge.

Mr. Oates pointed out that 1964 is a presidential year and a capacity crowd is expected. Seating at the dinner will be on a "first come, first served" basis. "Those who get their reservations in ear ly will get the choice locations," he said. Reservations may be made by calling him at FO 2-5222.

Look ahead to spring . . . Check your printing needs and order now! Come in for price quotations and samples. The Tawas Herald.

ARTHUR PICARD

Money-Saving Main Dish

Roast pork becomes something mighty special when it is stuffed for baking, then glazed with apricot preserves. The stuffing is the old-fashioned kind made with bread, seasoned with celery, onion and sage, and blended with evaporated milk for just-right moist-ness. The fruity-sweet flavor of the glaze enhances both the meat and the crusty bands of stuffing.

#### Stuffed Pork Roast

3 to 3½ lb. center cut	<sup>1</sup> / <sub>4</sub> teaspoon pepper
pork loin roast	<sup>1</sup> / <sub>4</sub> teaspoon rubbed sage
4 slices white bread	<sup>1</sup> / <sub>2</sub> cup evaporated milk
2 cup finely chopped celery	<sup>1</sup> / <sub>2</sub> cup apricot preserves
1 tablespoon minced onion	2 teaspoons dry mustard
2 teaspoon salt	2 teaspoons lemon juice
and hat to a second of the	

Have butcher separate meat from backbone and slice roast par-tially through into 6 chops. Pull bread into small pieces. Add celery, tially through into 6 chops. Pull bread into small pieces. Add celery, onion, salt, pepper, sage and evaporated milk and mix lightly but thoroughly. Spoon stuffing between the individual chops. Using heavy thread or string, tie the roast together. Place in baking pan with fat side up. Bake in preheated slow oven (325° F.) for 1½ hours. Mix apricot preserves, mustard and lemon juice in a small bowl. Remove roast from oven and spoon glaze evenly over top. Return to oven and continue to roast until meat is done, approxi-mately 20 to 25 minutes longer. Serves 6.

# NBC Crown Nailed by **Tawas Area Braves**

Tawas Area Braves, with help from an unexpected source, nailed down their first NBC basketball crown last Friday night. The Braves defeated last place Pinconning Spartans, 74-63, and the Standish-Sterling Panthers upset the West Branch Orioles, 80-74.

After losing several close decisions in its poorest season in Standish-Sterling salved years, some of the wounds of their second loss to Tawas a week ago by eliminating second place West Branch from the running. The Branchers needed this win to keep pace as Tawas would have had to defeat Gladwin this Friday night to clinch the title.

This championship gives Tawas a sweep of the two major sport trophies in NBC competition this school year, having sailed through an undefeated football season last fall

The championship is a big one for Coach Bill McIntosh and his Braves. Although considered a contender prior to the season opener, Tawas' stock dropped considerably in the eyes of opposing coaches when West Branch shellacked the Braves in the opener. It was an uphill struggle all the way after that 65-47 defeat.

The Braves bounced back to down the Oscoda Owls, 76-60; defeated Standish-Sterling, 52-51, in squeaker; trounced Pinconning, 73-29; edged Gladwin in another close game, 67-65, to go into a tie with West Branch for first place. The Braves then defeated the Orioles, 63-60; downed Oscoda, 68-58, and blasted Standish-Sterling, 86-51.

Pinny, always a tough custo-mer on its own floor, proved to be no push-over for the Braves last Friday night in spite of their low standing in the conference. The Spartans made it a battle all the way with good rebounding and brilliant long shots.

The Braves seemingly did not have one of their better nights, scoring in double figures. That six to lead the Spartans, followed After trailing 41-27 at intermisfor Tawas with Herb Humphrey Basel. leading the way with 29 points and Don Lear having his best night of the season with 21. Oth-

ers hitting double figures were Chuck Anschuetz with 12 and Dennis Blata scored 11.

ter with Lear and Humphrey each four, two each by Foor and A. Braves out in front with eight

How Strong Is Ice? CRITICAL VELOCITY OF MOVING LOADS ON ICE OVER SHALLOW WATER OF A GIVEN DEPTH Water Depth (feet) 6 8 10 15 20 30 4 Critical Velocity (mph) 9 11 12 14 17 19 22 You can't always tell the strength of ice simply by its look, its show. These are points brought out by a U.S. Corps of Engineer study which may keep some fishermen from taking a cold dip this winter. Here are several of the study's other safety tips for users of Michigan's iceways: New ice is generally much stronger than old ice; a couple of inches of new clear ice may be strong enough to support you while a foot of old, air-bubbled ice will not. Cars moving over ice cause "resonance waves" in the ice, and when one or more cars follow each other, these "waves" may crack ice

that normally would be safe. The chart above lists speeds,

geared to water depths, at which your car might crack the ice by

this wave action. In general, drive slower. Parking a car in one spot for a prolonged period tends to weaken the ice. Also, cars

should not be parked close together.
