Tawases Welcome Visitors to Perchville

First Annual Festival Set this Week-End

Ice conditions are perfect and only cooperation from many hungry perch and pike is needed for the first annual Perchville Festival to be held this week-end under sponsorship of the Tawas Chamber of Commerce.

More than 2,000 persons jammed ice in the bight of Tawas Bay last Saturday in a prelude to the big week-end. This was the largest crowd of fishermen ever to be seen at Perchville, but it is expected that numbers on the ice this week-end will be still larger.

This season has been one of the best on record for fishing conditions on Tawas Bay, judging from the large catches of yellow perch and record size pike taken through the ice in recent weeks. Earlier this year, members of the chamber of commerce deemed it an opportune time to revitalize the nationally-famous ice fishing village and planning was started for this festival.

A complete two-day program has been prepared by Chairman James DeWyse and his Perchville committee. Activities range from fishing contests to a softball game on ice.

Highlight of the entire week-end will be the visit Saturday night and Sunday of Terry McDermott, America's only gold medal winner in the winter olympics, and his wife, Virginia. Terry will be on hand to assist EMTA President Ron Gamble in crowning a perch queen Sunday afternoon.

The young man from Essexville, described by the nation's press as "the barber with the world's fastest blades," will also take part in other activities planned on the ice.

The program schedule actually starts Friday evening with local restaurants featuring \$1 perch dinners.

Registration starts at Perchville Saturday morning from 9 to 10 o'clock. Purpose of the registration is to enter names for drawing of three Perchville participation prizes.

A softball game will be played on the ice from 10:00 to 11:30 a. m. between teams to be chosen at Perchville. There will be a food concession on the ice for lunches, sack, leg and foot races are scheduled for youngsters starting at 12:30 p. m. There will also be a spudding contest and a tug of war.

Starting at 2:00 p. m., the Saginaw Bay Snow Plane Rescue Squadron will hold its annual race. Trophies are to be presented to winners of the quarter mile straight race, slalom and oval races starting at 4:30 p. m.

Dances will be held at the East Tawas Roller-drome for the youngsters and also at the East Tawas Community Building, sponsored by the Perchville committee.

A banquet will be held Saturday night, starting at 7:30 o'clock, at the Barnes Hotel. Attending will be members of the Perchville committee, visiting dignitaries and visiting members of the press, radio and television. Reservations may be made by calling the chamber of commerce office.

Sunday's activities will include coronation of a perch queen from (See FESTIVAL, page 10.)

Win Support for Develop. Corporation

An area industrial development corporation, organized only Tuesday of last week, has met with the enthusiastic approval of business-professional men and residents of the entire Tawas area.

Formation of such a group to bring business and industry into the Tawas area and vicinity had been under consideration for the past several weeks since original discussions were started by the Tawas City Businessmen's Association.

Some 55 persons were on hand to back the Tawas Chamber of Commerce in its decision to organize the new group.

Named as original incorporators last Tuesday were Robert W. LaVoy, supervisor of Baldwin Township; Clarence L. McKenzie, mayor of East Tawas; George E. Tuttle, mayor of Tawas City, and Edward J. Nelkie, supervisor of Tawas Township.

The above four men are to serve as directors until the first annual meeting in April when a board of nine directors will be chosen.

Seven hundred fifty dollars was quickly subscribed with thousands more to come from the community at large.

"While we have been selling original units of stock at \$20, there has been some discussion concerning the selling of shares at \$5 in order to involve as many people as possible in the Tawas area," said John Hoshbach, manager of the Tawas City branch of Peoples State Bank, who was chairman of the chamber of commerce's former industrial development committee.

"The area has long been famous as a place to live and a place to play," said Ralph Western, chamber president. "We are out to prove it an ideal place for industry."

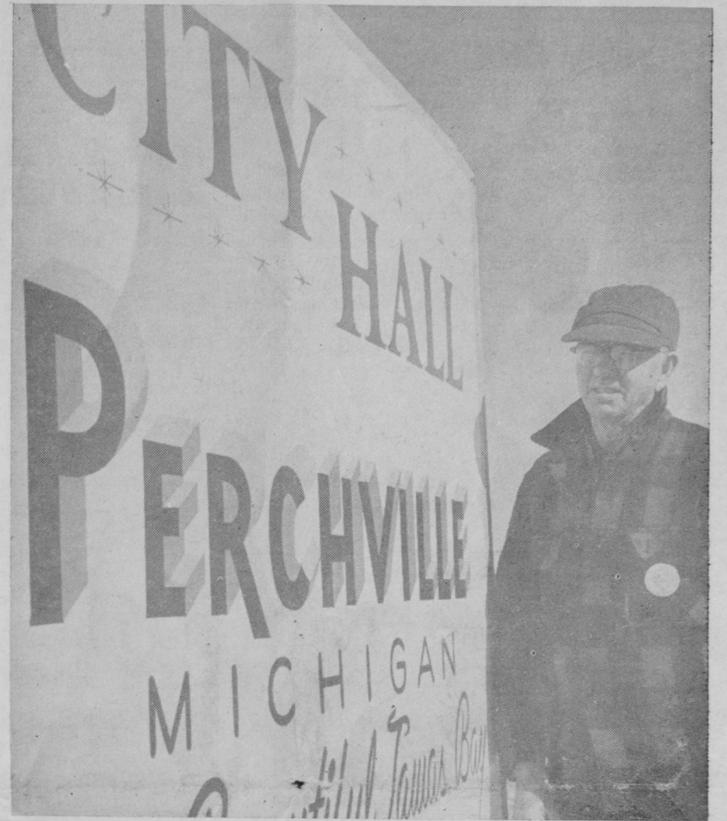

Aiding in the birth of the new corporation were Pete Murdock, Center of Economic Expansion and Technical Assistance, Central Michigan University, Mt. Pleasant, and Ken Houck, Michigan Department of Economic Expansion.

Alf C. Watson, local attorney, handled details of incorporation.

Joseph Barkman Gives Books to TA Library

A collection of more than 100 books has been presented to Tawas Area High School library by Joseph Barkman of East Tawas. The gift included a finely-bound set of works by William Shakespeare.

The books are now being catalogued by Mrs. Ruth Hess, school librarian. A letter of thanks has been extended to Mr. Barkman by the board of education.

Supervisors Revive Plan for County Rest Home

A proposition for construction of a medical care facility for Iosco County will again be placed before voters, according to action taken by the board of supervisors last Wednesday.

Speaking on behalf of the welfare committee, Supervisor C. S. Everett asked for and received permission to select an architect to draw plans for the proposed facility to care for the aged. Permission was also granted to hire Miller, Canfield, Padock and Stone to prepare the necessary legal work for a vote on a bond issue.

A similar proposition placed before voters December 11, 1961, lost by a two to one majority. The board had asked authority to bond Iosco for \$300,000 for 14 years to finance cost of the project. An additional \$250,000 in Hill-Burton funds had been promised by the federal government.

Everett said that the state would be closing many rest homes in Northern Michigan this year because of the lack of required sprinkling systems for fire protection. He said the county should be ready to assume responsibility for many of its older citizens.

In other business, Charles Bailey of Whittemore was named to succeed Robert Curtis, who recently resigned from the Iosco-Arenac Regional Library Board.

Robert Peckham Contractors, Lansing, was awarded a contract to surface the county airport runway with blacktop. Cost of the project to be constructed in 1965, is \$10,000.

Alcco Equipment Company, Bay City, was low bidder on constructing an underground gasoline tank and installation of meter equipment behind the county jail. Bid price is \$1,188.93. Only one other bid was received.

The board instructed Sheriff Ivan O'Farrell to locate a place outside the city limits for a dog pound. He is to report on location and rental cost at the next meeting.

The county treasurer was directed to send delinquent tax

money directly to schools rather than to township treasurers for distribution to schools.

Miss Edna Otis of East Tawas was hired by the board as the county's historian. She served as county centennial chairman in 1957 and East Tawas Centennial chairman in 1962.

The board concurred with the Kalamazoo County Board of Supervisors' resolution asking that the federal government remove all controls from agricultural production.

Braves Draw Bye in District Tourney; Play Thurs., March 5

Annual madcap finish to the prep cage season starts next Tuesday with area teams entered in district basketball tournaments.

In pairings yesterday (Tuesday) at Standish-Sterling High School, Tawas Area Braves drew a bye for the first night, as did the West Branch Orioles.

First night action Tuesday, March 3, at Standish-Sterling Central, will find Oscoda meeting Pinconning at 7 o'clock and Gladwin playing Standish-Sterling Central at 8:45 o'clock.

Thursday night, March 5, the Tawas Area Braves meet the winner of the Oscoda-Pinny game at 7 o'clock. West Branch will meet the winner of the Gladwin-Central game at 8 o'clock.

Thursday night's winners play in the district finals Saturday night starting at 8 o'clock.

Tawas won nine out of its 10-game NBC schedule this year to be crowned conference champion. Only league loss was at the hands of the Orioles, who, with the Braves, are picked as top contenders in the tourney. Last year, the Braves lost two games to West Branch in regular season play and then went on to upset the Branchers in the district.

Board Hires Lansing School Attorneys to Establish New Election Procedure

Tawas Area Board of Education authorized hiring of Thruan and Thruan, Lansing school attorneys, to set up procedure for this year's school election.

At Monday night's regular meeting, Supt. Reynold Mick said that this year's election would come under provisions of the new state constitution. The board felt that it would be well to have procedure established properly under the new law.

No date has been set by the legislature as yet for the 1964 school election.

In other business Monday night, four persons were selected from a list of applicants as election canvassers. This new board, established under the constitution, is composed of two Republican and two Democratic members.

Republicans named to the board were Joseph Barkman and Mrs. T. M. O'Loughlin, both of East Tawas. Democratic members include Henry W. Gage of Sand Lake Road, Grant Township, and Dolores A. Sieloff, Tawas City.

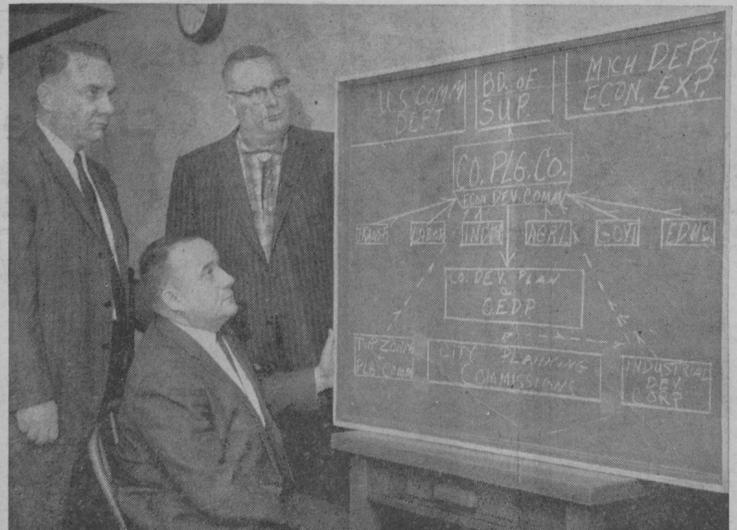

Other applicants included Mrs.

Ether Ledsworth and Charles P. Eich of Tawas City and Mrs. Katherine M. Killey of East Tawas, all Republicans.

Mrs. Norman Payea and Walter Champion, board trustees, were named to act on a panel which will discuss quality education at the March meeting of Tawas Area Parent-Teacher Association.

C. W. Maine of Saginaw was low bidder on furnishing a three-deck stack oven, for the East Tawas Elementary Unit. The successful bid was \$1,040.

Principal Ernest W. Jordan Jr. was authorized to investigate a program sponsored by the American Association of Teachers of French which offers to bring native French students to this country to learn the English language and, in turn, assist high schools in the teaching of French. The student serves without salary, but receives room and board, \$5 a week spending money and expenses. Mrs. Betty Rima, French instructor here, has recommended participation in the program.

Open Bids Tonight on E. Tawas Addition

Tawas Area Board of Education will meet in special session tonight (Wednesday) to open bids for construction of a new addition at the East Tawas Elementary Unit.

The addition would include a large multipurpose room which can be used for civic events, offices for the superintendent and board of education, restrooms and a kitchen.

This construction was included in a five year pay-as-you-go tax program for improvement of school facilities which was approved by district voters in 1961. First phase included construction of an elementary addition in Tawas City.

Tonight's session will get under way at 8 o'clock in the high school library.

CABIN BREAK-IN

Breaking and entering of the Kenneth Stacey cabin, 293 Iosco Beach Road, is being investigated by state police. The cabin, which had not been visited by the owner since November, was found open Sunday. The interior had been ransacked.

Board to Continue Teacher Pay Talks

A special meeting has been called next Monday night for further discussion by the Tawas Area Board of Education and school administration concerning salaries of teachers for the 1964-1965 school term.

No action is to be taken until the next regular meeting March 9 and final action may not come until later in the month. Supt. Reynold Mick recommended that new contracts be placed in the hands of teachers April 1 for return by April 15.

At Monday night's meeting, the board heard a salary proposal from a committee representing the school's elementary and secondary teachers. Spokesman for the group was John Alexander, seventh grade history teacher.

The presentation by Alexander outlined a schedule calling for a base salary of \$4,800 and a top salary of \$6,050. This compared to a base of \$4,600 and a top of \$5,850 as tentatively discussed by the board at its last session. Present salary base is \$4,200 with a top of \$5,650.

Total cost of the teachers' proposal over the present salary schedule would be \$38,620. The schedule tentatively discussed by the board calls for an increase of \$26,424 over the 1963-1964 schedule. Each includes \$10,000 for the hiring of two additional teachers needed by the district.

Alexander felt that the schedule proposed by the committee would put the school in a competitive market for obtaining beginning teachers without going over the base, as was the case in hiring two new teachers during the past year.

The committee spokesman also believed that more consideration should be given to those teachers who have reached the top of the schedule. He pointed out that the teaching staff was relatively stable and that 83 percent were home owners here.

Comments from the board included a discussion on the possibility of a merit pay schedule. It was also pointed out that Tawas is one of the few schools which has (See SALARIES, page 10.)

Stress Need for Cooperation in Completing Iosco's Plan

Need for cooperation from all involved agencies in preparing an over-all economic development plan for this county is being stressed by William Inglis, chairman of the Iosco County Planning Commission.

Iosco has been designated a Five-A county by the Area Redevelopment Administrations. One of the requirements for such designation is that a county have an unemployment ratio higher than six percent of its total population.

"But, before we can take advantage of this program, the OEDP must be completed and our deadline is March 31," said Inglis.

The county planning commission chairman said he expected the plan to be completed on time, judging from recent efforts of his committee members.

"We need cooperation, too, from the various city and township planning commissions in keeping us informed of their progress and, also, cooperation from local industrial development groups," said Inglis.

The county planning commission has been organized for more than a year under authority of the Iosco Board of Supervisors, United States Department of Commerce and the Michigan Department of Economic Expansion. The Iosco group has no authority other than to make recommendations to the board of supervisors.

At present, some nine committees are busy gathering information to be used in the county OEDP. Committees include agriculture, communications, tourist and recreation, labor, industry, government, commerce and education.

"I would say that this plan will be one the people, themselves, will develop by sitting down at a table to determine the area's problems and then to develop methods of solving them," said Charles R. Kaufman, district extension agent for community resource development.

While the plan is one of the requirements necessary to receive federal benefits, Kaufman said it

should not be looked on as only a means of obtaining federal funds. "It means much more," emphasized Kaufman. "Local people will be acting on their own to accomplish what no one else can do for them. If local people work on this plan with sincerity, it will not be a wasted effort."

"One advantage in working through a county planning commission is that it involves planning groups of all cities and townships in bringing the total plan for an area into one picture," said Inglis. "After all of this information is dovetailed into one over-all plan, it can be used to make decisions on problems affecting the entire area."

Kaufman said that, while local people would be working on their own problems, it would also be possible to obtain low-interest federal money for large projects, should Iosco receive ARA approval. As an example, Kaufman said an ARA loan might be obtained for construction of sewers (See OEDP, page 10.)

A GLASS OF WATER!

In the spring election, voters of East Tawas will decide on the question of fluoridation of the municipal water supply.

Each voter's decision will have a double responsibility—to his own family and to Tawas City families who will not vote in that election, but who use the same water supply through a joint operational effort between the two communities.

Artificial fluoridation of water has been a highly controversial subject in the United States and throughout the world in the past few years. It is now being aired in Detroit and Flint and scientific facts have been brought out for and against fluoridation of drinking water.

In the interest of voter concern and public knowledge, the Herald will present articles from time to time on the question of fluoridation of water. Also, our "Letters to the Editors" column is open to any who may wish to throw any light on the subject or in directing questions to those in authority on fluoridation.

Presented 5-Year Certificate at Draft Board Meeting

Mrs. Odella Slykhouse, substitute clerk for Michigan Local Board No. 36, was presented a five-year service certificate in recognition for her public service to the nation. The award was presented by Edward Dickey, chairman of the board, at the Wednesday afternoon meeting of the local selective service board.

February 24, the following 13 men went to Detroit for their physical examinations: Rodger Peltier, Donald Erickson, James Klinger, Francis Konenski, Wayne Partlo, Edward Mervyn, Larry Vliet, Ward Hall, Allen Revord, Harold Kendall, Charles Busch, Hamilton McNichol and Neil Guyette.

East Tawas Boy Serves Aboard CG Icebreaker

Joseph P. Woolhiser, engineman second class, United States Coast Guard, son of Mr. and Mrs. Carl A. Woolhiser, East Tawas, is serving aboard the coast guard cutter, Mackinaw, operating out of Cheboygan.

Mackinaw, the only coast guard icebreaker on the Great Lakes, is the workhorse of the ice season. During the winter months when the lakes freeze, the "Mighty Mac" is called on by vital commercial lake traffic to break the way and keep the ice-bound shipping lanes open.

Mackinaw, with her powerful engines and specially designed bow, proves her worth each winter by breaking the way for shipping that is vital to industry around the Great Lakes and the economy of the country.

She also stands ready to perform the traditional duties of the coast guard, search and rescue, law enforcement and military readiness.

Lower Hemlock

Mrs. Clyde Anschuetz and Mrs. William Olsen of Wilber Township returned home after taking Mrs. Arnold Anschuetz to Mayo Brothers Clinic, Rochester, Minnesota, where she had surgery. They report her gaining nicely.

Mr. and Mrs. August Lorenz were Sunday dinner guests of their daughter, Mrs. Beryl Hughes and family of the Meadow Road.

Leonard Bouchard, Mr. and Mrs. Maurice Lorenz and son, Dennis, of East Tawas attended the funeral services for their brother, Leo Bouchard, Wednesday morning at St. John's Catholic Church, Essexville.

Mr. and Mrs. Henry Schatz were week-end guests of the Elmer Burrells of Midland. They attended a birthday anniversary party on Sunday.

Dean Kobs is assisting at the Family Theatre, East Tawas, for a short time.

Mr. and Mrs. Dale Pond and grandson of Owosso were house guests of the Walter Millers over the week-end.

Friends of Mrs. Rollie Gackstetter are sorry to hear she is confined to bed with a back injury.

Mrs. Anna Kendall of Sand Lake was a Saturday caller of Mr. and Mrs. John Katterman Sr.

Henry Fahselt was in Saginaw during the week to help his sister, Mrs. William Gottleber, celebrate her birthday anniversary.

Sunday afternoon and evening guests at the August Lorenz home were the David Westcotts of Oscoda, Mr. and Mrs. Carl Englehardt and daughter, Joy, of Sebewaing and the Reno Krumms of the Townline Road.

Mr. and Mrs. Toney Lorenz of Wilber Township entertained the Lower Hemlock Farm Bureau Group at their home Tuesday evening. Twelve members attended the meeting.

Visitors at the Clarence Curry home last week-end included Mr. and Mrs. Gene Curry, East Lansing; Mr. and Mrs. Arthur Leitz, Wilber Township; the Marvin Curry family of Tawas City; Mr. and Mrs. Waldo Curry.

REV. GEORGE DEE

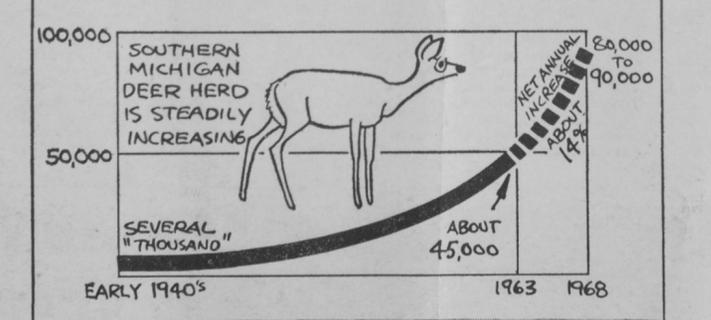

The Rev. George Dee, missionary to Southern Rhodesia, Africa, will be speaker at Sunday school and worship service, 9:45 and 11:00 a. m., Sunday, March 1, at First Baptist Church, Tawas City. The public is invited to attend these services.

Mr. Dee, who was born at Detroit into a Christian family, was raised on a farm near Glennie from the age of seven. Graduating from Oscoda High School and Bob Jones University with a bachelor of arts degree in religion, he has served in Southern Rhodesia under the Evangelical Alliance Mission since 1953. He and his wife, the former Patricia Howe, have two children, Jonathan, nine, and Loretta, seven.

and the Wilford Whitfords attended funeral services for the infant child of Mr. and Mrs. David Stoddard of Flint. After the services, they visited at the Flint home of the Gale Durants.

Michigan's New Deer Problem

For many years, Michigan's deer problem has been centered in northern counties because of a winter food shortage. Today, a new kind of whitetail problem arises in southern Michigan where car-deer collisions have jumped 316 percent in less than 10 years. Last year, they cost motorists about one third of a million dollars in car damage. In addition, deer are becoming a serious threat to farm crops. About 10 percent of the farms in southern Michigan report some damage by deer. In 1962, agricultural damage came to more than an estimated \$300,000. The deer problem must be faced soon, because it is getting worse—fast! The southern herd, now estimated at 45,000-50,000 animals, is doubling in size every five years. The Conservation Department feels that antlerless deer hunting should be introduced in 1964, taking in those areas where whitetail numbers are already seriously out of hand.

HOW TO DRESS A SALAD IN THE BEST OF TASTE
 Choose the one French that's far and away the favorite. Bright tasting but not sharp—famous KRAFT FRENCH.

Needlecraft News by Nancy Baxter

SKI CRAZY is the word for it. The word for the way skiing has become the national rage. One of the many reasons for this sport's huge popularity is, I think, that everyone—man, woman and child—looks so attractive in the ruggedly handsome ski outfits that go with the sport. The bright bulky sweaters, the colorful windbreakers and the snug stretch pants all do more than keep you warm on the slopes. They make you prettier.

OFF THE SLOPES
 And now here's good news for the non-outdoors types, ski clothes are just as fashionable, warm and practical off the slopes. Do you ever take long walks on chilly weekends? Do you ever go to football games? Do you ever have to go out on an icy cold day? If you do, then these are just a few of the uses you'll get out of these outfits.

TWO ARE FUN
 And here's a good start on your ski clothes collection. Just knit yourself this sweater. For an experienced knitter it couldn't be easier. All it takes is some knitting worsted—a warm and washable wool—and a simple knit one, purl one stitch. Just watch your chart. We've done ours in a charcoal gray with sparks of yellow and white.
 And why don't you knit one for that man in your life, too? Matching sweaters are fun to wear, and since this sweater is fairly easy to make you might as well knit two. For free directions for knitting these ski sweaters, just send a stamped, self-addressed envelope with your request to the Needlework Department of this newspaper and ask for Leaflet PK 1819.

OUTSMART JACK FROST... Here's the perfect cold-weather cap to keep youngsters warm while they're out-doors this winter. It's attractively and very practically styled for school and play, with roll-up rim, ear flaps, and a little tie under the chin to keep it securely in place. It can be knitted to fit small, medium, and large sizes. Free directions for Ear-Flap Cap are available from the Needlework Editor of this newspaper. Include a stamped, self-addressed envelope with your request for Leaflet B 232.

'64 Corvair Monza by Chevrolet

It's got a frisky new engine
 (that puts superior traction under you)

Ever see a Corvair wearing tire chains? Not likely. And it's not often you'll find a Corvair owner bothering to switch over to snow tires either. Why? Rear-engine traction. The engine weight over Corvair's rear wheels gives them remarkable gripping power without any assist from special winter driving paraphernalia. Reassuring to know this time of year—and also in the months to come when all that tidy white countryside turns into a melting pot that's likely to add to the misery. Another thing about Corvair's engine: It's bigger this year. **CHEVROLET** too. Why not try one at your dealer's and decide for yourself?

NEM Electrical Contractors Assn. Elects Officers

Virgil Oldham of Oscoda was elected president of the Northeastern Michigan Electrical Contractors Association during the February meeting. Fred Bond, Fairview, was elected vice chairman; Ted St. James, treasurer; and Marlin Eaton, secretary. Both of these men are from the Tawas.

The association is planning to sponsor the American Lighting Association Residential Lighting Course which will be offered by Consumers Power Company. The course will consist of three sessions of one night each week. Other associated building trades and suppliers are to be invited. The next meeting will be held in Rose City at the Rose City Restaurant Tuesday, March 3, 7:30 p. m. All interested persons are invited to attend.

Farmers to Harvest Brand New Crop in Mich.—Recreation

Farmers and general landowners interested in harvesting a brand new crop—recreation—are invited to attend the organizational meeting of a new state-wide farm recreation association Friday, March 20, 1:30 p. m. at Kellogg Center, East Lansing. The meeting is for owners and managers of existing farm recreation businesses, as well as those who may be thinking about entering this rapidly growing field, says Louis Twardzik, recreation extension specialist at Michigan State University.

"It is important at this first meeting that a wide range of views in managing farm recreation enterprises be represented," said Twardzik. "We want people from all types of farm recreation."

Further details are available from county extension agents.

Marriage Vows Exchanged in Alma College Chapel

MR. AND MRS. HERBERT V. HERRIMAN

A double ring ceremony Saturday, February 15, in the Alma College Chapel united Dawn Leigh DeRosia, daughter of Mr. and Mrs. Harold L. DeRosia of Alma, and Herbert V. Herriman, son of Howard G. Herriman of Oscoda and Mrs. Sophia Herriman of Philadelphia. The Rev. Charles House performed the evening candlelight ceremony.

The chapel was decorated with palms, white snapdragons and chrysanthemums. Miss Mary Morrison, vocalist, sang, "The Lord's Prayer" accompanied by Mrs. Winifred Hart.

The bride, escorted to the altar by her father, wore a floor length gown of rose brocade which featured a fitted bodice with bateau neckline. Her full skirt flowed into a chapel train. A rose headpiece secured her French illusion veil and she carried a white Bible topped with a white orchid, stephanotis and ivy.

Miss Diane DeRosia, sister of the bride, maid of honor, and Misses Susan McDaid, Judith Aho and Mrs. Michael Maser, bridesmaids, selected street length, willow green gowns. Matching bow veils and peach rose and white carnation bouquets completed their ensembles.

Miss Mary Ann Ewing of Alma, flower girl, was attired in a gown fashioned as the bridesmaids. Rodney DeRosia, cousin of the

bride, carried the rings on a white satin, monogrammed pillow. Leon Herriman served as best man for his brother with Arthur Abbott, Dwight Finley and John Pehl, ushers.

The bride's mother chose a green, two-piece wool dress with matching accessories. Mrs. Herriman selected a blue-green lace dress with desert green accessories. Both wore green orchid corsages.

Following the ceremony, a reception was held at the American Legion Hall, St. Louis. Out-of-town guests attended from Pennsylvania; Ohio; Carson City, Greenville, the Tawas, Oscoda, Detroit, Lansing, Vassar, Bay City, Saginaw, Midland, Mt. Pleasant, St. Louis and Traverse City.

Following a wedding trip to the New England states, the newlyweds are residing at 2294 Gary Lane, Lake Shore Village, St. Clair Shores.

More Than 80 Attend Baldwin Lodge Dinner

The annual Washington's birthday family dinner, sponsored by Baldwin Lodge, F&AM, for Masons, Stars and friends was staged Friday evening, February 21, at the Masonic Temple. More than 80 guests attended.

Centerpiece on the serving table was formed by a silhouette of George Washington, small flags and red hatchets. In the background was a large flag surrounded by Washington silhouettes and small flags. Place mats on each dining table were decorated with red hatchets, favors were red and white candies in nut cups with tiny American flags. Centerpieces on each table matched that of the serving table with cross pieces of red and blue paper.

Peter Lichtfusz, worshipful master, opened the program. Robert Brookbank, program chairman, presented two conservation movies; musical solos were played by Nancy Laidlaw and Michael Bischoff of Tawas Area High School, accompanied by Mrs. Charles Nash; Scottish songs were sung by H. K. Watson. Group singing was led by Mrs. Herbert Hertzler. Mrs. Robert Brookbank played the accompaniment.

Wurtsmith Chapel Scene of Starner-Crosby Marriage

MR. AND MRS. FRED A. STARNER

Miss Joanne Lynn Crosby of Tawas City and Fred A. Starner of Gettysburg, Pennsylvania, exchanged nuptial vows in double ring rites performed by Capt. Eugene E. Hannemann Saturday, February 22, at Wurtsmith Air Force Base Chapel.

Parents of the couple are Mr. and Mrs. George Crosby of Detroit and Mr. and Mrs. Ralph C. Starner of Gettysburg.

Given in marriage by her father, the bride was attired in a pink lace dress. She carried an ar-

range of pink roses and white chrysanthemums.

Attending the couple were Miss Barbara A. Atkinson of Tawas City, who wore an ivory brocade dress and carried yellow roses and white chrysanthemums, and David A. Bosler of East St. Louis, Illinois.

Following the ceremony, a reception was held at the Arthur Atkinson residence.

The couple is residing at 416 Ruth Street, East Tawas.

TWL Stage Successful Scholarship Card Party

A successful scholarship card party was staged February 10 by Tawas Women's League. For the event which was held at the Barnes Hotel, tables were centered with valentine arrangements, awarded as table prizes. Three attractive heart-shaped cakes and several other door prizes were also given away.

Home decorating is the program topic for the March 9 meeting. League members will assemble at the Barnes Hotel, 8:00 p. m. Mrs. William Clark and Mrs. Harold Klump are in charge of the program.

Mrs. Clark and Mrs. Leonard Calabrese will be hostesses at the affair to which guests and prospective members are welcome.

O. J. MacMurrays Took First in Bridge Club Play

Thursday, February 20, the O. J. MacMurrays took first and the Allen Millers, second with nine high board, at Tawas Bridge Club held at the Holland Hotel, East Tawas. Alf Watson and John Hoshbach were third. Billie Minard and Hope Rescoe tied for fourth place. Ten teams competed and 27 boards played. In previous play, Ann Hoshbach and Elizabeth Tuttle teamed to win the February master point and fourth place.

Uniformity of play appears frequently. On board 13, all bid three no-trump but when played from the south the hand commanded more tricks than when played from the north. All but one team played it from the north. All teams made six hearts but only the Hoshbach-Tuttle duo bid it and took a decisive high board on board 22. Lack of courage was also evident on board 27, all bid game at hearts, but three teams made six and the other two made five tricks. Again on board nine, four of the five teams made seven spades. Watson-Hoshbach duo bid beyond game.

The club sponsors open competition the first and third Thursdays at the Holland Hotel and invites anyone interested. There is no obligation to attend every session. During the Kiwanis bowling tourney in April and May, the club is planning additional sessions for the idle hours of bowlers and their wives.

Program on Fine Arts Presented at Club Meet

An interesting program on fine arts was presented when Ladies Literary Club of East Tawas met Wednesday evening, February 19, at the East Tawas City Hall. Mrs. Herbert Hertzler was in charge of the program and showed a film strip which depicted the style of many well-known artists.

Pictures by four members of Tawas Bay Artists were shown. Exhibiting were Mrs. Harold Peterson, Mrs. Mark A. Defibaugh, Mrs. Ivan O'Farrell and Mrs. Betty Hallöck, who told about materials used, the time and pleasure derived from each subject. Two canvases by Mrs. Gordon Huck were also on display.

Hostesses for the evening were Mrs. Stuart H. White, Mrs. Victor Marzinski and Mrs. Herman Moehring.

Garden Club Panel to Discuss 'Green Plants'

A panel discussion on green plants and story of the shamrock will be presented by Mrs. Walter Schumacher, Mrs. Laurel Lawe and Mrs. John McCormick at the March 3 program of Tawas City Garden Club. The group will convene at the home of Mrs. Caryl Ives at 1:30 p. m.

Questions Plentiful Following Discussion

Questions were plentiful following Dr. William H. Marshall's discussion of "Developing Responsibility in Children" at Whittemore Thursday afternoon. The 31 mothers in attendance requested additional information.

The speaker reflected the hope of most parents by saying they want their children to become dependable human beings able to assume some responsibility.

He pointed out that children are not born responsible. They have to learn responsibility—consideration for others, cooperativeness, appreciation for work, etc., much as they learn to walk and to talk. The process of learning responsibility begins much earlier than most people think. The very young child learns responsibility by having his needs met. He learns to be kind and considerate of others through first having others act considerate and thoughtful toward him.

Held in the old high school building, arrangements for the program were made by Miss Dorothy Scott, county extension agent. Mrs. Harold Black, Mrs. John Cobb, Mrs. Laurel Colvin and Mrs. Gerald Bellen volunteered to care for the small children while the mothers attended the meeting.

Turkey is Favorite on Hot Lunch Menu At TA Schools

Turkey is still the all-time favorite of hungry teen-agers, which is really not too surprising, but officials of Tawas Area High School point out that "Tender Tom" can only be served on occasion because of expenses involved.

A rather comprehensive investigation was recently conducted by school authorities to learn some of the likes and dislikes concerning hot lunch menus and what can be done to improve the program, if necessary.

A little more than half of the students attending high school spend \$1.25 a week for a five-day noon lunch ticket. In this day and age of high prices, it is probably one of the biggest food bargains to be found.

One of the big problems has been to provide a well-balanced menu with a variety of foods and still stay within a limited budget. After all, as one school official pointed out, turkey and mashed potatoes may be the favorite food served, but 25 additional hours of labor on the part of the kitchen staff are required each time this popular item is on the menu.

At present, the hot lunch program is self-sustaining—that is, the program is breaking about even. Profit from the sale of ice cream bars goes to purchase new kitchen equipment.

In order to keep menus within the daily 25-cent price range, federal surplus foods are used whenever possible. This includes cheese and macaroni, which apparently runs last in the food choice of students.

Although explaining that results of the survey were inconclusive, Principal Ernest W. Jordan Jr. said that other favorite meals were listed in this order: Chicken and mashed potatoes, hamburger and bun, chili, spaghetti, tuna fish casserole. All but the first named ranked far behind turkey.

Some of the least liked menus included baked beans and tuna-noodle casserole. In addition to the regular menu, special items may be purchased from the "ala carte" window. Along with ice cream bars, special items sold here include egg salad and tuna fish sandwiches and soup.

"We are experimenting with new plastic divided trays as a means of improving food service and the kitchen staff, along with the administration, will be studying some of the hot lunch improvements suggested by students," said Jordan.

But do not hold your breath. Students-turkey will not be served every day.

Escapes Serious Injury in Alabaster Car-Train Collision

A 21-year-old airman from Wurtsmith escaped serious injury last week Tuesday morning when his car ran into a moving Detroit and Mackinac freight train at the Alabaster crossing on US-23.

Airman Jerry Blair received only minor scratches in the crash, but his car was a total wreck.

Blair told investigating officers his brakes failed as he approached the crossing marked with flashing signals. He swerved off the road to avoid a collision but the car plowed through a ditch and hit the third and fourth cars behind the locomotive.

Alex D. Novak was engineer on the locomotive for the D&M.

"WE'RE LOADED with fine quality furniture" is what Stan Lane Jr. stated when questioned on the conditions pictured above.

Lane, local manager of Bargaintown furniture store, has been in business here since 1949. The store's present sales and service staff is the largest ever employed and is a great customer convenience.

Large quantity buying has been a Lane merchandising feature that has saved customers up to 25% on the cost of such famous name brands as Bassett, Serta, Berkline, RCA, etc.

The manager said, "Business has been good to

us and we have given customers quality selection and service."

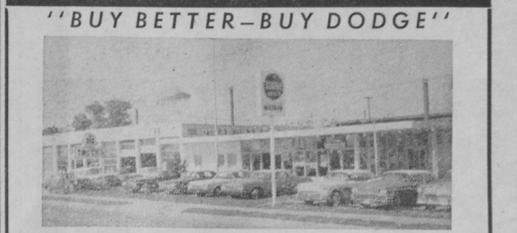

"That's great being able to buy in truck-trailer-load lots to save your customers' money," the photographer inquired, "but doesn't this type of thing tax your storage facilities to the limit?"

"No," Lane said, "if you will go behind our main store, we have four warehouse buildings, each housing different types of furniture. We are set up so that the customers can see floor models and colors on the main floor and by utilizing our huge warehousing department can offer same day delivery on any major piece of furniture."—Advertisement.

One Car, Two Horses Tangle on M-65

William McCallum, Flint, 62, driver, and Carl Faupel, 60, Whittemore, escaped serious injury early Sunday morning when their car struck two horses on M-65 near the north city limits of Whittemore. The two men were treated at Tawas Hospital for cuts and bruises.

Iosco Sheriff Ivan O'Farrell said that the two horses were owned by Bruce Goupil of Whittemore. One animal, which severed its leg when thrown over the top of the car, was dispatched by the sheriff.

Checkerboard slices give old-fashioned home baked bread a new, new look. Dark and light batters are used to give the alternating effect.

Calico Yeast-Raised Bread Makes a Hit

Do you have a yen to be different? How many of your friends bake their own bread? If they don't, you can be a hit just by baking some yeast-raised delicacies. If they do bake, you might try this totally different Calico Yeast Bread for your next get-together.

It's a good recipe for beginner cooks to try. Made by the batter method, you don't have to knead it. The attractive checkerboard pattern is achieved by baking whole wheat flour with half the batter, then alternating dark and light batters as they're spooned into the loaf.

pan. It's wonderful hot — served with butter balls or spread with cheeses!

CALICO BATTER BREAD
 (Makes 1 loaf)
 1 1/4 cups warm water (105°-115°F.)
 1 package or cake Fleischmann's Yeast, active dry or compressed
 2 tablespoons sugar
 1 teaspoon salt
 2 tablespoons Fleischmann's Margarine
 2 1/2 cups unsifted flour
 1/2 cup whole wheat flour
 Melted Fleischmann's Margarine

Measure warm water into large warm mixing bowl. Sprinkle or crumble in Fleischmann's Yeast; stir until dissolved. Add sugar, salt, Fleischmann's Margarine and 2 cups white flour. Beat 2 minutes at medium speed on mixer or 300 strokes by hand. Scrape sides and bottom of bowl frequently. Pour half of batter into a second bowl. With wooden spoon, stir remaining 1/2 cup of flour into half the batter; beat until smooth. To the remaining half of batter, stir in whole wheat flour; beat until smooth. Cover place free from draft, until doubled in bulk, about 30 minutes.

Stir each batter down by beating about 25 strokes. Spoon small amounts of light and dark batters alternately into greased 9x5x3-inch bread pan to give marbled effect. (Batter will be sticky.) Smooth out top of loaf by flouring hand and patting into shape. Cover; let rise in warm place, free from draft, until doubled in bulk, about 40 minutes. Bake in moderate oven (375°F.) 45-50 minutes, or until done. Remove from pan and brush with melted Fleischmann's Margarine.

Braves Down Flying Gs; Final Conference Game

Tawas Area Braves put a little more frosting on their NBC championship cake Friday night by downing the visiting Gladwin Flying Gs, 74-57. The locals had clinched a title a week ago and this was the final conference game of the 1963-1964 season.

The Braves looked like anything but champions during the first few minutes of play, throwing the ball away on numerous occasions. In spite of their mistakes, the Braves outscored Gladwin, 18-14, and that was about the last time the visitors could cheer during the night.

In fact, about the only other excitement came when one of the referees was hit in the face by a loose ball and nearly swallowed his whistle. The official suffered a painful mouth injury and time was called for a few minutes.

Reorganization of offensive positions, after Forward Dennis Blata was lost for the remainder of the season for disciplinary reasons, had a lot to do with Coach Bill McIntosh's first quarter headaches. The Braves found themselves in the second stanza and outscored Gladwin, 23-11, to put the game out of reach.

All five of Tawas' starters scored in double figures and that is tough for any opponent to match. Leading the way, as he has done most of the season, was Center Herb Humphrey with 19 points. Tied for second high honors were Guard Darrell Welch and Forward Jim Sass, who each scored 16.

Position designations of several players in the Tawas boxscore

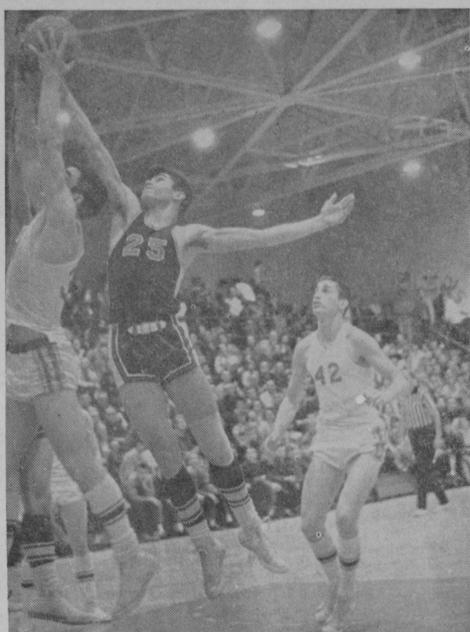

meant little in this game. Forward Chuck Anschuetz and Sass combined with Humphrey to move the ball downcourt as offensive guards, while the two speedsters, Guards Don Lear and Welch, were out in front most of the evening on a fast-break offense.

Scoring by Tawas in the first half saw Anschuetz hit a field goal in each quarter and add two foul shots in the second. Humphrey scored two fielders in each quarter and added six foul shots. Lear scored a field goal in each quarter, Welch scored two field goals in each quarter and added two charity tosses, while Sass meshed two field goals in each quarter and added a free throw.

Gladwin players, who looked as impressive in the opening quarter as they did in the first meeting of the two teams earlier this season, drew many fouls in trying to stop Tawas' offensive attack. Three players, Redmond, Hartman and Ogg, drew four fouls each and were hampered throughout the game.

Second half scoring saw Anschuetz hit two free throws in the third and a foul shot in the final. Lear scored three field goals and a foul shot. Welch scored four field goals, Sass scored three field goals and a foul shot. Finishing out the scoring in the fourth quarter were Radford and LaBlance with one foul shot each.

Tawas Area Junior Varsity won its lone conference game of the season Friday night by tripping Gladwin, 66-62, in a storybook finish. With only seconds to go,

Center Dick Grebe stepped to the foul line to tie the game with two shots and then put Tawas into the lead with two more charity tosses.

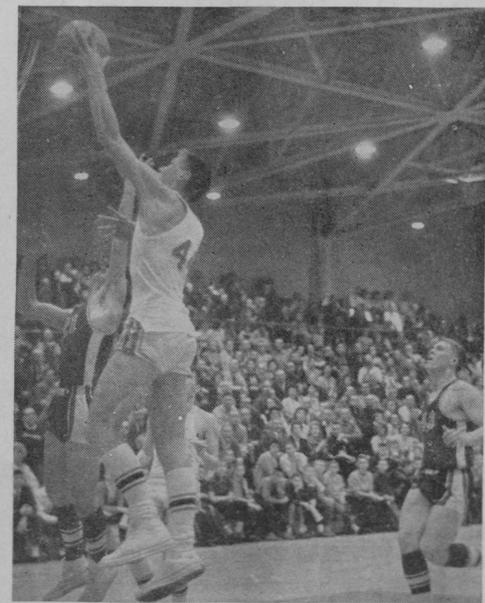

The Junior Braves held an 18-16 lead at the end of the first quarter, but Gladwin slipped ahead, 31-30, at intermission. Gladwin continued to build its lead in the third quarter, 14-12, and held the offensive edge until about midway in the final stanza. Tawas then caught fire when key baskets were scored by Baker, Roach and Thunberg.

Leading scorer was Bob Sieloff, who had 17 points on 11 foul shots and three field goals. He was followed by 12 for Thunberg, 10 for Grebe, nine each for Baker and Roach, seven for Lapeer.

Tawas finishes out its regular season this Friday night by playing host to Buena Vista.

Cards Lose; Drop From 1st Place Tie

By DORNACE BELLVILLE

Whittemore - Prescott Cards dropped out of the three-way tie for NEM leadership by losing, 63-50, at Beaverton Friday night. Roscommon and Houghton Lake both won their games to hold a two-way tie for the top spot.

Roscommon just managed to get by Alcona, 68-62, while the Bobcats had an easy time with Arenac Eastern, 61-35. The first place battle goes right down to the wire with the outcome to be decided this Friday night as the Cards play host to Houghton Lake while Roscommon battles the hot Beaverton squad.

The best the Cards can hope for is a win over Houghton Lake to tie them for the lead if Beaverton can whip Roscommon again.

The Cards had a rough time against the Beavers Friday night. Coach Ed Dudo shook up his starting lineup, replacing Rasbury and Cherry with Don Wallace and Roger Britt. The squad was a little nervous, losing the ball several times and the Beavers connected for nine points before Rasbury connected for the Cards' first points and the first quarter almost half gone.

Coach Ward Schannel's fired-up Beavers continued to dominate play and held a 15-point lead midway in the second quarter. The Cards cut this down to 11 as the first half ended.

The Beavers pulled away again as the third quarter started and held a 16-point lead at one time. The Cards started coming back and cut the lead to 10 when Earl Bronson was ejected from the game for unsportsmanlike conduct after a disputed personal foul. The Beavers were also awarded a technical foul with Staley sinking three charity tosses to run their lead to 13 points again.

The Cards cut the lead to eight points early in the final quarter, but the Beavers continued their hot shooting to stay out of danger. The Cards hit on only 30 percent of their shots for 18 of 61, while the Beavers connected for 42 percent on 25 out of 59 chances.

Dean Cobb led both squads with 18 points. Staley and Calhoun also hit in double figures for the winners with 14 and 12. Rasbury led the Cards with 15 points, followed by Cherry with 12 and Wojcicki with 10.

Val Young's JV squad ended a long drought with a 56-49 victory. A big first quarter gave them the lead, but the Little Beavers were really pressing in the last quarter. Pat Finerty led scoring with 15 points on seven and one. Dale Bronson was right behind with 14 on six and two.

Design for Off-Season Action

Duck hunters, if you're bored by too many idle hours during the off season, why not try your hand at decoy making? Chances are it will shorten your wait for opening day and add much to your overall enjoyment of duck hunting. Here are a few tips to start you off. Ideally, decoy material should be feather-light, steel tough, easily worked, buoyant but smooth riding, inexpensive and available. For good measure, it ought to hold paint well. Heads of decoys should be white pine or bass-wood blocks about two inches thick. Body materials vary more widely. Whatever your choice, the diagram above will serve for planning out the body size and shape for a black or mallard decoy. It is scaled with one-inch squares. A full-size redrawing of this diagram should be used as a pattern for cutting out head and body pieces. For step-by-step instructions on this do-it-yourself project, write to Box 3, Publications Room, Michigan Department of Conservation, Lansing 26, for a free copy of "Making Dabbler Decoys."

Wildlife Story in The Snow

Tracks in the snow tell us many interesting things about the comings, goings, and doings of wildlife. For example, take this likely woodland scene sketched by cartoonist Ozz Warbach: (1) Judging from the tracks and fallen twigs, a recently-arrived porcupine is gnawing on this tree. (2) A restless red squirrel has been busy making the rounds from tree to tree, fretting to see if everything is all right in his little domain. (3) Mr. or Mrs. Ruffed Grouse had landed in a clearing but was quickly frightened away, probably by a weasel (4) who was poking around stumps and logs for a wintertime meal. It's hard to say whether the weasel found the white-footed mouse (5) at home. With the snow still not too deep, a white-tailed deer (6) freely moves about in search of food. He will be yarded in a swampland when the going gets tougher.

LEGAL NOTICE

for payment. Roll call: Ayes, Cabbie, Davis, Evrill, Hatton, Tanner and Ulrich.

Gordon Huck and Dr. Hasty were present and talked to the council in regard to the fluoridation of the city water supply. Dr. Hasty was very much in favor of the fluoridation plan. He explained the advantages of fluoridation as to health and dental benefits. Motion was made by Tanner and seconded by Tanner that a resolution be adopted for the water fluoridation.

Roll call: Ayes, Cabbie, Davis, Evrill, Hatton, Tanner and Ulrich. Clarence Everett was present and explained the problems that will be coming up in regard to the assessing of property of the City of Tawas City. According to the new laws of the constitution, all property is to be reassessed in the city.

Ruth Albertson was present and gave the report of the treasurer for the month of December. Motion by Hatton and seconded by Cabbie that the report of the treasurer be accepted as read.

Roll call: Ayes, Cabbie, Davis, Evrill, Hatton, Tanner and Ulrich. Minutes of the planning commission held January 15, 1964, were read by Superintendent Bublitz. Motion by Ulrich and seconded by Tanner that the minutes be accepted as read. Carried unanimously.

Minutes of the water board were read by Superintendent Bublitz. Meeting held January 27, 1964. Disbursement of the Water department, \$92.50; disbursements of the sewer department, 177.16.

Motion by Tanner and seconded by Evrill that the report be accepted as read.

Roll call: Ayes, Cabbie, Davis, Evrill, Hatton, Tanner and Ulrich. City Attorney Watson was present and gave a report on the caucus and told that this would be the last of the city caucus and would revert to a primary election. He also mentioned that the reading of the city budget be advertised as to the time of reading and available to the public.

City council also has the authority that they appoint the members of the board of canvassers.

Motion by Davis and seconded by Ulrich that the date of the next council meeting be changed from Monday, February 17, to Tuesday, February 18, due to the city caucus being held in the 17th.

Roll call: Ayes, Cabbie, Davis, Evrill, Hatton, Tanner and Ulrich. No other business, meeting adjourned.

Denny Haver to Appear Here Thursday, March 5

Ever have the desire to forget it all, to pile the family into the car, strap on the canoe, load in the fishing gear, firearms and a frying pan and head north to adventure on a timeless wilderness vacation?

For one night only, the area is to be treated to such a wilderness adventure when the newest Wally Taber Associate—Denny Haver—appears in person Thursday, March 5, 8:00 p. m., at Tawas City Elementary Unit Gymnasium under auspices of the Iosco Sportsmen's Club to publicly screen and personally narrate a double-header program of high adventure in the Ontario wilderness.

"Haver puts the entire audience within pistol-shooting distance of Ontario's wildest, rarest, least-known, most-enjoyed and, unbelievable as it may seem, readily available wilderness area," Bud Fisher, club secretary, said.

"In one film—Canoe Country—Haver catches speckled trout as large as your arm and pike as long as your leg. Accompanied by his teen-aged son and an Ojibwa Indian guide, Haver takes the audience on a 400-mile wilderness trek in quest of high adventure," said Fisher.

In the companion film—Ontario Safari—Haver introduces the audience to an Ontario scarcely known even to Canadians. For 32 years, he has explored its innermost recesses. He has hiked, canoed, flown, motored, swum, even crawled to capture on celluloid in living color the sparkle that makes for lily feet and discontented males. Trapping with the Indians for beaver, marten and otter; dogslaying into otherwise snowbound wilds, documenting the Ojibwa handicrafts, dwelling in the wilderness—here is high adventure within driving distance of your front door in the family car. Haver long has been a national

pistol-shooting instructor and a fast-draw specialist, according to globe-girdling film-raconteur, Wally Taber, whose troop of associates include some of the finest sportsmen-photographers in the nation.

In "Ontario Safari," Haver drops massive moose, marauding black bear, even elusive whitetail buck with amazing pistol shots. Using a .44 magnum pistol, he is about as accurate as anyone else handling a telescope-equipped rifle, Taber advised. He should be, however, for he shot as much as 1,000 rounds of ammunition a week while on national tour for leading arms manufacturers demonstrating trick and fast-draw shooting. In fact, he equaled the world fast-draw record.

or, in the case of the newly-organized Tawas Area Industrial Development Corporation, a loan for constructing a factory building.

He pointed out, however, that even though ARA funds may be available, all efforts must be exhausted to obtain such funds locally.

"It is not our intention, necessarily, to seek a federal loan, but it would be nice to know that the money is there if the occasion presents itself," said Inglis.

SHERIFF GIVES WARNING—

Iosco County Sheriff Ivan L. O'Farrell warns that dog licenses must be purchased prior to March 1 or a penalty will be added to the cost, according to state law. Dog licenses may be obtained at the sheriff's office, county treasurer's office or from township treasurers.

Talks on University of Michigan at Kiwanis Meeting

Cleland B. Wiley of the University of Michigan Information Service was guest speaker at the Tuesday meeting of Tawas Kiwanis Club. Mr. Wiley mentioned many facets of the University of Michigan and how they affect the lives of Michigan citizens. He also related history of the university and its future progress.

MARION GUY RAINSBERGER

An East Tawas resident, Marion Guy Rainsberger, died Tuesday morning at his home following a short illness. He was born February 13, 1913. Funeral services will be conducted Thursday, 2:00 p. m., at Moffatt Funeral Home, East Tawas. Burial will be in Whitney Cemetery. Surviving are his wife, the former Ruth Schmalz; two daughters, Marilyn, at home and Mrs. Carolyn Westcott of Davison; one grandchild, and one brother, David Rainsberger of Tawas City.

Hoofs, Claws and Toenails

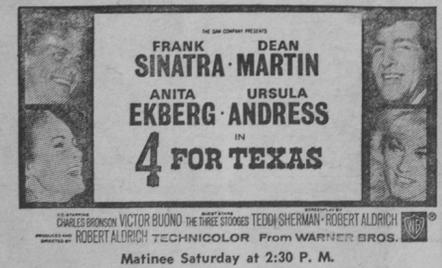

Animals and birds have different kinds of toenails to help them catch food, run, fight, or climb trees. These toenails have been given several other names—hoofs, claws, talons—to fit various types of animals or birds. Members of the cat family, including lions, tigers and leopards, have claws which they use for catching food. These sharp, hook-like toenails are good fighting tools and also serve some of these types of cats in climbing trees to get away from the enemy. Mostly, dogs use their teeth to catch food or fight, but their toenails help them sometimes, such as for digging holes. Birds that sit in trees have long, curved toenails called "talons" to hold branches or limbs. Hawks and owls have talons that are longer, sharper and more curved than most birds which enable them to catch their prey. Other birds, like pheasants, have dull toenails as a result of their running on rough ground. Deer, horses, and cows have very heavy toenails known as "hoofs" which are thick and almost as hard as stone. All animals with hoofs eat only grass, tree leaves, or other kinds of plants. None of them eat meat. Perhaps that's because hoofs can't help them to catch hold of other animals.

not been faced with borrowing money to pay operating expenses and that salary increases would depend upon the amount of money available.

Acting Board Chairman Leonard Sarki said that the two proposals would require much thought on the part of the board of education.

This was the first time in history that the faculty has presented such a proposal to the board of education. Superintendent Mick

felt that recommendations of the teachers were well presented and believed that such organization should be retained in order to maintain good communications between the faculty and board.

The superintendent also pointed out that under the teacher tenure act, which in all probability will be enacted by the state legislature, such a meeting would become mandatory.
